Zyromska-Rudska, H 124460

SUBJECT INDEX

ABDOMEN
Microtubules and cell movements in the islets of imaginal histoblasts of the *abdominal* **epidermis** in Calliphora erythrocephala (Diptera). 123850
Double intervention in the same cow with a cesarean and *abdominal* **hernia** surgery. 118533
Differential diagnosis of adspectory and **palpatory** *abdominal* findings in cattle. 119079

ABELMOSCHUS
Okra: *Abelmoschus* **esculentus** (Malvaceae). 122368

ABERRATION
Chromosome *aberrations* in root meristematic cells after treatment with [the mutagen] NMH (N-methyl-N-nitrosourea). 120659
Spermatocyte **chromosome** *aberrations* induced by antibiotics in grasshoppers [Poecilocerus pictus. 2. Mitomycin-C. 124157
Record of *aberrant-forms* of **Dictyoploca** japonica Moore and Geometra valida C. et R. Felder (Lepidoptera). 124358

ABIES
Dieback of the fir *[Abies* **alba]** still in the foreground. 119324
The increment of white fir *[Abies* **alba]** stands and their dieback on the edges of the Krim-mountain (Slovenia). 119458
Soil preparation and plant development on sandy soils in Jutland [Picea abies, Larix leptolepis, *Abies* **alba].** 119572
Some aspects of wetwood formation in fir *[Abies* **alba].** 119682
The natural resistance of some indigenous woods against Reticulitermes lucifugus [Pinus sylvestris, *Abies* **alba,** Picea abies, Fagus silvatica, Quercus robur]. 123462
Studies assess customer reaction to graded balsam fir *[Abies* **balsamea]** Christmas trees. 119647
Juvabione and its analogues. II. Isolation, identification, and occurrence of juvabiol and its epimer isojuvabiol from the whole wood of *Abies* **balsamea.** 119652
Modoc budworm [Choristoneura viridis] pilot control project in California, 1974 [Pest of *Abies* **concolor].** 123490
Evolution of the Santa Lucia **fir** *(Abies* bracteata) ecosystem [New taxa]. 119933
Notes on the diameter increment of silver **firs** *(Abies* alba Mill.) of the "Rothwald" in Lower Austria. 119437
The **genus** *Abies.* X. 120249
Douglas fir tussock moth [Orgyia pseudotsugata] egg hatch and larval development in relation to phenology of grand fir and Douglas-fir *[Abies* **grandis,** Pseudotsuga menziesii] in northeastern Oregon. 123502
Soil preparation and plant development on sandy soils in Jutland **[Picea** *abies,* Larix leptolepis, Abies alba]. 119572
The wood basic density variation of pine and spruce [Pinus sylvestris, **Picea** *abies]* provenances. 119584
Studies on upper timberline: morphology and anatomy of Norway spruce **(Picea** *abies)* and stone pine (Pinus cembra) needles from various habitat conditions. 120443
Relation between cone crops of **Picea** *abies* (L.) Karst in Poland and the climatic factors. 121793
The effect of cone crops on growth in Norway spruce **(Picea** *abies* (L.) Karst.). 121794
The geotropic curvature in roots of Norway spruce **(Picea** *abies)* containing anthocyanins. 121825
Effect of spruce root constituents on extracellular enzymes of Fomes annosus **[Picea** *abies].* 122697
Length of development and survival of Hylobius abietis as influenced by silvicultural exposure to sunlight **[Picea** *abies].* 123447
The natural resistance of some indigenous woods against Reticulitermes lucifugus [Pinus sylvestris, Abies alba, **Picea** *abies,* Fagus silvatica, Quercus robur]. 123462
Chalcid-flies (Hymenoptera, Chalcidoidea) reared from Ips typographus L. and Pityogenes chalcographus L. at some Norwegian localities **[Picea** *abies].* 123485

ABNORMALITY
A new Homobasidiomycete with *anomalous* **basidia** [Chionsphaera apobasidialis, new taxa]. 120202
Bulling [an *abnormal* **behavioral** trait] among yearling feedlot steers. 119126
Teratological **Columbicola** [columbae columbae] females in Cairo. 123789
Congenital *anomalies* of domestic fowl [chickens]: seven cases. 119076
A note on the **developmental** *abnormalities* of the female genital tract of bovines. 119098
Vacuoles in the nucleus of normal and *abnormal* **drake** spermatozoa. 118227
Anomaly of **female** cones in Siberian stone pine (Pinus siberica du Tour) as a possible form of apomixis. 121808
Defective ovules in avocado cultivars *[Abnormalities,* **fruit-set].** 122965
Gamma ray induced early bulbil formation & **growth** *abnormalities* in Kalanchoe daigremontiana H. & P. 121137
Some biophysical aspects of *anomalous* **ion** uptake by thermophilic [cucumber] plant roots. 121784
Induction of **meiotic** *anomalies* in Allium cepa L. [Onions] by urea. 120474
Is there a correlation between *anomalous* **numbers** of cheek teeth and the elongation of the skull in the dog? 117554
Abnormal **rearrangement** of isoprenoid epoxide: synthesis of 7-methoxy-8(2'-formyl-2'methyl-propyl)-coumarin, the lactonic constituent of grapefruit peel oil of Citrus decumana Linn. (Rutaceae). 117230
Segmental *anomaly* in Polydesmus angustus Latzal (Myriapoda, Diplopoda, Polydesmidae). 123841
Teratogenicity **studies** with methotrexate, aminopterin, and acetylsalicylic acid in domestic cats. 119194
Abnormal **visual** resolution in the Siamese cat. 119192

ABOMASUM
Aetiology and pathogenesis of *abomasal* **displacement** in dairy cattle. 119271
Fatal *abomasal* ulcers in yearling feedlot cattle. 119131
Experimental studies of a method for nonsurgical treatment of **leftsided** *abomasal* displacement in cattle. 119285
An evaluation of the peptic digestion technique (Herlich 1956) for the postmortem recovery of *abomasal* **nematodes** from sheep. 118849

ABORTION
Recent studies on epizootic **bovine** *abortion* [Ornithodoros coriaceus as vector of virus disease]. 118965
Abortion and **cannibalism** in squirrel monkeys (Saimiri sciureus) associated with experimental protein deficiency during gestation. 119143
Isolation and identification of a virus **causing** *abortions* and stillbirths in swine. 118986
Demonstration of the antigens of the organism causing **enzootic** *abortion* in sheep by using the immunoperoxidase method. 119021
Production of hyperimmune sera for the diagnosis of **enzootic** *abortion* in sheep. 119029
Epidemic *abortion* in the dog (Beagle) and the possibility of infection for man. 118854
Infectious diseases involving sterility and **fetal** *death/abortion* in sows. 118855
Serum levels of progesterone, estradiol, and hydrocortisone in ewes after *abortion* due to **Listeria** monocytogenes type 5. 118605
A **mycoplasma**—*abortion* link? [Ciliostasis, sterility in cattle]. 118589

ABRASION
Preliminary belt life data for *abrasive* **planing** of ponderosa pine. 119832

ABSCESS
A case of esophageal foreign body with **mediastinal** *abscess* formation in a dog. 119249

ABSCISIC
Effect of localized application of ascorbic acid & other plant regulators singly & in combination with *abscisic* **acid** on boll shedding in cotton Gossypium hirsutum L. 121500
Reversal of *abscisic* **acid** promoted abscission of flower buds & bolls of coton (Gossypium hirsutum L.) with other regulators. 121507
The influence of *abscisic* **acid** in cranberry seed dormancy. 121681
Effect of sucrose on response of cut carnation [Dianthus caryophyllus] to kinetin, ethylene, and *abscisic* **acid.** 121702
Endogenous plant growth substances in developing fruit of Prunus cerasus L. [Sour cherry]. V. Changes in inhibitor (ABA) *[abscisic* **acid]** levels in the seed and pericarp. 121705
Identification of gibberellin A29 and evidence for *abscisic* **acid** in extracts from fruits of immature French prune (Prunus domestica L.). 121708
Senility problem in the greenhouse cucumber (Cucumis sativus) crop: effect of daylength on yield and content of *abscisic* **acid-like** growth inhibitors. 121603
On the bud dormancy of grape varieties. 1. Effect of endogenous **free** *abscisic* acid and gibberellic acid on the bud dormancy and the induction of their regrowth during the growing season. 121721

ABSCISSION
Effect of different combinations on growth substances on the *abscission* on **debladed** petioles of Catharanthus roseus in different seasons. 121151
Ultrastructure and acid phosphatase in **pedicel** *abscission* of hibiscus [rosa-sinensis]. 120405
Reversal of abscisic acid **promoted** *abscission* of flower buds & bolls of coton (Gossypium hirsutum L.) with other regulators. 121507

ABSIDIA
Air sac and renal mucormycosis in an African gray parrot (Psittacus erithacus) [Causal fungus, *Absidia* **corymbifera].** 118621
Mucormycosis caused by *Absidia* **corymbifera** in the nymph nodes of swine. 118846

ABSINTHIUM
Absinth wormwood **[Artemisia** *absinthium]*—a problem weed? 123112

ACACIA
Effect of pre-sowing treatments and temperatures on seed germination of *Acacia* **cyanophylla** Lindl. 121669

ACALYPHA
A new combination in *Acalypha* **[multiflora]** (Euphorbiaceae). 120155

ACANTHACEAE
Artificial hybridization of Ruellia caroliniensis and Ruellia **geminiflora** *(Acanthaceae).* 120796
Biosystematics of Ruellia **tuberosa** L. *(Acanthaceae).* 119925

ACANTHOSCELIDES
Effects of gamma- and X-ray irradiation on different developmental stages of the bean **weevil** *(Acanthoscelides* obtectus Say. (Coleoptera: Bruchidae). 123438

ACARAPIS
Observations on the seasonal incidence of external **mites** *Acarapis* spp. on honey bees. 124544

ACARICIDE
Use of *insect-acaricide* **carbamide** acid esters in livestock production. 2. Acute toxicity of insect-acaricide carbamide acid esters. 119266
Use of *insect-acaricide* **carbamide** acid esters in livestock farming. 3. Chronic toxicity of insectacaricide carbamide acid esters. 119267
Use of *insect-acaricide* **carbamide** acid esters in livestock farming. Dynamics of residues of insect-acaricide carbamide acid esters with particular reference to carbaryl. 119268
Use of *insect-acaricide* **carbamide** acid esters in livestock production. 1. Range and mechanism of action of insect-acaricide carbamide acid esters [Review of literature]. 123647
Study on residues remaining on mulberry leaves treated with *acaricides* and their **toxicity** to the silkworm, Bombyx mori L. 124503

ACARIDAE
Nutritional requirements and metabolic inhibition of some *acarid* **mites** [Tyrophagus putrescentiae, Caloglyphus berlesei, control]. 123547
Reproduction biology of Tyrophagus putrescentiae (Schr.) (Acarina: *Acaridae)* **[Stored** product mites]. 123552

ACARINA
Reproduction biology of Tyrophagus putrescentiae (Schr.) *(Acarina:* **Acaridae)** [Stored product mites]. 123552
Biology of the mite, Anystis **agilis** *(Acari:* Anystidae): a California vineyard predator [Tetranychus urticae, Erythroneura elegantula]. 123367
Discovery of Nuttalliella namaqua **Bedford** *(Acarina:* Ixodoidea: Nuttalliellidae) in Tanzania and redescription of the female based on scanning electron microscopy. 124214
Revision of the European genera and species of the family of **Brachychthoniidae** *(Acari,* Oribatei). 1. Brachychthoniidae Thor, 1934; Liochthonius v. d. Hammen, 1959, Verachthonius nov. gen. and Paraliochthonius nov. gen. 124355
Notes on Myobiidae parasites of rodents, insectivores and **Chiroptera** *(Acarina:* Prostigmata). 123593
Laboratory studies on the autoecology of three species of the [Macrocheles] glaber **group** *(Acarina,* Mesostigmata). 3. Sex ratio and population dynamic. 124149
Description of Rhipicephalus bergeoni n. Sp. *(Acarina,* **Ixodida)** of Ethiopia mountains [adults of which are parasites of cattle]. 124423
Contribution to the study of parasitism of foxes (Vulpes vulpes L.) by **Ixodidae** *(Acarina)* in northeastern France. Interpretation of the seasonal dynamics of the parasites in relation to the biology of the host. 123590
Ceratozetes **kananaskis** *(Acari:* Cryptostigmata: Ceratozetidae): a new mite species from western Canada [Forest zoology]. 124273
Contribution to the knowledge of Zerconidae fauna from North **Korea** *(Acari:* Mesostigmata). 124431
Observations on some Actinedida (=Prostigmata) in soils in North America. IV. A new larval form and its adult belonging to the subfamily of **Microthrombidiinae** *(Acari,* Thrombidiidae) [New taxa]. 124196
Pathogenesis [demodicosis] associated with hair follicle **mites** *(Acari:* Demodicidae). 123591
Ectoparasitic **mites** *(Acarina:* Otopheidomenidae) on sphingid moths. 123773
An analysis of host-parasite associations among feather **mites** *(Acari:* Analgoidea). 124077
Observations on some Actinedida (=Prostigmata) in soils in North America. V. Barbutiidae, a new family of **mites** *(Acari:* Raphignathoidae) and description of a new species belonging to the genus Barbutia [perretae]. 124195
Camisia foveolata Hamar 1955 *(Acari,* **Oribatei)** found in Norway and on Svalbard. 124365
Species composition of **Oribatei** *(Acari)* on oceanic mountain ground in western Norway. 124379
Contribution to the study of the genera Gamasiphoides Womersley, 1956 and Laelaptiella Womersley 1956 *(Acarina,* **Parasitiformes)** [New taxa, Chile]. 124353
Further observations relating to Trixacarus (Caviacoptes) caviae Fain, Hovell and Hyatt, 1972 in guinea **pigs** *(Acarina:* Sarcoptidae). 123592
Two new Tarsonemid mites from **Poland** *(Acari:* Tarsonemida) [Siteroptes polonicus, Brennandania varsoviensis]. 124460
Contributions to the knowledge of the morphology and biology of the larvae of four European Eylais **species** *(Acari,* Hydrachnellae). 123770
Contribution to the study of systematics, taxonomy, ontogeny, ecology and distribution of Tarsonemidae. II. *(Acari,* **tarsonemida)** [New taxa]. 124430
Effect of some nutritional plant sprays on the population of Tetranychus arabicus (Attiah) *(Acarina,* **Tetranychidae)** [for controlling mites]. 123223
Study of Rickettsia living within **ticks** *(Acarina;* Ixodoidea) in southeastern France. First statement: Ecological context of encounter with humans. 123609
Morphological observations on Polyaspis patavinus Berlese 1881 *(Acari:* **Uropodida).** I. Morphology of the idiosoma during ontogenetic development. 123774

ACAROLOGY
Acarology **[Uropodidae,** Trachyuropoda, new taxa, South America, New Guinea]. 124198

ACCIDENT
Subjective factors in *accidents* during **forest** work. 119454
Simulation of **tractor** *accidents* and overturns. 124739

ACCLIMATION
Cold *acclimation* of Florida peach and nectarine cultivars. 121661
Productive and pedigree qualities of ducks of English lines in the process of *acclimatization* in the **conditions** of Belorussia. 118307

ACCOUNTING
Accurate *account* and supervision, a prerequisite for the effective organization of the [farm] production process [East Germany]. 115403
Some old roses from *accounts* and **catalogues** of the eighteenth century [Varieties]. 122480
Accounting and **conservation** of centers of [plant] introduction not included into the system of botanical gardens. 119853
Farm *accounting* and management centers in Tuscany: first experiences. 115442
Bookkeeping and **taxes** [Fur animals]. 115558

ACER
Acer **grandidentatum** and its propagation. 119561
Studies on the frost resistance of selected ornamental trees and shrubs in Poland and on the selection of maternal **individuals** *(Acer,* Campsis, Deutzia, Forsythis). 122186
Resistance of different species of maple *[Acer]* to **low** temperatures in Dnepropetrovsk. 121798
Propagation of *Acer* **palmatum** cultivars from hardwood cuttings. 122244
Indicator properties of tree barks in the emmission area of Frankfurt a. M. [Fraxinus excelsior, *Acer* **platanoides,** Tilia]. 120338
Polar transport of auxin through embryos [Broadbean, *Acer* **pseudoplatanus].** 121305
Phenology and leaf growth of defoliated hardwood trees [Quercus rubra, *Acer* **rubrum].** 121816
Sugar maple *[Acer* **saccharum]:** tree and bole weights, volumes, centers of gravity, and logging residue. 119835
Root growth in *Acer* **saccharum** Marsh. Seedlings: effects of light intensity and photoperiod on root elongation rates. 121801
Decay risk for sugar maple borer [Glycobius speciosus] scars *[Acer* **saccharum].** 123477

ACETABULARIA
Approaches to the genetics of *Acetabularia* **[Algae].** 120595
Involvement of bristle coat structures in surface mengrane formations and membrane interactions during coenocytotomic cleavage in caps of *Acetabularia* **mediterranea** [Algae]. 120481

ACETALDEHYDE
Role of *acetaldehyde* in **acetoin** synthesis in yeasts [Torulopsis colliculosa] & bacteria [Enterobacter]. 121141

ACETATES
Utilization of volatile fatty acids in ruminants. 8. *Acetate* **activation** in mammary tissue [cows]. 117752
Cellulose *acetate* electrophoresis of casein proteins [of milk]. 116852
The cleaning of tubular **cellulose** *acetate* ultrafiltration membranes [Whey proteins, cleaning procedure]. 116911
Cellulose *acetate* electrophoresis of soluble lens proteins of different species of mammals; the use of discontinuous buffer systems [Rats, mice, cattle, sheep]. 117633
Electrophoretic comparison, by **cellulose** *acetate* and nitrate, of protidic fractions on healthy dairy cattle and buffalo serums. 117913
The effects of linoleate and *acetate* on the **growth** and lipid composition of mycelium of Agaricus bisporus [Fungi]. 121290
Results in oral and intravaginal application of *megestrol-acetate* for **heat** synchronisation of Merino sheep. 118373
Nasute termite soldier fromtal gland secretions. 1. Structure of *trinervi-2beta,3alpha,9alpha-triol-9-O-acetate,* a **novel** diterpene from Trinervitermes soldiers. 124012
Uptake of mevalonate and *acetate* during **plastid** development [Oat seedlings]. 121424
Interaction between wood and polymers. IV. Dielectric properties of **polyvinyl** *acetate* filled with wood components [Wood properties, cellulose, lignin]. 119680
A colorimetric technique using chromium-ethylene diamine **tetra** *acetate* for measuring rumen volume [Sheep]. 117753
Sesquiterpenoid stress compounds of Datura stramonium: biosynthesis of the three major metabolites from (1,2-13C[carbon isotope]) *acetate* and **X-ray** structure of 3-hydroxylubimin. 121009
Lesser cornstalk borer: effects of **(Z.E)-9,12-tetradecadien-1-ol** *acetate* on pheromone communications. 123319

ACETIC
An ultrastructure study of tumor cells of Haworthia [variegata] plants induced by 2,4-D [(2,4-dichlorophenoxy) *acetic* **acid].** 120537
Pasture improvement with 2,D *[(2,4-dichlorophenoxy)acetic* **acid]** and fertilizer in northwestern Minnesota, 1971-73. 121903
Control of 2,4-D [(2,4-dichlorophenoxy) *acetic* **acid]** resistant weeds in small grains with Dowco 290 herbicide. 123078
Studies on the determination of toxic actions of derivatives of (2,4-dichlorophenoxy) *acetic* **acid** and 2,4-5-trichlorophenoxyacetic acid on **eggs** of pheasants, quails, and chickens. 123687
Effect of natural ultra-violet radiation on the content of auxins and **growth** inhibitors in **barley** [varieties] in Pamir in their natural condition and with artificial treatment with **beta-indole** *acetic* acid. 121487
Influence of dieldrin on serotonin turnover and **5-hyroxyindole** *acetic* acid **efflux** in mouse brain. 119262

ACETONE
Effect of *acetone* **fixation** on rabies immunofluorescence in **glycerine-preserved tissues [Mice].** 118694

ACETOXY
Steroid derivatives. LXXIX. Microbial 15 beta-hydroxylation of 17 *alpha-acetoxy-16-methylene* **derivatives** of the pregnane series by the action of Cunninghamella blakesleeana [Fungi]. 121067
A *5-acetoxy-6-methoxykawain* from **Piper** sanctum and synthesis of both diastereoisomers. 121000

ACETYL
Changes of hexosamine and *acetyl* **contents** during cultivation of extracellular galactosamine-containing polymer from Aspergillus parasiticus [Fungi]. 120855
Quercetin-3-acetyl-7,3',4'-trisulphate from **Flaveria** bidentis. 121258
Nitrogen retention in men fed isolated soybean protein supplemented with L-methionine, D-methionine, *N-acetyl-L-methionine,* or **inorganic** sulfate. 116435
A rapid test for the *[acetyl* **methyl** carbinoe] acetoin in microbiological diagnosis of Enterobacteria [Food contamination]. 116257
Studies investigating the excretion of *acetyl* **urea** in the milk of dairy cows receiving oral doses of 14C [carbon isotope] acetyl urea. 117993

ACETYLATION
Functional properties of succinylated and *acetylated* **[alfalfa]** leaf protein [for food use]. 117122

ACETYLCHOLINE
Cat **heart** *acetylcholine:* structural proof and distribution. 117532
Acetylcholine and its **metabolic** enzymes in developing antennae of the moth, Manduca sexta. 123873

ACETYLCHOLINESTERASES
Ultrastructural localization of *acetylcholinesterase* in **cultured** cells. I. Embryo muscle [Chick embryos]. 117812
Acetylcholinesterase **distribution** in chick spinal cord cultures. A light and electron microscope study. 117706

ACETYLENE
Mass spectra of *acetylenic* **fatty** acid methyl esters and derivatives. 116793
Factors affecting the reduction of *acetylene* by **root** nodules of Lupinus species [Lupine]. 121527

ACHERONTIA
Forage plants of *Acherontia* **atropos** (Lepidoptera, Sphingidae). 123231

ACHLYA
Induction of specific proteins in hyphae of *Achlya* **ambisexualis** by the steroid hormone antheridiol [Fungi]. 121296

ACHRAS
Studies on ripening and refrigerated storage of the sapodilla **(Achras** *sapota* L.). 117244

ACHYLA
The developmental patterns of lysosomal enzyme activities during Ca2+ [calcium ion]-induced sporangium formation in *Achyla* **bisexualis** [Fungi]. III. Ribonucleases. 120917

ACIDOSIS
Acidosis and **level** of metabolism [Rabbits]. 117917
Behaviours of pH [hydrogen-ion concentration] and volatile fatty acids in rumen juice of sheep afflicted with latent alimentary **metabolic** *acidosis.* 119153
Calcium, phosphate, and skeletal metabolism in latent alimentary **metabolic** *acidosis* in sheep. 119154
Changes of ruminal mucosa and blood of sheep in presence of latent alimentary **metabolic** *acidosis.* 119156
Latent alimentary **metabolic** *acidosis* of ruminants. 119164
Parameters of acid-base balance in sheep in conjunction with latent alimentary **metabolic** *acidosis.* 119167

ACINAR
Acid phosphatase and peroxidase in **'resting'** *acinar* cells of the major salivary glands of cats and their possible movement into secretory granules. 117703

ACNISTUS
Development and growth of the plant tip on *Acnistus* **arborescens.** II. Development of the procambium and the vascular tissues of the leaf, and growth of the foliar blade. 121343

ACONITUM
Hunting poisons of the North Pacific region *[Aconitum,* **chemistry,** and toxicology]. 120181
Aconitum **species** in the Caucasus and in [Soviet] Central Asia. 119950

ACREAGE
Estimate of West European sugar **beet** *acreages* 1976. 115778
Energy production per *acre* and **efficiency** of energy production by grain sorghum and cotton as related to nitrogen fertilizer. 125059
The adoption and effects of high-yielding [dwarf] wheats on unirrigated subsistence holdings in Pakistan [Farm **management,** *acreage].* 115379
The future of maize and the maize of the future *[Acreage,* **production].** 122073
Aspects of rice culture in Rio de Janeiro **State** *[Acreage].* 122030
The number of **sugarbeets** per *acre.* 121880

ACRIDIDAE
Structure and evolution of the genitalia of *Acrididae* and **related** families. 123780
Embryonic growth and hatchability of eggs of the two-striped grasshopper, Melanoplus bivittatus (Orthoptera: *Acrididae),* in **relation** to date of oviposition and weather. 123857
Acrididae of **Tucuman:** bioecological notes. 123781

ACRIDOMORPHA
Check list of the *Acridomorpha* of **Tanzania** (Insecta: Orthoptera). 124356

ACROMYRMEX
The improvement of baits for leaf-cutting ants [Atta cephalotes, and *Acromyrmex* **octospinosus,** alternative types of insecticide]. 123219

ACROSOMES
A one-act differential stain of the *acrosome* with **active** dyes [Livestock, laboratory animals]. 118345
Effect of bovine follicular fluid on the relative mobility of **bovine** *acrosomal* proteins in electrophoretic field. 118326

ACRYLATE
Never-dried cotton fibers. VII. Preservation of the never-dried state and **ethyl** *acrylate* and alkylene oxides. 117198

ACTIN
Tissue-specific forms of *actin* in the **developing** chick. 117627
Differences in the polymerization of *actin,* **isolated** at different ontogenesis stages, after its purification [Rabbits]. 117607
Crystallization of a **non-muscle** *actin* [from calf spleen]. 117816
Actin **[purified** from pig muscle] associated with purified lymphocyte plasma membrane. 117677

ACTINAL
Calculated *actinic* fluxes (290-700 nm) for air pollution photochemistry applications. 125420

ACTINIDIA
Kiwi *[Actinidia* **chinensis]** propagation. 122231
Experience of introducing species of the **genus** *Actinidia* Lindl. in the conditions of the city of Tashkent. 119889

ACTINOBACILLUS
Actinobacillus **equuli** infections in foals. 118948

ACTINOMYCES
The mechanisms of anabolic action of the PEFAG preparation [growth and fattening stimulant in livestock based on the mycelium of *Actinomyces* **grseus].** 118068
Structure and function of the *Actinomyces* **olivaceus** genome [Fungi]. 120731

ACTINOMYCETALES
Thermophilic *actinomycetes* from the environment [as human and animal pathogens]. 118845

ACTINOMYCIN
The effect of *actinomycin* D on the **formation** of gametangia and mitosporangia in Allomyces [arbuscula, Allomyces macrogynus, Fungi]. 120918
Influence of *actinomycin* D on **larval** moulting and morphogenesis of the chilopod Lithobius forficatus (L.). 124189

ACTINOMYCOSIS
Experiment for control of *actinomycosis* in **cattle.** 119025
Actinomycosis in a **cow.** 118751

ACTINOPHAGE
Suppressor-sensitive mutations of Streptomyces coelicolor A3(2) and *actinophage* **phiC31** [Fungi]. 120732

ACYL
Preparation of optically active proline. Optical resolution of *N-acyl-DL-proline* by **preferential** crystallization procedure [Pharmaceutical and food industries]. 116768

ACYLATION
Hydrolytic action of aminoacyl-tRNA synthetases from baker's yeast [Saccharomyces cerevisiae]: "chemical proofreading" **preventing** *acylation* of tRNA Ile with misactivated valine. 120927
Binding of complementary oligonucleotides to *amino-acylated* **tRNAPhe** from yeast [Micrococcus luteus]. 120920

ACYRTHOSIPHON
Fishing for aphids *[Acyrthosiphon* **pisum** infesting alfalfa]: the exploitation of a natural population. 123315
Histological examinations of parasitized, Entomophthora-infected pea aphids, *Acyrthosiphon* **pisum** [Natural control]. 123420
Population dynamics of the pea aphid *[Acyrthosiphon* **pisum]** and its entomophages in relation to farming practices. 123439

ADAPTATION
Rice blast [Pyricularia oryzae]: studies of the fungus and its **changing** *adaptation.* 122767
Cytopathic effect of tissue **culture** *adapted* strain of rinderpest virus in different cell systems. 118729
Study of ringerpest virus (tissue **culture** *adapted* strain) with reference to its infectivity and plaque formation in different cell system. 118739
Study of the role of the skin and hair coat in the *adaptation* of **domestic** animals to extreme environmental temperatures (Review). 117733
Dispersal of *desert-adapted* **Drosophila:** the saguaro-breeding Drosophila nigrospiracula. 123786
The different behaviour of rainfed rice and irrigated rice under water stress conditions. 1. Study of the factors of *adaptation* to **drought.** 121872
Improvement in jejunal **enzyme** *adaptation* in obese adult-onset diabetic patients following a 30-day fast [Diet]. 116283
The evolution of *adaptive* **features** in fossil exines. 120178
Development of agriculture and *adaptation* of **insurance** benefits. 115482
Prospects for agriculture to *adapt* **itself** to new patterns of food production—primarily as regards protein supply [Outlook]. 115932
Adaption of the **Kotyk's** carrier theory to the active monosaccharide transport of yeasts. 121380
Morphology of weevil larvae (Coleoptera, Curculionidae) and ecological ways of their *adaptation* to **living** in wood. 123929
Mortality and *adaptive* **mechanism** of Oryza perennis [wild rice] strains. 121454
Adaptation and **photoregeneration** in the eye of the blow fly [Calliphora]. 124027
Adaptive **photosynthesis** responses to temperature extremes by the thermophilic cyanophyte Synechococcus lividus [Algae]. 121197
Agricultural and marketing policy for *adapting* **production** to demand for meat on the world market. 115762
Specificity of *adaptive* **resonse** of cattle to lower environmental temperature. 117730
Adaptive **response** of lysine and threonine degrading enzymes in adult rats. 116417
Effect of the anthropogenic factor on the transformation of the *adaptive* **response** in aimals [Cattle]. 117718
Importance of developmental conditions in the formation of the type of *adaptive* **response** to low environmental temperature in cattle. 117719
Relation between the specificity of the *adaptive* **response** of cattle to low environmental temperature and the typological features of higher nervous activity. 117724
Relation between *adaptive* **response** to high and low temperature and the hair coat structure [in Black Pied cattle]. 117725
Relation of *adaptive* **response** to conditions in an arid zone with types of potassium concentrations (HK, LK) in the blood of sheep. 117726
The nature of differences in the *adaptive* **response** of sheep to low environmental temperatures in mountainous Altai. 117735
Variability of the *adaptive* **response** in cattle to low temperature and its relation to productivity. 117738
Ecological and genetic nature of functional organization (structure) of the *adaptive* **response** of animals. 118314
Adaptive **role** of the hair coat structure of lambs in extreme conditions of the mountainous Altai. 117715
Further studies on *adaptation* of **sheep** pox virus in sheep thyroid and sheep kidney monolayers. 118753
Sheep *adapt* to [toxic] halogeton. 119224
The *adaptive* **significance** of the exine [Angiosperms]. 121235
Adaptation and **yield** of strawberry verieties (Fragaria hibrida). 122457

ADDITIVES
Additives in **animal** nutrition. 118105
Scalded sausage manufacture in the meat trade. 7. Color formation and preservation, influence of the muscle coloring matter present, and color stabilization by means of **blood** *additives.* 116955
Protein utilization as affected by Mecadox **[feed** *additive,* swine]. 118149
Effect of Virginiamycin administered to rabbits in auxinic dosages [Antibiotic **feed** *additives].* 118164
Politics vs science in **food** *additives* regulation. 116152
Red dye No. 2 **[Food** *additives].* 116155
Food *additives,* cancer and the prevention system. 116244
Sweetening and diabetic substances **[Food** *additives].* 116692
Effects of pure paraquat dichloride, "Gramoxone W" [herbicides], and **formulation** *additives* on soil microbiological activities. 3. Estimations of soil microflora and enzyme activity in field-treated soil. 123215
Nitrogen *additives* to corn silage fed to growing calves. 118031
Nitrosamines in meat products: test on firm dry **sausages** made with various *additives.* 116989
The **silage** *additive* controversy [Cattle, feeding]. 118056
Experiments on determining the magnitudes affecting the pressing of cattle feed with **urea** *additives.* 117368

ADENINE
Interaction of *adenine* **derivatives** with chloroplast membranes. 120940
Multiple molecular forms of *nicotinamide-adenine-dinucleotide-specific* **glutamate-dehyrogenase** in lines and hybrids of maize [Zea mays L.). 121448

ADENOHYPOPHYSIS
Histochemical characterization of the monoamine-containing cells of the *adenohypophysis* in the **Chinese** quail. 117708

ADENOSINE
CAMP **[cyclic** *adenosine* monophosphate] and cGMP [cyclic guanosine monophosphate] changes associated with the differentiation of cultured chick embryo muscle cells. 117672
Regulation by zinc and *adenosine* **3',5'-cyclic** monophosphate of growth and citric acid accumulation in Aspergillus niger [Fungi]. 120987
Binding of nucleotides ATP [adenosine triphosphate] and aDP *[adenosine* **diphosphate]** to sarcoplasmic reticulum: study by rate of dialysis [Rabbit skeletal muscles]. 117599
Alteration of poly (ADP *[adenosine* **diphosphate]-Rib)** synthesis during progesterone-caused gene expression in oviducts of quails. 118222
Estimation of **isopentenyl** *adenosine* during the germination of rice embryos. 121503
Inotropic effect of cyclic AMP *[adenosine* **3',5'-monophosphate]** in calf ventricular muscle studied by a cut end method. 117826
Transient cyclic AMP *[adenosine* **3',5'-monophosphate]** accumulation in germinating zoospores of Blastocladiella emersonii [Fungi]. 121054
Rat strain differences in cyclic-AMP *[adenosine* **monophosphate]** levels in liver and epididymal fat pad tissue as influenced by glucagon. 116438
The action of cyclic 3', *5'-adenosine* **monophosphate** in the blood of swine during physical stress. 117524
Effect of norepinephrine and hypertonicity on K influx and cyclic AMP *[adenosine* **monophosphate]** in duck erythrocytes. 117535
The formation of exchangeable sulphite from *adenosine* **3'-phosphate** 5'-sulphatophosphate in yeast [Saccharomyces cerevisiae]. 120926
K+ **[potassium]-stimulated** *adenosine* triphosphatase of maize roots: partial purificatin and inhibition by Helminthosporium maydis race T toxin. 122708
Oligomycin sensitivity of the mitochondrial ATPase *[adenosine* **triphosphatase]** as a marker for fly transmissability and the presence of functional kinetoplast DNA in African trypanosomes. 123619
Binding of nucleotides ATP *[adenosine* **triphosphate]** and aDP [adenosine diphosphate] to sarcoplasmic reticulum: study by rate of dialysis [Rabbit skeletal muscles]. 117599
Sulphite reductase and ATP *[adenosine* **triphosphate]** sulfurylase in low- and high-sulphite forming wine yeasts [Saccharomyces, Candida]. Relationship to sulphite accumulation during fermentation. 120916
Chlorophyll A **versus** *adenosine* triphosphate as algal biomass indicators in lakes. 121201

ADENOSINETRIPHOSPHATASE
Effect of *adenosinetriphosphatase* and **conditions** of phosphorylation on the H+/3- [Hydrogen, electron] relation and proton exchange of isolated chloroplasts [Peas]. 121636
Effect of succinic acid on the activity of *adenosinetriphosphatase* in **germinating** seeds of spring wheat. 121433
Effect of the allelopathic factor on the activity of *adenosinetriphosphatase* in **plants** [Red clover, oats, rape]. 121461
Mobility of water and the activity of *adenosinetriphosphatase* in the **tillering** node of winter wheat. 121496

ADENOSYLMETHIONINE
S-adenosylmethionine:homocysteine **methyltransferase** as a regulatory enzyme in embryos of Musca domestica. 123913

ADENOVIRUSES
Adenovirus and **adenovirosis** of poultry. 118867
In vivo growth and development of **equine** *adenovirus* in the lung of Arabian horse. 118889
On the typing and occurrence of *adenoviruses* in **pigs.** 118992
Isolation of *adenoviruses* and **reoviruses** from avian species other than domestic fowl. 118634

ADENYL
Poly(adenylic **acid)-containing** RNA from plastids of maize. 121426
Spectrophotometric research of Penicillium brevicompactum [Fungi] RNAse complexformation with *adenyl* **nucleotides.** 120945

ADENYLATE
Adenylate **cyclase** of the dog gastric mucosa: stimulation by histamine and inhibition by metiamide. 117866
Effects of 1,N6-ethenoadenylates on the regulation of photosynthetic activities by *adenylates;* a **study** of the nucleotide binding sites on chloroplast coupling factor [Spinach]. 121754

ADHESIVE
Use of preformed cell aggregates and layers to measure tissue-specific differences in **intercellular** *adhesion* [Chick embryos]. 117651
Wood and *adhesives* **problems**—a look at the future. 119844
Cell to **substratum** *adhesion-promoting* activity released by normal and virus-transformed cells in culture [Chicken, mouse, and rat fibroblasts]. 117799

ADIPOSE
Oxidative phosphorylaion in **brown** *adipose* tissue mitochondria from rats kept under normal environmental conditions. 117780
Effects in the rat of environmental temperature, diet dilution, and treadmill running on liver and *adipose* **enzymes** and metabolism of 14C [carbon isotope]-glucose: a multiple regression analysis. 116428
Theoretical model of **ruminant** *adipose* tissue metabolism in relation to the whole animal. 117685
Adipose **tissue** cell size and lipolysis in the rat: response to exercise intensity and food restriction. 116418
Fatty acid composition of *adipose* **tissue** and liver fats of the rats fed yeast grown on n-alkanes. 116455
The influence of breed of rat on protein efficiency ratio (PER), skeletal muscle and *adipose* **tissue** growth. 116510
Cellularity of *adipose* **tissue** in meat animals. 117682
Intermediary metabolism of [ruminant] *adipose* **tissue.** 117683

ADOLESCENCE
Teenagers **deserve** better nutrition. 116535
The diet of **pregnant** *teenagers.* 116416

ADRENAL
Diphosphoinositide metabolism in **bovine** *adrenal* medulla. 117624
Interrelationships between the quality of dietary proteins and the functional state of the *adrenal* **cortex.** 6. Interrelationships between amino transferase activity and the functional state of the adrenal cortex [Rats]. 117985
Interrelationships between the quality of dietary proteins and the functional state of the *adrenal* **cortex.** 7. Relationships between the activity of some selected hydrolases in the liver and small intestine and the functional state of the adrenal cortex [Rats]. 117986
Plasma and *adrenal* **cortisol** concentrations in foetal, newborn and mother guinea-pigs during the perinatal period. 117809
Aldosterone production by **sheep** *adrenal* glands in vitro. 117838

ADRENERGIC
Studies on the *alpha-adrenergic* **activation** of hepatic glucose output. I. Studies on the alpha-adrenergic activation of phosphorylase and gluconeogenesis and inactivation of glycogen synthase in isolated rat liver parenchymal cells. 117796
Beta *adrenergic* **blockade** for management of tetralogy of Fallot in a dog. 119124
The interaction of anesthetics with *adrenergic* **drugs:** a guide for the practitioner. 118443

ADSUKI *see* BEANS

ADULTERATION
Fertiliser test kit for **detection** of *adulteration.* 124988
Food safety—then and now [History, **food** *adulteration].* 116181
Rapid det4ection and estimation of extraneous urea in buffalo milk and effects of added urea on certain physico-chemical properties of **milk** *[Adulteration].* 116168
Adulteration of **rums** and imitation rums. 116025

ADULTS
Fetal and *adult* **bovine** interferon production during bovine viral diarrhea virus infection. 118760
Polymorphism in the *adult* of **Callosobruchus** maculatus—a possible process of evolution to stored product pest. 123548
Regeneration of afferent and efferent fibres to muscle spindles after nerve injury in *adult* **cats.** 117830
Type II ostertagiasis in *adult* **cattle** [Ostertagia ostertagi]. 119012
Composition of the scents of eight east African hemipterans. *Nymph-adult* **chemical** polymorphism in Coreids [Hemiptera, Coreidae]. 123800
A dietary study of *adult* **Chinese-Canadians** in Vancouver. 116407
Some observations on the feeding behaviour of *adult* **Coccinella** septempunctata L. 124156
Toxicity of six insecticides to three species of *adult* **cockroaches** [Blatella germanica, Blatta orientalis, Periplaneta fuliginosa]. 123264
Factors influencing the insulin space in cerebral cortex slices from *adult* and **7-day-old** rats. 117527
Cell cultures derived from the **developing** *adults* of three species of ticks, by a simplified technique [Haemaphysalis spinigera, Haemaphysalis obesa, Rhipicephatus sanguineus]. 123636
The initiation of *adult* **development** in Sarcophaga argyrostoma by beta-ecdysone. 124054
Preparation of polysomes and radioactively labeled RNA from *adult* **Drosophila** melanogaster. 123987
Studies on the effects of *adult* **feeding** of Perniphora robusta Ruschka (Chalcidae: Pteromalidae) on its reproduction [Forest pests, biological control]. 123459
Simuliidae (Diptera) of Rendalen, Norway. II. *Adult* **females** attacking cows and humans. 123652
Immunization of *adult* **hens** against infectious bursal disease virus. 118633
Labeling of Trichogramma pretiosum by rearing on eggs from 32P [phosphorus **isotope]-fed** *adults* of Heliothis zea [corn earworm, biological control]. 123282
Free-running and phase-setting of locomotor behavior of the *adult* **lesser** cornstalk borer [Elasmopalpus lignosellus]. 123803
Dietary lipid requirements of *adult* **lobsters,** Homarus americanus (M.e.). 118101
The composition of the medial neurosecretory cells of the pars intercerebralis in Calliphora and **Lucilia** *adults.* 124181
The *adult* **male** of Aclerda tillandsiae: morphology and systematic significance. 124218
Estimates of population size and longevity of *adult* **narcissus** bulb fly Merodon equestris Fab. (Diptera: Syrphidae). 123410
Improvement in jejunal enzyme adaptation in **obese** *adult-onset* diabetic patients following a 30-day fast [Diet]. 116283
Biotin status and lipid metabolism in *adult* **obese** hypercholesterolemic inbred rats. 116492
Description of Rhipicephalus bergeoni n. Sp. (Acarina, Ixodida) of Ethiopia mountains *[adults* of which are **parasites** of cattle]. 124423
Studies on the behaviour of *adults* of **Phryganea** bipunctata and Agrypnia obsoleta (Trichoptera). 124116
Tachinid parasites of the gypsy moth, Lymantria dispar, with keys to *adults* and **puparia** [Tachinidae, new taxa, natural control, forest pests]. 123480
Adaptive response of lysine and threonine degrading enzymes in *adult* **rats.** 116417
Essential fatty acid deficiency in *adults* **receiving** total parenteral nutrition. 116279
Lung inflation and alveolar permeability to non-electrolytes in the *adult* **sheep** in vivo. 117827
Some biochemical studies on Listeria monocytogenes strains [isolated from *adult* **sheep,** lambs, fetuses, and ensilaged forage]. 118995
Influence of weather on capture of *adult* **southern** potato wireworm [Conoderus falli] in blacklight traps. 121779
Observations on some Actinedida (=Prostigmata) in soils in North America. IV. A new larval form and its *adult* belonging to the **subfamily** of Microthrombidiinae (Acari, Thrombidiidae) [New taxa]. 124196

AECIDIUM
Contribution to the Uredinales [rust fungi] flora of Iran and Afghanistan [Puccinia buffoniae, *Aecidium* **iranicum,** new taxa]. 120265

AECIOSPORES
Morphology of Cronartium **fusiforme** *aeciospores:* a light and scanning electron microscopic study. 120426

AEDES
Results of a survey of dengue vectors in New Hebrides *[Aedes* **aegypti,** Aedes hebrideus]. 123608
Malaria: successful immunization against the sexual stages of Plasmodium gallinaceum *[Aedes* **aegypti** as vectors]. 123665
Field experiments on the competitiveness of males carrying genetic control systems for *Aedes* **aegypti.** 123887
Morphological effects and metabolism of the molting hormone in *Aedes* **aegypti** cultured cells. 123983
Insect growth regulators. Analogues of TH-6038 and TH-6040 *[Aedes* **aegypti,** Tribolium confusum, Musca domestica, Manduca sexta]. 124011
Effect of an insect growth regulator on lipid and carbohydrate reserves of mosquito *[Aedes* **aegyti]** pupae (Diptera: Culicidae). 123612
Characteristics of Sindbis virus temperature-sensitive mutants in cultured BHK-21 [baby hamster kidney] and *Aedes* **albopictus** (mosquito) cells. 123641
The mosquitoes, *Aedes* **canadensis** and Aedes vexans as potential vectors of Dirofilaria immitis in Maryland [Dogs]. 123602
California encephalitis virus proliferation in Yukon *[Aedes* **communis]** mosquitoes incubated at low temperatures. 123615
Results of a survey of dengue vectors in New Hebrides [Aedes aegypti, *Aedes* **hebrideus].** 123608
The rationale for attempting to define salt marsh mosquito *[Aedes* **sollicitans]-breeding** areas in Galveston County by remote sensing the associated vegetation [Distichlis spicata]. 123634
The mosquitoes, Aedes canadensis and *Aedes* **vexans** as potential vectors of Dirofilaria immitis in Maryland [Dogs]. 123602

AELIA
Diapause development in *Aelia* **acuminata** females (Heteroptera). 124166
Biological control in Morocco of the wheat **bug** *Aelia* germari. Comparative value of two egg eating parasites: Asolcus grandis and Ooencyrtus fecundus (Hymenoptera, Scelionidae and Encyrtidae). 123283

AERATION
Relation between growth of Chrysanthemum [morifolium] and *aeration* of various **container** media [Soil mixtures]. 121713
The possible role of *aeration* in the **control** of stored product insects in warm climates. 123569
Aeration of **grain** as a non-chemical method for the control of insects in the grain bulk. 123520
Aeration used for **keping** stagnant waters healthy: a survey of literature. 125178
Studies on [barley] root metabolism under **poorly** *aerated* conditions. 121420
The **rotating** *aeration* (system Fuchs) for treatment of liquid animal and municipal wastes. 3. Hygienic investigations during rotating aeration of slurry from cattle. 125393
The rotation aeration (system Fuchs) for treatment of liquid animal and municipal wastes. 4. Hygienic investigations during **rotating** *aeration* of sewage sludge. 125394
The relationship between **soil** *aeration,* stability and growth of Sitka spruce (Picea sitchensis (Bong.) Carr.) on upland peaty gleys. 121820
The variability of **soil** *aeration* measurements. I. A statistical approach to define the aeration status in respect to denitrification. 124879
The variability of **soil** *aeration* measurements. II. Field measurements of N2O [nitrous oxide] concentrations, redox potentials, oxygen diffusion rates, and oxygen partial pressures as affected by NO3- [nitrate]-fertilization. 124880
The variability of soil aeration measurements. I. A statistical approach to define the *aeration* **status** in respect to denitrification. 124879
Chemical characteristics and acute toxicity of foam on **two** *aerated* lagoons [kraft pulp effluents]. 125499

AERIAL
Apply pesticides correctly: a guide for the *aerial* **applicator.** 123763
Handbook of New **Hampshire's** *aerial* photographic coverage [Remote sensing]. 115193
Large-scale *aerial* photography in forest inventories: designs and applications. 119471
Distribution of dry matter among the *aerial* **organs** of various cultivars of kidney beans (Phaseolus vulgaris L.). 121648
The design, implementation, and use of a statewide land use inventory: the New York experience *[Aerial* **photographs].** 115268
The 1975 citrus tree census [Use of *aerial* **photography].** 122209
Procedure for determining the usefulness of any given type of *aerial* or **space** photography in relation to the inventory of natural resources. 125488
Control of South American leaf blight (Microcyclus ulei) of the rubber plant [Hevea brasiliensis] in Bahia. II. Cost/benefit ratio of *aerial* **spraying** of fungicides in the Itubera region, 1972/73. 115546
Control of South American leaf blight (Microcyclus ulei) of the rubber plant [Hevea brasiliensis] in Bahia. I. *Aerial* **spraying** of fungicides in the Itubera region. 122775
The effectiveness of *aerial* **survey** for determining the distribution of rabbit warrens in a semiarid environment [Pests of pastures]. 122911
User services available from **USDA's** *Aerial* Photography Field Office [Cultivated areas]. 115160

AEROBES
Interrelationship of *aerobic* **cellulose-fermenting** [soil] bacteria with their companions on the basis of the synthesis of physiologically active substances. 124818
Alterations of the heterogeneity of mitochondria in the *aerobic* **growth** of the yeast Saccharomyces cerevisiae. 121095
Occurrence and thermoresistance of spores of psychrophilic and **psychrotrophic** *aerobic* sporeformers in soil and foods. 124835

Effect of nisin [an antibiotic, produced by certain strains of Streptococcus lactis] on the germination and proliferation of spores of some *aerobic* **spore-formers** in nutrient medium [Food processing]. 116844

AEROSOL

Silcon and aluminum in **atmospheric** *aerosols:* crust-air fractionaton? [Contribution of soils]. 125390

Thermal and radiative effects of **atmospheric** *aerosols* in the northern hemisphere calculated using a radiative-convective model [Air pollution, climate]. 125392

Aerosols of **disinfectants** for [control of] pasteurellosis of rabbits. 119017

Aerosol **immunization** of poultry against pasteurellosis. 119016

AESCULUS

Fragments of *Aesculus* **hippocastanum** L. Cotyledons grown in vitro; first results on starch and aescin behavior [in the callus]. 120460

AESHNA

Further observations on the functional morphology of the head and mouthparts of dragonfly larvae (Odonata) *[Aeshna* **interrupta** lineata, Libellula quadrimaculata]. 124135

AETIOLOGY *see* ETIOLOGY

AFFORESTATION

Peculiarities of the water-thermal balance of Vasyugan'ye and ways of transforming the nature of the areas of oligotrophic swamping **[Drainage,** *afforestation].* 125232

The sitka spruce [Picea sitchensis] as a tree for hill planting and **general** *afforestation.* 3. (With plate.). 119586

Farms and forests: a happy **marriage?** *[Afforestation].* 119569

Special project for **profitable** *afforestation* in southern Italy. 119428

AFLATOXINS

The situation **concerning** *aflatoxins* in feed concentrates in Norway. 117370

Degradation products from *aflatoxin* B1 by **Cornyebacterium** rubrum, Aspergillus niger, Trichoderma viride and Mucor ambiguus [Fungi]. 121042

B1 *aflatoxin* **detection** in feedstuffs. 117382

Effect of varying levels of dietary protein on tumor development and lipid metabolism in rats **exposed** to *aflatoxin.* 116184

Aflatoxin **[Livestock** feed contaminated with Aspergillus flavus]. 117372

Contribution to the rapid, simple and certain identification of *aflatoxins* in **mixed** feeds. 117358

Mycotoxins in foods. VIII. Inhibition of the formation of **mycotoxins** *(aflatoxins)* B1 and G1, patulin and sterigmatocystin) in whole wheat bread by sorbic acid and sorboylpalmitate. 116077

A rapid screening method for the *aflatoxins* and **ochratoxin** A [in products]. 116183

Current aspects of the *aflatoxin* **problem** [caused by toxic metabolites of a common fungus, Aspergillus flavus, livestock]. 119282

Possibilities of **reducing** *aflatoxin* formation in extraction peanut grist. 117366

Preharvest development of *aflatoxin* B1 [a **toxic,** secondary metabolite produced by the fungus Aspergillus flavus] in corn in the United States. 122734

A rapid method for detection of *aflatoxins* from **xylitol** [Sweeteners]. 116095

AGALLIA

Geographical variation in the genitalia of three species of Cicadellidae (Hemiptera) *[Agallia* **laevis,** Eupteryx stachydearum, Eupteryx urticae]. 124162

AGAR

Diffusion precipitation in *agar* **gel** and immunoelectrophoresis in studying Aujeszky's disease virus. 118979

The *agar-type* **polysaccharide** from the red alga Ceramium rubrum. 120995

Use of the *agar-gel* **precipitin** test to evaluate broiler breeder and commercial layer flocks [chickens] for Mycoplasma gallisepticum infection. 118642

AGARICALES

South **Indian** *Agaricales.* I. Termitomyces [Fungi, new taxa]. 120147

AGARICUS

The effects of linoleate and acetate on the growth and lipid composition of mycelium of *Agaricus* **bisporus** [Fungi]. 121290

Biological control of Verticillium malthousei by Trichoderma viride spray on casing soil in commercial mushroom *[Agaricus* **bisporus]** production [Dry bubble disease]. 122746

Effect of synergized allethrin on Heteropeza pygmaea larva and mycelial growth of *Agaricus* **bisporus** [mushroom] in vitro. 123411

An application of interspecific crossing for determining phylogenetic relationships within a genus, with a special reference to **genus** *Agaricus* [Fungi]. 120195

AGAROSE

Cellular immunity in Listeria [monocytogenes] sensitized young chickens: assayed by an *agarose* **drop** macrophage migration inhibition test. 118821

The relationship between molecular size and electrophoretic mobility in *agarose* **gels** as determined from a single population of growing RNA molecules [Chironomus tentans]. 124086

AGASICLES

The biological control of alligatorweed, Alternanthera philoxeroides, in the United States of America *[Agasicles* **hygrophila,** Amynothrips andersoni, Vogtia malloi]. 123065

Preliminary studies of the effects of an induced phosphate deficiency on carbohydrate-nitrogen ratios in Alternanthera philoxeroides (Centrospermae: Amaranthaceae) and on the feeding of *Agasicles* **hygrophila** (Coleoptera: Chrysomelidae). 123905

AGATHIS

Aspects of kauri *[Agathis* **australis]** propagation by seed. 119562

AGAVACEAE

Sisal and relatives **Agave** *(Agavaceae-Agaveae).* 121960

AGAVE

Sisal and **relatives** *Agave* (Agavaceae-Agaveae). 121960

AGELENIDAE

New spider records for Georgia *[Agelenidae,* **Lycosidae].** 124315

AGENIASPIS

The effect of the size of different hosts on the rate of polyembryony in *Ageniaspis* **fuscicollis** (Hymenoptera, Chalcidoidea). 123856

AGERATUM

Flovonoids of the **herb** *Ageratum* mexicanum Sims. (Compositae). 120853

AGGLUTINATION

Phytohemagglutinins. II. *Agglutinating* **activity,** mitogenic activity and possible role in plants. 121089

The modified **card** *agglutination* test: an accurate tool for detecting anaplasmosis in Columbian black-tailed deer. 118815

Agglutination of **human** erythroytes and ascites tumor cells of the mouse by using extracts of the European mistletoe (Viscum album L.). 120847

Isolation and purificaton of the **sexual** *agglutination* substance of mating type a cells in Saccharomyces cerevisiae [Yeast]. 120587

Use of indirect haemagglutination and *agglutination* **tests** for the diagnosis of poultry salmonellosis [Salmonella gallinarum, chicks]. 118936

AGGLUTININS

Concanavalin A and wheat **germ** *agglutinin* receptors on Dictyostelium discoideum [Fungi]: their visualization by scanning electron microscopy with microspheres. 120480

Wheat **germ** *agglutinin.* Evidence for a genetic basis of multiple forms. 120588

Postnatal developement and serological specificity of natural NDV-0 [Newcastle disease virus] *agglutinins* in **laboratory** animals. 118615

AGGRESSION

Allo-aggression in **chickens.** II. Cellular expression of the AA gene products [Immunogenetics]. 118586

Apiculture [Apis mellifera adansonii, **crossing,** *aggressiveness].* 124541

Correction technics for *aggressive* **dogs** [Behavioral problems]. 119145

Aggressiveness of **grasses** in polyphytic associations in mountain [Yields]. 122112

Substances used against the *aggressiveness* of **honeybees.** 124525

An *aggression* **stimulating** substance in the cockroach, Periplaneta americana. 123795

The *aggressive* **strain** of Ceratocystis ulmi in the Netherlands [Ulmus, Dutch elm diseases]. 122683

Methods of testing the *aggressiveness* of different **strains** of a causal agent of apple scab, Venturia inaequalis (Cke.) Wint. 122654

AGING

The skep through the *ages* **[Beehives].** 124527

Canine intervertebral disc disease—occurrence by *age,* **breed,** and sex among 8,117 cases. 119195

Genetic studies on certain body measurements in crossbred females at first **calving** *age.* 118322

A cage for all **[chicken]** *ages.* 124597

Origin and formation of Charentes "rancio" [rancid] flavor in *aged* **cognacs.** 117218

A note on the growth of dairy calves grazing pangola grass [Digitaria decumbens] from 90 to 180 days of *age* during the **dry** season. 118043

Age **dynamics** of the morphological and chemical composition of eggs from hens of the Leghorn breed in the conditions of large poultry farm. 117056

Effect of **flower** *age* on sucrose content in nectar of citrus. 121666

The influence of **gamete** *aging* on fertilization and embryonic development [Cattle]. 118293

Changes of biochemical constituents in bovine fetal fluids with **gestational** *age.* 117544

Reproduction in the gilt. 2. The influence of **gilt** *age* at boar introduction on the attainment of puberty. 118210

Epidemiologic importance of *age* **groups** i colonies of the Simulium metallicum (Diptera: simuliidae) in Venezuela. 123605

Nitrification in **high-sludge** *age* contact stabilization. 125513

The accumulation of lipofuscin in the epithelium of the midgut of the *aging* **housefly,** Musca domestica. 124131

Serum enzymatic research of **lambs** *aged* from 10 to 30 days, including a report on prophylaxis for enzootic muscle dystrophy. 119083

Land tenure, speculation, and the state of the *aging* **metropolis.** 115233

The effect of **plant** *age* on severity of pea wilt caused by Fusarium oxysporum f. sp. pisi race 5 [Soil fungi]. 122738

Leucocyte formula of the blood from Broad Breasted White turkeys in relation to their *age* and **productivity.** 117924

Increase in microviscosity with *ageing* in **protoplast** plasmalemma of rose petals [Rosa]. 121739

Nutritional effects on *age* at **puberty** and plasma amino acid level in Yorkshire gilts and on chemical composition, nucleic acid, fatty acid and hydroxyproline contents of the uterus. 118097

Histochemical studies of the cardiac lipofuscin in the heart of men and dogs **related** to *age.* 117904

Change of morphological characters of the parenchyma of secondary wood in the pine family (Pinaceae) in **relation** to *age.* 120471

Age-dependent **resistance** of chickens to Salmonella in vitro: phagocytic and bactericidal activities of splenic phagocytes. 118596

Changes in the activity of transaminases and alkaline phosphatases from blood serum as related to the *age,* **sex** and growth rate of pigs. 117922

Activity of the C-18 Hyalophora cecropia synthetic juvenile hormone in Locusta migratoria, with special reference to the *age* of the **solutions.** 123846

Livestock breeding enters the *age* of **technology.** 118193

An ultrastructural and cytochemical study of *aging* in the **thyroid** of the domestic cat. 117882

Investigations on the selection forest with trees of **varied** *age* of Belluno [Mensuration, Pinus, Picea]. 119426

Some hemato-chemical constnats of pigs of diverse **weight** and *age.* 117629

Experimental study on the thermal insulation of the typical clothing among *aged* **women** in Nagano district. 116596

Birth of the *age* of **wood;** employment and use of wood in rural buildings. 124647

Birth of the *age* of **wood;** employment and use of wood in rural buildings. 124648

Birth of the *age* of **wood;** employment and uses of wood in rural buildings. 124649

AGONUM

Agonum **livens,** Asemum striatum and Xylota coerulieventris: insects new to Ireland. 124311

Wing polymorphism in the insect **species** *Agonum* retractum Leconte (Coleoptera: Carabidae). 123865

AGRARIANISM

Experience of arranging mass-political activities in labor collectives of an *agrarian-industrial* **amalgamation.** 115165

Training personnel for low-level professions for *agrarian-industrial* **amalgamations** and enterprises. 115171

Improvement of the system of morale incentives in the competition of the workers of *agrarian-industrial* **amalgamations** and interfarm enterprises. 115388

Justification of the *agrarian* **codification** [Laws, Brazil]. 115939

Agrarian-industrial **cooperation** in the Belorussian SSR. 115349

National **economic** *agrarian-industrial* complex of the country and prospects of its development [Moldavia]. 115919

[Communist] party guidance in the selection, placing and training of administrative personnel for interfarm and *agrarian-industrial* **enterprises** and amalgamations. 115396

The increasing role of rural [communist] party organizations in the conditions of *agrarian-industrial* **integration** [Moldavia]. 115394

Improvement of organizational and [communist] party work in the present stage of concentation, specialization and *agrarian-industrial* **integration** of agriculture in Moldavia. 115918

Assuming by the [communist] party organization the right of controlling the activities of the administration personnel in *agrarian-industrial* and **interfarm** amalgamations and enterprises. 115383

Coordination of [communist] party work in *agrarian-industrial* and **interfarm** amalgamations [Moldavia]. 115385

Effect of *agrarian-industrial* and **interfarm** amalgamations on the change of professional and skill composition of the rural population. 115387

The dispersal of Carabidae in the *agrarian* **landscape,** with spcial reference to the boundaries between different field crops [Rape, Cereals, methoxychlor]. 123359

Participation conclusion *[Agrarian* **law** discussion]. 115895

Problems and general theory of the *agrarian* **law.** 115897

Problems and prospects of the *agrarian* **law** in the U.S.S.R. 115898

Problems of the *agrarian* **law** in the U.S.S.R. 115899

Present *agrarian* policy of the Communist Party of the Soviet Union and the activities of the [Moldavian] Republican Party organization in realizing it. 115920

Agrarian **reform** in Ecuador's Guayas River Basin. 115283

Strenghthening of systemic approach in the conditions of **well-developed** *agrarian-industrial* relations. 115278

AGRIBUSINESS

University-agribusiness **interaction:** a comment [Agricultural economics]. 115310
Montana agricultural manpower project: *agribusinesses* and **producers** surveyed. 115432

AGRILUS

The bionomics of the twolined chestnut borer *[Agrilus* **bilineatus].** 123473

AGRIONIDAE

Size variations of some species of *Agrionidae* **(Odonata)** of Japan. 124109

AGROBACTERIUM

Conjugation in *Agrobacterium* **fumefaciens** in the absence of plant tissue. 122805
The tumor-inducing substance of *Agrobacterium* **tumefaciens.** 122798
Latent infections and seasonal variability of crown gall [caused by *Agrobacterium* **tumefaciens**] development in seedlings of three Prunus [cerasifera, Prunus mahaleb, Prunus avium] species. 122810

AGROCHEMISTRY

Soil science and *agrochemistry* to the **aid** of high utilization of soil resources. 124886
Some *agrochemical* **methods** for controlling N [nitrogen] fertilization in pangola grass (Digitaria decumbens Stent). 1. preliminary study. 124975
Determination of iron in *agrochemical* **objects** [soil and plant material] by the method of bi-amperometric titration. 124754
Effect of fertilizers on the growth of pine seedlings in relation to *agrochemical* **properties** of the soil. 121787
Agrochemical **properties** of nepheline sands in relation to their stabilization by vegetation. 124753
Effect of long-term application of inorganic fertilizers on *agrochemical* **properties** and fertility of deep Chernozem. I. 124931
Effect of long-term application of inorganic fertilizers on *agrochemical* **properties** and fertility of deep Chernozem. 2. 124932
Effect of peat on the *agrochemical* **properties** of Sod-Podzolic loamy-sandy soil and the productivity of crop rotation. 124935
Agrochemical **prospecting** in the developing countries [Chemical products from plants and animals]. 116698
Querfurt *agrochemical* center: assuring high quality of agrochemical work [Cooperation, fertilization]. 115416

AGRODIAETUS

Contributions to the biology of the **genus** *Agrodiaetus.* 1. Agrodiaetus ripartii Freyer (Lepidoptera, Lycaenidae). 123896

AGROMETEOROLOGY

Agrometeorology [in **Uganda].** 115147

AGROMYZIDAE

Studies on **boreal** *Agromyzidae* (Diptera). X. Phytomyza miners on Crassulaceae [New taxa]. 124406
The *Agromyzidae* of **New** Zealand (Insecta: Diptera) [New taxa]. 124326
Biological control of the beanfly, Ophiomyia phaseoli (Diptera: *Agromyzidae),* by **Opius** spp. (Hymenoptera: Braconidae) in the Hawaiian Islands. 123397

AGRONOMISTS

Memory of Gian Pietro **Ballatore** *[Agronomists].* 122126
Professor Raffaele **Barbieri** *[Agronomists].* 122129

AGRONOMY

Agronomic **aspects** of plant competition [Yields]. 122113
Agronomical **aspects** of disease control in wheat. 122956
Investigations on the apple tree. 9. Pomological and *agronomic* **cards** of Red Delicious spur clones [Varieties]. 122308
Morphobiological features and *agronomic* **characteristic** of intensive varieties of winter wheat. 122004
Development of careers after graduation from the [French] National Institute of *Agronomy* by **comparative** study of the years 1953, 1958, 1963 and 1968. 115123
From *agronomic* **data** to farmer recommendations; an economics training manual. 115399
Agronomic, **economic,** energy and environment implications of short-season, narrow-row cotton production. 122044
Genetic improvement of the grapevine in a course at the **National** *Agronomic* Station [Brazil]. 120844
Variability of yield components of rye varieties in dependence on some *agronomical* **practices.** 121935
Peculiarities of *agronomic* **practives** and the seed production of intensive varieties of winter wheat. 122006
Biological and *agronomical* **properties** of new potato hybrids. 122494
Weed science for *agronomic* **technicians** [Training]. 123167
The national demonstrations, 'the pace setters' *[Agronomy,* **training,** India]. 121917

AGROPYRON

Cytologic peculiarities of wheat-rye and *wheat-Agropyron* **amphidiploids.** 120807
Perennial grass *[Agropyron* **elongatum]** barriers for wind erosion control, snow management and crop production. 125149
Telomeric association of chromosomes [wheat X rye X *Agropyron* **hybrids].** 120816
Introduction of *wheat-Agropyron* **hybrids** of a forage-grain type in Donbass [Yield, protein and vitamins content]. 121434
Histochemical study of allelopathic effect of cultivated plants [oats, rape, rye] on quackgrass *[Agropyron* **repens].** 123084
Quackgrass *[Agropyron* **repens]** and annual weed control in transplanted blueberries. 123145

AGROSTIS

An analysis of competitive ability in three perennial grasses [Arrhenatherum elatius, *Agrostis* **tenuis,** Festuca ovina]. 120386

AGROTECHNOLOGY

Study of some *agrotechnical* **problems** of growing sugarbeets in the Armenian SSR. 122385

AGRYPNIA

Studies on the behaviour of adults of Phryganea bipunctata and *Agrypnia* **obsoleta** (Trichoptera). 124116

AIDES

Role of EFNEP [Expanded Food and Nutrition Education Program] *aides* in **improving** diets of pregnant women. 116451

AIR

Ambient *air* quality standards for particulate matter in the United States. 125440
Periodicity and breakage pattern of *air-borne* **ascospores** of Sporormia [Fungi]. 121230
Development of the microflora of *air-dried* **beef.** 116109
The behaviour of salmonellae during the curing and drying of *air-dried* **beef.** 116138
The influence of a chloramphenicol treatment of laying hens in batteries to *air* **borne** staphylocci in drinking water [Swine]. 118664
The **California** *air* resources board program to regulate agricultural [range and forest] burning [Air pollution control]. 125449
A rapid method for measuring net photosynthesis of excised leaves by using *air-sealed* **chambers** [Maize, Phalaris arundinaceae, soybeans]. 121511
Drying minced meat in **cold** *air.* 116979
Air **conditioning** in the cutting room and the meat market. 116971
Using edible protein casings for sausages in vacuum-packed, *air-tight* **containers.** 117002
Design of an *air* **curtain** growth chamber [with high humidity control system for tropical plant study]. 124651
The microbial contamination of *air* at various **distances** from the poultry house [Ventilation system]. 124656
Proposal of organization of feed production for *hot-air* **drying** in the maize and sugarbeet production areas. 117364
Air **flow** through hinged baffle slotted inlets [Animal housing]. 124650
Silcon and aluminum in atmospheric aerosols: *crust-air* **fractionaton?** [Contribution of soils]. 125390
Economics of **hot** *air* drying of green forage. 117386
Method of increasing wet stiffness of corrugated boards by means of batchwise **hot** *air* treatment—design and costs of process [Fiberboard]. 119821
Bacteria in the *air* of **housed** swine units. 118797
Bacterial contamination of **indoor** *air* of dairy cattle barns. 3. Technological factors and their influence on quantitative bacterial contamination. 118826
Survey of Dirofilaria immitis infection among dogs at Fort Dix & **McGuire** *Air* Force Base, New Jersey. 119058
[Scientific] works of N. G. Kholodnye about *air* **nutrition** of plants and up-to-date allelopathy. 121063
Physiological principles and technologic methods of battery and floor exploitation, in confinement and in the **open** *air,* of poultry as a function of its production and health [Economic aspects]. 118434
Gardening: seedlings in the **open** *air.* 122508
Effects of atmospheric parameters on the concentration of **photochemical** *air* pollutants. 125496
Ozone-dosage-crop loss function for alfalfa: a standardized method for assessing crop losses from *air* **pollutants.** 122963
A groundhog's approach to estimating insolation *[Air* **pollution].** 115178
Laws, standards, and regulations for smoke abatement in Montana *[Air* **pollution].** 115866
Laws, standards, and regulations for smoke abatement in Oregon *[Air* **pollution** control]. 115867
Use of smoke and heat during scalded sausage manufacture with regard to technologies sparing the environment *[Air* **pollution].** 116965
Evaluation of the degree of damage to trees and shrubs by sulphur dioxide for *[Air* **pollution** resistance] breeding purposes. 122908
The effect of fluor compounds on the health condition of trees and shrubs near the aluminum smelting works "Konin" *[Air* **pollution** injuries]. 122909
Ecophysiological response of lichen transplants to *air* **pollution** in the Murdochville Gaspe Copper Mines area, Quebec [Parmelia squarrosa, Hypogymnia physodes, Usnea]. 122974
Effect of *air* **pollution** on fruit trees: photochemical smog injury to Japanese pear tree. 122978
Evaluation of some diagnostic methods which may be used for determination of injuries on Norway spruce [Picea excelsa] by fumes *[Air* **pollution** from industrial exhaust smoke]. 123017
Volatility, in an aqueous medium, of DDT retained on homoionic vermiculite [Water and *air* **pollution].** 123685
The grain dust problem [Maize, *air* **pollution].** 125373
Unifilter collecting system for cotton-gin waste materials *[Air* **pollution].** 125385
Long-term mean concentrations of atmospheric smoke and sulphur dioxide in country areas of Emgland and Wales *[Air* **pollution].** 125388
The organic constituents of atmospheric particulate matter *[Air* **pollution].** 125391
Thermal and radiative effects of atmospheric aerosols in the northern hemisphere calculated using a radiative-convective model *[Air* **pollution,** climate]. 125392
Calculated actinic fluxes (290-700 nm) for *air* **pollution** photochemistry applications. 125420
Waste gas cleaning in smoking plants *[Air* **pollution].** 125428
Law for protection against immissions and the lumber industry *[Air* **pollution].** 125438
Georgia's open burning regulations *[Air* **pollution** control]. 125443
Goals of a national program in smoke research *[Air* **pollution].** 125444
The California air resources board program to regulate agricultural [range and forest] burning *[Air* **pollution** control]. 125449
Occurrence of natural radionuclides in the atmosphere near the soil *[Air* **pollution].** 125454
Remote reconnaissance of water and *air* **pollution** in the European area of concentrated population by means of environmental research satellites. 125533
Automatic control of isokinetic sampling for exhaust emission determinations [Cotton gins, *air* **pollution].** 125569
Control of dust pollution of *air* in **poultry** houses [Hygiene]. 118567
Don't get caught with your *air* down **[Poultry** houses, ventilation]. 124608
Air **quality** diagnosis by means of lichens [Pollution, indicator plants]. 125395
Fuels—the source of the matter [Urban fires and forest fires, *air* **quality].** 125442
Air **sac** and renal mucormycosis in an African gray parrot (Psittacus erithacus) [Causal fungus, Absidia corymbifera]. 118621
Entry and movement in vegetation of lead derived from *air* and **soil** sources. 125491
Developing performance guides for **specific** *air* tankers [Forest fire equipment]. 119309
Air and **surface** measurements of constituents of prescribed forest slash smoke. 119337
Energy exchanges of veal calves in relation to body weight, food intake and *air* **temperature.** 117560
Cooling short cylinders in *air* using as a **water** spray [in the food processing industry]. 116839
Slime and odor elimination in process water of the paper industry *[Air* and **water** pollution]. 125538

AIRBORNE

Effect of mechanical cooling devices on *[airborne]* **ambient** salt concentration. 125415
Deposition of *airborne* **Lycopodium** and Podaxis spores released from an artificial point source. 119915
Airborne **Pb** [lead], Cd [cadium], Zn [zinc], and Cu [Copper] concentration by particle size near a Pb smelter [Farm]. 125386
Operational considerations for the application of remotely sensed forest data from LANDSAT or other *airborne* **platforms.** 119497

AIRCRAFT

Computer implemented classification of vegetation using *aircraft* **acquired** multispectral scanner data [Parks and forests]. 119496
The economic geography of the **agricultural** *aircraft.* II. 124745
The economic geography of the **agricultural** *aircraft.* 124746
An economic and mathematical model for determining the sequence of measures for applying fertilizers by *aircraft* in **forestry.** 125577
Application of EREP, LANDSAT and *aircraft* **image** data to environmental problems related to coal mining [Remote sensing]. 125457
The mapping of marsh vegetation using *aircraft* **multispectral** scanner data [Remote sensing]. 120367
Quantitative suspended sediment mapping using *aircraft* **remotely** sensed multispectral data [Water quality and movement]. 125266
Sensor equipment of the German earth **scientific** *airplane* program [Remote sensing]. 125464
Aircraft **transportation** of strawberries [Preservation]. 115673

ALANINE

L-alanine **aminotransferase** in the paragonial gland of Drosophila [nigromelanica, Drosophila melanogaster]. 123981

Isozymic composition of aspartate and *alanine* **aminotranspherases** from roots of maize cultuvated at lower temperature. 121447
Effect of nisin [antibiotic produced by Streptococcus lactis] in the presence of *L-alanine* on the **germination** and outgrowth of Bacillus sublitis spores [used in the food and dairy industry]. 116845
Effect of oral contraceptives and vitamin B6 supplements on *alanine* and **glycine** metabolism. 116277

ALAR
Alar **cells** of Rhacomitrium lawtonae [Musci]. 119980

ALATA *see* **MOLLUSKS**

ALATAE
Flight and survival of *alate* **red** imported fire ants [Solenopsis invicta] after mirex treatment. 123247

ALBINO
Biological evaluation of soy residue protein: studies on PeR [protein efficiency ratio], plasma and tissue protein level and growth response in *albino* **rat.** 118076

ALBUGO
Paramural bodies of *Albugo* **candida** [Plant pathogenic fungi]. 120413

ALBUMINS
Effect of mycotoxins on uptake and degradation of *[125I]albumin* **[iodine** isotope] in mouse liver and kidney lysosomes. 119256
Structural origins of **mammalian** *albumin* [Bovine serum]. 117684
Investigations of transferrins, *albumins,* **prealbumins** and esterase in blood serum of some breeds of horses. 117701

ALCOHOL
Market for *alcoholic* **beverages** in Austria. 115573
Cyanide content in stone fruit products *[Alcoholic* **beverages].** 116055
Process for absolutization of *alcohol* with **cyclohexane** [Distilling, brandy]. 116666
Protein crystals and bundles of tubules in yeast cells. IV. Biochemical and electronmicroscopical studies on the induction of crystals of *alcohol* **dehydrogenase** (ADH) [Saccharomyces carlsbergensis]. 121389
Diet-induced alterations in distribution of multiple forms of *alcohol* **dehydrogenase** in Drosophila. 124095
Dictyol A and B, two novel **diterpene** *alcohols* from the brown alga Dictyota dichotoma. 121008
Plasma transport forms of ingested **fatty** *alcohols* in the rat. 116479
The biosynthesis of **phenethyl** *alcohol* in the male bertha armyworm Mamestra configurata. 123989
Saccharomyces yeast as a by-product from *alcohol* **production** on final molasses in diets for broilers. 118048
Standardized *alcohol* measurement [of brandy]. 117225
Straw *alcohol,* an idea in fermentation. 117087
Utilization of **sugar** *alcohol* [using maltitol syrup instead of sucrose] in Angel cake. 116473
Compared toxicities of different *alcohols* for **two** Drosophila sibling species: Drosophila melanogaster and Drosophila simulans. 123867
Mycological production of citric acid in India. V. Effect of some low molecular **weight** *alcohols* [Aspergillus niger, Fungi]. 116832

ALDEHYDES
Reaction products of alpha-dicarbonyl compounds, *aldehydes,* **hydrogen** sulfide, and ammonia [Flavor compounds]. 116636
Subcellular localization of the F1 and F2 isozymes of horse **liver** *aldehyde* dehydrogenase. 117572
Aldehyde **oxidase** activity in the tumorous-head strain of Drosophila melanogaster. 123874
Aldehyde-fuchsin **staining** of antral endocrine cells [Cats]. 117707

ALDOLASES
Nutritive muscular dystrophy of cattle. 6. Activity of serum enzymes alkaline phosphatases, *aldolases,* **lactate-dehydrogenases** and creatine-phosphokinases in the course of "white muscle disease in young cattle. 119202
Equilibrium studies on the refolding and reactivation of rabbit **muscle** *aldolase* after acid dissociation. 117660
Kinetics of refolding and reactivation of rabbit **muscle** *aldolase* after acid dissociation. 117662

ALDOSTERONE
Effectiveness of the *aldosterone-sodium* and **-potassium** feedback control system [Dogs]. 117536
Aldosterone **production** by sheep adrenal glands in vitro. 117838

ALDRIN
Economic assessment of proposed toxic pollutant standards for manufacturers and formulators of *aldrin/dieldrin,* **DDT,** endrin and toxaphene. 123743
[Chicken] poisoning produced by the ingestion of the **pesticides** *aldrin* and dieldrin. 119227
Use of the technique of gas chromatography to determine the amount of *aldrin* **retained** in meat chickens poisoned with this pesticide [Residues]. 123683

ALEURITES
Tung: *Aleurites* spp. **(Euphorbiaceae).** 122538

ALEUROCANTHUS
The citrus blackfly *[Aleurocanthus* **Woglumi-Ashby].** 123387

ALEURONE
Evaluation of a confirmatory test and environmental influence of *aleurone* **colour** expression of barley. 121544

ALEYRODIDAE
Whitefly *[Aleyrodidae]-transmitted* **plant** diseases. 122820

ALFALFA
Biosynthesis of isoflavonoid phytoalexins in Medicago sativa *[alfalfa]:* the **biosynthetic** relationships between pterocarpans and 2'-hydroxyisoflavans. 121441
Seed and forage yields in the *alfalfa* for **dryland** culture as affected by seed rate, variety and period of use. 122134
Alfalfa and the **Egyptian** alfalfa weevil [Hypera brunneipennis] (Coleoptera: Curculionidae). 123295
Production of estrogenic preparations by the method of imfecting legume plants *[alfalfa]* with the **fungus** Alternaria brassicicola [Effect on sheep]. 121094
Fate of the silica in prairie hay and *alfalfa* **hay** consumed by cattle. 118028
The effects of interspecific competition in Medicago sativa L *[alfalfa].* II. **heritability** evaluation of competition effects. 120800
Laboratory method of early diagnosis in selecting pairs for obtaining heterotic **hybrids** of *alfalfa.* 120706
Fishing for aphids [Acyrthosiphon pisum **infesting** *alfalfa]:* the exploitation of a natural population. 123315
Removal of nutrients with the yield of crops [cereals, sugarbeets, *alfalfa]* on **irrigated** Dark-Chestnut soils. 121405
Functional properties of succinylated and acetylated *[alfalfa]* **leaf** protein [for food use]. 117122
Some aspects of the biology and control of Sapyga pumila Cresson, a parasite of the *alfalfa* **leafcutter** bee, Megachile pacifica P. (Rotundata) (F.). 123294
Competition between (Medicago sativa L. *[Alfalfa]* **local** ecotype) and tall fescue (Festuca arundinacea Schreb. cultivar Ludion) fertilized with increasing rates of nitrogen. 122116
Alfalfa, **lucerne:** Medicago sativa (Leguminosae-Papilionatae). 121939
Evaluation of the Velvet Roll Seed Separator for its use in the purity analyses of *alfalfa* **(Medicago** sativa L.) and rapeseed (Brassica campestris L.) [Seed testing equipment]. 122058
The effects of interspecific competition in Medicago sativa L. *[Alfalfa].* I. **Modifications** observed in two cultivars after four years. 122139
High temperature inactivation of cucumber and *alfalfa* **mosaic** viruses in Nicotiana rustica cultures [Tobacco]. 122814
Effects of ovule positions in fabaceous flowers on seed set and outcrossing rates [Lupinus **nanus,** *alfalfa].* 121435
Influence of shading & dodder [Cuscuta] infection on the content & nature of *alfalfa* **phenolics.** 123089
Parasitism of the tarnished plant bug, Lygus lineolaris (Hemiptera: Miridae), by Peristenus pallipes and Peristenus pseudopallipes (Hymenoptera: Braconidae) [Pests of *Alfalfa,* **Phleum** pratensis]. 123297
Ascochytosis [Ascochyta imperfecta] of *alfalfa* **plants.** 122649
Good stands for top *alfalfa* **production.** 121912
Effects of pollination by bees [Apoidae] on seed **productivity** of *alfalfa.* 124161
Modifications of a cultivar of *alfalfa* and of its **progenies** induced by an initial competition with cocksfoot. 120799
Allelopathic **properties** of *alfalfa.* 121458
Metabolic sleuths *[Alfalfa,* **rats].** 117062
Effects of light on the fate of carbofuran [insecticide] during the drying of *alfalfa* **[Residues].** 123719
Agricultural applications of remote sensing—a true life adventure [Cotton, **safflower,** and *alfalfa].* 115373
Influence of harvesting, seed density and row spacing on *alfalfa* **seed** yield. 122121
Influence of sowing modalites and thinning on *alfalfa* **seed** yield. 122124
Alfalfa **seed** production. 122151
Chemical protection of *alfalfa* **seed** stands against bugs [Heteroptera]. 123323
Herbicides for no-tillage corn in *alfalfa* **sod** [Weed control]. 123210
Ozone-dosage-crop loss function for *alfalfa:* a **standardized** method for assessing crop losses from air pollutants. 122963
Studies on the performance of *alfalfa* **swards.** IV. Effects of varieties, cutting frequency and fertilizer levels on the yield and plant numbers. 122060
Studies on the performance of *alfalfa* **swards.** V. Relationships between top weight and carbohydrate root reserves of individual plants under sward conditions. 122061
Alfalfa and **trefoil** management [Frequency of cutting]. 122155
Ultrastructural localization of acid phosphatase in root meristem of *Alfalfa* **vulgaris.** 120556
Effect of field applications of carbofuran on Hypera postica *[Alfalfa* **weevil]** (Coleoptera: Curculionidae) and its parasitoids. 123296
Alfalfa **weevil** [Hypera postica] research [Bathyplectes curculionis, biological control]. 123354

ALGAE
Approaches to the genetics of **Acetabularia** *[Algae].* 120595
Heterotrophic nutrition of the marine pennate diatom Nitzschia angularis var. **affinis** *[Algae].* 121266
Role of cyclic electron transport in photosynthesis as measured by the photoinduced turnover of P700 in vivo *[Algae,* **aphanocapsa].** 120928
The taxonomy and ecology of *algae* in the **Appomattox** River, Chesterfield County, Virginia. 120297
Comparison of the **attached** *algal* communities of a natural and an artificial substrate [in Lake Mize, Florida]. 120377
Distribution of multicellular **benthic** *algae* in an eutrophic ditch [Ecology]. 120358
The role of **benthic** *algae* in the shallow reef of Curacao (netherlands Antilles). I. Primary productivity in the coral reef. 120899
Chlorophyll A versus adenosine triphosphate as *algal* **biomass** indicators in lakes. 121201
Effect of diuron on the relation between the exchange of energy and gas in the photosynthesis of Chlorella *[Algae]* in **blue** light. 121027
Endolithic **blue-green** *algae* in the dry valleys: primary producers in the Antarctic desert ecosystem. 120397
Genetics of **blue-green** *algae.* 120599
Partial sequences of 16S rRNA and the phylogeny of **bluegreen** *algae* and chloroplasts. 120786
Functional 70S hybrid ribosomes from **blue-green** *algae* and bacteria [Anacystis nidulans, Escherichia coli]. 120909
Speculations on a possible essential function of the gelatinous sheath of **blue-green** *algae.* 120988
Fluorescence of allophycocyanin in connection with establishing the role of phycobiliproteids in photosynthesis [of **blue-green** *alga* Aphanizomenon flos-aquae]. 121032
Photosynthetic activities of membrane preparations of the **blue-green** *alga* Phormidium luridum. 121047
Sun-shade ecotypes of a **bluegreen** *alga* [Plectonema notatum] in a hot spring. 121218
Cyanophage SM-2: a new **blue-green** *algal* virus [Synechococcus elongatus, Microcystis aeruginosa]. 122874
Extracellular lysis of the **bluegreen** *alga* Phormidium luridum by Bdellovibrio bacteriovorus [Biological control agents to regulate algal populations]. 123094
Alginanes [extracted from **brown** *algae* Phaeophyceae] in nutrition. Study in rats. 116305
Relative sexuality in [the marine **brown** *alga]* in Ectocarpus siliculosus. A scientific error. 120582
Dictyol A and B, two novel diterpene alcohols from the **brown** *alga* Dictyota dichotoma. 121008
Action of nitrite on fluorescence induction in *algae* **[Bumilleriopsis** filiformis, Scenedesmus acutus]. 121329
A theoretical analysis of the contribution of *algal* **cells** to the attenuation of light within natural waters. III. Cylindrical and spheroidal cells. 121303
Genetics of **Charophyta** *[Algae].* 120601
Fluorometric determination of DNA in **Chlamydomonas** *[Algae].* 120884
Absence of oxygen effect for induction of resistance to ionising radiation *[Algae,* **Chlamydomonas** reinhardii]. 121292
An alternative to Kok's model for the oxygen-evolving system in photosynthesis [with the example of the *alga* **Chlorella].** 121050
Pleomorphism in Scenedesmus quadricauda (Turp.) Breb. **(Chlorophyceae)** *[Algae].* 121079
Bacterial endosymbionts in Volvox carteri **(Chlorophyceae)** *[Algae].* 121200
Ethephon (2-chloroethylphosphonic acid) effects on Scenedesmus quadricauda **(Chlorophyceae)** *[Algae].* 121205
Photosynthetic capacity and luxury uptake of carbon during phosphate limitation in Pediastrum duplex **(Chlorophyceae)** *[Algae].* 121212
Serological studies of male and female strains of Eudorina elegans **(Chlorophyceae)** *[Algae].* 121215
Stimulation of growth in Scenedesmus obliquus *[Algae]* **(Chlorophyceae)** by humic acids under iron limited conditions. 121217
The occurrence of **chlorophyll** C1 and C2 in *algae.* 121220
Effect of temperature on some polymorphic characters of Mastigocladus laminosus **Cohn.** *[Algae].* 121342
Polymorphism of the diatom Pinnularia brebissonii in culture and a field **collection** *[Algae].* 120775
Long-term effects of manipulating light intensity and nutrient enrichment on the structure of a salt marsh diatom **community** *[Algae].* 121208

A description of glucose uptake in Navicula pelliculosa (Breb) Hilse *[Algae]* including a brief **comparison** with an associated Flavobacterium sp. 120904
Continuous culture of marine diatoms under silicate limitation. II. Effect of light intensity on growth and nutrient uptake of Skeletonema **costatum** *[Algae].* 121203
Cellular differentiation of terminal regions of trichomes of Oscillatoria princeps **(Cyanophyceae)** *[Algae].* 120496
Pathway of nitrogen metabolism after fixation of 13N-[nitrogen isotope]-labeled nitrogen gas by the cyanobacterium, Anabaena **cylindrica** *[Algae].* 121167
Secretion of beta-glucosidase by Ochromonas **danica** *[Algae].* 120915
Ultrastructure during development of the nucleus of Batophora oerstedii (Chlorophyta; **Dasycladaceae)** *[Algae].* 120498
Growth responses to salinity variation in four arctic ice **diatoms** *[Algae].* 121206
Relationship between photosynthesis and cell size of marine **diatoms** *[Algae].* 121214
Sulphonium analogue of lecithin in **diatoms** *[Algae].* 121298
Sexual reproduction of Peridinium willei **(Dinophyceae)** *[Algae].* 120777
Phased division of Peridinium cinctum F. Westii *[Algae]* **(Dinophyceae)** and development of the Lake Kinneret (Israel) bloom. 121209
Marine organisms around outfall pipes in Santa Monica Bay [Wastewater **discharge,** includes *algae].* 125510
Prochlorophyta as a proposed new **division** of *algae.* 120228
Changes in paramagnetic properties of Chlorella [vulgaris, *Algae]* under the **effect** of toxic chemical compounds [Detergents, water pollution tests]. 122924
Studies on frost hardiness in Chlorella ellipsoidea *[Algae].* II. **Effects** of inhibitors of RNA and protein synthesis and surfactants on the process of hardening. 121325
Distribution and seasonal periodicity of sediment inhabiting diatoms in the Waddensea and the Ems-Dollard **estuary** *[Algae].* 120303
Genetics of Chlamydomonas moewusii and Chlamydomonas **eugametos** *[Algae].* 120603
Phosphate uptake kinetics in Euglena gracilis (Z) *[Algae]* **(Euglenophyceae)** grown on light-/dark cycles. I. Synchronized batch cultures. 121210
Phosphate uptake kinetics in Euglena gracilis (Z) *[Algae]* **(Euglenophyceae)** grown in light-/dark cycles. II. Phased PO4-limited cultures. 121211
A note on the design of nutrient enrichment studies *[Algae,* **eutropification].** 125502
First record of **filamentous** *algal* remains from the late Precambrian rocks of Random Island (Trinity Bay), eastern Newfoundland, Canada. 120004
The *algal* **flora** in the thermal baths of Montegrotto Terme (Padua). Its distribution over one-year period. 120080
Studies on the *algal* **flora** of Egyptian soils. I. Different sites along a lake in the salines of Wadi el-Natrun. 120245
Spirulina, a **food** *alga* rich in proteins. 116822
Observations on Aeolisaccus kotori Radoicic, 1959 (Cyanoschizophyta) *[Algae,* **fossils].** 119971
Phosphate exchange and organic phosphorus excretion by **freshwater** *algae.* 121184
Bibliography *[Algae,* **Fungi,** lichens, Bryophyta, Pteridophyta, Spermatophyta]. 119891
Salt stimulated respiration of Chlorella **fusca** *[Algae].* 121390
Simultaneous assimilation of ammonium and nitrate by Gelidium nudifrons *[Algae]* **(Gelidiales:** Rhodophyta). 121216
Publications by Franz Moewus on the **genetics** of *algae.* 120609
Inheritance and synthesis of chloroplasts and mitochondria of Euglena **gracilis** *[Algae].* 120606
Control of synthesis of RNA during morphogenesis of the chloroplast in Euglena **gracilis** *[Algae].* 120896
Uptake and incorporation of pyrimidines in Euglena **gracilis** *[Algae].* 120919
Effect of different methods of processing on the protein efficiency ratio of the **green** *alga* Scenedesmus acutus [for human consumption]. 117157
Periodicity of multicellular **green** *algae.* 120307
Chlorophyll A:B ratios in some siphonous **green** *algae* in relation to species and environment. 121202
Effects of temperature on growth constants of [the **green** *alga]* Selenastrum capricornutum. 121227
Effect of 2,3,5-triiodobenzoic acid on te greening process in etiolated Euglena gracilis *[Algae,* **growth** inhibitors]. 121071
Auxin, an endogenous regulator of **growth** in *algae.* 121199
DCMU [3(3,4-dichlorophenyl)-1,1-dimethylurea] induced inhibition of growth, photosynthesis and motility in Eudorina elegans cultures *[Algae,* **herbicides].** 123061
Interpretation of supermolecular organization of photosynthetic membranes [in *algae* and some **higher** plants, peas, onion, spinach]. 121033
Investigation of primary processes of photoinduced liberation of hydrogen from Chlorella during flash **illumination** *[Algae].* 121034
The biology of Harveyella mirabilis (Cryptonemiales; Rhodophyceae). V. Host responses to parasite **infection** *[Algae].* 121219
A new species of the genus Liagoropsis [yamadae] (Rhodophyta) from southern **Japan** *[Algae].* 120129
The nutrients and plants *[Algae]* of **Lake** Joondalup, a mildly eutrophic lake experiencing large seasonal changes in volume. 121224
Prediction of phosphorus and chlorophyll levels in lakes *[Algal* **levels,** pollution]. 125516
Adaptive photosynthesis responses to temperature extremes by the thermophilic cyanophyte Synechococcus **lividus** *[Algae].* 121197
Metabolism of 2,4-3H-14alpha-methyl-5alpha-ergost-8-enol and 2,4-3H [hydrogen isotope]-5alpha-ergosta-8,14-dienol in ochromonas **malhamensis** *[Algae].* 121236
Summer **marine** *algae* at Vero Beach, Florida. 120247
New records of **marine** *algae* from the 1974 R/V Dolphin cruise to the Gulf of California [New taxa]. 120261
Genetics of multicellular **marine** *algae.* 120604
Ionic relations and the regulation of turgor pressure in the **marine** *alga,* Valonia macrophysa. 121192
An unusual method for culture of unicellular **marine** *algae* [on various paper substrates]. 121198
C15 [carbon isotope]-halogenated compounds from the Hawaiian **marine** *alga* Laurencia nidifica. V. The maneonenes. 121372
Involvement of bristle coat structures in surface mengrane formations and membrane interactions during coenocytotomic cleavage in caps of Acetabularia **mediterranea** *[Algae].* 120481
Survival-curve characteristics in a desmid [Closterium **moniliferum,** *Algae].* 121080
Structure, reproduction and discussion on the systematic position of the genus Gibsmithia (Rhodophyceae) *[Algae,* **new** taxa]. 119991
Subaerial diatom flora from Hong Kong, eastern Asia *[Algae,* **new** taxa]. 120248
Southern Australian species of Champia and Chylocladia (rhodymeniales: Rhodophyta) *[Algae,* **new** taxa]. 120295
Reconstruction of a single calcium-sodium cell canal in a lipid bilayer *[Algae,* **Nitella** flexilis, Nitellopsis obtusa. 121036
Autotrophic production in Carnation Creek, a coastal rainforest stream on Vancouver Island, British Columbia *[Algae,* **nitrate** and phosphate concentrations]. 120376
Effect of Panacide (5,5'-dichloro-2,2'-dihydroxy-diphenylmethane), on the total chlorophyll & growth of Scenedesmus **obliquus** *[Algae].* 121131
Studies on nucleic acids in plastids of the pigment mutant C-2A' of Scenedesmus **obliquus** *[Algae].* 121326
Ornamental *algae* from Indonesia [Morphology]. 120521
Succession of desmid communities in the broads area of northwestern **Overijssel** *[Algae].* 120308
Stephanosphaera pluvialis—a **peculiar** *rock-pool-alga* now found in Bornholm. 120016
The release, settlement and germination of zoospores in Chorda tomentosa *[Algae]* **(Phaeophyceae,** Laminariales). 121221
A survey of translocation in Laminariales **(Phaeophyceae)** *[Algae].* 121265
Sexual isolation between a European and an American population of Ectocarpus siliculosus *[Algae]* **(Phaeophyta).** 120776
Temperature-induced species competition in mass cultures of marine **phytoplankton** *[Algae].* 120319
Uptake of plutonium and other nuclear wastes by **plankton** [Includes *algae].* 121270
Biotechnology: tasks, bases and technique [Food protein from *algae* and **plants].** 116717
On the correlation between the amounts of chlorophyll B and chlorophyll A forms in various **plants** *[Algae].* 120848
Algae and **plastids** as endosymbionts of invertebrates. 120951
Ecology and natural history of Iridaea cordata (Rhodophyta: Gigartinaceae) *[Algae]:* **population** structure. 121204
The presence of pollutant hydrocarbons in estuarine epipelic diatom **populations** *[Algae].* 125423
Phytoplankton *[Algae]* and **primary** productivity in Takapoto atoll, Tuamotu Islands. 120380
Phytoplankton response to wastewater nutrient enrichment in continuous culture [Dunaliella tertiolecta, Phaeodactylum tricornutum, Thalassiosira **pseudonana,** *Algae].* 121183
Kinetics of silicic acid uptake and rates of silica dissolution in the marine diatom Thalassiosira **pseudonana** *[Algae].* 121207
Cachonina illdefina sp. Nov. (Dinophyceae): chloroplast tubules and degeneration of the **pyrenoid** *[Algae].* 120136
Evaluating oceanic farming of seaweeds as sources of organics and energy. Semi-annual progress report December 1, 1974June 30, 1975 [Macrocystis **pyrifera,** *Algae].* 121312
Transplantation of Typha [angustifolia] and the distribution of vegetation and *algae* in a **reclaimed** estuarine marsh. 120329
A first record of the **red** *alga* Phyllophora sicula (Kutzing) comb. nov. (Phyllophora palmettoides J. Agardh) for Ireland. 120082
The agar-type polysaccharide from the **red** *alga* Ceramium rubrum. 120995
Growth of the **red** *alga* Iridaea cordata (Turner) Bory in semi-closed culture. 121182
Evidence for the biogenesis of halogenated chamigrenes from the **red** *alga* laurencia obtusa. 121373
Extracellular lysis of the bluegreen alga Phormidium luridum by Bdellovibrio bacteriovorus [Biological control agents to **regulate** *algal* populations]. 123094
Temperature-sensitive breakdown in vivo of polysomes with mutants of Chlamydomonas **reinhardii** *[Algae].* 121283
Formal genetics of Chlamydomonas **reinhardtii** *[Algae].* 120596
Genetic determinants of flagellum phenotype in Chlamydomonas **reinhardtii** *[Algae].* 120598
Genetics of cell wall synthesis in Chlamydomonas **reinhardtii** *[Algae].* 120600
Genetics of chloroplast ribosome biogenesis in Chlamydomonas **reinhardtii** *[Algae].* 120602
Plastid inheritance in Chlamydomonas **reinhardtii** *[Algae].* 120607
Calcium couples flagellar reversal to photostimulation in Chlamydomonas **reinhardtii** *[Algae].* 121293
Survival-curve shape and oxygen enhancement ratio at low doses for Chlamydomonas **[reinmhardii,** *Algae].* 121081
Skylab investigation of the upwelling off the northwest coast of Africa [Surface chlorophyll concentration, *Algae,* **remote** sensing]. 120366
The possibilities of a new kind of microecosystem in aquatic ecosystem **research** [Includes *Algae].* 120361
Seasonal succession of *algae* in **rivers.** I. Examples from the Avon. A large slow-flowing river [England]. 120378
Mating in Chlamydomonas eugametos *[Algae].* A **scanning** electron microscopical study. 120412
Diatoms *[Algae]* from the **sea;** investigative methods and life cycle. I. Methods and vegetative propagation. 121275
Giant seaweeds *[Algae]* of the **seacosts**—producers of raw materials and specialists in metabolism. 120954
Major features of **soil** *algae* dynamics in East Pamir. 124825
Phototaxis in Cryptomonas *[Algae]* **sp.** Under condition suppressing photosynthesis. 121321
The superoxide dismutase activity of various photosynthetic organisms measured by a new and rapid assay technique **[Spinach,** *Algae].* 121053
Effects of nitrate and ammonium enrichment on growth and nitrogen physiology in Fucus **spiralis** *[Algae].* 121234
On the regulation of the uptake of aminoacids, sugars and organic acids by Euglena gracilis, **strain** Z *[Algae].* 121383
Uptake of pyrimidines by Euglena gracilis, **strain** Z *[Algae].* 121388
Effect of salinity on photosynthesis and mannitol synthesis in the green flagellate Platymonas **suecica** *[Algae].* 120980
Fertilizer and fuel from tiny plants? *[Algae-Pteridophyta* **symbiosis,** Anabena azolla]. 124917
Comments on the translational and transcriptional origin of Euglena [gracilis] chloroplastic aminoacyl-tRNA **synthetases** *[Algae].* 120908
Taxonomic notes on Rhodophysemopsis gen. Nov. (Rhodophyta) [New **taxa,** *Algae].* 120135
Publications by A. Pascher on the genetics of *algae* **[Translations** and commentaries]. 120608
Environmental studies and summer typology of the phytoplankton and phytobenthos *[Algae]* along the **Tropea** coast (Calabria). II. 120019
Studies on marine plankton diatoms. III. Structure and classification of Gossleriella **tropica** *[Algae].* 120497
Rates of growth, respiration and photosynthesis of **unicellular** *algae* as related to cell size: a review. 121213
Dynamics of environment and *algal* **vegetation** in salt marshes in the southwestern Netherlands. 120305
Dynamics of the *algal* **vegetation** of saltmarshes in the Wadden Sea. 120306
Dynamics of *algal* **vegetations** dominated by Vaucheria species. 120304
Genetic aspects of sexuality in **Volvocales** *[Algae].* 120597
Phytoplankton *[Algae* of the **Zelenetskoe** and Akul'kino lakes]. 120294
Detection of triplet states in *algae* by **zero-field** resonance [Photosynthesis]. 120921
Genetics of **Zygnematales** *[Algae].* 120605

ALGINATES

Sodium *alginate* as a gelling agent in diets for the cabbage looper, Trichoplusia ni. 123892

ALIMENTARY

The relation between *alimentary* and **emotiona** amygdalar regulation [Food intake, dogs]. 116381
Behaviours of pH [hydrogen-ion concentration] and volatile fatty acids in rumen juice of sheep afflicted with **latent** *alimentary* metabolic acidosis. 119153
Calcium, phosphate, and skeletal metabolism in **latent** *alimentary* metabolic acidosis in sheep. 119154
Changes of ruminal mucosa and blood of sheep in presence of **latent** *alimentary* metabolic acidosis. 119156
Latent *alimentary* metabolic acidosis of ruminants. 119164
Parameters of acid-base balance in sheep in conjunction with **latent** *alimentary* metabolic acidosis. 119167
Methodology in te formation of national policies on *alimentation* and **nutrition** and intersectional execution [Latin America]. 116301
Nutritional and *alimentary* **situation** in the countries of Latin America and Caribbean area. 116303
Growth of the parts of the *alimentary* **tract** of the rat, and the small intestine of the sheep, relative to growth in live weight. 117579

ALIPHATIC
Industrial mutagens and potential mutagens. I. **Halogenated** *aliphatic* derivates [Hydrocarbons, public health hazards]. 116227

ALKALI
Study of *alkali* **absorption** by wood as initial stage of alkali cooking. 119743
Lignin influence on thermomechanical polymerization of monomers. I. The influence **al** *alkali* birch lignin on styrol polymerization in dimethylsulphoxide solution. 119739
Study of alkali absorption by wood as initial stage of *alkali* **cooking.** 119743
Yield and compostion of tall oil from *oxygen-alkali* **pulped** thermomechanical fiber. 119826
Alkali **requirement** and related properties of New Zealand lactic casein. 116904
Improvement of *alkali-rich* **salty** soil by using salt water. 125109
Alkali **solution** action on spruce wood. II. The change of mechanical properties. 119729
Study of oxidation-reduction interactions among conversion products of model compounds and carbohydrates in *alkali* **solutions** [Lignin]. 119745
Mechanisms of delignification in the *oxygen-alkali* **system** [Pulping]. 119820
Effect of *alkali* **treatment** on the formation of lysinoalanine in corn. 121512
Influence of *alkali* **treatments** of corn cobs on in vitro dry matter disappearance and lamb performance. 118092

ALKALINE
Partial purification of intra- and extra-cellular cellulases from Pyricularia oryzae [Fungi]: with reference to optimum pH [hydrogen-ion concentration] at *alkaline* side. 120860
Method for determining the phenolic (OH)-groups in *alkaline* **bark** extracts. 119764
Nutritive muscular dystrophy of cattle. 6. Activity of serum **enzymes** *alkaline* phosphatases, aldolases, lactate-dehydrogenases and creatine-phosphokinases in the course of "white muscle disease in young cattle. 119202
Microbial *alkaline* enzymes. 116809
1,25-dihydroxycholecalciferol and induction of *alkaline* **phosphatase** in organ culture [Nutrition study]. 116463
Studies on the occurrence of isozymes of *alkaline* **phosphatase** in various tissues of cattle and sheep. 117861
The effect of some activators and inhibitors on the activity of the *alkaline* **phosphatase** and the leukocytes [Livestock]. 117951
Changes in the activity of transaminases and *alkaline* **phosphatases** from blood serum as related to the age, sex and growth rate of pigs. 117922
Plasma *alkaline* phosphatase polymorphism and its association with productive traits in Rhode Island Red [pullets]. 118329
Study of **plasmatic** *alkaline* phosphate in infestations [of chickens] by Eimeria acervulina. 118607
The effluent-free bleached kraft pulp mill. VII. Sodium chloride in *alkaline* **pulping** and chemical recovery [to eliminate a major source of pollution]. 125544
Rheology and spinning of *alkaline* **solutions** of sunflower seed globulin and casein. 117154
Investigation of oxidation-reduction processes in lignin model compounds in *alkaline* **solutions.** 119736
Alkaline **water** can cause pesticide failures. 123691

ALKALOIDS
The structure of staphigine and staphirine. Two novel **bisditerpene** *alkaloids* from Delphinium staphisagria. 121194
Cactaceae *alkaloids.* XXIII. Alkaloids of Pachycereus pecten-aboriginum and Cereus jamacaru. 121247
Cactus *alkaloids.* XXIX. Isolation of beta-phenethylamines from Coryphantha greenwoodii. 121248
Alkaloids of **Carnegiea** gigantea. Arizonine, a new tetrahydroisoquinoline alkaloid. 121241
The structure of rutacridone [Ruta **chalepensis,** *alkaloids).* 120878
Alkaloids and **coumarins** of Thamnosma montana. 121240
The structure of *alkaloid* A from **Delphinium** bicolor Nutt. 121376
Constituents of West African medicinal plants. XV. Dinklacorine, a new biphenyl **dibenzodioxin** *alkaloid* from Tiliacora dinklagei. 121250
Alkaloids of thalictrum. XV. Isolation and identification of the **hypotensive** *alkaloids* of the root of Thalictrum lucidum. 121242
Plants of New Caledonia. XXXIX. *Alkaloids* from **leaves** of Pagiantha cerifera Mkgf. (Apocynaeae). 120893
Lupin *alkaloids* from tertogenic and nonteratogenic lupins. III. Identification of anagyrine as the probable teratogen by feeding trials [Pregnant cows, crooked calf disease]. 119257
Lupin *alkaloids* from teratogenic and nonteratogenic lupins. IV. Concentration of total alkaloids, individual major alkaloids, and the teratogen anagyrine as a function of plant part and stage of growth and their relationship to crooked calf disease [Pregnant cows]. 119258
Physoperuvine, a **new** *alkaloid* of Physalis peruviana Linn. 121014
A **new** *alkaloid* from Erythrophleum couminga. 121238
Malagasy plants. XVIII. A **new** *alkaloid* from Catharanthus ovalis Mgf. (Apocynaceae). Cathovalinine or epoxy-14alpha, 15alpha hydroxy-19S tabersonine. 121365
Biosynthetic studies with 13CO2 [carbon dioxide isotope] of secondary plant metabolites. **Nicotiana** *alkaloids.* 1. Initial experiments [Tobacco]. 121516
Wisanine, a **novel** *alkaloid* from the roots of Piper guineense. 121377
Cactaceae alkaloids. XXIII. *Alkaloids* of **Pachycereus** pecten-aboriginum and Cereus jamacaru. 121247
Reactions of **protoberberine-type** *alkaloids.* XI. Synthesis of optically active ochotensanes. 121368
Pyrrolizidine *alkaloid* poisoning in rats: protective effects of dietary cysteine. 119254
The chemical basis of attraction of ithomiine butterflies to plants containing **pyrrolizidine** *alkaloids* [Heliotropium indicum]. 121176
Isolation of a lactone, structurally related to the esterifying acids of **pyrrolizidine** *alkaloids,* from the costal fringes of male Ithomiinae. 124026
A note on the isolation and identification of the **quaternary** *alkaloids* of Phellodendron wilsonii. 121239
Investigation of secondary plant **substances.** II. Some *alkaloids.* 121277
Alkaloids of Carnegiea gigantea. Arizonine, a new **tetrahydroisoquinoline** *alkaloid.* 121241
Alkaloids of **thalictrum.** XV. Isolation and identification of the hypotensive alkaloids of the root of Thalictrum lucidum. 121242
Lupin alkaloids from teratogenic and nonteratogenic lupins. IV. Concentration of **total** *alkaloids,* individual major alkaloids, and the teratogen anagyrine as a function of plant part and stage of growth and their relationship to crooked calf disease [Pregnant cows]. 119258

ALKALOSIS
Uteroplacental blood flow during hyperthermia with and without **respiratory** *alkalosis* [in conscious pregnant sheep]. 117778

ALKANE
Proteins of yeasts **cultivated** on *alkanes.* 116551
Fatty acid composition of adipose tissue and liver fats of the rats fed yeast **grown** on *n-alkanes.* 116455
Yeasts grown on **normal** *alkanes* as protein source for dairy cows. 117978
N-alkane **oxidation** by Candida tropicalis. I. Hypothetical role of catalase enzyme and the microbodies in hydrocarbonassimilating yeast. 121043

ALKYL
5-alkyl-resorcinol **content** influenced through [rye] grain size, genetical and environmental conditions [Varieties, testing, West Germany]. 121471
The indexes of *alkyl* **resorcinols** content in rye grain [Nutritive value as feed]. 121470

ALKYLATION
Frequency and spectrum of chlorophyll-deficient mutations in rice after treatment with radiation and *alkylating* **agents.** 120782

ALLATUM
Farnesenic acid stimulation of juvenile hormone biosynthesis as an experimental probe in **corpus** *allatum* physiology [Schistocerca gregaria]. 123940
Structural analysis of the **corpus** *allatum* of an aphid, Aphis craccivora [Broadbeans]. 124050

ALLELE
Biochemical characterization of *allelic* **forms** of soluble malate dehydrogenase of Drosophila melanogaster. 123975
Hypersensitive response of near-isogenic wheat carrying the temperature-sensitive **Sr6** *allele* for resistance to stem rust [Puccinia graminis tritici]. 122705

ALLELOPATHY
Allelopathic **activity** of fruits of trees and shrubs. 121651
Histochemical study of *allelopathic* **effect** of cultivated plants [oats, rape, rye] on quackgrass [Agropyron repens]. 123084
Effect of the *allelopathic* **factor** on the activity of adenosinetriphosphatase in plants [Red clover, oats, rape]. 121461
Allelopathy in the **first** stages of secondary succession on the piedmont of New Jersey [Ambrosia artemisiifolia, Raphanus raphanistrum, Aster pilosus]. 120309
Allelopathy and the **hypothesis** about quinones as an active form of polyphenols. 121058
Allelopathic **properties** of herbaceous plants of the Crimean forests. 121056
Allelopathic **properties** of alfalfa. 121458
Allelopathic **regime** of the vital form of tumbleweed from the foothill regions of the Crimea. 121057
Allelopathic **relations** in the sod of natural meadows. 121459
Allelopathic **soil** fatigue under flower crops. 121652
[Scientific] works of N. G. Kholodnye about air nutrition of plants and **up-to-date** *allelopathy.* 121063

ALLERGY
Bovine reaginic antibody. I. Rat mast cell degranulation by **bovine** *allergic* serum. 118766
Histopathologic and cytological investigations, in guinea-pigs on **cutaneous** *allergy.* 119189
A simplified method for demonstration of *allergenic* **mites** in small samples of house dust. 123606
Fungi in the root region of Parthenium hysterophorus Linn. [an *allergic* **weed**]. 122601

ALLETHRIN
Effect of **synergized** *allethrin* on Heteropeza pygmaea larva and mycelial growth of Agaricus bisporus [mushroom] in vitro. 123411

ALLIGATORWEED
The biological control of *alligatorweed,* **Alternanthera** philoxeroides, in the United States of America [Agasicles hygrophila, Amynothrips andersoni, Vogtia malloi]. 123065

ALLIUM
Effects of bracken (Pteridium aquilinum) frond extract on mitosis in *Allium* **cepa** [Onions]. 120473
Induction of meiotic anomalies in *Allium* **cepa** L. [Onions] by urea. 120474
Some inbreeding effects in onion, *Allium* **cepa** L. 120649
A note on the effect of ethylene diamine tetraacetic acid and ferrous ammonium sulphate on yield of *Allium* **cepa** [Onions]. 121778
Influence of Cynkotox (zineb) on mitotic activity and course of mitosis in root meristem of *Allium* **cepa** L. seedlings [Onions]. 122617
Effect of bark extracts on mitosis in *Allium* **cepa** [Onions]. 122949
Effects of planting systems on yield, bulb quality nitrogen fertilizer utilization of **garlic** *(Allium* sativum L.). 122297
Onion and allies: *Allium* **(Liliaceae).** 122370
The effect of defoliation on storage potential of bulbs of the **onion** *(Allium* cepa). 117217
Toxic effects of lead on growth & metabolism of germinating rice (Oryza sativa L.) seeds & on mitosis of **onion** *(Allium* cepa L.) root tip cells. 122952
Sieve-tube plastids in the electron microscope; development and fine structure of plastids in the sieve tubes of *Allium* **porrum** L. [Leeks]. 120524
Study of the stomatal apparatus in the leaves of different species of onions *[Allium]* in **relation** to their resistance to downy mildew [Peronospora destructor]. 120424
Effect of lecanoric acid on mitotic division in *Allium* **sativum** [Garlic]. 120617
The influence of a protein synthesis inhibitor on the acceptance and eventual dependance of the meristematic cells of *Allium* **sativum** L. [Garlic] on dimethylsulfoxide. 121596

ALLOMYCES
Cell wall formation in zoospores of *Allomyces* **arbuscula** [Fungus]. II. Development of surface structure of encysted haploid zoospores, rhizoids, and hyphae. 120411
The effect of actinomycin D on the formation of gametangia and mitosporangia in *Allomyces* **[arbuscula,** Allomyces macrogynus, Fungi]. 120918
Mycovirus of *Allomyces* **[arbuscula].** 122851
The cytology of the gametes and fertilization of *Allomyces* **macrogynus** [Fungi]. 120414
The effect of actinomycin D on the formation of gametangia and mitosporangia in Allomyces [arbuscula, *Allomyces* **macrogynus,** Fungi]. 120918

ALLOSTERIC
Studies on specific elution of rabbit muscle phosphofructokinase with *allosteric* **ligands.** 117610

ALLUVIAL
Soybeans on the river lacustrine soils of the **Danube** *alluvial* plain. 122072
NPK [nitrogen, phosphorus, potassium] requirement of crops in soils of **Saryu** *alluviums* in relation to their initial fertility status. 124990

ALLYL
Components of Labiadae. XXV. Diterpenes of Nepeta granatensis Boiss; chromic oxidation of the *allyl* **alcohls** 7 alpha, 18-dihydroxy-14-abietene and 14 alpha, 18-dihydroxy-7-abietene. 120871

ALMONDS
Gibberellin-like substances in the endosperm-nucellus tissues of the **developing** *almond,* Prunus amygdalus Batsch cultivar Jordanolo. 121706
Effect of Fe-EDDHA [sequestrine of iron] on rhizogenesis and success of transplanting in **peach** *almond* hybrid plants. 122497
Propagation of walnuts, *almonds* and **pistachios** in California [Juglans, Prunus amygdalus, Pistacia]. 122245
Evaluation of chilling requirements of *almond* **[Prunus** amygolalus] varieties for breaking dormancy. 121591
Cherry, plum, peach, apricot and *almond:* **Prunus** spp. (Rosaceae). 122352
Effect of eradicant and protectant sprays on differentiation of conidia of Monilia cinerea (Bon.) Schroet on *almond* **[Prunus** amygdalus, brown rot]. 122632
Seasonal development of symptoms of noninfectious bud-failure in *almond* **(Prunus** amygdalus Batsch). 122970
Effects of temperature and genotype on pollen tube growth in some self-incompatible and **self-compatible** *almond* cultivars [Prunus amygdalus]. 121704
The *almond* **tree** [Prunus amygdalus] in the southwestern Andalucia: notes on almond trees. 122176

ALNUS
Measuring rates of symbiotic nitrogen fixation by *Alnus* **tenuifolia.** 121788

ALOCASIA
Edible aroids: *Alocasia,* **Colocasia,** Cyrtosperma, Xanthosoma (Araceae). 122360

ALOE
Development of the lipids in the plastids of *Aloe* **arborescens** Mill. 120976
Tumor inhibitors. 114. *Aloe* **emodin:** antileukemic principle isolated from Rhamnus frangula L. 121264
Embryoid formation in callus cultures of *Aloe* **pretoriensis** Pole Evans. 120565

ALOPECURUS
Effect of inorganic fertilizers on the yield, chemical composition of meadow foxtail *[Alopecurus* **pratensis]** and the regime of nutrients in Peat-Bog soils of the Kola Peninsula. 124927

ALPACAS
O2 [oxygen] transport in the *alpaca* **(Lama** pacos) at sea level and at 3,300 meters. 117897

ALPINE
Studies on the behaviour of Bombus Latr. Species (Hymenoptera, Apidae) parasitized by Sphaerularia bombi Dufour (nematoda) in an *alpine* **area.** 124549
Flowering and pollination of some emtomophils [Primula moorkroftiana, Lonicera semenovii] from the *alpine* **belt** in East Pamir. 121107
Biometric characteristics and morpho-functional correlations of **Brown** *Alpine* cattle in two ecologically varying zones of the Como province. 117499
Influence of slaughtering weight on carcass characteristics of F1 crossbred young bulls obtained by Friesian and **Brown** *Alpine* dams sired by Red Pied, Piemontese, Romagnola, Chianina and Marchigiana bulls. 118397
Alpine **region** planning or its lack? [Agricultural and forestry policies, Europe]. 115789
Apiculture with the opening-type beehive in the **Triglav** *alpine* area. 124564
Density and composition of crane fly larvae (Diptera, Tipulidae) from an *alpine* **wet** meadow at Stigstuv, Hardangervidda, south Norway. 124112

ALSIKE
Interrelations of seed color, weight, germination and origin in *alsike,* **red** and white clovers. 121546

ALTERNANTHERA
The biological control of alligatorweed, *Alternanthera* **philoxeroides,** in the United States of America [Agasicles hygrophila, Amynothrips andersoni, Vogtia malloi]. 123065
Preliminary studies of the effects of an induced phosphate deficiency on carbohydrate-nitrogen ratios in *Alternanthera* **philoxeroides** (Centrospermae: Amaranthaceae) and on the feeding of Agasicles hygrophila (Coleoptera: Chrysomelidae). 123905

ALTERNARIA
Mode of parasitism of *Alternaria* **brassicae** [the causal fungus of blackspot of rapeseed] by Nectria inventa [Mycoparasitism]. 122732
Effect of the lipid fraction of *Alternaria* **brassicicola** 13 on the egg production of hens. 118275
Strain 13 of *Alternaria* **brassicicola** [Fungi]—a producer of estrogenic substances of a lipidic nature [Effect of hens and mice]. 118277
Antifungal action of cyanamide added, in vitro, with atrazine [herbicide, *Alternaria* **brassiciola,** Dreschslera maydis]. 122552
Relations of phenolic inhibitors to resistance of immature apple fruits to rot [Botrytis cinerea, Penicillium **expansum,** *Alternaria].* 122646
Estrogenic effect [studied on laboratory animals] of the lipid fraction of the **fungus** *Alternaria* brassicicola strain 13 mycelium. 118276
Production of estrogenic preparations by the method of imfecting legume plants [alfalfa] with the **fungus** *Alternaria* brassicicola [Effect on sheep]. 121094
Development of barley root rots in fields surrounded by forest shelterbelts [Helminthosporium, **Fusarium,** *Alternaria].* 122777
Soil fumigation effects on early blight [caused by *Alternaria* **solani]** of tomato transplants. 122737
Evaluation of selected fungicides for control of early blight *[Alternaria* **solani]** of tomato. 122771
Carbon requirements of *Alternaria* **solani** (Ell. & Mart.) jones and Grout, the incitant of early blight of potato. 122787
A new disease observed in our country [Romania], *Alternaria* of **sunflower.** 122764

ALTHENIA
Germination ecology of *Althenia* **filiformis** Petit in relation to habitat temperature and salinity fluctuations during summer and autumn. 121072

ALTICA
Biology of the flea beetle, *Altica* **carduorum** (Coleoptera: Chrysomelidae) on Canada thistle (Cirsium arvense) in South Daota [used for biological control of weeds]. 123080

ALTICIDAE
The larval arrow poison of the bushmen **[Chrysomelidae,** *Alticinae].* 123831

ALUM
Phosphorus removal with *alum* from **secondary** effluent. 125515

ALUMINUM
Silcon and *aluminum* in **atmospheric** aerosols: crust-air fractionaton? [Contribution of soils]. 125390
New products presentation for institutional catering. Long life, ready-to-eat meals in *aluminium* **containers.** 116734
SEM [scanning electron microscopy] of vesicular stomatitis virus infection in cell cultures grown on *aluminum* **foil** [Venezuelan equine encephalomyelitis virus]. 118726
Fixation of ammonium ion in soils in the form of complex compounds with *aluminum* and **iron.** 124758
The effect of fluor compounds on the health condition of trees and shrubs near the *aluminum* **smelting** works "Konin" [Air pollution injuries]. 122909
Elimination of p,p-DDT, p,p-dichlorodipenyldichloroethylene, p,p-tetrachlorodiphenylethane and gamma-bezene hexachloride from water with *aluminum* **sulfate** coagulation. 125370

ALVEOLAR
Lung inflation and *alveolar* **permeability** to non-electrolytes in the adult sheep in vivo. 117827

ALYSIINAE
More accurate descriptions of three Alysiinae from Madagascar (Hymenoptera, Braconidae, *Alysiinae)* **[Cratospila** seyrigi, Asobara subdentata, Phaenolcarpa bicolor]. 124257

ALYSSUM
On the nature of nickel compounds in *Alyssum* **bertolonii** Desv.-II. 120859

AMANITA
Toxic metabolites of Amanita pantherina, *Amanita* **cothurnata,** Amanita muscaria and other Amanita species. 121263
Dynamics of fat changes in hepatocyte after application of phallotoxins [of the **fungus** *Amanita* phalloides]. 120958
A neotype specimen for *Amanita* **muscaria** [Fungi]. 120201
Toxic metabolites of Amanita pantherina, Amanita cothurnata, *Amanita* **muscaria** and other Amanita species. 121263

AMARANTHACEAE
Preliminary studies of the effects of an induced phosphate deficiency on carbohydrate-nitrogen ratios in Alternanthera philoxeroides (Centrospermae: *Amaranthaceae)* and on the **feeding** of Agasicles hygrophila (Coleoptera: Chrysomelidae). 123905
Grain amaranths Amaranthus spp. *(Amaranthaceae)* **[Food** crops, cultivation]. 121946
A new combination in Cyathula **[prostrata]** *(Amaranthaceae).* 120156

AMARANTHUS
Grain **amaranths** *Amaranthus* spp. (Amaranthaceae) [Food crops, cultivation]. 121946
Effects of paraquat and dinoseb [herbicides] in hops [to **control** *Amaranthus* retroflexus, Echinochloa crusgalli]. 123207
Morphological study of **edible** *amaranth* varieties and the natural cross-pollination test. 120485
Amaranthus **species** of Madeira and Azores. 119968

AMBLYOMMA
Possible role in uptake of water vapour by ixodid tick *[Amblyomma* **americanum]** salivary glands. 124049
Studies on Theileriidae (Sporozoa) in Tanzania. I. Tick *[Amblyomma* **variegatum]** transmission of Haematoxenus veliferus. 123673
Tick paralysis in a sheep caused by nymphs of *Amblyomma* **variegatum.** A preliminary report. 123681

AMBLYSEIUS
Biology and feeding behaviour of the predatory mite, *Amblyseius* **brazilli** (Mesostigmata: Phytoseiidae). 123901

AMBROSIA
Allelopathy in the first stages of secondary succession on the piedmont of New Jersey *[Ambrosia* **artemisiifolia,** Raphanus raphanistrum, Aster pilosus]. 120309
Biology of an **introduced** *ambrosia* beetle, Xylosandrus compactus, in Florida [Cornus florida, pests]. 123798
Canadian havens from hay fever [caused by *Ambrosia* **pollen].** 123183

AMIDOTRANSFERASES
The partial purification of L-glutamine D-fructose **6-phosphate** *amidotransferase* from baker's yeast. 116641

AMINO
Amino **acid** requirements of the growing mouse. 116419
Copper-binding protein in rat intestine: *amino* **acid** composition and function. 116501
Fever and *amino* **acid** metabolism [Nutritional effects]. 116515
Amino **acid** fermentations using regulatory mutants of Corynebacterium glutamicum. 116756
Amino **acid** composition of 12 kinds of deep-sea fish proteins. 116783
Investigations on the changes in the *amino* **acid** content of some cultivars of peas for canning. III. Free amino acids. 117272
Sambucus nigra, is it a feed? [Juices, *amino* **acid** content]. 117321
Amino **acid** sequence and calcium binding sites of bovine cardiac troponin-C. 117710
Studies on the *amino* **acid** absorption and the secretion of endogenic amino acids into the gastrointestinal tract of pigs [Diets]. 118000
Protein and *amino* **acid** requirements of the laboratory rabbit. 118111
Study of *amino* **acid** composition and biosynthesis of membrane proteins in chloroplast biogenesis. 120946
Feeding value of artemisia rhodantha according to the *amino* **acid** composition of proteins. 121489
Studies on the developmental physiology in rice pollen. XXX. Effects of excessive nitrogen top-dressed at meiotic stage on the *amino* **acid** metabolism and the development of pollens. 121549
Amino **acid** composition in some grasses. 121563
Amino **acid** and fractional composition of protein of the vegetative mass of maize at different levels of mineral nutrition and water supply. 121575
Occurrence of *D-alpha-amino-n-butyric* **acid** in legume seedlings [Kidney beans]. 121583
Differences in the action of synthetic and biogenic ethylene on *amino* **acid** metabolism in pea seedlings. 121653
Relationship between chemical structure and plant growth-regulating activity of *amino* **acid** related compounds [Herbicidal activity against Echinochloa crusgalli]. 123054
Effect of different simazine doses on the content of nitrogen fractions and the *amino* **acid** composition of proteins in summer barley grains. 123191
Metabolism of 2,4-dichlorophenoxyacetic acid. IX. Gas-liquid chromatography of methyl esters of *amino* **acid** conjugates. 123728
Fractionation and *amino* **acid** composition of acid-soluble trypsin peptides of inclusion bodies protein of moth (Galleria mellonella) nuclear polyhedrosis virus. 123827
Studies on *amino* **acid** transport by the intestine of the stick insect, Carausius morosus Br. I. Locality, temporal course and general characterization of the amino acid transport as well as ultrastructure of the midgut epithelium. 124190
Changes of sensory value by interaction of alkanals with *amino* **acids** and proteins [Rancid flavour of fat-containing foods]. 116231
Protein and *amino* **acids** in the regulation of food intake. 116372
Plasma amino acids in reptiles after feeding protein or *amino* **acids** and after injecting amino acids. 116437
Development of fish flavour by the reaction of autoxidized lipids with *amino* **acids** and proteins. 116800
Reactions between *amino* **acids** and sugars: research on the formation of basic products. 116818
Comparative characteristics of the *amino* **acids** composition of the hydrogen bacteria Hydrogenomonas eutropha in meat and wheat. 117035
Utilizing a high level of maize grains [Composition, *amino* **acids,** proteins]. 117171
Determination of the true digestibility of *amino* **acids** in pigs. 117982
Protein utilization of mixed feed rations by lactating pigs, with special reference to the content of essential amino acids in the dietary proteins. 3. Interrelationships between protein metabolism data and the content of *amino* **acids** in feed proteins. 117991
The effects of cycloheximide on the uptake and translocation of *amino* **acids** in leaves of Sagittaria graminea Michx. 120849
The role of B complex vitamins and *amino* **acids** in the interrelationships of symbiotic bacteria of Carex enervis. 121105
Amino **acids** limiting the nutritional value of rye grain protein [Varieties, testing, Poland]. 121932
Cellulose-decomposing microorganisms—producers of *amino* **acies** [in soils]. 124814
Aminoacids and their use for **animal** nutrition. 118177
An examination of the net changes in *amino-acid* **composition** within the rumen of mature wether sheep using canonical variate analysis. 117754
Effects of **dietary** *amino* acid level and nutritional balance on larval survival and development of the parasite Exeristes roborator [Pectinophora gossypiella, biological control]. 123280
Studies on the amino acid absorption and the secretion of **endogenic** *amino* acids into the gastrointestinal tract of pigs [Diets]. 118000
The concept of **essential** *amino* acids in human nutrition: a need for reassessment. 116395
Protein utilization of mixed feed rations by lactating pigs, with special reference to the content of **essential** *amino* acids in the dietary proteins. 1. Description of experimental methods: studies on the protein utilization of rations containing extracted peanut meal and dried skim milk. 117989
Protein utilization of mixed feed rations by lactating pigs, with special reference to the content of **essential** *amino* acids in the dietary protein. 2. Studies on the utilization of dietary protein in rations containing extracted soyabean meal, horse bean meal, fish meal, maize gluten and waste liq. 117990

Protein utilization of mixed feed rations by lactating pigs, with special reference to the content of **essential** *amino* acids in the dietary proteins. 3. Interrelationships between protein metabolism data and the content of amino acids in feed proteins. 117991
Barley breeding for a higher content of proteins and **essential** *amino* acids; review. 120839
Sensitivity of different [crop] plants to the action of *amino* **ester** derivatives [Potential herbicides]. 123060
Count, type and amount of **free** *amino* acids in Bulgarian sour milk and sour milk rolls. 116861
Investigations on the changes in the amino acid content of some cultivars of peas for canning. III. **Free** *amino* acids. 117272
Content of **free** *amino* acids in leaves, roots and root secretions of some plants. 121059
Inorganic salts & differentiation of protocorms in seed callus of an orchid & correlated changes in its **free** *amino* acid content [Dendrobium fimbriatum]. 121691
Free *amino* acid contents in the healthy & galled shoots of rice caused by Pachydiplosis oryzae (Woodson). 123310
Free *amino* acids & proteins of the haemolymph, Hepatopancreas & muscle of the scorpion Heterometrus scaber (Thor.). 123971
The constancy and similarity of the amounts of **free** *amino* acids in inbred strains of Drosophila [Drosophila subobscura, Drosophila melanogaster] and outbred Calliphora [erythrocephala]. 124052
Production of **free** *amino* acids by oligonitrophyllic microorganisms [Soil nitrogen-fixing bacteria]. 124822
Plasma amino acids in reptiles after feeding protein or amino acids and after **injecting** *amino* acids. 116437
Titrimetric microdetermination of L-cysteine hydrochloride separately and in the presence of other **natural** *amino* acids. 116833
Plasma *amino* acids of infants consuming soybean proteins with and without added methionine. 116436
Plasma *amino* acids in reptiles after feeding protein or amino acids and after injecting amino acids. 116437
Nutritional effects on age at puberty and **plasma** *amino* acid level in Yorkshire gilts and on chemical composition, nucleic acid, fatty acid and hydroxyproline contents of the uterus. 118097
Effects of dietary protein and lysine levels on **plasma** *amino* acids, nitrogen retention and egg production in laying hens. 118103
On the regulation of the uptake of *aminoacids,* **sugars** and organic acids by Euglena gracilis, strain Z [Algae]. 121383
Pyrolysis of some **sulfur-containing** *amino* acids at 850 degrees Centigrade. 116769
Interrelationships between the quality of dietary proteins and the functional state of the adrenal cortex. 6. Interrelationships between *amino* **transferase** activity and the functional state of the adrenal cortex [Rats]. 117985
Binding of complementary oligonucleotides to *amino-acylated* **tRNAPhe** from yeast [Micrococcus luteus]. 120920

AMINOACYL

Comments on the translational and transcriptional origin of Euglena [gracilis] **chloroplastic** *aminoacyl-tRNA* synthetases [Algae]. 120908
Hydrolytic action of *aminoacyl-tRNA* **synthetases** from baker's yeast [Saccharomyces cerevisiae]: "chemical proofreading" preventing acylation of tRNA Ile with misactivated valine. 120927
Macromolecular complexes of *aminoacyl-tRNA* **synthetases** in Drosophila [melanogaster]. 123982

AMINOACYLASES

Chemical investigations on pig **kidney** *aminoacylase.* 117592

AMINOBUTANE

R23979, a new imidazole derivative effective against postharvest decay of citrus by molds [Penicillium italicum, Penicillium digitatum, Geotrichum candidum] resistant to thiabendazole, **benomyl** and *2-aminobutane.* 122760

AMINOBUTYRIC

Investigations on the uptake of *alpha-aminobutyric* **acid** and L-valine by leaves of Egeria densa Planch [Aquatic plants]. 121382

AMINOPTERIN

Teratogenicity studies with methotrexate, *aminopterin,* and **acetylsalicylic** acid in domestic cats. 119194

AMINOPYRINE

Effects of secretagogues on oxygen consumption, *aminopyrine* **accumulation** and morphology in isolated gastric glands [Rabbits]. 117526

AMINOTRANSFERASES

Chemical modifications of histidine residues in cytoplasmic **asparate** *aminotransferase* from beef kidney. 117851
L-alanine *aminotransferase* in the paragonial gland of Drosophila [nigromelanica, Drosophila melanogaster]. 123981

AMMONIA

Reaction products of alpha-dicarbonyl compounds, aldehydes, hydrogen sulfide, and *ammonia* [**Flavor** compounds]. 116636
The effect of *ammonia* **gas** on some indexes of the protein metabolism of broilers. 117949
Growth and resource allocation responses of Spartina alterniflora Loisel. to three levels of NH4-N, Fe, and NaCl *[ammonia,* **iron,** sodium chloride] in solution culture. 121436
Reactivity and fine structure of cotton mercerized in sodium hydroxide or **liquid** *ammonia.* 117199
Similarities between L-phenylalanine and m-fluorophenylalanine as substrates for **L-phenylalanine** *ammonia-lyase* [Oats]. 121529
Light-induced enzyme synthesis in cell suspension cultures of Petroselinum hortense [parsley]. Demonstration in a heterologous cell-free system of rapid changes in the rate of rapid changes in the rate of **phenylalanine** *ammonia-lyase* synthesis. 121642
Phenylalanine *ammonia-lyase.* Induction and purification from yeast [Rhodotorula glutinis] and clearance in mammals [Rabbits]. 121168
Phenylalanine *ammonia* lyase & phenols in tubers of Kufri Dewa [a potato variety] in relation to resistance against bacterial soft rot [Erwinia carotovora carotovora]. 122804
Evolution of lysine, methionine and cystine in a peanut meal after **treatment** by *ammonia.* 117177

AMMONIUM

Effects of *ammonium* **chloride** on formation of siliceous urinary calculi in calves. 119085
Effects of nitrate and *ammonium* **enrichment** on growth and nitrogen physiology in Fucus spiralis [Algae]. 121234
A note on the effect of ethylene diamine tetraacetic acid and **ferrous** *ammonium* sulphate on yield of Allium cepa [Onions]. 121778
Fixation of *ammonium* **ion** in soils in the form of complex compounds with aluminum and iron. 124758
Depression of uracil uptake by *ammonium* in **Neurospora** crassa [Fungi]. 121160
Simultaneous assimilation of *ammonium* and **nitrate** by Gelidium nudifrons [Algae] (Gelidiales: Rhodophyta). 121216
Effect of *ammonium* **polyphosphate** on maize on Sierozem in relation to the provision rate with zinc. 121399
Effects of fertilizer nitrogen applied to the paddy field and its absorption by rice plant. VI. Influence of a thermal factor on the **soil** *ammonium* nitrogen and the absorption of nitrogen by rice plant. 125051
Winter leaching of nitrate from autumn-applied calcium nitrate, *ammonium* **sulphate,** urea and sulphur-coated urea in bare soil. 124834
The electrostatic properties of THPOH-NH3 **[tetrakis(hydroxymethyl)-phosphonium** *hydroxide-ammonium]* flame-retardant cotton fibric as they pertain to potential mill problems and performance properties. 117201
Ammonium **tolerance** of tobacco cultivars with different nicotine contents [Toxicity]. 122938

AMNIOTIC

Occurrence of enzymes in *amniotic* **fluid** of farm animals. 117855

AMOEBA

Behaviour of Dictyostelium **discoideum** *amoebae* [Fungi] and Escherichia coli grown together in chemostat culture. 120907

AMORPHA

Embryology of the **genus** *Amorpha* L. In relation to its position in the family of Leguminosae. 120420

AMPEROMETRY

Determination of iron in agrochemical objects [soil and plant material] by the method of *bi-amperometric* **titration.** 124754

AMPHETAMINES

Salivation as a measure of appetite: studies of the anorectic effects of **calories** and *amphetamine.* 116373

AMPHIDIPLOIDS

Cytologic peculiarities of wheat-rye and **wheat-Agropyron** *amphidiploids.* 120807
42-Chromosome imcomplete **wheat-Elymus** *amphidiploids.* 120456

AMPHIPLOIDS

Resistance of **wheat-rye** *amphiploids* to drought and high temperatures. 120833

AMPHIPYRA

Contribution to the determination of *Amphipyra* **berbera** svenssoni (Lepidoptera, Noctuidae) [Taxonomy]. 124289

AMPHIPYRINAE

Amphipoea lucens Freyer, a species new for France (Lepidoptera, **Noctuidae,** *Amphipyrinae).* 124203

AMPUTATION

Amputation of **wings** in young turkeys and the effect of this operation on their growth and development. 117500

AMYGDALUS

Effects of temperature and genotype on pollen tube growth in some self-incompatible and self-compatible almond cultivars **[Prunus** *amygdalus].* 121704
Gibberellin-like substances in the endosperm-nucellus tissues of the developing almond, **Prunus** *amygdalus* Batsch cultivar Jordanolo. 121706
The almond tree **[Prunus** *amygdalus]* in the southwestern Andalucia: notes on almond trees. 122176
Propagation of walnuts, almonds and pistachios in California [Juglans, **Prunus** *amygdalus,* Pistacia]. 122245
Effect of eradicant and protectant sprays on differentiation of conidia of Monilia cinerea (Bon.) Schroet on almond **[Prunus** *amygdalus,* brown rot]. 122632
Seasonal development of symptoms of noninfectious bud-failure in almond (**Prunus** *amygdalus* Batsch). 122970

AMYLASES

Studies on starch properties and *alpha-amylase* **activity** in rye [in Sweden]. 121468
The development of *amylase* and **maltase** during the malting of sorghum vulgare [Beer manufacture]. 117065
Interaction of Tenebrio molitor L. *Alpha-amylase* with a **wheat** flour protein inhibitor. 123912

ANABAENA

Pathway of nitrogen metabolism after fixation of 13N-[nitrogen isotope]-labeled nitrogen gas by the cyanobacterium, *Anabaena* **cylindrica** [Algae]. 121167

ANABOLISM

The mechanisms of *anabolic* **action** of the PEFAG preparation [growth and fattening stimulant in livestock based on the mycelium of Actinomyces grseus]. 118068

ANACARDIACEAE

Propagation of walnuts, almonds and pistachios in California [Juglans, Prunus **amygdalus,** *Pistacia].* 122245
Effects of propagation container size on development of high quality seedlings [Pinus thunbergiana, Sapindus drummondii, *Pistacia* **chinensis].** 122221
Mango: Mangifera **indica** *(Anacardiaceae).* 122366
Effects of four rootstocks on yield and quality of pistachio *[Pistacia]* **nuts.** 121703
Pollen morphology of the genera Gluta Linnaeus and Melanorrhoea **Wallich** *(Anacardiaceae).* 120510

ANACYSTIS

Functional 70S hybrid ribosomes from blue-green algae and bacteria *[Anacystis* **nidulans,** Escherichia coli]. 120909

ANAEROBES

Growth of oilseed rape under *anaerobic* **conditions** [Waterlogged soil]. 121418
Paraquat [herbicide] is not bacteriostatic under *anaerobic* **conditions.** 123098
Production of single-cell protein by the cultivation of yeast [Candida utilis] in *anaerobic* **digester** supernatant supplemented with carbohydrates. 116722
Anaerobic **gastric** enterotoxemia of lambs. 119018
Anaerobiosis in the **queen** of Macrotermes bellicosus Smeathman (Isoptera, Termitidae). 123992

ANAL

The diagnosis of *anal* **sacculitis** in the dog. 119137
The frequency of occurrence of *anal* **sacculitis** in the dog. 119138

ANALGESICS

Chemical investigation of Heracleum lasiopetatum *[Analgesic* **activity** in the plant extract]. 120870

ANALGOIDEA

An analysis of host-parasite associations among feather mites (**Acari:** *Analgoidea).* 124077

ANALOGS

Insect growth regulators. *Analogues* of TH-6038 and TH-6040 **[Aedes** aegypti, Tribolium confusum, Musca domestica, Manduca sexta]. 124011
8-azidoadenine *analogs* of NAD+ [nicotinamide 8-azidoadenine dinucleotide] and FAD [flavin 8-azidoadenine dinucleotide]. Synthesis and coenzyme properties with NAD+-dependent and FAD-dependent enzymes [Livestock extracts, Penicillium nitatum, Fungi]. 117669
Synthesis of *thio-analogous* **Cannabis** derivatives. 121006
Dicrocoelium **dendriticum** *analogous* changes in behavior of ants of the genus Formica [pratensis] after infections with a fungus of the genus Entomophthora. F24175
Prediction of the phytoplankton development in designed reservoirs by combining a growth-kinetic model and the *analogy* to **existing** reservoirs. 121149
Effects of juvenile **hormone** *analogues* on caste differentiation in the imported fire ant, Solenopsis invicta. 123246

Influence of a juvenile **hormone** *analogue* on metamorphosis and reproduction in the cricket, Plebeiogryllus guttiventris Walker. 123868
Effect of a juvenile **hormone** *analogue* on the development of a parasitic insect, Pales pavida (Diptera: Tachinidae). 123903
Structure activity relationships in some juvenile **hormone** *analogs* [Galleria mellonella, Tenebrio molitor]. 123951
Modelling of aquifer behaviour for long time periods using **interactive** *analogue-digital* computers. 125241
Juvabione and its *analogues.* II. **Isolation,** identification, and occurrence of juvabiol and its epimer isojuvabiol from the whole wood of Abies balsamea. 119652
The mechanism of synthesis of storage proteins in opaque-2 **maize** *analogs.* 120817
Utilization of **methionine** *analogues* [Diets]. 116442
Further characterization of IgA [immunoglobulin A] in chicken serum and secretions with evidence of a **possible** *analogue* of mammalian secretory component. 118696
Inhibition of cooperative enzymes by *sustrate-analogues.* **Possible** implications for the physiological significance of negative cooperativity illustrated by phenylalanine metabolism in higher plants. 121226
Problems related to flavoring vegetable **protein** *analogs.* 116696
Inhibition of turnip yellow mosaic virus synthesis by **pyrimidine** *analogues.* 122823
Neurotoxic effects of pyridoxine and *analogs* in **rats.** 119278
Sulphonium *analogue* of lecithin in diatoms [Algae]. 121298
Calcium and stimulus secretion coupling in the [ox] neurohypophysis. V. The effects of the Ca2+ ionophores A23187 and X537A on vasopressin release and 45Ca2+ efflux; interactions with sodium and a **verapamil** *analogue* (D600). 117525

ANANAS

The pineapple—a fascinating plant: the structure and physiology of *Ananas* **comosus.** 121644
Pineapple: *Ananas* **comosus** (Bromeliaceae). 122374

ANAPHASE

Reduction in *anaphase* **bridge** frequency by 2,4-D [2,4-dichlorophenoxyacetic acid] in irradiated & normal wheat (Triticum aestivum L.) root tips. 120475

ANAPHYLAXIS

Passive **cutaneous** *anaphylaxis* in the domestic fowl. 118769

ANAPLASMA

Cutaneous hypersensitivity and isoantibody production in cattle injected with live or **inactivated** *Anaplasma* marginale in bovine and ovine erythrocytes. 118598

ANAPLASMOSIS

The modified card agglutination test: an accurate tool for **detecting** *anaplasmosis* in Columbian black-tailed deer. 118815

ANASTOMOSES

Pulmonary **arteriovenous** *anastomoses* in the avian lung: do they exist? [Chickens]. 117898
Experimental studies in intestinal healing of the dog. I. Observations of side-to-side small **intestinal** *anastomosis.* 119140
Experimental studies in intestinal healing of the dog. II. Observation on end-to-end small **intestinal** *anastomosis.* 119141
Experimental studies in intestinal healing of the dog. III. An end-to-end **intestinal** *anastomosis* using a decalcified bone tube. 119142
Clinical experiences with the combined technique of **ureterovesicular** *anastomosis* for treatment of ectopic ureters [in the dog]. 118464

ANASTREPHA

Comparison of flight ability of wild-type and laboratory-reared Caribbean fruit flies *[Anastrepha* **suspensa**] on a flight mill. 123413

ANATOMISTS

Reports of the World Association of **Veterinary** *Anatomists* and other pertinent organisations. I. Meeting of the World Association of Veterinary Anatomists Thessaloniki, Greece, July 1975. Abstracts of the scientific papers. 117555

ANATOMY

Capacity of the rumen in Corriedale sheep (Ovis **aries)** *[Anatomy].* 117899
Distance from torus pyloricus to papilla duodeni major and from the latter to papilla duodeni minor in European and Indian **cattle** *[Anatomy].* 117902
Comparative *anatomical* and morphological study of the leaf in the genus Panax L. (Araliaceae). 120071
Comparative *anatomy* of the gametophytes in Dawsonia (Polytrichales, Musci). 120488
Pharmacognostical studies on some species of the genus Rhamnus. 4. **[Comparative** *anatomy].* 120495
Comparative *anatomical-chemical* studies of six selected species of the genus Ruta. I. Generation, development and numbers of oil receptacles. 120851
Comparative *anatomic* and chemical studies of six selected species of the genus Ruta. II. Content of the essential oil at different development phases and vegetation periods. 120852
Comparative *anatomy* of the digestive system of larvae of roundheaded wood borers (Coleoptera, Cerambycidae). 123925
Taxonomy, morphology, *anatomy,* and **composition** of yellow nutsedge [Cyperus esculentus, weed control]. 123150
Morphological, *anatomical* and **development** studies of the flowers and fruits of succulent Mesembryanthemaceae genera: a contribution to their taxonomy. 120008
Anatomy and **development** of the sporophyte of Gyrothyra underwoodiana Howe [Hepaticae]. 120487
The **developmental** *anatomy* of adventive plantlets from leaves and leaf segments of Crassula argentea (Crassulaceae). 120428
Anatomical **effects** of preemergence oryzalin and penoxalin on soybeans. 123113
Floral *anatomy* of Idiospermum australiense (Idiospermaceae). 120404
Floral *anatomy* of Boraginaceae. I. Sericostoma pauciflorum stocks. 120452
Foliar *anatomy* of the Argentine species of the genus Gouinia Fournier (Gramineae, subfamily Eragrostoideae, tribe Eragrosteae). 120503
Fruit *anatomy* of some Heracleum species. 120198
Morphology and *anatomy* of **fruits** and seeds of the middle European Erysimum L. species. 120200
Stomach capacity of English Thoroughbred **horses** *[Anatomy].* 117908
C4 [dicarboxylic acid pathway of] photosynthesis and a unique type of **Kranz** *anatomy* in Glossocordia boswallaea (Asteraceae). 121337
Anatomy of a **leaf** or representatives of the genus Libanotis L. 119951
Quercus calliprinos Webb and Quercus coccifera L.: studies of the **leaf** *anatomy* and taxonomical and chorological consideration [Mediterranean Region]. 120021
Anatomical and **linden** histochemical study of the shoots of [Tilia] from ornamental plantings in Moscow. 120417
Anatomical **location** of Dermatophilus congolensis in bovine cutaneous streptothricosis. 118698
Nodal *anatomy* of certain members of Bignoniaceae. 120561
Studies on upper timberline: morphology and *anatomy* of **Norway** spruce (Picea abies) and stone pine (Pinus cembra) needles from various habitat conditions. 120443
Anatomical **observations** on floating leaves. 120410
Contributions to the morphology and systematics of Klugieae and Loxonieae (Gesneriaceae). II. Morphology, *anatomy* and **ontogenesis** of the flowers of Monophyllaea R. Br. 120432
Functional, *anatomical* and **radiographic** studies of the dorsal head-neck set in the dog and their effects on the problems associated with the erect position of the head in hominids. 117553
Sone *anatomical* observations on the topography and macroscopic distribution of the lymph vessels and nodes on the stomach of buffalo, Bos bubulis L., of Egypt. 117764
Contribution to the study of the Asclepiadaceae of Brazil. X. Taxonomic and *anatomic* **studies** of Gonioanthela odorata (Decne.) Malme and Gonioanthela hilariana (Fourn.) Malme. 120250
Comparative morphological and *anatomical* **study** of the petiole and epidermis of the leaf of the representatives of the family Vitaceae Juss [including grapes]. 120073
The *anatomy* of the **superficial** inguinal ring and its contained and adjacent structures in the live Greyhound: a study by palpation. 117837
Wood *anatomy* of Roridulaceae: ecological and phylogenetic implications [Roridula gorgonias, Roridula dentata]. 119927

ANCYLOSTOMA

Morphology of *Ancylostoma* **buckleyi,** Le Roux and Biocca, 1957 in dogs from Cairns, North Queensland, Australia. 118947
Morphological studies of hookworms infecting man and dog at Patna, Bihar [Ancylostoma duodenale, *Ancylostoma* **caninum].** 118747

ANDOSOL

Comparative studies of the moisture and thermal regime on the *Andosol-Brown* and the **Andosol-Black** soils in Tokachi district. 124890

ANDROCTONUS

Action of different toxins from the **scorpion** *Androctonus* australis on a locust [Locusta migratoria] nerve-muscle preparation. 124040

ANDROGEN

Androgenesis **"in vitro"** in Oryza sativa [rice] (Cigalon variety). 121407

ANDROSTANE

Transformations of steroid compounds with Rhizopus sp. [Fungi]. II. 11 alpha-hydroxylation of delta 4-3-ketosteroides of the pregane and *androstane* **groups.** 120854

ANDROSTERILITY

Seed production in sunflower hybrids created on base of **cytoplasmatic** *androsterility* with restored pollen fertility. 120793

ANEMIA

Autoimmune **hemolytic** *anemia* associated with lupus erythematosus [Dogs]. 119209
The best weapon against EIA [Equine **infectious** *anemia,* viral diseases of horses]. 118592
Equine **infectious** *anemia* [Viral diseases]. 118681
Hemagglutination by equine **infectious** *anemia* virus. 118761
Equine **infectious** *anemia* virus: evidence favoring classification as a retravirus. 118802
A case of feline **infectious** *anemia* (haemobartonellosis) [Haemobartonella felis] with simultaneous feline leukemia virus. 119043
Apparent propagation of the equine **infectious** *anemia* virus in a mosquito (Culex pipiens quinquefasciatus Say) orvarian cell line. 123597
Fortification of salt with **iron** *[Anemia].* 116281
Cultural practices and *anemia* in **Nigeria** [Iron deficiency]. 116513
Pernicious *anemia* and mental dysfunction [due to vitamin B12 deficiency]. 116520
Gibberellic acid-induced germination of spores of *Anemia* **phyllitidis:** nucleic acid and protein synthesis during germination [Pteridophyta]. 120865

ANEMONES

The *Anemone* **roses** [Rosa X anemonoides, Rosa sinica]. 122482
Comments on the East Asiatic plants. 2. [Cerastium arvense, *Anemone* **soyensis,** Cardamine leucantha]. 120132

ANESTHESIA

The interaction of *anesthetics* with **adrenergic** drugs: a guide for the practitioner. 118443
Effect of bombesin on erythropoietin production in the *anaesthetized* **dog.** 117867
Effects of chloramphenicol on Tilazol (CI-744) *anesthesia* in **dogs.** 118577
Effects of chronic DDT/DDE exposure on *anesthetic* **induction** and recovery times in rainbow trout (Salmo gairdneri). 123730
Shock therapy and *anesthetic* **management** in gastric dilatation-volvulus [Dogs]. 119120
Effects of antihistamines on the lung vascular response to histamine in *unanesthetized* **sheep.** Diphenhydramine prevention of pulmonary edema and increased permeability. 117805
Modification in the methods of preliminary **surgical** *anesthesia.* 118431
Answers to some common questions about Vetalar (ketamine HC1) **[Veterinary** *anesthetics].* 118575

ANESTRUS

How long does the **postpartum** *anoestrus* last in sheep under certain conditions. 1. The service interval. 118219
How long does the **post-partum** *anoestrus* last in sheep under certain conditions. 2. Non-pregnant period. 118220

ANETHUM

Evaluation of dillapiole [from *Anethum* **sowa**] and dihydrodillapiole as synergists for pyrethrins [insecticide] in dust formulations [Tribolium castaneum]. 123585

ANEURYSM

A fatal case of **aortic** *aneurysm* in a goat. 119097
Embolic **pulmonary** *aneurysms* in yearling feedlot cattle. 119130

ANGIOSPERMAE

Comparative pollen morphology and phylogeny of the ranalean **complex** *[Angiospermae].* 120055
Structure of brazilian woods of **dicotyledonous** *angiosperms.* XIV. Icacinaceae (Discophora guinanensis Miers). 120434
Plate tectonics and its bearing on the geographical origin and **dispersal** of *angiosperms.* 120059
Pollen and leaves from the Mid-Cretaceous Potomac group and their bearing on **early** *angiosperm* evolution. 120060
The stratigraphic setting of **early** *angiosperm* pollen. 120180
Arrangement of some monosulcate, disulcate, trisulcate, dicolpate, and tricolpate pollen types in the tetrads, and some aspects of **evolution** in the *angiosperms.* 120504
The adaptive significance of the **exine** *[Angiosperms].* 121235
Character correlations among *angiosperms* and the **importance** of fossil evidence in assessing their significance. 120054
Middle Cretaceous floral provinces and early **migrations** of *angiosperms.* 120057
Seeds, seedlings, and the origin of *angiosperms* **[Palesbotany].** 120061
Origin and early evolution of *angiosperms:* a **perspective.** 120058
Evolutionary significance of the exine in the pollen of **primitive** *angiosperms.* 120175
Evolutionary significance of chromosomal differentiation patterns in gymnosperms and **primitive** *angiosperms.* 120716
Importance of photosynthetic cotyledons for early growth of **woody** *angiosperms.* 121823

ANGIOTENSIN

Angiotensin II **release** from the hypoxic lobe of the intact dog lung. 117821

ANGOPHORA

Angophora hispida, anew name for *Angophora* **cordifolia** (Myrtaceae). 120161

ANGUINA

Identification of seed-like structures [formed by six fungus genera, *Anguina* **nematode** galls and solanaceous sclerotic granules]. 122762

ANHYDRASE

Mammalian **carbonic** *anhydrase* isozymes: evidence for a third locus [Sheep, mice, rabbits, chickens]. 117810

Photosynthesis and **carbonic** *anhydrase* activity in Zn[zinc] deficient peaches irradiated with ultraviolet light. 121676

ANHYDRIDES

Identification of **D-valyl-L-tryptophan** *anhydride* from Aspergillus chevalieri [Fungi]. 121253

The reaction of the histidine residues of [bovine and procine] luteinizing hormone with **ethoxyformyl** *anhydride*. 117603

ANIMALS

Investigations with pen raised and wild fur **bearing** *animals*. 117510

Practical aspects of *animal* **behavior** problems. 118562

Relationships between the method of manuring and *animal* **behavior** on pastures [Dactylis glomerata]. 3. Effects of lime manuring on pastures and the grazing behavior of young bullocks. 122102

Tetracyclin residues in the bones of *animals* and their **behaviour** during processing. 116136

Cyclic nucleotides, intracellular chemical mediators *[Animal* **biology,** enzymes]. 117912

CBS [Columbia Broadcasting System] cancer **bogeyman** *[Animals]*. 119091

Immunological defense mechanisms with special reference to **bovine** *animals*. 118955

Animal **breeding** and the meat industry in Gambia. 117427

Animal **breeding** in north Bulgaria and the Balkan mount region by the end of the Ottoman yoke as viewed by Kanitz Felix. 117513

Effect of sampling errors on efficiency of selection indices. 2. Use of information on associated traits for improvement of a single important trait *[Animal* **breeding].** 118208

Legal problems connected with the disposal of *animal* **carcasses.** 115813

Legal problems connected with the disposal of *animal* **carcasses.** 115814

Helminths of domestic **carnivorous** *animals* in Kishinev [Dogs, cats]. 118874

Comparative study of metiazinic acid cytotoxicity for *animal* **cell** and plant cell. 119229

The repair of the surface structure of *animal* **cells** [Chick embryos]. 117804

Community *animal* husbandry [Legal aspects]. 115792

Practitioner network aids **companion** *animal* research [Morris Animal Foundation]. 118563

The role of the lateral hypothalamus in determining the body weight set point [in **control** *animals]*. 116384

The performance of Santa Gertrudis, Sahiwal, Brahman and **crossbred** *animals* in the intermediate savannahs of Guyana. 2. Birth weight and preweaning performance [Cattle]. 117760

A simple test for glutathione peroxidase and selenium **deficiency** *[Animals]*. 119201

Dialectal *animal* names and folkloric reports on the animal kingdom of Zurich Canton [Includes livestock and insects]. 117516

Animal **disease** incidence in 1974. 1. Disease of cattle. 118455

Blood secrets *[Animal* **disease** diagnosis]. 118491

Animal **disease** constraints to world food production. 118557

Some managerial principles relating to prevention and control of *animal* **diseases.** 118523

Training and upgrading of veterinarians in prevention and control of *animal* **diseases.** 118526

Control of *animal* **diseases** through vaccinations. 118683

Rabies treatment of persons bitten by *animals* **[Dogs,** cats]. 118671

What is "applied ethology"? [Behavior of **domestic** *animals]*. 117529

Studies of cold tolerance in **domestic** *animals* (Review). 117731

Studies of heat tolerance in **domestic** *animals* (Review). 117732

Study of the role of the skin and hair coat in the adaptation of **domestic** *animals* to extreme environmental temperatures (Review). 117733

Proteins in feeding **domestic** *animals*. 118160

Variability and inheritance of heat tolerance in **domestic** *animals*. 118317

Viruses other than arenaviruses from West African wild mammals: factors affecting transmission to man and **domestic** *animals*. 118673

The 1973 epidemic of Japanese encephalitis [virus] in West Bengal: a serological survey of **domestic** *animals* [Swine, cattle]. 118748

Trypanosomiasis of **domesticated** *animals* of South America. 118968

The meadow vole as an **experimental** *animal*. 117467

A miniature, readily available electrode pedestal for recording cerebral and other electrophysiological activity from several species [of **experimental** *animals]*. 117843

Testing effectivity of Salmonella typhi vaccine in *animal* **experimentation.** 118878

Animal **experiments:** a personal view [Biologic research]. 117615

Agricultural cooperative of Broons (Cotes-du-Nord) *[Animal* **farm].** 115328

Occurrence of enzymes in amniotic fluid of **farm** *animals*. 117855

Sensitivity of various laboratory and **farm** *animals* to Clostridium perfringens intoxication (mouse, guinea-pig, rabbit, chicken, piglet, lamb). 118842

Animal **farming** in Rwanda. 117428

Vegetable oils and *animal* **fats** as renewable resources for plastics and coatings applications. 116806

Animal **feeding** stuffs 1975 [Production, trends]. 117328

Mecadox [for use in *animal* **feeds**]—a review and revelation [in preventing and treating swine dysentery]. 118887

The utilization of *animals* for **food** production. 117404

Regulation of reaginic antibody **formation** in *animals*. 118893

Diagnosis of **rabies** in *animals*. 119005

Theoretical model of ruminant adipose tissue metabolism in **relation** to the whole *animal*. 117685

Ecological and genetic nature of functional organization (structure) of the adaptive **response** of *animals*. 118314

Leucaena leucocephala—an evergreen protein-rich tree fodder and the possibility of using it in the dietary of *animals*. 1. **Sheep.** 118081

Investigations into the lead and cadmium content of meat and organ samples from **slaughter** *animals*. 116119

Refeeding stomach content of **slaughtered** *animals*. 118067

Rush pinning of **small** *animals* [Osteosynthesis]. 118521

The intensive care unit in **small** *animal* practice. 3. Observations on monitored parameters. 118582

The intensive care unit in **small** *animal* practice. 2. Personnel and equipment. 118583

The intensive care unit in **small** *animal* practice. I. Intensive care and the traumatized patient. 119291

Purification and comparison of elastins from [10] different *animal* **species** [Includes cattle, swine, chickens]. 117552

Service infections, especially IBR/IPV [infections bovine rhinotracheitis/infectious pustular vulvovaginitis], a problem for **state** *animal* disease control [West Germany]. 118657

Determination of biologically optimum **temperature** *[Animals].* 117852
Ultrasound **therapy** for *animals.* 118499
Antibiotic residues and their recovery from *animal* **tissues** [Meat, residues]. 116187
Quantitative evaluation of heat **tolerance** in *animals.* 117721
Public health aspects of *animal* **tumor** viruses. 118964
Control and safeguarding of udder health of conventionally reared heifers and young cows in preparation of the opening of a dairy cattle **unit** for 2,000 *animals.* 118504
Japanese quail—a source of **valuable** *animal* protein for masses. 117487
Plants regarded by Africans as being of medicinal **value** to *animals.* 118543
The Douglas fir tussock moth [Orgyia pseudotsugata] DDT application of the summer of 1974: effects of the DDT on non-target organisms and residue, accumulation in **vertebrate** *animals.* A progress report—February 1975. 123494
Suitability of carriers for the examination of disinfectants against *[animal]* **viruses.** 118660
Suitability of carriers for the examination of disinfectants against *[animal]* **viruses.** 118661
Making the most of *animal* **wastes.** 116940
Distribution of some notable plants and *animals* of **western** Maryland. 119852
The nature of adaptational plasticity (ecologic valency) in [domestic and **wild**] *animals.* 117734

ANIONS
Effects of *anion* **exclusion** upon the fitting of theoretical breakthrough equations to solute transport data [Negative adsorption]. 124866
Electron spin resonance studies of structure and conformation in *anion* **radicals** formed during the autoxidation of hydroxylated coumarins. 121193

ANNONACEAE
Structure of the exine in some **genera** of *Annonaceae.* 120513

ANOMALA
New species of North **American** *Anomala* (Scarabaeidae: Anomalinae) [New taxa]. 124401

ANOPHELES
Patterns of DNA synthesis in polytenic chromosomes of **hybrid** *Anopheles* atroparvus X Anopheles labranchiae (Diptera: Nematocera). 124146
Contribution to the study of the "maculipennis complex" (Diptera, Culicidae, Anophelinae). 1975 statement *[Anopheles* **maculipennis].** 123819
The development of anophelism in south Moravia *[Anopheles* as **pests** of animals, malaria vectors]. 123617

ANOPLOCEPHALA
Chemoprophylaxis for *Anoplocephala* to **infestations** of sheep [Moniezia, Thysaniezia]. 119020

ANOREXIA
Satiety: hypothalamic stimulation, *anorectic* **drugs,** and neurochemical substrates [Control of feeding]. 116374
Salivation as a measure of appetite: studies of the *anorectic* **effects** of calories and amphetamine. 116373

ANTENNA
Acetylcholine and its metabolic enzymes in **developing** *antennae* of the moth, Manduca sexta. 123873
Ultrastructural morphology of two sensilla placodea on the *antenna* of a **parasitic** wasp [Tetrastichus hagenowii]. 124132
Antennal **receptor** response to sex pheromone mimics in the American cockroach [Periplaneta americana]. 124094

ANTHELMINTICS
Effect of *anthelminthic* **administration** in one-year-old heifers during the rainy season. 118670
On the activity of *anthelmintics* against **Capillaria** hepatica [Rats]. 118653
On the activity of *anthelmintics* against **Capillaria** hepatica [Rats]. 118654
Duck deaths from accidental ingestion of *anthelmintic* **[2,2-dichlorovinyl** dimethyl phosphate]. 118623
Effect of pre- and **postweaning** *anthelmintic* drenching on live-weight gain and wool weight in Romney ewe hoggets. 118850
Effect of *anthelminthic* **residual** action in weaned heifers in the dry season. 118669
Effect on liveweight gain and wool weights of *anthelmintic* and **selenium** drenching of mountain country Merino and halfbred ewe hoggets. 118851
In **vitro** *anthelmintic* activity of disalts of embelin [Embelia ribes]. 118745

ANTHERS
Microsporogenesis and *anther* **development** in male-sterile and male-fertile forms of rye. 120670
Dimorphous *anthers* of Mucuna gigantea. 120494
Anther and **pollen** infection in relation to the pollen and seed transmissibility of two strains of barley stripe mosaic virus in barley. 122826

ANTHOCORIDAE
Development of Anthocoris sibiricus Reuter (Heteroptera, *Anthocoridae)* at **constant** and fluctuating temperatures with the green peach aphid Myzus persicae (Sulzer) as prey. 123427
The genus Elatophilus Reuter in North America with descriptions of two new species [Elatophilus minutus, Elatophilus antennatus] **(Heteroptera:** *Anthocoridae).* 124274

ANTHOCORIS
Development of *Anthocoris* **sibiricus** Reuter (Heteroptera, Anthocoridae) at constant and fluctuating temperatures with the green peach aphid Myzus persicae (Sulzer) as prey. 123427

ANTHOCYANINS
The geotropic curvature in roots of Norway spruce (Picea abies) **containing** *anthocyanins.* 121825

ANTHOMYIIDAE
Incorporation of tritiated thymidine in germinal and somatic cells of the onion fly, Hylemya antiqua (Diptera: *Anthomyidae),* as determined by **autoradiography.** 123889
Quantitative determinaton ofpopulation movements of various Hylemya species, especially Hylemya brassicae Bouche (Diptera, *Anthomyiidae),* during the whole **year.** 124082

ANTHONOMUS
To mark the male *[Anthonomus* **grandis,** cotton]. 123273
Results of a three-year cotton pest *[Anthonomus* **grandis,** Heliothis zea] management program in the Hill Section of Mississippi. 123287
New chemosterilants for boll weevils *[Anthonomus* **grandis,** cotton]. 123288
Cotton insect pest management, 1976 [Heliothis virescens, *anthonomus* **grandis,** Heliothis zea]. 123298
Quality control assessments of male sterility during the 1972 and 1973 pilot boll weevil *[Anthonomus* **grandis]** eradication experiment [Cotton]. 123355

ANTHOPHORIDAE
New Australian allodapine bees (subgenus Exoneurella Michener) and their immatures **(Hymenoptera:** *Anthophoridae).* 124467

ANTHRACNOSE
Changes in lipids during growth in Gloeosporium ampelophagum [the fungus that **causes** *anthracnose* disease in grapevine]. 122629

ANTHRAQUINONES
Gas-liquid chromatography of trimethylsilyl ethers of naturally **occurring** *anthraquinones* [found as products of a number of fungal species]. 121181

ANTHRAX
Anthrax [**Bacillus** anthracis] of reindeer and measures of controlling it. 118720
Bacteriocin production in **Bacillus** *anthracis.* 119019
Indirect hemagglutination with the use of glutaraldehyde-treated [sheep] erythrocytes to **determine** *anthrax* antibodies. 118985
Uan'e reaction in cows immunized with the STI [Sanitary Technical Institute] **vaccine** *[Anthrax].* 119036

ANTHRENUS
Food utilization by Attagenus megatoma and *Anthrenus* **flavipes.** 123532

ANTHRIBIDAE
Anthribidae from **Ghana** (Coleoptera, Anthribidae) [New taxa]. 124426

ANTIBACTERIAL *see* **BACTERICIDES**

ANTIBIOSIS
Genetic aspects of *antibiosis* to **Aphis** gossypii in Cucumis melo [muskmelon] from India. 123408

ANTIBIOTIC
Chemotherapeutic and *antibiotic* **activity** on Escherichia coli [in poultry]. 118643
Antibiotic **activity** of phospholipids from some microorganisms [including yeasts and other fungi]. 121091
Antibiotics **affect** everybody's health and your pocket [Residues in dairy products]. 116070
Some systemic effects of [an **anti-tumor** *antibiotic]* adriamycin on the dog. 118778
Antibiotic-resistant **bacteria** [Pseudomonas aeruginosa, Pseudomonas putida, or Pseudomonas fluorescens] in raw meat from retail markets. 116196
The administration of oxytetracycline *[antibiotics]* into **chick** yolk sacs. 118772
Administration of [the *antibiotic]* **Chloramphenicol** in cats. Serum concentrations after oral, subcutaneous and intramuscular application. 118647
Effect of Virginiamycin administered to rabbits in auxinic dosages *[Antibiotic* **feed** additives]. 118164
Spermatocyte chromosome aberrations induced by *antibiotics* in **grasshoppers** [Poecilocerus pictus. 2. Mitomycin-C. 124157
Anticoccidial **immunity** [to Eimeria] in large chicken flocks. 118925
The effect of fetal bovine serum on polyene **macrolide** *antibiotic* cytotoxicity and antifungal activity [for control of tissue culture contamination]. 117740
Do vaccines & *antibiotics* **mix?** [Cattle]. 118686
Evaluation of the [new anti-diarrheal] **non** *antibiotic* peroral preparation Igurdin in field practice in calves [Gastroenteritis]. 119014
Effect of nisin [a **polypeptide** *antibiotic]* on prolonging the keeping quality of pasteurized milk. 116928
Effect of nisin [an *antibiotic,* **produced** by certain strains of Streptococcus lactis] on the germination and proliferation of spores of some aerobic spore-formers in nutrient medium [Food processing]. 116844
Effect of nisin *[antibiotic* **produced** by Streptococcus lactis] in the presence of L-alanine on the germination and outgrowth of Bacillus sublitis spores [used in the food and dairy industry]. 116845
Effect of nisin [an *antibiotic* **produced** by certain strains of the common dairy organisms Streptococcus lactis] on heat resistance and gas production of some spore-formers. 116927
Effect of nisin *[antibiotic* **produced** by Streptococcus lactis] on reducing the thermal process in commercially sterilized milk. 116929
Antibiotics in **raw** milk consumed in the city of Santa Maria, Rio Grande do Sul [Milk contamination]. 116250
Antibiotic **residues** and their recovery from animal tissues [Meat, residues]. 116187
Identification of *antibiotic* **residues** in milk by thin-layer chromatography. 116192
Antibiotic **residues** in milk—an area of veterinary responsibility. 118857
Gentamycin in young turkeys *[Antibiotic* **residues,** toxicity]. 119280
Staphylococcal mastitis in cows, buffaloes and goats and their *antibiotic* **sensitivity** [Staphylococcus aureus]. 118738
Determination of residual amounts of the tetracycline **series** *antibiotics* in meat products. 116267
Virginiamycin *[Antibiotics,* **toxicity,** residues, cattle, swine, poultry]. 118924
Aminosidine *[antibiotic]* in the **treatment** of bovine mastitis [Staphylococcus aureus, Streptococcus agalactiae]. 118920
Selection of *antibiotics* for **treatment** of livestock carriers of Leptospira. 119033

ANTIBODIES
Immunofluorescent localization of acrosin in spermatozoa by boar **acrosin** *antibodies.* 118379
Indirect hemagglutination with the use of glutaraldehyde-treated [sheep] erythrocytes to determine **anthrax** *antibodies.* 118985
The use of **antiaminophencyclidine** *antibodies* for development of a sensitive radioimmunoassay [Rabbits]. 118967
Kinetics study on intervention of few purified **antibacterial** *antibodies* [Mice, hamsters]. 118917
Anti-liver *antibody* in rabbits infected with Schistosoma japonicum. 118595
Assessment of pevalence of **antitoxoplasma** *antibodies* in clinically healthy horses [Toxoplasma]. 118907
Neutralization of a transmissible gastroenteritis virus of swine by **colostral** *antibodies* elicited by intestine and cell culture-propagated virus. 118604
Antibody class and **complement** requirement of neutralizing antibodies in the primary and secondary antibody response of cattle to infectious bovine rhinotracheitis virus vaccine. 118618
On some properties of the **cytophil** *antibodies* against the O-antigen of Salmonella abortusovis [Guinea pigs]. 118989
Sabin-Feldman and indirect flourescent antibody tests for **detecting** *antibodies* of Toxoplasma gondii in horse sera. 118910
Persistence of *antibody* of **feline** panleucopaenia induced by a modified live virus vaccine. 118799
Sabin-Feldman and indirect **flourescent** *antibody* tests for detecting antibodies of Toxoplasma gondii in horse sera. 118910
Indirect **fluorescent** *antibody* test for the diagnosis of coronaviral enteritis of turkeys (Bluecomb). 118603
Examination of poultry litter for Salmonellae by direct culture and **fluorescent** *antibody* technique. 118630
Fluorescent *antibody* test in diagnosis of ulcerative enteritis [Chickens, Clostridium colinum]. 118631
Histocompatibility in ruminants. The production and evaluation of *allo-antibodies* for **GL-A** typing in goats. 118794
Determination of *antibodies* in **infectious** bovine rhinotracheitis-infectious pustular vulvovaginitis of cattle. 118876
Antibody class and complement requirement of **neutralizing** *antibodies* in the primary and secondary antibody response of cattle to infectious bovine rhinotracheitis virus vaccine. 118618
Herpesvirus sylvilagus in cottontail rabbits: *antibody* **prevalence** and flea burden relationships [Cediopsylla simplex]. 118812
Rabies *antibodies* in sera of wild birds. 118814
Bovine **reaginic** *antibody.* I. Rat mast cell degranulation by bovine allergic serum. 118766
Regulation of **reaginic** *antibody* formation in animals. 118893
Antibody class and complement requirement of neutralizing antibodies in the primary and **secondary** *antibody* response of cattle to infectious bovine rhinotracheitis virus vaccine. 118618

Toxoplasma *antibody* in sera from Dublin dogs [Toxoplasma gondii]. 118773
[Pig] platelet tubulin and [bovine] brain **tubulin** *antibodies:* immunofluorescence of cell microtubules. 117644

ANTICANCER *see* CANCER

ANTICOCCIDIAL *see* ANTIBIOTIC

ANTIDIURETIC *see* DIURETICS

ANTIEROSION *see* EROSION

ANTIFERTILITY *see* CONTRACEPTIVES

ANTIFUNGAL *see* FUNGICIDES

ANTIGEN

Antigenic **analysis** and immunologic studies on the uterotropic bacterial strains SH6 and O1 isolated from cows that have miscarried. 118973
Role of milk iron in the development of immunity with the intracisternal introduction of the *antigen* **[Cattle].** 119032
Immunological studies of *antigenic* **components** of Dermatophilus congolensis [Fungal pathogen of animals]. 118712
Comparison of *antigens* of **Dermatophilus** congolensis isolates and their use in serological tests in experimental and natural infections [Fungal pathogen of livestock]. 118700
The structure of the aleutian **disease** *antigen* [of mink]. 118891
Extracellular *antigens* of Moraxella bovis [the principal cause of infectious bovine keratoconjunctivitis]. 118602
Serum **fibrinogen-related** *antigen* concentrations in the normal dog as measured by the tanned erythrocyte hemagglutination-inhibition immunoassay. 117943
Genetic control of chick helper factor in cells which lack natural **group-specific** *antigen* of avian leukosis. 118422
An attempt to cultivate the agent connected with the *antigen* of **hepatitis** B in chicken embryos. 118675
Hormone-like role of **H-Y** *antigen* in bovine freemartin gonad. 118852
Radio-active **labelling** of *antigens.* 118690
Effect of sera containing hepatitis B (HB-ag) *antigen* upon **Nicotiana** sylvestris [Tobacco, necrosis]. 122828
Demonstration of the *antigens* of the **organism** causing enzootic abortion in sheep by using the immunoperoxidase method. 119021
Immune complex extracted from acutely infected malarious chicken kidneys: physico-chemical properties of *antigen* **part** [plasmodium gallinaceum]. 118746
Etiologic diagnosis of diarrheal diseases of calves: frequency and methods for detecting enterotoxin and K99 *antigen* **production** by Escherichia coli. 118601
A contribution to the study of *antigen* **properties** of poplar leaves [Populus nigra]. 121827
Antigenic **relationship** of paralytic syndrome virus of chickens with other avian viruses as detected by immunofluorescence. 118742
Morphological and *antigenic* **relationships** between viruses (rotaviruses) from acute gastroenteritis of children, calves, piglets, mice, and foals. 118763
On some properties of the cytophil antibodies against the *O-antigen* of **Salmonella** abortusovis [Guinea pigs]. 118989
Intradermal reaction in cattle with an *antigen* **specific** of fasciola genus. First trial as a diagnostic method. 118902
Subgroup-specific *antigenic* determinants of avian RNA tumor virus structural proteins: analysis of virus recombinants. 119040
Interactions of vesicular stomatitis virus with murine cell **surface** *antigens.* 118804
Isolation of a purified skin **test** *antigen* from Blastomyces dermatitidis yeast-phase cell wall [Guinea pigs]. 118762
Chemical properties of **two** *antigens* controlled by the major histocompatibility complex of the chicken. 118785
Immunoperoxidase localization of Sindbis **virus** *antigen* in infected vertebrate and infected mosquito cells [Culicidae]. 123659

ANTIHISTAMINES

Effects of *antihistamines* on the **lung** vascular response to histamine in unanesthetized sheep. Diphenhydramine prevention of pulmonary edema and increased permeability. 117805

ANTIINFLAMMATORY *see* INFLAMMATION

ANTIMONY

Vegetation of the copper and *antimony* mine **heaps.** 120316

ANTIMYCIN

Cyanide and *antimycin* A **nonsensitive** respiration of mitochondria of the yeast Candida lipolytica. 121096

ANTIOXIDANTS *see* OXIDANTS

ANTIRRHINUM

Gene-dependent growth of plant meristems, investigated on the development of isolated roots of different genotypes of *Antirrhinum* **majus** L. 121432
Transpiration of snapdragon *[Antirrhinum* **majus]** under southern summer greenhouse conditions. 121684

ANTITUMOR *see* TUMOR

ANTIVIRAL *see* VIRUSES

ANTS

Behavioral observations on Aethalion reticulatum (Hemiptera, Aethalionidae) and **associated** *ants.* 123993
Effects of juvenile hormone analogues on caste differentiation in the imported **fire** *ant,* Solenopsis invicta. 123246
Flight and survival of alate red imported **fire** *ants* [Solenopsis invicta] after mirex treatment. 123247
Ants **[Formicidae]** of Mobile County, Alabama, as monitored by bait transects. 123245
Dicrocoelium dendriticum analogous changes in behavior of *ants* of the **genus** Formica [pratensis] after infections with a fungus of the genus Entomophthora. 124175
Comparative ecology of the **harvester** *ants* Pogonomyrmex barbatus (F. Smith) and Pogonomyrmex rugosus (Emery). 123995
A review of the status of **leaf-cutting** *ants* [Atta and Acromymex] and their control. 123218
The improvement of baits for **leaf-cutting** *ants* [Atta cephalotes, and Acromyrmex octospinosus, alternative types of insecticide]. 123219
Toxicant spread in laboratory colonies of the **leaf-cutting** *ant* [Atta cephalotes]. 123220
The **Pharao** *ant* [Monomorium pharaonis]: biology, hygienic importance and control. 123829
Development of resistance in the **Pharaoh** *ant* (Monomorium pharaonis). 123598
Polymorphism of the **slavemaker** *ant,* Harpagoxenus sublaevis (Nyl.). 124000
Food of **tropical** *ants.* I. Activity cycle and diet of Camponotus solon (Forel) (Hymenoptera, Formicidae). 123997
Food of **tropical** *ants.* II. Feeding bahaviour and diet of Camponotus vividus (Smith) (Hymenoptera, Formicidae). Intrageneric comparisons. 123998
A climate room for precise regulation of temperature and humidity in connection with a temperature-regulated nest site for **wood** *ants* [Formica polyctena]. 124119
The influence of body size and temperature on **worker** *ant* respiration [Formicidae]. 124093

ANYSTIS

Biology of the mite, *Anystis* **agilis** (Acari: Anystidae): a California vineyard predator [Tetranychus urticae, Erythroneura elegantula]. 123367

AONIDIELLA

Lorsban insecticide for armored scale control on Texas citrus *[Aonidiella* **auranti,** Parlatoria pergandii]. 123393

AORTA

A fatal case of *aortic* **aneurysm** in a goat. 119097
Circulating lipophages and *aortic* **foam** cells in experimental atherosclerosis of [cholesterol-fed] rabbits under altered reticuloendothelial activity. 116493
Ultrastructure of retrocerebral complex of the earwig, Euborellia annulipes, and role of *aorta* as a **neurohaemal** organ. 124056
Repair in arterial tissue; electron microscopy of evans blue vital stained embolectomy catheter lesion of the rabbit **thoracic** *aorta.* 119067
Comparative histological investigation of receptor structures in *aortic* **wall** of some vertebrate representatives [Includes chickens and rabbits]. 117689

APANTELES

Forest and laboratory evaluations of **hybridized** *Apanteles* melanoscelus (Hymenoptera: Braconidae), a parasitoid of Porthetria dispar (Lepidoptera: Lymantriidae). 123458

APATURA

Apatura **ilia** nattani ssp. N. From Hungary (Lepidoptera, Nymphalidae). 124427

APERTURE

Surface coating of **germina** *apertures* of pollen and evolution of apertures [Oxalis rosa]. 120552

APEX

Further investigations on the property of chromatins from *apical* and **axial** parts of cauliflower inflorescence. 121643
The influence of cytokinin and gibberellin on auxin mobilization: its role in regeneration and *apical* **dominance** in Marchantia polymorpha. 120974
Regulation of *apical* **dominance** by ethephon, irradiance and CO2 [carbon dioxide, peas]. 121752
Influence of Verticillium albo-atrum Rke et Berth. On the course of mitosis in *apical* **meristem** cells of lucerne (Medicago media Pers.) roots. 122618
Qualitative analysis by isoelectric focusing of the protein content of Pharbitis **nil** *apices* and cotyledons during floral induction. 121322
RNA metabolism in *apices* of **Pharbitis** nil during floral induction. 121323
The cytoplasmic RNA in the **shoot** *apex* of Chrysanthemum segetum L.: concentration, amount per cell and synthesis. 121597
In vitro culture of **shoot** *apical* meristem of Petunia hybrida for Mass production of plants. 121690

APHELANDRA

Reducing flowering time in *Aphelandra* **squarrosa** Nees with high pressure sodium lighting. 121678

APHELENCHOIDES

Finding *Aphelenchoides* blastophthorus in imported plants [Convallaria majalis, Narcissus, nematodes]. 123042

APHELINIDAE

Male inseminative potential in Aphytis lingnanensis (Hymenoptera: *Aphelinidae)* **[Biological** control agents of the armored scale insects Diaspididae]. 123230
The British species of Aphelinus with notes and descriptions of other **European** *Aphelinidae* (Hymenoptera) [New taxa]. 124462

APHELINUS

The British species of *Aphelinus* with **notes** and descriptions of other European Aphelinidae (Hymenoptera) [New taxa]. 124462

APHELOCHEIRUS

Aphelocheirus **aestivalis** in Switzerland (Heteroptera, Cryptocerrata). 124335

APHIDIDAE

Identification of nymphal instars of Aphis craccivora Koch. *(Aphididae,* **Homoptera).** 124154
Supplement to the aphid fauna of Switzerland. II. **(Homoptera,** *Aphididae).* 124349
Aphidiidae **(Hymenoptera)** and aphids (Homoptera) of Corsica. I. Aphidiidae [New taxa]. 124221
Fecundity and oviposition period of Aphidius platensis Brethes (Hymenoptera, Aphidiidae) parasitizing Myzus persicae Sulz. (Homoptera, *Aphididae)* on **paprika** [Biological control]. 123255

APHIDIUS

Fecundity and oviposition period of *Aphidius* **platensis** Brethes (Hymenoptera, Aphidiidae) parasitizing Myzus persicae Sulz. (Homoptera, Aphididae) on paprika [Biological control]. 123255

APHIDS

Fishing for *aphids* **[Acyrthosiphon** pisum infesting alfalfa]: the exploitation of a natural population. 123315
Structural analysis of the corpus allatum of an *aphid,* **Aphis** craccivora [Broadbeans]. 124050
The role of the helper virus, anthriscus yellows, in the transmission of parsnip yellow fleck virus by the *aphid* **Cavariella** aegopodii. 122817
Predation of pine **cinaran** *aphids* by spiders [Biological control]. 123478
Experimental *aphid* [Rhopalosiphum maidis] control in grain sorghum. 123342
Further notes on the *aphid* **fauna** of Sao Tome (Homoptera, Aphidoidea). 124201
Supplement to the *aphid* **fauna** of Switzerland. II. (Homoptera, Aphididae). 124349
Further notes on the aphid fauna of Sao Tome **(Homoptera,** *Aphidoidea).* 124201
Aphidiidae (Hymenoptera) and *aphids* **(Homoptera)** of Corsica. I. Aphidiidae [New taxa]. 124221
Decorosiphon corynothrix Borner, an aphid species new to the fauna of Switzerland **(Homoptera,** *Aphidoidea).* 124338
The proteins of sowthistle [Sonchus oleraceus] yellow vein virus [transmitted by the *aphid* **Hyperomyzus** lactucae]: characterization and location. 122847
The effects of various *aphids* as **larval** prey on the development of Metasyrphus corollae (Diptera: Syrphidae). 123906
Transmission of citrus tristeza virus by the **melon** *aphid* [Aphis gossypii]. 122860
Ascorbic acid and other chelating agents in the trace-mineral nutrition of the *aphid* **Myzus** persicae on artificial diets. 123884
Histological examinations of parasitized, Entomophthora-infected **pea** *aphids,* Acyrthosiphon pisum [Natural control]. 123420
Population dynamics of the **pea** *aphid* [Acyrthosiphon pisum] and its entomophages in relation to farming practices. 123439
Development of Anthocoris sibiricus Reuter (Heteroptera, Anthocoridae) at constant and fluctuating temperatures with the green **peach** *aphid* Myzus persicae (Sulzer) as prey. 123427
The fir **shoot** *aphid,* Dreyfusia nordmannianae (Eckstein). 123498
Decorosiphon corynothrix Borner, an *aphid* **species** new to the fauna of Switzerland (Homoptera, Aphidoidea). 124338
Electrical measurement of feeding by the **strawberry** *aphid* [chaetosiphon fragaefolii] on susceptible and resistant strawberries and nonhost plants. 123368
The role of nicotine in plant protection [Control of *aphids,* **thrips** and whiteflies. 123227

APHIS

Structural analysis of the corpus allatum of an aphid, *Aphis* **craccivora** [Broadbeans]. 124050
Identification of nymphal instars of *Aphis* **craccivora** Koch. (Aphididae, Homoptera). 124154
Transmission of citrus tristeza virus by the melon aphid *[Aphis* **gossypii]**. 122860

Genetic aspects of antibiosis to *Aphis* **gossypii** in Cucumis melo [muskmelon] from India. 123408

APHYTIS

Male inseminative potential in *Aphytis* **lingnanensis** (Hymenoptera: Aphelinidae) [Biological control agents of the armored scale insects Diaspididae]. 123230

APICULTURE

Apiculture [**Apis** mellifera adansonii, crossing, **aggressiveness**]. 124541
Apiculture in **Bulgaria.** 124563
Fundamentals of *apiculture* **concerning** honey chambers. 124569
Seen, heard and noted in **Czechoslovakia.** V. *[Apiculture].* 124517
Impressions on the state of *apiculture* of a **developing** country—Ivory Coast. 124547
Significance of statistical **documentation** in *apiculture.* 124581
Simplified double chamber wintering by raising the brood chamber skid *[Apiculture,* **equipment**]. 124518
Some rules in forecasting fir [honeydew] **flow** *[Apiculture].* 124582
Apiculture in the **German** Federal Republic—a sober survey. 124484
Does the future of **German** *apiculture* really lie in the honey pail? 124534
Martinique *[Apiculture].* 124555
Transporation organized to the fir [honeydew] flow [**Migratory** *apiculture].* 124588
Hold **old** is *apiculture?* 124499
Apiculture with the **opening-type** beehive in the Triglav alpine area. 124564
Improvement of *apiculture* through **planned** exploitation of forest pasture [Honeydew flow]. 124548
Pollen, pollen, pollen [Pollen **plants,** *apiculture].* 122517
Apiculture in the **Socialist** Republic of Romania. 124491

APICULTURISTS

We are because of them. XIII. *[Apiculturists,* **beekeeping** history, Europe]. 124496

APIDAE

Notes on Melipona species described by Lepeletier in 1836 **(Hymenoptera,** *Apidae).* 124417
Studies on the behaviour of Bombus Latr. Species (Hymenoptera, *Apidae)* **parasitized** by Sphaerularia bombi Dufour (nematoda) in an alpine area. 124549

APIS *see* BEES

APOCYNACEAE

Malagasy plants. XVIII. A new alkaloid from Catharanthus ovalis Mgf. *(Apocynaceae).* **Cathovalinine** or epoxy-14alpha, 15alpha hydroxy-19S tabersonine. 121365
Neoteny, evolution and the New Zealand Parsonsia **hybrids** *(Apocynaceae).* 119972

APOCYNUM

Biotransformations with plant tissue cultures [Catharanthus roseus, *Apocynum* **cannabinum,** and Conium maculatum]. 121246

APOENZYME *see* ENZYMES

APOIDEA

Dicranthidium, a new subgenus of Hypanthidioides Moure, 1947 (Hymenoptera, *Apoidea)* **[Brazil].** 124413
Bionomic notes: Hypanthidioides arenaria **(Hymenoptera,** *Apoidea).* 124139
Revision of the subgenus Euryglossa **Smith** *(Apoidea:* Colletidae: Euryglossinae) [New taxa]. 124236

APOMIXIS *see* PARTHENOGENESIS

APOSYMBIOTIC *see* SYMBIOSIS

APPENDAGES

Projection of sensory neurons from a homeotic **mutant** *appendage,* Antennapedia, in Drosophila melanogaster. 123878

APPENDIX

Minnesota agricultural **growth,** 1880-1970: *appendix.* 116008

APPETITE

Food behavior and *appetite* **explosion:** General remarks on the question. 116398
Possible interrelationship between metabolite **flux** and *appetite.* 116371
Appetite and **hunger** in experimental obesity syndromes. 116351
Salivation as a measure of *appetite:* **studies** of the anorectic effects of calories and amphetamine. 116373

APPLES

Replicas of cut surfaces of *apples* as an **aid** in estimating cell size and cell number. 120492
Characterizing *apple* tree canopies by fisheye photography. 122333
Studies on the effect of Gesatop 50 [simazine] on some apple clones.II. Quantitative changes in dry matter and sugar content in leaves of *apple* **clones** A2, MM104, MM106 and MM111. 123193
Studies on the effect of Gesatop 50 [simazine] on some *apple* **clones.** II. The content of nitrogen compounds in leaves of apple clones A2, MM104, MM106 and MM111. 123194
Studies on the effect of Gesatop 50 [simazine] on some *apple* **clones.II.** Quantitative changes in dry matter and sugar content in leaves of apple clones A2, MM104, MM106 and MM111. 123193
Commercial *apple* spray schedule. 122953
Controlling *apple* storage scald [Physiological disorders]. 122926
Effect of placement of phosphorus fertilizer and lime upon growth of Delicious and Golden **Delicious** *apple* trees. 121701
Responses of vigorous **'Delicious'** *apple* trees to pruning and growth regulator treatments. 121715
Possible causes of early leaf loss by Golden **Delicious** *apples.* 123037
Cultural studies on the Monilia disease fungus of *apples.* VI. The **effect** of light on conidial germination, mycelial growth, and sporulation [Monilinia mali]. 122587
Growth and yield of Lord Lambourne and Red Delicious trees [varieties] on **eight** *apple* rootstocks in Cyprus. 122401
Fate of chlorothalonil [fungicide] in *apple* **foliage** and fruit. 122639
On what date should *apples* be **harvested?** 122303
Relations of phenolic inhibitors to resistance of **immature** *apple* fruits to rot [Botrytis cinerea, Penicillium expansum, Alternaria]. 122646
Influence of fungicidal treatments on the quality and cold storage peservation of **Imperatore** *apples.* 117255
Application of socialist principles of process organization to **industrial** *apple* production. 115460
The role of varietal differences and qualitative condition of *apples* in their **infection** with bitter rot [Gloeosporium perennans, Gloeosporium album]. 122627
Heat resistance of ascospores of the genus Byssochlamys [Fungi]. Dependence of saccharose and malic acid in *apple* **juice.** 116023
Resistance to European red mite, Panonychus ulmi **(Koch),** in *apple.* 123409
Influence of spray adjuvants and multiple applications of benomyl and oil on photosynthesis of *apples* **leaves** [Apple scab, Venturia inaequalis]. 122620
Sprout control of *apple* **nursery** stock with NAA [napthaleneacetic acid]. 121679
Insecticide-resistant predatory mites [Typhlodromus pyri] feed on European red mite, Panonychus ulmi] in *apple* **orchards.** 123428
Studies on the poliution of *apple* **orchard-surface** soils and its improvement in relation to inorganic spray residues. I. Arsenic injury to adsuki bean (Phaseolus angularis cv. **"Takara").** 122916
Apple and **pear:** Malus and Pyrus spp. (Rosaceae). 122344
Experiments with field cages on the effect of climatic factors on the codling moth (**Laspeyresia** pomonella L.) *[Apple* and **pear** pests]. 123432
Ripeness and harvesting of **pears** and *apples.* 122199
Alternate methods for control of the codling moth [Laspeyresia pomonella, *apples,* **pears].** 123421
An integrated system for *apple* **pest** management. 122993
Codling moth [Cydia pomonella, *apple* **pests].** 123362
Notes on the biology of Prionus laticollis (Coleoptera: Cerambycidae) *[Apple* **pests].** 123383
Blight of pears, *apples,* and **quinces.** 122806
The effect of nitrogen on young, newly-planted, *apple* **rootstocks** in the presence and absence of grass [and weed] competition. 123093
Annurca, an *apple* that should be **saved** [Varieties]. 122304
Influence of spray adjuvants and multiple applications of benomyl and oil on photosynthesis of apples leaves *[Apple* **scab,** Venturia inaequalis]. 122620
Methods of testing the aggressiveness of different strains of a causal agent of *apple* **scab,** Venturia inaequalis (Cke.) Wint. 122654
Apple **scab** [Venturia inaequalis] predictive and monitoring systems. 122661
Benzimidazole tolerance in Venturia inaequalis *[apple* **scab]** in New Zealand. 122745
Apple **slice** impregnation with fruit juices [Storage, processing]. 117264
Contribution to the knowledge of standard and spur Red Delicious and to **Stayman** *apple* trees [Varieties]. 122306
Stomatal distribution as an index for predicting the growth potential of *apple* **stocks.** 121729
Effect of soil on the physiological activity of *apple* **tree** secretions. 121654
Investigations on the *apple* **tree.** 9. Pomological and agronomic cards of Red Delicious spur clones [Varieties]. 122308
Investigations on the *apple* **tree.** 8. Behavior of a Golden Delicious spur clone on different rootstocks. 122309
Glassiness of *apples* [on the **tree** and in storage]. 122930
Improvement of *apple* **trees** for resistance to parasitic fungi and harmful arthropods [Breeding]. 120610
Melanin-like substances in the soil under *apple* **trees.** 121655
Evaluation of the nutrient status of *apple* **trees** [in various regions of Poland]. 121776
Investigations on the rootstocks of *apple* **trees** grown without pruning. 122310
Apple **trees** in the suburban forest as hosts for insects and mites. 123403
Plictran: some factors in effective integrated control of European red mite [Panonychus **ulmi,** *apples].* 123429
Forecasting the flowering stages of *apple* **varieties** in Kent, England, by the use of meteorological data. 122173
Apple **varieties** in Spain. 122185
Lighting of leaf canopy and the yielding ability of Zimny Zolotoy Parmen as affected by the planting pattern and the form of the crown *[Apples,* **varieties].** 122499
Behavior of *apple* **varieties** on different beds in the Havelland fruit growing area [East Germany]. 122509
Productivity of the standard and spur Red Delicious, the golden Delicious and the **Yellowspur** *apple* trees in relation to the rootstock. 122315
Effect of lateral shoot orientation on growth and flowering of **young** *apple* trees. 121667
The carbon budget of a **young** *apple* tree [Photosynthesis, respiration, solar radiation, temperature]. 121717

APPLICATORS

Apply pesticides correctly: a guide for the **aerial** *applicator.* 123763
Pesticide *applicator* training for use of restricted herbicides. 123749

APPRAISAL

The epidemiology of common root rot [Cochliobolus sativus] in Manitou wheat. IV. *Appraisal* of **biomass** and grain yield in naturally infected crops. 122590
Soils of the Inangahua Depression, South Island, New Zealand. II. Soil chemistry & **forestry** *appraisal.* 124852
Studies of superobesity. II. **Psychiatric** *appraisal* of surgery for superobesity [Diets]. 116378
Scientific *appraisal* of some medicinal plants in the indigenous & modern systems of medicine [India]. 116782

APPRESSORIUM

Appressorium **formation** and nuclear division in Colletotrichum truncatum. 122575

APRICOTS

Cherry, plum, peach, *apricot* and **almond:** Prunus spp. (Rosaceae). 122352
Apricot **cultivation** overseas. 122300
Isolation of Eutypa armeniacae from grapevines in New York and inoculation to *apricot* **[Dieback,** Cytosporina]. 122752
Growing *apricot* [species] in the Frostyanefs [dendrologic] park. 122195
Degradation of the texture of fruits processed in syrup. Study on the hydrolysis of **protopectin** of *apricots.* 117267
Problems and prospects of *apricot* **tree** culture. 122314

APTERYGOTA

Two new Tullbergiinae **genera** *(Apterygota,* Collembola) [Wankeiella, Marcuzziella]. 124471

AQUATIC

Aquatic and *semi-aquatic* **diptera** of Indiana. 124411
The possibilities of a new kind of microecosystem in *aquatic* **ecosystem** research [Includes Algae]. 120361
Conservation of water by Salvinia [auriculata] sp. *[Aquatic* **fern** weeds]. 121128
Is there a relationship between *aquatic* **herbicides** and water quality? [Residues, pollution]. 123748
Influences on the carbon dioxide balance of submersed **higher** *aquatic* plants in flowing water by noxious substances contained in water [Potamogeton pectinatus, Amblystegium riparium]. 120850
Ecological studies on the *aquatic* **insect** in the upper region of the Chikuma-river, Nagano Prefecture, Japan. I. Life cycle and growth state of the Ephemerella trispina group (Ephemeroptera: Ephemerellidae), and aquatic insect fauna in summer. 124357
The relation of energy and organic carbon in *aquatic* **invertebrates** [Includes insects]. 124072
A note on *aquatic* **macrophyte** productivity in Lake Maggiore. 121271
Nutrient content of the *aquatic* **macrophytes** Elodea canadensis and Ceratophyllum in the course of the year. 121078
The effects of various components of water pollution on the behaviour of some *aquatic* **macrophytes** of the coastal rivers of Israel [Possible use as toxicity indicator plants]. 125381
A method for **marking** *aquatic* Coleoptera. 124079
A requirement for cytoplasmic protein synthesis during chloroplast senescence in the *aquatic* **plant** anacharis canadensis. 121317
Bacteriocenotic studies on a weakly dystrophic waters *[Aquatic* **plant** communities, Austria]. 121355
Cost reduction in *aquatic* **plant** harvesting [controlled by herbicides: biological means]. 123122
The distribution of Najadaceae, Potamogetonaceae, Ruppiaceae, Zannichelliaceae, and Zosteraceae within Denmark *[Aquatic* **plants].** 119977
Distribution of some *aquatic* **plants,** especially the Potamogeton genus, in southern and eastern Lower Saxony. 120029
Manganese, copper and chromium content in macrophytes of Lake Endine (northern Italy) *[Aquatic* **plants].** 121272
Investigations on the uptake of alpha-aminobutyric acid and L-valine by leaves of Egeria densa Planch *[Aquatic* **plants].** 121382
They help determine water **quality—***aquatic* invertebrates. 125536
Methods of **sampling** *aquatic* beetles in the transitional habitats at water margins. 123918

Aquatic and **semi-aquatic** diptera of Indiana. 124411
A new **subterranean** *aquatic* beetle [Haideoporus texanus] from Texas (Coleoptera: Dytiscidae-Hydroporinae). 124213
The flora and *aquatic* **vegetation** of the southern and Pallanza waters of lake Maggiore. I. Preliminary observations. 120182
Control of *aquatic* **vegetation** in farm dams. 123188
Three examples of applied remote sensing of vegetation *[Aquatic* **weeds,** urban planning, plant disease quarantine]. 115159

AQUEOUS
The vapour pressure of *aqueous* **fructose** solutions. 119767
Volatility, in an *aqueous* **medium,** of DDT retained on homoionic vermiculite [Water and air pollution]. 123685
Mechanism of degradation of thiofanox [systemic insecticide] in *aqueous* **solutions.** 123240
Aqueous **solvents** for extracting glanded cottonseed protein without gland rupture. 117127

AQUIFERS
Modelling of *aquifer* **behaviour** for long time periods using interactive analogue-digital computers. 125241
Waste injection into the Hawaiian **Ghyben-Herzberg** *aquifer:* a laboratory study using a sand-packed hydraulic model. 125568

ARABLE
Stem eelworm on *arable* **crops** [Ditylenchus dipsaci, nematodes]. 122881
New provisions of the statute and regulatory gazette of North Rhine-Westphalia [Protection of *arable* **land** and forests]. 115978
Studies of applying wastewater discharged from the potato starch factories to *arable* **land.** 1. The influence of spray irrigation of wastewater in grassland on grasses and soil properties. 125546
Stock of weed seeds in the *arable* **layer** and ways of decreasing it. 123196
Throughflow as a mechanism responsible for excessive soil salinisation in non-irrigated, **previously** *arable* lands in the Western Australian wheatbelt: a field study. 124791
The value of specific surface of *arable* **soils** in the Estonian SSR. 124906

ARACEAE
Edible aroids: Alocasia, Colocasia, Cyrtosperma, **Xanthosoma** *(Araceae).* 122360

ARACHIS
Groundnut: *Arachis* **hypogaea** (Leguminosae-Papilionatae). 121947
Atrophy of nodular system in the virus-affected groundnut, *Arachis* **hypogaea** L. 122832

ARACHNIDA
A survey of distribution of the wasp spider Argyope **bruennichi** *(Arachnida,* Araneae). 124284
On Colombian **Cryptocellus** *(Arachnida,* Ricinulei). 124211
Contribution to the knowledge of the *Arachnid* **fauna** in Slovakia [New taxa]. 124240
Two new genera of Chthoniidae from Chile: Chiliochthonius and **Francochthonius** *(Arachnida,* Pseudoscorpionida). 124264
Harvestmen, **Opiliones** *(Arachnoidea).* 124305
Ventilation movements in **Solifugae** *(Arachnida,* Solifugae). 124183
Spiders from **Spitzbergen** *(Arachnida,* Aranei). 124348

ARALIACEAE
Results of a comparative morphological study of the genus Pentapanax Seem. **(Family** *Araliaceae).* 120076
Comparative anatomical and morphological study of the leaf in the genus **Panax** L. *(Araliaceae).* 120071
"Punctuations" in the foliar lamina of the genus Dendropanax Decne. and **Planch.** *(Araliaceae).* 120436

ARANEAE
A survey of distribution of the wasp spider Argyope bruennichi **(Arachnida,** *Araneae).* 124284
Two new species of Nephila [schweinfurthi, Nephila turneri] *(Araneae,* **Argiopidae)** from the Ethiopian region. 124265
A new species of Mygalomorphae from Madagascar: Legendrella pauliani, type of a new **genus** *(Araneae,* Migidae). 124250
African stations of spiders of the genera Nephila Leach and Nephilengys **Koch** *(Araneae,* Argiopidae), from the collections of the [French] National Museum of Natural History [New taxa]. 124251
Energy metabolism in the wolf spider Pardosa palustris (L.) *(Araneae,* **Lycosidae)** from Hardangervidda, southern Norway. 124113
Production of faeces, excreta, and silk in the wolf spider pardosa palustris (L.) *(Araneae,* **Lycosidae)** from Hardangervidda, southern Norway. 124115
Maro minutus (Cbr.) *(Araneae)* **new** to Norway. 124370
Observation of non encysted spermatozoon in a spider belonging to the genus **Phoroncidia** *(Araneae,* Theridiidae). 123852
Note on Euprosthenops ellioti (Pickard-Cambridge O. 1877) *(Araneae,* **Pisauridae,** Pisaurinae) [New taxa]. 124271
Notes on eight species of **spiders** *(Araneae)* from the Saltfjellet area, Nordland. 124374
Species composition and distribution of **spiders** *(Araneae)* in Iceland. 124380

ARANEI
Spiders from Spitzbergen **(Arachnida,** *Aranei).* 124348

ARANEIDA
Altitudinal zonation of the invertebrate fauna [Heteroptera, Cicadidae, Coleoptera, *Araneida]* on **branches** of birch (Betula pubescens Ehrh.). 124361
Discrimination between prey types: an innate component of the predatory behaviour of *araneid* **spiders** [Argiope argentata Argiope aemula]. 124176

ARBORETUM
Review of the bulletin "Arnoldia" (USA) [on the hundredth anniversary of the **Arnold** *Arboretum].* 119874
A visit to the *Arboretum* **Herb** Garden. 119905
Results of introduction of woody plants in the **Perkalskii** *Arboretum.* 119873

ARBUTUS
Arbutus **andrachne** in the reservation "Mys Mart'ian". 119952

ARCEUTHOBIUM
Fire and dwarf mistletoes *[Arceuthobium]* in **North** American coniferous forests [Prescribed fire for control]. 119603

ARCHITECTURE
Some questions on college education in the department of **landscape** *architecture.* 122512

ARCTAGROSTIS
Plant succession on an active tundra mud slump, Garry Island, Mackenzie River Delta, Northwest Territories [Senecio congestus, *Arctagrostis* **latifolia,** Eriophorum scheuchzeri, vegetation]. 120333

ARCTIC
The data bank of the **British** *Antarctic* Survey's botanical section. 120047
Endolithic blue-green algae in the dry valleys: primary producers in the *Antarctic* **desert** ecosystem. 120397
Water availability to some *arctic* **ecosystems.** 125326
Growth responses to salinity variation in four *arctic* **ice** diatoms [Algae]. 121206
Intermittent *arctic* streams and their influence on landforms. 125196
Schistidium holmenianum, sp. Nov. From *arctic* **North** America [New taxa]. 119988
A revision of the *Palaearctic* **Tachydromiine** genus Dysaletria Loew (Diptera: Empididae) [New Taxa]. 124469
The **western** *Palaearctic* Ichneumonidae (Hymenoptera) of British authors. 124248

ARCTIIDAE
Contribution to the study of the insect fauna of Sumatra. 4. Fine new Cyana species **(Lepidoptera,** *Arctiidae).* 124290

ARCTOSTAPHYLOS
Propagation of *Arctostaphylos* **uva/ursi** by cuttings. 122247

ARENARIA
Bionomic notes: **Hypanthidioides** *arenaria* (Hymenoptera, Apoidea). 124139

ARGAS
Observations on the subgenus Argas (Ixodoidea: Argasidae: *Argas).* A. (A.) **dalei,** new species, parasitizing the burrowing owl in Peru. 124216
Studies on some biologic properties of *Argas* **persicus** [Ticks]. 123676
Observations on the **subgenus** *Argas* (Ixodoidea: Argasidae: Argas). A. (A.) dalei, new species, parasitizing the burrowing owl in Peru. 124216

ARGASIDAE
Observations on the subgenus Argas (Ixodoidea: *Argasidae:* **Argas).** A. (A.) dalei, new species, parasitizing the burrowing owl in Peru. 124216

ARGEMONE
Removal of sanguinarine from edible oils contaminated with argemone oil *[Argemone* **mexicana].** 116169

ARGINASE
Analysis of **serum** *arginase* activity: possible applications in industrialized livestock production [to detect disorders in protein metabolism]. 119150

ARGININE
The biological degradation of *arginine* and **glutamic** acid in seawater in relation to the growth of phytoplankton. 121268
The regulation of enzyme synthesis in *arginine* **metabolism** of Saccharomyces cerevisiae [yeast, genetics]. 120733
Lysine and *arginine* **requirement** of Ustilago cynodontis [Fungi] 4001 yeast-like cells. I. Growth in the presence and in the absence of lysine. 120889

ARGIOPE
Discrimination between prey types: an innate component of the predatory behaviour of araneid spiders *[Argiope* **argentata** Argiope aemula]. 124176

ARGIOPIDAE
African stations of spiders of the genera Nephila Leach and Nephilengys Koch (Araneae, *Argiopidae),* from the **collections** of the [French] National Museum of Natural History [New taxa]. 124251
Two new species of Nephila [schweinfurthi, Nephila turneri] (Araneae, *Argiopidae)* from the **Ethiopian** region. 124265

ARGYNNIS
The flower visiting activity of some Lepidopterous [Lepidoptera] insects to the Buddleja davidii Franch (Buddlejaceae). I. Polygonia c-aureum Linnaeus and *Argynnis* **paphia** geisha Hemming. 124110

ARGYROTAENIA
Behavioral responses of **male** *Argyrotaenia* velutinana (Lepidoptera: Tortricidae) to components of its sex pheromone. 124023

ARID
The effectiveness of aerial survey for determining the distribution of rabbit warrens in a *semiarid* **environment** [Pests of pastures]. 122911
Ecological and biogeographical remarks on the entomological fauna of the *arid* **high** plains of Mexico. Description of a new Eleodes [alticola] from Popocatepetl (Tenebrionides). 124225
Cross-cultural perspectives on human adjustments to *arid* **margins** [Climate, population migration, Africa]. 115151
Estimation of evapotranspiration for water balance studies in a *semi-arid* **region.** 125293
A study of land-use systems in the *semi-arid* **zone** of Israel. 115211
Relation of adaptive response to conditions in an *arid* **zone** with types of potassium concentrations (HK, LK) in the blood of sheep. 117726

ARIETINUM
Chickpea: **Cicer** *arietinum* (Leguminosae-Papilionatae). 122353
Laboratory evaluation of malathion used as a protectant for the prevention of damage by pulse beetles to stored gram [Chickpeas] **(Cicer** *arietinum).* II> Persistance of malathionresidue [Drosophila as test insects]. 123291

ARMADILLIDIUM
Annulate lamellae in hindgut epithelial cells of Isopoda *[Armadillidium* **vulgare].** 124123
Cell junctions in the hepatopancreas of the isopod, *Armadillidium* **vulgare.** 124125

ARMOR
Male inseminative potential in Aphytis lingnanensis (Hymenoptera: Aphelinidae) [Biological control agents of the *armored* **scale** insects Diaspididae]. 123230
Lorsban insecticide for *armored* **scale** control on Texas citrus [Aonidiella auranti, Parlatoria pergandii]. 123393

ARMYWORMS
The biosynthesis of phenethyl alcohol in the male **bertha** *armyworm* Mamestra configurata. 123989
Use of microradiographic technics, instead of dissection for study of the mating status of **female** *armyworm* moths, Mythimna unipuncta, captured in light traps (Lepidoptere Noctuidae) capturees aux pieges lumineux. 124145
Control of *armyworms* **[Spodoptera]** and earworms [Heliothus zea] on sweet corn in Florida with Lorsban 4E and other insecticides. 123392

AROMATIC
Notes on molecular weights of *aroma* **compounds.** 116801
Aroma qualification of wines by gas chromatography. II. Determination of an index number **defining** *aroma* quality; its relationship with gas chromatographic peak areas and conditions of application. 117307
Formation of *aromas* in **foods.** 116707
Aromatic **materials.** 116652
Carcinogenic **polycyclic** *aromatic* hydrocarbons in Norwegian smoked meat sausages. 116176
Accumulation of **polycyclic** *aromatic* hydrocarbons in cultivated microalgae [Scenedesmus acutus]. 121300
Pyrolytic formation of **polynuclear** *aromatic* hydrocarbons from petroleum ether extractable constituents of flue-crued tobacco leaf. 117123
Aroma **qualification** of wines by gas chromatography. I. Experimental method for head space analysis. 116230
Aroma **qualification** of wines by gas chromatography. II. Determination of an index number defining aroma quality; its relationship with gas chromatographic peak areas and conditions of application. 117307
Aromatic **substances** in spices and herbs. I. 116727
Investigations into *aroma* **substances** in seasonings smoked in liquid smoke. 116732
Investigation of *aroma-producing* **substances** in wine yeast. 117237
[Food] *aroma* **values**—a useful concept? 116803

ARRENURUS
A reassessment of the numerical distribution of **watermites** *(Arrenurus* spp.) on dragonflies [Odonata] in relation to parasitism and dispersal. 123769

ARRHENATHERUM
An analysis of competitive ability in three perennial grasses *[Arrhenatherum* **elatius,** Agrostis tenuis, Festuca ovina]. 120386
Morphological variations of tall meadow oatgrass *[Arrhenatherum* **elatius**] in relation to its growing conditions. 120472

ARSENIC
Arsenic **concentrations** in some coexisting marine organisms from Newfoundland and Labrador. 125498
Studies on the pollution of apple orchard-surface soils and its improvement in relation to inorganic spray residues. I. *Arsenic* **injury** to adsuki bean (Phaseolus angularis cv. "Takara"). 122916

ARTEMISIA
Absinth wormwood *[Artemisia* **absinthium**]—a problem weed? 123112
Coumarins of *Artemisia* **parviflora** Roxb. 121020
Seed formation in *Artemisia* **rhodantha** Rupr. 121108
Feeding value of *artemisia* **rhodantha** according to the amino acid composition of proteins. 121489

ARTERIOVENOUS
Pulmonary *arteriovenous* anastomoses in the avian lung: do they exist? [Chickens]. 117898

ARTERITIS
The structural proteins of **equine** *arteritis* virus. 119042

ARTERY
Arterial **elastin** [Protein]. 116275
Arterial **elastin** synthesis in the young chick. 117591
Appearance of persistent **hyaloid** *artery* in the bovine eye. 119208
Pulmonary *arterial* thrombo-embolism and pulmonary arterial mycoticaneurysms in cattle with vena caval thrombosis: a condition resembling the Hughes-Stovin syndrome. 119136
Repair in *arterial* **tissue;** electron microscopy of evans blue vital stained embolectomy catheter lesion of the rabbit thoracic aorta. 119067
Contribution to the study of the vascular, *arterial* and **venous** elements of the renal hilum in swine (Sus scrofa domestica). 117900
Acid-based measurements of *arterial,* **venous** and capillary blood in the dog. 118532

ARTHRITIS
Severe *polyarthritis* in a rhesus monkey: suggested mycoplasma etiology. 118818

ARTHROBACTER
Metabolism of o-phthalic acid by different gram-negative and gram-positive soil bacteria [Nocardia, *Arthrobacter,* **Pseudomonas**]. 124775

ARTHROPODA
Tests of side effects of pesticides on **beneficial** *arthropods* and their incorporation into registration. 123688
The approval of pesticides for plant protection with selective qualities to **beneficial** *arthropods* and the necessary suppositions for the approval in the Federal Republic of Germany. 123739
Arthropods **are costly** to livestock industry in State; millions lost [Florida]. 123626
X-ray microanalysis of receptor lymph in a **cuticular** *arthropod* sensillum [Cupiennius salei]. 124035
Quantitative analysis of the *Arthropoda* **fauna** of Laguna Verde [Ecology, Mexico]. 123914
Improvement of apple trees for resistance to parasitic fungi and **harmful** *arthropods* [Breeding]. 120610
Integrated control of *arthropod* **pests** of sorghum [Schizaphis graminum, Contarinia sorghicola]. 123327
Seasonal density, distribution and interactions of predatory and **scavenger** *arthropods* in accumulating poultry wastes in coastal and interior southern California [Livestock pests, biological control]. 123623
A technique for preparing Collembola and **similar** *arthropods.* 124074
The *Arthropoda* of the **southern** islands of New Zealand. 9. Diptera [Diptera, new taxa]. 124327
Evaluation of plot size for *arthropod* **studies** in cotton. 123325

ARTICHOKES
Artichokes **[Cultivation** and production in Italy]. 122305
Study of the morphological and qualitative changes of the **globe** *artichoke* head as influenced by the stage of maturity. 121689
Preliminary studies on **globe** *artichoke* bacterial disease (Erwinia carotovora (L. R. Jones) Holland) around Izmir. 122799

ARTICULATION
Intra-articular **chip** fracture or osteochondrosis dissecans of the fetlock joint of horse. 119265

ARTOCARPUS
Breadfruit and relatives: *Artocarpus* spp. **(Moraceae).** 122348

ARUM
Thielaviopsis root rot of *arum* **lily** [Zantedeschia aethiopica]. 122679

ARUNDINACEAE
A rapid method for measuring net photosynthesis of excised leaves by using air-sealed chambers [Maize, **Phalaris** *arundinaceae,* soybeans]. 121511

ARUNDO
Introduction of *Arundo* **donax** L. In the delta of the Volga River [as source of cellulose]. 122518

ARYLESTERASES
Arylesterases from various **mammalian** sera in relation to cholinesterases, carboxylesterases and their activity towards some pesticides. 123695
Arylesterases of **[plant]** parasitic insects. 121310

ASCARIDIASIS
Prophylaxis of *ascaridiasis* of **piglets.** 119031

ASCARIS
The surface and function of the protein layer of *Ascaris* **suum** eggs. 118665
The influence of *Ascaris* **suum** infection upon growth rates in pigs [Parasitic worms]. 118864

ASCITES
Agglutination of human erythroytes and *ascites* **tumor** cells of the mouse by using extracts of the European mistletoe (Viscum album L.). 120847

ASCLEPIADACEAE
Contribution to the study of the *Asclepiadaceae* of **Brazil.** X. Taxonomic and anatomic studies of Gonioanthela odorata (Decne.) Malme and Gonioanthela hilariana (Fourn.) Malme. 120250

ASCOBOLACEAE
Pezizales of Israel. V. *Ascobolaceae* and **Sarcoscyphaceae** [Fungi, new taxa]. 120092

ASCOBOLUS
Apothecial development and sexuality in *Ascobolus* **saccharifer us** [Fungi]. 120442

ASCOCHYTA
Ascochyta **chrysanthemi** Stev., the fungus causing leaf and flower disease in Chrysanthemun plants. 122689
Ascochytosis *[Ascochyta* **imperfecta**] of alfalfa plants. 122649

ASCOMYCETES
Hemisartorya [maritima], a new genus of **cleistothecial** *Ascomycetes* with Aspergillus state [Fungi]. 120142
Additions to the hypogeous mycoflora of Colorado. I. *Ascomycetes.* **[Fungi].** 120209
Results of a revision of the basic types of various genera of *Ascomycetes* and **Fungi** imperfecti [New taxa]. 120274
A contribution to the knowledge of **Laboulbeniales** *(Ascomycetes)* parasitic on Italian carabids (Insecta, Coleoptera) [Laboulbenia agelaeae, Rhachomyces pacei, Fungi, new taxa]. 120018
Buergenerula spartinae sp. Nov., an *ascomycete* from **salt** marsh cordgrass, Spartina alterniflora [New taxa]. 119999

ASCOPHYLLUM
Ecological studies of the salt marsh ecad Scorpioides (Hornemann) Hauck of *Ascophyllum* **nodosum** (L.) Le Jolis. 120375

ASCORBATE
Fundamental studies on physiological and pharmacological actions of *L-ascorbate* **2-sulfate.** I. On the hypolipidemic effects [Rats]. 116456
Ascorbate **supplements** in vitamin A deficiency. 116511

ASCORBIC
Effect of *ascorbic* **acid** on the pituitary-thyroid system in the rat. 116413
C-6 [carbon-6] oxidation of *ascorbic* **acid:** a major metabolic process in animals [Monkeys, rats]. 117581
Effect of localized application of *ascorbic* **acid** & other plant regulators singly & in combination with abscisic acid on boll shedding in cotton Gossypium hirsutum L. 121500
Changes in *ascorbic* **acid** content of developing rose hips [Rosa varieties]. 121728
Ascorbic **acid** and other chelating agents in the trace-mineral nutrition of the aphid Myzus persicae on artificial diets. 123884

ASCOSPORES
Periodicity and breakage pattern of **air-borne** *ascospores* of Sporormia [Fungi]. 121230
The fine structure of *ascospore* **formation** in Ceratocystis fimbriata [Fungi]. 120444
Heat resistance of *ascospores* of the **genus** Byssochlamys [Fungi]. Dependence of saccharose and malic acid in apple juice. 116023
Lichen ecology of metal spoil tips: effects of metal ions on *ascospore* **viability.** 120327

ASELLUS
Copper storage bodies in the hepatopancreas of the isopod, **Oniscus** *asellus.* 124126

ASEPSIS
Ultrahigh temperature heated milk and its *aseptic* **conditioning.** 116917
Aseptic **culture** of chrysanthemums in the plant propagation class. 122214
Use of extremely shortstemmed wheat varieties for **culturing** *aseptically* a causal agent of stem rust, Puccinia graminis F. sp. tritici, on wheat seedlings. 122659
New *aseptic* installation for the production of yoghurt [Processing equipment, sterilizaton]. 116895
Survival and development of carpenterworms [Prionoxystus robiniae] **reared** *aseptically* on an artificial diet. 123445

ASEXUAL
Asexual **sporulation** and mycelial growth in axenic cultures of Smittium spp. (Trichomycetes) [Fungi]. 121286

ASHES
Ashing **biological** material, with special reference to meat and meat products, in a new type of combustion apparatus. 116973
Effect of endogenic factors on the *ash* **content** and the content of calcium, magnesium, potassium, sodium, phosphorus, zinc, iron, copper and manganese in the bristles of pigs. 5. Mineral composition of pig bristles as influenced by pregnancy and lactation. 117574
Lake treatment with **fly** *ash,* lime, and gypsum [Solid waste disposal]. 125509
Effect of the *ash* of the **Irazu** volcano (Costa Rica) on some insects [including Apis mellifera]. 124138
The properties of **volcanic** *ash* soils in dry parts of the Colombian Andes and their relation to soil erodibility. 124790
Germination temperatures and prechill treatments for **white** *ash* (Fraxinus americana L.). 121829

ASILIDAE
The Nearctic species of Dioctria and six related genera (Diptera, *Asilidae)* **[New** taxa]. 124409
Results of zoological research carried out by Dr. Z. Kaszab in Mongolia. 374. *Asilidae,* **subfamily** Dasypogoninae (Diptera). 124451

ASPARAGINE
Characterization of *L-asparagine* **transport** systems in Stemphylium botryosum [Fungi]. 121159

ASPARAGUS
Application of an in vitro peroxydase test in **choosing** *asparagus* plants for in propagation. 122456
Pre- and postharvest factors affecting textural quality of **fresh** *asparagus.* 121711
Processing line for deep **frozen** *asparagus.* 117256
Effects of salt solution treatment and low temperature storage on the elongation, weight, fiber and lignin contents of post-harvested **green** *asparagus* spears. 117285
A study on the fertilization of **green** *asparagus.* 125022
Using tissue culture for vegetatively propagating and **improving** *asparagus* production and quality. 122264
Effect of temperature on the morphogenesis of *Asparagus* **officinalis** Linn. 121719
Effect of storage temperature on cell structure in **post-harvested** *asparagus* spears—light and electron microscopic study. 117284
Review on the toughness of **post-harvested** *asparagus* spears. 117289
Asparagus **varieties** and measures for their improvement in Taiwan. 122391

ASPARTATE
Isozymic composition of *aspartate* and **alanine** aminotranspherases from roots of maize cultuvated at lower temperature. 121447
Proteolytic enzyme, bound to *aspartate* **transaminase** from pig heart cytosol. 117609

ASPENS
Evaluation of the growth of **hybrid** *aspen* [Populus tremula x Populus tremuloides] on the experimental plots in the Czech Socialist Republic]. 119534
Investigation of deciduous wood lignin. II. Splitting of *aspen* **lignin** under nucleophilic action. 119737
Investigation of deciduous wood lignin. III. Reduction splitting of *aspen* **native** lignin. 119738
Evaluation of structural grades of lumber: the **northern** *aspen* species group. 119709
Hypoxylon [mammatum] canker of *aspen* **[Populus** tremuloides] associated with Saperda inornata galls. 122793

ASPERGILLUS
Optimal carbon source concentration for the pectolytic enzyme formation of *aspergilli* **[Aspergillus** awamori, Aspergillus foetidus, Fungi]. 121341

Artificial infection of scale-insect with entomophagous fungi Verticillium lecanii and *Aspergillus* **candidus** [Biological control of the citrus pest Coccus Hesperidum]. 123395
Identification of D-valyl-L-tryptophan anhydride from *Aspergillus* **chevalieri** [Fungi]. 121253
Substrate specificity of intracellular acid RNAse from *Aspergillus* **clavatus** [Fungi]. 120947
Effect of pH [hydrogen-ion concentration] and temperature on three mutants of *Aspergillus* **clavatus** Desm. [Fungi]. 121358
Aflatoxin [Livestock feed contaminated with *Aspergillus* **flavus**]. 117372
Current aspects of the aflatoxin problem [caused by toxic metabolites of a common fungus, *Aspergillus* **flavus,** livestock]. 119282
Optimal carbon source concentration for the pectolytic enzyme formation of aspergilli [Aspergillus awamori, *Aspergillus* **foetidus,** Fungi]. 121341
Depletion of complement in vivo and in vitro by extracts of *Aspergillus* **fumigatus** [Fungi, aspergillosis, man, animals]. 118767
Treatment of fungal sinusitis with autogenous vaccine (a case report) *[Aspergillus* **fumigatus,** dogs]. 119060
Fluorescence behavior of sterigmatocystin [Mycotoxin from the **fungus** *Aspergillus* versicolor]. 119248
Preharvest development of aflatoxin B1 [a toxic, secondary metabolite produced by the **fungus** *Aspergillus* flavus] in corn in the United States. 122734
Evidence for a factor that stimulates tissue maceration by pectolytic enzymes *[Aspergillus* **japonicus,** Fungi]. 121316
Depletion of complement in vivo and in vitro by extracts of Aspergillus fumigatus [Fungi, *aspergillosis,* **man,** animals]. 118767
Nucleosome structure in *Aspergillus* **nidulans** [Fungi]. 120450
Genetics and biochemistry of pyridoxine requiring mutants of *Aspergillus* **nidulans** [Fungi]. 120618
The [genetic] control of catabolism in *Aspergillus* **nidulans** [Fungi]. 120735
Polyamine and ornithine metabolism during the germination of conidia of *Aspergillus* **nidulans** [Fungi]. 120924
Mycological production of citric acid in India. V. Effect of some low molecular weight alcohols *[Aspergillus* **niger,** Fungi]. 116832
Formation of nicotinamide ribose diphosphate ribose, a new metabolite of the NAD [nicotinamide adensine denuclotide] pathway, by growing mycelium of *Aspergillus* **niger** [Fungi]. 120857
Regulation by zinc and adenosine 3',5'-cyclic monophosphate of growth and citric acid accumulation in *Aspergillus* **niger** [Fungi]. 120987
The citric acid fermentation by *Aspergillus* **niger** [Fungi]: regulation by zinc of growth and acidogenesis. 120989
Tryptophanyl and carboxylic acid residues in the active centre of glucoamylase I from *Aspergillus* **niger** [Fungi]. 120997
Degradation products from aflatoxin B1 by Cornyebacterium rubrum, *Aspergillus* **niger,** Trichoderma viride and Mucor ambiguus [Fungi]. 121042
Mineral nutrition of *Aspergillus* **niger** for citric acid production. 121066
Mycological production of citric acid in India. I. Utilization of some cheaper and readily available sources of carbohydrate *[Aspergillus* **niger,** Fungi]. 121359
Mycological production of citric acid. III. Effect of the different nitrogen compounds *[Aspergillus* **niger,** Fungi]. 121360
Mycological production of citric acid in India. IV. Role of sulphur and phosphorus compounds *[Aspergillus* **niger**]. 121361
Studies on the mycological production of citric acid in India. II. Effect of factors other than nutritional *[Aspergillus* **niger,** Fungi]. 121362
The influence of some vitamins on citric acid fermentation *[Aspergillus* **niger,** Fungi]. 121363
Fermentative production of limit dextrinase by *Aspergillus* **oryzae** [Fungi]. 121136
Cytological and biochemical studies on malate dehydrogenase in growing hyphae of *Aspergillus* **oryzae** [Fungi]. 121185
Changes of hexosamine and acetyl contents during cultivation of extracellular galactosamine-containing polymer from *Aspergillus* **parasiticus** [Fungi]. 120855
High production of kojic acid crystals by *Aspergillus* **parasiticus** UNBF A12 [Fungi] in liquid medium. 121222
Utilization of heptachlor by fungi *[Aspergillus,* **Penicillium,** Curvularia lunata, Trichoderma lignorum]. 121143
Stuies on the mechanisms of barley seed deterioration [Fungal contamination, *Aspergillus* **repens,** Penicillium cyclopium, Fusarium culmorum]. 122567
Affinity chromatography of *Aspergillus* [**saitoi**] acid proteinase on an N,O-dibenzyloxycarbonyl-tyrosine-AH-sepharose 4B column [Fungi]. 120882
Further studies on the specificity of the minor ribonuclease from *Aspergillus* **saitoi** [Fungi]. 121164
Modes of flocculation of yeast cells with flocculant produced by *Aspergillus* **sojae** AJ7002. 120858
Hemisartorya [maritima], a new genus of cleistothecial Ascomycetes with *Aspergillus* **state** [Fungi]. 120142
Production of a cellulase complex in culture filtrates of *Aspergillus* **tamarii** associated with mouldy cocoa beans in Nigeria. 122698
Some environmental and nutritional factors affecting growth and sporulation of *Aspergillus* **tamarii** associated with mouldy cocoa beans in Nigeria. 122699
Toxicosis due to *Aspergillus* **terreus** [Fungi] in chick. 119241
Production of sterigmatocystin by *Aspergillus* **versicolor** and Bipolaris sorokiniana [Fungi] on semisynthetic liquid and solid media. 121223

ASPIRATION

Evaluation of **transtracheal** *aspiration* in the horse [used principally for bacterial isolation]. 118782

ASSESSMENT

Significance of endo-polygalacturonase activity to symptom expression of verticillium wilt in cotton, *assessed* by the use of **mutants** of Verticillium dahliae Kleb. 122717
Red blood corpuscle **survival** *assessed* with chromium 51 [isotope] and diisopropyl fluorophosphate-H3 in cattle. 117919

ASSETS

Assets **engaged** and rentability in the development of wheat, corn and sugar-beet production. 115499
The place of forestry and agriculture within the planned geographical apportionment of existing and **future** *assets* [National Physical Plan]. I. 119510
The place of forestry and agriculture within the planned geographical apportionment of existing and **future** *assets* [National Physical Plan]. III. 119511

ASTERACEAE

C4 [dicarboxylic acid pathway of] photosynthesis and a unique type of Kranz anatomy in Glossocordia **boswalliaea** *(Asteraceae).* 121337
Chromosome numbers of some species of the **family** *Asteraceae* Dumort. 119954

ASTERS

New species of *Aster* from the **Badzhal'skii** Ridge (Khabarovsk Territory). 119965
Allelopathy in the first stages of secondary succession on the piedmont of New Jersey [Ambrosia artemisiifolia, Raphanus raphanistrum, *Aster* **pilosus**]. 120309

ASTRAGALUS

Chromosome numbers and their cytotaxonomic significance for North **American** *Astragalus* (Fabaceae). 120286
Morphogenesis of *Astragalus* **longiflorus** Pall. [In relation to its biology and ecology]. 120968

ASYMMETRY

Asymmetric **distribution** of concanavalin A binding sites on yeast plasmalemma and vacuolar membrane [Saccharomyces cerevisiae]. 120906

ATHEROSCLEROSIS

Circulating lipophages and aortic foam cells in **experimental** *atherosclerosis* of [cholesterol-fed] rabbits under altered reticuloendothelial activity. 116493
Lipid peroxidation and *atherosclerosis* [**Unsaturated** fatty acids]. 116314

ATMOSPHERE

Silcon and aluminum in *atmospheric* **aerosols:** crust-air fractionaton? [Contribution of soils]. 125390
Thermal and radiative effects of *atmospheric* **aerosols** in the northern hemisphere calculated using a radiative-convective model [Air pollution, climate]. 125392
Detection of nitrous oxide at **ambient** *atmospheric* concentrations [from soil]. 124771
A plant for a **contained** *atmosphere* [Growing Selaginella kraussiana in containers]. 122412
Storage behavior of ready-made cold meals in a regulated atmosphere. I. Storage in a **controlled** *atmosphere.* 116720
Cereal preservation in nitrogen [**Controlled** *atmosphere].* 117188
The use of **controlled** *atmospheres* for the storage of grain [Insect control]. 123574
New technology for **determining** *atmospheric* influences on smoke concentrations. 125446
An evaporation equation for an open body of water **exposed** to the *atmosphere.* 125363
Storage tests on pre-packed beef in controlled **gas** *atmospheres* of high carbon dioxide content with oxygen largely excluded. 116996
Measurement of the reaction rate of CFCl3 [chlorofluoromethanes, fluorocarbon-ozone problem] with *atmospheric-like* **ions.** 125389
Scalded sausage manufacture in the meat trade. 8. Color formation and preservation, influence of color stabilizers, temperature effect and rapid processing, and the effects of *atmospheric* **oxygen** and light. 116956
Effects of *atmospheric* **parameters** on the concentration of photochemical air pollutants. 125496
The organic constituents of *atmospheric* **particulate** matter [Air pollution]. 125391
The mixture problem in computer mapping of terrain: improved techniques for establishing spectral signatures, *atmospheric* **path** radiance, and transmittance [Remote sensing, vegetative cover]. 120368
The storage behavior of ready-made cold meals in a regulated atmosphere. II. Storage in a **quiet** *atmosphere.* 116721
Storage behavior of ready-made cold meals in a **regulated** *atmosphere.* I. Storage in a controlled atmosphere. 116720
The storage behavior of ready-made cold meals in a **regulated** *atmosphere.* II. Storage in a quiet atmosphere. 116721
Long-term mean concentrations of *atmospheric* **smoke** and sulphur dioxide in country areas of Emgland and Wales [Air pollution]. 125388
Cultivation and the oxygen content of the **soil** *atmosphere.* 124770
Occurrence of natural radionuclides in the *atmosphere* near the **soil** [Air pollution]. 125454
Agricultural importance of the supply of potassium from the *atmosphere* on **soils** in the savannah zone. 124763

ATOLLS

A geological perspective of the upland biota of **Laysan** *atoll* (Hawaiian Islands) [Animals and plants]. 117611
Phytoplankton [Algae] and primary productivity in **Takapoto** *atoll,* Tuamotu Islands. 120380

ATOMS

Direct determination of trace metals in cane juice, sugar & molasses by *atomic* **absorption** spectrophotometry. 117185
Atomic **absorption** spectrometric determination of eight trace metals in orange juice following hydrolytic preparation. 117275
Determination of traces of lead and cadmium in apertifs by **flameless** *atomic* absorption spectrometry. 116030
Determination of lead in wine through **flameless** *atomic* absorption spectrometry, concerning D. Mack's paper, DLR 71 (1975) 71. 116075

ATPASES

Oligomycin sensitivity of the **mitochondrial** *ATPase* [adenosine triphosphatase] as a marker for fly transmissability and the presence of functional kinetoplast DNA in African trypanosomes. 123619

ATRAZINE

Antifungal action of cyanamide added, in vitro, with *atrazine* [**herbicide,** Alternaria brassiciola, Dreschslera maydis]. 122552
Metabolism and differential susceptibility of crabgrass [Digitaria sanguinalis] and witchgrass [Panicum capillare] to simazine and *atrazine* [**herbicides**]. 123211
Effect of **long-term** *atrazine* [herbicide] application on soil microbial activity. 123204

ATRESIA

Intestinal *atresia* in calves. 119215

ATROPHY

Flower **bud** *atrophy* in Baccara roses [Rosa]. IV. The activity of various growth substances in leaves of flowering and non-flowering shoots. 121747
Flower **bud** *atrophy* in Baccara roses [Rosa]. V. The effect of different growth substances on flowering. 121748
Flower **bud** *atrophy* in Baccara roses [Rosa]. VI. The effect of environmental factors on gibberellin activity and ethylene production in flowering and non-flowering shoots. 121749
Atrophy of **nodular** system in the virus-affected groundnut, Arachis hypogaea L. 122832
The riddle of *atrophic* **rhinitis** [Swine]. 118881

ATROPOS

Forage plants of **Acherontia** *atropos* (Lepidoptera, Sphingidae). 123231

ATTA

A review of the status of leaf-cutting ants *[Atta* and **Acromymex**] and their control. 123218
The improvement of baits for leaf-cutting ants *[Atta* **cephalotes,** and Acromyrmex octospinosus, alternative types of insecticide]. 123219
Toxicant spread in laboratory colonies of the leaf-cutting ant *[Atta* **cephalotes**]. 123220
A ten-year laboratory colony of *Atta* **cephalotes.** 123794

ATTACIDAE *see* SATURNIIDAE

ATTAGENUS

Effects of mating on female inhibition and egg production in the black carpet beetle, *Attagenus* **megatoma** F. 123529
Food utilization by *Attagenus* **megatoma** and Anthrenus flavipes. 123532

ATTRACTANTS

Attractant **pheromone** of the European elm bark beetle (Scolytus multistriatus): isolation, identification, synthesis, and utilization studies. 123464
Sclerotina to **sex** *attractants*—ADAS [Agricultural Development and Advisory Services] Eastern Region work [Vegetables, disease and pest control research, Great Britain]. 122937
Biosynthesis of the waxmoth [Galleria mellonella] **sex** *attractants.* 123976
Development of an integrated control program for orchard pests in the Armenian S.S.R. by using a combination of methods, including insecticides, *attractants* and **sexual** sterilization. 123422

AUCTIONS
Analysis of Australian wool sold at *auction* in **Australia** 1973/74 season. Analyses by: microns, combining and carding classifications, degrees of vegetable fault, areas of origin. 115760
Analysis of Australian wool sold at *auction* in **Australia** 1973/74 season. Analyses by: wool types, average yields, average clean prices. 115761

AUJESZKY
Comparative studies on the methods for **diagnosing** *Aujeszky's* disease [Swine, chick embryos]. 118977
On the role of *Aujeszky's* **disease** virus in the respiratory diseases of swine. 118991
Production and testing of a live freeze-dried bivaccine against *Aujeszky's* **disease** and erysipelas in swine. 118993
Study on the replication of the *Aujeszky's* **disease** virus using the immunofluorescence method [Chick embryo cells]. 118998
The effect of rifampicin on the reproduction of *Aujeszky's* **disease** virus. 118999
Diffusion precipitation in agar gel and immunoelectrophoresis in **studying** *Aujeszky's* disease virus. 118979

AUREOFACIENS
The role of the genome in secondary biosynthesis in **Streptomyces** *aureofaciens* [Fungi]. 120734

AURICULARIA
Parental behavior in the Dermaptera with special reference to **Forficula** *auricularia* (Dermaptera: Forficulidae). 123859
The **genus** *Auricularia* in Taiwan. 120111

AUTOANALYZER
Research [tests] on the presence of subclinical bovine mastitis accomplished by means of somatic cell counting of bulk milk with the *Autoanalyzer* **II-OSCC** (optic somatic cell counter) in the province of Parma. 118946

AUTOCLAVE
Competition between Phytophthora cinnamomi and Trichoderma spp. [Fungi] in *autoclaved* **soil.** 120336

AUTOGENOUS
Autogeny and **endocrine** involvement in the reproduction of tropical flesh flies (Diptera: Sarcophagidae). 123885
Autogenous **theories** for the origin of eukaryotes [Uralga]. 120285
A study of *autogenous* **tissues** transplants for the repair of canine collateral ligaments of stifle joint [Injuries]. 119243
Treatment of fungal sinusitis with *autogenous* **vaccine** (a case report) [Aspergillus fumigatus, dogs]. 119060

AUTOLYSIS
Feline glomeruli: morphologic comparisons in normal, *autolytic*, and **diseased** kidneys. 119068

AUTOMATIC
Automatic **categorization** of land-water cover types of the Green Swamp, Florida, using Skylab multispectral scanner (S-192) data [Remote sensing]. 125255
An examination of the potential applications of *automatic* **classification** techniques to Georgia management problems [Land use, remote sensing]. 115242
Precision-accurate study of bacterial **colonies** *automatic* count by using the Artek electronic counter [Raw milk and pasteurized cream]. 116043
Automatic **control** of isokinetic sampling for exhaust emission determinations [Cotton gins, air pollution]. 125569
Factors affecting dispensing rate of an *automatic* **dairy** concentrate feeder. 124737
Automation of germ counting in microbiology. I. Comparison of conventional and *semi-automatic* **dilution** [Food]. 116019
Comparative study of *automatic* **drinking** equipments for swine. 124696
The integration of manual and *automatic* **image** analysis techniques with supporting ground data in a multistage sampling framework for timber resource inventories: three examples [Remote sensing]. 119499
Renewal of treatment, storage and marketing units for food potatoes, and integration of *automatic* E 691 **mix** separators. 124672
An instrument for the **rapid** *automatic* measurement of [wool] fiber fineness distribution. 117031
Permanent control of the quality of granular and powdery products by *automatic* **sampling** [Milling products]. 116063
Automatic **watering** in a sow house. 117514

AUTOMATION
Automated **determination** of chloride and phosphate in cane juice, molasses and sugar. 117184
Photogrammetric stand mapping with *automated* **drawing** and surface computation [Switzerland]. 119433
An *automated* **fluorometric** method for the measurement of tryptophan in plasma. 117751
Automation of **germ** counting in microbiology. I. Comparison of conventional and semi-automatic dilution [Food]. 116019
Captivated by *automatization* **(light** trap research in Hungary today) [Insect pests]. 123262
Latest results in the modernization and *automation* of **mechanized** milking. 124697
Model farm ponds with *automated* **monitoring** of water quality. 125183
Interconversion of cholinesterase enzyme activity units by the manual Delta pH [hydrogen-ion concentration] method and a **recommended** *automated* method [Organophosphorus and carbamate pesticide intoxication]. 123694
Automation of the **roasting** of cocoa nib pieces and of the pressing of liquor. 116786
The *automation* of **stock** preparation in the paper industry. 119789

AUTONOMIC
Autonomic **components** of the hypothalamic feeding syndromes. 116352
The *autonomic* and **sensitive** innervation of the choledocus in Equus caballus [Horses]. 117618
Absorption of nutrients by fiber flax and the effectiveness of inorganic fertilizers on Sod-Podzolic loamy soils in the **Udmurt** *Autonomic* Soviet Socialist Republic. 121395

AUTOOXIDATION *see* OXIDATION

AUTOPSIES
Quality characteristics of vacuum packaged beef as affected by *postmortem* **chill,** storage temperature, and storage interval. 116203
Cellular patterns of *postmortem* **glycogenolysis** in longissimus dorsi muscles of pigs at different live weights. 117006
An evaluation of the peptic digestion technique (Herlich 1956) for the *postmortem* **recovery** of abomasal nematodes from sheep. 118849

AUTORADIOGRAPHY
DNA synthesis in rabbit spleen cell populations stimulated by various doses of concanavalin A. I. *Autoradiographic* **analysis.** 117673
Incorporation of tritiated thymidine in germinal and somatic cells of the onion fly, Hylemya antiqua (Diptera: **Anthomyidae),** as determined by *autoradiography.* 123889
Neuroendocrine control of moulting cycle in mealworms [Tenebrio molitor]: histology and *autoradiography* of **cephalic** components. 123580
Further *micro-autoradiographic* studies on the pathways of movement of two pesticides in barley roots. 121416
Cytophysiological approach of two neuroendocrine interfaces of the hypothalamus: the median eminence and vascular organ of the terminal lamina. *Radioautographic* **study** of the duck. 117567
Early post-embryonic changes in protein metabolism and DNA synthesis in the thymus of chicks, normal and infected with Salmonella pullorum; *autoradiographic* **study.** 118928

AUTOTROPHISM
Autotrophic **production** in Carnation Creek, a coastal rainforest stream on Vancouver Island, British Columbia [Algae, nitrate and phosphate concentrations]. 120376

AUTOXIDIZED *see* OXIDATION

AUTUMN
Autumn-planted **blueberries.** 122427
Winter leaching of nitrate from *autumn-applied* **calcium** nitrate, ammonium sulphate, urea and sulphur-coated urea in bare soil. 124834
New performances obtained in the domain of forage double crops, cultivated after *autumn* **cereals.** 122069
Plant population in polyploid varieties of fodder-beet cultivated in the *summer-autumn* **cycle.** 122128
Seeding rate and characteristics of the seed in the technique of cultivating the potato in *autumn-spring* **cycle.** 122466
Yield, rate of growth an dmorphological characteristics of the roots of the carrot (Daucus carota L.) in *autumn-winter-spring* **cycle,** in relation with plant population and fertilization. 122467
The *autumn* **mite** [Neotrombicula autumalis (Trombidiidae)], a serious local [human] pest. 123658
Inheritance of some characters in crosses between inbred lines of Bombyx mori L. for commercial feeds during summer and *autumn* **months.** I. Cocoon, shell and pupal weights. 124530
Skjaldar and Rida—two new **Norwegian** *autumn* wheat varieties. 122028
Autumnal **processing** of dissolved organic matter in a small woodland stream ecosystem [Leaf litter]. 120344
Germination ecology of Althenia filiformis Petit in relation to habitat temperature and salinity fluctuations during **summer** and *autumn.* 121072
Results of a seven year trial of nutrition replacement in *autumn-* and **winter-pears.** 125024

AUXINS
Auxinic **activity** of metabolites of microorganisms from the rhizosphere and soil covered by tall herbaceous vegetation. 124812
Auxins and **auxin-like** substances synthesized by cellulose-decomposing [soil] fungi. 124813
Effect of *auxin* **cofactors** on rooting and the effect of gibberellic acid on shoot growth of lilac [Syringa] softwood cuttings. 121627
Effect of Virginiamycin administered to rabbits in *auxinic* **dosages** [Antibiotic feed additives]. 118164
Correlation between beta-galactosidase and *auxin-induced* **elongation** growth in etiolated pea stems. 121753
Polar transport of *auxin* through **embryos** [Broadbean, Acer pseudoplatanus]. 121305
Auxin, an **endogenous** regulator of growth in algae. 121199
Phenotypic variations in Fossombronia himalayensis Kash [hepaticae] in vitro-effect of sugars, *auxins,* **growth** substances and growth inhibitors. 121188
Change in the content of *auxins* and **growth** inhibitors in the leaves of barley as a result of ultra-violet radiation in the conditions of West Pamir. 121486
Effect of natural ultra-violet radiation on the content of *auxins* and **growth** inhibitors in barley [varieties] in Pamir in their natural condition and with artificial treatment with beta-indole acetic acid. 121487
The influence of cytokinin and gibberellin on *auxin* **mobilization:** its role in regeneration and apical dominance in Marchantia polymorpha. 120974
Auxins and *auxin-like* **substances** synthesized by cellulose-decomposing [soil] fungi. 124813
Mutual effect of symbiotic bacteria of Carex enervis on the **synthesis** of *auxins.* 121102
Promoting effect of DPX-1840 [3,3a-dihydro-2-(p-methoxyphenyl)-8H- pyrazolo (5,1-a) isoindol-3-one] and other *auxin* **transport** inhibitors on pollen tube growth in vitro. 121178
Auxin **transport** in tendril segments of Passiflora caerulea. 121745

AVALANCHE
Snows and *avalanches* in the **South** Carnic and West Julian Alps: Contribution to the improvement of knowledge and forecasts [Forest influences]. 119298

AVENA
The influence of irradiation with red light on geotropic curving and growth of **decapitated** *Avena* coleoptiles. 121392
State inspection in Trondelag for wild oats *[Avena* **fatua]** in seed grain. 117134
Stimulation of germination by gamma radiations of the dormant seeds of *Avena* **fatua** L. 121022
Variation among wild oat *[Avena* **fatua]** biotypes. 123161
Wild oat *[Avena* **fatua]** control in spring-seeded wheat and durum wheat with difenzoquat alone and in combination with broadleaf herbicides during 1975 under an EPA [Environmental Protection Agency] experimental permit. 123169
Wild oat *[Avena* **fatua]** control in barley with difenzoquat alone and in combination with broadleaf herbicides during 1975 under an EPA [Environmental Protection Agency] experimental permit. 123170
Oats: *Avena* spp. **(Gramineae-Aveneae).** 121953
Behavior of cultivars of *Avena* **[oat]** grown as spaced plants and at normal density. 122114
The effect of germination stimulators on wild **oat** *(Avena* fatua L.) emergence in the field [Weed control]. 123153
A study of effects of different storage conditions on survival of wild **oat** *(Avena* fatua) seeds. 123187

AVIAN
Biochemical and physiological differences between *avian* **ALD** and PLD [anterior and posterior latissimus dorsi] muscle subcellular fractions [Chickens]. 117643
Globin messenger sequences in nuclear ribonucleoprotein particles of *avian* **[chick]** erythroblasts. 117849
Globin mRNA sequences in polyadenylated and nonpolyadenylated nuclear precursor-messenger RNA from *avian* **[duck]** erythroblasts. 117626
Origins of chromatin acidic proteins of *avian* **erythroid** cells. 117739
Genetic control of chick helper factor in cells which lack natural group-specific antigen of *avian* **leukosis.** 118422
Comparative histochemical studies on *avian* **liver.** 4. Relationship of dietary preference of various representative birds with the fat and glycogen contents and distribution pattern of histochemically demonstrable lipids in their livers. 117872
Comparative histochemical studies on *avian* **liver.** 5. Relationships of dietary preferences with distribution patterns of lipase, esterase and beta-hydroxy-butyrate dehydrogenase in the livers of various representative birds. 117873
Pulmonary arteriovenous anastomoses in the *avian* **lung:** do they exist? [Chickens]. 117898
Studies on the pellicular complex of the exocrythrocytic merozoites of the *avian* **malarial** parasite (Plasmodium lophurae) [Derived from turkey brains]. 118890
Studies on *avian* **mycoplasma**—serological studies. 118755
RNA-dependent DNA polymerase activity of RNA tumor virus. VI. Processive mode of action of *avian* **myeloblastosis** virus polymerase. 118808
A line of ring-necked pheasant cells susceptible to infection by *avian* **oncornaviruses.** 119037
Cultivation of *avian* **poxes** in developing chick embryo. 118728
Nonpermissive infection of L cells by an *avian* **reovirus:** restricted transcription of the viral genome [Chicken embryo fibroblasts]. 118806
Physical and chemical characterization of an *avian* **reovirus** [Chicken embryo fibroblast cells]. 118807

Subgroup-specific antigenic determinants of *avian* **RNA** tumor virus structural proteins: analysis of virus recombinants. 119040
Suppression of glycoprotein formation of Semliki forest, influenza, and *avian* **sarcoma** virus by tunicamycin. 118809
The defective maturation of viral progeny with a temperature-sensitive mutant of *avian* **sarcoma** virus [Chick embryos]. 119041
Isolation of adenoviruses and reoviruses from *avian* **species** other than domestic fowl. 118634
Antigenic relationship of paralytic syndrome virus of chickens with other *avian* **viruses** as detected by immunofluorescence. 118742

AVIATION
Career opportunities for [agricultural] pilots [in **agricultural** *aviation].* 115204

AVOCADOS
Defective ovules in *avocado* **cultivars** [Abnormalities, fruit-set]. 122965
Ripening, chilling injury, and respiratory response of 'Hass' and **'Fuerte'** *avocado* fruits at 20 degrees C [centigrade] following chilling. 117282
The post-harvest handling of subtropical fruit [Bananas, mangos, *avocados,* **litchi** fruit]. 117232
Avocado: **Persea** americana (Lauraceae). 122345
Fatty acid composition of the oil of different *avocado* **varieties** cultivated in Sao Paulo State. 117309

AWARDS
States of Virginia and Pennsylvania win **export** *awards.* 115663

AWN
Ear and flag leaf photosynthesis of *awned* and **awnless** Triticum species [Wheat]. 121412

AXENIC
Sporulation of fungus Puccinia graminis f. Sp. Tritici in *axenic* **culture** [Wheat, stem rust]. 122608
Asexual sporulation and mycelial growth in *axenic* **cultures** of Smittium spp. (Trichomycetes) [Fungi]. 121286
Spore germination in *axenic* **cultures** of Smittium sp. (Trichomycetes) [Fungi]. 121289

AXES
Changes in the intensity of protein synthesis in the **embryo** *axes* of northern red oak (Quercus borealis Michx.) and English oak (Quercus robur L.) during storage under controlled conditions. 121791
Organization of **visual** *axes* in the compound eye of the fly Musca domestica L. and behavioural consequences. 124029

AXIS
Growth and cell pattern formation on an *axis:* **critique** of concepts, terminology, and modes of study. 120425
Further investigations on the property of chromatins from apical and *axial* **parts** of cauliflower inflorescence. 121643

AZADIRACHTA *see* MARGOSA

AZALEAS
Chlorfurenol [growth substances] increases branching of **evergreen** *azaleas* (Rhododendron cv). 121741
A treatise on **Native** *Azaleas.* 122203
The growth regulator "Atrinal", an aid to management [Chemical **pinching** of *azaleas].* 122259
Azalea **research** [Ornamental horticulture]. 122215

AZAURIDINE
In vitro sensitivity of myxomatosis **virus** to *6-azauridine.* 118617

AZETIDINE
Effects of *L-azétidine* and **collagenase** on the morphogenesis of embryonic duck preen gland in organ culture. 117620

AZOLLA
Fertilizer and fuel from tiny plants? [Algae-Pteridophyta symbiosis, **Anabena** *azolla].* 124917

AZOTOBACTER
Effect of inoculation with Rhizobium [japonicum] and *Azotobacter* **[chroococcum]** on nodulation, growth and yield of soybean. 121442
Stimulatory action of *Azotobacter* **chroococcum** from water hyacinth (Eichhornia crassipes Mort Solms) on germination of seeds of rye (Secale cereale). 121568
Presence of *Azotobacter* **chroococcum** in soils of Rio Grande do Sul, Brazil. 124892
Uptake and continued metabolic activity of *Azotobacter* within **fungal** protoplasts [of Rhizopogon]. 121354
Use of immunoadsorbent affinity chromatography to purify component I of nitrogenase from extracts of *Azotobacter* **vinelandii** [a nitrogen-fixing soil bacterium]. 124800

BABESIA
The fine structure of merozoites of *Babesia* **bovis** in the gut epithelium of Boophilus microplus [Ticks as vectors of protozoan diseases of cattle]. 123653

BACILLUS
Anthrax *[Bacillus* **anthracis]** of reindeer and measures of controlling it. 118720
Bacteriocin production in *Bacillus* **anthracis.** 119019
The occurrence of *Bacillus* **cereus** in Finnish dog food sausages; a microbiological and physicochemical survey. 119274
Differentiation and species distribution of microorganisms of the **genus** *Bacillus* found in frankfurter and liver sausages. 116111
Evaluation of the lipolytic and proteolytic effects of strains of the **genus** *Bacillus* [obtained from frankfurter and liver sausages] under laboratory conditions. 116114
Differentiation of *bacilli* **isolated** from semi-canned food [Contamination]. 116262
Research of **Koch** *bacillus* in tuberculous cattle muscles and blood. 118905
Electron microscopy and X-ray photoelectron spectroscopy of oxygen plasma-etched bacterial spores and cells *[Bacillus* **megaterium,** Bacillus subtilis, Micrococcus lysodeikticus]. 120542
Effect of nisin [antibiotic produced by Streptococcus lactis] in the presence of L-alanine on the germination and outgrowth of *Bacillus* **sublitis** spores [used in the food and dairy industry]. 116845
Electron microscopy and X-ray photoelectron spectroscopy of oxygen plasma-etched bacterial spores and cells [Bacillus megaterium, *Bacillus* **subtilis,** Micrococcus lysodeikticus]. 120542
Electron microscope study of sporulation and parasporal crystal formation in *Bacillus* **thuringiensis** [Pathogenicity for larvae of Lepidoptera]. 123242
Bacillus **thuringiensis,** a living insecticide. 123248
Contribution the study of the effects of *Bacillus* **thuringiensis** Berliner on the reproducton of Laspeyresia pomonella L [Biological control]. 123261
Walnut caterpillar [Datana integerrima] response to insecticides *[Bacillus* **thuringiensis,** Carya illinoensis, biological control]. 123436
The field persistence and efficacy of *Bacillus* **thuringiensis** formulations [Biological control of forest pests]. 123446
Control of Lymantria dispar in Corsica. 1. [Quercus, pests, biological control, *Bacillus* **thuringiensis** , Calosome sycophante]. 123495
Laboratory experiments with the use of bacterial preparations of *Bacillus* **thuringiensis** Berl. against Operophtera brumata L. 123496
Quest for a microbial alternative *[Bacillus* **thuringiensis** for controlling the Indian meal moth in stored grain, biological control]. 123505
The role of spores and crystals of *Bacillus* **thuringiensis** Berliner in the infection of Laspeyresia pomonella L. (Tortricidae). 123810

BACKCROSS *see* CROSS

BACON
Effect of immediate preslaughter stress on certain meat quality characteristics of *bacon* **pigs.** 116934
Feeding experiments with *bacon* **pigs.** 6. Correlations between certain carcass characters. 116938
Feeding experiments with *bacon* **pigs.** 4. Carcass composition. 116939
Feeding experiments with *bacon* **pigs.** 5. Growth rate and feed conversion efficiency. 118010
Feeding experiments with *bacon* **pigs.** 1. Practical aspects. 118011
Feeding experiments with *bacon* **pigs.** 2. Data register and computer analysis of data. 118012
Feeding experiments with *bacon* **pigs.** 3. Some statistical analyses. 118013

BACTERIA
Microecological studies on lactic **acid** *bacterial* flora of molasses distilleries. III. Cultivation of the brewers' yeast Saccharomyces cerevisiae race M with some isolated lactic acid bacteria from molasses distilleries in continuous mixed cultures. 116664
Microecological studies on lactic **acid** *bacterial* flora of molasses distilleries. I. Isolation and identification of lactic acid bacteria. 116665
Bacteria in the **air** of housed swine units. 118797
Functional 70S hybrid ribosomes from blue-green algae and *bacteria* **[Anacystis** nidulans, Escherichia coli]. 120909
Improved water economy in the production of cultured-cream butter. 2. Chemical and *bacteriological* **analysis.** 116864
Antibiotic-resistant *bacteria* [Pseudomonas aeruginosa, Pseudomonas putida, or Pseudomonas fluorescens] in raw meat from retail markets. 116196
Preliminary studies on globe **artichoke** *bacterial* disease (Erwinia carotovora (L. R. Jones) Holland) around Izmir. 122799
Pectinase production by *bacteria* **associated** with improved preservative permeability in Sitka spruce [Picea sitchensis, poles]: synthesis and secretion of polygalacturonate lyase by Cytophaga johnsonii. 119717
Monitoring fire **blight** *bacteria* [Erwinia amylovora] of pear for disease control. 122807
Etiology of **brown** *bacteriosis* of winter wheat [Pseudomonas, Pectobacterium]. 122812
The effect of iron on growth and *bacterial* **canker** [Pseudomonas syringae] susceptibility of peach seedlings. 122803
Association between elemental content of dormant peach trees and susceptibility to short life [Predisposition to cold injuries and *bacterial* **canker,** Pseudomonas syringa]. 122964
Production of cell-bound proteinase by Lactobacillus bulgaricus and its location in the *bacterial* **cell** [Preparation of fermented milk products]. 116889
The need for *bacteriological* **checks** on the environment in meat processing factories. 116142
Criteria for evaluating flowing water pollution: comparative examination of the mycological, *bacteriological* and **chemical** parameters of the Ticino River in the municipal territory of Pavia. 125482
Quantitative of unsaturated fatty acids in microbial mutants. VI. Selective growth responses of yeast and *bacteria* to **cis-octadecenoate** isomers [Saccharomyces cerevisiae, Escherichia coli]. 120978
Biochemical identification of Salmonellae and **coli** *bacteria* and their sensitivity to chemotherapeutics [Livestock, poultry]. 118974
Precision-accurate study of *bacterial* **colonies** automatic count by using the Artek electronic counter [Raw milk and pasteurized cream]. 116043
Interrelationship of aerobic cellulose-fermenting [soil] *bacteria* with their **companions** on the basis of the synthesis of physiologically active substances. 124818
Bacterial **contamination** of indoor air of dairy cattle barns. 3. Technological factors and their influence on quantitative bacterial contamination. 118826
Use of the microslide techinique to measure staphylococcal enterotoxin B [in food and in *bacterial* **cultures].** 116208
Effects of surface area upon *bacterial* **denitrification** rates. 124867
Acute mastitis in cows in the Harstad Veterinary District, 1972-1975 [Escherichia coli, Staphylococcus aureus, *bacterial* **diseases].** 118856
Endotoxins—a brief overview *[Bacterial* **diseases].** 118858
Dynamics and character of infection rate of tulips by [fungus and *bacterial]* **diseases** in the Main Botanical Garden of the USSR Academy of Sciences. 122585
Bacterial **endosymbionts** in Volvox carteri (Chlorophyceae) [Algae]. 121200
Environmental conditions for acetoin production by yeast [Torulopsis colliculosa] & *bacterial* **[Enterbacter]** strains. 121135
Enteric *bacteria* in carp (Cyprinus carpio) and white suckers (Catostomus commersoni). 116194
Role of acetaldehyde in acetoin synthesis in yeasts [Torulopsis colliculosa] & *bacteria* **[Enterobacter].** 121141
Calf rennet substitutes [Higher plant, *bacterial* and **fungal** rennets, cheese]. 116916
Single cell proteins from cellulose and hydrocarbons **[Fungi,** *bacteria].* 116750
Minimal-bacteria **[hospital]** diets: an assessment for implementation. 116182
Comparative characteristics of the amino acids composition of the **hydrogen** *bacteria* Hydrogenomonas eutropha in meat and wheat. 117035
Tetanus [Clostridium tetani] in the horse. Clinical course, prognosis, and prophylaxis *[Bacterial* **infections].** 118682
Interesting doctoral work by a Norwegian veterinarian [Pasteurella multocida, *bacterial* **infections** in turkeys]. 118859
Problems encountered in *bacteriological* **investigations** in accordance with dietetic regulations with particular reference to caseolyte detection. 116079
Evaluation of transtracheal aspiration in the horse [used principally for *bacterial* **isolation].** 118782
Otitis externa. 3. *Bacterial* **isolation** [Dogs, cats]. 119053
Bacterial **isolations** from canine and feline urine. 118822
Use of formaldehyde and its effects on **lactic** *bacteria* used as starters in Grana cheese making. 116897
Changes in the organoleptic characteristics of pear puree and its derivatives caused by **lactic-acid** *bacteria* [Lactobacillus casei]. 117271
Investigations of swabs from prepuce and from nose of horses for presence of *bacteria* **like** Klebsiella. III. Serological investigations on klebsiella strains. 118649
Investigations of swabs from prepuce and from nose of horses for presence of *bacteria* **like** Klebsiella. II. Morphological and biochemical investigations on klebskella strains. 118650
Figures and results for 1975 from the *bacteriological* **meat** inspection station at the Munich slaughterhouse. 116116
Bacterial **meningitis** [in the dog]: a case study and review. 118775
Mutation, repair mechanisms and transformation in the **methane-utilizing** *bacterium,* Methylococcus capsulatus. 117347
Coagulase-positive Staphylococcus occurrence in raw milk from the Pelotas area, Rio Grande do Sul **[Milk** *bacteria* and contamination]. 116251
Rationalisation of *bacteriological-cytological* **milk** testing. 118838
Leaf diseases of winter wheat [caused by fungi and *bacteria]in* **Montana** and losses from them in 1975. 122753
Cytoplasmic changes during and after infection of soybean root nodule cells with rhizobia **[Nitrogen-fixing** *bacteria,* Rhizobium japonicum]. 121530
Production of free amino acids by oligonitrophyllic microorganisms [Soil **nitrogen-fixing** *bacteria].* 124822
Separation into components and the recombination of nitrogenase from bacteroids of lupine [Rhizobium lupini, **nodule** *bacteria].* 121450
End products of glucose fermentation of Pasteurella multocida and Pasteurella haemolytica *[Bacterial* **pathogens** of animals]. 119064

Prospects for control of **phytopathogenic** *bacteria* by bacteriophages and bacteriocins. 122797
Electron microscopy and X-ray photoelectron spectroscopy of oxygen **plasma-etched** *bacterial* spores and cells [Bacillus megaterium, Bacillus subtilis, Micrococcus lysodeikticus]. 120542
Laboratory experiments with the use of *bacterial* **preparations** of Bacillus thuringiensis Berl. against Operophtera brumata L. 123496
Effect of the abiogenic link on the predator [Protozoa] population in the development of a simple coenosis in a chemostat [Yeasts and *bacteria* as **prey**]. 121029
Genetic approaches to the stimulation of *bacterial* **protein** synthesis. 116757
A new technique for the estimation of *bacteriological* **quality** of raw refrigerated milk. 116253
Bacterial contamination of indoor air of dairy cattle barns. 3. Technological factors and their influence on **quantitative** *bacterial* contamination. 118826
Investigation and nomenclature of cocci causing beer spoilage: a **review** *[Bacteria].* 116061
Inoculum [**Rhizobium** *bacteria]:* a substitute for nitrogen fertilizer. 124982
New square plastic petri dishes for **routine** *bacteriological* work [Meat inspection]. 116126
Influence of fat on the thermal destruction of *bacteria* in **sausage** products. 116118
Presence of phytotoxic form of *bacteria* in a **Sod-weak** Podzolic soil planted with lupine in a crop rotation and in monoculture. 122801
Phenylalanine ammonia lyase & phenols in tubers of Kufri Dewa [a potato variety] in relation to resistance against *bacterial* **soft** rot [Erwinia carotovora carotovora]. 122804
Metabolism of o-phthalic acid by different gram-negative and gram-positive **soil** *bacteria* [Nocardia, Arthrobacter, Pseudomonas]. 124775
Fractionation of stable isotopes of carbon monoxide by [**soil**[*bacteria.* 124796
Use of immunoadsorbent affinity chromatography to purify component I of nitrogenase from extracts of Azotobacter vinelandii [a nitrogen-fixing **soil** *bacterium].* 124800
Production of B complex vitamins by oligonitrophyllic microorganisms [**Soil** *bacteria].* 124821
Study of phytotoxic properties of Pseudomonas putida, strain 2181 [**Soil-borne** *bacteria].* 122802
Pig slaughtering hygiene. IV. *Bacteriological* **status** of carcasses in various sections of the killing line. 116128
Discovery of gibberellin and gibberellin-like substances in the metabolites of **symbiotic** *bacteria* of Calamagrostis. 121098
Effect of cultural conditions on the synthesis of heteroauxin by **symbiotic** *bacteria* of Carex enervis C.a.m. 121099
Effect of metabolites of **symbiotic** *bacteria* on the seeds and growth of seedlings of Carex enervis C.a.m. 121100
Effect of **symbiotic** *bacteria* of Carex enervis on some agricultural crops. 121101
Mutual effect of **symbiotic** *bacteria* of Carex enervis on the synthesis of auxins. 121102
Synthesis of B complex vitamins by **symbiotic** *bacteria* of nonlegumnous plants. 121103
Synthesis of gibberellin and gibberellin-like substances by **symbiotic** *bacteria* [of Carex enervis] as related to cultural conditions. 121104
The role of B complex vitamins and amino acids in the interrelationships of **symbiotic** *bacteria* of Carex enervis. 121105
Heat **tolerant** *bacteria* in water scalding tanks [Swine, slaughtering]. 116038
Antigenic analysis and immunologic studies on the **uterotropic** *bacterial* strains SH6 and O1 isolated from cows that have miscarried. 118973
Degradation of sorbic acid by *bacteria* [**Wine** manufacture]. 117227

BACTERICIDES

Age-dependent resistance of chickens to Salmonella in vitro: phagocytic and *bactericidal* **activities** of splenic phagocytes. 118596
Action of some nitroso derivatives in meat suspensions. *Antibacterial* **activity** and interferences by components of the medium. 117012
Localization of *antibacterial* **activity** and hydrolytic enzymes in subcellular fraction of rabbit and chicken polymorphonuclear leukocytes. 118793
Antibacterial **agents** for bull semen; do they help? 118281
Bactericides, **insecticides** and raticides used in the USSR. 123692
Clinical evaluation of Tribrissen, **new** *antibacterial* agent for dogs and cats. 119048
Kinetics study on intervention of few **purified** *antibacterial* antibodies [Mice, hamsters]. 118917

BACTERINS

Further observations on the use of a **bivalent** *bacterin* against Haemophilus gallinarum [Chickens]. 118632

BACTERIOCINS

Prospects for control of phytopathogenic bacteria by **bacteriophages** and *bacteriocins.* 122797
Bacteriocin **production** in Bacillus anthracis. 119019

BACTERIOLOGY

The *bacteriology* of **DFD** [dark, firm, dry]-meat [Pork, beef]. 116137

BACTERIOPHAGES

Prospects for control of phytopathogenic bacteria by *bacteriophages* and **bacteriocins.** 122797
Use of Felix—0-1 *phage* for **identification** of Salmonella. 118741
Effect of physical and chemical factors on Pasteurella **multocida** *phages.* 118980

BACTERIOSTASIS

Paraquat [herbicide] is not *bacteriostatic* under **anaerobic** conditions. 123098

BACTEROIDES

Separation into components and the recombination of nitrogenase from *bacteroids* of **lupine** [Rhizobium lupini, nodule bacteria]. 121450
Metabolism and growth yields in *Bacteroides* **ruminicola** strain B14 [found in the rumen]. 117828
The fine structure of pea root nodules. 2. Senescence and disintegration of the *bacteroid* **tissue** [Rhizobium leguminosarum]. 120530

BAGASSE

Some biochemical characteristics of citrus pulp ensiled at different molasses and *bagasse* **levels.** 117332
Cationic starch in papers with high contents of *bagasse* **pulp.** I. Influence on tensile properties of kraft papers. 119768

BAGGING

Marking **feed** *sacks*—the legal requirements explained [Great Britain]. 115801
Harvesting [of rice] in *bags* and in **granaries.** 122029
Screening of some relatively safe insecticides for impregnation of **gunny** *bags* against stored-grain pests. 123512
Improved **sleeping** *bag* roller [Forest fire equipment]. 119312
Gas interchange in freight containers [for the handling of both bulk and *bagged* **stored** products]. 116758

BAILEYA

Polyacetylenic compounds. 239. On a new sulvoxide from *Baileya* **multiradiata** Harv. et Gray. 121004

BAITS

The use of pyrethrum as an insect repellent in **dingo** *baits* [Animal pests of sheep and cattle in Australia]. 117496
The improvement of *baits* for **leaf-cutting** ants [Atta cephalotes, and Acromyrmex octospinosus, alternative types of insecticide]. 123219
Comparative efficacies of various insecticides in a **new** *bait* formulation against Periplaneta americana. 123578
Ants [Formicidae] of Mobile County, Alabama, as monitored by *bait* **transects.** 123245

BAKERS

New data on the northern distribution borderline of Iris species from the subsection **Oncocyclus** *Baker.* 119963
Composition and nutritional effectiveness of membranes of *bakers'* **yeast** (Saccharomyces cerevisiae) [Rats]. 116306
The partial purification of L-glutamine D-fructose 6-phosphate amidotransferase from *baker's* **yeast.** 116641
Hydrolytic action of aminoacyl-tRNA synthetases from *baker's* **yeast** [Saccharomyces cerevisiae]: "chemical proofreading" preventing acylation of tRNA Ile with misactivated valine. 120927
Affinity labelling of tRNA nucleotidyltransferase from *Baker's* **yeast** [Saccharomyces cerevisiae] with tRNAPhe modified on the 3'-terminus. 121045
Loss of inducible D-galactose transport by *baker's* **yeast** [Saccharomyces cerevisiae] after osmotic treatment. 121065

BAKING

Quality index of *baking* **characteristics** of winter wheat varieties. 121907
Emulsifiers. A product for improving flour used for *baking;* a **critical** view. 117140
Customer service in the *bakery* **department** [Marketing]. 115700
The cooperation of milling and the *bakery* **industry** in the manufacture of optimum flour qualities. 117147
The laboratory as an intermediate between science and practice. A contribution from the view of the *baking* **industry.** 117148
Emulsifiers for improving flour and *baking* **materials,** a critical opinion. 117099
Study of a new evaluation test of the *baking* **property** of soft wheats: preliminary results. 117085
Flour and *baking* **test** of a new winter wheat variety. 117100
Flour and *baking* **tests** with a new winter wheat variety. 117141
Genetic analysis of flocculation in Saccharomyces cerevisiae and tetrad analysis of commercial brewing and *baking* **yeasts.** 120724

BALES

Physical characteristics of typical **gin** *bales* for 1973-74 and 1974-75 seasons. 117095

BALSAM

Studies assess customer reaction to **graded** *balsam* fir [Abies balsamea] Christmas trees. 119647

BAMBOO

Studies on *bamboo* [**Dendrocalamus** strictus] thiolognins [Sulphate pulping process]. 118328
Non-cellulosic beta-D-glucans from *bamboo,* and **interpretative** problems in the study of all hemicelluloses [Arundinaria japonica, Arundinaria anceps]. 120992

BANANAS

Use of lactic acid and calcium lactate in Nanica variety **canned** *bananas* in syrup [Preservatives]. 117219
Effect of male bud removal on fruit growing of the **Cavendish** *bananas.* 122393
Complementary note on the determination of thiabendazole residues in citrus **fruits** and *bananas.* 116028
From broccoli to *bananas*—it all **goes** in the dryer. 117311
Hawaii *Banana* Industry Association. Proceedings, 5th annual conference October 27, 1973. 117302
Nutrition and density studies on the Williams **Hybrid** *banana;* 1973 progress report. 117303
The post-harvest handling of subtropical fruit *[Bananas,* **mangos,** avocados, litchi fruit]. 117232
Bananas: **Musca** (Musaceae). 122346
Is there a future in *bananas?* **[Outlook].** 115947
Serious plantain and *banana* **pest** [Cosmopolites sordidus]. 123437
Banana **plant** response to water table levels. 121782
A comparative study on chemical examinations [for nutritive value] of *banana* **powders** prepared by different methods. 117273
Market and processing developments *[Bananas,* **situation** studies]. 115948
The *banana* **skipper,** Erionota (=Hidari) thrax L. 123419

BANKS

Prey selection by a setipalpian stonefly nymph, Acroneuria (Calineuria) **californica** *Banks* (Plecoptera: Perlidae). 123883
American Horticultural Society Plant Records Center [**Data** *bank* of cultivated ornamentals]. 120038
The **data** *bank* of the British Antarctic Survey's botanical section. 120047
Data *bank* for results of residue analyses. 123744
"Banks" for **equipment,** fertilizers, forages at our neighbors [Cooperatives]. 115342
Banking on **garden** skills [Equipment and service market in USA]. 122428
Insect [Diatraea grandiosella, Southwestern corn borer] and mite [Oligonychus pratensis, *Banks* **grass** mite] control in corn. 123344
Trichoptera and stoneflies of some waters of Sor Varanger (North Norway) (Plecoptera). V. Limnephilus **minusculus** *(Banks* 1907) new for Europe. 124300
Seasonal and diel changes in the positioning of Glossosoma **nigrior** *Banks* (Trichoptera: Glossosomatidae) on artificial substrates. 123862
The **seed** *banks* of parairie glacial marshes [Vegetation zones, seed viability]. 120335
Potentials in the use of **spoil** *banks.* 125094
Evaluation of the growth of shrub willows [Salix] from the point of view of the suitability for the biological stabilization of **stream** *banks.* 119372

BARBAN

Barban **nitrogen** combinations for wild oat control in wheat. 123115

BARK

Method for determining the phenolic (OH)-groups in **alkaline** *bark* extracts. 119764
Beech *bark* disease and wood quality [Fagus silvatica]. 119660
Reproductive incompatibility in pityogenes chalcographus L. , a new perspective of *bark* **beetle** control? 123461
Parasites (Hymenoptera, Chalcidoidea) associated with *bark* **beetles** [Scolytus, Hylesinus, Ips] in Norway. 123486
2-phenylethanol isolated from *bark* **beetles** [Dendroctonus brevicomis, Ips paraconfusus]. 124106
Attractant pheromone of the European **elm** *bark* beetle (Scolytus multistriatus): isolation, identification, synthesis, and utilization studies. 123464
Synthesis of (1S: 2R: 4S: 5R)-(-)-alpha-multistriatin, the pheromone in the smaller European **elm** *bark* beetle Scolytus multistriatus. 124164
Properties and uses of *bark* as an **energy** source. 119806
Effect of *bark* **extracts** on mitosis in Allium cepa [Onions]. 122949
Effect of composted **hardwood** *bark* and peat container media on growth of selected ericaceous plants [Pieris japonica, Rhododendron]. 122220
Use of **hardwood** *bark* as a rooting medium [Ornamental plants, propagation]. 124970
Bark of **hornbeam** and beech from dendrometric point of view. 119533
Synthesis of optically pure (1S, 4S, 5S)-2-pinen-4-ol (cis-verbenol) and its antipode, the pheromone of **Ips** *bark* beetles. 123782
Absolute configuration of (-)-massoilactone as confirmed by a synthesis of its (S)-(+)-isomer *[Bark* **oil** of Cryptocarya massoia]. 119644
Microbial degradation of condensed tannins [from Pinus **radiata** *bark].* 119809
Spruce *bark* beetle, Ips typographus: pheromone production and field response to synthetic pheromones. 123484
Bark **thickness** of 17-year-old loblolly pine [Pinus taeda] planted at different spacings. 119640
Tree *bark*—a usable commodity. 119796

Indicator properties of **tree** *barks* in the emmission area of Frankfurt a. M. [Fraxinus excelsior, Acer platanoides, Tilia]. 120338

BARLEY

Genetic modification of the waxy character in *barley* **aftrer** an injection of wild-type exogenous DNA. Analysis of the second seed generation. 120783
Formation of pea-white mustard [Sinapis alba] and *pea-barley* **agrophytocoenoses** [Nutritive relationships]. 120459
Effect of growing location of *barley* on the **amount** and quality of the yield. 121564
Barley **breeding** for a higher content of proteins and essential amino acids; review. 120839
Combination of yield and quality in **brewing** *barley*. 117076
Protein content of the 1976 **brewing** *barley*. 117078
Light and electron microscope studies of cytoplasmic aggregates formed in *barley* **cells** in response to Erysiphe graminis. 122589
Cation effects on light-induced chlorophyll a fluorescence in chloroplasts lacking both chlorophyll b and chlorophyll-protein **complex** II *[Barley]*. 121538
Total water consumption by *barley* **crops** in Pamir. 121490
Barley **[Cultivars]**. 121844
Barley **culture** in Colombia. 122107
Malts from the **Czech** 1975/76 *barley*. 117077
Wild oat [Avena fatua] control in *barley* with **difenzoquat** alone and in combination with broadleaf herbicides during 1975 under an EPA [Environmental Protection Agency] experimental permit. 123170
Results of long-term testing of the world collecton of barley in the high-altitude conditions of Pamir. 2. *Barley* **entries** from Asia. 121994
Results of long-term testing of the world collection of barley in the high-altitude conditions of Pamir. 3. *Barley* **entries** from Europe, Siberia and Maritime Territory. 121995
Barley and its **environment.** VI. Growth and development in relation to yield. 121157
The incorporation of 3H-thymidine during induction of callus of **excised** *barley* embryos [by 2,4-D as a growth substance]. 121431
Evaluation of a confirmatory test and environmental influence of aleurone colour **expression** of *barley*. 121544
Effects of fertilizer N [nitrogen] and number of years in tillage on the protein and non-protein content of **feeding** *barley* grain (cv. [Cultivar] Nessa) and on N uptake and recovery. 125015
Effects of fertilizer nitrogen and number of years in tillage on the protein content of **feeding** *barley* straw (cv. [Cultivar] Nessa) and on N uptake and recovery. 125016
Investigation on the infection pathway of Drechslera graminea in **germinating** *barley*. 122578
Changes of cell structure of wheat and *barley* after **granulation;** investigations made with electron scanning microscopy. 117136
Some effects of *barley* **grass** seed on young sheep [Contamination of wool and the damage to lambs' pelts]. 119279
The influence of the level of feeding on fermentation in the rumen of sheep receiving a diet of **ground** *barley*, ground hay and flaked maize. 118086
Enhancement by low pH [hydrogen-ion concentration] of gibberellin effects on dormant celery seeds and embryoless **half-seeds** of *barley*. 121746
New pests on the crops of Castilla la Vieja [Wheat, *barley*, **Hemiptera,** Lepidoptera]. 123274
Results of long-term testing of the world collecton of *barley* in the **high-altitude** conditions of Pamir. 2. Barley entries from Asia. 121994
Results of long-term testing of the world collection of *barley* in the **high-altitude** conditions of Pamir. 3. Barley entries from Europe, Siberia and Maritime Territory. 121995
Evidence of distant dispersal of live spores of Erysiphe graminis f. sp. **hordei** *[Barley]*. 122576
Barley: **Hordeum** vulgare (Gramineae-Triticinae). 121940
Radiation and chemical mutations of *barley* with **increased** resistance to lodging. 120832
Transfer of Hily character to **Indian** *barley*. 120620
Physiologic specialization in Helminthosporium gramineum *[barley*, **leaf** stripe, resistance testing of Indian and USa varieties]. 122755
Increased transpiration and the accumulation of root absorbed 86Rb [rubidium isotope] in *barley* **leaves** in infected by rhynchosporium secalis (leaf blotch). 122706
The synaptonemal complex in the course of meiotic chromosome pairing and recombination [Neurospora rassa, **maize,** *barley]*. 120756
Regression analysis of brewing data. Methods of assessment of relationships between two properties correlating with another, for example, the relationship between extract and nitrogen in **malting** *barley*. 117082
Have 70 years of **malting** *barley* breeding and cultivation promotion produced success or failure for barley quality? tria]. 120779
The "yield increase" of **malting** *barleys* and other replies ng from around an emission source. 122043
Results of the comparison of domestic [Hungarian] and foreign **malting** *barley* varieties. 122546
Relationships between metabolizable energy values for poultry and some physical and chemical data describing Canadian wheats, **oats** and *barleys*. 118039
Alteration of protein content in plants [of *barley*, **oats** and winter rye] in relation to the methods of its determination, fixation and temperature of drying of the plant material. 121397
Availability of "natural" and "residual" phosphates for *[barley* and **oats]** plants in Sod-Podzolic soils. 121398
Study of [fungus] disease resistance of stock and breeding material of winter wheat, *barley*, **oats** and red clover. 122626
Regularity in the action of nitrogen in the main forms of nitrogenous fertilizers used at various rates [Effect on the yield of spring wheat, **oats,** *barley]*. 124945
Effect of temparature and light intensity on the development of *barley* in **Pamir.** 121488
Yield and stability in intraspecific mixtures [Breeding, *barley*, **peas]**. 120634
Study of influence of seed microflora on *barley* **planting** quality in the western zone of the Latvian SSR. 122625
Uptake of nitrogen by *barley* **plants** and the transformation of nitrogenous fertilizers on regraded Chernozem. 124949
Have 70 years of malting barley breeding and cultivation promotion produced success or failure for *barley* **quality?** tria]. 120779
A note on the value of dried citrus pulp and grape marc as *barley* **replacements** in calf fattening diets. 117972
Change in the content of auxins and growth inhibitors in the leaves of *barley* as a **result** of ultra-violet radiation in the conditions of West Pamir. 121486
Further studies on the modification of root growth and ion uptake brought about by enrichment of phosphate over narrow zones of the *[barley]* **root** system. 121417
Studies on *[barley]* **root** metabolism under poorly aerated conditions. 121420
Development of *barley* **root** rots in fields surrounded by forest shelterbelts [Helminthosporium, Fusarium, Alternaria]. 122777
Further micro-autoradiographic studies on the pathways of movement of two pesticides in *barley* **roots.** 121416
Longitudinal movement and loss of solutes and water in *barley* **roots.** 121419
Nitrate loss in a ponded Hanford sandy loam: enhancement by plant **roots** *[Barley]*. 124871
Further investigations of the physiological responses of roots to cooling *[Barley,* **rye].** 121415
Accumulation of dry phytomass of *barley* in the **second** half of the vegetational period. 121562
Stuies on the mechanisms of *barley* **seed** deterioration [Fungal contamination, Aspergillus repens, Penicillium cyclopium, Fusarium culmorum]. 122567
Zearalenone-producing species of Fusarium on *barley* **seed.** 122569
Homoserine kinase from *barley* **seedlings.** 121541
Polyphenol content and polymerisation index of *barleys* and **small-scale** malts. 117081
Data on the differentiation of the *barley* **spike.** 120567
Quality of grain and malt from the main and lateral stems as well as from different parts of the *barley* **spike.** 121566
Application of isopropylmethanesulfonate and isopropylethanesulfonate in breeding **spring** *barley* [Chemical mutagens]. 120804
Some results of breeding **spring** *barley* for grain quality in the conditions of the Kamennaia Steppe. 120814
Farming practices and **spring** *barley* breeding in the eastern part of the Ukrainian forest-steppe. 120827
Is the extract/nitrogen function **S-shaped?** *[Barley]*. 117080
Anther and pollen infection in relation to the pollen and seed transmissibility of two strains of *barley* **stripe** mosaic virus in barley. 122826
Effect of the systemic fungicide PP 149 on rate of powdery mildew infection, yield amount, morphology and tissue structure of leaves in **summer** *barley* varieties. 122610
Effect of different simazine doses on the content of nitrogen fractions and the amino acid composition of proteins in **summer** *barley* grains. 123191
Effect of **treating** *barley* crops with dichlorophenoxyacetic acid and the retardant chlorocholine chloride on the quality of the yield. 123195
Quality of malt from some two-rowed **varieties** of *barley*. 117179
Comparative study of the [mutagenic] effect of ethylenimine and gamma-rays on wheat and *barley* **varieties** in the first generation. 120718
Effect of natural ultra-violet radiation on the content of auxins and growth inhibitors in *barley* **[varieties]** in Pamir in their natural condition and with artificial treatment with beta-indole acetic acid. 121487
Anther and pollen infection in relation to the pollen and seed transmissibility of two strains of barley stripe mosaic **virus** in *barley*. 122826
The studies on the development of a whole-crop feed. 1. The quality and nutritive value of whole-crop silages made of oats, **wheat** and *barley*. 117378
Pest management for control of stem break [caused by Cercosporella herpotrichoides in **wheat** and *barley]*. 122694
Yield structure of *barley* and **wheat** at different nitrogen levels and at different plant densities. 124955
Barley **yellow** rust [caused by Puccinia striiformis]. 122773
Barley **yellow** rust [caused by Puccinia striiformis] and its control. 122774
Study of the effect of the time of farrowing and the type of harrows on the weediness and **yield** of *barley*. 122150
Effect of nitrogen nutrition of *barley* on the **yield** formation and brewing characteristics of grain. 125080
Effects of mechanical impedance on cell development in **young** *barley* roots. 121414

BARNS

Confinement **beef** *barn*—rear driveway. 124624
Confinement **beef** *barn*—gable roof. 124625
Bacterial contamination of indoor air of dairy **cattle** *barns*. 3. Technological factors and their influence on quantitative bacterial contamination. 118826
Bed and board **[Dairy** *barns,* feed equipment]. 124611
Barn **hay** drying. 117333
Horse *barn* & arena. 124627

BAROMETERS

Agricultural calamities. 1976 *barometer* of **indemnities.** 115514

BARROWS

A model of stand photosynthesis for the wet meadow tundra at *Barrow*, **Alaska.** 121040

BARTLETT *see* PEARS

BASALTS

Extraction of metals from *basalt* by **humic** acids. 124857

BASIDIOMYCETES

Pseudoxenasma [verrucisporum], a new genus of **Corticiaceae** *(Basidiomycetes)* **[Fungi].** 120217
Form and function in *Basidiomycete* **[Fungi]** spores. 120468
Sexuality and breeding in the *Basidiomycetes* **[Fungi].** 120769
Some properties of a fungal beta-D-glucanase preparation *[basidiomycetes,* **Sclerotinia** libertiana]. 120994

BASINS

Recent Barypithes species from the **Carpathian** *Basin*. 124447
Snowmelt runoff on small **catchment** *basins*. 125348
Soils of Manukau City **Experimental** *Basin,* Auckland, New Zealand. 124847
Soils of Purukohukohu IHD **Experimental** *Basin,* Rotorua County, North Island, New Zealand. 124848
Soils of research catchments, Manorburn **Experimental** *Basin,* Central Otago, New Zealand. 124849
Occurrence of Lepidoptera in the schists of Tremembe, and some reflections on the **geological** *basin* of Paraiba, Sao Paulo State [Paleoentomology]. 124212
Antierosion measures in the **hydrographic** *basin* Racova, district of Vaslui. 125140
Late Quaternary vegetation history of the Yellowstone **Lake** *Basin,* Wyoming. 120242
Stages of vegetation in the mountains of the **Mediterranean** *basin*. 120342
New and interesting plants of the flora of the Marches found in the **mountainous** *basin* of the Esino. 120020
Dependence of the floristic composition in the *basin* of **Pauzhetki** River from geothermal springs. 119955
Study of the process of rain flood formation in the *basin* of **Rioni** River. 125237
Agrarian reform in Ecuador's Guayas **River** *Basin*. 115283
A model of ecological development and land settlement for the Orinoco **River** *Basin* of Colombia. 115292
Soil conservation: western part of the Carcarana **River** *basin*. 125111
An inundation study of the Lower Magdalena-Cauca **River** *Basin* [Remote sensing]. 125253
Water-energy conflicts in Montana's Yellowstone **River** *Basin*. 125366
Water pollution in the Greve **River** *basin*. 125483
Soils and improvement of agricultural, silvicultural and pastoral conditions in the Wabi **Schebelle** *basin* (Ethiopia). 125110

BASKETS

Let's lift the **bushel** *basket!* 116627

BATHYCOELIA

Natural enemies of *Bathycoelia* **thalassina** (Herrich-Schaeffer) (Hemiptera: Pentatomidae), a pest of cocoa in Ghana. 123226

BATHYPLECTES

Alfalfa weevil [Hypera postica] research *[Bathyplectes* **curculionis,** biological control]. 123354

BATTERIES

The influence of a chloramphenicol treatment of laying hens in *batteries* to **air** borne staphylocci in drinking water [Swine]. 118664
Layers in *battery* **cages** [Chickens]. 117423
Physiological principles and technologic methods of *battery* and **floor** exploitation, in confinement and in the open air, of poultry as a function of its production and health [Economic aspects]. 118434
Pros and cons of broilers in *batteries* **[Housing,** costs]. 117398
Broilers in *batteries* (from the beginning to the end of **life**). 117395

BAUHINIA
Comparative study on the cambial structure of some *Bauhinia* **species.** 120431

BAYGON
Changes in the electroencephalogram of rats following subacute exposure to carbaryl and *baygon:* **Correlation** with EEG [electroencephalogram] changes in sub-human primates after chronic, low level exposure to baygon [Insecticides]. 123750

BAZZANIA
African hepatics. XXVII. *Bazzania* **[Hepaticae].** 120101

BEACHES
Pollution microbiology of Biscayne **Bay** *beaches.* 125545
Studies on lichen-dominated systems. XVII. The colonization of young **raised** *beaches* in northwestern Ontario. 120334

BEAGLES
Epidemic abortion in the **dog** *(Beagle)* and the possibility of infection for man. 118854

BEANS
Beneficial physiologic **action** of *beans.* 116399
Beneficial physiologic **action** of *beans.* 116400
Studies on the pollution of apple orchard-surface soils and its improvement in relation to inorganic spray residues. I. Arsenic injury to **adsuki** *bean* (Phaseolus angularis cv. "Takara"). 122916
Studies on "**ann**" *(bean* jam). 4. Texture of [dried 'koshi-ann', one of the Japanese bean products]. 117298
Studies on "**ann**" *(bean* jam). 5. Off-flavor of dried "koshiann" (mashed beans) in the storage. 117299
The potato, maize and *bean* **association,** a form of intensive, economic use of the agricultural resources of miniature holdings [Colombia]. 115344
Studies on the pollution of apple orchard-surface soils and its improvement in relation to inorganic spray residues. I. Arsenic injury to *adsuki* **bean** (Phaseolus angularis cv. "Takara"). 122916
Studies in costs of production, process peas & *beans,* 1974-75. 115540
Production of a cellulase complex in culture filtrates of Aspergillus tamarii associated with mouldy **cocoa** *beans* in Nigeria. 122698
Some environmental and nutritional factors affecting growth and sporulation of Aspergillus tamarii associated with mouldy **cocoa** *beans* in Nigeria. 122699
Experience gained in relation to the quality of raw and roasted **coffee** *beans.* 116085
A new disease of sword [jack] *bean* **[Coleophoma** empetri]. 122597
Energy efficiency of protein production in the common **field** *bean* (Phaseolus vulgaris). 115322
Field *beans* as a source of protein for swine production. 118122
Pollination [self and cross-pollinating] as a factor limiting the yield of **field** *beans* (Vicia faba L.). 120763
Field peas, **field** *beans,* lentils. 121847
Field *bean:* Vicia faba (Leguminosae-Papilionatae). 121944
Competition by, and chemical control of, natural weed populations in spring-sown **field** *beans* (Vicia faba). 123062
Weed control in **field** *beans* in Nebraska. 123163
Research in controlling thrips [Trips angusticeps] in **field** *beans.* 123357
Protein utilization of mixed feed rations by lactating pigs, with special reference to the content of essential amino acids in the dietary protein. 2. Studies on the utilization of dietary protein in rations containing extracted soyabean meal, **horse** *bean* meal, fish meal, maize gluten and waste liq. 117990
Comparative effects of several inhibitors of chloroplast thylakoid membrane synthesis in greening **jack** *bean.* 121621
Studies on "ann" (bean jam). 4. Texture of [dried 'koshi-ann', one of the **Japanese** *bean* products]. 117298
New data on the photosynthesis and respiration of green plants under the conditions of flash illumination [Maize, **kidney** *beans].* 121449
Peculiarities of growth of maize and some legume plants [soybeans, chickpeas, **kidney** *beans]* in combined cultivation. 121462
Occurrence of D-alpha-amino-n-butyric acid in legume seedlings **[Kidney** *beans].* 121583
Distribution of dry matter among the aerial organs of various cultivars of **kidney** *beans* (Phaseolus vulgaris L.). 121648
Studies on "ann" (bean jam). 5. Off-flavor of dried "koshiann" **(mashed** *beans)* in the storage. 117299
Association analysis Vigna aconitifolia **[moth** *bean]* (Jacq.) Marechal [for selection of high yielding lines]. 120819
Ultrastructure of persisting mitotic nucleoli of **mung** *beans.* 120557
Formation of polyprenol-linked mono- and oligosaccharides in Phaseolus aureus **[mung** *beans].* 121600
Hydrogen peroxide generation by the alternate oxidase of higher plants **[Mung** *beans].* 121604
Effect of succinic acid on protein complexes in seeds **[Mung** *beans].* 121615
The low temperature limit for [cucumber and **mung** *bean]* seed germination. 121742
Galactose-induced ethylene evolution in **mung** *bean* hypocotyls: a possible mechanism for galactose retardation of plant growth. 121750
Factors affecting the use of **mung** *bean* cuttings as a research tool in vegetative propagation. 122223
Baisakhi moong **[mung** *beans]* successfully follows wheat. 122289
Search for sources of resistance to powdery mildew [Erysiphe polygoni] in black gram **[Mungo** *beans].* 122606
Influence of peroxide and polyelectrolyte treatments on germination, seedling emergence and yield **[Navy** *beans,* soybeans, sugarbeets]. 121545
Effects ofplant population and row spacing on yield and components of yield of **navy** *beans* (Phaseolus vulgaris L.). 122420
Beans: **Phaseolus** spp. (Leguminosae-Papilionatae). 122347
Translocated heat injury. II. **[Pinto** *beans,* cowpeas, cucumbers]. 123015
Studies on cool injury in *bean* **plants.** VII. Sensitive stages to sterile type low temperature injury during floral bud development in relation to nitrogen status of soybean plants. 123024
14C [carbon isotope]-assimilate distribution in Phaseolus vulgaris L. *[Beans]* during the **reproductive** period. 121718
Isolation of lipoxygenase from split pea seeds, **snap** *beans,* and peas. 117276
Relationship of plant population and arrangement on yield and early maturing of bush **snap** *beans.* 122465
Factors associated with resistance to mechanical [seed] damage in **snap** *beans* (Phaseolus vulgaris L.) [Germination, vigor]. 122966
Optimum conditions for high-resolution gradient analysis [pea polyribosomes, **southern** *bean* mosaic virus]. 120406
Preliminary study of the **tonka** *bean* [Dipteryx alata] (Leguminosae, Faboideae). 121622
Effects of gamma- and X-ray irradiation on different developmental stages of the *bean* **weevil** (Acanthoscelides obtectus Say. (Coleoptera: Bruchidae). 123438

BEAUTIFICATION
The function of dispersed high vegetation *[Beautification,* **landscaping,** conservation of natural resources]. 122501
Ornamental aspects of [varieties of] deciduous woody plants in the *beautification* of **Moscow.** 122197

BEAUVERIA
Variability of natural strains of muscardine fungi *[Beauveria,* **Paecilomyces,** pathogens of a pyralidid moth, pest of honey bees, biological control]. 124543

BEAVERS
Rearing of **swamp** *beavers* with or without water? 117421

BEDS
Bed and **board** [Dairy barns, feed equipment]. 124611
Electron microscopy analysis of differentiation of the wall and **capillary** *bed* of the chick embryo allantochorion. 117691
How to **control** *bed* bugs [Cimex lectularius, Cimex hemipterus]. 123643
Prospects in the utilization of **fluid** *bed* in the drying and cooling of refined sugar. 117111
The aeromatic instantizing method: agglomeration in the **fluidized** *bed* [Food processing]. 116646
Kraft furnance effluent gas particulate capture in a multi-plate **fluidized** *bed.* 125564
Studies on North American Quaternary bryophyte subfossils. I. A new moss [Musci] assemblage from the two creeks **forest** *bed* of Wisconsin. 120235
Mechanization in preparing the **germinative** *bed* for spring crops. 124716
Behavior of apple varieties on different *beds* in the **Havelland** fruit growing area [East Germany]. 122509
Watch out for fragments in the *bedding* [of **poultry**]! [Litter, wood chips, chicken injuries]. 117399

BEECHES
Cold storage of already **after-ripened** *beech* (Fagus silvatica L.) seeds. 121792
Beech **bark** disease and wood quality [Fagus silvatica]. 119660
Economic consequences of **cyclic** *beech* [Fagus] cultivation. 119570
Bark of hornbeam and *beech* from **dendrometric** point of view. 119533
Relations between growth stresses and tension wood in *beech* **(Fungus** sylvatica L.) [Wood properties]. 119681
Ecological role of Zelandopsyche ingens (Trichoptera: Oeconesidae) in a *beech* **[Nothofagus** solandri cliffortioides] forest stream ecosystem. 123825
Control of coal-tar impregnation of *beech* **wood** with red heartwood; success of impregnation according to thylosis frequency. 119725
Pulping of New **Zealand** *beeches* (Nothofagus spp.) and associated forest species. 119759

BEEF
Development of the microflora of **air-dried** *beef.* 116109
The behaviour of salmonellae during the curing and drying of **air-dried** *beef.* 116138
Stretch your beef dollars. Buy: veal, **baby** *beef,* grass-fed beef, less tender cuts [Recipes]. 116312
The exotic boom: improved our *beef* and **broadened** our minds [Cattle breeding]. 118196
The effect of neonatal diarrhea on subsequent weight gains in *beef* **calves.** 119059
Observations on cysticercosis in Rhodesia. 1. The distribution of [Cysticercus cellulosae] cysts disclosed in *beef* **carcases** at meat inspection. 116255
Beef **cattle** today and tomorrow [Outlook]. 115946
Refeeding wastes to *beef* **cattle.** 117324
Are *beef* **[cattle]** shows in for some hard times? 117469
Proceedings: 9th *Beef* **Cattle** Field Day, November 8, 1975, Mealani Experiment Station, Kamuela, Hawaii [Husbandry, feeds, feeding, pasture management]. 117472
Rations based on silage of guineagrass (Pannicum maximum Jacq.) for *beef* **cattle** in a feedlot. 118021
Sorghum silage and napiergrass silage for *beef* **cattle** feeding in the dry season. 118023
Effects of ration energy and slaughter weight on composition of empty body and carcass gain of *beef* **cattle.** 118090
Propionic acid preservation of high moisture corn and its utilisation in *beef* **cattle** feeding [includes costs]. 118184
Exploiting between-herd genetics *[Beef* **cattle].** 118189
Management tools that increase reproduction in *beef* **cattle.** 118284
Estimated genetic improvement in weaning weight of *beef* **cattle.** 118338
Management + Simmental *[beef* **cattle]** makes his dream come true. 118405
Heterosis from crossing two lines of Herefords *[Beef* **cattle].** 118408
Results of the Missouri crossbreeding project with *beef* **cattle** (September, 1975, phase 2). 118409
Case histories of cerebrocortical necrosis in a *beef* **cattle** farm. 119155
Studies on the extention of the grazing season. 6. Winter grazing on the south side of a snow covered hillland *[Beef* **cattle].** 122103
1975 report; North Missouri Center, Spickard, Missouri [Cultivation of forage crops, *beef* **cattle** breeding]. 122158
Corral & breeding chute *[Beef* **cattle].** 124626
Studies for the installation of a corral for *beef* **cattle.** 124633
Rising prices curb **Chilean** *beef* eating. 115658
Better burgers, at no extra cost **[Chopped** *beef].* 117003
Confinement *beef* barn—rear driveway. 124624
Confinement *beef* barn—gable roof. 124625
Identification and flavor properties of some 3-oxazolines and 3-thiazolines isolated from **cooked** *beef.* 116930
Weight change, body condition and *beef* **cow** reproduction. 118295
Stretch your *beef* **dollars.** Buy: veal, baby beef, grass-fed beef, less tender cuts [Recipes]. 116312
Get maximum production from grass **fed** *beef* with irrigated pastures. 122055
Disposal of *beef* **feedlot** manure [Maize, sorghum]. 125057
Consumer acceptance of forage **finished** *beef.* 115752
Nutrient requirements of growing and **finishing** *beef* cattle. 118064
The USDA [United States Department of Agriculture] *beef* **grading** situation. 116046
Stretch your beef dollars. Buy: veal, baby beef, **grass-fed** *beef,* less tender cuts [Recipes]. 116312
The reliability of grading of pork **halves** and *beef.* 116106
Evidence for a function of core protein in complex III from *beef* **heart** mitochondria. 117661
Relationship between configuration, function, and permeability in calcium-treated *[beef* **heart]** mitochondria. 117793
Start now, you'll cut costs [of wintering the *beef* **herd].** 115523
An economic review of the New Zealand sheep and *beef* **industry** 1971-2 to 1975-6 [Prices]. 115720
Chemical modifications of histidine residues in cytoplasmic asparate aminotransferase from *beef* **kidney.** 117851
Lactoperoxidase-catalyzed lipid peroxidation of microsomal and artificial membranes [Milk, *beef* **liver].** 116854
Studies on lysophospholipases. VIII. Immunochemical differences between two lysophospholipases from *beef* **liver.** 117598
Formation of anhydrosugars in the chemical depolymerization of *[beef* **lung]** heparin. 117588
Nearest neighbor analysis of *[beef* **lung]** heparin: Identification and quantitation of the products formed by selective depolymerization procedures. 117590
Tests for **measuring** *beef* performance [Cattle]. 117391
Living from milk tomorrow, too: development of markets for **milk** and *beef.* 115771
Cooking of *beef* by **oven** roasting: a study of heat and mass transfer. 116623
Effect of initial internal temperature and storage temperature on the microbial flora of vacuum **packaged** *beef* [Quality]. 116197
Quality characteristics of vacuum **packaged** *beef* as affected by postmortem chill, storage temperature, and storage interval. 116203
Vacuum, ripening and transport **packaging** of *beef.* 116966
Influence of carcass maturity on the **palatability** of *beef.* 116185
The bacteriology of DFD [dark, firm, dry]-meat **[Pork,** *beef].* 116137

In vitro trypsin digestion of bovine and pig muscles both raw and cooked: peptides fractionations by molecular exclusion chromatography [**Pork** and *beef*]. 116937
Sorghum and napiergrass silage as winter feed for **pregnant** *beef* cows. 118022
Storage tests on **pre-packed** *beef* in controlled gas atmospheres of high carbon dioxide content with oxygen largely excluded. 116996
Estrogens in *beef* **production** [Residues, carcinogens, diethylstilbestrol]. 116050
Dresden Cooperative Association for *Beef* **Production:** usual material economy from livestock production to processing. 117461
Triple [feed] nuts for *beef* **production.** 118025
The use of pasture for *beef* **production.** 3. Different protein sources for molasses/urea supplementation to bulls during the dry season. 118050
Effects of reproductive performance and mating system on farm gross margins in *beef* **production.** 118243
Beef **production** from the breeding herd—guidelines to management. 118413
Beef **progeny** tests at North Missouri Center. 118407
What *beef* **qualities** are available on the German market? 116147
Research on *beef* **raising** for meat in Lombardy [Costs]. 115549
The utilization of marginal lands for **raising** *beef* cattle [open range management, grazing]. 122144
Payoff: more *beef* from **range** pastures—fertilization project giving proof. 125041
Fitting and **showing** *beef* cattle. 117422
How to select the right one. Fertility check, manage properly [**Simmental** *beef* cattle, bulls]. 118404
Management systems for **small** *beef* herds of 10 cows or less. 115336
Influence of roughage level on the site and extent of digestion of whole shelled corn by *beef* **steers.** 118094
Influence of roughage level and corn processing method on the site and extent of digestion by *beef* **steers.** 118095
Influence of roughage level and corn processing method on microbial protein synthesis by *beef* **steers.** 118096
Soviets double their *beef* **weights** with American-style lots. 117424
Forages and *beef*—still a **winning** combination. 118042
Farm production experiments comparing formalin-treated silage with conventional foods for wintering **yearling** *beef* cattle. 118125
Grading procedure found to reflect retail yields *[Beef* **yield** grades]. 116096

BEEHIVES

The skep through the **ages** *[Beehives]*. 124527
The San Benito frame *[Beehive* **equipment,** Guatemala]. 120356
Paint—a vital protective film [for *beehive* **maintenance**]. 124488
Thoughts on the **multiple-story** *beehive*. 124520
Apiculture with the **opening-type** *beehive* in the Triglav alpine area. 124564
Some thoughts on the book "Beekeeping in the **opening-type** *beehive*". 124583
Some thoughts on the book "Beekeeping in the **opening-type** *beehive*". 124584
Some thoughts on the issue of the book "Beekeeping in the **opening-type** *beehive*" [Reply to L. Kastelic]. 124585
Some thoughts on the issue of the book "Beekeeping in the **opening-type** *beehive*" [Reply to L. Kastelic]. 124586
Is the time of the beehouse and **side-opening** *beehive* past? 124494
Beehives are **stolen** more and more [in the United States]. 124498

BEEKEEPING

The utility of an observation hive for professsional and **amateur** *beekeepers*. 124528
Some thoughts on the **book** *"Beekeeping* in the opening-type beehive". 124583
Some thoughts on the **book** *"Beekeeping* in the opening-type beehive". 124584
Some thoughts on the issue of the **book** *"Beekeeping* in the opening-type beehive" [Reply to L. Kastelic]. 124585
Some thoughts on the issue of the **book** *"Beekeeping* in the opening-type beehive" [Reply to L. Kastelic]. 124586
Legal sentence: verdict of the Hessian administrative law court on November 28, 1975—IV OE 98/74 *[Beekeeping* **buildings**]. 124495
National organization of *beekeepers* **created** [in Colombia]. 124558

Beer **filtration.** IV. Siliceous earth filtration with kettle filters. Basics of layer filtration. 116670
Improvement of *beer* **filtration** by the addition of enzymes. 116808
The taste and **flavor** of good *beer*. 116831
Progress towards an international system of *beer* **flavour** terminology. 116686
Fluoride content in *beer:* **fluoride** determination with the ion—selective electrode [Contamination]. 116060
Standards for filling casks with *beer* [**Hygiene,** beer quality, cask cleaning and sterilization]. 116062
Market analysis of products and basic materials of the *beer* **industry.** 115746
Hydrodynamic cleaning of bottles *[Beer* **industry**]. 116675
Beta-glucanes and their effect on mashing *[Beer* **manufacture**]. 116671
The development of amylase and maltase during the malting of sorghum vulgare *[Beer* **manufacture**]. 117065
Introduction to the knowledge of plastics. 6. Plastics for *beer* **packaging.** 116676
Introduction to the knowledge of plastics. 5. IV. Plastics in *beer* **packaging.** 116677
Keeping quality of *beer* and the **problems** related. 2. 116830
Standards for filling casks with beer [Hygiene, *beer* **quality,** cask cleaning and sterilization]. 116062
Effect of malt quality on polymerisation index, colloidal and flavor **stabilities** of *beer*. 116674
Domestic consumption of *beer* **strategy** [West Germany]. 115574
Beer **tested** by the German Agricultural Association [Quality]. 116059

BEES

Selected references to the **African/Brazilian** *honeybee* [Apis mellifera adansonii, bibliographies]. 125118
Substances used against the **aggressiveness** of *honeybees*. 124525
New Australian **allodapine** *bees* (subgenus Exoneurella Michener) and their immatures (Hymenoptera: Anthophoridae). 124467
Orientational behavior in the individual ecosystem as examplified by the flight behavior of the *honeybee* (**Apis** mellifera L.). 124174
Inherited behavior patterns of the *honeybee* [**Apis** mellifera] colony as a basis of modern management. 124485
Sixty years devoted to *bees* [**Apis** Mellifera, breeding]. 124504
Honeybee [**Apis** mellifera] recruitment: the dance-language controversy explained. 124532
Piping of virgin queens of the *honeybee* (**Apis** mellifera L.). 124552
Effects of pollination by *bees* [**Apoidae**] on seed productivity of alfalfa. 124161
Some observations on *honeybee* **behavior.** 124556
Honeybees are the **best** allies of pomologists even under protection [Peaches, pollinators]. 124492
The **Breton** *honeybee:* main characteristics of its annual biological cycle and the effects of environmental conditions. 124557
The **Brittany** *honeybee:* the flora and the environment [Honey plants]. 122544
Influence of winter supplies on the productivity of *honeybee* **colonies.** 124571
Nosema disease examination and *[honeybee]* **colony** treatment. 124515
A vibrating pallet for **controlling** *bee* flight from colonies [Apis mellifera]. 124486
Construction and use of an experimental ethylene oxide chamber to **fumigate** *bee* equipment in Virginia [for disease, pest and American foulbrood control]. 124487
Bees of the **genus** Martinapis Cockerell in North America [Martinapis luteicornis, Martinapis occidentalis, new taxa]. 124473
Sociality and seasonal size variation in **halictine** *bees* [Lasioglossum, subgenus Dialictus]. 124002
More care devoted to *honeybee* **health.** 124573
Effect of **honey** *bee* saturation on the pollination of Chinese gooseberries variety 'Hayward'. 121738
The effective information contents of the dance of the **honey** *bee* [Apis mellifera]. 124511
The waggle dance of the **honey** *bee* [Apis mellifera]; a new formulation. 124512
Body temperature and flight performance of **honey** *bees* [Apis mellifera ligustica] in a servo-mechanically controlled wind tunnel. 124538
Polarized light orientation of the **honey** *bee:* the minimum visual angle. 124539
The influence of pre-training on the learning process of the **honey** *bee* [Apis mellifica carnica, Apis mellifica ligustica]. 124540
Development in **honey** *bee* [Apis mellifera] rearing [Artifical insemination]. 124542
Variability of natural strains of muscardine fungi [Beauveria, Paecilomyces, pathogens of a pyralidid moth, pest of **honey** *bees*, biological control]. 124543
Observations on the seasonal incidence of external mites Acarapis spp. on **honey** *bees*. 124544
Development of hybrid **honey** *bees*. 124551
Orientational behavior in the individual ecosystem as examplified by the flight behavior of the **honeybee** *(Apis* mellifera L.). 124174
Piping of virgin queens of the **honeybee** *(Apis* mellifera L.). 124552
Drones in **honeybee** swarming. 124566
The *honeybee*—**how** social? 124533
Feeding [honey] *bees*—**individually.** 124483
How we solved the problem of wintering **Italian** *honeybees* in Finland. 124570
O **killer** *bee* [Apis mellifera adansonii] where is they sting? In the press, that's where. 124489
How are **large** *honeybee* colonies produced? [Management]. 124501
Some aspects of the biology and control of Sapyga pumila Cresson, a parasite of the alfalfa **leafcutter** *bee*, Megachile pacifica P. (Rotundata) (F.). 123294
Local *honeybee* populations: generalities on the biological characteristics of development. 124553
The introduction of cells, virgins and queens *[Apis* **mellifera**]. 120355
Molecular structure of sugars and their effectiveness in stimulating insects [Phormia, *Apis* **mellifera**]. 124101
Effect of the ash of the Irazu volcano (Costa Rica) on some insects [including *Apis* **mellifera**]. 124138
Inherited behavior patterns of the honeybee *[Apis* **mellifera**] colony as a basis of modern management. 124485
A vibrating pallet for controlling bee flight from colonies *[Apis* **mellifera**]. 124486
O killer bee *[Apis* **mellifera** adansonii] where is they sting? In the press, that's where. 124489
The carniolan queen used to control agressive populations *[Apis* **mellifera** adansoni, Argentina]. 124490
Sixty years devoted to bees *[Apis* **Mellifera,** breeding]. 124504

Body temperature and flight performance of honey bees *[Apis* **mellifera** ligustica] in a servo-mechanically controlled wind tunnel. 124538
Apiculture *[Apis* **mellifera** adansonii, crossing, aggressiveness]. 124541
Development in honey bee *[Apis* **mellifera**] rearing [Artifical insemination]. 124542
Correct management of a continental mating station *[Apis* **mellifera,** Europe]. 124560
Food supplement in winter *[Apis* **mellifera**]. 124568
Queen wrapper of waxed paper for safe introduction *[Apis* **mellifera**]. 124579
Rearing of transplanted larvae in artificial queen-cell cups in a queenright colony *[Apis* **mellifera**]. 124580
Selected references to the African/Brazilian honeybee *[Apis* **mellifera** adansonii, bibliographies]. 125118
The influence of pre-training on the learning process of the honey bee *[Apis* **mellifica** carnica, Apis mellifica ligustica]. 124540
Bionomics of the *bee-associated* **Meloidae** (Coleoptera); bee and plant hosts of some Nearctic meloid beetles—a synopsis. 123221
Honeybee **navigation.** 124522
Honeybee **pasture.** 4. [Honey plants]. 122516
Is it easy to use *honeybee* **performance** to prevent swarming? 124572
Bionomics of the bee-associated Meloidae (Coleoptera); *bee* and **plant** hosts of some Nearctic meloid beetles—a synopsis. 123221
Bees and **plant** protection treatments [Bees, poisoning, prevention]. 124550
A bird and *bee* **problem** in [plywood] house siding. 119831
Productive *honeybee* colonies belong in multiple-story hives. 124502
The rearing of *[honeybee]* **queens.** 124526
Influence of color and placement of mating nuclei on the drifting of *[honeybee]* **queens** returning from mating flights. 124561
The evolution of social behavior in primitively **social** *bees:* a multivariate analysis [Dialictus]. 123910

Volatile secretions of two Old World **stingless** *bees* [Trigona (Meliplebeia denoitti, Trigona (Hypotrigona) gribodoi]. 124153
Bee **studies** in northern Idaho forests. 124505
Drones in *honeybee* **swarming.** 124566
Bee **venom** as a remedy and its effects. 116558
Feeding of *honeybees* in **winter.** 124567
Behavior of *honeybee* **workers** toward drones. 124546

BEETLES

Antineoplastic agents. 41. The *beetle* **Allomyrina** dichotomus. 124073
Biology of an introduced **ambrosia** *beetle,* Xylosandrus compactus, in Florida [Cornus florida, pests]. 123798
Methods of sampling **aquatic** *beetles* in the transitional habitats at water margins. 123918
A new subterranean **aquatic** *beetle* [Haideoporus texanus] from Texas (Coleoptera: Dytiscidae-Hydroporinae). 124213
Reproductive incompatibility in pityogenes chalcographus L. , a new perspective of **bark** *beetle* control? 123461
Attractant pheromone of the European elm **bark** *beetle* (Scolytus multistriatus): isolation, identification, synthesis, and utilization studies. 123464
Spruce **bark** *beetle,* Ips typographus: pheromone production and field response to synthetic pheromones. 123484
Parasites (Hymenoptera, Chalcidoidea) associated with **bark** *beetles* [Scolytus, Hylesinus, Ips] in Norway. 123486
Synthesis of optically pure (1S, 4S, 5S)-2-pinen-4-ol (cis-verbenol) and its antipode, the pheromone of Ips **bark** *beetles.* 123782
2-phenylethanol isolated from **bark** *beetles* [Dendroctonus brevicomis, Ips paraconfusus]. 124106
Synthesis of (1S: 2R: 4S: 5R)-(-)-alpha-multistriatin, the pheromone in the smaller European elm **bark** *beetle* Scolytus multistriatus. 124164
A chemical basis for plant [lucerne, Lotus pedunculatus] resistance to grass grub [Costelytra zealandica] and **black** *beetle* [Heteronychus arator] larvae (Coleoptera: Scarabaeidae). 123335
Collection of **carabid** *beetles* from Tasmania (Coleoptera, Adephaga). 124287
Effects of mating on female inhibition and egg production in the black **carpet** *beetle,* Attagenus megatoma F. 123529
Behaviour and larvae of two rose **chafer** *beetles* Eupoecila australasiae (Don), Diaphonia dorsalis (Don) (Coleoptera: Scarabaeidae, Cetoniinae). 124472
Integrated temperature and chemical control methods against the **cigarette** *beetle* [Lasioderma serricorne]. 123538
Multiple mating by [the **cigarette** *beetle]* Lasioderma serricorne (F.)—effects on fertility and fecundity. 123546
Beetles **(Coleoptera)** as new intermediate hosts of helminths [Infecting livestock]. 123674
Molting hormone titer changes and their significance during development of the **Colorado** *beetle,* Leptinotarsa decemlineata. 124047
Behavior and generation dynamics of the white pine **cone** *beetle* Conophthorus coniperda (Schwarz) in central Wisconsin. 123443
Twilight pests in imported feed raw material. The **copra** *beetle* (Necrobia rufipes Degeer), the sap beetle (Carpophilus spp.) and the Siamese flat beetle (Lophocateres pusillusKlug). 123582
Dermestidae *beetles* (Insecta: Coleoptera). 124304
Morphological types of larvae of *beetles-wood* **eaters** (Coleoptera, Eucnemidae) and their evolutionary significance. 123928
Feeding effect of juvenile hormone analogud, ZR 619-5 E, on the **epilachna** *beetle,* Epilachna vigintioctopunctata Fabricius [Eggplant pests]. 123390
Beetle **fauna** associated with scats of Brown bear (Ursus arctos) from Trysil, south Norway 1974. 123650
Twilight pests in imported feed raw material. The copra beetle (Necrobia rufipes Degeer), the sap beetle (Carpophilus spp.) and the Siamese **flat** *beetle* (Lophocateres pusillusKlug). 123582
Biology of the **flea** *beetle,* Altica carduorum (Coleoptera: Chrysomelidae) on Canada thistle (Cirsium arvense) in South Daota [used for biological control of weeds]. 123080
Multifactor ecological aspects of population performance of **flour** *beetles,* Tribolium confusum and Tribolium castaneum. 123545
Grain *beetles* under the scanning electron microscope. 123515
The annual periodicity of the polyvoltine **ground** *beetle* Pogonus chalceus Marsh. (Coleoptera, Carabidae) and its control by environmental factors. 124180
Vital forms of **ground** *beetles* (Coleoptera, Carabidae) and their evolutionary interrelationship. 124310
Two specimens of the **Henosepilachna** *beetles* (Coleoptera: coccinellidae) from China. 124360
Cuticular hydrocarbons of healthy and diseased **Japanese** *beetle* larvae [Popillia japonica]. 123978
They fend off insects [Wheat varieties resistant to the Hessian fly, Mayetiola destructor and the **leaf** *beetle,* Chrysomelidae]. 123272
Intraspecific variability, host plant preference and injuriousness of **leaf** *beetles* of the subfamily Galerucinae (Coleoptera, Chrysomelidae) on field crops of the Cauca River. 123358
Bionomics of the bee-associated Meloidae (Coleoptera); bee and plant hosts of some Nearctic **meloid** *beetles*—a synopsis. 123221
Southern **pine** *beetle* [Dendroctonus frontalis]—a formidable foe. 123442
Morphology of the larvae of *beetles,* **predaceous** and associated with wood borers, from the northwestern part of the Caucasus. 124309
Laboratory evaluation of malathion used as a protectant for the prevention of damage by **pulse** *beetles* to stored gram [Chickpeas] (Cicer arietinum). II> Persistance of malathionresidue [Drosophila as test insects]. 123291
Larvae of **rove** *beetles* (Coleoptera, Staphylinidae) developing in wood [Ecology and morphology]. 123927
Twilight pests in imported feed raw material. The copra beetle (Necrobia rufipes Degeer), the **sap** *beetle* (Carpophilus spp.) and the Siamese flat beetle (Lophocateres pusillusKlug). 123582
Control of May *beetles* **[Scarabaeidae]** in Baden-Wurttemberg during the past 30 years. 123252
Is carbofuran [pesticide] our answer to Fat John [a grub stage of a **tiny** *beetle* Diaecoderus] and other pests of maize? 123306
Black **turpentine** *beetle* [Dendroctonus frontalis] infestations after thinning in a loblolly pine [Pinus taeda] plantation. 123500
Seasonal patterns in abundance of **water** *beetles* belonging to the Hydrophiloidea (Coleoptera). 123919

BEETS

Experimental results obtained with the herbicide Dual, associated with Gesaprim and Venzar, in controlling weeds in maize and *beet* **crops.** 123173
Plant population in polyploid varieties of *fodder-beet* **cultivated** in the summer-autumn cycle. 122128
Beet **development** in West Germany, France, Belgium and in the Netheralnds [Culture]. 121914
The specific effect of **fodder** *beets* on the feed intake by dairy cows. II. 118156
Beet **leaf** miner [Pegomya betae]. 123268
Assets engaged and rentability in the development of wheat, corn and *sugar-beet* **production.** 115499
Start of the Soviet **sugar** *beet* [marketing] campaign 1976/77. 115613
Estimate of West European **sugar** *beet* acreages 1976. 115778
European **sugar** *beet* growers express concern over possibility of increased HFCS [high fructose corn syrup] production]. 117105

BEGONIAS

Chemical height control of Reiger **Elatior** *Begonia* [hiemalis]. 121697
Effect of photoperiodic manipulation on seasonal variation in bud and shoot regeneration of Rieger begonia *[Begonia* **hiemalis]** leaf cuttings. 121668
Environmental control of shoot initiation by Rieger begonia *[Begonia* **hiemalis]** leaf cuttings. 121671
Effect of photoperiodic manipulation on seasonal variation in bud and shoot regeneration of **Rieger** *begonia* [Begonia hiemalis] leaf cuttings. 121668
Environmental control of shoot initiation by **Rieger** *begonia* [Begonia hiemalis] leaf cuttings. 121671
Methods of applying cytokinins to leaf cuttings of **Rieger** *begonias.* 122234
Rieger *begonias,* will they catch on ? [Horticulture technique]. 122330

BELOSTOMATIDAE

Records of insects taken at light traps in Tanzania. II. Distribution and seasonal change in catches of *Belostomatidae* **(Hemiptera:** Heteroptera) in relation to rainfall. 123250

BELTS

Flowering and pollination of some emtomophils [Primula moorkroftiana, Lonicera semenovii] from the **alpine** *belt* in East Pamir. 121107
Experience of application of nitragin in peas on common Chernozems at the south-eastern part of the Central **Chernozem** *Belt.* 125078
Preliminary study of the mangrove areas in Ceara State, Brazil. I. Main areas of its occurrence in the **coastal** *belt* from a longitude of 38 degrees, 36 minutes west to 41. 120232
Minimum tillage: summary of **cotton** *belt* results. 125115
Preliminary *belt* life data for abrasive planing of ponderosa pine. 119832
Rice herbicide evaluation for the western **rice** *belt* [Echinochloa colonum]. 123180

BENDING

Short-season, narrow-row cotton studies in the **Coastal** *Bend* and Brazos River Valley. 122086
Restudy of **Toledo** *Bend* reservoir user characteristics. 125192

BENLATE

Euparen and *benlate,* **fungicides** for the control of gray mold (Botrytis cinerea Pers.) in strawberries. 122623
Use of *benlate* for the **protection** of black currants [against fungus diseases and insect pests]. 122628

BENOMYL

R23979, a new imidazole derivative effective against postharvest decay of citrus by molds [Penicillium italicum, Penicillium digitatum, Geotrichum candidum] resistant to thiabendazole, *benomyl* and **2-aminobutane.** 122760
Protection of peach shoots against species of Leucostoma [cincta and Leucostoma persoonii] with *benomyl* and **captafol.** 122735
Root uptake of soil-injected [systemic fungicide] *benomyl* and its **detection** with Ulmus americana. 122640
Influence of spray adjuvants and multiple applications of *benomyl* and **oil** on photosynthesis of apples leaves [Apple scab, Venturia inaequalis]. 122620
Acid production, a possible basis for *benomyl* **tolerance** in verticillium malthousei [Mushroom disease]. 122723

BENTHIC

The role of *benthic* **algae** in the shallow reef of Curacao (netherlands Antilles). I. Primary productivity in the coral reef. 120899
Distribution of **multicellular** *benthic* algae in an eutrophic ditch [Ecology]. 120358

BENTONITE

Metabolic activity of Candida lipolytica [yeasts] adsorbed on *bentonites* with **hydrophobic** chains. 120986
Effect of addition of phthalylsulfathiazole to streptomycin and *bentonite* in the **treatment** of diarrhea in newborn calves. 119013

BENZENE

The hydrolysis of cotton cellulose by hydrochloric **acid** in *benzene.* 117089

BENZIMIDAZOLES

Fungicide activity of *benzimidazole* against **citrus** "mal secco" [Deuterophoma tracheiphila]. 122634
Resistance of Septoria leucanthemi to *benzimidazole* **fungicides** [Chrysanthemum maximum, leafspot]. 122759
Benzimidazole **tolerance** in Venturia inaequalis [apple scab] in New Zealand. 122745

BENZOPHENONE

Recent results concerning the migration behaviour of *benzophenone-based* **ultraviolet** absorbents from polyolefines in foods [Contamination]. 116233

BENZOYL

Decomposition of *benzoyl* **peroxide** in [cotton] cellulose. 117097
Benzoyl **peroxide**—a new topical agent for canine dermatology. 119046

BERMUDAGRASS

Alicia *Bermudagrass* (Cynondon dactylon var.) [Varieties]. 121896
Coastal *Bermudagrass* (Cynodon dactylon sp.) [Culture]. 121897
Control of *Bermudagrass* **[Cynodon** dactylon] in cotton. 123185
Response of **'Sunturf'** *bermudagrass* [Cynodon magenisii] to slow-release nitrogen sources under greenhouse conditions. 125001

BERRIES

Physiology of growth and maturation of *berries.* **Causes** of variations of main constituents. Influence of greening operations and chemical interventions [Grapes]. 121623
Ultrastructural changes in the root meristem cells of Rubus **chamaemorus** L. *(Cloudberry).* 120555
Occurrence of strains of Colletotrichum coffeanum [the causal fungus of **coffee** *berry* disease] resistant to methyl benzimidazol-2-ylcarbamate (carbendazim) and chemically-similar compounds. 122565
A temperature controlled inoculation room to increase the efficiency of preselection for resistance to **coffee** *berry* diseae [Colletotrichum coffeanum]. 122648
Notes on the use of spraying equipment and methods of spraying for *berry* **culture.** 124687
Quick-yielding fruits for the new **property** *[Berries].* 122432

BERSEEM

Ensilage of oat with *berseem* **[clover]/concentrate** mixture. 117349
The yields of leaf protein and fibre that can be obtained from fractionation of *berseem* **(Trifolium** alexandrinum L.) [egyptian clover]. 117351
Evaluation of nitric phosphates differing in water solubility of their phosphorus fraction [Fertilizers, **wheat,** *berseem].* 125017

BETA

Effect of natural ultra-violet radiation on the content of auxins and growth inhibitors in barley [varieties] in Pamir in their natural condition and with artificial treatment with *beta-indole* **acetic** acid. 121487
Beta **adrenergic** blockade for management of tetralogy of Fallot in a dog. 119124
Steroid derivatives. LXXIX. Microbial 15 *beta-hydroxylation* of 17 **alpha-acetoxy-16-methylene** derivatives of the pregnane series by the action of Cunninghamella blakesleeana [Fungi]. 121067

Plant growth retarding activity of the *4-substituted-7-(beta-D-ribofuranosyl)pyrrolo[2,3-d]pyrimidine* **anticytokinins** [on the germination of rice]. 121393
The initiation of adult development in Sarcophaga **argyrostoma** by *beta-ecdysone*. 124054
Correlation between *beta-galactosidase* and **auxin-induced** elongation growth in etiolated pea stems. 121753
Precocious development of UDP [uridine diphosphate]-glucuronyltransferase activity in chick-embryo liver after administration of adrenocorticotropic hormone and of **certain** *11beta-hydroxy* corticosteroids. 117584
Cactus alkaloids. XXIX. Isolation of *beta-phenethylamines* from **Coryphantha** greenwoodii. 121248
The measurement of 3 *beta-hydroxysteroid* **dehydrogenase** in ovaries of fowls (Gallus domesticus). 117699
Comparative histochemical studies on avian liver. 5. Relationships of dietary preferences with distribution patterns of lipase, esterase and *beta-hydroxy-butyrate* **dehydrogenase** in the livers of various representative birds. 117873
Development of 3 *beta-hydroxysteroid* **dehydrogenase** in the ovary of the domestic fowl during sexual maturation. 118348
Synthesis of *3-beta-glycosides* of **diosgenin** [from Dioscorea deltoidea], yamogenin and gitogenin [from the seed of Trigonella foenum-graecum]. 121261
Delayed clearance of chylomicron remnants following vitaminA-containing oral fat loads in *broad-beta* **disease** (type IiI hyperlipoproteinemia). 116481
Beta-glucanes and their **effect** on mashing [Beer manufacture]. 116671
Some properties of a **fungal** *beta-D-glucanase* preparation [basidiomycetes, Sclerotinia libertiana]. 120994
Polyhaploids in the section Corollinae of the **genus** *Beta*. 120673
Enzymatic hydrolysis of hardwood xylans. III. Characterization of five **isolated** *beta-1* over to 4 xylanases. 119679
Characterization and developmental regulation of *beta-galactosidase* **isozymes** in Dictyostelium discoideum [Fungi]. 121023
Detection of *beta* **2-microglobulin** in sera from diverse vertebrate species by the use of a heterologous radioimmunoassay [Goats, immunology]. 118938
Studies on the influence of infection with **mosaic** *(Beta* virus 2) and yellows (Beta virus 4) on the yield quality of sugarbeet seeds. 122836
Phytotoxicity of **mycolaminarans**—*beta-1,3-glucans* from Phytophthora spp. 122711
Non-cellulosic *beta-D-glucans* from bamboo, and interpretative problems in the study of all hemicelluloses [Arundinaria japonica, Arundinaria anceps]. 120992
Nasute termite soldier fromtal gland secretions. 1. Structure of *trinervi-2beta,3alpha,9alpha-triol-9-O-acetate*, a **novel** diterpene from Trinervitermes soldiers. 124012
Secretion of *beta-glucosidase* by **Ochromonas** danica [Algae]. 120915
Passive immunization against **oestradiol-17** *beta* and its effect on luteolysis, oestrus and ovulation in the ewe. 118354
Studies on the relative biopotencies and intestinal absorption of different *apo-beta-carotenoids* in **rats** and chickens. 117585
The effect of *beta-carotene* on the **stability** of palm oil. 116824
A comparative study of the *beta-crystallins* of four **sub-mammalian** species [Includes poultry]. 117631
Tetrazolium bromide and pollen viability of **sugarbeets** *(Beta* vulgaris L.). 121411
Sugarbeet: *Beta* **vulgaris** (Chenopodiaceae). 121963
Studies on the influence of infection with mosaic (Beta virus 2) and **yellows** *(Beta* virus 4) on the yield quality of sugarbeet seeds. 122836

BETULA

Altitudinal zonation of the invertebrate fauna [Heteroptera, Cicadidae, Coleoptera, Araneida] on branches of **birch** *(Betula* pubescens Ehrh.). 124361
Distribution of species from the **genus** *Betula* L. In Turkey, Iran and Iraq. 119940
Notes on the ecology of three Ligneous species on the southern edge of the Ungava bay, New Quebec: *Betula* **glandulosa,** Larix laricina, Picea mariana. 120332
Populational-ecologic aspects of teratology of woody plants [Witches broom, *Betula,* **Pinus**]. 120455
Interactions of permanent foliar pests with their host tree *[Betula,* **Populus** tremula]. 123457
Not extinct after all *[Betula* **uber**]. 119923

BEVERAGES

Market for **alcoholic** *beverages* in Austria. 115573
Cyanide content in stone fruit products [**Alcoholic** *beverages].* 116055
Sensory **analysis** of *beverages.* 116655
Wastewater problems in *beverage* **filling** areas. 125397

BEZOAR

Radiographic aspects of *bezoar* **concretions** in ruminants; presentation of a clinical case in the goat (Capra hircus). 117906

BIBLIOGRAPHIES

Selected references to the African/Brazilian honeybee [Apis mellifera **adansonii,** *bibliographies].* 125118
1975 **agricultural** *bibliographic* catalogue. 115135
Bibliography [**Algae,** Fungi, lichens, Bryophyta, Pteridophyta, Spermatophyta]. 119891
Measuring scenic beauty: a selected **annotated** *bibliography* [Forest]. 119416
Annotated *bibliography* on watercress, 1967-1974. 122452
Annotated *bibliography* on growing Coryllus spp. (Hazels, cobnuts, filberts), 1967-1975. 122453
Annotated *bibliography* on cloves, 1945-1975. 122454
Annotated *bibliography* on calabrese [broccoli], 1966-1975. 122455
Annotated *bibliography* on physiological disorders of tomatoes, 1969-1974. 123029
Annotated *bibliography* on irrigation of vegetables, 1970-1975. 125344
Anotated *bibliography* on the effect of N, P, K, Mg and Ca [nitrogen, phosphorus, potassium, magnesium, calcium] on the growth of pear trees and levels in the leaves, 1958-1975. 121771
The application of scanning electron microscopy and X-ray microanalysis in the plant sciences: a *bibliography.* II. 120465
Bibliographic **guide** to fats and their products. LIII. 116823
The Prince family manuscript collection; a register of their papers in the National Agricultural Library [First commercial plant nursery in the United States, **history,** *bibliographies].* 119908
A *Bibliography* **Hotel** and Restaurant Administration and related subjects 26th ed. 116631
Bibliography of the **international** literature on black currants. 122179
Bibliography of the **international** literature on raspberries. 122180
Bibliography of the **international** literature on white and red currants. 122181
Bibliography of **nematode** interactions with other organisms in plant disease complexes [Vectors]. 123039
Food: resource [Information on **nutrition,** *bibliographies].* 116344

BICOLOR *see* COLOR

BIGNONIACEAE

Studies in Bignoniaceae. 19. Generic mergers and new species of South **American** *Bignoniaceae* [New taxa]. 119935
Studies in Bignoniaceae. 18. Notes on S. Moore's Mato **Grosso** *Bignoniaceae.* 119934
Nodal anatomy of certain **members** of *Bignoniaceae.* 120561
Studies in *Bignoniaceae.* 18. **Notes** on S. Moore's Mato Grosso Bignoniaceae. 119934

BILATERAL

Effect of site of transfer on pregnancy and twinning rates **following** *bilateral* egg transfer in the cow. 118350
Bilateral **polycystic** kidneys in a she buffalo. 119245

BILE

Effects of ethanol on *bile* **acid** and cholesterol metabolism [Diet]. 116278
Dietary influence on *bile* **acid** conjugation in the cat. 116424
Effect of type of dietary fat, cholesterol and chenodeoxycholic acid on gallstone formation, *bile* **acid** kinetics and plasma lipids in squirrel monkeys. 116426
Comparison of the binding of various *bile* **acids** and bile salts in vitro by several types of [dietary] fiber [on lipid metabolism]. 116422
Influence of the amount of fat in food on the secretion and composition of *bile* in **rats.** 116562
Comparison of the binding of various bile acids and *bile* **salts** in vitro by several types of [dietary] fiber [on lipid metabolism]. 116422
Plasma-membrane components can be removed from isolated [pig] lymphocytes by the *bile* **salts** glycocholate and taurocholate without cell lysis. 117583
Laser light scattering bioassay for veterinary drug residues in food producing animals. 1. Dose-response results for milk, serum, **urine,** and *bile.* 118460

BILIRUBIN

Research on bilirubin, urobilinogen and rate of **serum** *bilirubin* in normal dogs and those with hepatic diseases. 119188

BINDWEEDS

Control of **field** *bindweed* [Convolvulus arvensis] in cropland with 1,3-dichloropropene soil fumigants. 123077
Redshank [Polygonum persicaria], pale persicaria [Polygonum lapathifolium], knotgrass [Polygonum aviculare] and *black-bindweed* [**Polygonum** convolvulus]. 123050

BINS

Determination of quality in agricultural produce at its reception on **bases** and *corn-bins.* 117166
Effect of different handling methods on cooling rate and moisture loss of 'd'Anjou' pears **stored** in *bins.* 117265

BIOASSAY

Hormonal *bioassay* of French prune (Prunus domestica L.) seed and pericarp. 121707
Bioassay of **local** mareks disease agent in cell culture. 118743
Laser light **scattering** *bioassay* for veterinary drug residues in food producing animals. 1. Dose-response results for milk, serum, urine, and bile. 118460

BIOCHEMISTRY

Biochemical **analysis** of axostyle motility [obtained from protozoa in the hindgut of Cryptocercus punctulatus]. 123871
Milestones and predictions of future trends in fungal spore research [Physiological and *biochemistry* **aspects**]. 121120
Physiological and *biochemical* **aspects** of heterosis in maize. 121479
Physiological and *biochemical* **basis** for the resistance of poplar hybrids to the fungus Dothichiza populea Sacc. et Br. 122574
Problem of *biochemical* **causes** of secondary fermentation of Emmental cheese. 116867
Biochemical **changes** in cottonseed during development and maturity. 117151
Testing of conifers on frost hardiness and *biochemical* **changes** in tissues accompanying increasing frost hardiness. 121828
Some *biochemical* **characteristics** of citrus pulp ensiled at different molasses and bagasse levels. 117332
Influence of artificial conditions of prestockage and drying of maize-grain on the extraction and some physical-chemical and *biochemical* **characteristics** of its starch. 117384
In vivo purification of mitochondrial genes in petite mutants of yeast: the genetic and *biochemical* **characterization** of mutants enriched in mitochondrial ribosomal RNA cistrons. 120754
Biochemical **characterization** of allelic forms of soluble malate dehydrogenase of Drosophila melanogaster. 123975
Biochemical **characters** of evolution and specialization of genera Festuca and Poa. 119953
Preliminary results of evaluating some physiological and *biochemical* **characters** in the process of breeding sugarbeets. 121481
Further observations on the hematology and **clinical** *biochemistry* of the Irish Thoroughbred horse. 117940
Changes of *biochemical* **constituents** in bovine fetal fluids with gestational age. 117544
The *biochemistry* of **DFD** [dark, firm, dry]-meat [Pork]. 116139
Protein crystals and bundles of tubules in yeast cells. IV. *Biochemical* and **electronmicroscopical** studies on the induction of crystals of alcohol dehydrogenase (ADH) [Saccharomyces carlsbergensis]. 121389
Ultrastructural and *biochemical* **evaluation** of parathyroid function of pregnant cows administered disodium ethane-1-hydroxy-1,1-diphosphonate (EHDP) and fed a low calcium prepartal diet. 117889
Biochemical **features** of sunflower heterotic hybrids. 120694
Improvement of *biochemical* **features** of hybrids by crossing maize with teosinte [Euchlaena]. 120705
Study of physiological and *biochemical* **features** of tomato [varieties] in relation to the forecasting of heterosis. 121686
Studies on methionine metabolism. 2. *Biochemical* and **histological** studies on rats [Diets]. 117995
Biochemical **identification** of Salmonellae and coli bacteria and their sensitivity to chemotherapeutics [Livestock, poultry]. 118974
Breeding of early maturing maize hybrids with **improved** *biochemical* properties. 120696
Changes in some *biochemical* **indices** of the blood in chickens at continuous feeding of Timet and Lebaizid [Phosphorus organic insecticides]. 119286
Jamaican vomiting sickness: *biochemical* **investigation** of twocases [Blighia sapida, akee, hypoglycin]. 116237
Investigations of swabs from prepuce and from nose of horses for presence of bacteria like Klebsiella. II. Morphological and *biochemical* **investigations** on klebskella strains. 118650
Fine structural and *biochemical* **investigations** of pheochromocytomas in bulls with C-cell (ultimobranchial) neoplasms of the thyroid (UBT). 119187
Use of *biochemical* **methods** in studying the phenomenon of heterosis during breeding hybrid wheat. 121484
Biochemical and **physiological** differences between avian ALD and PLD [anterior and posterior latissimus dorsi] muscle subcellular fractions [Chickens]. 117643
Physiological and *biochemical* **prerequisites** of selecting stabilizers of sterility and fertility restorers in maize. 121480
Action of biogenic ethylene on some *biochemical* **processes** in pea seedlings. 121650
Influence exerted by a protracted administration of vitamin A on the acid fastness and *biochemical* **properties** of erythrocytes [Rats]. 116561
Genetics and *biochemistry* of **pyridoxine** requiring mutants of Aspergillus nidulans [Fungi]. 120618
Comparative aspects of the accessory sex glands and **seminal** *biochemistry* of mammals [Primates]. 118249
Some *biochemical* **studies** on Listeria monocytogenes strains [isolated from adult sheep, lambs, fetuses, and ensilaged forage]. 118995
Streptococcosis in chickens. II. Cultural, morphologic, and *biochemical* **studies** of Streptococcus strains. 118996
Cytological and *biochemical* **studies** on malate dehydrogenase in growing hyphae of Aspergillus oryzae [Fungi]. 121185

The *biochemical* **studies** on diapause, its induction & termination in Trogoderma granarium Everts (Coleoptera: Dermestidae). 123974
Physiological basis for using phosphorus 32 [isotope] in **studying** *biochemical* effect of forest trees on each other. 121812
Effect of the degree of winter wheat grain damage by Scutelleridae bugs on the *biochemical* and **technological** properties of flour. 123353

BIODEGRADATION
Biodegradation of **methoxychlor** and kelthane [organochlorine insecticides, residues]. 123710

BIOECOLOGY
Bioecological **agriculture.** 115190
Research on the taxonomy, *bioecology,* **damage** of the rice blast fungus (Piricularia oryzae Bri. et Cav.) and the resistance of several rice varieties [in southeast Anatolia). 122583
Acrididae of Tucuman: *bioecological* **notes.** 123781

BIOELECTRIC
Peculiarities of the dynamics of *bioelectric* **parameters** of maize mutants with a high effect of general combining ability in the process of ontogenesis. 120710
Study of *bioelectric* **potentials** in relation to maize heterosis. 120714

BIOGENESIS
Study of amino acid composition and biosynthesis of membrane proteins in **chloroplast** *biogenesis.* 120946
Action of *biogenic* **ethylene** on some biochemical processes in pea seedlings. 121650
Differences in the action of synthetic and *biogenic* **ethylene** on amino acid metabolism in pea seedlings. 121653
Evidence for the *biogenesis* of **halogenated** chamigrenes from the red alga laurencia obtusa. 121373
The role of cell proteinases in the *biogenesis* of **mitochondria** [in yeast, Saccharomyces cerevisiae]. 121039
Mitochondrial *biogenesis* during fungal spore germination: products of mitochondrial protein synthesis in vivo [Botryodiplodia theobromae]. 120903
Genetics of chloroplast **ribosome** *biogenesis* in Chlamydomonas reinhardtii [Algae]. 120602

BIOGEOCHEMISTRY
Biogeochemical **limitations** on western [land] reclamation. The high northern Great Plains example [Soils]. 125120
Some peculiarities of *biogeochemistry* of **microelements** in high altitude landscape in Pamir. 124826

BIOGEOGRAPHY
The *chorology* of **African** mountain grasses [Gramineae]. 120168
New data on the *chorology* and **ecology** of some species of Culicidae (Diptera) in southern Quebec. 123613
New notes on the Curculionidae of the French fauna (Coleoptera). Taxonomy, *chorology,* **ecology,** ethology. Second series [New taxa]. 124226
Cicadas from the Central African savannas: Systematics, biological and *biogeographical* **notes** [New taxa]. 124252
Ecological and *biogeographical* **remarks** on the entomological fauna of the arid high plains of Mexico. Description of a new Eleodes [alticola] from Popocatepetl (Tenebrionides). 124225

BIOGRAPHY
George Raymond Cowgill, Ph.D., D.Sc. (1893-1973); a *biographical* **sketch** [Nutritionists, U.s.]. 116433

BIOLOGY
Biological **action** of clomiphene citrate on rabbit reproduction. 118202
Presence of *biologically* **active** substances in soils covered by tall herbaceous vegetation and meadow forbs. 124820
Biological **activity** of volatile secretions of flowers [of forest trees and shrubs]. 121810
Effect of different tillage practices on the *biological* **activity** of soil and the yield of sunflower. 122146
Biological **activity** of microorganisms decomposing the [plowed under] green-manure lupine. 124996
Biological and **agronomical** properties of new potato hybrids. 122494
Contribution to the knowledge of the *biology* of **Anacassis** fuscata (Klug, 1829) (Coleoptera, Chrysomelidae). 124140
Cyclic nucleotides, intracellular chemical mediators [**Animal** *biology,* enzymes]. 117912
The Breton honeybee: main characteristics of its **annual** *biological* cycle and the effects of environmental conditions. 124557
Ashing *biological* material, with special reference to meat and meat products, in a new type of combustion apparatus. 116973
Selenium content of Bangladeshi rice by chemical and *biological* **assay.** 117124
Multivariate and sequential statistical procedures in the *biological* **assessment** of water quality. 125333
Cicadas from the Central African savannas: Systematics, *biological* and **biogeographical** notes [New taxa]. 124252
Investigations on chosen problems on *biology* of **blooming** and fruit-bearing of sour cherries . I. Observations on sour cherry fruit drop [Varieties]. 121774
Some observations on the *biology* of **Brachydeutera** longipes Hendel (Insecta: Diptera: Ephydridae). 124155
Physical and *biological* **characteristics** of grain dust [Microbiological contamination, health hazards to workers]. 116259
Local honeybee populations: generalities on the *biological* **characteristics** of development. 124553
Biological and **chemical** succession in Nahal Soreq: a freeflowing wastewater stream. 125494
On the *biological* **chemistry** of Mimosaceae. I. D-pinitol from Mimosa pudica L. 121302
Biological **clock** and photoperiodism [of plants]. 120952
Chestnut research and *biological* **control** of the chestnut blight fungus [Endothia parasitica]. 122622
Biological **control** of Verticillium malthousei by Trichoderma viride spray on casing soil in commercial mushroom [Agaricus bisporus] production [Dry bubble disease]. 122746
Biological **control** in the technique of growing winter rape. 122989
Study of the predatory ability of some nematode trapping fungi against the nematode Caenorhabditis elegans (Maupas 1900) Dougherty 1953 *[Biological* **control** of crop pests]. 123035
The *biological* **control** of alligatorweed, Alternanthera philoxeroides, in the United States of America [Agasicles hygrophila, Amynothrips andersoni, Vogtia malloi]. 123065
Biological **control** for the pernicious weed Parthenium hysterophorus Linn. 123076
Biology of the flea beetle, Altica carduorum (Coleoptera: Chrysomelidae) on Canada thistle (Cirsium arvense) in South Daota [used for *biological* **control** of weeds]. 123080
Extracellular lysis of the bluegreen alga Phormidium luridum by Bdellovibrio bacteriovorus *[Biological* **control** agents to regulate algal populations]. 123094
On *biological* **control** of Boarmia bistortata Goeze (Lepidoptera, Geometridae) by help of a virus. 123224
Male inseminative potential in Aphytis lingnanensis (Hymenoptera: Aphelinidae) *[Biological* **control** agents of the armored scale insects Diaspididae]. 123230
Biological and ecological studies of the parasitoid Chelonus inanitus (Hymenoptera: Braconidae) in Israel. I. Distribution, abundance and parasitism in natural host populations *[Biological* **control** of pests]. 123232
Theory underlying introduction of exotic parasitoids [Insect pests, *biological* **control].** 123236
Fecundity and oviposition period of Aphidius platensis Brethes (Hymenoptera, Aphidiidae) parasitizing Myzus persicae Sulz. (Homoptera, Aphididae) on paprika *[Biological* **control].** 123255
Contribution the study of the effects of Bacillus thuringiensis Berliner on the reproducton of Laspeyresia pomonella L *[Biological* **control].** 123261
The sorghum midge [Contarinia sorghicola, *biology* and **control].** 123277
Effects of dietary amino acid level and nutritional balance on larval survival and development of the parasite Exeristes roborator [Pectinophora gossypiella, *biological* **control].** 123280
Labeling of Trichogramma pretiosum by rearing on eggs from 32P [phosphorus isotope]-fed adults of Heliothis zea [corn earworm, *biological* **control].** 123282
Biological **control** in Morocco of the wheat bug Aelia germari. Comparative value of two egg eating parasites: Asolcus grandis and Ooencyrtus fecundus (Hymenoptera, Scelionidae and Encyrtidae). 123283
Some aspects of the *biology* and **control** of Sapyga pumila Cresson, a parasite of the alfalfa leafcutter bee, Megachile pacifica P. (Rotundata) (F.). 123294
Development of Diatraea saccharalis (Lepidoptera: Pyralidae) at constant temperatures [Sugarcane pests, *biological* **control** with Lixophaga diatraeae]. 123305
A survey of tachinid parasites of Heliothis zea and Heliothis virescens in North Carolina *[Biological* **control** of field crop pests]. 123317
Possibility of *biological* **control** of the European corn borer [Pyrausta nubilalis] with Trichogramma egg parasites. 123324
A natural mortality table for the corn earworm [Heliothis zea] on peanuts [Trichogramma and Microplitis for *biological* **control].** 123340
Alfalfa weevil [Hypera postica] research [Bathyplectes curculionis, *biological* **control].** 123354
An Entomophthora sp. (Entomophthorales: Entomophthoraceae) [Fungi] pathogenic to Thrips spp. (Thysanoptera: Thripidae) and its potential as a *biological* **control** agent in glasshouses. 123394
Artificial infection of scale-insect with entomophagous fungi Verticillium lecanii and Aspergillus candidus *[Biological* **control** of the citrus pest Coccus Hesperidum]. 123395
Biological **control** [with the parasite Encarsia formosa] of glasshouse whitefly (Trialeurodes vaporariorum) on cucumbers. 123396
Biological **control** of the beanfly, Ophiomyia phaseoli (Diptera: Agromyzidae), by Opius spp. (Hymenoptera: Braconidae) in the Hawaiian Islands. 123397
Walnut caterpillar [Datana integerrima] response to insecticides [Bacillus thuringiensis, Carya illinoensis, *biological* **control].** 123436
The field persistence and efficacy of Bacillus thuringiensis formulations *[Biological* **control** of forest pests]. 123446
Studies on the effects of adult feeding of Perniphora robusta Ruschka (Chalcidae: Pteromalidae) on its reproduction [Forest pests, *biological* **control].** 123459
Behavior of forest insect parasitoids *[Biological* **control].** 123465
Ecology of pathogens of the gypsy moth [Lymantria dispar, *biological* **control].** 123466
Egg parasitoids of forest defoliating Lepidoptera *[Biological* **control].** 123467
Establishment of gypsy moth [Lymantria dispar] parasitoids in North America: an evaluation of possible reasons for establishment or non-establishment [Forest pests, *biological* **control].** 123468
Insect pathogens in natural and microbial control of forest defoliators *[Biological* **control].** 123471
Predation of pine cinaran aphids by spiders *[Biological* **control].** 123478
Control of Lymantria dispar in Corsica. 1. [Quercus, pests, *biological* **control, Bacillus thuringiensis** , Calosome sycophante]. 123495
Quest for a microbial alternative [Bacillus thuringiensis for controlling the Indian meal moth in stored grain, *biological* **control].** 123505
Application of Bathurin and borax in the *biological* **control** of Monomorium pharaonis in housing estates. 123506
The seven larval instars of Simulium arcticum (Diptera: Simuliidae) *[Biology* and **control].** 123614
Seasonal density, distribution and interactions of predatory and scavenger arthropods in accumulating poultry wastes in coastal and interior southern California [Livestock pests, *biological* **control].** 123623
Variability of natural strains of muscardine fungi [Beauveria, Paecilomyces, pathogens of a pyralidid moth, pest of honey bees, *biological* **control].** 124543
Mussel-test for *biological* **control** of water pollution. 125431
The *biological* **degradation** of arginine and glutamic acid in seawater in relation to the growth of phytoplankton. 121268
Integral quantitative methods of *biological* **determination** of water pollution in the conditions of a large oligotrophic reservoir. 125412
The *biology* and **development** of Porotermes adamsoni (Froggatt) (Isoptera, Hodotermitidae). 124004
The *biology* of **Dianthidium** heterulkei heterulkei Schwarz, with a description of the larva (Hymenoptera: Megachilidae). 124168
Biological and **ecological** studies of the parasitoid Chelonus inanitus (Hymenoptera: Braconidae) in Israel. I. Distribution, abundance and parasitism in natural host populations [Biological control of pests]. 123232
Morphogenesis of Astragalus longiflorus Pall. [In relation to its *biology* and **ecology].** 120968
Experience and results in using methods of *biological* **engineering** for the reproduction of swine. 118372
Biological **evaluation** of soy residue protein: studies on PeR [protein efficiency ratio], plasma and tissue protein level and growth response in albino rat. 118076
Using the method of *biological* **evaluation** of winter wheat seeds [for winterhardiness]. 121574
Biological **evaluation** of Bromophos for the control of [insect] storage pests. 123523
Biological **factors** of resistance to seed shattering im hemp. 121571
Morphological and *biological* **features** of Ajania tibetica (Compositae). 120464
Biology and **feeding** behaviour of the predatory mite, Amblyseius brazilli (Mesostigmata: Phytoseiidae). 123901
Biology of the **flea** beetle, Altica carduorum (Coleoptera: Chrysomelidae) on Canada thistle (Cirsium arvense) in South Daota [used for biological control of weeds]. 123080
Vegetational responses **following** *biological* control of Hypericum perforatum in Idaho. 123104
Metabolites of vitamin D and their *biological* **function** [in animals and man]. 116527
Study of some problems of the *biology* of the **fungus** Sclerotinia libertiana F. [Stem rot, sunflowers]. 122778
Galls—*biology* and morphology. V. Galls produced by mites and nematodes. 123249
Galls—*biology* and morphology. I. Introduction [Forest pests]. 123418
Contributions to the *biology* of the **genus** Agrodiaetus. 1. Agrodiaetus ripartii Freyer (Lepidoptera, Lycaenidae). 123896
Biology of **germination** of the seed of yellow gentian [Gentiana lutea]. 120961
Biology of the **grass** webworm, Herpetogramma licarsisalis (lepidoptera: Pyraustidae) in Hawaii. 123799
The *biology* of **Harveyella** mirabilis (Cryptonemiales; Rhodophyceae). V. Host responses to parasite infection [Algae]. 121219
Forest reservations—our *biological* **heritage** [Slovenia]. 119325
Neohydronomus pulchelus, a weevil attacking Pistia stratiotes in South America: *biology* and **host** specificity. 123222
Contribution to the study of parasitism of foxes (Vulpes vulpes L.) by Ixodidae (Acarina) in northeastern France. Interpretation of the seasonal dynamics of the parasites in relation to the *biology* of the **host.** 123590
The Pharao ant [Monomorium pharaonis]: *biology,* **hygienic** importance and control. 123829
Pigs' kidneys and the problems they create when applying the *biological* **inhibitor** test. Suggested alternatives to the official method. 117688
Biology of an **introduced** ambrosia beetle, Xylosandrus compactus, in Florida [Cornus florida, pests]. 123798
Chemical and *biological* **investigations** on Fusarium mycotoxins [Fungal molds of food, wheat contamination]. 116034

Contributions to the knowledge of the morphology and *biology* of the **larvae** of four European Eylais species (Acari, Hydrachnellae). 123770
Biology of **Lysandra** coridon manleyi de Lesse (Lepidoptera, Lycaenidae). 123894
Determination of nitrogen in *biological* **materials** by the method of biamperometric titration [Milk, meat, plants]. 116825
Cost reduction in aquatic plant harvesting [controlled by herbicides: *biological* **means**]. 123122
Biology of **Melampsora** lini (Pers.) Desm., a causal agent of flax rust. 122650
Biological **methods** of toxicological evaluation of medical, food, industrial and pesticide products. 116254
Protein quality of precipitate from waste effluent of potato chip processing measured by *biological* **methods.** 117278
Some physicochemical and *biological* **methods** of studying plant secretions. 121062
Biology of the **mite,** Anystis agilis (Acari: Anystidae): a California vineyard predator [Tetranychus urticae, Erythroneura elegantula]. 123367
The **molecular** *biology* of yeast [Saccharomyces cerevisiae] killer factor. 121145
A **new** *biological* technique of detecting the presence of systemic insecticides absorbed by plants [Sorghum]. 123309
Biological **nitrogen** fixation. 124858
The plasmodium of a slime fungus: culture and *biology* of the **noncellular** plasmodium of Physarum polycephalum [Myxomycetes]. 121278
The importance of taxonomy and of laboratory studies on the *biology,* **nutrition** and physiology of insects infesting stored products. 123567
The future in **nutritional** *biology* [Dairy products]. 116483
Controlling Hydrilla [verticillata] *biologically* [with **Nymphula** diminutalis]. 123056
Determination of *biologically* **optimum** temperature [Animals]. 117852
Biological and **phytochemical** evaluation of plants. XIV. Antiinflammatory evaluation of 163 species of plants. 121245
Biology and **presocial** behavior of Platycotis vittata (Homoptera: Membracidae). 123797
Notes on the *biology* of **Prionus** laticollis (Coleoptera: Cerambycidae) [Apple pests]. 123383
Social, scientific and *biological* **problems** of cereal research and production; a contribution to the world's nutrition problem. I. The importance of cereal production for human nutrition in the past, present and future. 116571
Social, scientific and *biological* **problems** of cereal research and production; a contribution to the world's nutrition problem. II. Physiological aspects of cereal production. 121580
The effect of the seed rate on the *biological* and **productive** response of different varieties of durum wheat. 122138
Determination of mercury in food and *biological* **products.** 116029
The effect of temperature and dehydration of the dried seeds on the *biological* **properties** of rye introduction. 121469
Studies on some *biologic* **properties** of Argas persicus [Ticks]. 123676
Reproduction *biology* of Tyrophagus putrescentiae (Schr.) (Acarina: Acaridae) [Stored product mites]. 123552
Animal experiments: a personal view *[Biologic* **research].** 117615
Fleas [Siphonaptera] as objects of *biological* **research.** 124100
Development of biometry in the past century. II. Development of statistics in botany as an example for *biology* in the more **restricted** sense. 119910
Ethylene [plant growth regulator] in **soil** *biology* [control of soil-borne plant diseases]. 124774
Biological **specificity** of flowering and fruit formation in peanuts under the conditions of Guinea. 121576
Evaluation of the growth of shrub willows [Salix] from the point of view of the suitability for the *biological* **stabilization** of stream banks. 119372
Cultural control and *biological* **studies** of the Southwestern corn borer [Diatraea grandiosella]. 123341
Influence of temperature on the *biological* **treatment** of paper industry effluents [Pollution control]. 125403
Tree *biology* research and plant propagation. 121805
Morphology and *biology* of **Typha** angustifolia L. [In relation to its taxonomy]. 120074
Synthetic macaroni. II. Study on the *biological* **value** of synthetic macaroni. 117156
Biological **variability,** its etiologic components and the limits of its control [Laboratory animals]. 117958
Descriptions of the immature stages and *biology* of **Vitula** lugubrella (Ragonot) (Pyralidae; Phycitinae). 124317
The *biology* of a **West** African species of Riccia L. [Bryophyta]. 121172

BIOMASS

Chlorophyll A versus adenosine triphosphate as **algal** *biomass* indicators in lakes. 121201
Effects of clear-cutting on numbers, *biomass* and **community** respiration of soil invertebrates [Includes insects]. 123818
The epidemiology of common root rot [Cochliobolus sativus] in Manitou wheat. IV. Appraisal of *biomass* and **grain** yield in naturally infected crops. 122590
Estimating **vegetative** *biomass* from LANDSAT-1 imagery for range management [Remote sensing]. 121997
Biomass and **yield** of phytoplankton and the eutriphication of the Lake Balaton [Hungary]. 121076

BIOMETEOROLOGY

Development and **application** of *biometeorology.* 115174
The twentieth anniversary of the International Society of *Biometeorology,* 1 **January** 1956-1 January 1976 [History]. 115176
Recent *biometeorological* applications to crops. 121146
The International Society of *Biometeorology:* **retrospect,** analysis and prospect. 115175

BIOMETRICS

Development of *biometry* in the past **century.** II. Development of statistics in botany as an example for biology in the more restricted sense. 119910
Biometric **characteristics** and morpho-functional correlations of Brown Alpine cattle in two ecologically varying zones of the Como province. 117499
Allotactic modifications in maize. III. Some *biometric* **determinations.** 121410

BIOMORPHOLOGICAL *see* MORPHOLOGY

BIONOMICS

Bionomics of the **bee-associated** Meloidae (Coleoptera); bee and plant hosts of some Nearctic meloid beetles—a synopsis. 123221
Bionomic **notes:** Hypanthidioides arenaria (Hymenoptera, Apoidea). 124139
Some data about the *bionomy* of **spruce** roller Epiblema tedella Cl. in the Czech Socialist Republic and possible control of it. 123497
The *bionomics* of the **twolined** chestnut borer [Agrilus bilineatus]. 123473

BIOPHYSICS

Some *biophysical* **aspects** of anomalous ion uptake by thermophilic [cucumber] plant roots. 121784
Some *biophysical* **displays** and mechanisms of the heterosis effect in plants. 120712
Study of physiologic and *biophysical* **features** of maize hybrids and their parental forms. 121482
New *biophysical* approach to studying the phenomenon of heterosis [in maize]. 120708
Biophysical **prerequisites** of forecasting heterosis in agricultural plants. 120695

BIOPSY

Biopsy **cytology** of mast cell tumour. 119210
Gun *biopsy*—a new approach to muscle sampling [from living animals]. 118506

BIOSYNTHESIS

A combined radio gas chromatograph/mass spectrometer detects intermediates in mycophenolic **acid** *biosynthesis* [Penicillium brevicompactum, Fungi]. 120879
Specificities of enzymatic prenylation and chromanation in the *biosynthesis* of **aspulvinone** pigments in Aspergilllus terreus [Fungi]. 121010
Determination of the physiological levels of juvenile hormones in several insects and *biosynthesis* of the **carbon** skeletons of the juvenile hormones. 123936
Farnesenic acid stimulation of juvenile **hormone** *biosynthesis* as an experimental probe in corpus allatum physiology [Schistocerca gregaria]. 123940
Juvenile hormone **induced** *biosynthesis* of vitellogenin in Leucophaea maderae from large precursor polypeptides. 123946
Dual control of **invertase** *biosynthesis* in chemostat culture [Saccharomyces carlsbergensis, yeasts]. 120959
Invertase *biosynthesis* by Saccharomyces carlsbergensis [yeasts] in batch and continuous cultures. 120960
Biosynthesis of **isoflavonoid** phytoalexins in Medicago sativa [alfalfa]: the biosynthetic relationships between pterocarpans and 2'-hydroxyisoflavans. 121441
Effect of the composition of the nutrient medium on the *biosynthesis* of **lipids** by Rhodotorula gracilis K-1 [the yeast]. 121093
Study of amino acid composition and *biosynthesis* of **membrane** proteins in chloroplast biogenesis. 120946
Studies on **niacin** *biosynthesis* from 3-hydroxyanthranilic acid in streptozotocin diabetic rats in vivo and vitro. 116461
Confirmation of *biosynthesis* and **partial** structural characterization of the ether-linked ethanolamine phosphoglycerides of Heliothis [virescens]. 123977
The *biosynthesis* of **phenethyl** alcohol in the male bertha armyworm Mamestra configurata. 123989
Biosynthesis of **polyprenol** phosphate sugars by Ceratitis capitata extracts. 123911
Studies on nucleic acid and **protein** *biosynthesis* during the embryo development of Argosstemma githago. 120957
Inhibition of **proteoglycan** *biosynthesis* by hyaluronic acid [from the vitreous humor of fresh bovine eyes] in chondrocytes in cells culture. 117595
Biosynthesis of isoflavonoid phytoalexins in Medicago sativa [alfalfa]: the *biosynthetic* **relationships** between pterocarpans and 2'-hydroxyisoflavans. 121441
Role of transfer ribonucleic acids in the regulation of several *biosyntheses* in **Saccharomyces** cerevisiae [Yeasts]. 121048
The role of the genome in **secondary** *biosynthesis* in Streptomyces aureofaciens [Fungi]. 120734
Biosynthesis of **steroid** sulfates by the boar testes. 118221
Wool **structure** and *biosynthesis.* 117024
Biosynthetic **studies** with 13CO2 [carbon dioxide isotope] of secondary plant metabolites. Nicotiana alkaloids. 1. Initial experiments [Tobacco]. 121516
Sesquiterpenoid stress compounds of Datura stramonium: *biosynthesis* of the **three** major metabolites from (1,2-13C[carbon isotope]) acetate and X-ray structure of 3-hydroxylubimin. 121009
Comparative investigations on **thyroglobulin** *biosynthesis* in rabbit and guinea-pig thyroid in vitro. 117655
Biosynthesis of the **waxmoth** [Galleria mellonella] sex attractants. 123976

BIOSYSTEMATICS

Biosystematics of **Ruellia** tuberosa L. (Acanthaceae). 119925

BIOTA

A geological perspective of the **upland** *biota* of Laysan atoll (Hawaiian Islands) [Animals and plants]. 117611

BIOTECHNICS

The dendrological garden next to the building of the Forestry Division of the *biotechnical* **faculty** in Ljubljana. 119328

BIOTECHNOLOGY

Biotechnology: **tasks,** bases and technique [Food protein from algae and plants]. 116717
Development and economic importance of fermentation **technique** and *biotechnology.* 116660

BIOTIC

Influence of several *biotic* **factors** on reproduction of Bucculatrix thurberiella [Cotton pests]. 123281

BIOTIN

The effect of an acute dose of *biotin* at a **post-implantation** stage and its relation with female sex steroids in the rat. 116462
Biotin **status** and lipid metabolism in adult obese hypercholesterolemic inbred rats. 116492

BIOTOPES

Bacteriocenotic studies on some **eutrophic** *biotopes* [Callitriche]. 121357
Bacteriocenotic studies on some **oligotrophic** *biotopes* [Callitriche]. 121356

BIOTYPES

Variation among wild oat [Avena **fatua**] *biotypes.* 123161

BIPHENYLS

Constituents of West African medicinal plants. XV. Dinklacorine, a **new** *biphenyl* dibenzodioxin alkaloid from Tiliacora dinklagei. 121250
Effects on growing swine and sheep of two **polychlorinated** *biphenyls.* 119226
Photochemical confirmation of mirex in the presence of **polychlorinated** *biphenyls* [Pesticide residues]. 123721
Gas chromatographic determination of **polychlorinated** *biphenyls* (PCBs) in the presence of chlorinated hydrocarbon pesticides in eggs of wild birds. 123738
Determination of **polychlorinated** *biphenyls* with DDT metabolites by reaction gas chromatography. 123740

BIPOLARIS

Production of sterigmatocystin by Aspergillus versicolor and *Bipolaris* **sorokiniana** [Fungi] on semisynthetic liquid and solid media. 121223

BIRCHES

Lignin influence on thermomechanical polymerization of monomers. I. The influence al **alkali** *birch* lignin on styrol polymerization in dimethylsulphoxide solution. 119739
Altitudinal zonation of the invertebrate fauna [Heteroptera, Cicadidae, Coleoptera, Araneida] on branches of *birch* **(Betula** pubescens Ehrh.). 124361
Some problems on sulphite and bisulphite cooking chemistry *[Birch* and **spruce** cellulose]. 119742

BIRDS

A *bird* and **bee** problem in [plywood] house siding. 119831
Gas-blood CO2 [carbon dioxide] equilibration in parabronchial lungs of *birds* **[Chickens].** 117776
Pseudomonas aeruginosa as the causative agent of infections in *birds* **[Chickens].** 118994
The fine structure of the leucocytes of the **domestic** *birds.* Electron microscopical studies of the blood leucocytes of the fowl, turkey, goose and duck. 117960
The immune response of *birds* from **immune** layers, vaccinated on the first and fourth day against Newcastle disease. 119001
Effect of some microelements on Heterakis gallinarum **infection** [in *birds].* 118981
Relation of mosquito density to *bird:* **mammal** feeding ratios of Culex tarsalis in stable traps. 123596
Resource tracking patterns in *bird* and **mammal** ectoparasites [Insect pests]. 123646

The control of *bird* **pests** of cereals in Africa. 122889
Predation of overwintering larvae of codling moth (Cydia **pomonella** (L.) by *birds*. 121819
Coleoptera in nest of *birds* of **prey**. 124111
Comparative histochemical studies on avian liver. 4. Relationship of dietary preference of various **representative** *birds* with the fat and glycogen contents and distribution pattern of histochemically demonstrable lipids in their livers. 117872
Comparative histochemical studies on avian liver. 5. Relationships of dietary preferences with distribution patterns of lipase, esterase and beta-hydroxy-butyrate dehydrogenase in the livers of various **representative** *birds*. 117873
On the retention of water in **slaughtered** *birds* [Poultry]. 117058
Rabies antibodies in sera of **wild** *birds*. 118814
The species of Mallophaga in **wild** *birds* in Iran. 123610
Gas chromatographic determination of polychlorinated biphenyls (PCBs) in the presence of chlorinated hydrocarbon pesticides in **eggs** of **wild** *birds*. 123738

BIRDSFOOT
A flotation method for the analysis of chalcid-fly, Bruchophagus kolobovae Fedoseeva, **infested** *birdsfoot* trefoil, Lotus corniculatus L. seed. 123172

BIREFRINGENCE *see* REFRACTION

BIRTH
Double intervention in the same cow with a *cesarean* and **abdominal** hernia surgery. 118533
Birth of the **age** of wood; employment and use of wood in rural buildings. 124647
Birth of the **age** of wood; employment and use of wood in rural buildings. 124648
Birth of the **age** of wood; employment and uses of wood in rural buildings. 124649
How long does the *postpartum* **anoestrus** last in sheep under certain conditions. 1. The service interval. 118219
Influence of gestation and *puerperium* on the **blood** proteinogram of Dutch Black Pied cattle. 117905
Immunoglobulin G in the sera of *newborn* **buffalo** (Bos bubalus bubalis) calves. 119008
The nutrition of the *newborn* **calf**. 117979
Effect of addition of phthalylsulfathiazole to streptomycin and bentonite in the treatment of diarrhea in *newborn* **calves**. 119013
Needle—not the knife! [Induction of *parturition* in **cattle**]. 118251
Sex knowledge, *birth* **control,** and marital attitudes of a rural population. 115146
Chemical structure of glycorticoids and induction of *parturition* in the **cow**. 118395
Clinical and endocrinological studies on the *puerperium* in **cows**. 118416
The effect of *neonatal* **diarrhea** on subsequent weight gains in beef calves. 119059
Coping with **difficult** *calving*. 118376
Plasma relaxin and prolactin immunoactivities in pregnancy and at *parturition* in the **ewe**. 118357
Genetic studies on certain body measurements in crossbred females at **first** *calving* age. 118322
Research into the problem of sheep lying prone after **giving** *birth*. 119082
Induced *calving*. 118254
Development of digestive and absorptive function in the human fetus *[Newborn* **infant**]. 116494
The *birth* of the **International** Show of Industrial Food Engineering. 116817
Kidney development in *newborn* **lambs:** response to water load and antidiuretic hormone (ADH). 117941
Plasma and adrenal cortisol concentrations in foetal, *newborn* and **mother** guinea-pigs during the perinatal period. 117809
Weight regulation in hamsters and rats: differences in the effects of exercise and *neonatal* **nutrition.** 116386
Comparison of serum cholesterol in children fed high, moderate, or low cholesterol milk diets during *neonatal* **period.** 116480
Plasma and adrenal cortisol concentrations in foetal, newborn and mother guinea-pigs during the *perinatal* **period.** 117809
Cortisol concentration in the blood plasma of *newborn* **piglets** and after adrenocorticotropic hormone loading. 117656
Light and electron microscopy for studies on pathogenesis of straddle in *newborn* **piglets.** 119165
Reovirus-like agent associated with fatal diarrhea in *neonatal* **pigs**. 118764
Avoid *calving* **problems** when picking A.I. [Artificial insemination] sires. 118268
Some more *calving* **problems.** 119087
Sequential changes of estrogens and progesterone at **prostaglandin-induced** *parturition* in the sow. 118201
Behavioral fever in *newborn* **rabbits.** 117929
Effect of body condition at *calving* on **reproductive** performance in dairy cow. 118325
Caesarean **section** in the Java moneky (Macaca irus): a case report. 118483
Stimulation of uterine activity by administration of prostaglandin F-2 alpha during *parturition* in **sheep.** 118360
A simple restraining device for use with *neonatal* and **small** nonhuman primates. 118489
Isolation and identification of a virus causing abortions and *stillbirths* in **swine.** 118986
Birth and **weaning** weights of Herefords and crosses among the Hereford, Highland, and Angus breeds. 117621
The performance of Santa Gertrudis, Sahiwal, Brahman and crossbred animals in the intermediate savannahs of Guyana. 2. *Birth* **weight** and preweaning performance [Cattle]. 117760
Mortality of lambs on the first month of life. I. Mortality and *birth* **weight.** 118213

BISULFITE
Some problems on sulphite and *bisulphite* **cooking** chemistry [Birch and spruce cellulose]. 119742

BITTACUS
Sexual selection and nuptial feeding behavior in *Bittacus* **apicalis** (Insecta: Mecoptera). 123788

BITTER
The role of varietal differences and qualitative condition of apples in their infection with *bitter* **rot** [Gloeosporium perennans, Gloeosporium album]. 122627

BITUMENS
Arbuscular mycorrhizas in the anthracite and *bituminous* **coal** wastes of Pennsylvania. 120373

BLABERUS
The permeability to Hostathion [1-phenyl-3-(O,O-diethyl-thionophosphorul)-1,2,4-triazol] of the cuticle of the **cockroaches** *Blaberus* trapezoideus and Periplaneta americana. 123588
Scanning electron microscopy of *Blaberus* **giganteus** (L.) maxillary palp sensilla. 124129

BLACK
Preliminary descriptions of new Hesperiidae from *black* **Africa** (Lepidoptera, Grypocera). 124332
Lysine restriction in the rations of *Black* **Australorp** X white Leghorn hens. 117966
A chemical basis for plant [lucerne, Lotus pedunculatus] resistance to grass grub [Costelytra zealandica] and *black* **beetle** [Heteronychus arator] larvae (Coleoptera: Scarabaeidae). 123335
Studies on osteodystrophia fibrosa in *Black* **Bengal** goats. 119095
Effects of mating on female inhibition and egg production in the *black* **carpet** beetle, Attagenus megatoma F. 123529
Maturation of *black* **cherry** fruits in central Mississippi. 121783
The modified card agglutination test: an accurate tool for detecting anaplasmosis in **Columbian** *black-tailed* deer. 118815
Varieties of *black* **currant** for [large] production planting. 122492
Black **currants** [Cultivation]. 122171
Bibliography of the international literature on *black* **currants.** 122179
Use of benlate for the protection of *black* **currants** [against fungus diseases and insect pests]. 122628
Dependence of the fruit fall of *black* **current** from the number of seeds and location in the cluster. 121611
Influence of gestation and puerperium on the blood proteinogram of **Dutch** *Black* Pied cattle. 117905
Experimental results obtained in soybeans cultivated on sandy and *black* **earth** soils in the district of Dolj. 122066
Cage trial against green shield bug (Palomena prasina L.), which causes damage to the hazelnut [Corylus] in the **east** *Black* Sea region, using chemicals effective in the controlof the hazelnut weevil [Balanius nucum]. 123376
Origin and characteristic of bulls originators of new stud lines from the **Estonian** *Black* Pied breed. 118402
Observation of root growth of strawberry plants grown on *black* **film-covered** and uncovered soil. 121732
Search for sources of resistance to powdery mildew [Erysiphe polygoni] in *black* **gram** [Mungo beans]. 122606
Contribution to *black* or **honeydew** paralysis [Apis mellifera]. 124521
Studies on the oxidation of organic sulphides in **kraft** *black* liquor [Pollution control]. 125543
Melliferous flora preceding and accompanying the *black* **locust** [Robinia] flowering in the Torino Hill. 119938
Coal mine [land] reclamation on the *Black* **mesa** and the four corners areas of notheastern Arizona. 125121
Mistletoe in the folklore of the *blacks* of **Oubangui.** 122390
Relative response to coloured substrates by **ovipositing** *black-flies* (Diptera, Simuliidae). II. Oviposition by Simulium (Odagmia) ornatum Meigen. 123651
Black **pepper:** Piper nigrum (Piperaceae). 122525
Relation between adaptive response to high and low temperature and the hair coat structure [in *Black* **Pied** cattle]. 117725
Redshank [Polygonum persicaria], pale persicaria [Polygonum lapathifolium], knotgrass [Polygonum aviculare] and *black-bindweed* [**Polygonum** convolvulus]. 123050
Identification of **polysaccharide-producing** *black* yeasts [Rhinocladiella, decay of wood pulp and paper]. 119757
Growing of some clones of *black* **poplar** [Populus nigra] in four comparative plantations in central-southern Italy. 119560
A new way to **prove** *black* currant reversion virus in Ribes nigrum L. 122849
Effect of increasing liquid manure fertilization rates on magnitude and quality of *black* **radish** yield. 125071
Studies on the promotion of snow melting in a grassland. 2. Meteorological and climatological consideration on desirable time for **scattering** *black* powders and the period of the promotion of snow melting. 125345
Rhythm of growth and flowering of woody [chiefly ornamental] plants from the Mediterranean floristic area on the *Black* **Sea** coast. 121618
Survey of the determination of the occurrence of ergot (Claviceps purpurea (Fr.) Tul) on the domestic and foreign wheat varieties and wild Gramineae grown in the *Black* **Sea** region of Turkey. 122584
Comparative studies of the moisture and thermal regime on the Andosol-Brown and the *Andosol-Black* **soils** in Tokachi district. 124890
Black **stain** root disease [Verticicladiella wagenerii] of pinyon pine [Pinus edulis] in Colorado. 122747
A comparison of the performance of the Savage tea cutter, Tarry nipper breaker and the Nara tea granulator for the size reduction of particles of *black* **tea** [Equipment]. 124732
Testing *black* current root stocks for their resistance to Septoria [ribis]. 122656
Black **turpentine** beetle [Dendroctonus frontalis] infestations after thinning in a loblolly pine [Pinus taeda] plantation. 123500
The carotenoids of a *black* **variety** of the larva of the moth, Manduca sexta [Tobacco pests]. 124051
The *black* **walnut** [Juglans nigra] as a fruit culture. 122318
Life history and laboratory rearing of Brochymena quadripustulata [on *black* **walnut** Juglans nigra] with descriptions of immature stages and additional notes on Brochymena arborea (Hemiptera: Pentatomidae). 124215
Black **widow** spider venom: effect of purified toxin on lipid bilayer membranes. 124158
Isolation of a neurotoxin with a presynaptic action from the venom of the *black* **widow** spider (Latrodectus mactans, Fabr.). 124165

BLACKBERRIES
Raspberries and *blackberries:* **Rubus** (Rosaceae). 122377

BLACKFACE *see* SHEEP

BLACKFLIES
The **citrus** *blackfly* [Aleurocanthus Woglumi-Ashby]. 123387
Evidence that *blackfly* **larvae** [Diptera: Simuliidae] can feed on particles of colloidal size. 124096
Morphology of the neuroendocrine systems of two **larval** *blackflies,* Prosimulium mixtum/fuscum and Simulium venustum. 123860
Physiological studies on [the ecological importance of fungi in] an isolate of Saprolegnia ferax from the larval gut of the *blackfly* **Simulium** vittatum. 120381

BLACKLANDS
Short-season, narrow-row cotton studies in the **Central** *Blacklands*. 122088
Short-season narrow-row cotton studies in the **Northern** *Blacklands*. 122087

BLACKLEG
Clinical *blackleg* [of cattle] associated with Arizona wild type (AWT) strain of Clostridium carnis. 119047

BLADES
Development and growth of the plant tip on Acnistus arborescens. II. Development of the procambium and the vascular tissues of the leaf, and growth of the **foliar** *blade*. 121343
Studies on large vascular bundles in paddy rice plant and panicle formation. II. Relationship between the number of large vascular bundles in the *blades* of **high-ranking** leaves and the number per primary branch of the panicle in rice varieties. 120535
Inheritance of the characters of hairiness of **leaf** *blade* and root colour in radish. 120643
Haymaking speed, *blade-stem* **ratio** and protein percentage in the blades and stems of some perennial tropical legumes and molasses-grass [Varieties, Melinis minutiflora]. 121886

BLAST
Tricyclazole: a new systemic fungicide for control of Piricularia oryzae *[blast* **disease]** on rice. 122739
Susceptibility of Digitaria decumbens var. Pangola to *blast* **rice** [Pyricularia grisea] in the French West Indies. 122556
Research on the taxonomy, bioecology, damage of the **rice** *blast* fungus (Piricularia oryzae Bri. et Cav.) and the resistance of several rice varieties [in southeast Anatolia). 122583
Studies on the action of the dichlorocyclopropanes on the host-parasite relationship in the **rice** *blast* disease [Piricularia oryzae]. 122719
Effect of chemicals on the spread of **rice** *blast* disease [caused by Pyricularia oryzae]. 122763
Rice *blast* [Pyricularia oryzae]: studies of the fungus and its changing adaptation. 122767
Rice *blast* [Pyricularia oryzae]: chemical control in Texas, 1973. 122768

BLASTOCLADIELLA
Transient cyclic AMP [adenosine 3',5'-monophosphate] accumulation in **germinating** zoospores of *Blastocladiella* **emersonii** [Fungi]. 121054

BLASTOCYSTS
Effects of cytochalasin B (CB) on the *morula-to-blastocyst* **transformation** and trophoblast outgrowth in the early mouse embryo. 117675

BLASTODERM
Increase in nuclear poly(A)-containing RNA at **synctial** *blastoderm* in Drosophila melanogaster embryos. 123877

BLASTOMYCES
Isolation of a purified skin test antigen from *Blastomyces* **dermatitidis** yeast-phase cell wall [Guinea pigs]. 118762

BLATTA
Kluyveromyces blattae sp. N., a new multispored yeast from *blatta* **orientalis.** 119946
Toxicity of six insecticides to three species of adult cockroaches [Blatella germanica, *Blatta* **orientalis,** Periplaneta fuliginosa]. 123264

BLATTELLA
Absence of rDNA amplification in the uninucleolate oocyte of the **cockroach** *Blattella* germanica (Orthoptera: Blattidae). 124019
Ecdysone deficiency in juvenile hormone treated larvae of the German cockroach, *Blattella* **germanica** (L.). 123938

BLATTIDAE
Absence of rDNA amplification in the uninucleolate oocyte of the cockroach Blattella germanica (**Orthoptera:** *Blattidae).* 124019
Goodbye Mr. **Roach** *[Blattidae].* 123514

BLEACHING
The **effluent-free** *bleached* kraft pulp mill. VII. Sodium chloride in alkaline pulping and chemical recovery [to eliminate a major source of pollution]. 125544
Oxygen *bleaching* of sulphite pulps. 119784
Bleaching of **oxygen** pulps with ozone. 119814
Material balance for brown stock washing, screening, and **oxygen** *bleaching* in closed-mill systems [Pulps]. 119818
Peroxide *bleaching* of CEHH [chlorination, extraction and hypochorite] banboo kraft pulp. 119707
International **pulp** *bleaching:* viva la revolucion. 119801

BLENDING
Effects of *blending* **gynoecious** and monoecious cucumber seeds on yield patterns. 122334
Cardiopathogenicity of rapeseed oils and **oil** *blends* differing in erucic, linoleic, and linolenic acid content [Rats]. 116478
A comparison of **soybean** *blends* with pure stands in the Texas Gulf Coast [Varieties]. 122076
A contribution to the study of cotton, polyester and *blend* **yarn** hairiness. 117118

BLIGHTS
Some considerations on the present status of **chestnut** *blight* disease [caused by Endothia parasitica] in Italy [Castanea]. 122559
Chestnut research and biological control of the **chestnut** *blight* fungus [Endothia parasitica]. 122622
Soil fumigation effects on **early** *blight* [caused by Alternaria solani] of tomato transplants. 122737
Evaluation of **selected** fungicides for control of **early** *blight* [Alternaria solani] of tomato. 122771
Carbon requirements of Alternaria solani (Ell. & Mart.) jones and Grout, the incitant of **early** *blight* of potato. 122787
Monitoring **fire** *blight* bacteria [Erwinia amylovora] of pear for disease control. 122807
Protection of **Bartlett pear against fire** *blight* with deoxyribonucleic acid from virulent and avirulent Erwinia amylovora. 122809
Relationship of **fire** *blight* [Erwinia amylovora] resistance of young pear seedlings inoculated in the **greenhouse** to mature seedling trees naturally infected in the field. 122811
The role of sterols in the relations between potato [plants] and Phytophthora **infestans** *[Blight].* 122609
Control of South American **leaf** *blight* (Microcyclus ulei) of the rubber plant [Hevea brasiliensis] in Bahia. II. Cost/benefit ratio of aerial spraying of fungicides in the Itubera region, 1972/73. 115546
South American **leaf** *blight* of Hevea brasiliensis: spore dispersal of Microcyclus ulei. 122566
New technical concepts on the chemical control of South American **leaf** *blight* [Microcyclus ulei] of the rubber tree [hevea brasiliensis]. 122586
A new **leaf** *blight* of Peristrophe bicalyculata [Colletotrichum crossandrae]. 122598
Southern corn **leaf** *blight* [Helminthosporium maydis]: ultrastructure of host-pathogen association. 122718
Ultrastructure and mechanics of the conidium-conidiophore attachment of Helminthosporium maydis [Corn **leaf** *blight].* 122740
Control of South American **leaf** *blight* (Microcyclus ulei) of the rubber plant [Hevea brasiliensis] in Bahia. I. Aerial spraying of fungicides in the Itubera region. 122775
Studies into Stemphylium floridanum causing **leaf** *blight* of Viola. 122790
Blight of **pears,** apples, and quinces. 122806
A new disease of Pilea [imperialis] caused by Phytophthora parasitica [Leaf, bud and **stem** *blight].* 122742

BLIND
Dermaptera from Reunion, with the description of a new genus and species of *blind* **Dermaptera** [Caecolabia gomyi]. 124224
Ineffectiveness of human chorionic gonadotropin in weight reduction: a *double-blind* **study** [Obesity]. 116284

BLISTER
Epidemic characteristics of the *blister* **rust** of pine, Cronartium flaccidum (Alb. and Schw.) Wint., in Italy. 122558
What's behind and ahead in *blister* **rust** research and development [Trees]. 122688

BLOOD
Scalded sausage manufacture in the meat trade. 7. Color formation and preservation, influence of the muscle coloring matter present, and color stabilization by means of *blood* **additives.** 116955
The applicability of the chromogen method for determining the apparent digestibility of dry matter in 1/2 **Breton** *blood* and 1/2 Thoroughbred blood mares. 117910
Leucocyte formula of the *blood* from **Broad** Breasted White turkeys in relation to their age and productivity. 117924
Suitability of the preparative-gravimetric method for the quality evaluation of **canned** *blood* pudding. 116105
Acid-based measurements of arterial, venous and **capillary** *blood* in the dog. 118532
Gas-blood CO2 **[carbon** dioxide] equilibration in parabronchial lungs of birds [Chickens]. 117776
Relationship of temperatures in the **cervical** *blood* vessels to brain temperatures in chickens. 117944
Mineral contents of the *blood* and **chemical** composition of the muscles of Trichinella-infected piglets. 118970
Lipid vesicle-cell interactions. II. Induction of cell fusion **[Chicken** *blood].* 117801
Changes in some biochemical indices of the *blood* in **chickens** at continuous feeding of Timet and Lebaizid [Phosphorus organic insecticides]. 119286
Reference values of *blood* **coagulation** of healthy horses. 117915
Effect of partial amelioration of heat stress on feed and water intake and some *blood* **constituents** in buffalo bulls. 117745
Present methods of controlling warble flies [Oestridae] and *blood-sucking* **Diptera** in northern reindeer husbandry. 123631
Prospects of controlling warble flies [Oestridae] and *blood-sucking* **Diptera** in the northeastern zone [Pests of reindeer]. 123632
A *blood* **disease** [hemophilia] in dogs. 119183
A study on the changes of the *blood* **electrolyte** of camel (Camelus dromedarius) during water deprivation. 117741
Possibility of **extensive** *blood* relationship in livestock populations, and comparison of fertility and resistance to environmental changes [Genetics]. 118206
Effect of starvation on pituitary growth hormone cells and *blood* **growth** hormone and prolactin levels in the rat. 116495
Effect of urea feeding on the *blood* **haemoglobin** content of Haryana heifers. 118074
A comparative study of porphyrin synthesis by whole *blood* and **haemolysates** from different mammalian species [Livestock, laboratory animals]. 117632
Concentrations of intermediate metabolites in the *blood* and **hepatic** tissues of pregnant and non-pregnant ewes. 117755
Control of warble fies [Oestridae] and *blood-sucking* **insects** [Diptera] in the Magadan Region [Pests of reindeer]. 123630
The fine structure of the leucocytes of the domestic birds. Electron microscopical studies of the *blood* **leucocytes** of the fowl, turkey, goose and duck. 117960
Can we stem this **life** *blood* flow? [Greenhouse horticulture, labor outlook, Great Britain]. 115862
On the in vitro behaviour of carbon-14-labelled **lindane** in the *blood.* 123741
Studies on the nitrogen metabolism of broilers fed 15N [nitrogen isotope] labelled wheat. 3. *Blood,* **liver,** spleen, thymus, kidneys, brain, pancreas, "labile" N reservoir. 118004
Origin and role of a lysozyme type of activity in the *blood* of **Locusta** migratoria migratorioides (R. & F.). 123779
A new concept of normal values *[Blood* as a **means** of diagnosing diseases in horses]. 118495
Effects of diethylstilbestrol, zeranol and sex on live, *blood* **metabolite,** carcass and endocrine characteristics of lambs. 117767
Blood **metabolities** and glucose metabolism in the fed and fasted chicken. 118099
Endotoxin in *blood* and **milk** and enzymes in the milk of cows during experimental Escherichia coli endotoxin mastitis. 118960
Research of Koch bacillus in tuberculous cattle **muscles** and *blood.* 118905
Studies into acid-base balance of *blood* and **muscular** pH [hydrogen-ion concentration] of swine exposed to consecutive stress. 119175
Effect of prostaglandin E2 on ovine maternal **placental** *blood* flow [Sheep]. 118198
Cortisol concentration in the *blood* **plasma** of newborn piglets and after adrenocorticotropic hormone loading. 117656
Lamb production of sheep with differing haemoglobin and *blood* **potassium** types. 118323
Influence of gestation and puerperium on the *blood* **proteinogram** of Dutch Black Pied cattle. 117905
Red *blood* corpuscle survival assessed with chromium 51 [isotope] and diisopropyl fluorophosphate-H3 in cattle. 117919
Hepatic venous compliance and role of liver as a *blood* **reservoir** [Cats]. 117538
Materials on the methodology of *blood* **sampling** for serologic studies of natural-focal diseases. 118875
Blood **secrets** [Animal disease diagnosis]. 118491
Performance of mycocardial and *blood* **seral** changes in pigs fed diets containing high or low erucic acid rapeseed oils. 118034
Investigations of transferrins, albumins, prealbumins and esterase in *blood* **serum** of some breeds of horses. 117701
Changes in the activity of transaminases and alkaline phosphatases from *blood* **serum** as related to the age, sex and growth rate of pigs. 117922
Types of transferrins in the *blood* **serum** of turkeys. 117927
Egg productivity of chickens from the 444th cross as related to the types of *blood* **serum** proteins. 118301
Polymorphism of *blood* **serum** proteins from chickens of the 444th cross [Genetical markers]. 118306
Blood **serum** levels of calcium, phosphorus and magnesium during th pregnancy of the female ass, Equus asinus L., 1758 (Perissodactyla, Equidae). 118391
Effect of superinvasion on the protein composition of the *blood* **serum** from chicks with coccidiosis caused by Eimeria tenella. 118931
A comparison of horse, cow, and **sheep** *blood* in NYC medium: effect on recovery of Neisseria gonorrhoeae and urogenital mycoplasmas. 117702
Relation of adaptive response to conditions in an arid zone with types of potassium concentrations (HK, LK) in the *blood* of **sheep.** 117726
Changes of ruminal mucosa and *blood* of **sheep** in presence of latent alimentary metabolic acidosis. 119156
Hog cholera. I. Immunofluorescent diagnosis using tissue sections and *blood* **smears.** 118692
Some chemical changes in the colostrum, milk and *blood* at various **stages** of lactation in sheep. 117747
Treating odours arising from the **storage** of *blood.* 125429
Contribution to the study of the *blood* **supply** of the sinus node in Pekingese dogs. 117901
The action of cyclic 3', 5'-adenosine monophosphate in the *blood* of **swine** during physical stress. 117524
Concentration and composition of proteins of **swine** *blood* serum as affected by different factors (review). 117931
The applicability of the chromogen method for determining the apparent digestibility of dry matter in 1/2 Breton blood and 1/2 **Thoroughbred** *blood* mares. 117910
Uteroplacental *blood* flow during hyperthermia with and without respiratory alkalosis [in conscious pregnant sheep]. 117778
Development of the renal response to *blood* **volume** expansion in normal and fast-growing rats. 117534

BLOOM
Investigations on chosen problems on biology of *blooming* and **fruit-bearing** of sour cherries . I. Observations on sour cherry fruit drop [Varieties]. 121774
Phased division of Peridinium cinctum F. Westii [Algae] (Dinophyceae) and development of the Lake Kinneret **(Israel)** *bloom.* 121209
Specific structure and pollen gathering of Hymenoptera visitors of *blooming* **seed** onion fields and their food plant relationships. 124152
Trees for **summer** *blooms.* 122273

BLOSSOM *see* **FLOWERS**

BLOTCH
Resistance to Septoria [tritici] **leaf** *blotch* of wheat in California. 122555
Increased transpiration and the accumulation of root absorbed 86Rb [rubidium isotope] in barley leaves in infected by rhynchosporium secalis **(leaf** *blotch).* 122706
Field reactions of wheat to Septoria [tritici] **leaf** *blotch.* 122750

BLOW
Adaptation and photoregeneration in the eye of the *blow* **fly** [Calliphora]. 124027

BLOWFLIES
The experiment: hormonal studies on the *blowfly* **[Calliphora].** 123830
The peripheral inhibition of the tarsal sugar receptor by sodium chloride in the proboscis extension response of the *blowfly.* **Phormia** regina M. 124034

Contact chemoreceptors on the ovipositor of Lucilia cuprina (Wied.), the Australian **sheep** *blowfly*. 123603

BLUE
Fluorescence of allophycocyanin in connection with establishing the role of phycobiliproteids in photosynthesis [of *blue-green* **alga** Aphanizomenon flos-aquae]. 121032
Photosynthetic activities of membrane preparations of the *blue-green* **alga** Phormidium luridum. 121047
Genetics of *blue-green* **algae.** 120599
Functional 70S hybrid ribosomes from *blue-green* **algae** and bacteria [Anacystis nidulans, Escherichia coli]. 120909
Speculations on a possible essential function of the gelatinous sheath of *blue-green* **algae.** 120988
Blue **burgundy,** cabernet made in USA. 117215
"Cressy *Blue,"* a new pea variety. 122504
Endolithic *blue-green* algae in the dry valleys: primary producers in the Antarctic desert ecosystem. 120397
Repair in arterial tissue; electron microscopy of **evans** *blue* vital stained embolectomy catheter lesion of the rabbit thoracic aorta. 119067
Pseudomonas aeruginosa. III. Identification of strains isolated from *blue* **foxes** (Alopex lagopus) in a Danish fur farm. 118863
Four-step grafting for **frustrated** *blue-spruce* [Picea pungens] admirers. 122340
Effect of diuron on the relation between the exchange of energy and gas in the photosynthesis of Chlorella [Algae] in *blue* **light.** 121027
Research on population dynamics and impact in the *Blue* **Mountains** [Forest insect pests]. 123492
Cyanophage SM-2: a **new** *blue-green* algal virus [Synechococcus elongatus, Microcystis aeruginosa]. 122874
Heterogeneity of soluble proteins from the cytoplasm in leaves of wintering plants [winter rye and **perennial** *blue* lupine] and the activity of dehydrogenases in relation to the time of the year. 121494

BLUEBERRIES
Autumn-planted *blueberries*. 122427
Faster production of **highbush** *blueberry*. 122489
Gibberellin effects on **rabbiteye** *blueberry* seed germination. 121673
Small fruits for the small gardens [Strawberries, **raspberries,** *blueberries]*. 122342
Blueberries for the **South** [Varieties, USA]. 122429
Potential fertility levels in four diploid Vaccinium **species** *[Blueberries]*. 120768
Quackgrass [Agropyron repens] and annual weed control in **transplanted** *blueberries*. 123145

BLUECOMB
Indirect fluorescent antibody test for the diagnosis of coronaviral enteritis of **turkeys** *(Bluecomb)*. 118603

BOARDS
LANDSAT-1 data as it has been applied for land use and water quality data by the Virginia State Water **Control** *Board*. I. The state project [Remote sensing]. 125263
LANDSAT-1 data as it has been applied for land use and water quality data by the Virginia State Water **Control** *Board*. II. Monitoring water quality from LANDSAT [Remote sensing]. 125264
Method of increasing wet stiffness of **corrugated** *boards* by means of batchwise hot air treatment—design and costs of process [Fiberboard]. 119821
Cork-board for **covering** soils; variation of dimensions as a function of relative humidity and time. 125134
Bed and *board* [**Dairy** barns, feed equipment]. 124611
D-day for United Kingdom [milk] **marketing** *boards*. 115594
When is a **marketing** *board* not a marketing board? [Dairy products]. 115596
What sort of **milk** *board?* [Policies]. 115832
Susceptibility to cracking of **particle** *boards* covered with decorative paper. 119674
Apparatus for the nondestructive testing of **particle** *board*. 119762
Appearance and control of yellow rust (Puccinia striiformis) on wheat in the area of the Hanover Plant **Protection** *Board* in 1975. 122669
The California air **resources** *board* program to regulate agricultural [range and forest] burning [Air pollution control]. 125449
Reactions of the **school** *board* on the parental home [Lunch]. 116319
Pure **steambaked** *cork-board* used in buildings. 119713
Preliminary study on **woodwool** *board* made of five wood species from West Java. 119755

BOARS *see* SWINE

BOGS
Hydrologic conditions for *bog* **formation** in West Siberia and main trends of hydroreclamation measures (1972-1973). 125228
The flora of the Holocene **peat** *bogs* of Kanevshchina. 120241
Effect of inorganic fertilizers on the yield, chemical composition of meadow foxtail [Alopecurus pratensis] and the regime of nutrients in *Peat-Bog* **soils** of the Kola Peninsula. 124927

BOILERS *see* POULTRY

BOILING
Technological problems of the industry of meat products: *Boiled* **ham.** 117013
Volatile sulfur compounds contributing to meat flavour. I. Components identified in *boiled* **meat.** 117023

BOLES
Sugar maple [Acer saccharum]: tree and *bole* **weights,** volumes, centers of gravity, and logging residue. 119835

BOLLS
Reversal of abscisic acid promoted abscission of flower buds & *bolls* of **coton** (Gossypium hirsutum L.) with other regulators. 121507
Development of earliness to fruiting and *boll* **maturity** in cotton under low maturation temperatures. 121552
Quality control assessments of male sterility during the 1972 and 1973 **pilot** *boll* weevil [Anthonomus grandis] eradication experiment [Cotton]. 123355
Effect of localized application of ascorbic acid & other plant regulators singly & in combination with abscisic acid on *boll* **shedding** in cotton Gossypium hirsutum L. 121500
New chemosterilants for *boll* **weevils** [Anthonomus grandis, cotton]. 123288

BOLLWORMS
Populations of *bollworms* [**Helitohis** zea] in cotton under different cropping situations in the Rolling Plains. 123347
Dominant lethal mutations in insects with holokinetic chromosomes: irradiation of **pink** *bollworm* sperm [Pectinophora gossypiella, Lepidoptera: Gelechiidae]. 123279

BOLTING
Studies on the physiology of *bolting* and **flowering** in Raphanus sativus L. II. Annual rhythm in readiness to flower in Japanese radish, cultivar Wase-shijunichi. 121759

BOMBACACEAE
Kapok: *Ceiba* **pentandra** (Bombacaceae). 121950

BOMBUS
Studies on the behaviour of *Bombus* **Latr.** Species (Hymenoptera, Apidae) parasitized by Sphaerularia bombi Dufour (nematoda) in an alpine area. 124549

BOMBYLIIDAE
Results of zoological research carried out by Dr. Z. Kaszab in Mongolia. 377. *Bombyliidae* II. **(Diptera).** 124453

BOMBYX
An improved protein binding assay for guanosine-3', 5'-monophosphate using a binding protein from the pupa of the silkmoth, *Bombyx* **mori** L. 124481
Nucleic acids synthesis of nuclear polyhedrosis virus in cultured embryonic cells of silkworm *[Bombyx* **mori].** 124482
Study on residues remaining on mulberry leaves treated with acaricides and their toxicity to the silkworm, *Bombyx* **mori** L. 124503
Depolyploidization of tetraploid parthenogenetic clones of silkworm *[Bombyx* **mori]** by the method of meiotic parthenogeneisis. 124506
Genetic analysis of the increased heterotic ability of parthenogenetic males of silkworm *[Bombyx* **mori],** homozygous at all loci. 124507
Effects of irradiation to larvae of *Bombyx* **mori** in relation to nutritional conditions and fasting. 124508
Absence of ribosomal DNA amplification in a meroistic polytrophic ovary *[Bombyx* **mori].** 124509
Inheritance of some characters in crosses between inbred lines of *Bombyx* **mori** L. for commercial feeds during summer and autumn months. I. Cocoon, shell and pupal weights. 124530
Small molecular weight DNA of the silkworm, *Bombyx* **mori.** 124536
Ecdysone and oocyte morphogenesis in *Bombyx* **mori.** 124545
Induced mutants in **silkworm** *(Bombyx* mori L.). 124529
Studies on the posterior silk gland of the **silkworm** *Bombyx* mori. V. Electron microscope localization of fibroin in the posterior silk gland at the later stage of the fifth instar. 124537

BONDING
Improvement of **fiber** *bonding* of paper fibers with high lignin content through grafting of hydrophilic polymers. 119779

BONES
Tetracyclin residues in the *bones* of **animals** and their behaviour during processing. 116136
Sagittal fracture of the third **carpal** *bone* in a horse. 119253
Mineral and crystal formation in vitro by lipids extracted from bovine **compact** *bone*. 117870
An examination of graft alteration and recipient response to processed mare **cortical** *bone* xenografting [Surgery]. 118485
Experimental studies in intestinal healing of the dog. III. An end-to-end intestinal anastomosis using a **decalcified** *bone* tube. 119142
Submicrosomal localization of prolyl hydroxylase from chick embryo **limb** *bone*. 117797
An objective look at **manual** *bone* trimming and at soft and hard separated meat from poultry and large animals. 117046
Histopathological examinations performed on **sesamoid** *bones* from cattle with purulent podotrochlitis. 119080

BONSAI
Bonsai—a **gift** of living art. 122506

BOOKKEEPING *see* ACCOUNTING

BOOKS
Some thoughts on the *book* **"Beekeeping** in the opening-type beehive". 124583
Some thoughts on the *book* **"Beekeeping** in the opening-type beehive". 124584
Some thoughts on the issue of the *book* **"Beekeeping** in the opening-type beehive" [Reply to L. Kastelic]. 124585
Some thoughts on the issue of the *book* **"Beekeeping** in the opening-type beehive" [Reply to L. Kastelic]. 124586
Termites and *book* **lice** (Isoptera and Psocoptera) discovered by pest controllers and introduced into the German Federal Republic. 123583
The "Mechanic's **quality** *book"*. 124673

BOOPHILUS
Ticks [Hyalomme, Rhipicephalus, *Boophilus* **decoloratus**] from the African buffalo (Syncerus caffer) in Ngamiland, Botswana. 123654
The fine structure of merozoites of Babesia bovis in the gut epithelium of *Boophilus* **microplus** [Ticks as vectors of protozoan diseases of cattle]. 123653

BORAGINACEAE
Floral anatomy of *Boraginaceae*. I. **Sericostoma** pauciflorum stocks. 120452

BORAX
Application of Bathurin and *borax* in the **biological** control of Monomorium pharaonis in housing estates. 123506

BORDERS
Contributions to the fungal flora of the *border* **area** of Horner Mulde in Lower Austria. 120267
Effects of divalent cations on vitamin B12 adsorption to **brush** *borders* of rat intestine. 116454
Calcium uptake by isolated intestinal **brush** *border* membranes folowing dietary calcium restriction [Rats]. 116476
New data on the northern **distribution** *borderline* of Iris species from the subsection Oncocyclus Baker. 119963
Simulating overland flow in *border* **irrigation.** 125355
Competition at the **plot** *border* among maize, tomato, pepper and Gladiolus L. 122115
The **woodland** *border* and its shrubs [Landscape gardening]. 122280

BORDETELLA
Inoculation experiments with *Bordetella* **bronchiseptica** strains in SPF [specific pathogen free] pigs. 118861
The respiratory disease complex in rabbit farming *[Bordetella,* **Pasteurella].** 118593

BOREAL
Studies on *boreal* **Agromyzidae** (Diptera). X. Phytomyza miners on Crassulaceae [New taxa]. 124406
Softwood pulp from **Canada's** *boreal* forest rated as prime market pulp. 119803
Vegetation and groundwater regulation in **Chaco** *Boreal* [Bolivia, Paraguay, Argentina]. 120382

BORERS
The bionomics of the twolined **chestnut** *borer* [Agrilus bilineatus]. 123473
Possibility of biological control of the European **corn** *borer* [Pyrausta nubilalis] with Trichogramma egg parasites. 123324
The question of varied attractiveness of pheromones of European **corn** *borers* [Pyrausta nubilalis] on the males of geographically different populations. 123331
Control of the European **corn** *borer* [Ostrinia nubilalis]. 123333
Cultural control and biological studies of the Southwestern **corn** *borer* [Diatraea grandiosella]. 123341
Insect [Diatraea grandiosella, Southwestern **corn** *borer]* and mite [Oligonychus pratensis, Banks grass mite] control in corn. 123344
Lesser **cornstalk** *borer:* effects of (Z.E)-9,12-tetradecadien-1-ol acetate on pheromone communications. 123319
Free-running and phase-setting of locomotor behavior of the adult lesser **cornstalk** *borer* [Elasmopalpus lignosellus]. 123803
Overwintering of brinjal [eggplant] shoot and **fruit** *borer,* Leucinodes orbonalis Guen. (Lepidoptera, Pyralidae) in Kulu Valley, western Himalaya, India. 123372
Developments in **maize** *stem-borer* [Busseola fusca] control in East Africa, including the use of insecticide granules. 123275

New records of spiders as predators of **maize** *borer* [Chilo partellus] and maize jassid [Zyginidia manaliensis]. 123302
Decay risk for sugar **maple** *borer* [Glycobius speciosus] scars [Acer saccharum]. 123477
Electrocutor grid traps vs. Sticky traps for capturing [the lesser **peachtree** *borer]* Synanthedon pictipes and Sanninoidea exitiosa. 123414
Stem-borer [**Sesamia** botanephaga] ecology and strategy for control [Stemborer of maize in West African areas]. 123276
Comparative anatomy of the digestive system of larvae of roundheaded **wood** *borers* (Coleoptera, Cerambycidae). 123925
Morphology of the larvae of beetles, predaceous and associated with **wood** *borers*, from the northwestern part of the Caucasus. 124309

BORON
Effect of *boron* on the **utilization** of nitrogen, phosphorus and potassium by mustard plants. 120862

BORONIA
A method for breaking seed dormancy in *Boronia* spp., **Eriostemon** spp. and other native Australian species. 121625

BOS
Sone anatomical observations on the topography and macroscopic distribution of the lymph vessels and nodes on the stomach of buffalo, *Bos* **bubulis** L., of Egypt. 117764
Tuberculous metritis in a **buffalo** *(Bos* bubalus). 118740
Immunoglobulin G in the sera of newborn **buffalo** *(Bos* bubalus bubalis) calves. 119008
Cattle ecological zoning in the State of Sao Paulo [Breeds, Bos taurus, *Bos* **indicus**, crossing]. 118228
Rice growing in the *M'Bos* **plain** (west Cameroon): an example of the relations between the physical environment, agricultural experiments and development. 121870
Cattle ecological zoning in the State of Sao Paulo [Breeds, *Bos* **taurus**, Bos indicus, crossing]. 118228

BOTANISTS
An **amateur** *botanist* on the Lesser Sunda Islands. 119890
Arturo Burkart; a personal **appreciation** *[Botanists]*. 119897
Agnes Arber, scientific reductionism, and the need for **Arberia** *[Botanists]*. 119920
Nikolai Vladislavovich Smol'skii (on his seventieth **birthday)** *[Botanists]*. 119867
In memory of Finaida Petrovna **Bochantseva** (1907-1973) *[Botanists]*. 119863
Obituary, William Brown, M.A., D.Sc., F.R.S. (18881975) *[Botanists,* Great **Britain]**. 119902
Obituary: Humphrey Milne-Redhead, 1906-1974 *[Botanists,* **Bryology]**. 119898
K. A. Bondorff, 18 September 1891-19 **June** 1974 *[Botanists]*. 119851
Stanislaw Kulczynski **(9.V.1895-12.VII.1975)** *[Botanists]*. 119904

BOTANY
Index to **American** *botanical* literature. 119885
Creation of a rainforest in the **Canberra** *Botanic* Gardens. 119887
Studies in **Caribbean** *botany*. 1. New or noteworthy records for West Indian orchidology. 119970
Influence of seedling methods and nitrogen fertilization on yield and *botanical* **composition** of a white clover-tall fescue mixture in mountain. 122123
Experience of establishing an artificial steppe phytocoenosis in the **Donetsk** *Botanical* Garden. 119857
Development of biometry in the past century. II. Development of statistics in *botany* as an **example** for biology in the more restricted sense. 119910
Thriving of species and forms of the genus Picea A. Dietr. (Spruce) in the Tharandt **Forest** *Botanical* Garden. 120300
Experience of arranging expositions of rare plant species in the *botanical* **garden** of the Leningrad State University. 119856
The *botanical* **garden** Rea in Italy. 119878
Hyacinthus litivinowii [from Turkmenia] in Moscow *[botanical* **garden]**. 119960
Species of the genus Filia L. In the *Botanical* **Garden** of the Uzbek SSR Academy of Sciences. 120007
Species of the genus Syringa L. Introduced by the *Botanical* **Garden** of the Uzbek SSR Academy of Sciences. 122274
Accounting and conservation of centers of [plant] introduction not included into the system of *botanical* **gardens.** 119853
Coenotic studies in *botanical* **gardens** and their significance in solving targets of conservation of plant world. 119854
Goals of *botanical* **gardens** of the Uzbek SSR Academy of Sciences in the conservation of plants of the natural flora from the [Soviet] Central Asia. 119859
Problems of conservation of plants in the activities of *botanical* **gardens** in Kazakhstan. 119868
Studies of the problem of conservation of plant world in *botanical* **gardens** of the Baltic republics. 119877
The goals of *botanical* **gardens** in the sphere of plant protection. 119879
The role of the USSR Academy of Sciences in the development of *botanical* **gardens.** 119880
Visiting the *botanical* **gardens** in the Federal Republic of Germany and Finland. 119882
On the preliminary check-list of phanerogamic climbers of the **India** *Botanic* Garden, Calcutta. 119929
Growing three attractive flowering Dendrobiums in the **Indian** *Botanic* Garden, Calcutta. 122422
Phenetic taxonomy at the species **level** and above [in *botany]*. 120287
Scientific research activities of the **Main** *Botanical* Garden of the USSR Academy of Sciences in 1976-1980. 119875
Thirty years of the **Main** *Botanical* Garden [of the USSR Academy of Sciences]. 119881
Dynamics and character of infection rate of tulips by [fungus and bacterial] diseases in the **Main** *Botanical* Garden of the USSR Academy of Sciences. 122585
Control of a leafroller moth, Tortrix viridana, in an oak-dominated forest in the **Main** *Botanical* Garden [of the USSR Academy of Sciences. 123448
How to prepare a collection of *botanical* **molds** [for a herbarium]. 119861
A personal approach to the teaching of **non-major** *botany* cources. 119911
Botany for **non-science** majors, the cultural approach. 119912
The living plant record system at the **Royal** *Botanic* Garden, Edinburgh. 120050
Abstracts of papers presented at the meeting of the *Botanical* **Society** of Israel, Rehovot, September, 16-17, 1975. 119895
The data bank of the British Antarctic **Survey's** *botanical* section. 120047
Botanical and **varietal** classification of vegetable crops. 120197
Type specimens of hypogeous fungi in the herbarium of the New **York** *Botanical* Garden. 120222

BOTRYCHIUM
Tracheids, apogamous leaves, and sporophytes in gametophytes of *Botrychium* **dissectum.** 120429

BOTRYODIPLODIA
Mitochondrial biogenesis during fungal spore germination: products of mitochondrial protein synthesis in vivo *[Botryodiplodia* **theobromae]**. 120903

BOTRYTIS
Relations of phenolic inhibitors to resistance of immature apple fruits to rot *[Botrytis* **cinerea,** Penicillium expansum, Alternaria]. 122646
Tests of controlling gray rot *[Botrytis* of **grapes]** in 1975. 122794
Euparen and benlate, fungicides for the control of gray **mold** *(Botrytis* cinerea Pers.) in strawberries. 122623

BOTTLING
Hydrodynamic cleaning of *bottles* [**Beer** industry]. 116675

BOTTOMLAND
Mercury in *bottom* **sediments** of Rietvlei reservoir. 125550

BOTULISM
Botulism: the ever **present** danger a matter of opinion. 116626

BOVINE
Effect of bovine follicular fluid on the relative mobility of *bovine* **acrosomal** proteins in electrophoretic field. 118326
Actinomycosis in a *cow*. 118751
Some aspects of PGF2 alpha [prostaglandin] masteomotory **activity** in *cows*. 117962
Diphosphoinositide metabolism in *bovine* **adrenal** medulla. 117624
Fetal and **adult** *bovine* interferon production during bovine viral diarrhea virus infection. 118760
Characteristic of staphylococci isolated from the udder of *cows* **affected** with mastitis. 118975
Bovine reaginic antibody. I. Rat mast cell degranulation by *bovine* **allergic** serum. 118766
Immunological defense mechanisms with special reference to *bovine* **animals.** 118955
Simuliidae (Diptera) of Rendalen, Norway. II. Adult females **attacking** *cows* and humans. 123652
Sorghum and napiergrass silage as winter feed for pregnant **beef** *cows*. 118022
Weight change, body condition and **beef** *cow* reproduction. 118295
Management systems for small beef herds of 10 *cows* or less. 115336
Catalytic properties of alpha-ketoglutarate decarboxylase from *bovine* **brain.** 117604
[Pig] platelet tubulin and *[bovine]* **brain** tubulin antibodies: immunofluorescence of cell microtubules. 117644
Sphingolipid base metabolism. Partial purification and properties of sphinganine kinase of *[bovine]* **brain.** 117795
The protein composition of glial and nerve fibers *[Bovine* **brains].** 117681
Seasonal variations in coat thickness of Jersey **breed** *cows* and their correlations with milk production. 117907
Motality in **breeding** *cows* from hypomagnesemia and its control. 119093
Staphylococcal mastitis in *cows,* **buffaloes** and goats and their antibiotic sensitivity [Staphylococcus aureus]. 118738
Amino acid sequence and calcium binding sites of *bovine* **cardiac** troponin-C. 117710
Endometritis in the *cow* as a **cause** of infertility. 119213
Elevation of Mycoplasma agalactiae subsp. Bovis to species rank: Mycoplasma bovis (Hale et al.) comb. nov. [**Causing** *bovine* mastitis]. 118770
Double intervention in the same *cow* with a **cesarean** and abdominal hernia surgery. 118533
The half-life of *bovine* and **chicken** insulin in chicken plasma. 117698
Nervous signs in *bovine* **coccidiosis.** 118824
On the etiology of *bovine* **coccidiosis** and the carriers of Eimeria parasites in the Estonian S.s.r. 118932
Interaction of epsilon-dinitrophenyl (DNP)-L-lysine with *bovine* **colostral** anti-DNP immunoglobulin G1 (IgG1): concentration independence [Pregnant cows]. 117550
Bovine **colostral** gamma-glutamyltransferase; its localization in skim milk membrane and irrelevance to secretory immunoglobulin A. 118685
Composition and properties of *cow's* **colostrum.** 118169
Mineral and crystal formation in vitro by lipids extracted from *bovine* **compact** bone. 117870
Investigations **concerning** *bovine* gastro-intestinal strongyles [Ostertagia]. II. Seasonal variations in the herbage infestation with infective larvae [Parasitic worms]. 118862
Contagious *bovine* pleuropneumonia pathogeny. Receptive state of cattle kept under heparin. 118899
Lipoprotein lipase activity in the *bovine* **corpus** luteum during the estrous cycle and early pregnancy. 118387
What owners know of **crossbred** *cows* and how much about their scientific upkeep. 117453
Histological changes in chronic pyelonephritis [from a **crossbred** *cow]*. 118732
Cow **culling** on first calf weaning weight in record of performance tested herds. 117408
Anatomical location of Dermatophilus congolensis in *bovine* **cutaneous** streptothricosis. 118698
Coefficients of repetition of the content and amount of milk protein and fat [Study of **dairy** *cow* productivity]. 116921
Yeasts grown on normal alkanes as protein source for **dairy** *cows*. 117978
Effect of zinc deficiency and varying zinc supplements on the rate of zinc absorption and zinc retention in **dairy** *cows*. 117984
Studies investigating the excretion of acetyl urea in the milk of **dairy** *cows* receiving oral doses of 14C [carbon isotope] acetyl urea. 117993
Studies with **dairy** *cows* investigating the dietary effect of mixtures of compressed straw + concentrates prepared from crude and NaOH [sodium hydroxide] treated cereal straw. 1. Digestibility and milk production. 118006
Studies with **dairy** *cows* investigating the dietary effect of compressed straw + concentrates prepared from crude and NaoH [sodium hydroxide] treated cereal straw. 2. Composition of ruminal fluid and protozoa population. 118007
Feeding **dairy** *cows* in Zambia. 118061
Urea [fed to **dairy** *cows]* proved harmless at twice the rate. 118114
Response of some parameters of metabolism in **dairy** *cows* to ammonified straw pellet feed. 118121
Paddoci feeding of **dairy** *cows*. 118124
The specific effect of fodder beets on the feed intake by **dairy** *cows*. II. 118156
Dried orange pulp versus ground corn ears in concentrated mixed rations for lactating **dairy** *cows*. 118159
The use of milk progesterone radioimmunoassay in the diagnosis and treatment of subfertility in **dairy** *cows*. 118238
A cost-benefit analysis for a monitoring system to detect estrus in **dairy** *cows*. 118241
Effect of body condition at calving on reproductive performance in **dairy** *cow*. 118325
Inspection of milking machines and equipment and the sanitation problem of the udder **[Dairy** *cows]*. 118548
Sanitation service of the **[dairy** *cow]* udder in Bavaria. 118549
Prophylaxis concepts and mastitis control in the **dairy** *cow* in intensive rearing in the Czechoslovak Socialist Republic. 118945
A case of molasses engorgement in **dairy** *cows*. 119101
A veterinary institute at regional level and its approach to metabolic control of **dairy** *cows* on industrialized units. 119149
Aspects relating to the problem of "subclinical" diseases, described by reference to ketosis in **dairy** *cows*. 119152
Placental fine structure after experimental embryonic **death** in *cows*. 117835
Vaccination trials against *bovine* **dermatophilosis** in southern Chad [Dermatophilus congolensis]. 118718
Don't forget the **dry** *cow*. 117413
Correction of stifle lock in *bovine* **dystocia.** 119212
Treatment for placenta retention and **endometritis** in *cows*. 119035
Crossbreeding: factors to heed in its firm and final commitment as the country's policy to **enhance** *cow's* productivity [india]. 118319
Eradication of **enzootic** *bovine* leucosis in the German Democratic Republic: management, planning and field action. 118829
Recent studies on **epizootic** *bovine* abortion [Ornithodoros coriaceus as vector of virus disease]. 118965
Comparative studies of human, equine, porcine and *bovine* **erythrocyte** membrane sialoglycoproteins. 117634

Endotoxin in blood and milk and enzymes in the milk of *cows* during **experimental** Escherichia coli endotoxin mastitis. 118960
Appearance of persistent hyaloid artery in the *bovine* **eye.** 119208
Mechanism of activation of *bovine* **factor** VII. Products of cleavage by factor. X. 117787
Bovine **fascioliasis** in Mantova Province. 118921
Olfactory responses of face files, Musca autumnalis, to *bovine* **feces.** 123601
Digesta compostion in the gastrointestnal tract of *bovines* **fed** forage and high-test molasses diets. Forage utilization [Pennisetum purpureum]. 117640
Nitrogen metabolism and productivity of *cows* **fed** granules made of whole forage plants. 118172
Changes of biochemical constituents in *bovine* **fetal** fluids with gestational age. 117544
Development of a cell culture line of *bovine* **fetal** endometrial cells. 117545
The effect of **fetal** *bovine* serum on polyene macrolide antibiotic cytotoxicity and antifungal activity [for control of tissue culture contamination]. 117740
Effect of *bovine* **follicular** fluid on the relative mobility of bovine acrosomal proteins in electrophoretic field. 118326
Hormone-like role of H-Y antigen in *bovine* **freemartin** gonad. 118852
Inhibition of proteoglycan biosynthesis by hyaluronic acid [from the vitreous humor of **fresh** *bovine* eyes] in chondrocytes in cells culture. 117595
Specific pathogen free (SPF) **frozen** *bovine* semen: a goal? 118288
Techniques for evaluation of **frozen** *bovine* semen at Curtiss Breeding Service. 118291
Progesterone and gravohormone for stimulation of the sexual **function** in *cows.* 118419
The radiosensitivities of lymphocytes from pig, sheep, **goat** and *cow.* 117864
Manganese metabolism in *cows* and **goats.** 117596
Prophylaxis of *bovine* **grass** tetany on the basis of final liquor of MgCl2 [magnesium chloride]. 4. The magnesium-substituting effect of MgCl2 final liquor in fertilization of single crops. 119171
Studies into incidence, pathogenesis, and prophylaxis of *bovine* **grass** tetany. 5. Mineral fodder ad libitum mixes or mineral feeding in the milking parlour for prophylaxis against grass tetany. 119176
Studies on incidence, pathogenesis, and prophylaxis of *bovine* **grass** tetany. 6. Prophylactic adlibitum feeding of magnesium-enriched mineral fodder. 119177
Studies on incidence, pathogenesis, and prophylaxis of *bovine* **grass** tetany. 7. Use of different magnesium sources in mineral mixes for cattle on pasture. 119178
Acute mastitis in *cows* in the **Harstad** Veterinary District, 1972-1975 [Escherichia coli, Staphylococcus aureus, bacterial diseases]. 118856
Comparison of calcium-binding proteins. *Bovine* **heart** and brain protein activators of cyclic nucleotide phosphodiesterase and rabbit skeletal muscle troponin C. 117782
Occurrence of infection by *bovine* **herpes** virus (IBR-IPv) [infectious bovine rhinotracheitis-/infectious pustular vulvovaginitis] in bulls at an insemination station. 118834
Ranks and relationships in highland ponies and **highland** *cows.* 117956
A case of *bovine* **hydatidosis** [Parasitic worms]. 118771
Uan'e reaction in *cows* **immunized** with the STI [Sanitary Technical Institute] vaccine [Anthrax]. 119036
Protein composition in the fluid of **individual** *bovine* follicles. 117836
Service infections, especially IBR/IPV **[infections** *bovine* rhinotracheitis/infectious pustular vulvovaginitis], a problem for state animal disease control [West Germany]. 118657
Extracellular antigens of Moraxella bovis [the principal cause of **infectious** *bovine* keratoconjunctivitis]. 118602
Isolation of a I.B.R **[infectious** *bovine* rhinotracheitis] from a calf after corticosteroid treatment. 118612
Antibody class and complement requirement of neutralizing antibodies in the primary and secondary antibody response of cattle to **infectious** *bovine* rhinotracheitis virus vaccine. 118618
Occurrence of infection by bovine herpes virus (IBR-IPv) **[infectious** *bovine* rhinotracheitis-/infectious pustular vulvovaginitis] in bulls at an insemination station. 118834
Determination of antibodies in **infectious** *bovine* rhinotracheitis-infectious pustular vulvovaginitis of cattle. 118876
On the immunogenic properties of a polyvalent inactivated vaccine from respiratory viruses (IBR **[infectious** *bovine* rhinotracheitis], Pi-3, Ad-1, Ad-3). 118990
Study on the immunogenic properties of inactivated vaccines produced with the **infectious** *bovine* rhinotracheitis virus. 118997
The use of polyethylene-glycol in the isolation of the IBR **[infectous** *bovine* rhinotracheitis]. 119003
Progesterone assays of milk and the control of **infertility** *[Cows].* 118235
Assay of *bovine* **interferons** in cultures of the procine cell line IB-RS-2 [Comparative test of different viruses]. 118759
The movements of minerals in the digestive tract of dry and lactating **Jersey** *cows.* 1. Net movements of Ca, P, Mg, Na, K and Cl [calcium, phosphorus, magnesium, sodium, potassium and chlorine]. 117963
Substitution of rapeseed meal for soybean meal as a source of protein for **lactating** *cows.* 118040
Metabolism of the herbicide methazole in **lactating** *cows* and laying hens. 123091
Preliminary observations on the effect of the administration of flavomycin in **lactation** *cows* [Milk quality]. 117576
Studies on increasing the virulence of the *bovine* **leukosis** virus. 118966
Isolation and properties of carboxycathepsin (peptidyl-dipeptidase) from *bovine* **lung.** 117608
Innervation of *bovine* **mammary** gland with particular reference to afferent (sensitive) teat innervation. 117854
Neutrophil leukocytes and inflammation of the *bovine* **mammary** gland. 118963
Aminosidine [antibiotic] in the treatment of *bovine* **mastitis** [Staphylococcus aureus, Streptococcus agalactiae]. 118920
Diagnosis, control and prevention of *bovine* **mastitis.** 118940
First results of a poll taken in eastern Emilia-Romagna, in regard to the establishment of a plan for the control of *bovine* **mastitis;** organization proposals. 118941
Important moments in the control of *bovine* **mastitis** in the bulgarian People's Republic. 118942
Correlation between milk productivity and the occurrence of subclinical **mastitis** in *cows.* 118978
Effectiveness of sanitary measures in the prophylaxis of **mastitis** in *cows.* 119023
Occurrence of superoxide desmutase in *bovine* **milk.** 116846
Chromatography of folates on Sephadex G-10 [in *cow's* **milk].** 116890
Voluminosity of different-sized casein micelles from the buffalo and the *cow* **[Milk** samples]. 116913
Calcium and phosphorus contents in *cows* **milk** of the Italian Friesian, Italian Brown, Reggio and Modena breeds. 116920
Changes in the total protein and the protein fractions in *cow's* **milk** treated with ultraviolet rays. 116925
Pregnancy diagnosis in the *cow* from **milk** progesterone concentration. 118234
The effect of dry versus wet stimulation of **milking** *cows* on the fat absorption by teat cup liners. 117476
Antigenic analysis and immunologic studies on the uterotropic bacterial strains SH6 and O1 isolated from *cows* that have **miscarried.** 118973
The mineral content of pig and *bovine* **muscle.** 117000
Isolation and characterisation of **Mycoplasma** *bovigenitalium* from bovine vaginal tract. 118734
Lack of effect of lysozymes on *[bovine* **nasal]** cartilage proteoglycans. 117570
A comparative study of the lipid content and lecithin-binding capacity of *bovine* **neurophysins.** 117676
The serum pepsinogen analysis and its relation to *bovine* **ostertagiasis** [Ostertagia ostertagi, parasitic worms]. 118865
On the formation of cysts in the **ovaries** of *cows.* 119200
Enzymatic modification of *bovine* and **ovine** parathyrin receptor. 117678
Cutaneous hypersensitivity and isoantibody production in cattle injected with live or inactivated Anaplasma marginale in *bovine* and **ovine** erythrocytes. 118598
Techniques for processing and **packaging** *bovine* semen. 118290
Studies on the solid-phase synthesis of *bovine* **pancreatic** trypsin inhibitor (Kunitz) and the characterization of the synthetic material. 117820
A radioimmunoassay for *bovine* **parathyroid** hormone. 117832
Chemical structure of glycorticoids and induction of **parturition** in the *cow.* 118395
Effect of *bovine* **parvovirus** replication on DNA, RNA, and protein synthesis in S phase cells. 119038
In vitro trypsin digestion of *bovine* and **pig** muscles both raw and cooked: peptides fractionations by molecular exclusion chromatography [Pork and beef]. 116937
High-pressure liquid chromatographic method for the determination of 25-hydroxycholecalciferol [Metabolite of vitamin D3] in *cow* **plasma.** 117549
Organoleptic changes in *bovine* and **porcine** fats following treatment with **gamma-rays.** 117033
The effect of gamma rays on the total acidity and the watersoluble fatty acids in *bovine* and **porcine** fats. 117034
Interaction of epsilon-dinitrophenyl (DNP)-L-lysine with bovine colostral anti-DNP immunoglobulin G1 (IgG1): concentration independence **[Pregnant** *cows].* 117550
Ultrastructural and biochemical evaluation of parathyroid function of **pregnant** *cows* administered disodium ethane-1-hydroxy-1,1-diphosphonate (EHDP) and fed a low calcium prepartal diet. 117889
Masteocynetic activity of prostaglandin F2alpha versus oxytocin [Effects on **pregnant** *cows].* 118398
Superovulation in the *cow* using **pregnant** mare's serum gonadotropin prostaglandin F2alpha. 118423
Safe vaccine for **pregnant** *cows* [Bovine viral diarrhea]. 118591
Influence of ketonemia on the resistance of **pregnant** *cows* and the proneness of calves to dyspepsia. 119206
Lupin alkaloids from tertogenic and nonteratogenic lupins. III. Identification of anagyrine as the probable teratogen by feeding trials **[Pregnant** *cows,* crooked calf disease]. 119257
Lupin alkaloids from teratogenic and nonteratogenic lupins. IV. Concentration of total alkaloids, individual major alkaloids, and the teratogen anagyrine as a function of plant part and stage of growth and their relationship to crooked calf disease **[Pregnant** *cows].* 119258
The reaction of the histidine residues of *[bovine* and **procine]** luteinizing hormone with ethoxyformyl anhydride. 117603
Use of milk records in one herd to predict a *cow's* **production** in a second herd. 117410
Summer milk **production** *[Cows].* 117418
Clinical and endocrinological studies on the **puerperium** in *cows.* 118416
Influence of breed and level of winter supplement on forage intake of **range** *cows* [Hereford, Hereford X Holstein, Holstein]. 118093
Differential localization of antigonadotropic and vasotocic activities in *bovine* and **rat** pineal. 117847
Bovine **reaginic** antibody. I. Rat mast cell degranulation by bovine allergic serum. 118766
Responses in linoleic acid content of milkfat from *cows* **receiving** different levels of protected sunflower seed supplement [Effects of feeding]. 118014
Ultrastructural studies of *bovine* **respiratory** disease complex. 118892
Distribution of enzyme activities in subcellular fractions of *bovine* **retina.** 117784
The basal apparatus of *bovine* **retinal** rods. 117888
Shape and size of *bovine* **rhodopsin:** a small-angle X-ray scattering study of a rhodopsin-detergent complex. 117817
Glucose metabolism of orange-colored Streptococcus bovis [isolated from *bovine* **rumen].** 117811
Procedures for field handling of *bovine* **semen** in plastic straws. 118287
Techniques for evaluation of *bovine* **semen.** 118292
[Bovine] **semen** evaluation at select sires. 118296
Structural origins of mammalian albumin *[Bovine* **serum].** 117684
Identification of *bovine* **serum** proteins by quantitative immunoelectrophoretic methods. 117928
A comparison of horse, *cow,* and **sheep** blood in NYC medium: effect on recovery of Neisseria gonorrhoeae and urogenital mycoplasmas. 117702
Plasma carotene and vitamin A levels in *cows,* **sheep** and camels of the Thar desert. 117746
Pancreatic lithiasis in a **Shorthorn** *cow* [Calculi]. 119246
Histopathological changes in natural and experimental Dermatophilus congolensis infection of the *bovine* **skin.** 118711
The nature of the local immune system of the *bovine* **small** intestine. 118697
Flow of digesta through the Gastro-intestinal tract in the *bovine* with **special** reference to nitrogen. 117578
An ultrastructural study of the head region of *bovine* **spermatozoa.** 118246
Evaluation of *bovine* **spermatozoal** morphologic features after staining or fixation. 118200
Trial with Pendistrin SH (Squibb) in clinical cases of *[bovine]* **staphylococcal** mastitis. 118757
A method for calculating the losses of milk in **sterile** *cows.* 117512
Bovine **streptothricosis** in Nigeria [caused by Dermatophilus congolensis]. 118699
The economic effects of *bovine* **streptothricosis** [Dermatophilus congolensis]. 118714
Ultrastructure of **stressed** *bovine* muscle. 117891
Occurrence of Immunoglobulin A in milk of *cows* with **subclinical** udder diseases. 118833
Research [tests] on the presence of **subclinical** *bovine* mastitis accomplished by means of somatic cell counting of bulk milk with the Autoanalyzer II-OSCC (optic somatic cell counter) in the province of Parma. 118946
New contributions to *bovine* **surgery** in Spain with Weingart's apparatus. 118432
Angioneurotic oedema-like **syndrome** in *bovines.* 119099
Business aspects of a *cow-calf* **system** [Costs and returns]. 115477
In vitro correction of Hurler fibroblasts with *bovine* **testicular** hyaluronidase. 117894
The establishment and operation of a central laboratory for pregnancy **testing** in *cows.* 118237
Properties of the interaction between bovine thyrotropin and *bovine* **thyroid** plasma membranes. 117791
Utilization of volatile fatty acids in ruminants. 8. Acetate activation in mammary **tissue** *[cows].* 117752
A note on the developmental abnormalities of the female genital **tract** of *bovines.* 119098
Effect of site of transfer on pregnancy and twinning rates following bilateral egg **transfer** in the *cow.* 118350
Isolation and characterisation of Mycoplasma bovigenitalium from *bovine* **vaginal** tract. 118734
Safe vaccine for pregnant cows *[Bovine* **viral** diarrhea]. 118591
Fetal and adult bovine interferon production during *bovine* **viral** diarrhea virus infection. 118760
Infection of dairy calves with corona virus and *bovine* **virus** diarrhea. 118951
Characterization of *bovine* **whey** proteins by crossed immunoelectrophoresis. 116922
Studies with ammonized straw pellets used as sole basal diet in the feeding of ruminants. 2. Studies on processes of ruminal fermentation in relation to milk composition and the milk **yields** of *cows.* 118005
Control and safeguarding of udder health of conventionally reared heifers **and young** *cows* in preparation of the opening of a dairy cattle unit for 2,000 animals. 118504
Effect of different planes of nutrition on water metabolism in dry **Zebu** *cows.* 118077

BOWELS

Why bran is unbeatable for **healthy** *bowels* [Natural foods]. 116540

BOXES
Packaging review: Wet **strength** *box* developments [Horticultural produce]. 117263

BOYS
Hyperactivity: a diet for **Peck's** bad *boy?* 116345

BRACHIARIA
Brachiaria **brizantha.** Best fallow time [Forage crop cultivation]. 122106

BRACHYCERA
Study of commissural tracts of the cerebroid ganglia of Calliphora vomitoria L. (Diptera, *Brachycera,* **Thecostomata**). 123853

BRACHYDEUTERA
Some observations on the biology of *Brachydeutera* **longipes** Hendel (Insecta: Diptera: Ephydridae). 124155

BRACHYPODIUM
Investigation on competition among *Brachypodium* **pinnatum** Beauv. and some forage grasses and legumes [Yields]. 122125

BRACKEN
Effects of *bracken* (**Pteridium** aquilinum) frond extract on mitosis in Allium cepa [Onions]. 120473

BRACONIDAE
More accurate descriptions of three Alysiinae from Madagascar (Hymenoptera, *Braconidae,* **Alysiinae**) [Cratospila seyrigi, Asobara subdentata, Phaenolcarpa bicolor]. 124257
Contribution to the *Braconid* **fauna** of Yugoslavia (Hymenoptera: Braconidae). II. [New taxa]. 124432
Biological control of the beanfly, Ophiomyia phaseoli (Diptera: Agromyzidae), by Opius spp. (Hymenoptera: *Braconidae)* in the **Hawaiian** Islands. 123397
Quantitative analysis of lipids, nirogen substances and glycogen in the larva of an ovo-larval parasitic insect, Phanerotoma flavitestacea (**Hymenoptera,** *Braconidae).* 123890
Biological and ecological studies of the parasitoid Chelonus inanitus (Hymenoptera: *Braconidae)* in **Israel.** I. Distribution, abundance and parasitism in natural host populations [Biological control of pests]. 123232
Contribution to the Braconid fauna of Yugoslavia (Hymenoptera: *Braconidae).* II. [**New** taxa]. 124432
Forest and laboratory evaluations of hybridized Apanteles melanoscelus (Hymenoptera: *Braconidae),* a **parasitoid** of Porthetria dispar (Lepidoptera: Lymantriidae). 123458
Parasitism of the tarnished plant bug, Lygus lineolaris (Hemiptera: Miridae), by Peristenus pallipes and Peristenus pseudopallipes (Hymenoptera: *Braconidae)* [**Pests** of Alfalfa, Phleum pratensis]. 123297

BRAHMAN *see* **CATTLE**

BRAIN
Catalytic properties of alpha-ketoglutarate decarboxylase from **bovine** *brain.* 117604
The protein composition of glial and nerve fibers [**Bovine** *brains].* 117681
Sphingolipid base metabolism. Partial purification and properties of sphinganine kinase of [**bovine**] *brain.* 117795
Diapause of Pieris brassicae: Role of the cephalic photoreceptors, study of the *cerebral* **carotenoids.** 124042
Brain **catecholaminergic** mechanisms for control of hunger. 116353
Brain **catecholamines** and the lateral hypothalamic syndrome [Hunger, mechanisms]. 116354
Physiological studies on the effects of nutritional imbalance on the central nervous system: effects of thiamine deficiency on the regional protein metabolism in the *brain* of **chicken,** Gallus domesticus. 117642
Factors influencing the insulin space in *cerebral* **cortex** slices from adult and 7-day-old rats. 117527
Effects of high-LET [lineal energy transfer] particles (40A [Angstrom]) on the *brain* of **Drosophila** melanogaster. 124009
"Mutant" neuron: Electrophysiological analysis [Genetic prerequisites of a systemic organization of the *brain,* **experiments** on Drosophila melanogaster]. 123880
The *cerebral* **gland** of Gonoplectus malayus (Carl.) (Myriapoda, Diplopoda). 123870
The allatotropic activity of the **larval** *brain* of Galleria mellonella cultured in vitro. 123922
Thiamin deficiency and the pentose phosphate cycle in rats: *intracerebral* **mechanisms.** 116440
Brain **monoamine** metabolism of turkey hens in various stages of their reproductive life cycle. 118223
Influence of dieldrin on serotonin turnover and 5-hyroxyindole acetic acid efflux in **mouse** *brain.* 119262
Case histories of *cerebrocortical* **necrosis** in a beef cattle farm. 119155
Cerebrocortical **necrosis** in a cattle feedlot. 119190
Studies on the nitrogen metabolism of broilers fed 15N [nitrogen isotope] labelled wheat. 3. Blood, liver, spleen, thymus, kidneys, *brain,* **pancreas,** "labile" N reservoir. 118004
Developmental changes of protein, RNA, DNA, lipid, and glycogen in the liver, skeletal muscle, and *brain* of the **piglet.** A methodological and experimental study with special reference to protein synthesis. 117528
Comparison of calcium-binding proteins. Bovine heart and *brain* **protein** activators of cyclic nucleotide phosphodiesterase and rabbit skeletal muscle troponin C. 117782
Comparative characteristics of "ultrasonic" chromatin fractions from leukocytes (neutrophils) and **rabbit** *brain.* 117606
A miniature, readily available electrode pedestal for **recording** *cerebral* and other electrophysiological activity from several species [of experimental animals]. 117843
Facilitation of feeding in aphagic cats by **rewarding** *brain* stimulation. 116357
Corn malnutrition, *brain* **serotonin** and behavior. 116512
Relationship of temperatures in the cervical blood vessels to *brain* **temperatures** in chickens. 117944
[Pig] platelet tubulin and [bovine] *brain* **tubulin** antibodies: immunofluorescence of cell microtubules. 117644
Studies on the pellicular complex of the exocrythrocytic merozoites of the avian malarial parasite (Plasmodium lophurae) [Derived from **turkey** *brains].* 118890
The vulnerability of the *brain* to **undernutrition.** 116557
The work scene: a network of nerves, *brains* - and **values.** 116613

BRAN
Try herbs and *bran* for **easier** digestion. 116539
The use of **rice** *bran* in broiler feeding. 118051
Why *bran* is **unbeatable** for healthy bowels [Natural foods]. 116540

BRANCHES
Altitudinal zonation of the invertebrate fauna [Heteroptera, Cicadidae, Coleoptera, Araneida] on *branches* of **birch** (Betula pubescens Ehrh.). 124361
Branch-cutting and **debarking** on standing trees [Experiments with new machines in West Germany]. 119663
Influence of a substituted oxathiin, a localized growth inhibitor, on the stem elongation, *branching,* and **flowering** of Chrysanthemum morifolium Ramat. 121709
Chlorfurenol [growth substances] **increases** *branching* of evergreen azaleas (Rhododendron cv). 121741
Fungi associated with **moribund** *branches* of Rosa species [New taxa]. 120268
Studies on large vascular bundles in paddy rice plant and panicle formation. II. Relationship between the number of large vascular bundles in the blades of high-ranking leaves and the number per **primary** *branch* of the panicle in rice varieties. 120535
Functional significance of thoracic **vagal** *branches* in the chicken. 117896
Growth and *branching* of **young** cottonwoods [Populus deltoides] after pruning. 121835

BRANDIES
Phenolic substances in **Armagnac** *brandies.* I. Extracted lignin and its degradation products. 117269
Methods of the analysis of the effect of the application of salts in the rectification of raw **corn** *brandy.* 117135
Process for absolutization of alcohol with cyclohexane [**Distilling,** *brandy].* 116666
Wine destillation and the marketing of *brandy* in the **European** Economic Community. 117260
Standardized alcohol **measurement** [of *brandy].* 117225

BRANDING
Super-cold can provide permanent identification [**Freeze** *branding].* 117425
Freze *branding* [Dairy cattle]. 117415

BRASSICA
Results from using induced mutation in **cabbage** *(Brassica* capitata Lizg.) [for creating initial breeding material]. 120648
Turnip and relatives: *Brassica* **campestris** (Cruciferae). 122382
There's protein in *Brassica* [**carinata,** analysis]. 117214
Brassicas—**cold-climate** dependables [Nova Scotia]. 122430
Swedes and rapes: *Brassica* **napus** (Cruciferae). 122379
Environmental and genetic effects on pseudocompatibility in *Brassica* **oleracea** in relation to the production of hybrid seed. 120772
Cabbages, kales etc.: *Brassica* **oleracea** (Cruciferae). 122349
The involvement of flavour volatiles in the resistance to downy mildew [Peronospora parasitica] of wild and cultivated forms of *Brassica* **oleracea.** 122685
Pesticide effects on the plant cuticle. II. EPTC [S-ethyl dipropylthiocarbamate] effects on leaf cuticle morphology and composition in *Brassica* **oleracea** L. [Cabbage]. 123725
Studies on utilization of parthenogenesis in breeding of *Brassica* **pekinensis** [Chinese cabbage]. II. To increase the percentage of parthenogenesis seed setting with chemicals. 120770
Evaluation of the Velvet Roll Seed Separator for its use in the purity analyses of alfalfa (Medicago sativa L.) and **rapeseed** *(Brassica* campestris L.) [Seed testing equipment]. 122058
Mustards: *Brassica* spp. And **Sinapis** alba (Cruciferae). 122367
Cuticular waxes [of *Brassica* and **sunflower** seed] and chromatography. 117178

BRATWURST
Evaluation of Gelbwurst and *Bratwurst* made with **curing** salt in relation to the food regulations [Sausages]. 116113

BREAD
Breads, **cakes,** and pies in family meals; a guide for consumers [Recipes]. 116340
Current problems in the study and processing of *bread* **cereals** and flour. 117137
The influence of the frozen storage on the food quality of wheat flour products. 4. Frozen **dough** of the *bread.* 117133
Technology of natural drying and methods of artificial **drying** *bread* grains, with a scarce consumption of fuel. 117170
Measures to intensify the reception rate of *bread* **grains,** put into practice by I.V.C.P.T. Dolj. 117167
Physical features of the *bread* **grains** at harvesting, a determining factor of the quality and subsequent preservation. 117168
Superloaf [**High-protein** *breads].* 117108
Results of multi year research on the quality of rye used for *bread* **production** in the German Federal Republic. 121934
The effects of a granular nitrogen fertilizer and a foliar spray of urea on the yield and *bread-making* **quality** of ten winter wheats. 125019
Bread as **revealed** by housewives. 116322
Rice *bread* for special diets. 116271
Fiber in *bread* [**Western** diets]. 116270
Mycotoxins in foods. VIII. Inhibition of the formation of mycotoxins (aflatoxins) B1 and G1, patulin and sterigmatocystin) in whole **wheat** *bread* by sorbic acid and sorboylpalmitate. 116077
The *bread* **winners.** 116624
Bread of **yesterday** and today. 117192

BREADFRUIT
Breadfruit and **relatives:** Artocarpus spp. (Moraceae). 122348

BREAKAGE
Effect of sub-freezing temperatures on **bud** *break* of pecan [Carya illinoensis]. 121670
Evaluation of chilling requirements of almond [Prunus amygolalus] varieties for *breaking* **dormancy.** 121591
Length of rest period in garlic bulb and method of *breaking* **dormancy.** 121720
Periodicity and *breakage* **pattern** of air-borne ascospores of Sporormia [Fungi]. 121230
Breaking up and **preparation** of soils before planting. 125101
A factor in the *break-down* of **resistance** of 'Basmati-370' rice to stem-rot disease [Magnaporthe salvinii]. 122641
Nutritive value of *broken* **rice** and ground flint corn for young pigs and rats. 118033
A method for *breaking* **seed** dormancy in Boronia spp., Eriostemon spp. and other native Australian species. 121625
Pest management for control of **stem** *break* [caused by Cercosporella herpotrichoides in wheat and barley]. 122694

BREAKDOWN
Breakdown of **diphosphate** and tripolyphosphate in the m. Longissimus dorsi muscle of the pig. 117686
Breakdown and **movement** of 2,4-D in the soil under field conditions [Herbicidal residues]. 123765
Temperature-sensitive *breakdown* in vivo of polysomes with mutants of Chlamydomonas reinhardii [Algae]. 121283

BREAKFAST
Easy eggs for *breakfast* [**Convenience** foods]. 116269

BREATHING *see* **RESPIRATION**

BREEDING
Stimulation of *breeding* **activity** in spring-mated Merino ewes. 118191
The rationale for attempting to define salt marsh mosquito [**Aedes** *sollicitans]-breeding* areas in Galveston County by remote sensing the associated vegetation [Distichlis spicata]. 123634
Animal *breeding* and the meat industry in Gambia. 117427
Animal *breeding* in north Bulgaria and the Balkan mount region by the end of the Ottoman yoke as viewed by Kanitz Felix. 117513
Effect of sampling errors on efficiency of selection indices. 2. Use of information on associated traits for improvement of a single important trait [**Animal** *breeding].* 118208
Present-day goals in *breeding* [**Apis** mellifera carnica, races, France]. 124513
Thoughts on *breeding* [**Apis** mellifera carnica]. 124535
Horse breeding in Israel with particular reference to *breeding* the **Arab** horse. 118331
Improvement of apple trees for resistance to parasitic fungi and harmful **arthropods** *[Breeding].* 120610
Do your own A.B. [**Artificial** *breeding,* cattle]. 118252
Fertility of Merino sheep classified according to degree of development of face wool and *bred* by **artificial** insemination. 118353

Yield and stability in intraspecific mixtures *[Breeding,* **barley,** peas]. 120634
Have 70 years of malting **barley** *breeding* and cultivation promotion produced success or failure for barley quality? tria]. 120779
Farming practices and spring **barley** *breeding* in the eastern part of the Ukrainian forest-steppe. 120827
Barley *breeding* for a higher content of proteins and essential amino acids; review. 120839
Sexuality and *breeding* in the **Basidiomycetes** [Fungi]. 120769
Studies on utilization of parthenogenesis in *breeding* of **Brassica** pekinensis [Chinese cabbage]. II. To increase the percentage of parthenogenesis seed setting with chemicals. 120770
Energy utilizaton by **broiler** *breeders* through addition of sand to the diet. 118129
Transmission of mycoplasma (PPLO) on *breeding* and **broiler** farms. 118594
Use of the agar-gel precipitin test to evaluate **broiler** *breeder* and commercial layer flocks [chickens] for Mycoplasma gallisepticum infection. 118642
Use of rompun [xylazin hydrochloride] for *breeding* **bulls.** 118421
The exotic boom: improved our beef and broadened our minds **[Cattle** *breeding].* 118196
Monitoring fertility of A.I. [Artificial insemination] programs: can non-return rate do the job? **[Cattle** *breeding].* 118285
Cattle *breeding* & fattening in Reunion Island. 118390
1975 report; North Missouri Center, Spickard, Missouri [Cultivation of forage crops, beef **cattle** *breeding].* 122158
Breeding **chickens** from a four-line cross NR for obtaining highly productive hybrids [Leghorns]. 118297
Corral & *breeding* **chute** [Beef cattle]. 124626
The *breeding* of **cleistogamous** genetic stocks of Secale cereale [in West Germany]. 120682
Selection of *[breeding]* **cocks** on the basis of their response to massage. 118311
Controlled *breeding* in cattle: a review. 118242
Motality in *breeding* **cows** from hypomagnesemia and its control. 119093
Alien germ plasm as a source of resistance to disease *[Breeding* of **crop** plants]. 120581
A genetic analysis of maturing patterns in *straightbred* and **crossbred** Hereford, Angus and Shorthorn cattle. 118337
Annual report for 1975 of the Bavarian Institute for Soil Culture and Crop Cultivation and the German Association for Hops Research. 3. **[Culture,** *breeding].* 122522
Curtiss *Breeding* Service A.I. [Artificial insemination] training [Cattle]. 118283
Techniques for evaluation of frozen bovine semen at **Curtiss** *Breeding* Service. 118291
Germpool utilization: Gossypium, a case history [Cotton, *breeding* for **disease** resistance]. 120583
Andrological findings in Australian cattle **dog** *breeding.* 119848
Dispersal of desert-adapted Drosophila: the *saguaro-breeding* **Drosophila** nigrospiracula. 123786
The *breeding* of **dwarf** winter rye varieties [in USSR]. 120683
Breeding of **early** maturing maize hybrids with improved biochemical properties. 120696
Two-step selection for obtaining strains of rye resistant to lodging *[Breeding,* **East** Germany]. 120689
Breeding **efficiency** and its relationship with other traits in Sahiwal and its Brown Swiss crossbreds. 118324
Artificial insemination in swine. Influences of boar seminal plasma on *breeding* **efficiency** of diluted boar semen. 118382
Technico-economic aspects for the cycle production of th rabbit [Costs, **feeding,** *breeding].* 115553
Cat's care, *breeding* and **feeding.** 117506
Peculiarities of **feeding** *breeding* hens from the NR cross. 118072
Testing short stem **foreign** *bred* [spring wheat] varieties in the Zaporozh'l Region. 122013
Fruit *breeding* Symposium, July 22-24, 1975, Agricultural Research Center, Beltsville, Maryland [Summaries of papers]. 120636
'Liberty' raspberry **[Fruit** *breeding].* 120691
Epidemiological aspects of disease resistance in cultivated plants [Potatoes, cereals, *breeding,* **fungus** diseases]. 120635
Selection of [Africander] calves after weaning [for **future** *breeding* stock]. 118187
Potato selection for high dry-matter in seedling **generation** *[Breeding].* 120579
Control of Culex pipiens fatigans (W) by the larvivorous fish Poecilia reticulata and by removal of debris from the *breeding* **habitat.** 123667
Hexamita muris infection in a mouse and European **hamster** *breeding* unit. 119065
Beef production from the *breeding* **herd**—guidelines to management. 118413
Breeding of **high** lysine maize. 120805
Horse *breeding* in Israel with particular reference to breeding the Arab horse. 118331
Investigations into the productivity of recently qualified **hungarian** *bred* potato varieties. 122285
Results of veterinary services on state farm Spreenhagen for laying **hybrid** *breeding,* between 1972 and 1975. 118520
Experimental basis for *breeding* **hybrid** varieties in rye. 120665
Use of biochemical methods in studying the phenomenon of heterosis during *breeding* **hybrid** wheat. 121484
Genetic resources of worlds rye collection for solving of more **important** *breeding* problems. 120667
Results from using induced mutation in cabbage (Brassica capitata Lizg.) [for creating **initial** *breeding* material]. 120648
Situation in *breeding* **injury** resistant potato varieties in the German Democratic Republic. 120628
Breeding **intensive** varieties of winter wheat. 120736
Rearing and **keeping** *breeding* cocks in cages. 118310
Livestock *breeding* and production in Lower Saxony. 117509
Livestock *breeding* enters the age of technology. 118193
Conditions required for the *mass-breeding* of **Lixophaga** diatraeae (Diptera: Tachinidae). 123902
World collection of Coriandrum [sativum] as initial **material** for *breeding.* 120835
Study of [fungus] disease resistance of stock and *breeding* **material** of winter wheat, barley, oats and red clover. 122626
Sixty years devoted to bees [Apis **Mellifera,** *breeding].* 124504
Studies on the *breeding* **method** of the synthetic varieties from the inbred lines in maize (Zea mays L.). 120797
Breeding **methods** and initial material for creating short stem wheat varieties. 120738
Performance of crosses of sibmated families [Rye, *breeding,* **Netherlands].** 120672
Breeding of **pangolagrass** [Digitaria decumbens] and kikuyugrass [Pennisetum clandestinum]. 120778
Minnesota 108 **pea** *breeding* line [Root rot resistance, disease resistance]. 120692
Studies on swine fever. VI. Investigations in **pedigree** *breeding* herds in Lower Saxony. 118658
Present position of *breeding* a **perennial** rye. 120674
Results and experience obtained from veterinary services on a state unit for **pig** *breeding* and fattening after the VIIIth Socialist Unity Party Congress. 118518
Influence of **plant** *breeding* and cultivation practices on vitamin and mineral content of plants. 116318
Estimating sib percentages from small samples of F1 hybrid populations **[Plant** *breeding].* 120580
Incomplete block designs for three or four replicates of many treatments **[Plant** *breeding* program, statistics]. 120592
Plant *breeding* notes [Field crops]. 120626
Breeding of short-stem rye at Chlumec **Plant** *Breeding* Station [Chechoslovakia]. 120654
The correlations between different tetraploid winter rye characters and properties and their role in **plant** *breeding.* 120684
Plant *breeding* [Cotton]. 120693
Alteration of soybean oil composition by **plant** *breeding.* 120765
Sexual polyploidization and depolyploidization: some terminiology and definitions **[Plant** *breeding].* 120841
Some theoretical results of postitive mass selection in **plant** *breeding* with special consideration of competitive effects. 120842
Induced mutations and **plant** *breeding.* 120845
Acute gastric dilatation-volvulus: a *breeder's* **point** of view [Dogs]. 119104
Use of natural infectious backgrounds in the *breeding* and **pomological** studies of fruit varieties [Immunological evaluatin, fungus diseases]. 122785
Some aspects of the production, selection and use of dihaploids in **potato** *breeding.* 120589
Specific pathogen free fowl flock based on animals from **poultry** *breeding* centre. 118843
Intervarietal differences in some metabolic functions associated with protein acumulation in rice grains [in *breeding* **programmes].** 121578
Breeding **proso** for grain quality. 120822
Evaluation of the degree of damage to trees and shrubs by sulphur dioxide for [Air pollution resistance] *breeding* **purposes.** 122908
Breeding **pyrethrum** [Chysanthemum cinerariaefolium] in Kenya. 120795
Carcass traits of lambs produced by crossbred dams of Finnsheep, Dorset and **Rambouillet** *breeding* and slaughtered at two weights. 117016
'Exciting' future for the [poultry] *breeders* **[Rearing** techniques]. 117406
Coconut varietal selection and *breeding.* 2. **Recent** work in Fiji. 120631
Resistance *breeding* [Cotton]. 122942
"Introducing A.R.B.A." [Amateur **Rose** *Breeders'* Association]. 120802
Meeting on the *breeding* of **rye,** Poznan, June 18-21, 1974 [Papers]. 120669
Research on the use of pure lines in **rye** *breeding* [France]. 120676
Results and perspectives on winter **rye** *breeding* in the Estonian SSR. 120677
Some methods of **rye** *breeding* for resistance to snow mould (fusarium nivale (Fr.) Ces.). 120680
The use of multiple correlation in winter **rye** *breeding.* 120687
The use of pair crosses in **rye** *breeding* [Poland]. 120688
Results of *breeding* and **seed** growing research with sunflower. 120812
Breeding **semi-dwarf** winter wheat varieties for the Transcaucasian areas. 120740
Breeding of **short** stem winter wheat [varieties] in the Kyibyshev Region. 120739
Breeding **short** stem warieties [of wheat] for the conditions of the Ukrainian forest-steppe. 120741
Breeding **short** stem winter and spring wheat varieties of an intensive type. 120742
Briefly on results of *breeding* **short** stem productive varieties of winter wheat. 120743
Methods and results of *breeding* **short** stem winter wheat varieties in the conditions of Kirghizia. 120746
Present state and prospects of studies in *breeding* **short** stem varieties of winter wheat for irriation conditions. 120748
Testing and *breeding* **short** stem varieties of spring wheat in the area eastward of the Volga River. 120750
Breeding of **short-stem** rye at Chlumec Plant Breeding Station [Chechoslovakia]. 120654
Use of induced dwarf mutants in *breeding* **soft** winter wheat. 120751
The genetics and *breeding* of **southern** pines. 119553
Introduction of **soviet** *bred* winter wheat varieties into the Hungarian People's Republic. 122002
Performance of experimental **soybean** *breeding* lines in the Texas High Plains [Varieties, yields]. 122083
Soybean *breeding* and evaluation trials in the Texas Gulf Coast Prairie [Varieties, yields]. 122089
Some problems of *breeding* **spring** wheat for resistance to lodging. 120749
Application of isopropylmethanesulfonate and isopropylethanesulfonate in *breeding* **spring** barley [Chemical mutagens]. 120804
Some results of *breeding* **spring** barley for grain quality in the conditions of the Kamennaia Steppe. 120814
Short **stem** *USA-bred* sping wheat varieties in the conditions of the Volgograd Region. 122012
Methods and results of *breeding* **stiff** stem and semi-dwarf varieties of winter wheat for the steppe areas of the Ukraine. 120745
[World] *breeding* **stock** of dwarf and short stem wheat varieties. 120752
Cytophotometry in physiological and *breeding-genetic* **studies** [Description of apparatus]. 120808
Preliminary results of evaluating some physiological and biochemical characters in the process of *breeding* **sugarbeets.** 121481
Stage III Sugarcane variety tests and the Florida Cooperative **Sugarcane** *Breeding* Program. 121876
Prospects of *breeding* **sunflower** for early ripening. 120811
Breeding and **testing** short stem spring wheat varieties. 120737
Resistance of hybrid elm [Ulmus] progenies to Ceratocystis ulmi **[Tree** *breeding].* 120791
Triticale *[Breeding].* 120576
Semen volume, insemination frequency and initial fertility of **turkey** *breeders.* 118415
Breeder **ups** and downs in 50 years [Broilers]. 118240
Bisexual papaws **[Varieties,** *breeding].* 120615
Physiological characteristic of drought and heat resistance in maize **[Varieties,** *breeding].* 121572
Early determination of quality characteristics as a basis for an effective selection in **wheat** *breeding.* II. The mixogram as a guage of physical dough criteria [Flour properties]. 117139
Introduction and evaluation of **wheat** *breeding* lines from Mexico [Varieties, yields]. 121860
Breeding of **winter** rye in the northeastern European part of the USSR. 120655
The significance of polyploids in the *breeding* of **winter** rye [Varieties, USSR]. 120685
Genetic aspects of *breeding* **winter** wheat in irrigation conditions. 120744
Breeding of **winter** wheat for frost resistance in the conditions of the Tambov Region. 120806
Major breeds of zebu cattle from India and its utilization in *breeding* **work.** 118313
Coconut varietal improvement: selection and *breeding.* 1. **World** review. 120630

BREEDS

Birth and weaning weights of Herefords and crosses among the Hereford, Highland, and **Angus** *breeds.* 117621
Cattle ecological zoning in the State of Sao Paulo *[Breeds,* **Bos taurus, Bos indicus, crossing].** 118228
Operational characteristics of meat animails. IV. Turkeys, Large White and **Bronze** *[Breeds].* 117507
Seasonal changes in hair coat (shedding) in **cattle** *breeds* of different ecogenesis. 117728
The Africander **[cattle** *breed]* in the spotlight in Australia. 118188
Red Polls **[Cattle** *breeds].* 118215
Trials on the production of the **Comiso** *breed* of lamb with reconstituted milk. 118186
Evaluation of performance at slaughter of twenty combinations of *three-breed* **crosses** of pigs. 116935
Fat distribution in steer carcasses of different *breeds* and **crosses.** 1. Distribution between depots. 116936
The genetic control of red cell glutathione deficiencies in Finnish Landrace and Tasmanian Merino sheep and in **crosses** between these *breeds.* 118333
Hungarian hunting **dog** *breeds.* 118263
Seasonal variation in oestrous and ovarian activity of **five** *breeds* of ewes in Otago. 118377
Breed **formation** and the results of crossing of breed reindeer Even with Tofalar. 118278
Investigations of transferrins, albumins, prealbumins and esterase in blood serum of some *breeds* of **horses.** 117701
Seasonal variations in coat thickness of **Jersey** *breed* cows and their correlations with milk production. 117907

Age dynamics of the morphological and chemical composition of eggs from hens of the **Leghorn** *breed* in the conditions of large poultry farm. 117056
Quality of eggs from chickens of various lines of **Leghorn** *breed.* 118309
Influence of *breed* and **level** of winter supplement on forage intake of range cows [Hereford, Hereford X Holstein, Holstein]. 118093
Major *breeds* of zebu cattle from India and its utilization in breeding work. 118313
Calcium and phosphorus contents in cows milk of the Italian Friesian, Italian Brown, Reggio and **Modena** *breeds.* 116920
Origin and characteristic of bulls originators of new stud lines from the Estonian Black **Pied** *breed.* 118402
The historic sussex cattle, optimum meat **producers** *[Breeds].* 118399
Comparison of method examining the economic value of broiler populations from the aspect of *breed* **qualification.** 118258
The influence of *breed* of **rat** on protein efficiency ratio (PER), skeletal muscle and adipose tissue growth. 116510
Dam-offspring relationships in the cattle of the Estonian **Red** *breed.* 117923
Breed formation and the results of crossing of *breed* **reindeer** Even with Tofalar. 118278
Canine intervertebral disc disease—occurrence by age, *breed,* and **sex** among 8,117 cases. 119195
Starting at square one **[Sheep,** *breeds].* 118194
Possibilities of utilizing the results of fattening performance tests in the evaluation of **sheep** *breeds.* 118259
Europe's [swine] *breed* **societies** form federation. 118384
Breeds of **swine.** 118261
A place in the future for minor **[swine]** *breeds?* 118383
Changes in live weight and body condition of rams of **three** *breeds* throughout the year [Scottish Blackface, North Country Cheviot and South Country Cheviot]. 117559
Persistency of lactation in the Improved **Valachian** *breed* of sheep. 117756
Effect of Swedish boars of the Yorkshire breed on the meat productivity of pigs from the Russian Large **White** *breed.* 118401
Comparative study of X-ray action (LD 50/30) on the thymus and bursa Fabricii of young **Wyandotte** *breed* chicks (Gallus domesticus). 117916
Effect of Swedish boars of the **Yorkshire** *breed* on the meat productivity of pigs from the Russian Large White breed. 118401

BREMIA
Occurrence of physiological races of *Bremia* **lactucae** Regel, the organism causing downy mildew in lettuce. 122675

BREVIBACTERIUM
Studies on the rate of lysine production [to fortify foods] by *Brevibacterium* **lactofermentum** from glucose. 116780

BREWING
1975 annual report of the Institute of Food Technology at the University of Soil Cultivation *[Brewing,* **Austria].** 116798
Combination of yield and quality in *brewing* **barley.** 117076
Protein content of the 1976 *brewing* **barley.** 117078
Analytical standards **[Beer,** *brewing].* 116058
Effect of flow velocity on cleaning processes **[Beer** *brewing].* 116673
Use of cylinder conical large tanks in **beer** *brewing.* 116682
Variations of polyphenols during mashing and purifying **[Beer** *brewing].* 116688
Improved technological processing in *brewing* **(brewing** of big density). 116813
Effect of nitrogen nutrition of barley on the yield formation and *brewing* **characteristics** of grain. 125080
Genetic analysis of flocculation in Saccharomyces cerevisiae and tetrad analysis of **commercial** *brewing* and baking yeasts. 120724
Regression analysis of *brewing* **data.** Methods of assessment of relationships between two properties correlating with another, for example, the relationship between extract and nitrogen in malting barley. 117082
Calibration by pyknometers *[Brewing,* **density** measurements]. 116684
Dextrins in *brewing.* 116685
Dried *brewers* grains for mature and growing dogs. 118089
Treatment possibilities of *brewery* **effluents** in Hungary. 125432
1975 *brewing* **grains.** 117079
Structure problems, and what comes after? *[Brewing* **industry].** 115817
Marketing practice of *breweries* **occupying** middle position. II. 115575
Effects of the emission protection law on *brewery* **operation** and planning. 115815
Effects of the emission protection law on *brewery* **operation** and planning. 115816
100 years with the brewing trade. Troubled history of the **Scientific** *Brewing* Station in Munich. 116683
Economic views of cold **storage** in the *brewery.* 116672
100 years with the *brewing* **trade.** Troubled history of the Scientific Brewing Station in Munich. 116683
Quality hazards to *brewery* **water** supplies. 125190
Toast your good health with *brewer's* **yeast** [Health foods]. 116537
Microecological studies on lactic acid bacterial flora of molasses distilleries. III. Cultivation of the *brewers'* **yeast** Saccharomyces cerevisiae race M with some isolated lactic acid bacteria from molasses distilleries in continuous mixed cultures. 116664

BRINE
A new species of *brine* **fly** from California rice fields (Diptera: Ephydridae [Ephydra usingeri]. 124395

BRINJAL *see* EGGPLANTS

BRIQUETTES
Briquetting **[wood]** waste for steam and sale. 119686

BRISKET
Brisket **disease** in yearling feedlot cattle. 119125

BRISTLES
Involvement of *bristle* **coat** structures in surface mengrane formations and membrane interactions during coenocytotomic cleavage in caps of Acetabularia mediterranea [Algae]. 120481
Effect of endogenic factors on the ash content and the content of calcium, magnesium, potassium, sodium, phosphorus, zinc, iron, copper and manganese in the bristles of pigs. 5. Mineral composition of **pig** *bristles* as influenced by pregnancy and lactation. 117574

BROADBEANS
Polar transport of auxin through embryos *[Broadbean,* **Acer** pseudoplatanus]. 121305
Modification of chromosome damage in Vicia faba *[broadbeans]* by **caffeine** & cysteine applied at varying times before & after irradiation. 122950
Mechanism of differential staining of BUdR-substituted Vicia faba *[broadbeans]* **chromosomes.** 120457
Structural analysis of the corpus allatum of an aphid, Aphis **craccivora** *[Broadbeans].* 124050
Fababeans *[Broadbeans,* **cultivars].** 121846
Effect of silicon on the growth, area size of leaves and adsorbing surface of plant roots [of cereals, soybeans and **forage** *broadbeans].* 121402
Effect of some chemicals on symptom expression & concentration of *broadbean* **mosaic** virus in broadbean (Vicia faba L.). 122841
Oxidative ways of 3-phosphoglyceric acid formation in chloroplast extracts **[Peas,** *broadbeans].* 121638
Effect of different doses of ionizing radiation on the level of phytohormones in **plants** *[Broadbeans].* 121444
Oxygen enhancement ratio for small x-ray doses measured in Vicia faba **roots** *[Broadbeans].* 121685
Effect of some chemicals on symptom expression & concentration of broadbean mosaic virus in *broadbean* **(Vicia** faba L.). 122841

BROADCASTING
CBS **[Columbia** *Broadcasting* System] cancer bogeyman [Animals]. 119091

BROCCOLI
From *broccoli* to **bananas**—it all goes in the dryer. 117311
Annotated bibliography on calabrese *[broccoli],* 1966-1975. 122455

BROILERS *see* POULTRY

BROMELIA
Immunochemical studies on pinguinain, a sulfhydryl plant protease *[Bromelia* **pinguin].** 120901

BROMELIACEAE
The absorptive capacities of *bromeliad* **[Bromeliaceae]** trichomes. 120866
Bromeliads in **California** gardens. 122436
Pineapple: Ananas **comosus** *(Bromeliaceae).* 122374
The absorptive capacities of bromeliad *[Bromeliaceae]* **trichomes.** 120866

BROMIDES
Control of Opogona subcervinella in Dracaena through fumigation with **methyl** *bromide.* 123401
The problems of **methyl** *bromide* [Sterilisation of glasshouse soils]. 124808
Tetrazolium *bromide* and pollen viability of sugarbeets (Beta vulgaris L.). 121411

BROMINE
A method for *bromine* **determination** in wool fabric by X-ray fluorescence spectrometry. 117030

BROMODEOXYURIDINE
Effect of *5-bromodeoxyuridine* on the **appearance** of cytoplasmic poly-A containing RNA [Chick embryo cells]. 117802
Neural-tube defects caused by *5-bromodeoxyuridine* in **chicks.** 119193

BROMOPHOS
Biological evaluation of *Bromophos* for the **control** of [insect] storage pests. 123523
A simple method of evaluating systemic insecticides *[Bromophos]* and **examples** of its application. 123768
Crystal and molecular structure of organophosphorus **insecticides.** 4. *Bromophos.* 123239
Investigation on the effectiveness of *bromophos* **(Nexton)** preparations on some stored product insects compared with malathion. 123508
Degradation of *bromophos* in **stored** wheat [Insecticide residues]. 116161

BROMUS
Temperate grasses: Lolium, Festuca, Dactylis, Phleum, *Bromus* **(Gramineae).** 121966

BRONCHITIS
Isolation of **infectious** *bronchitis* virus from broiler chickens in Chile. 118635
Serologic differences between strains of **infectious** *bronchitis* virus from New Zealand, Australia, and the United States [Chickens]. 118640
Fowlpox with the symptoms of **infectious** *bronchitis.* 118646

BROOD
Simplified double chamber wintering by raising the *brood* **chamber** skid [Apiculture, equipment]. 124518

BROODERS
Brooder **stove** dust problems [Poultry houses, fumes]. 124607

BROODMARES
Granulosa cell **tumor** in a *broodmare.* 119133

BROWN
Oxidative phosphorylaion in *brown* **adipose** tissue mitochondria from rats kept under normal environmental conditions. 117780
Dictyol A and B, two novel diterpene alcohols from the *brown* **alga** Dictyota dichotoma. 121008
Alginanes [extracted from *brown* **algae** Phaeophyceae] in nutrition. Study in rats. 116305
Biometric characteristics and morpho-functional correlations of *Brown* **Alpine** cattle in two ecologically varying zones of the Como province. 117499
Influence of slaughtering weight on carcass characteristics of F1 crossbred young bulls obtained by Friesian and *Brown* **Alpine** dams sired by Red Pied, Piemontese, Romagnola, Chianina and Marchigiana bulls. 118397
Comparative studies of the moisture and thermal regime on the *Andosol-Brown* and the **Andosol-Black** soils in Tokachi district. 124890
Etiology of *brown* **bacteriosis** of winter wheat [Pseudomonas, Pectobacterium]. 122812
Beetle fauna associated with scats of *Brown* **bear** (Ursus arctos) from Trysil, south Norway 1974. 123650
Prevention of *browning* and **blemish** by postharvest treatments and storage conditions for keeping better quality of fresh mushrooms. 117288
The *brown* and **burn** story [to prepare land for reforestation]. 119615
The *brown-banded* **cockroach** [Supella supellectillium] spreads farther north [Germany, Denmark]. 123584
Potassium availability in **eighteen** *Brown* Mediterranean soils derived from schists. 124762
Influence of carbon sources on the production of the termite [Reticulitermes virginicus] trail-following substance by [the *brown-rot* **fungus]** Gloeophyllum trabeum. 121175
Calcium and phosphorus contents in cows milk of the Italian Friesian, **Italian** *Brown,* Reggio and Modena breeds. 116920
Oxidized **lipids-proteins** *browning* reaction. II. Effect of the protein substrate [Fish oil rancidity]. 116256
Relationship between chemical composition of **lowland** *brown* rice and producing district in Hokkaido. 117161
Relative sexuality in [the **marine** *brown* alga] in Ectocarpus siliculosus. A scientific error. 120582
Effect of protein substitution on **nonenzymatic** *browning* in an intermediate moisture food system. 116766
[Production technology National Cotton] Council's pesticide activities for 1974 **outlined** by Dr. *Brown.* 123697
Dynamics of litter fall in forests on *Brown* and **Pseudopodzolic** soils [and its decomposition]. 125552
Attempts to influence the feeding behaviour of *brown* **rats** using ultrasonic noise generators [for rodent control]. 122958
Once again: migrations of *brown* **rats** [Pest control]. 123019
Browning **reaction** of linoleic acid-glycine system [in processing of fishery products]. 116784
On the function of silica held in water and foods: the *brown* **rice.** 117190
Effect of eradicant and protectant sprays on differentiation of conidia of Monilia cinerea (Bon.) Schroet on almond [Prunus amygdalus, *brown* **rot].** 122632
Effects of the concentration of uredospores of *brown* **rust** causal agent, Puccinia recondita Rob. ex Desm., on inoculation rates of wheat plants. 122652
The *brown* **semicostate** and costate species of Colaspis in Mexico and Central America (Coleoptera: Chrysomelidae) [field crops]. 124466

Material balance for *brown* **stock** washing, screening, and oxygen bleaching in closed-mill systems [Pulps]. 119818
A note on variation of skin-fold thickness of *Brown* **Swiss** X Sahiwal/Red Sindhi (Karan Swiss) calves. 117744
Breeding efficiency and its relationship with other traits in Sahiwal and its *Brown* **Swiss** crossbreds. 118324
Obituary, **William** *Brown,* M.A., D.Sc., F.R.S. (18881975) [Botanists, Great Britain]. 119902

BRUCELLA
Brucella **abortus** strain 19 calfhood vaccination —a review. 118949
Evolution and taxonomy in the **genus** *Brucella:* brucellosis of rodents. 118961
Comparative diagnostic studies on epididymitis in rams caused by *Brucella* **ovis.** 118976
Common and specific prophylaxis of brucellosis *[Brucella]* of **reindeer.** 118722

BRUCELLACEAE
Extracellular antigens of *Moraxella* **bovis** [the principal cause of infectious bovine keratoconjunctivitis]. 118602
Infectious keratitis *[Moraxella* **bovis]** in cattle. 118667

BRUCELLOSIS
Common and specific prophylaxis of *brucellosis* **[Brucella]** of reindeer. 118722
Canine *brucellosis:* an annotated review with selected cautionary comments. 118958
Titriplexplasma in the diagnosis of *brucellosis* **[Cattle].** 118666
Serological study on **cattle** *brucellosis* in Dakar slaughterhouses. 118906
Measures to prevent and control **equine** *brucellosis.* 118832
Is *brucellosis* **eradicated?** [Cattle]. 118957
Brucellosis in **reindeer.** 118721
Prophylaxis of **reindeer** *brucellosis* of in the conditions of the Yakut Autonomous Soviet Socialist Republic. 118725
Evolution and taxonomy in the genus Brucella: *brucellosis* of **rodents.** 118961

BRUCHIDAE
Investigations into the origin, development and control of caryedon serratus (Coleoptera, *Bruchidae)* **attacking** stored groundnuts in the Gambia. 123542
Effects of gamma- and X-ray irradiation on different developmental stages of the bean weevil (Acanthoscelides obtectus Say. **(Coleoptera:** *Bruchidae).* 123438
A new species of Amblycerus [tachygaliae] from Panama **(Coleoptera:** *Bruchidae).* 124328
The correct identity of Stator bixae (Drapiez) with lectotype designation **(Coleoptera:** *Bruchidae).* 124329
Studies on the active form of Callosobruchus maculatus (F.) in Nigeria. III. The dynamics of active female production in Callosobruchus maculatus (F.) (Coleoptera, *Bruchidae)* in **stored** cowpeas. 123558

BRUCHOPHAGUS
A flotation method for the analysis of chalcid-fly, *Bruchophagus* **kolobovae** Fedoseeva, infested birdsfoot trefoil, Lotus corniculatus L. seed. 123172

BRUSH
Effects of divalent cations on vitamin B12 adsorption to *brush* **borders** of rat intestine. 116454
"Krenite"—brush control agent, a new concept for *brush* **control** [of undesirable woody plants]. 123138
Calcium uptake by isolated **intestinal** *brush* border membranes folowing dietary calcium restriction [Rats]. 116476
"Krenite"—*brush* control agent, a new concept for brush control [of undesirable woody plants]. 123138

BRYOLOGY
Obituary: Humphrey Milne-Redhead, 1906-1974 **[Botanists,** *Bryology].* 119898
Bryological **miscellanies.** XXI-XXII. [Pseudoleskeopsis zippelii, Asiatic species of Diphyscium, new taxa]. 120113
Recent *bryological* literature. 115400

BRYONIA
Isolation and structure of cucurbitacine from *Bryonia* **dioica.** 121364

BRYOPHYTA
Scapania crassiretis Bryhn erroneously recorded in Great **Britain** *[Bryophyta].* 120109
Sphagnum subsecundum Nees and Sphagnum auriculatum Schimp. In **Britain** *[Bryophyta].* 120110
Lophozia heterocolpa, new disjunct for North **Carolina** *[Bryophyta].* 119984
Additions to the *bryophyte* **flora** of Colorado. 119979
A new Cyathodium *[Bryophyta]* from **India.** 119978
A progress report on Campylopus introflexus (Hedw.) Brid. and Campylopus polytrichoides De Not. in Britain and **Ireland** *[Bryophyta].* 120099
A taxonomic investigation of Ulota bruchii Hornsch. Ex Brid., Ulota crispa (Hedw.) Brid. and Ulota crispula Brid. I. European **material** *[Bryophyta].* 120100
Bibliography [Algae, Fungi, lichens, *Bryophyta,* **Pteridophyta,** Spermatophyta]. 119891
Studies on North American **Quaternary** *bryophyte* subfossils. I. A new moss [Musci] assemblage from the two creeks forest bed of Wisconsin. 120235
The biology of a West African species of **Riccia** L. *[Bryophyta].* 121172
Effects of substrate type and microtopography on establishment of a mixture of bryophytes *[Bryophyta]* from **vegetative** fragments. 120326
Mineral relationships and ecological distribution of Fissidens cristatus **Wils.** *[Bryophyta].* 121171

BRYOPHYTES
Spore wall structure in Mniaceae and some **adjacent** *bryophytes.* 120512
Comparative experiments on temperature responses of *bryophytes:* **assimilation,** respiration and freezing damage. 121169
Distribution maps of *bryophytes* in **Britain** and Ireland. 120103
Distribution maps of *bryophytes* in **Britain** and Ireland. 120104
Chromosome studies in some **British** *bryophytes* [Musci]. 120479
Effects of substrate type and microtopography on establishment of a mixture of *bryophytes* **[Bryophyta]** from vegetative fragments. 120326
Merritt Island ecosystems studies. 2. *Bryophytes* of **Merritt** Island. 115542

BUBALUS *see* BUFFALO

BUCCULATRIX *see* LYONETIIDAE

BUCK *see* DEER

BUCKWHEAT
Groat **crops** *(buckwheat,* millet, rice). 121522
Buckwheat: **Fagopyrum** (Polygonaceae). 121941
Properties and substrate specificity of proteinase from *buckwheat* **seeds.** 121428
Quality of *buckwheat* **seeds** as related to growing conditions. 122153

BUDDING
Use of gibberellic acid permits **early** *budding* of pecan [Carya illinoensis] seedlings [Growth regulators]. 121770
Field *budding* practices [Ornamental plants]. 122224
Grapevine propagation—**field** *budding,* a modified cut, and the use of plastic tape. 122225
Budding and **grafting** techniques in the production of street trees. 122217

BUDDLEJA
The flower visiting activity of some Lepidopterous [Lepidoptera] insects to the *Buddleja* **davidii** Franch (Buddlejaceae). I. Polygonia c-aureum Linnaeus and Argynnis paphia **geisha** Hemming. 124110

BUDGETS
The **carbon** *budget* of a young apple tree [Photosynthesis, respiration, solar radiation, temperature]. 121717
An **energy** *budget* for the granary weevil, Sitophilus granarius (L.). 123521
A tentative **energy** *budget* for a summer population of Arion ater L. (Gastropoda: Pulmonata) [Fagus sylvatica, forest ecology]. 124856
A guide to *budgeting* for the **family.** 116589
A predictive nitrogen **fertilizer** *budget* for a better crop of sugarbeets. 125039
Farm **planning** and *budgeting.* 115337
Quick analysis **reduces** *budgeting* expenses. 115431

BUDS
Differentiation of **adventitious** *buds* on Douglas-fir [Pseudotsuga menziesii] embryos in vitro. 121804
Effect of sub-freezing temperatures on *bud* **break** of pecan [Carya illinoensis]. 121670
Growth pattern and seasonal behavior of *buds* of **Colliguaya** odorifera, a shrub from Chilean mediterranean vegetation. 120331
Effect of *bud-pollination* and **delayed** self-pollination on the induction of a possible rejection peroxidase in styles of Nicotiana alata. 121582
Time of thiourea-KNO3 [potassium nitrate] application on the rest requirement and *bud* **development** in 'Loring' peach. 121682
On the *bud* **dormancy** of grape varieties. 1. Effect of endogenous free abscisic acid and gibberellic acid on the bud dormancy and the induction of their regrowth during the growing season. 121721
Studies on cool injury in bean plants. VII. Sensitive stages to sterile type low temperature injury during **floral** *bud* development in relation to nitrogen status of soybean plants. 123024
Sudden alterations in water balance associated with **flower** *bud* opening in coffee plants [Coffee arabica]. 121190
Reversal of abscisic acid promoted abscission of **flower** *buds* & bolls of coton (Gossypium hirsutum L.) with other regulators. 121507
Relation between peach **flower** *bud* drop and carbohydrate and nitrogen concentration. 121592
Flower *bud* atrophy in Baccara roses [Rosa]. IV. The activity of various growth substances in leaves of flowering and non-flowering shoots. 121747
Flower *bud* atrophy in Baccara roses [Rosa]. V. The effect of different growth substances on flowering. 121748
Flower *bud* atrophy in Baccara roses [Rosa]. VI. The effect of environmental factors on gibberellin activity and ethylene production in flowering and non-flowering shoots. 121749
Fruit *bud* formation of the Kyoho grape variety (Vitis vinifera X Vitis labrusca) in Taiwan. 120484
Observations on the ecto-mesodermal relations in the morphogenesis of **limb** *buds* [Chick embryos]. 117568
Experimental analysis of excedentary regulation in xenoplastic quail-chick **limb** *bud* recombinants. 117954
Effect of **male** *bud* removal on fruit growing of the Cavendish bananas. 122393
Seasonal development of symptoms of **noninfectious** *bud-failure* in almond (Prunus amygdalus Batsch). 122970
Effect of photoperiodic manipulation on seasonal variation in *bud* and **shoot** regeneration of Rieger begonia [Begonia hiemalis] leaf cuttings. 121668
Ultrastructural modifications of plastids in leaflets of Laris decidua and PIcea excelsa during **sprouting** of *buds.* 120461
A new disease of Pilea [imperialis] caused by Phytophthora parasitica [Leaf, *bud* and **stem** blight]. 122742

BUDWORMS
Applying behavioral studies in entomological problems [to control a *spruce-budworm* **Choristoneura** fumiferana]. 123463
Modoc *budworm* [Choristoneura viridis] pilot control project in California, 1974 [Pest of Abies concolor]. 123490

BUFFALO
Ticks [Hyalomme, Rhipicephalus, Boophilus decoloratus] from the **African** *buffalo* (Syncerus caffer) in Ngamiland, Botswana. 123654
Sone anatomical observations on the topography and macroscopic distribution of the lymph vessels and nodes on the stomach of *buffalo,* **Bos** bubulis L., of Egypt. 117764
Tuberculous metritis in a *buffalo* **(Bos** bubalus). 118740
Immunoglobulin G in the sera of newborn buffalo **(Bos** *bubalus* bubalis) calves. 119008
Total length of intestines in *Bubalus* **bubalis** (Linneaus, 1758) [Buffaloes]. 117911
Effect of partial amelioration of heat stress on feed and water intake and some blood constituents in *buffalo* **bulls.** 117745
Extraction of liquid rennet from *buffalo* **calves'** stomachs. 116884
Status of fat globule membrane proteins in sterilized and **chilled** *buffalo* milk. 116886
Voluminosity of different-sized casein micelles from the *buffalo* and the **cow** [Milk samples]. 116913
Staphylococcal mastitis in cows, *buffaloes* and **goats** and their antibiotic sensitivity [Staphylococcus aureus]. 118738
Microscopic studies on the epidermis of paralumbar skin of the **Indian** *buffalo* calf. 117743
Bilateral polycystic **kidneys** in a she *buffalo.* 119245
Total length of intestines in Bubalus bubalis **(Linneaus,** 1758) *[Buffaloes].* 117911
Rapid det4ection and estimation of extraneous urea in *buffalo* **milk** and effects of added urea on certain physico-chemical properties of milk [Adulteration]. 116168
Extrauterine migration of haematic **mummy** in a *she-buffalo.* 119100
Effect of frequency of miking in **Murrah** *buffaloes.* 117454
Performance in different lactations and repeatability of economic characters in **Murrah** *buffaloes.* 117456
Immunoglobulin G in the sera of **newborn** *buffalo* (Bos bubalus bubalis) calves. 119008
Haemagglutinating property of *buffalo* **pox** virus. 118744
Effect of low temperature extension of *buffalo* **semen** on preservation and fertility. 118320
Preservation characteristics of *buffalo* **semen** in citric acid-whey as an extender. 118358
Electrophoretic comparison, by cellulose acetate and nitrate, of protidic fractions on healthy dairy cattle and *buffalo* **serums.** 117913
Some structural peculiarities of *buffalo-heifer* **skin.** 117920
A study of helminth parasites in the gastrointestinal tract of the **swamp** *buffalo,* Bubalis bubalis Lydekker, in the Northern Territory. 118619

BUGS *see* INSECTS

BUILDING
Some problems concerned with the organization of catering to the *builders* of the **Baikalamur** railroad trunk line [Choice of foods]. 116569
Legal sentence: verdict of the Hessian administrative law court on November 28, 1975—IV OE 98/74 **[Beekeeping** *buildings].* 124495
Pure steambaked **cork-board** used in *buildings.* 119713
Explosives *build* [forest] fireline in Canada. 119311
Remodelling **farm** *buildings* for swine production. 124646
Building better **fence** ends. 124642
Building **[forest]** fireline with explosives. 119308
The dendrological garden next to the *building* of the **Forestry** Division of the biotechnical faculty in Ljubljana. 119328

Detection of hydrological conditioning factors in the *building* of **groundwater** models. 125200
Building **hobby** greenhouses. 124606
Better use of existing grain storage facilities and funds appropriated for *building* **new** granaries [Investments, East Germany]. 115510
How to *build* a **portable** electric food dehydrator. 116526
Birth of the age of wood; employment and use of wood in **rural** *buildings*. 124647
Birth of the age of wood; employment and use of wood in **rural** *buildings*. 124648
Birth of the age of wood; employment and uses of wood in **rural** *buildings*. 124649
Laboratory measurement of SO2 [sulfur dioxide] deposition velocities on **selected** *building* materials and soils. 125387
Swine *building*—finishing floor. 124629
The growing efficiency of **wood** in *buildings*. 119843

BULBS

Gamma ray induced **early** *bulbil* formation & growth abnormalities in Kalanchoe daigremontiana H. & P. 121137
Effect of ethephon on rate of *bulb* **enlargement**, maturity, and yield in onions. 121665
Studies on vegetative propagation of Tulipa [varieties]. I. Organ formation from **excised** *bulb* scales in vitro. 122405
Length of rest period in **garlic** *bulb* and method of breaking dormancy. 121720
Effect of ionizing radiation on the *bulbs* of **Hyacinthus**. 121613
Choice of **light** *bulbs* for attracting [the cotton pest] Heliothis virescens (Fabr., 1871). 123329
Estimates of population size and longevity of adult **narcissus** *bulb* fly Merodon equestris Fab. (Diptera: Syrphidae). 123410
The effect of defoliation on storage potential of *bulbs* of the **onion** (Allium cepa). 117217
Comparative studies of different production systems for early crops of *bulb* **onions**. 122398
Fun with miscellany, choosing less-serious **[ornamental]** *bulbs*. 122270
Effects of planting systems on yield, *bulb* **quality** nitrogen fertilizer utilization of garlic (Allium sativum L.). 122297
Problems of plant diseases in greenhouse floriculture [Dianthus, **Rosa**, *bulbs]*. 122957
High-temperature treatment (blindstoken) of *bulbs* of **tulip** cv [cultivar] Rose Copland for flower killing and yield improvement. 122402

BULLS

How you can compare your *bulls* to the **best**. 118332
Growth and carcass traits of cattalo, Hereford, and **1/4-Brahman** *bull* calves. 117623
Use of rompun [xylazin hydrochloride] for **breeding** *bulls*. 118421
Effect of partial amelioration of heat stress on feed and water intake and some blood constituents in **buffalo** *bulls*. 117745
Which *bulls* will you use? [Selection]. 118273
How to select the right one. Fertility check, manage properly [Simmental beef **cattle**, *bulls]*. 118404
Fine structural and biochemical investigations of pheochromocytomas in *bulls* with **C-cell** (ultimobranchial) neoplasms of the thyroid (UBT). 119187
Central *bull* testing. Performance comparisons now possible. 118369
Cholinergic effects on *bull* and **chimpanzee** sperm motility. 118224
Total **confinement** *bull* housing. 117448
The use of pasture for beef production. 3. Different protein sources for molasses/urea supplementation to *bulls* during the **dry** season. 118050
Relationship between the cumulative difference and best linear unbiased predictor methods of **evaluating** *bulls*. 118209
A note on the properties of the cumulative difference method for sire **evaluation** *[Bulls]*. 118207
Bull maintenance on pastures and housing of *bulls* with **exercise** outruns. 117440
A sterilizing tail stump sperm defect in a **Holstein-Friesian** *bull* [Defective recessive genes, deep-freezing semen]. 119184
Group **housing** of *bulls*. 117441
New facilities for sire housing and management "The **Inn** Between" *[Bulls]*. 117444
Occurrence of infection by bovine herpes virus (IBR-IPv) [infectious bovine rhinotracheitis/infectious pustular vulvovaginitis] in *bulls* at an **insemination** station. 118834
Effect of Tentex Forte on sexual weakness resulting from foot-and-mouth disease in exotic **[Jersey]** *bull*. 118730
Sire housing: outside **lots** *[Bulls]*. 117447
Sire housing and management at Universal Semen Service **Ltd.** *[Bulls]*. 117446
Bull **maintenance** on pastures and housing of bulls with exercise outruns. 117440
New facilities for sire housing and **management** *[Bulls]*. 117442
New facilities for sire housing and **management** *[Bulls]*. 117443
Sire housing and **management** *[Bulls]*. 117445
Bull **management** to maximize sperm output. 118282
Influence of slaughtering weight on carcass characteristics of F1 crossbred young bulls obtained by Friesian and Brown Alpine dams sired by Red Pied, Piemontese, Romagnola, Chianina and **Marchigiana** *bulls*. 118397
How to get more semen power for your **money** *[Bulls]*. 118271
Origin and characteristic of *bulls* **originators** of new stud lines from the Estonian Black Pied breed. 118402
Are you improving your genetic **position?** *[Bulls]*. 118267
Why a *bull's* **predicted** difference goes up and down [Genetic transmitting ability for milk]. 118274
The why and how of those A.I. [Artificial insemination] young sire **programs** *[Bulls]*. 118272
Do the mates of A.I. [Artificial insemination] sires influence their **proofs?** *[Bulls]*. 118269
Antibacterial agents for *bull* **semen;** do they help? 118281
Importance of the glutamate-oxalacetate transaminase activity in spermatological diagnosis *[Bull* **semen]**. 118426
Calcium-binding protein in *bull* **seminal** vesicle secretion and seminal plasma. 118346
Radio electrocardiography during production of **sperm** in *bulls*. 118420
Feulgen-DNA plug and two wavelength cytophotometry of *Bull* **spermatozoa**. 118370
A cowman's look at the new USDA [United States Department of Agriculture] sire **summary** *[Bulls]*. 118266
Surgical translocation of the penis in the *bull* to obtain the **teaser** bull [Artificial insemination]. 118435
Pseudomonas pyocyanea in the urogenital **tract** of a *bull*. 118736
Bulls **vs** steers for slaughter: an evaluation of feedlot and carcass differences. 118128
Flavomycin in fattening **young** *bulls*. 118106
Influence of slaughtering weight on carcass characteristics of F1 crossbred **young** *bulls* obtained by Friesian and Brown Alpine dams sired by Red Pied, Piemontese, Romagnola, Chianina and Marchigiana bulls. 118397
Urinary infiltration of the **young** *bull*. 119073
Traumatic paraplegia in **young** *bulls*. 119207
Relationships between the method of manuring and animal behavior on pastures [Dactylis glomerata]. 3. Effects of lime manuring on pastures and the grazing behavior of **young** *bullocks*. 122102

BUNDLE

Protein crystals and *bundles* of **tubules** in yeast cells. IV. Biochemical and electronmicroscopical studies on the induction of crystals of alcohol dehydrogenase (ADH) [Saccharomyces carlsbergensis]. 121389
Studies on large **vascular** *bundles* in paddy rice plant and panicle formation. I. Relationships between the number of large vascular bundles in the clum and the plant types. 120534
Studies on large **vascular** *bundles* in paddy rice plant and panicle formation. II. Relationship between the number of large vascular bundles in the blades of high-ranking leaves and the number per primary branch of the panicle in rice varieties. 120535
Studies on large **vascular** *bundles* in paddy rice plant and panicle formation. III. Relationship between the changes in the number of large vascular bundles in the tillers and the panicle formation. 120536

BUPRESTIDAE

Wax secretion in the infrared sensory pit of Melanophila acuminata **(Coleoptera:** *Buprestidae)*. 124136
Note on **new** *Buprestidae* from Madagascar belonging to the polycestini tribe (Coleoptera) [Madecacesta guadroni, Madecastalia al bignaci, Pseudocastalia cobosi]. 124269

BURNING

The California air resources board program to regulate agricultural [range and forest] *burning* **[Air** pollution control]. 125449
Care and treatment depend on type of *burn* **[Cattle]**. 119239
Meteorological problems in smoke management *[Burning* of **forest** fuels by both wild and prescribed fires]. 119340
Smoke composition [in *burning* **forest** fuels]. 125448
Industry programs for smoke control in forest **management** *burning*. 119339
Summary of state regulations as they affect **open** *burning* [in forestry]. 119345
Georgia's **open** *burning* regulations [Air pollution control]. 125443
Research as a support system: what can fire research do to increase forest productivity? **[Prescribed** *burning]*. 119613
Problems of **prescribed** *burning* and smoke in wildland-urban areas of California. 125447
The brown and *burn* **story** [to prepare land for reforestation]. 119615
What is "achieved" by *burning* **straw?** [Cereal diseases, control]. 123012
Scorching of grass [from **sun** *burning* through a thin ice cover]—What can we possibly do to reduce winter damage? 122986

BURROWING

Observations on the subgenus Argas (Ixodoidea: Argasidae: Argas). A. (A.) dalei, new species, parasitizing the *burrowing* **owl** in Peru. 124216

BURRS

Red oak [Quercus borealis] and *bur* **oak** [Quercus macrocarpa] in the Mariupol' Forest Experimental Station. 119556

BURSA

In vitro culture of the immature embryo of **Capsella** *bursa-pastoris* Moench. 120562
Growth of stellaria media, **capsella** *bursa-pastoris* and Senecio vulgaris plantlets from cultured meristem tips. 121330
Comparative study of X-ray action (LD 50/30) on the thymus and *bursa* **Fabricii** of young Wyandotte breed chicks (Gallus domesticus). 117916
Role of the *bursa* of **Fabricius** in the pathogenicity of inclusion body hepatitis and infectious bursal disease viruses [Chickens]. 118639
Effect of **infectious** *bursal* agent on the response of chickens to Newcastle disease and Marek's disease vaccination. 118627
Electron-microscope studies on the pathogenesis of **infectious** *bursal* disease after intrabursal application of the causal virus. 118628
Immunization of adult hens against **infectious** *bursal* disease virus. 118633
Role of the bursa of Fabricius in the pathogenicity of inclusion body hepatitis and **infectious** *bursal* disease viruses [Chickens]. 118639

BURY

Presence of a *buried* **mammalian** carcass indicated by fungal fruiting bodies [Hebeloma vinosophyllum]. 120383
Delineation of the boundaries of a *buried* **pre-glacial** valley with LANDSAT-1 data [Udoll soils, remote sensing]. 124827
The effect of depth of *burial* in **soil** on the survival of some common Rhodesian weed seeds. 123189

BUSHES

Quantitative microanalysis of capsaicin, dihydrocapsaicin and nordihydrocapsaicin using mass fragmentography *[Bush* **redpeppers]**. 117290
Effect of 2-chloroethyl phosphonic acid (Ethrel) on the ripening of *bush* **redpeppers** (Capsicum annuum). 121649
Studies on the pungent principle of Capsicum fruits *[bush* **redpeppers]**. IV. The relations between the qualities of Capsicum fruit and its production. 121723
Relationship of plant population and arrangement on yield and early maturing of *bush* **snap** beans. 122465
Effects of intraspecific competition on the components of the yield of *bush* **snapbeans**. 122463
Winter hardiness in **trees** and *bushes*. 121815

BUSINESS

Agro-based *business* and industry in IRD [integrated rural development] projects. 115868
Agro-based *business* and industry: general policies of agro-business in the fifth development plan in Iran. 115869
Business **aspects** of a cow-calf system [Costs and returns]. 115477
Agro-based business and industry: general policies of *agro-business* in the **fifth** development plan in Iran. 115869
Business and **industrial** loans (B&I) [Farmers Home Administration, a rural credit agency]. 115529
Active diagnostic **lab** *business* reveals feeder interest [Causes of disease in cattle]. 118449
How you'll do *business* by 1985! **[Poultry** industry]. 115818
The **waterfowl** *business* [Ducks and geese, economic aspects]. 115218

BUSSEOLA

Developments in maize stem-borer *[Busseola* **fusca]** control in East Africa, including the use of insecticide granules. 123275

BUTCHERS

Spices most important to the *butcher* and **restaurateur**. 2. 116735
The spices most important to the *butcher* and **restaurateur. S**. 116736
The spices most important to the *butcher* and **restaurateur**. 116737
The spices most important to the *butcher* and **restaurateur**. 3. 116738
The spices most important to the *butcher* and **restaurateur**. L. 116739

BUTTER

Cacao *butter* and substitute fats: chemistry and analysis. 116704
Keeping quality of **commercial** *butter* oil stored at different storage temperatures. 116885
Characterization and determination of vanilline in **concentrated** *butter*. 116027
Enterococci in cream and *butter* **[Contamination]**. 116263
Improved water economy in the production of **cultured-cream** *butter*. 1. Technological possibilities. 116863
Improved water economy in the production of **cultured-cream** *butter*. 2. Chemical and bacteriological analysis. 116864
Butter and **health**. 116388
Instructions for **manufacturing** *butter;* a retrospective view. 116899
Oiling-off properties and microscopic structures of *butter*, **margarine**, and soft-type margarine. 116857
Butter-margarine **review** [Consumption, Australia]. 115580

BUTTERFLIES

Phenotypic diversity, mimicry and natural selection in the **african** *butterfly* Hypolimnas misippus L. (Lepidoptera: Nymphalidae). 123828
A native food plant for the *butterfly* **Deudorix** epijarbas (Lepidoptera: Lycaenidae). 123374
Effect of low temperature on the mortality of *butterfly* **eggs** (Lepidoptera). 124167

The chemical basis of attraction of **ithomiine** *butterflies* to plants containing pyrrolizidine alkaloids [Heliotropium indicum]. 121176
A clamp for **marking** *butterflies* in capture-recapture studies. 124057
A study of the peninsular Florida populations of the **monarch** *butterfly* (Danaus P. plexippus; Danaidae). 124058
Butterflies in **northwestern** New South Wales: Narrabri and Bellata. 124230
More records of *butterflies* as **prey** for ambush bugs [Phymata fasciata] (Heteroptera). 124063

BUTYL
Control of leaf rust [caused by Puccinia recondita] on spring wheat by seed **treatment** with *4-N-butyl-1,2,4-triazole.* 122726

BUTYRATE
Comparative histochemical studies on avian liver. 5. Relationships of dietary preferences with distribution patterns of lipase, esterase and *beta-hydroxy-butyrate* **dehydrogenase** in the livers of various representative birds. 117873

BUTYRIC
Occurrence of *D-alpha-amino-n-butyric* **acid** in legume seedlings [Kidney beans]. 121583

BYSSOCHLAMYS
Heat resistance of ascospores of the **genus** *Byssochlamys* [Fungi]. Dependence of saccharose and malic acid in apple juice. 116023

CABBAGES
Results from using induced mutation in *cabbage* (**Brassica** capitata Lizg.) [for creating initial breeding material]. 120648
Field evaluations of systemic fngicides and derivatives of dithiocarbamic acid for the control of clubroot [Plasmodiophora **brassicae,** *cabbage].* 122562
Cabbage **caterpillars** [Mamestra brassicae, Plutella xylostella, Noctua pronuba, Evergestis forficalis]. 123361
Studies on the chemical changes induced by the infection of the rootknot nematode (Meloidogyne incognita) in tomato & eggplant & the stunt nematode (Tylenchorhynchus brassicae) in *cabbage* & **cauliflower** roots. 122951
Studies on utilization of parthenogenesis in breeding of Brassica pekinensis **[Chinese** *cabbage].* II. To increase the percentage of parthenogenesis seed setting with chemicals. 120770
Varietal differences in *cabbage* of the **hydrogen-ion** concentration isoelectric point of the pollen and stigma in relation to heterosis. 121687
Cabbages, **kales** etc.: Brassica oleracea (Cruciferae). 122349
Toxicity, penetration, and metabolism of chlordimeform and its N-demethyl metabolite in *cabbage* **looper** larvae [Trichoplusia ni]. 123407
Starch compounds as adjunct gelling agents in larval diet of the *cabbage* **looper** [Trichoplusia ni]. 123415
Sodium alginate as a gelling agent in diets for the *cabbage* **looper,** Trichoplusia ni. 123892
Nuclear polyhedrosis virus replication in permanent cell lines of the *cabbage* **moth** (Mamestra brassicae L.). 123426
Pesticide effects on the plant cuticle. II. EPTC [S-ethyl dipropylthiocarbamate] effects on leaf cuticle morphology and composition in Brassica **oleracea** L. *[Cabbage].* 123725
Producing *cabbage* in Louisiana. 122267
Laboratory studies of non-preference resistance to *cabbage* **root** fly [Erioischia brassicae] in radish. 123365
The effect of dietary cholesterol on the development of *[cabbage* **root** fly] Hylemya brassicae. 124053
Weed competition in drilled **summer** *cabbage.* 123063
A study of tetraploids from the *cabbage* **variety** Likorishko Bjalo 7. 120638

CABLES
Calculation of wire ropes in **forest** and other *cable-railways.* 119664
Use of **tractor** *cable* systems in forestry. 119794

CACAO
Cacao **butter** and substitute fats: chemistry and analysis. 116704
Critical situation of the *cacao* **growers** of Uraba. 115988
Disappearance of *cacao* **plantations** in the Itabuna environs; a study of land utilization dynamics. 115214
Life cycles of *cacao* **pollinating** midges, Forcipomyia species (Diptera, Ceratopogonidae), and some notes on larval behavior in the laboratory. 124144
Physiognomy, structure and ecological conditions of the *cacao* **region** of Bahia State; register of Canavieiras. 120322
Cacao: **Theobroma** cacao (Sterculiaceae). 122526
The use of whole plot data from progeny trials with cocoa (**Theobroma** *cacao* L.) in Ghana [Yields and growth]. 122539
Yield characteristics of **Theobroma** *cacao* L. With special reference to studies in Nigeria. 122545
Miridae of the genus Termatophylidea (Hemiptera) as predators of *cacao* **thrips** [Selenothrips rubrocinctus]. 123233
Fertility of soils occupied by *cacao* **trees** in the southern part of Bahia State [Soil analysis]. 124783

CACOECIA
New insect pest puts in an appearance: citrus leafroller, *Cacoecia* **occidentalis** Wism. 123386

CACTACEAE
Cactaceae **alkaloids.** XXIII. Alkaloids of Pachycereus pecten-aboriginum and Cereus jamacaru. 121247
Progress in the culture of *Cactaceae* and **succulents** in 1976. 122406

CACTUS
Cactus **alkaloids.** XXIX. Isolation of beta-phenethylamines from Coryphantha **greenwoodii.** 121248

CADDISFLY *see* TRICHOPTERA

CADMIUM
Determination of traces of lead and *cadmium* in **apertifs** by flameless atomic absorption spectrometry. 116030
Investigations into the lead and *cadmium* **content** of meat and organ samples from slaughter animals. 116119
Cadmium in the **environment.** Environmental review. 4. 125396
Cadmium and the **environment** [Pollution]. 125548
Metabolism of 109 Cd *[cadmium* **isotope]** in rats fed normal and low-calcium diets. 119259
Soybean yield responses and assimilation of Zn [zinc] and cd *[cadmium]* from **sewage** sludge-amended soil. 122026
Some effects of copper, cobalt, *cadmium,* **zinc,** nickel, and chromium on growth and mineral element concentration in Chrysanthemum [morifolium]. 121716

CADOXEN
Studies in swelling of cotton. I. Neutral salt technique to determine the true swelling **parameters** in *cadoxen.* 117130

CADRA
Locomotor behavior of diapausing and nondiapausing larvae of *Cadra* **cautella** (Walker) (Lepidoptera, Pyralidae). 123544

CAESAREAN *see* BIRTH

CAFFEIC
Quantitative determination of *caffeic* **acid** esters and catechins by direct measurement on thin-layer chromatograms. 116777

CAFFEINE
Modification of chromosome damage in Vicia faba [broadbeans] by *caffeine* & **cysteine** applied at varying times before & after irradiation. 122950

CAGES
Layers in **battery** *cages* [Chickens]. 117423
A *cage* for all **[chicken]** ages. 124597
Rearing and keeping breeding **cocks** in *cages.* 118310
Cage **fatigue** [in layng hens]. 119090
Skill needed to **feed** *cage* layers. 118138
Experiments with **field** *cages* on the effect of climatic factors on the codling moth (Laspeyresia pomonella L.) [Apple and pear pests]. 123432
Methods of obtaining incubation eggs from *caged* **hens.** 118305
A chest harness and pole-leash for routine transfer of rhesus monkeys from **home** *cage* to behavioral test apparatus and back. 117463
Growth, development and productive qualities of pedigree chickens **kept** in *cages.* 118303
Cage **laying** house. 124622
Cage **laying** house. 124623
Portable outdoor *cages* for **mating** female giant silkworm moths (Saturniidae). 124066
Effect of varying levels of protein and calcium on the performance of Rhode Island **Red** *caged* layers. 118080
Effectiveness of rearing broilers in *cages* under different **timing** of slaughter. 117450
Cage **trial** against green shield bug (Palomena prasina L.), which causes damage to the hazelnut [Corylus] in the east Black Sea region, using chemicals effective in the controlof the hazelnut weevil [Balanius nucum]. 123376
Rearing broilers in *cages* of different **types.** 117451
Effect of *caging* **variables** on body weight and weight gain in mice. 117844

CAJANUS
A new virus disease of **arhar** *(Cajanus* cajan (L.) Millsp. [Pigeonpeas]. 122831
Pigeon pea: *Cajanus* **cajan** (Leguminosae-Papilionatae). 121954
A new virus disease of arhar **(Cajanus** *cajan* (L.) Millsp. [Pigeonpeas]. 122831

CAKES
Utilization of sugar alcohol [using maltitol syrup instead of sucrose] in **Angel** *cake.* 116473
The shape of things to come **crab** *cakes,* shrimp shapes, onion rings, fish filets. 116628
Breads, *cakes,* and **pies** in family meals; a guide for consumers [Recipes]. 116340
Notes on baji in the Kathmandou valley [Production and use of **rice** *cakes;* ethnosociology of the villagers]. 117126

CALAIS
Microfossils of the Wissant **Albo-Cenomanian** *(Pas-de-Calais)* [Paleobotany]. 119997

CALAMAGROSTIS
Discovery of gibberellin and gibberellin-like substances in the metabolites of symbiotic **bacteria** of *Calamagrostis.* 121098

CALANDRA *see* SITOPHILUS

CALCAREOUS
Effectiveness of inorganic fertilizers on **eroded** *calcareous* Chernozem. 124939
Observations on Holocene soil formation and morphodynamic activity in *non-calcareous* **regions** of the Iberian peninsula. 124788

CALCIUM
Studies on *calcium* **absorption** in vegetable crops. I. The absorption and physiological significance of calcium in vegetative and reproductive phases of plant growth. 121730
Winter leaching of nitrate from **autumn-applied** *calcium* nitrate, ammonium sulphate, urea and sulphur-coated urea in bare soil. 124834
Relationship between configuration, function, and permeability in *calcium-treated* **[beef** heart] mitochondria. 117793
Amino acid sequence and *calcium* **binding** sites of bovine cardiac troponin-C. 117710
Effect of pelleting on the availability of phosphate in *calcined* **C-grade** rock phosphate from Christmas Island [Subterranean clover]. 124994
The regulation of vitamin D metabolism: interaction of vitamin D and *calcium* **[Chicks].** 117711
Experiental restriction of feed and addition of *calcium* **chloride** for swine as a prophylaxis against coli-enterotoxaemia. 118830
Average content of *calcium,* **copper,** iron, magnesium and zinc in the water used at the Rural Sciences Center of the Federal University of Santa Maria. 125346
Calcium **couples** flagellar reversal to photostimulation in Chlamydomonas reinhardtii [Algae]. 121293
Calcium uptake by isolated intestinal brush border membranes folowing **dietary** *calcium* restriction [Rats]. 116476
Metabolism of 109 Cd [cadmium isotope] in rats fed normal and *low-calcium* **diets.** 119259
Anotated bibliography on the effect of N, P, K, Mg and Ca [nitrogen, phosphorus, potassium, magnesium, *calcium]* on the **growth** of pear trees and levels in the leaves, 1958-1975. 121771
Vitamin D-stimulated **intestinal** *calcium* absorption may not involve calcium-binding protein directly. 116489
Regulation of **intestinal** *calcium* absorption in the laying quail: independent of kidney vitamin D hydroxylation. 117819
Intracellular *calcium* reservoirs in Calliphora salivary glands. 123924
Vitamin D-stimulated intestinal calcium absorption may not **involve** *calcium-binding* protein directly. 116489
Enhancement of Ca++ *[calcium* **ion]** uptake by lactose in the rat small intestine. 116430
Ca2+ *[calcium* **ion]** induced conformational changes of spin-labeled g2 chain bound to myosin [isolated from rabbit white muscle] and the effect of phosphorylation. 117779
The developmental patterns of lysosomal enzyme activities during Ca2+ *[calcium* **ion]-induced** sporangium formation in Achyla bisexualis [Fungi]. III. Ribonucleases. 120917
Permeability of a cell junction and the local cytoplasmic free **ionized** *calcium* concentration: a study with aequorin [Chironomus thummi]. 124069
A *calcium* **ionophore-induced** secretion in rabbit lacrimal gland in vivo. 117846
Use of lactic acid and *calcium* **lactate** in Nanica variety canned bananas in syrup [Preservatives]. 117219
Ultrastructural and biochemical evaluation of parathyroid function of pregnant cows administered disodium ethane-1-hydroxy-1,1-diphosphonate (EHDP) and fed a **low** *calcium* prepartal diet. 117889
Permeability of vitelline membrane for ions of sodium, *calcium* and **magnesium** [Egg membranes]. 117041
Effect of endogenic factors on the ash content and the content of *calcium,* **magnesium,** potassium, sodium, phosphorus, zinc, iron, copper and manganese in the bristles of pigs. 5. Mineral composition of pig bristles as influenced by pregnancy and lactation. 117574
Influx and distribution of *calcium,* **magnesium** and radioactive strontium [90 isotope] in wheat in relation to their content in the soils of the Armenian SSR. 122883
Effect of manure and peat on the balance and transformation of *calcium* **nitrate** in soil. 124933
Effect of varying levels of protein and *calcium* on the **performance** of Rhode Island Red caged layers. 118080
Quality of protein in milk replacers for young calves. IV. Rennet (chymosin, rennin) coagulation of reconstituted skim milk powder containing added proteins, fat, *calcium,* **phosphate** and citrate. 118038

Calcium, **phosphate**, and skeletal metabolism in latent alimentary metabolic acidosis in sheep. 119154
Calcium and **phosphorus** contents in cows milk of the Italian Friesian, Italian Brown, Reggio and Modena breeds. 116920
Hair as an indicator of the availability of *calcium* and **phosphorus** for animals. 117934
The movements of minerals in the digestive tract of dry and lactating Jersey cows. 1. Net movements of Ca, P, Mg, Na, K and Cl *[calcium*, **phosphorus**, magnesium, sodium, potassium and chlorine]. 117963
Facts on *calcium* & **phosphorus** level for poultry. 118140
Blood serum levels of *calcium*, **phosphorus** and magnesium during th pregnancy of the female ass, Equus asinus L., 1758 (Perissodactyla, Equidae). 118391
Calcium-binding **protein** in bull seminal vesicle secretion and seminal plasma. 118346
Comparison of *calcium-binding* **proteins.** Bovine heart and brain protein activators of cyclic nucleotide phosphodiesterase and rabbit skeletal muscle troponin C. 117782
Calcium **regulation** in heart cells. The interaction of mitochondrial and sarcoplasmic reticulum with troponin-bound calcium [Dogs]. 117659
The effect of hyperpotassic diets on consumption, egg-laying, egg quality and on *calcium* and **serous** phosphorus levels. Preliminary trial [Chickens]. 118049
Reconstruction of a **single** *calcium-sodium* cell canal in a lipid bilayer [Algae, Nitella flexilis, Nitellopsis obtusa. 121036
Calcium and **stimulus** secretion coupling in the [ox] neurohypophysis. V. The effects of the Ca2+ ionophores A23187 and X537A on vasopressin release and 45Ca2+ efflux; interactions with sodium and a verapamil analogue (D600). 117525
Comparison of dietary zinc levels for reproducing sows and the effect of dietary zinc and *calcium* on the **subsequent** performance of their progeny. 118088
Calcium regulation in heart cells. The interaction of mitochondrial and sarcoplasmic reticulum with **troponin-bound** *calcium* [Dogs]. 117659
Calcium **uptake** by isolated intestinal brush border membranes folowing dietary calcium restriction [Rats]. 116476
The effect of growth rate on tipburn [injury] occurrence in lettuce *[Calcium* **utilization**]. 122976
Studies on calcium absorption in vegetable crops. I. The absorption and physiological significance of *calcium* in **vegetative** and reproductive phases of plant growth. 121730
Magnesium, *calcium* and **zinc** levels of maternal and fetal tisues in magnesium deficient rats. 116434
Variations in concentrations and interrelationships of phytate, phosphorus, magnesium, *calcium*, **zinc**, nd iron in wheat varieties during two years. 117125

CALCULI

Pancreatic lithiasis in a Shorthorn **cow** *[Calculi].* 119246
Effects of ammonium chloride on formation of siliceous **urinary** *calculi* in calves. 119085

CALCULOSIS

Clinical problem of **vesical** *calculosis* in carnivora [Dogs]. 119070

CALENDULA

Embryologic essay on *Calendula* **persica** C. A. Mey. 120419

CALIBRATION

Calibration of the **available** soil phosphorus values measured by the Olsen et. al. and Bray-Kurtz no. 1 methods with the phosphorus requirement of sugarbeets and economic analyses. 124908
A method of predicting the *calibration* **curve** for a neutron moisture meter [Soils]. 124752
The *calibration* of **practical** groundwater models. 125210
Calibration by **pyknometers** [Brewing, density measurements]. 116684

CALLIPHORA

The experiment: hormonal studies on the **blowfly** *[Calliphora].* 123830
Microtubules and cell movements in the islets of imaginal histoblasts of the abdominal epidermis in *Calliphora* **erythrocephala** (Diptera). 123850
Resolution of intraneuronal and transynaptic migration of cobalt in the insect visual and central nervous systems *[Calliphora* **erythrocephala,** Calliphora vomitoria, Musca domestica. 124030
Effects of Weismann ring gland on RNA synthesis in imaginal wing disks of *Calliphora* **erythrocephala.** 124044
Adaptation and photoregeneration in the eye of the blow **fly** *[Calliphora].* 124027
The composition of the medial neurosecretory cells of the pars intercerebralis in *Calliphora* and **Lucilia** adults. 124181
The constancy and similarity of the amounts of free amino acids in inbred strains of Drosophila [Drosophila subobscura, Drosophila melanogaster] and **outbred** *Calliphora* [erythrocephala]. 124052
Intracellular calcium reservoirs in *Calliphora* **salivary** glands. 123924
Differential replication of rDNA during insect *[Calliphora* **stygia**] development. 123962
Study of commissural tracts of the cerebroid ganglia of *Calliphora* **vomitoria** L. (Diptera, Brachycera, Thecostomata). 123853
Resolution of intraneuronal and transynaptic migration of cobalt in the insect visual and central nervous systems [Calliphora erythrocephala, *Calliphora* **vomitoria,** Musca domestica. 124030

CALLIPHORIDAE

Macrolarviparous reproduction in Ameniinae (Diptera: *Calliphoridae)* **[Amenia,** Paramenia semiabriceps]. 119919

CALLITRICHACEAE

Bacteriocenotic studies on some oligotrophic **biotopes** *[Callitriche].* 121356
Bacteriocenotic studies on some eutrophic **biotopes** *[Callitriche].* 121357

CALLOSOBRUCHUS

Response of two species of Callosobruchus [maculatus, *Callosobruchus* **chinensis**] to different fumigants. 123229
Polymorphism in the adult of *Callosobruchus* **maculatus**—a possible process of evolution to stored product pest. 123548
Studies on the active form of *Callosobruchus* **maculatus** (F.) in Nigeria. III. The dynamics of active female production in Callosobruchus maculatus (F.) (Coleoptera, Bruchidae) in stored cowpeas. 123558

CALLUS

Fragments of Aesculus hippocastanum L. Cotyledons grown in vitro; first results on starch and aescin **behavior** [in the *callus].* 120460
Changes in soluble proteins in *callus* **cells** of hypersensitive tobacco inoculated with tobacco mosaic virus. 122838
Induction of apospory, *callus*, and **correlated** morphogenetic studies in Athalamia pusilla Kash [Hepaticae]. 120490
Embryoid formation in *callus* **cultures** of Aloe pretoriensis Pole Evans. 120565
Comparison of cytogenetic effects of IAA [indoleacetic acid], NAA [naphthaleneacetic acid] & 2,4-D [2,4-dichlorophenoxyacetic acid] in *callus* **cultures** of Haplopappus gracilis (Nutt.) Gray. 120759
Plantlet formation in *callus* **cultures** of Dioscorea deltoidea Wall. 121139
The incorporation of 3H-thymidine during induction of *callus* of **excised** barley embryos [by 2,4-D as a growth substance]. 121431
Metabolism of 2,4-dichlorophenoxyacetic acid. 10. Identification of metablites in rice **root** *callus* tissue cultures. 121513
Inorganic salts & differentiation of protocorms in **seed** *callus* of an orchid & correlated changes in its free amino acid content [Dendrobium fimbriatum]. 121691
Metabolism of N,N'-diphenylurea by cytokinin-dependent **tobacco** *callus:* identification of the glucoside. 121423
Effects of DPX-1840 [3,3a-dihydro-2-(p-methoxypnenyl)-8H-pyrazolo (5,1-a) isoindol-8-one] and chlorflurenol on growth and redifferentiation of **tobacco** *callus* in vitro. 121521

CALOGLYPHUS

Nutritional requirements and metabolic inhibition of some acarid mites [Tyrophagus putrescentiae, *Caloglyphus* **berlesei,** control]. 123547

CALORIES

Salivation as a measure of appetite: studies of the anorectic effects of *calories* and **amphetamine.** 116373
Trends on the **low** *calorie* soft drink market. 115577

CALOTROPIS

Isocitrate lyase: a new enzyme from pollen *[Calotropis* **procera**]. 121138

CALVES

Intestinal **atresia** in *calves.* 119215
The effect of neonatal diarrhea on subsequent weight gains in **beef** *calves.* 119059
Immunoglobulin G in the sera of newborn buffalo (Bos bubalus **bubalis**) *calves.* 119008
Extraction of liquid rennet from **buffalo** *calves'* stomachs. 116884
Microscopic studies on the epidermis of paralumbar skin of the Indian **buffalo** *calf.* 117743
Growth and carcass traits of cattalo, Hereford, and 1/4-Brahman **bull** *calves.* 117623
Effects of ammonium chloride on formation of siliceous urinary **calculi** in *calves.* 119085
An investigation of *calf* **carcass** contamination by Escherichia coli from the gut contents at slaughter. 116186
Snoring in a *calf* **caused** by congenital distension of the maxillary sinuses. 119103
Decoquinate in the control of experimentally induced **coccidiosis** of *calves.* 118599
Electrocardiographic examination of *calves* with **coli** dysentery. 118828
Isolation of a I.B.R [infectious bovine rhinotracheitis] from a *calf* after **corticosteroid** treatment. 118612
Lupin alkaloids from tertogenic and nonteratogenic lupins. III. Identification of anagyrine as the probable teratogen by feeding trials [Pregnant cows, **crooked** *calf* disease]. 119257
Lupin alkaloids from teratogenic and nonteratogenic lupins. IV. Concentration of total alkaloids, individual major alkaloids, and the teratogen anagyrine as a function of plant part and stage of growth and their relationship to **crooked** *calf* disease [Pregnant cows]. 119258
Effect of feeding hay and silage made from maize hybrid napier [Pennisetum purpureum] and sorghum on the growth of **crossbred** *calves.* 118075
A note on the growth of **dairy** *calves* grazing pangola grass [Digitaria decumbens] from 90 to 180 days of age during the dry season. 118043
Infection of **dairy** *calves* with corona virus and bovine virus diarrhea. 118951
Experimental studies into the pathophysiology and therapy of **dehydration** of *calves.* 119160
Dynamics of some serum enzymes during the postnatal **development** of *calves.* 117947
Calf **diarrhea** induced by coronavirus and a reovirus-like agent. 118823
Fluid therapy in a *calf* with **diarrhea.** 119072
Characterization of a *calf* **diarrheal** coronavirus. 118597
Calf **diarrhoea.** II. Fluid therapy. 119071
Investigation of methods used in the exact determination of crude fat **digestibility** in *calves.* 117987
Diseases of the *calf.* 118531
Withdrawal times for products used in dairy cattle and *calves* **[Drugs].** 118584
Influence of ketonemia on the resistance of pregnant cows and the proneness of *calves* to **dyspepsia.** 119206
Studies on denaturants that can be added to powdered milk [used as feed]. II. [Fish oil in *calf* **fattening**]. 117352
A note on the value of dried citrus pulp and grape marc as barley replacements in *calf* **fattening** diets. 117972
Hygiene in *calf* **fattening**—practically tested. 118558
Nutritive muscular dystrophy in cattle. 7. Epizootiology of "white muscle disease" in *calves* **fed** on milk. 119203
Use of colostrum mixtures for **feeding** *calves* on large farms. 118171
Cow culling on **first** *calf* weaning weight in record of performance tested herds. 117408
Etiologic diagnosis of diarrheal diseases of *calves:* **frequency** and methods for detecting enterotoxin and K99 antigen production by Escherichia coli. 118601
The energy metabolism of young Jersey and **Friesian** *calves* fed fresh milk. 117561
Six months **Friesian** *calf* production. II. Correlations among some plasma components and weight gain, carcass and fatty acids composition. 117563
Evaluation of the [new anti-diarrheal] non antibiotic peroral preparation Igurdin in field practice in *calves* **[Gastroenteritis].** 119014
Residues in the carcasses of *calves* after **giving** virginiamycin with the feed. 116132
Nitrogen additives to corn silage fed to **growing** *calves.* 118031
Quality of protein in milk replacers for young calves. II. Effects of heat treatment of skim milk powder and fat levels on *calf* **growth,** feed intake and nitrogen balance. 118036
Identical twin **heifer** *calves* wanted. 118253
Healthy herds for the [cattle husbandry] complexes *[Calf* **hygiene**]. 118570
Total intravenous feeding in *calves* **[Hyperalimentation** in treating diarrheal diseases]. 118552
Treatment and prophylaxis of thelaziasis of *calves* on **large** dairy farms. 119015
The nutrition of the **newborn** *calf.* 117979
Effect of addition of phthalylsulfathiazole to streptomycin and bentonite in the treatment of diarrhea in **newborn** *calves.* 119013
Prophylaxis and treatment of **omphalitis** in *calves.* 119030
Effect of two quantities of milk once or twice daily and one weekly fast on the **performance** of *calves.* 118045
Protein utilization in *calves* during different **periods** of liquid feed fattening. 117992
Morphological and antigenic relationships between viruses (rotaviruses) from acute gastroenteritis of children, *calves,* **piglets,** mice, and foals. 118763
Rationalised pharmacotherapy of enzootic **pneumonia** of *calves.* 118839
What does it cost to **produce** *calves?* 115496
Milk substitutes [in *calf* **rations**]. 118112
Calf **rennet** substitutes [Higher plant, bacterial and fungal rennets, cheese]. 116916
Crystallization of a non-muscle actin [from *calf* **spleen**]. 117816
Comparative electron microscopic study of the cysts of Sarcocystis fusiformis (Railliet 1897) in the muscle fibers of naturally infected cattle and after experimental infections of *calves* by **sporocysts** of Isospora hominis and the large forms of Isospora bigemina from cat and dog. 118894
The effects of milk feeding on the pre- and post-weaning growth of *calves,* and on **stomach** development at weaning. 118085
A note on variation of skin-fold thickness of Brown Swiss X Sahiwal/Red Sindhi (Karan **Swiss**) *calves.* 117744
Business aspects of a *cow-calf* **system** [Costs and returns]. 115477
Thrifty *calf* nutrition methods introduced by the stations of the Institute for a Scientific System of Agriculture. 118115
Quantitative study of secondary structure of *[calf* **thymus**] histones H1, H2A, and H4 in solution by infrared spectroscopy. 117666
The action of ionizing radiation on *[calf* **thymus**] DNA in the presence of quinacrine. III. E.s.r. [Electron spin resonance] study: spin transfer in gamma-irradiated lyophilized DNA-quinacrine complexes. 117895
The occurrence of various species of coccidia in the district of Veliko **Turnovo** *[Calves].* 119002
Energy exchanges of **veal** *calves* in relation to body weight, food intake and air temperature. 117560

Inotropic effect of cyclic AMP [adenosine 3',5'-monophosphate] in *calf* **ventricular** muscle studied by a cut end method. 117826
Fertilized kikuyugrass [Pennisetum clandestinum] pasture vs sugarcane strippings for backgrounding **weaner** *calves*. 118118
The effect of implanting **weaner** *calves* with growth promotants under feedlot conditions [Finishing]. 118120
Selection of [Africander] *calves* after **weaning** [for future breeding stock]. 118187
Quality of protein in milk replacers for **young** *calves*. I. Factors affecting in vitro curd formation by rennet (chymosin, rennin) from reconstituted skim milk powder. 118035
Quality of protein in milk replacers for **young** *calves*. II. Effects of heat treatment of skim milk powder and fat levels on calf growth, feed intake and nitrogen balance. 118036
Quality of protein in milk replacers for **young** *calves*. IIi. Rennet coagulation and undenatured whey protein nitrogen content of skim milk powders and commercial milk replacers. 118037
Quality of protein in milk replacers for **young** *calves*. IV. Rennet (chymosin, rennin) coagulation of reconstituted skim milk powder containing added proteins, fat, calcium, phosphate and citrate. 118038
Immune defenses in **young** *calves*. 118954

CALVING *see* **BIRTH**

CALYPSO
Distribution and conservation of the **orchid** *calypso* bulbosa (L.) Reichb. f. in the Udmurt Autonomous Soviet Socialist Republic. 119957

CALYX
Evaluation of strawberry parent clones for **easy** *calyx* removal [Heritability]. 120766

CAMBIUM
Comparative study on the *cambial* **structure** of some Bauhinia species. 120431
The ontogeny of the **vascular** *cambium* in Hoheria angustifolia Raoul. 121308

CAMELLIAS
Tea: *Camellia* **sinensis** (Camelliaceae). 122537
Sasanqua—the **step-child** *Camellia* [Varieties]. 122442
The effect of soil temperature and of infestation by Pratylenchus loosi on the growth and nutrient status of a susceptible and tolerant variety of young **tea** *(Camellia* sinensis L.). 123040

CAMELS
Record of the prehistoric remains of two humped **Asiatic** *camel* (Camelus bactrianus Linn.) from Kausambi, Uttar Pradesh, India. 117505
A study on the changes of the blood electrolyte of *camel* **(Camelus** dromedarius) during water deprivation. 117741
Plasma carotene and vitamin A levels in cows, sheep and *camels* of the **Thar** desert. 117746

CAMPING
Starch content of oak roots on *campsites* **[Quercus** alba, Quercus velutina, Quercus coccinea]. 121834

CAMPONOTUS
The stinging apparatus of *Camponotus* **rufipes** (Fabricius) (Hymenoptera, Formicidae) and its attached structures [Morphology]. 124143
Food of tropical ants. I. Activity cycle and diet of *Camponotus* **solon** (Forel) (Hymenoptera, Formicidae). 123997
Food of tropical ants. II. Feeding bahaviour and diet of *Camponotus* **vividus** (Smith) (Hymenoptera, Formicidae). Intrageneric comparisons. 123998

CAMPTOTHECINE
Camptothecin **[isolated** from captotheca] a selective plant growth regulator. 121152
Antiviral components of Ophiorrhiza mungos, isolation of *camptothecin* and **10-methoxycamptothecin.** 121243

CAMPYLOPUS
A progress report on *Campylopus* **introflexus** (Hedw.) Brid. and Campylopus polytrichoides De Not. in Britain and Ireland [Bryophyta]. 120099

CANALS
Reconstruction of a single calcium-sodium **cell** *canal* in a lipid bilayer [Algae, Nitella flexilis, Nitellopsis obtusa. 121036
Advances in the planning and operation of **irrigation** *canal* networks. 125360
Ultrastructure of the **neural** *canal* closure in the chicken embryo. 117520
Taming the indomitable Thar Desert [Water **resources,** *canals].* 125188

CANCER
Screening of Chilean plants for *anticancer* **activity.** I. 121259
CBS [Columbia Broadcasting System] *cancer* **bogeyman** [Animals]. 119091
The eyes have it! **[Cattle,** *cancer].* 118444
Diet, **nutrition,** and *cancer.* 116276
Potential *anticancer* agents. III. Jacaranone, a novel phytoquinoid from Jacaranda caucana. 121257
Food additives, *cancer* and the **prevention** system. 116244
The role of communications in veterinary oncology *[Cancer* **study].** 118478
Science and "the politics of *cancer"* [includes **toxicity** caused by chemicals, veterinary pathology]. 119231
General principles of veterinary oncologic surgery **[Treatment** of *cancer].* 118470

CANDIDA
Paramural bodies of **Albugo** *candida* [Plant pathogenic fungi]. 120413
Isolation and properties of cytoplasmic L(+)-lactatoxydase of *Candida* **lipolytica** yeasts. 120941
Metabolic activity of *Candida* **lipolytica** [yeasts] adsorbed on bentonites with hydrophobic chains. 120986
Sulphite reductase and ATP [adenosine triphosphate] sulfurylase in low- and high-sulphite forming wine yeasts [Saccharomyces, *Candida].* **Relationship** to sulphite accumulation during fermentation. 120916
Ultrastructure of microbodies of methanol-assimilating yeasts *[Candida,* **Saccharomyces,** Torulopsis]. 120486
Oxyhydroquinone—an intermediate compound of the preparatory metabolism of para-oxybenzoic acid in yeast, *Candida* **tropicalis.** 121035
N-alkane oxidation by *Candida* **tropicalis.** I. Hypothetical role of catalase enzyme and the microbodies in hydrocarbonassimilating yeast. 121043
Properties of Torutein for foods applications *[Candida* **utilis].** 116697
Production of single-cell protein by the cultivation of yeast *[Candida* **utilis]** in anaerobic digester supernatant supplemented with carbohydrates. 116722
Localization of mannan at the surface of yeast protoplasts by scanning electron microscopy [Saccharomyces cerevisiae, *candida* **utilis].** 120912
On the mechanism of microbial cell destruction during ballistic disintegration processes [Schizosaccharomyces pombe, *Candida* **utilis,** yeasts]. 121044
The hydrothermal degradation of cellulosic matter to sugars and their fermentative conversion to protein *[Candida* **utilis,** yeasts]. 121158
Candidiasis in ducks [caused by the **yeast** *Candida* albicans]. 118727
Effects of photoprotection and reversible inactivation of **yeast** *Candida* guilliermondii induced by 313nm [ultraviolet] light. 121031
Cyanide and antimycin A nonsensitive respiration of mitochondria of the **yeast** *Candida* lipolytica. 121096
Some properties of mitochondria of the **yeast** *Candida* lipolytica. 121097
Thermotolerance of *Candida* **[yeasts].** Relationships with ecology, pathology and taxonomy. 120890

CANDIDIASIS
Candidiasis in **ducks** [caused by the yeast Candida albicans]. 118727

CANDIES
Rationalization of the transport of **hard** *candies* up to palletization of shipping contaners. 116790
Inspection of radioactivity in raw materials of the *candy* **industry.** 116087
Candy **technology.** II. Brining of pitted cherries and candying yield. 117270

CANE
A comparison of *cane* **diffusion** with hybrid milling-diffusion systems. 117116
Effects of frost on sugarcane and the behaviour of **frost-affected** *cane* in the factory. 122961
Automated determination of chloride and phosphate in *cane* **juice,** molasses and sugar. 117184
Direct determination of trace metals in *cane* **juice,** sugar & molasses by atomic absorption spectrophotometry. 117185
Factory trial of a newly-developed continuous carbonation process for making plantation white sugar from *cane* **juice.** 117186
Effect of inhibition of flowering on improvement of [sugar] *cane* **yield** and juice quality under Coimbatore conditions. 122021

CANINES
Medical and surgical treatment of *canine* **acute** gastric dilation. 119114
Morphological studies of hookworms infecting man and dog at Patna, Bihar [Ancylostoma duodenale, **Ancylostoma** *caninum].* 118747
Canine **brucellosis:** an annotated review with selected cautionary comments. 118958
A study of autogenous tissues transplants for the repair of *canine* **collateral** ligaments of stifle joint [Injuries]. 119243
Further studies on the therapeutic and immunologic aspects of generalized demodectic mange in the dog **[Demodex** *canis].* 123638
Benzoyl peroxide—a new topical agent for *canine* **dermatology.** 119046
Disseminated *canine* prothothecosis: a case report. 119106
Genesis and maintenance of a persistent infection by *canine* **distemper** virus. 118788
Surgery of the *canine* **elbow** joint (a brief clinical review). 118580
Chemotherapy of *canine* and **feline** tumors. 118463
Cryosurgery of *canine* and **feline** tumors. 118465
Epidemiology of *canine* and **feline** tumors. 118466
General concepts of *canine* and **feline** tumors. 118468
Radiation therapy of *canine* and **feline** tumors. 118471
The etiology of *canine* and **feline** tumors. 118475
The prevention of *canine* and **feline** tumor development. 118476
Bacterial isolations from *canine* and **feline** urine. 118822
A note on **infectious** *canine* hepatitis in Punjab. 118750
Canine **intervertebral** disc disease—occurrence by age, breed, and sex among 8,117 cases. 119195
Surgical repair of *[canine]* **lateral** shoulder luxation. 119147
Ultrastructural and ultrahistochemical examinations of the *canine* **mammary** gland. I. Ultrastructural examinations. 117557
In vitro toxicity of constituents of Rumex maritimus Linn. [Trichophyton mentagrophytes, **Microsporum** *canis]* to ringworm fungi. 122603
Canine **myelography** with Skiodan. 1. Indications and interpretation. 118576
Why has *canine* **rabies** not been eliminated from Latin America? 119066
Changes in *canine* **saliva** ion concentration induced by increased intraluminal pressure. 117533
Surgery of the *canine* **stifle** joint (a brief clinical review). 118581

CANKERS
Hypoxylon [mammatum] *canker* of **aspen** [Populus tremuloides] associated with Saperda inornata galls. 122793
The effect of iron on growth and **bacterial** *canker* [Pseudomonas syringae] susceptibility of peach seedlings. 122803
Association between elemental content of dormant peach trees and susceptibility to short life [Predisposition to cold injuries and **bacterial** *canker,* Pseudomonas syringa]. 122964

CANNABIS
A practical and natural taxonomy for *Cannabis* **[Hemp].** 120283
X-ray structure of cannabispiran: a **novel** *Cannabis* [sativa] constituent. 121013
Cannabis **sativa** L. (Marijuana). VII. The relative specificity of the Rim test. 121179
Determination of cannabinoids in *Cannabis* **sativa** from Belgian origin. 121196
Hemp: *Cannabis* **sativa** (Moraceae) [Fiber crops, drug plants]. 121948
Synthesis of **thio-analogous** *Cannabis* derivatives. 121006

CANNIBALISM
Abortion and *cannibalism* in **squirrel** monkeys (Saimiri sciureus) associated with experimental protein deficiency during gestation. 119143
Suspected *cannibalism* in survival of nymphs of Triatoma protracta navajoensis. 124122

CANNING
Suitability of the preparative-gravimetric method for the quality evaluation of *canned* **blood** pudding. 116105
Canning **Canadian** fruits and vegetables. 117314
Routine methods of examining meat and meat products. 11. Determination of drained weight of *canned* **cooked** meats containing jelly and of meat brawns. Determination of free fat, pure gelatine and jelly contents. 116133
Energy requirements: freezing vs. *Canning* **[Corn].** 117252
Direct *canning* of rooted cuttings [of ornamental shrubs] into one gallon containers. 122218
Effects of plant density and manuring upon tomato crops for *canning* in **dry** conditions. 122464
Test of keeping quality: long-term storage of *canned* **fish.** 116093
Regulation, reason, responsibility, and respect *[Canned* **food** industry]. 116204
Differentiation of bacilli isolated from *semi-canned* **food** [Contamination]. 116262
Steriflamme: a general review *[Canned* **food** sterilization]. 116658
Sporicidal properties of chlorine compounds: applicability to cooling water for *canned* **foods.** 116205
Investigations on the changes in the amino acid content of some cultivars of peas for *canning.* III. **Free** amino acids. 117272
The **French** *canned* food industry in 1975 [Statistics]. 115973
Further rise of consumption of *canned* **fruits** and vegetables [Trade]. 115701
Home *canning* of fruits and vegetables. 116342
Possible ways of **improving** *canned* products [Grading]. 116130
Method of determining the sterilisation value of *canned* **meat** from tables. 116986
Quality of *canned* **Mississippi** cling peaches. 116249
Energy requirements: freezing vs. *Canning* **[Peas].** 117253
Effects of seed size and spacing of seed tubers and stems on yields of early and *canning* **potatoes.** 122387
Heating times of axially **rotated** *cans* [of liquid food] in a steam pasteurizer. 116657
Technology of *canning* **sausages.** 116997
Proposal for definition of *canned* and **semi-preserved** [foods]. 116762
Evaluation of *canning* **tomato** varieties of Hungary on the basis of some relevant features. 122283
Effect of acidification of *canned* **tomatoes** on quality and shelf life. 117235
Use of lactic acid and calcium lactate in Nanica **variety** *canned* bananas in syrup [Preservatives]. 117219

CANNULATION
Nutritional evaluation of wheat. 5. Disappearance of components in digesta of pigs prepared with two **re-entrant** *cannulae*. 117974

CANOPY
The application of hemispherical photography to **cereal** *canopies* [Productivity studies]. 121520
Heat radiation phenomena from a glasshouse **crop** *canopy* at night. IV. Determination of the curtain factor by a simple method [Fuel reduction]. 124596
Photosynthesis in Sitka spruce (Picea sitchensis (Bong.) Carr.). VII. Measurements of stomatal conductance and 14cO2 [carbon dioxide isotope] uptake in a **forest** *canopy*. 121818
Lighting of **leaf** *canopy* and the yielding ability of Zimny Zolotoy Parmen as affected by the planting pattern and the form of the crown [Apples, varieties]. 122499
The *canopy* of a **Scots** pine [Pinus sylvestris] forest: description of a surface of complex roughness. 121786
Characterizing apple **tree** *canopies* by fisheye photography. 122333

CANTHARIDAE
The genus Tylocerus Dalm. (Coleoptera, Cantharidae). 32. Contribution to the study of **Neotropical** *Cantharidae* [New taxa]. 124351
61. Contribution to the study of **Palearctic** *Cantharidae* and Malachiidae [New taxa]. 124352
The genus Tylocerus Dalm. (Coleoptera, *Cantharidae)*. 32. Contribution to the **study** of Neotropical Cantharidae [New taxa]. 124351

CAPILLARIA
On the activity of anthelmintics against *Capillaria* **hepatica** [Rats]. 118653
On the activity of anthelmintics against *Capillaria* **hepatica** [Rats]. 118654

CAPILLARY
Electron microscopy analysis of differentiation of the wall and *capillary* **bed** of the chick embryo allantochorion. 117691
Acid-based measurements of arterial, venous and *capillary* **blood** in the dog. 118532

CAPITAL
Mobility and *capital* **advancement** for individual farms. 115472
Capital **city's** capital role [India, poultry rearing, projects]. 115965
Incidence of [infectious] poultry diseases in *capital* **[India].** 118884
Estimate of *capital* **invested** in the rice crop, rice zone of Rio Grande do Sul, 1974/75 season. 115520
Economic effectiveness of *capital* **investments** in draining saline lands (1971-1973). 115506
Investment aids for the development of individual farms and their effects on **service** of *capital*. 115516
Cash flow and **working** *capital* as indicators of the financial economy of agricultural enterprises. 115501

CAPNIIDAE
A new species of Capnioneura [balkanica] from Yugoslavia **(Plecoptera,** *Capniidae)*. 124334

CAPRA
Radiographic aspects of bezoar concretions in ruminants; presentation of a clinical case in the **goat** *(Capra* hircus). 117906
Transformation of Meckel's cartilage and ossification of the mandible in ovis and *capra* **[Sheep** and goats]. 117695

CAPSAICIN
Quantitative microanalysis of *capsaicin*, **dihydrocapsaicin** and nordihydrocapsaicin using mass fragmentography [Bush redpeppers]. 117290

CAPSELLA
In vitro culture of the immature embryo of *Capsella* **bursa-pastoris** Moench. 120562
Growth of stellaria media, *capsella* **bursa-pastoris** and Senecio vulgaris plantlets from cultured meristem tips. 121330

CAPSICUM
Study on the microsporogenesis of *Capsicum* **annuum** L. [Redpeppers] after gamma-irradiation. 120651
Heterosis and combining ability in a diallel cross of **chilli** *(Capsicum* annum L.). 120762
Studies on the pungent principle of Capsicum fruits [bush redpeppers]. IV. The relations between the qualities of *Capsicum* **fruit** and its production. 121723
Effect of 2-chloroethyl phosphonic acid (Ethrel) on the ripening of bush **redpeppers** *(Capsicum* annuum). 121649
Peppers: *Capsicum* **(Solanaceae).** 122373

CAPSULE
Innervation of the equine hip and stifle **joint** *capsules*. 117762
Scanning microscope pictures of **moss** *capsules* [Musci]. 120523
Variation in the *capsule-wall* **structure** in three common species of Metzgeria (Hepaticae), with special reference to the gametophytic features. 120491

CAPTAN
Captan **hydrolysis** [Fungicides]. 122637

CAPTIVITY
A clamp for marking butterflies in *capture-recapture* **studies.** 124057
Hematologic values of conditioned, *captive* **wild** coyotes. 117839

CARABIDAE
The dispersal of *Carabidae* in the **agrarian** landscape, with spcial reference to the boundaries between different field crops [Rape, Cereals, methoxychlor]. 123359
Collection of *carabid* **beetles** from Tasmania (Coleoptera, Adephaga). 124287
Wing polymorphism in the insect species Agonum retractum Leconte **(Coleoptera:** *Carabidae)*. 123865
The type-species of Bonelli's genera of *Carabidae* **(Coleoptera).** 124410
Distribution of Leistus piceus alpicola Fuss **(Coleoptera,** *Carabidae)*. 124437
The annual periodicity of the polyvoltine ground beetle Pogonus chalceus Marsh. (Coleoptera, *Carabidae)* and its **control** by environmental factors. 124180
Vital forms of ground beetles (Coleoptera, *Carabidae)* and their **evolutionary** interrelationship. 124310
Systematic revision of the *Carabidae* **fauna** of Anatolia. 3. [New taxa]. 124303
A contribution to the knowledge of Laboulbeniales (Ascomycetes) parasitic on **Italian** *carabids* (Insecta, Coleoptera) [Laboulbenia agelaeae, Rhachomyces pacei, Fungi, new taxa]. 120018
Synopsis of the supra-specific taxa of the tribe Harpalini (Coleoptera: *Carabidae)* **[New** taxa]. 124407
Results of the zoological research carried out by Dr. Z Kaszab in Mongolia. 359. The genus Syntomus Hope (Coleoptera, *Carabidae)* [New taxa]. 124449
Classification of the Middle American genus Cyrtolaus Bates (Coleoptera: *Carabidae:* **Pterostichini)** [New taxa]. 124404

CARAUSIUS
The tryptophan metabolism and the increase of ommochromes synthesis during the embryonic development of *Carausius* **morosus.** 124055
Studies on amino acid transport by the intestine of the stick insect, *Carausius* **morosus** Br. I. Locality, temporal course and general characterization of the amino acid transport as well as ultrastructure of the midgut epithelium. 124190
Physiology and systems analysis of gravity orientation in two insect **species** *(Carausius* morosus, Calandra granaria). 123915

CARBADOX
In vitro susceptibility of Treponema hyodysenteriae to *carbadox*, **virginiamycin,** and tylosin [Swine dysentery]. 119051

CARBAMATES
An in vitro study of the non-specific esterases of the melon fly, Dacus cucurbitae Coq. and their reactions with organophosphate and *carbamate* **compounds.** 123388
Gas chromatographic analysis of heptafluorobutyryl derivatives of some *carbamate* **insecticides** [in vegetables]. 123726
Interconversion of cholinesterase enzyme activity units by the manual Delta pH [hydrogen-ion concentration] method and a recommended automated method [Organophosphorus and *carbamate* **pesticide** intoxication]. 123694

CARBAMIDE *see* **UREA**

CARBARYL
Changes in the electroencephalogram of rats following subacute exposure to *carbaryl* and **baygon:** Correlation with EEG [electroencephalogram] changes in sub-human primates after chronic, low level exposure to baygon [Insecticides]. 123750
Studies on the resistnace of hazelnut [Corylus] weevil (Balanicus nucum L.) to *carbaryl* and **methiocarb.** 123378
Use of insect-acaricide carbamide acid esters in livestock farming. Dynamics of residues of insect-acaricide carbamide acid esters with particular **reference** to *carbaryl*. 119268

CARBOFURAN
Effect of field applications of *carbofuran* on **Hypera** postica [Alfalfa weevil] (Coleoptera: Curculionidae) and its parasitoids. 123296
Effects of light on the fate of *carbofuran* **[insecticide]** during the drying of alfalfa [Residues]. 123719
Pine tip moth and pine webworm [Rhyacionia, Tetralopha robustella] control with *carbofuran* in **north** Florida. 123501
Is *carbofuran* **[pesticide]** our answer to Fat John [a grub stage of a tiny beetle Diaecoderus] and other pests of maize? 123306

CARBOHYDRASES
Gut *carbohydrases* in locusts and grasshoppers. 123777

CARBOHYDRATES
Study of oxidation-reduction interactions among conversion products of model compounds and *carbohydrates* in **alkali** solutions [Lignin]. 119745
Mycological production of citric acid in India. I. Utilization of some cheaper and readily available sources of *carbohydrate* **[Aspergillus** niger, Fungi]. 121359
Carbohydrate **content** of various spruce tissues. 119730
Study of *carbohydrate* **content** of various deciduous wood tissues. 119744
Dietary *carbohydrate*, diet pills and compensatory growth in rats. 116502
The effect of *carbohydrates* and **fats** in the diet on the intensity of lipid metabolism changes in protein deficiency. 116570
Processed **food** *carbohydrates* and their physiological properties in relation to structure. 116810
Formation of carboxylic acids by degradation of *carbohydrates* during **kraft** cooking of pine [Wood pulping]. 119816
Effect of infection by Microsphaera alphitoides (powdery mildew) on *carbohydrate* **levels** and translocation in seedlings of Quercus robur. 122684
Effect of high temperatures in poultry houses on some indices of the *carbohydrate* **metabolism** in layers. 117948
Carbohydrate **metabolism** and spore germination [Fungi]. 121116
Changes of the content of lipid and *carbohydrate* **metabolites** in the lymph of cattle in ontogenesis. 117930
Relation between peach flower bud drop and *carbohydrate* and **nitrogen** concentration. 121592
Nature of *carbohydrates* in **pulses** [Feeding to children]. 116397
Preliminary studies of the effects of an induced phosphate deficiency on *carbohydrate-nitrogen* **ratios** in Alternanthera philoxeroides (Centrospermae: Amaranthaceae) and on the feeding of Agasicles hygrophila (Coleoptera: Chrysomelidae). 123905
Effect of an insect growth regulator on lipid and *carbohydrate* **reserves** of mosquito [Aedes aegyti] pupae (Diptera: Culicidae). 123612
Nursery practice in relation to the *carbohydrate* **resources** of leafless hardwood cuttings. 122236
Studies on the performance of alfalfa swards. V. Relationships between top weight and *carbohydrate* **root** reserves of individual plants under sward conditions. 122061
Effect of irrigation on the content of humic substances and *carbohydrates* in **southern** Chernozems and those from the foothills of the Caucasus Mountains. 125179
Production of single-cell protein by the cultivation of yeast [Candida utilis] in anaerobic digester supernatant **supplemented** with *carbohydrates*. 116722
Physiology of the *carbohydrate* **utilization** patterns of yeasts—a problem desiring transport resolution. 121384

CARBONATES
Sodium *carbonate* salinization of soils and underground waters. 124797

CARBONIC
Photosynthesis and *carbonic* **anhydrase** activity in Zn[zinc] deficient peaches irradiated with ultraviolet light. 121676
Mammalian *carbonic* anhydrase isozymes: evidence for a third locus [Sheep, mice, rabbits, chickens]. 117810

CARBONIFEROUS
Twin shoots borne on a Botryopteris frond [fossil fern] from the British Upper *Carboniferous* **[morphological** variation]. 120256

CARBONS
Titration behavior of individual tyrosine residues of myoblogins from sperm whale, horse, and red kangaroo. Application of natural **abundance** *carbon* 13 nuclear magnetic resonance spectroscopy. 117798
Active *carbon* from coconut shell [Waste utilization]. 117274
The *carbon* **budget** of a young apple tree [Photosynthesis, respiration, solar radiation, temperature]. 121717
Control of breathing in uremia: ventilatory response to CO2 *[carbon* **dioxide]** after hemodialysis. 117772
Gas-blood CO2 *[carbon* **dioxide]** equilibration in parabronchial lungs of birds [Chickens]. 117776
Influences on the *carbon* **dioxide** balance of submersed higher aquatic plants in flowing water by noxious substances contained in water [Potamogeton pectinatus, Amblystegium riparium]. 120850
Biosynthetic studies with 13CO2 *[carbon* **dioxide** isotope] of secondary plant metabolites. Nicotiana alkaloids. 1. Initial experiments [Tobacco]. 121516
Regulation of apical dominance by ethephon, irradiance and CO2 *[carbon* **dioxide,** peas]. 121752
The interrelationship between translocation of 14C [carbon isotope]-photosynthate and 14CO *[carbon* **dioxide** isotope] exposed leaf position on the grafts of Ipomoea [Sweetpotatoes]. 121766
Photosynthesis in Sitka spruce (Picea sitchensis (Bong.) Carr.). VII. Measurements of stomatal conductance and 14cO2 *[carbon* **dioxide** isotope] uptake in a forest canopy. 121818
Effect of *carbon* **dioxide** enrichment on growth, development and yield of glasshouse tomatoes. II. The duration of daily periods of enrichment. 122399

Changes in CO2 *[carbon* **dioxide]** and water vapour exchange rates in leaves of Quercus robur infected by Microsphaera alphitoides (powdery mildew). 122702
Photometric determination of dithiocarbamate [fungicides] residues [in foods] by *carbon* **disulphide** evaluation method. 116232
Storage tests on pre-packed beef in controlled gas atmospheres of **high** *carbon* dioxide content with oxygen largely excluded. 116996
Studies investigating the excretion of acetyl urea in the milk of dairy cows receiving oral doses of 14C *[carbon* **isotope]** acetyl urea. 117993
Sesquiterpenoid stress compounds of Datura stramonium: biosynthesis of the three major metabolites from *(1,2-13C[carbon* **isotope])** acetate and X-ray structure of 3-hydroxylubimin. 121009
Transport of 14C *[carbon* **isotope]** in cotton in the conditions of oxygen deficiency of roots. 121452
Binding of (14C) *[carbon* **isotope]** parathion in soil: a reassessment of pesticide persistence. 123759
14C *[carbon* **isotope]-assimilate** distribution in Phaseolus vulgaris L. [Beans] during the reproductive period. 121718
Effects in the rat of environmental temperature, diet dilution, and treadmill running on liver and adipose enzymes and metabolism of 14C *[carbon* **isotope]-glucose:** a multiple regression analysis. 116428
C15 *[carbon* **isotope]-halogenated** compounds from the Hawaiian marine alga Laurencia nidifica. V. The maneonenes. 121372
Inclusion of *carbon* 14 **[isotope]-leucine** into proteins of protein bodies isolated from maize caryopses. 121560
The degradation of 14C *[carbon* **isotope]-lindane** by a mould culture. 123742
Translocation of 14C *[carbon* **isotope]-metabolites** to the head in sunflower. 121509
Effect of dietary fat on hepatic metabolism of 14C *[carbon* **isotope]-oleic** acid and very low density lipoprotein triglyceride in the gerbil [Coconut or safflower oil]. 116425
The interrelationship between translocation of 14C *[carbon* **isotope]-photosynthate** and 14CO [carbon dioxide isotope] exposed leaf position on the grafts of Ipomoea [Sweetpotatoes]. 121766
Absorption and movement of 14C *[carbon* **isotopes]-labelled** mH [maleic hydrazide] and 2,4-D [2,4-dichlorophenoxyacetic acid] in onions. 121694
Synthesis and metabolic fate of hesperetin-3-14C *[carbon* **isotpe,** the predominant flavonoid in lemons and sweet oranges]. 117279
On the in vitro behaviour of *carbon-14-labelled* **lindane** in the blood. 123741
Fractionation of stable isotopes of *carbon* **monoxide** by [soil[bacteria. 124796
Vulgarone, a sesquiterpene ketone with a **new** *carbon* skeleton from Chrysanthemum vulgare. 121781
Studies on the characterization of straw pellets. 9. Preparation and investigation of 14C-15N *[carbon* and **nitrogen** isotopes] urea straw pellets, 32P [phosphorus isotope] phosphat straw pellets or 3H [hydrogen isotope] straw pellets. 117326
Optimal *carbon* source concentration for the pectolytic enzyme formation of aspergilli [Aspergillus awamori, Aspergillus foetidus, Fungi]. 121341
Leaching and microbial utilization of dissolved **organic** *carbon* from leaves of Spartina alterniflora. 121041
The relation of energy and **organic** *carbon* in aquatic invertebrates [Includes insects]. 124072
C-6 *[carbon-6]* **oxidation** of ascorbic acid: a major metabolic process in animals [Monkeys, rats]. 117581
Photosynthetic capacity and luxury uptake of *carbon* during **phosphate** limitation in Pediastrum duplex (Chlorophyceae) [Algae]. 121212
Enzymic reconstitution of **photosynthetic** *carbon* assimilation. Pentose phosphate-dependent O2 [oxygen] evolution by illuminated envelope-free chloroplasts from Spinacia oleracea [spinach]. 121599
Resistance monitor and control for vacuum evaporation of metals and *carbon* **[Plant** protection]. 123025
Carbon **requirements** of Alternaria solani (Ell. & Mart.) jones and Grout, the incitant of early blight of potato. 122787
Determination of the physiological levels of juvenile hormones in several insects and biosynthesis of the *carbon* **skeletons** of the juvenile hormones. 123936
Influence of *carbon* **sources** on the production of the termite [Reticulitermes virginicus] trail-following substance by [the brown-rot fungus] Gloeophyllum trabeum. 121175
Improved activated sludge **treatment** with *carbon.* 125411

CARBONYLS

Non-enzymic transamination of **unsaturated** *carbonyls:* a general source of nitrogenous flavor compounds in foods. 116634

CARBOXYKINASES

Assay of **phosphoenolpyruvate** *carboxykinase* in crude yeast extracts [Saccharomyces cerevisiae]. 120883
Inactivation by glucose of **phosphoenolpyruvate** *carboxykinase* from Saccharomyces cerevisiae [Yeasts]. 120910

CARBOXYLATION

Photosynthetic *carboxylating* enzymes in [the marine diatom] Phaeodactylum tricornutum: assay methods and properties. 121267

CARBOXYLESTERASES

Arylesterases from various mammalian sera in relation to cholinesterases, *carboxylesterases* and their **activity** towards some pesticides. 123695
Organophosphate insecticide potentiation by *carboxylesterase* **inhibitors** [Mice, rats]. 123752

CARBOXYLIC

Tryptophanyl and *carboxylic* **acid** residues in the active centre of glucoamylase I from Aspergillus niger [Fungi]. 120997
Formation of *carboxylic* **acids** by degradation of carbohydrates during kraft cooking of pine [Wood pulping]. 119816
A method to quantitatively **determine** *carboxylic* acid 5-hydroxytryptamides in coffee. 116702
Properties of *carboxylic* **esterase** from Euproctis lunata Walker (Lepidoptera: Lymantriidae). 123973

CARCASS

Legal problems connected with the disposal of **animal** *carcasses.* 115813
Legal problems connected with the disposal of **animal** *carcasses.* 115814
Observations on cysticercosis in Rhodesia. 1. The distribution of [Cysticercus cellulosae] cysts disclosed in **beef** *carcases* at meat inspection. 116255
An investigation of **calf** *carcass* contamination by Escherichia coli from the gut contents at slaughter. 116186
Residues in the *carcasses* of **calves** after giving virginiamycin with the feed. 116132
Feeding experiments with bacon pigs. 6. Correlations between **certain** *carcass* characters. 116938
Influence of slaughtering weight on *carcass* **characteristics** of F1 crossbred young bulls obtained by Friesian and Brown Alpine dams sired by Red Pied, Piemontese, Romagnola, Chianina and Marchigiana bulls. 118397
Results of a [swine] crossing experiment with Belgian Landrace, Pietrain and Large White. II. Growth and *carcass* **characters.** 118389
Feeding experiments with bacon pigs. 4. *Carcass* **composition.** 116939
Influence of different and final protein levels on productive and reproductive activities of turkeys. II. Dressing percentage and *carcass* **composition.** 117977
Bulls vs steers for slaughter: an evaluation of feedlot and *carcass* **differences.** 118128
Effects of diethylstilbestrol, zeranol and sex on live, blood metabolite, *carcass* and **endocrine** characteristics of lambs. 117767
Six months Friesian calf production. II. Correlations among some plasma components and weight gain, *carcass* and **fatty** acids composition. 117563
Effects of ration energy and slaughter weight on composition of empty body and *carcass* **gain** of beef cattle. 118090
Substitution of lysine supplemented high protein wheat in protein feeds fed in rearing and during the laying period of hens. 6. Graded lysine supplements as affecting the content of crude nutrients in the *carcasses* of **laying** hens. 118009
Presence of a buried **mammalian** *carcass* indicated by fungal fruiting bodies [Hebeloma vinosophyllum]. 120383
Effects of rationing method on performances and quality of *carcasses* of **market** swine. 118027
Influence of *carcass* **maturity** on the palatability of beef. 116185
Growth and *carcass* **measurements** of pigs fed common or high lysine maize grown on the same farm. 118130
Energy and protein composition of broiler rations. 1. [Effects on chicken growth and *carcass* **quality].** 118165
Pig slaughtering hygiene. IV. Bacteriological status of *carcasses* in various **sections** of the killing line. 116128
Fat distribution in **steer** *carcasses* of different breeds and crosses. 1. Distribution between depots. 116936
Carcass **traits** of lambs produced by crossbred dams of Finnsheep, Dorset and Rambouillet breeding and slaughtered at two weights. 117016
Growth and *carcass* **traits** of cattalo, Hereford, and 1/4-Brahman bull calves. 117623
Factors affecting feedlot performance and *carcass* **traits** in steers. 118117
The effect of compensatory growth in sheep on empty body weight, *carcass* **weight** and the weights of some offals. 117758
Carcass **yield** in two strains in chickens for meat production. 117055

CARCINOGENESIS

Carcinogenic **polycyclic** aromatic hydrocarbons in Norwegian smoked meat sausages. 116176
The Environmental Protection Agency's nine 'principles' of *carcinogenicity* [Includes **veterinary** pathology]. 119092

CARCINOGENS

Estrogens in beef production [Residues, *carcinogens,* **diethylstilbestrol].** 116050
Detection of N-aryl-N-nitrosamines on thin-layer chromatographic plates with 2,4-dinitrophenylhydrazine and phosphomolybdic acid **[Possible** *carcinogens].* 116191
Liquid chromatography of N-nitrosoamino acids and their syn and anti conformers **[Possible** *carcinogen* found in food]. 116193
A comparison of some chromatographic detectors for the analysis of volatile N-nitrosamines **[Potent** *carcinogens* in food]. 116174

CARDAMINE

Comments on the East Asiatic plants. 2. [Cerastium arvense, Anemone soyensis, *Cardamine* **leucantha].** 120132

CARDBOARD *see* FIBERBOARD

CARDIAC

Amino acid sequence and calcium binding sites of **bovine** *cardiac* troponin-C. 117710
Experimentally induced acute gastric dilatation in the dog: *cardiopulmonary* **effects.** 119107
Histochemical studies of the *cardiac* **lipofuscin** in the heart of men and dogs related to age. 117904
Selective control of fibroblast proliferation and its effect on *cardiac* **muscle** differentiation in vitro [Chick embryos]. 117646
Potassium movement during hyperpolarization of *cardiac* **muscle** [Sheep, cats]. 117814
Frank-Starling relationship as an important determinant of fetal [lamb] *cardiac* **output.** 117537

CARDING

Analysis of Australian wool sold at auction in Australia 1973/74 season. Analyses by: microns, combining and *carding* **classifications,** degrees of vegetable fault, areas of origin. 115760

CARDIOVASCULAR

Stimulation of the rabbit hypothalamus: caudal projections to respiratory and *cardiovascular* **centres.** 117831
Pathways **regulating** *cardiovascular* changes during volume loading in awake dogs. 117542

CARDUUS

Plumeless thistle *[Carduus* **acanthoides]**—an increasing problem in Minnesota pastures—identification and control. 123143
Distribution of Carduus nutans, *Carduus* **acanthoides,** Carduus pycnocephalus, and Carduus crispus, in the United States [Weeds]. 123203

CAREERS *see* OCCUPATIONS

CAREX

Carex **depauperata** Curt. In NE Cork (H5), a sedge new to Ireland. 120083
Effect of cultural conditions on the synthesis of heteroauxin by symbiotic bacteria of *Carex* **enervis** C.a.m. 121099
Effect of metabolites of symbiotic bacteria on the seeds and growth of seedlings of *Carex* **enervis** C.a.m. 121100
Effect of symbiotic bacteria of *Carex* **enervis** on some agricultural crops. 121101
Mutual effect of symbiotic bacteria of *Carex* **enervis** on the synthesis of auxins. 121102
Synthesis of gibberellin and gibberellin-like substances by symbiotic bacteria [of *Carex* **enervis]** as related to cultural conditions. 121104
The role of B complex vitamins and amino acids in the interrelationships of symbiotic bacteria of *Carex* **enervis.** 121105

CARICA

Fig: **Ficus** *carica* (Moraceae). 122362
A strange olive-fig complex (Olea europea **L.-Ficus** *carica* L.). 120437
Papaya: *Carica* **papaya** (Caricaceae). 122371
Effect of ethephon latex stimulant on **papaya** *(Carica* papaya L.) [Papain yields and quality of fruits]. 122400

CARICACEAE

Papaya: Carica **papaya** *(Caricaceae).* 122371

CARNATIONS

Rearing of the South **African** *carnation* tortrix Epichoristodes acerbealla Walk. (Lepidoptera, Tortricidae). 123425
Autotrophic production in *Carnation* **Creek,** a coastal rainforest stream on Vancouver Island, British Columbia [Algae, nitrate and phosphate concentrations]. 120376
Effect of sucrose on response of **cut** *carnation* [Dianthus caryophyllus] to kinetin, ethylene, and abscisic acid. 121702
Possibilities of using morphactins [growth substances] in the production of *carnations* **[Dianthus** caryophyllus]. 122511
Altering the sensitivity of *carnation* **flowers** (Dianthus caryophyllus L.) to ethylene. 121696
Some features of mineral nutrition of **greenhouse** *carnation* [Dianthus]. 121588
Organogenesis in tissue culture of the **greenhouse** *carnation* (Dianthus caryophyllus L.). 121660
Regulation of the flowering date in **remontant** *carnation* [Dianthus]. 121617

CARNEGIEA

Alkaloids of *Carnegiea* **gigantea.** Arizonine, a new tetrahydroisoquinoline alkaloid. 121241

CARNIVORA

Clinical problem of vesical calculosis in *carnivora* **[Dogs].** 119070
Helminths of **domestic** *carnivorous* animals in Kishinev [Dogs, cats]. 118874

Green food [vegetables] for *carnivorous* **fur-bearing** animals. 118058

CAROBS
Recent progress in the analysis of gums and natural water soluble plant colloids. II. *Carob* [**Ceratonia** siliqua] flour. 116649

CAROTA
Carrot: **Daucus** *carota* (Umbelliferae). 122350
Yield, rate of growth an dmorphological characteristics of the roots of the carrot (**Daucus** *carota* L.) in autumn-winter-spring cycle, in relation with plant population and fertilization. 122467

CAROTENE
The storage stability of freeze-dried carrots. III. The content of *carotene* as **affected** by the addition of L-cysteine hydrochloride at various temperatures. 117295
Plasma *carotene* and vitamin A levels in cows, sheep and camels of the Thar desert. 117746
The effect of *beta-carotene* on the **stability** of palm oil. 116824

CAROTENOIDS
The *carotenoids* of a **black** variety of the larva of the moth, Manduca sexta [Tobacco pests]. 124051
Diapause of Pieris brassicae: Role of the cephalic photoreceptors, study of the **cerebral** *carotenoids.* 124042
Citrus **color** [due to *carotenoids].* 117216
Colouring of **foods** with *carotenoids.* 116644
Carotenoids and **foodstuffs.** 116643
Studies on the relative biopotencies and intestinal absorption of different *apo-beta-carotenoids* in **rats** and chickens. 117585
Red crab processing waste as a *carotenoid* **source** for rainbow trout. 125375

CARP *see* **FISH**

CARPAL
Sagittal fracture of the third *carpal* **bone** in a horse. 119253

CARPINUS
Natural regeneration and development of English oak (Quercus robur L.) and common **hornbeam** *(Carpinus* betulus L.) in the Krakovo virgin forest preserve. 119595

CARPOCAPSA
Controlling codling moths *[Carpocapsa* **pomanella]** in sweet cherries. 123364

CARPOPHILUS
Twilight pests in imported feed raw material. The copra beetle (Necrobia rufipes Degeer), the sap **beetle** *(Carpophilus* spp.) and the Siamese flat beetle (Lophocateres pusillusKlug). 123582
Occurrence of *Carpophilus* **dimidiatus** F. (Coleoptera: Nitidulidae) in bulk stored wheat in Punjab. 123511

CARROTS
Regeneration of plants from cell suspensions [of *carrot,* **Datura,** tobacco and soybean] frozen at -20, -70 and -196 degrees C [Celsius]. 121528
Carrot: **Daucus** carota (Umbelliferae). 122350
Yield, rate of growth an dmorphological characteristics of the roots of the *carrot* (**Daucus** carota L.) in autumn-winter-spring cycle, in relation with plant population and fertilization. 122467
The storage stability of **freeze-dried** *carrots.* III. The content of carotene as affected by the addition of L-cysteine hydrochloride at various temperatures. 117295
Studies on data variability and the use of polynomials to describe plant growth [Blackstonia perfoliata, Impatiens **parviflora,** *carrots].* 121306
Synthesis of RNA and protein, with ribonuclease activity, in *carrot* **roots** infested with Meloidogyne hapla Chitw. [Nematodes]. 123014

CARTHAMUS
Safflower: *Carthamus* **tinctorius** (Compositae). 121958

CARTILAGE
Transformation of **Meckel's** *cartilage* and ossification of the mandible in ovis and capra [Sheep and goats]. 117695
A fine structural study of mineralization foci in antler and growth **plate** *cartilage* [Rats]. 117881
Lack of effect of lysozymes on [bovine nasal] *cartilage* **proteoglycans.** 117570

CARYA
Effect of sub-freezing temperatures on bud break of pecan *[Carya* **illinoensis].** 121670
Use of gibberellic acid permits early budding of pecan *[Carya* **illinoensis]** seedlings [Growth regulators]. 121770
Irrigation management of young pecan *[Carya* **illinoensis]** orchards for best growth under saline conditions [Injuries]. 123027
Pecan phylloxera (a gall forming insect) *[Carya* **illinoensis].** 123389
Walnut caterpillar [Datana integerrima] response to insecticides [Bacillus thuringiensis, *Carya* **illinoensis,** biological control]. 123436

CARYEDON
Investigations into the origin, development and control of *caryedon* **serratus** (Coleoptera, Bruchidae) attacking stored groundnuts in the Gambia. 123542

CARYOPHYLLACEAE
Variability of morphological characters of seeds of the **family** *Caryophyllaceae* Juss. 120077

CARYOPSES
Inclusion of carbon 14 [isotope]-leucine into proteins of protein bodies isolated from **maize** *caryopses.* 121560

CASEIN
Casein **dewheying** and dewatering screens. 116905
Voluminosity of **different-sized** *casein* micelles from the buffalo and the cow [Milk samples]. 116913
Rheology and spinning of alkaline solutions of sunflower seed **globulin** and *casein.* 117154
Alkali requirement and related properties of New Zealand **lactic** *casein.* 116904
Cellulose acetate electrophoresis of *casein* **proteins** [of milk]. 116852
Casein **proteolysis** in Mozzarella-type cheese. 116906
Manufacture of **rennet** *casein* using rennet substitutes. 116909
A comparison between the protein-protein association in *caseinate* and in **rennet-treated** caseinate solutions. 116901
Roller-dried **sodium** *caseinate.* 116910

CASINGS
Properties of **artificial** *casings* [for foods and sausages]. 1. 116726
Rational manufacture liver sausage and frankfurter sausage types in lacquer-sealed **fibre** *casings.* 116994
Natural casings as the pattern for *casings* [**Meat** products]. 116988
Manufacturing frankfurter-type sausages in **peelable** *casings.* 116983
Using edible **protein** *casings* for sausages in vacuum-packed, air-tight containers. 117002
Is there a danger of mycotoxins in Hungarian salami? II. The importance of the *casing* and of **smoke** treatment. 116120
Study on uptake of mercury by mushroom from the compost and *casing* **soil.** 121726
Biological control of Verticillium malthousei by Trichoderma viride spray on *casing* **soil** in commercial mushroom [Agaricus bisporus] production [Dry bubble disease]. 122746
The development of **synthetic** *casings* [for meat products]. 116998

CASSAVA
Acid **hydrolysis** of *cassava.* 117315
Cyanide-insensitive respiration in root tubers of *cassava* (**Manihot** esculenta Crantz.). 121761
Cassava: **Manihot** esculenta (Euphorbiaceae). 122351
Dieback of *cassava* (**Manihot** esculenta Crantz = Manihot utilissima Pohl)—a new disease caused by Colletotrichum gloeosporioides Penz. 122780

CASTANEA
Some considerations on the present status of chestnut blight disease [caused by Endothia parasitica] in **Italy** *[Castanea].* 122559
The chestnut tree *[Castanea,* **ornamental** trees]. 122279
Studies on the resistance of chestnut **trees** *(Castanea* spp.) to chestnut gall wasps (Dryocosmus kuriphilus Yasumatsu). iX. Polyphenolic contents in susceptible and resistant varieties. 123416
Insect growth regulators: some effects of Altosid on **Tribolium** *castaneum* (Herbst). 123536
Internal and external factors governing the fluctuation of **tribolium** *castaneum* populations. 123539
Multifactor ecological aspects of population performance of flour beetles, Tribolium confusum and **Tribolium** *castaneum.* 123545
The behaviour of insects in the presence of insecticides: the effect of fenitrothion and malathion on resistant and susceptible strains of **Tribolium** *castaneum* Herbst. 123561
Evaluation of dillapiole [from Anethum sowa] and dihydrodillapiole as synergists for pyrethrins [insecticide] in dust formulations [**Tribolium** *castaneum].* 123585

CASTE
Caste **determination** in the higher termites: evidence for a royal control on the formation of the sexual caste in Macrotermes bellicosus Smeathman (Isoptera, Termitidae). 123994
Effects of juvenile hormone analogues on *caste* **differentiation** in the imported fire ant, Solenopsis invicta. 123246
Caste determination in the higher termites: evidence for a royal control on the formation of the **sexual** *caste* in Macrotermes bellicosus Smeathman (Isoptera, Termitidae). 123994

CASTOR
Castor: **Ricinus** communis (Euphorbiaceae). 122527

CASTORBEANS
Partial purification and some regulatory properties of pyruvate kinase from **germinating** *castorbean* [Ricinus communis] endosperm. 121320
Effect of inorganic fertilizers and plant density on the accumulation of nutrients in *castorbeans* and on their **productivity.** 124926
Action of ricin from Ricinus communis L. *[Castorbean]* **seeds** on eukaryote ribosomal proteins. 121049
Inhibition of Neurospora crassa [Fungi] and yeast [Saccharomyces cerevisiae] mitochondrial protein synthesis by ricin [from *castorbeans],* a **toxic** protein inactive on Escherichia coli protein synthesis. 121052

CASTRATION
Interaction effects of epidemiologic factors in the feline urological syndrome [**associated** with *castration].* 119273
Plasma LH [luteinizing hormone] response to LH-RH [luteinizing hormone-releasing hormone] injection in immature intact, *castrated* and **cyproterone-treated** male rats. 118356
The effects of *castration* upon the **fat** body cycle by the female cockroach Nauphoeta cinerea. 124083

CASUARINA
Decomposition of lignin and cellulose components of wood of Swietenia mahogani, *Casuarina* **equisetifolia** and Mimusops elengi by Fomes durissimus lloyd [Wood-destroying fungi]. 119678

CATABOLISM
The [genetic] control of *catabolism* in **Aspergillus** nidulans [Fungi]. 120735
The elucidation of the mechanism of **folate** *catabolism* in the rat. 116298
Determination of the rate of synthesis and *catabolism* of **tissue** proteins in chickens. 117932

CATALASES
N-alkane oxidation by Candida tropicalis. I. Hypothetical role of *catalase* **enzyme** and the microbodies in hydrocarbonassimilating yeast. 121043
Effect of protective substances on the activity of *catalase* in the **mitochondria** in winter rye leaves. 121493
Catalasic activity of Macromycetes [Fungi]. Preparation of a **purified** *catalase.* 120891

CATALYSIS
Amic acids and half salts of dicarboxylic acids as **coreactant** *catalysts* for creasable durable-press fabrics. 116835
Catalytic **effects** in the reaction of methylolamide crosslinking agents with cellulose [Textile fibers]. 116836
The separation of pyruvate-ferredoxin oxidoreductase from Clostridium pasteurianum into two **enzymes** *catalyzing* different reactions. 116049
Lactoperoxidase-catalyzed **lipid** peroxidation of microsomal and artificial membranes [Milk, beef liver]. 116854
Formyl-methenyl-methylenetetrahydrofolate synthetase-(combined), an ovine protein with **multiple** *catalytic* activities. 117785
Mechanism of 2-naphthylamine **oxidation** *catalysed* by pig liver microsomes. 117955
Catalytic **properties** of alpha-ketoglutarate decarboxylase from bovine brain. 117604
Influence of substrates and coenzymes on the role of manganous ion in **reactions** *catalyzed* by pig heart triphosphopyridine nucleotide-dependent isocitrate dehydrogenase. 117589
Wiregrass—*catalyst* for action [Soil stabilization]. 125169

CATCHMENT
Plan and management of forest stands in *catchment* **areas** of drinking water dams from the view of forestry. 119441
Notes on principles of forest management covering the *catchment* **areas** of drinking water storage reservoirs. 119514
Effects of the use of pesticides in drinking water **dam** *catchment* areas on the quality of surface waters. 123703
Influence of forest soils on the water requirements (amount and quality) from **forested** *catchment* areas of dams. 119305
Total resources of surface waters of the river **Plonka** *catchment* area [in relation to agricultural needs]. 125335
Soils of **research** *catchments,* Manorburn Experimental Basin, Central Otago, New Zealand. 124849
A study of the land in the Tyers **River** *catchment.* 124912
Snowmelt runoff on **small** *catchment* basins. 125348
Use of herbicides, fungicides and insecticides in forestry with special regard to the special importance of **water** *catchment* areas of dams. 123706

CATECHINS
Quantitative determination of caffeic acid esters and *catechins* by **direct** measurement on thin-layer chromatograms. 116777

CATECHOLAMINES
Brain *catecholamines* and the lateral hypothalamic syndrome [Hunger, mechanisms]. 116354
Effect of acute temperature stress on the **plasma** *catecholamine,* corticosterone and metabolite levels in the pigeon. 117638

CATENAS
A tentative re-examination of the **soil** *catena* in the type area of Kware, northwest Tanzania. 124787

CATERPILLARS
Cabbage *caterpillars* [Mamestra brassicae, Plutella xylostella, Noctua pronuba, Evergestis forficalis]. 123361
Activity patterns, body temperature and thermal ecology in two **desert** *caterpillars* (Lepidoptera: Sphingidae) [Hyles lineata, Manduca sexta]. 123882
Walnut *caterpillar* [Datana integerrima] response to insecticides [Bacillus thuringiensis, Carya illinoensis, biological control]. 123436

CATHARANTHUS
Malagasy plants. XVIII. A new alkaloid from *Catharanthus* **ovalis** Mgf. (Apocynaceae). Cathovalinine or epoxy-14alpha, 15alpha hydroxy-19S tabersonine. 121365
Effect of different combinations on growth substances on the abscission on debladed petioles of *Catharanthus* **roseus** in different seasons. 121151
Biotransformations with plant tissue cultures *[Catharanthus* **roseus,** Apocynum cannabinum, and Conium maculatum]. 121246

CATHEPSINS
Purification and properties of *cathepsin* D from **procine** spleen. 117792

CATHETER
Repair in arterial tissue; electron microscopy of evans blue vital stained **embolectomy** *catheter* lesion of the rabbit thoracic aorta. 119067

CATIONS
Effects of **divalent** *cations* on vitamin B12 adsorption to brush borders of rat intestine. 116454
Permeability of a cell junction during intracellular injection of **divalent** *cations* [Chironomus thummi]. 124068
Cation **effects** on light-induced chlorophyll a fluorescence in chloroplasts lacking both chlorophyll b and chlorophyll-protein complex II [Barley]. 121538
Fertilization effect on content of **exchangeable** *cations* and of more strongly fixed potassium [in the soil]. 125072
Effects of monovalent cations on IAA [indoleaetic acid]-and FC **[fusicoccin]-stimulated** *proton-cation* exchange in pea stem segments. 121762
Influence of **high-molecular** *cationic* dehydrating agents on the electrokinetic properties of cellulose. 119780
Interactions of **metal** *cations* with lipid-depleted [spinach] chloroplasts. 121601
Effects of **monovalent** *cations* on IAA [indoleaetic acid]-and FC [fusicoccin]-stimulated proton-cation exchange in pea stem segments. 121762
Use of *cationic* **resins** in the study of humic substances [Soil analysis]. 124766
Effect of *cations* and **saccharose** on the activity of photopohosphrylation and processes conjugated with it in chloroplasts of wheat varieties with different productivity. 121577
Cationic **starch** in papers with high contents of bagasse pulp. I. Influence on tensile properties of kraft papers. 119768

CATS
Regeneration of afferent and efferent fibres to muscle spindles after nerve injury in **adult** *cats.* 117830
Facilitation of feeding in **aphagic** *cats* by rewarding brain stimulation. 116357
Importing dogs and *cats* into **Australia** [Quarantine requirements]. 118609
Liver lobe **avulsion** in a *cat.* 119146
Reactions of the red nucleus neurones in **awake** *cat* to cutaneous stimulation. 117523
The problem of motivation in feeding **behavior** *[Cats].* 116380
Effect of mechanical factors on the relation between rate and depth of **breathing** in *cats.* 117775
Cat's **care,** breeding and feeding. 117506
Aldehyde-fuchsin staining of antral endocrine **cells** *[Cats].* 117707
Dietary influence on bile acid **conjugation** in the *cat.* 116424
Effects of two benzodiazepines, phenobartitone, and baclofen on synaptic transmission in the *cat* **cuneate** nucleus. 117868
Myeloproliferative **disorders** in the *cat.* 119084
Quantitative determination of normal horse, *cat,* and **dog** haptoglobins. 117942
General concepts of tumor metastasis in the **dog** and *cat.* 118469
Peroneal nerve paralysis in the *cat* and **dog:** an experimental study [Surgery]. 118484
Comparative electron microscopic study of the cysts of Sarcocystis fusiformis (Railliet 1897) in the muscle fibers of naturally infected cattle and after experimental infections of calves by sporocysts of Isospora hominis and the large forms of Isospora bigemina from *cat* and **dog.** 118894
Dysplasia of the tricuspid value in the **dog** and *cat.* 119129
The use of Sterculia Gum for controlling intestinal tone in the **dog** and *cat.* 119139
Clinical trials concerning the management of otitis externa in **dogs** and *cats.* 118554
What we do in quarantine and why. Quarantine for **dogs** and *cats.* 118611
The efficiency of Praziquantel against tapeworms in experimentally infected **dogs** and *cats.* 118663
Rabies treatment of persons bitten by animals **[Dogs,** *cats].* 118671
Helminths of domestic carnivorous animals in Kishinev **[Dogs,** *cats].* 118874
Clinical evaluation of Tribrissen, new antibacterial agent for **dogs** and *cats.* 119048
Otitis externa. 3. Bacterial isolation **[Dogs,** *cats].* 119053
Otitis externa. 4. Otomycosis **[Dogs,** *cats].* 119054
A method for reduction and fixation of symphyseal fractures of the mandible **[Dogs,** *cats].* 119250
An ultrastructural and cytochemical study of aging in the thyroid of the **domestic** *cat.* 117882
Teratogenicity studies with methotrexate, aminopterin, and acetylsalicylic acid in **domestic** *cats.* 119194
A new device to derive the force-velocity relationship of the isolated papillary muscle using a sonomicrometer and an **electromagnet** *[Cats].* 117875
Conduction velocity along the afferent vagal dendrites: a new type of **fibre** *[Cats].* 117823
Hematological values of **healthy** *cats* (Felis cati L., 1758). 117903
Cat **heart** acetylcholine: structural proof and distribution. 117532
Hyperglycemic and hyperosmolar responses to graded **hemorrhage** *[Cats].* 119223
Histochemistry of the duodenal glands of the *cat* and **horse.** 117518
Glucose metabolism of mammalian erythrocytes [Dogs, *cats,* **horses].** 117803
Morphological and functional features of the innervation of the costovertebral **joints** *[Cats].* 117692
Pseudosarcomatous fasciitis of the upper **lip** of a *cat.* 119220
Otitis externa. 5. Otoacariasis [Dogs and *cats,* **mites].** 123680
Vegetative innervation of the esophagus. IV. Endings in the tela submucosa and tunica muscularis *[Cats,* **monkeys].** 117522
Structural and functional characteristics of individual phrenic **motoneurons** *[Cats].* 117876
Discharge pattern of medullary respiratory neurones during thermal **polypnea** *[Cats].* 117833
Acid phosphatase and peroxidase in 'resting' acinar cells of the major salivary glands of *cats* and their **possible** movement into secretory granules. 117703
Action of depressant drugs on tympanic **reflexes** *[Cats].* 117566
Hepatic venous compliance and role of liver as a blood **reservoir** *[Cats].* 117538
Administration of [the antibiotic] Chloramphenicol in *cats.* **Serum** concentrations after oral, subcutaneous and intramuscular application. 118647
Potassium movement during hyperpolarization of cardiac muscle **[Sheep,** *cats].* 117814
Intraocular lymphosarcoma: two cases in **Siamese** *cats.* 119111
Abnormal visual resolution in the **Siamese** *cat.* 119192
Ascending pressor and depressor pathways in the *cat* **spinal** cord. 117531
Organization of membrane proteins in the intact myelin sheath. Pyridoxal phosphate and salicylaldehyde as probes of myelin **structure** *[Cats].* 117788
Pharmacologic control of vomiting [Dogs, *cats,* **swine,** primates]. 118550
Scanning, transmission and electron probe analysis of the *cat* **tapetum.** 117886
Cytauxzoonosis-like disease in **Texas** *cats.* 118950

CATTLE
Epizootiology of Dermatophilus [congolensis] infection in *cattle* in the **Accra** Plains of Ghana. 118710
Experiment for control of **actinomycosis** in *cattle.* 119025
Nutritive muscular dystrophy of *cattle.* 6. **Activity** of serum enzymes alkaline phosphatases, aldolases, lactate-dehydrogenases and creatine-phosphokinases in the course of "white muscle disease in young cattle. 119202
Type II ostertagiasis in **adult** *cattle* [Ostertagia ostertagi]. 119012
Reproductive performance of *cattle* as **affected** by fertilizer treatment and grass variety [Effects of feeding]. 118119
Effect of the anthropogenic factor on the transformation of the adaptive response in **aimals** *[Cattle].* 117718
Biometric characteristics and morpho-functional correlations of Brown **Alpine** *cattle* in two ecologically varying zones of the Como province. 117499
Heterosis for maturing patterns in *Hereford,* **Angus** and Shorthorn cattle. 118339
Intradermal reaction in *cattle* with an **antigen** specific of fasciola genus. First trial as a diagnostic method. 118902
Role of milk iron in the development of immunity with the intracisternal introduction of the **antigen** *[Cattle].* 119032
Clinical blackleg [of *cattle]* **associated** with Arizona wild type (AWT) strain of Clostridium carnis. 119047
The use of pyrethrum as an insect repellent in dingo baits [Animal pests of sheep and *cattle* in **Australia].** 117496
Andrological findings in **Australian** *cattle* dog breeding. 119848
The **Austrian** *cattle* market in retrospect and anticipation. 115563
Suitability of serum of pregnant Mongolian mares to improve fertility of **autochthonous** *cattle.* 118374
Beef *cattle* today and tomorrow [Outlook]. 115946
Refeeding wastes to **beef** *cattle.* 117324
Fitting and showing **beef** *cattle.* 117422
Proceedings: 9th **Beef** *Cattle* Field Day, November 8, 1975, Mealani Experiment Station, Kamuela, Hawaii [Husbandry, feeds, feeding, pasture management]. 117472
Rations based on silage of guineagrass (Panmicum maximum Jacq.) for **beef** *cattle* in a feedlot. 118021
Sorghum silage and napiergrass silage for **beef** *cattle* feeding in the dry season. 118023
Nutrient requirements of growing and finishing **beef** *cattle.* 118064
Effects of ration energy and slaughter weight on composition of empty body and carcass gain of **beef** *cattle.* 118090
Influence of roughage level on the site and extent of digestion of whole shelled corn by **beef** *steers.* 118094
Influence of roughage level and corn processing method on the site and extent of digestion by **beef** *steers.* 118095
Influence of roughage level and corn processing method on microbial protein synthesis by **beef** *steers.* 118096
Farm production experiments comparing formalin-treated silage with conventional foods for wintering yearling **beef** *cattle.* 118125
Propionic acid preservation of high moisture corn and its utilisation in **beef** *cattle* feeding [Includes costs]. 118184
Exploiting between-herd genetics **[Beef** *cattle].* 118189
Management tools that increase reproduction in **beef** *cattle.* 118284
Estimated genetic improvement in weaning weight of **beef** *cattle.* 118338
How to select the right one. Fertility check, manage properly [Simmental **beef** *cattle,* bulls]. 118404
Management + Simmental **[beef** *cattle]* makes his dream come true. 118405
Heterosis from crossing two lines of *Herefords* **[Beef** cattle]. 118408
Results of the Missouri crossbreeding project with **beef** *cattle* (September, 1975, phase 2). 118409
Case histories of cerebrocortical necrosis in a **beef** *cattle* farm. 119155
Studies on the extention of the grazing season. 6. Winter grazing on the south side of a snow covered hillland **[Beef** *cattle].* 122103
The utilization of marginal lands for raising **beef** *cattle* [open range management, grazing]. 122144
1975 report; North Missouri Center, Spickard, Missouri [Cultivation of forage crops, **beef** *cattle* breeding]. 122158
Corral & breeding chute **[Beef** *cattle].* 124626
Studies for the installation of a corral for **beef** *cattle.* 124633
Infectious keratitis [Moraxella **bovis]** in *cattle.* 118667
Growth and carcass traits of cattalo, *Hereford,* and **1/4-Brahman** bull calves. 117623
Seasonal variations in coat thickness of *Jersey* **breed** cows and their correlations with milk production. 117907
The Africander *[cattle* **breed]** in the spotlight in Australia. 118188
The exotic boom: improved our beef and broadened our minds *[Cattle* **breeding].** 118196
Do your own A.B. [Artificial **breeding,** *cattle].* 118252
Monitoring fertility of A.I. [Artificial insemination] programs: can non-return rate do the job? *[Cattle* **breeding].** 118285
Cattle **breeding** & fattening in Reunion Island. 118390
Seasonal changes in hair coat (shedding) in *cattle* **breeds** of different ecogenesis. 117728
Red Polls *[Cattle* **breeds].** 118215
Influence of slaughtering weight on carcass characteristics of F1 crossbred young bulls obtained by *Friesian* and **Brown** Alpine dams sired by Red Pied, Piemontese, Romagnola, Chianina and Marchigiana bulls. 118397
Titriplexplasma in the diagnosis of **brucellosis** *[Cattle].* 118666
Serological study on *cattle* **brucellosis** in Dakar slaughterhouses. 118906
Growth and carcass traits of cattalo, Hereford, and *1/4-Brahman* **bull** calves. 117623
Effect of Tentex Forte on sexual weakness resulting from foot-and-mouth disease in exotic *[Jersey]* **bull.** 118730
A sterilizing tail stump sperm defect in a *Holstein-Friesian* **bull** [Defective recessive genes, deep-freezing semen]. 119184
Care and treatment depend on type of **burn** *[Cattle].* 119239
The energy metabolism of young Jersey and *Friesian* **calves** fed fresh milk. 117561
The eyes have it! *[Cattle,* **cancer].** 118444
Fat distribution in *steer* **carcasses** of different breeds and crosses. 1. Distribution between depots. 116936
Basics for a world dairy cattle market *[Holstein-Friesian* **cattle].** 118192
Congenital osteogenesis imperfecta in *Charollais* **cattle.** 119185
Resistance of Corynebacterium pyogenes to **chemotherapy** [in *cattle].* 118840
Field assay of the pesticide [used against ticks on *cattle]* **2-chloro-1-[2,4-dichlorophenyl]** vinyldiethylphosphate. 123664
Some data on genetical nature of ecological differences in the structure of hair **coat** in *cattle.* 118316
Training of officially certified claw attendants [for the care of foot **condition** of *cattle].* 118527
Studies investigating the influence of nutritional factors on the ruminal mucosa. 2. Morphology of the ruminal mucosa after the feeding of fattening rations varying in physical **consistency** *[Cattle].* 117994

Fate of the silica in prairie hay and alfalfa hay **consumed** by *cattle.* 118028
Determination of some hemato-chemical parameters of [dairy] *cattle* for the **control** of milk production. I. Medium-normal values related to Ferrara province. 117845
Performance variation and heritability of milk performance traits in *cattle* and their **correlations** as well as with other economically important characters. 118265
The economic advantages of meat production with **crossbred** *heifers* [Costs]. 115527
The performance of Santa Gertrudis, Sahiwal, *Brahman* and **crossbred** animals in the intermediate savannahs of Guyana. 2. Birth weight and preweaning performance [Cattle]. 117760
A genetic analysis of maturing patterns in straightbred and **crossbred** *Hereford,* Angus and Shorthorn cattle. 118337
Birth and weaning weights of *Herefords* and **crosses** among the Hereford, Highland, and Angus breeds. 117621
Current *cattle* transport study finds little need for change [Regulations]. 115619
Play to your strengths [**Dairy** *cattle* management]. 115334
To test or not to test? [**Dairy** *cattle* management, costs and returns]. 115557
Estimating the shape of the lactation curve [for Holstein and *Jersey* **dairy** cattle]. 117409
Flexibility is the name of the game [**Dairy** *cattle,* rearing]. 117414
Freze branding [**Dairy** *cattle].* 117415
Lessons from America [**Dairy** *cattle* rearing]. 117416
Genotype-environment interaction for milk yield in **dairy** *cattle.* 117455
Notes on agriculture in midwestern USA [**Dairy** *cattle* husbandry]. 117468
The contribution of research to milk production [**Dairy** *cattle,* rearing]. 117471
Development, state and trends of **dairy** *cattle* farming. 117508
Bossy needs exercise too [**Dairy** *cattle].* 117530
Electrophoretic comparison, by cellulose acetate and nitrate, of protidic fractions on healthy **dairy** *cattle* and buffalo serums. 117913
Kale as a feedingstuff [**Dairy** *cattle].* 117964
Potatoes as a stock feed [Silage, **dairy** *cattle].* 117965
Feeding straw and molasses to **dairy** *cattle.* 118018
Lessons from America [**Dairy** *cattle,* feeding]. 118053
The last lesson from America [Feeding **dairy** *cattle].* 118055
Nutrient requirements of **dairy** *cattle.* 118063
High milk yields from dried lucerne [**Dairy** *cattle].* 118066
Straw, a possible solution for the lack of forage [**Dairy** *cattle].* 118107
Don't let your SNF [solids-not-fat] fall [Feeding **dairy** *cattle].* 118123
Grass forage as a concentrate for **dairy** *cattle.* 118126
Research on the use of dehydrated whole maize plant in feeding **dairy** *cattle* for the purpose of producing Parmigiano-Reggiano cheese. 118168
Evaluation of turkey litter silage as a feed source for replacement **dairy** *heifers.* 118174
Basics for a world **dairy** *cattle* market [Holstein-Friesian cattle]. 118192
Factors affecting progesterone in milk for pregnancy diagnosis in **dairy** *cattle.* 118232
How much emphasis should be put on type? [Sire evaluation, **dairy** *cattle].* 118270
Control and safeguarding of udder health of conventionally reared heifers and young cows in preparation of the opening of a **dairy** *cattle* unit for 2,000 animals. 118504
Withdrawal times for products used in **dairy** *cattle* and calves [Drugs]. 118584
Bacterial contamination of indoor air of **dairy** *cattle* barns. 3. Technological factors and their influence on quantitative bacterial contamination. 118826
Improvement of milk quality and mastitis control [**Dairy** *cattle].* 118943
Mastitis control in the United Kingdom [**Dairy** *cattle].* 118944
Milk production by Vermont **dairy** *cattle* after deworming (two dewormings during the first 90 days of lactation). 119052
Milk fever [**Dairy** *cattle,* therapeutic feeding]. 119144
Incidence of ketosis in **dairy** *cattle* stock. 119163
Planning of random sampling in metabolic control of **dairy** *cattle* herds. 119169
Aetiology and pathogenesis of abomasal displacement in **dairy** *cattle.* 119271
Nutritional evaluation of **dehydrated** *cattle* manure using sheep. 118032
Organization of metabolic control in a dairy unit with 2,000 head of *cattle* [**Detection** of disorders]. 119166
The influence of gamete aging on fertilization and embryonic **development** *[Cattle].* 118293
Some points to remember regarding **deworming** of *cattle.* 119057
Clinical application of the progesterone-in-milk test [Pregnancy **diagnosis** in *cattle].* 118230
Turning point for complete **diet?** *[Cattle].* 118057
Active diagnostic lab business reveals feeder interest [Causes of **disease** in *cattle].* 118449
Cattle **disease** guide. 118452
Animal disease incidence in 1974. 1. **Disease** of *cattle.* 118455
The treatment of infection by Dermatophilus congolensis with particular reference to the **disease** in *cattle.* 118717
A method for the isolation of the active principle of Solanum malacoxylon [cause of a calcinotic **disease** of *cattle].* 119228
The fine structure of merozoites of Babesia bovis in the gut epithelium of Boophilus microplus [Ticks as vectors of protozoan **diseases** of *cattle].* 123653
Experimental studies of a method for nonsurgical treatment of leftsided abomasal **displacement** in *cattle.* 119285
Use of progesterone concentrations in plasma and milk in the diagnosis of pregnancy in **domestic** *cattle.* 118239
Mastistis in *cattle:* **early** detection lessens loss. 118668
Cattle **ecological** zoning in the State of Sao Paulo [Breeds, Bos taurus, Bos indicus, crossing]. 118228
Magnificent **English** *cattle* exhibited in Porto Alegre, Brazil. 117515
Nutritive muscular dystrophy in *cattle.* 7. **Epizootiology** of "white muscle disease" in calves fed on milk. 119203
Is brucellosis **eradicated?** *[Cattle].* 118957
Dam-offspring relationships in the *cattle* of the **Estonian** Red breed. 117923
Grading changes oversupply markets with Choice **fed** *cattle.* 115620
Ultrastructural evaluation of parathyroid glands and thyroid C-cells from *cattle* **fed** solanum malacoxylon. 117890
Valuation of molasses [Extraction, processing, used as *cattle* **feed**]. 117180
Straw—the food of tomorrow [**Feed** for *cattle].* 117335
Straw—the food of tomorrow [**Feed** for *cattle].* 117336
Crop residues, their utility as *cattle* **feed.** 117337
Experiments on determining the magnitudes affecting the pressing of *cattle* **feed** with urea additives. 117368
Evaluation of the acceptability of fresh chicken waste: sudax silage vs sudax silage for feeding **feeder** *cattle.* 118116
Use of straw pellets and poultry manure for **feeding** *cattle* [Costs, East Germany]. 115513
The silage additive controversy *[Cattle,* **feeding**]. 118056
Feeding *steers* for show. 118059
The rules of the mineral game [in *cattle* **feeding**]. 118113
A *cattle* **feeding** innovation. 118127
Effect of some factors on the quality of Bulgarian sour milk [Effects of **feeding** *cattle].* 118180
Nitrates in *cattle* **feeding** [Toxicity]. 119235
High, medium and low corn silage diets with and without monensin for **feedlot** *steers.* 118091
Energy utilization by **feedlot** *cattle.* 118135
Diseases of yearling **feedlot** *cattle* in Colorado. 118480
Sudden deaths in yearling **feedlot** *cattle.* 118481
Atypical interstitial pneumonia in yearling **feedlot** *cattle* [Micropolysporum faeni as possible causal agent]. 118780
Bronchiectasis in yearling **feedlot** *cattle.* 118781
Shipping fever pneumonia in yearling **feedlot** *cattle.* 118783
Brisket disease in yearling **feedlot** *cattle.* 119125
Bulling [an abnormal behavioral trait] among yearling **feedlot** *steers.* 119126
Embolic pulmonary aneurysms in yearling **feedlot** *cattle.* 119130
Fatal abomasal ulcers in yearling **feedlot** *cattle.* 119131
Cerebrocortical necrosis in a *cattle* **feedlot.** 119190
Differential diagnosis of adspectory and palpatory abdominal **findings** in *cattle.* 119079
Early diagnosis of non-pregnancy in *cattle:* the **first** eighteen months of a commercial service. 118231
Permanent intestinal **fistulas** in *cattle.* 118441
Liver flukes [Fasciola hepatica] in **Florida** *cattle* cause economic losses to cattlemen. 118689
Red blood corpuscle survival assessed with chromium 51 [isotope] and diisopropyl **fluorophosphate-H3** in *cattle.* 117919
Studies on the incidence, pathogenesis, and prophylaxis of grass tetany of *cattle.* 9. **Further** experiments on the use of magnesium-enriched pelleted coarse feed for. 119180
Morphology and topography of parathyroid **glands** of *cattle.* 117925
Rift Valley Fever [Sheep, **goats** and *cattle].* 118684
Dermatophilus [congolensis] infection in *cattle,* **goats** and sheep in East Africa. 118704
Trailer for *cattle*—**gooseneck** type. 124699
Metabolism, productivity and reproductive ability of *heifers* **grazed** on pasture with different proportion of estrogenically active white clover. 118406
Stocking rate estimates of grasses associated with legumes [Varieties, *cattle* **grazing**]. 121888
Effects of *cattle* **grazing** methods on ponderosa pine-bunchgrass range in the Pacific Northwest. 122163
Progressive retrogression in pasture management? [**Grazing,** *cattle].* 122165
Effect of urea feeding on the blood haemoglobin content of **Haryana** *heifers.* 118074
Cattle-fax **head** reviews happenings that killed early 1976 optimism [Prices]. 115707
Parasites promote problems in maintaining feedlot **health** *[Cattle].* 118687
Leptospirosis can cause **heavy** *cattle* losses. 118688
The efficacy of fenbendazol against Nematodirus **helvetianus** in *cattle.* 118662
Coliform mastitis in pastured *[cattle]* **herds.** 118959
Influence of breed and level of winter supplement on forage intake of range cows *[Hereford,* **Hereford** X Holstein, Holstein]. 118093
Experimental infection with Bovid **Herpesvirus** 2 *[Heifers].* 118984
Birth and weaning weights of Herefords and crosses among the *Hereford,* **Highland,** and Angus breeds. 117621
Influence of breed and level of winter supplement on forage intake of range cows [Hereford, *Hereford* X **Holstein,** Holstein]. 118093
Basics for a world dairy cattle market [**Holstein-Friesian** *cattle].* 118192
Feeding grass straws to *cattle* and **horses.** 118060
Healthy herds for the *[cattle* **husbandry**] complexes [Calf hygiene]. 118570
Feeders have found rapid disease **identification** *[Cattle].* 118450
Why the tail tags for *cattle?* **[Identification].** 118459
Distance from torus pyloricus to papilla duodeni major and from the latter to papilla duodeni minor in European and **Indian** *cattle* [Anatomy]. 117902
Application of a metabolic control program in **industrialized** *cattle* farming units. 119151
Economics of windbreaks and our *cattle* **industry.** 119380
Comparative electron microscopic study of the cysts of Sarcocystis fusiformis (Railliet 1897) in the muscle fibers of naturally **infected** *cattle* and after experimental infections of calves by sporocysts of Isospora hominis and the large forms of Isospora bigemina from cat and dog. 118894
Epidemiological research into Vibrio fetus **infection** in *cattle.* 118648
Antibody class and complement requirement of neutralizing antibodies in the primary and secondary antibody response of *cattle* to **infectious** bovine rhinotracheitis virus vaccine. 118618
Greater attention being paid to the prophylaxis of Hypoderma **infestation** [of *cattle].* 123677
Cutaneous hypersensitivity and isoantibody production in *cattle* **injected** with live or inactivated Anaplasma marginale in bovine and ovine erythrocytes. 118598
Pride in our work [Artificial **insemination,** *cattle].* 118286
Use of dye for technician training and retraining [Artificial **insemination,** *cattle].* 118294
Work results of veterinarians in **intensifying** *heifer* production in Pasewalk district after the VIIIth Socialist Unity Party Congress. 118530
Cutaneous streptothricosis (dermatophilosis) of *cattle* in **Israel.** 118702
Calcium and phosphorus contents in cows milk of the **Italian** *Friesian,* Italian Brown, Reggio and Modena breeds. 116920
Estimating the shape of the lactation curve [for *Holstein* and **Jersey** dairy cattle]. 117409
Contagious bovine pleuropneumonia pathogeny. Receptive state of *cattle* **kept** under heparin. 118899
Treatment for pinkeye in *cattle* **[Keratoconjunctivitis].** 119148
Cattle **kill-floor** efficiency. 117019
Preliminary research about plasmatic kininogens in *cattle* **[Kinin** forming enzymes]. 117577
The movements of minerals in the digestive tract of dry and **lactating** *Jersey* cows. 1. Net movements of Ca, P, Mg, Na, K and Cl [calcium, phosphorus, magnesium, sodium, potassium and chlorine]. 117963
Rearing of *heifers* on **large** [specialized] farms. 117470
Dipterological studies in Hungarian and Afghan **large-scale** *cattle* farms. 123663
Schleswig-Holstein **law** for landscape care [Conservation]. 115981
Relation between the specificity of the adaptive response of *cattle* to **low** environmental temperature and the typological features of higher nervous activity. 117724
Variability of the adaptive response in *cattle* to **low** temperature and its relation to productivity. 117738
Specificity of adaptive resonse of *cattle* to **lower** environmental temperature. 117730
Isolation of nuclei from the lymphocytes of *cattle* **lymph.** 117935
Studies on the incidence, pathogenesis, and prophylaxis of grass tetany of *cattle.* 8. **Magnesium-enriched** pelletized coarse feed for prophylaxis against grass tetany. 119179
Hedging. 3. Selective strategy looks best *[Cattle,* **marketing**]. 115622
Lipid ordering and enzymic activities in chromaffin granule **membranes** *[Cattle].* 117663
Milk progesterone as a parameter for fertility control in *cattle;* **methodological** approaches and present status of application in Germany. 118233
Sulfur supplementation and in vitro digestion of forage cellulose by rumen **microorganisms** *[Cattle].* 117771
Do vaccines & antibiotics **mix?** *[Cattle].* 118686
Montana *cattle* markets. 115723
Six **months** *Friesian* calf production. II. Correlations among some plasma components and weight gain, carcass and fatty acids composition. 117563
Agriostomum vryburgi Railliet, 1902, a **new** *cattle* parasite of the People's Republic of the Congo. 118898
Survey of Dirofilaria immitis infection among dogs at Fort Dix & McGuire Air Force Base, **New** *Jersey.* 119058
Palynology of the Legler lignite: a deposit in the Tertiary Cohansey Formation of **New** *Jersey,* U.S.A. 120253
Dinoflagellates: fossil motile-stage tests from the Upper Cretaceous of the northern **New** *Jersey* coastal plain. 120258
Allelopathy in the first stages of secondary succession on the piedmont of **New** *Jersey* [Ambrosia artemisiifolia, Raphanus raphanistrum, Aster pilosus]. 120309
Effect of anthelminthic administration in **one-year-old** *heifers* during the rainy season. 118670
Changes of the content of lipid and carbohydrate metabolites in the lymph of *cattle* in **ontogenesis.** 117930
Non-surgical embryo transplant in *cattle;* an **outline.** 118447
Description of Rhipicephalus bergeoni n. Sp. (Acarina, Ixodida) of Ethiopia mountains [adults of which are **parasites** of *cattle].* 124423
Needle—not the knife! [Induction of **parturition** in *cattle].* 118251

Are feed concentrates worth while [for *cattle]* on **pasture?** [Effects on milk production]. 118179
Studies on incidence, pathogenesis, and prophylaxis of bovine grass tetany. 7. Use of different magnesium sources in mineral mixes for *cattle* on **pasture.** 119178
Plan now and you'll get grazing *[Cattle,* **pasture** management]. 122034
Grazing management systems for fertilized **pasture** *[Cattle].* 122040
Tests for measuring beef **performance** *[Cattle].* 117391
The performance of Santa Gertrudis, Sahiwal, Brahman and crossbred animals in the intermediate savannahs of Guyana. 2. Birth weight and preweaning **performance** *[Cattle].* 117760
Warble fly eradication in Ireland [Hypoderma bovis, Hypoderma lineatum, *cattle* **pests].** 123637
Relation between adaptive response to high and low temperature and the hair coat structure [in Black **Pied** *cattle].* 117725
Influence of gestation and puerperium on the blood proteinogram of Dutch Black **Pied** *cattle.* 117905
Cygon [insecticide] **poisoning** in *cattle.* 119283
Hedging. 4. Futures strategies show advantages *[Cattle* **prices].** 115623
New light on the fly **problem** *[Cattle].* 123620
A.I. [Artificial insemination] training program and **procedures** *[Cattle].* 118279
What is the *cattle* **producers'** group of Meuse? 115426
A note on the use of kale as a replacement for cereal-based concentrates for milk **production** *[Cattle].* 117971
Relation between heat tolerance, growth and milk **productivity** of *cattle.* 117723
Studies on mating results following detection of Corynebacterium pyogenes in genital secretion of *cattle* with **puerperal** disorder. 118844
Histopathological examinations performed on sesamoid bones from *cattle* with **purulent** podotrochlitis. 119080
Pathogenesis of pyogenic mastitis and prophylaxis [Corynebacterium **pyogenes,** *cattle].* 118835
Relation between some reproductive characters and heat tolerance in *cattle* **reared** under hot climate conditions. 117722
Control and safeguarding of udder health of conventionally **reared** *heifers* and young cows in preparation of the opening of a dairy cattle unit for 2,000 animals. 118504
Model for the analysis of *agricultural-cattle* **rearintg** farms. V. Basic tecnical-economical informations—southern Lowerr Saxony. 115779
Replacement *heifer*—to rear or not to rear. 117417
Ruminant nutrition **research,** 1974 *[Cattle].* 118151
Controlled breeding in *cattle:* a **review.** 118242
Studies on simultaneous vaccination of *cattle* against **rinderpest** and foot and mouth disease. 118756
Incidence of Agriostomum vryburgi Railliet, 1902, in *cattle* in **Rio** de Janeiro State (Nematoda, Ancylostomidae). 118897
Design and analysis of mixed grazing experiments [with *cattle* and **sheep].** 117393
Care of hoof of *cattle* and **sheep.** 117511
Effects of prolonged cold and the outdoor winter environment on apparent digestibility in **sheep** and *cattle.* 117622
Cellulose acetate electrophoresis of soluble lens proteins of different species of mammals; the use of discontinuous buffer systems [Rats, mice, *cattle,* **sheep].** 117633
Studies on the occurrence of isozymes of alkaline phosphatase in various tissues of *cattle* and **sheep.** 117861
Studies on the characterization of straw pellets. 10. Methodological studies on the in vitro investigation of different kinds of straw *[Cattle,* **sheep].** 118003
Ruminant nutrition research, 1973 **[Sheep,** *cattle].* 118150
The value of grass in reducing farm wintering costs in Hawke's Bay **[Sheep,** *cattle].* 118154
Artificial insemination and estruc synchronization in ruminants **[Sheep,** *cattle].* 118368
Clinical importance of ketogenic and antiketogenic factors *[Cattle,* **sheep].** 119204
Australian model of parasite control baths *[Cattle,* **sheep,** ectoparasites]. 123642
A genetic analysis of maturing patterns in straightbred and crossbred Hereford, Angus and **Shorthorn** *cattle.* 118337
Heterosis for maturing patterns in Hereford, Angus and **Shorthorn** *cattle.* 118339
Are beef *[cattle]* **shows** in for some hard times? 117469
Fractional composition of serum proteins of *cattle* **sick** with leucosis. 118545
Feeding of sugarbeet top **silage** *[Cattle].* 118024
New index for selecting **sires** *[Cattle].* 118190
Some structural peculiarities of *buffalo-heifer* **skin.** 117920
Hedging. 2. Hedged and unhedged show losses **[Slaughter** *cattle* prices]. 115621
The rotating aeration (system Fuchs) for treatment of liquid animal and municipal wastes. 3. Hygienic investigations during rotating aeration of **slurry** from *cattle.* 125393
Intensification and concentration of production on *cattle* **state** farms. 115360
Evaluation of the udder in Red **Steppe** *cattle* in relation to machine milking. 117933
A mycoplasma—abortion link? [Ciliostasis, **sterility** in *cattle].* 118589
Action to improve reproduction of *cattle* **stock** in Gera district. 118371

A.I. [Artificial insemination] training for technicians and farmer **technicians** *[Cattle].* 118280
Importance of developmental conditions in the formation of the type of adaptive response to low environmental **temperature** in *cattle.* 117719
Hereditary conditionality of the type of response to lower environmental **temperature** in *cattle.* 118315
Effect of temperature conditions for individual development on the formation of productive qualities and specificity of **thermoregulation** in *cattle.* 117717
Modifying effect of daily milk yield on heat **tolerance** in *cattle.* 117720
The role of different mechanisms of thermoregulation in heat **tolerance** of *cattle.* 117736
Curtiss Breeding Service A.I. [Artificial insemination] **training** *[Cattle].* 118283
Technician and herdsman inseminator **training** *[Cattle].* 118289
Factors affecting feedlot performance and carcass **traits** in *steers.* 118117
Tropical *cattle* nutrition under grazing range conditions in the Sahel: measurement of the dry matter intake and estimation of digestibility and feeding value of forages. I. Theoretical basis, purposes and methods. 118158
Research of Koch bacillus in **tuberculous** *cattle* muscles and blood. 118905
Identical **twin** *heifer* calves wanted. 118253
Relation of heat tolerance of *cattle* with **typologic** features of the higher nervous activity. 117727
A technical description of three [ornamental plant] propagating **units** in *Guernsey.* 122211
Gas-liquid chromatographic determination of iodofenphos [pesticide] and several related compounds in tissues and **urine** of *cattle.* 123720
Mineral quality from the viewpoint of the practitioner [Feed supplements, nutritive **value,** *cattle].* 118161
Pulmonary arterial thrombo-embolism and pulmonary arterial mycoticaneurysms in *cattle* with **vena** caval thrombosis: a condition resembling the Hughes-Stovin syndrome. 119136
Bulls vs *steers* for slaughter: an evaluation of feedlot and carcass differences. 118128
Determination of antibodies in infectious bovine rhinotracheitis-infectious pustular **vulvovaginitis** of *cattle.* 118876
Alternative grazing systems in **Wales** *[Cattle].* 118052
Effect of anthelminthic residual action in **weaned** *heifers* in the dry season. 118669
Latest developments in planned hypodermosis control *[cattle* and **yak]** in the Mongolian People's Republic. 118831
Seasonal changes and topographic features of the hair coat in nothern indigenous **(Yakut)** *cattle.* 117729
Determination of the body mass of **young** *cattle* on large farms by chest girth. 117501
The energy metabolism of **young** *Jersey* and Friesian calves fed fresh milk. 117561
Experience in rearing of **young** *cattle* [Hygiene, prophylaxis]. 118569
Nutritive muscular dystrophy of cattle. 6. Activity of serum enzymes alkaline phosphatases, aldolases, lactate-dehydrogenases and creatine-phosphokinases in the course of **"white muscle disease in young** *cattle.* 119202
Effect of stocking rate on pasture production under irrigation and growth of **young** *cattle* [Grazing]. 122062
Reproductive performance of Zebu compared with *Charolais* X **Zebu** females in a humid tropical environment. 118211
Major breeds of **zebu** *cattle* from India and its utilization in breeding work. 118313

CATTLEMEN

American *cattlemen* continue to suffer [Meat import infringements]. 115708
Liver flukes [Fasciola hepatica] in Florida cattle cause economic **losses** to *cattlemen.* 118689

CAUDAL

Stimulation of the rabbit hypothalamus: *caudal* **projections** to respiratory and cardiovascular centres. 117831

CAULERPA

Phylogenetic relationships of *Caulerpa* **(Chlorophyta)** based on comparative chloroplast ultrastructure. 120774

CAULIFLOWERS

Further investigations on the property of chromatins from apical and axial parts of *cauliflower* **inflorescence.** 121643
Cauliflowers under the **microscope** [New varieties, Great Britain]. 122328
How to **pinpoint** *cauliflower* profit. 115503
Studies on the chemical changes induced by the infection of the rootknot nematode (Meloidogyne incognita) in tomato & eggplant & the stunt nematode (Tylenchorhynchus brassicae) in cabbage & *cauliflower* **roots.** 122951
Effect of the time of seedling raising on the **yield** of *cauliflower.* 122282

CAVARIELLA

Relations of the semi-persistent viruses, parsnip yellow fleck and anthriscus yellows, with their vector, *Cavariella* **aegopodii.** 122816
The role of the helper virus, anthriscus yellows, in the transmission of parsnip yellow fleck virus by the **aphid** *Cavariella* aegopodii. 122817

CAVES

A contribution to the knowledge of the Collembolan fauna in the **Domica** *Cave* (SE [southeast] Slovakia) [New taxa]. 124468
Neurosecretory activity as related to feeding, mating, and oogenesis in the **female** *cave* tick, Ornithodoros tholozani. 124048

CAVITIES

Male sterility caused by cooling treatment at the young microspore stage in rice plants. XIV. Floating tapetal materials in the **locular** *cavity.* 120533
Tritichomonas suis: isolation, morphology and incidence in the **nasal** *cavity* of domestic swine from Rio Grande do Sul. 118914

CAYENNE

Effect of the nematode Pratylenchus brachyurus on the growth, nutrition and yields of **"Smooth** *Cayenne"* pineapple. Influence of fertilizer placement. 122928

CECROPIA

Activity of the C-18 **Hyalophora** *cecropia* synthetic juvenile hormone in Locusta migratoria, with special reference to the age of the solutions. 123846
The interaction of juvenile hormone and ecdysone: antagonistic, synergistic, or permissive? **[Hyalophora** *cecropia,* Oncopeltus fasciatus]. 123957
Emergence of **Hyalophora** *cecropia* (Saturniidae) blocked by seeds in the cocoon valve. 124060
Recurrent stereospecific synthesis of structures related to those of **Hyalophora** *cecropia* juvenile hormone. 124163
Follicle cell protein synthesis and its contribution to the yolk of the *Cecropia* **moth** oocyte. 123876

CECUM

Effect of *caecal* **coccidiosis** on haematological indices in chickens. 2. Changes of haematological indices after the invasion of non-immunized chicks [by Eimeria tenella]. 118929
Effect of *caecal* **coccidiosis** on haematological indices in chickens. 3. Changes of haematological indices after the invasion of immunized chicks [by Eimeria tenella]. 118930
Cellulolytic activity in *cecum* **content** of mice, rats, Syrian hamsters, guinea pigs and rabbits. 117959
Distribution of lymphatic tissues in **duck** *caeca* [Immunolbiological studies]. 117841

CEDARS

The state of the *cedar* **[Cedrus** libani] forests in Lebanon. 119300

CEDRUS

Susceptibility of some conifer species [Pinus, *Cedrus,* **Cupressus]** to damping off [a fungal disease caused by Fusarium species]. 122592
The state of the cedar *[Cedrus* **libani]** forests in Lebanon. 119300
Conifers under test *[Cedrus* **libani,** reforestation]. 119573

CEIBA *see* BOMBACACEAE

CELERIO

Formation of subitaneous puppae at *Celerio* **euphorbiae** euphorbiae, a photoperiodically controlled primary process (Lepidoptera, Sphingidae). 123897
Isolation mechanisms and species conservation in the **genus** *Celerio* (Lepidoptera, Sphingidae). 124293

CELERY

Enhancement by low pH [hydrogen-ion concentration] of gibberellin effects on **dormant** *celery* seeds and embryoless half-seeds of barley. 121746

CELLOPHANE

Cellophane-tape for making **rapid** permanent squash preparations of plant material. 119909
Internal stresses within **rolls** of *cellophane.* 119817

CELLS

Substrate specificity of *intracellular* **acid** RNAse from Aspergillus clavatus [Fungi]. 120947
Acid phosphatase and peroxidase in 'resting' **acinar** *cells* of the major salivary glands of cats and their possible movement into secretory granules. 117703
Use of preformed cell aggregates and layers to measure tissue-specific differences in *intercellular* **adhesion** [Chick embryos]. 117651
Alar *cells* of Rhacomitrium lawtonae [Musci]. 119980
Rates of growth, respiration and photosynthesis of *unicellular* **algae** as related to cell size: a review. 121213
A theoretical analysis of the contribution of **algal** *cells* to the attenuation of light within natural waters. III. Cylindrical and spheroidal cells. 121303
The repair of the surface structure of **animal** *cells* [Chick embryos]. 117804

Comparative study of metiazinic acid cytotoxicity for **animal** *cell* and plant cell. 119229
Extracellular **antigens** of Moraxella bovis [the principal cause of infectious bovine keratoconjunctivitis]. 118602
Rearing of transplanted larvae in **artificial** *queen-cell* cups in a queenright colony [Apis mellifera]. 124580
Distribution of bound hydroxyproline & *cell-wall* **associated** homospermidine in the leaves of sandal, Santalum album L. 121129
Nonpermissive infection of L *cells* by an **avian** reovirus: restricted transcription of the viral genome [Chicken embryo fibroblasts]. 118806
Electron microscopy and X-ray photoelectron spectroscopy of oxygen plasma-etched bacterial spores and *cells* [**Bacillus** megaterium, Bacillus subtilis, Micrococcus lysodeikticus]. 120542
Production of cell-bound proteinase by Lactobacillus bulgaricus and its location in the **bacterial** *cell* [Preparation of fermented milk products]. 116889
Light and electron microscope studies of cytoplasmic aggregates formed in **barley** *cells* in response to Erysiphe graminis. 122589
Further studies on the *intracellular* **behavior** of Torulopsis glabrata [Yeasts]. 121144
Distribution of *multicellular* **benthic** algae in an eutrophic ditch [Ecology]. 120358
Intracellular **calcium** reservoirs in Calliphora salivary glands. 123924
Reconstruction of a single **calcium-sodium** *cell* canal in a lipid bilayer [Algae, Nitella flexilis, Nitellopsis obtusa. 121036
Changes in soluble proteins in **callus** *cells* of hypersensitive tobacco inoculated with tobacco mosaic virus. 122838
Partial purification of intra- and *extra-cellular* **cellulases** from Pyricularia oryzae [Fungi]: with reference to optimum pH [hydrogen-ion concentration] at alkaline side. 120860
The occurrence of ethanolamine and galactofuranosyl residues attached to Penicillium **charlesii** *cell* wall saccharides [fungi]. 120923
Cyclic nucleotides, *intracellular* **chemical** mediators [Animal biology, enzymes]. 117912
Infection of **chick** *cells* by subgroup E viruses. 119039
Mineral nutrition of cultured **chlorophyllous** *cells* of tobacco. IV. Kinetic studies of K [potassium] and Mg [magnesium] uptake by the cells. 121534
Cell **clones** and pattern formation: genetic eye mosaics in Drosophila melanogaster. 124169
Cell-wall **column** chromatographic identification of the native cell-wall acid phosphatase of cultured tobacco cells. 121532
Cellular **composition** during recovery from chronic protein deprivaton in gastrocnemius muscle in rats. 116500
Determination of the *cell* **count** of a yeast suspension and computation of the yeast dose by means of a nomogram [Fermentation]. 116796
Is the nexus necessary for *cell-to-cell* **coupling** of smooth muscle? [Dogs]. 117813
Development of a *cell* **culture** line of bovine fetal endometrial cells. 117545
Inhibition of proteoglycan biosynthesis by hyaluronic acid [from the vitreous humor of fresh bovine eyes] in chondrocytes in *cells* **culture.** 117595
Bioassay of local mareks disease agent in *cell* **culture.** 118743
Ultrastructural localization of acetylcholinesterase in **cultured** *cells.* I. Embryo muscle [Chick embryos]. 117812
Cultured *cell* genetics. 120723
Morphological effects and metabolism of the molting hormone in Aedes aegypti **cultured** *cells.* 123983
Neutralization of a transmissible gastroenteritis virus of swine by colostral antibodies elicited by intestine and *cell* **culture-propagated** virus. 118604
Experiment on the isolation of tumor viruses from *cell* **cultures** of human neoplasms by inoculation into chicks. 118677
SEM [scanning electron microscopy] of vesicular stomatitis virus infection in *cell* **cultures** grown on aluminum foil [Venezuelan equine encephalomyelitis virus]. 118726
Cell **cultures** derived from the developing adults of three species of ticks, by a simplified technique [Haemaphysalis spinigera, Haemaphysalis obesa, Rhipicephatus sanguineus]. 123636
Movements and *cellular* **deformations** during evagination of Drosophila imaginal discs. 123851
Effects of mechanical impedance on *cell* **development** in young barley roots. 121414
Cellular **differentiation** of terminal regions of trichomes of Oscillatoria princeps (Cyanophyceae) [Algae]. 120496
Cell **differentiation** without morphogenesis in Dictyostelium discoideum [Fungi]. 121294
Correlation between protein content and *cell* **elongation** in setae of Lophocolea heterophylla [Hepaticae] sporophytes. 121186
Effect of 5-bromodeoxyuridine on the appearance of cytoplasmic poly-A containing RNA [Chick **embryo** *cells].* 117802
Configurational variants of oncornavirus RNAs [Chicken **embryo** *cells].* 118801
Study on the replication of the Aujeszky's disease virus using the immunofluorescence method [Chick **embryo** *cells].* 118998
Nucleic acids synthesis of nuclear polyhedrosis virus in cultured **embryonic** *cells* of silkworm [Bombyx mori]. 124482
Aldehyde-fuchsin staining of antral **endocrine** *cells* [Cats]. 117707
Development of a cell culture line of bovine fetal **endometrial** *cells.* 117545
The connection between active monosaccharide transport and *cell* **energy** metabolism of higher plants. 121385
Effect of spruce root constituents on *extracellular* **enzymes** of Fomes annosus [Picea abies]. 122697
2-deoxyglucose transport by intestinal **epithelial** *cells* isolated from the chick. 117815
Ultrastructure of glandular **epithelial** *cells* in the endometrium of the ewe during the estrous cycle and early pregnancy. 117892
Annulate lamellae in hindgut **epithelial** *cells* of Isopoda [Armadillidium vulgare]. 124123
Structural microtubules in hindgut **epithelial** *cells* of the mosquito [Culex pipens]. 124130
Origins of chromatin acidic proteins of avian **erythroid** *cells.* 117739
Replicas of cut surfaces of apples as an aid in **estimating** *cell* size and cell number. 120492
Allo-aggression in chickens. II. *Cellular* **expression** of the AA gene products [Immunogenetics]. 118586
The relation between villus formation and the pattern of *extracellular* **fibers** as seen by scanning microscopy [Chick embryos]. 117650
Duck plague virus replication in Muscovy duck **fibroblast** *cells.* 118624
Physical and chemical characterization of an avian reovirus [Chicken embryo **fibroblast** *cells].* 118807
Circulating lipophages and aortic **foam** *cells* in experimental atherosclerosis of [cholesterol-fed] rabbits under altered reticuloendothelial activity. 116493
Follicle *cell* protein synthesis and its contribution to the yolk of the Cecropia moth oocyte. 123876
Localization of antibacterial activity and hydrolytic enzymes in *subcellular* **fraction** of rabbit and chicken polymorphonuclear leukocytes. 118793
Contribution of the *cell* **fractionation** to the study of protein bodies, spherosomes, microbodies and microsomes of seeds. 121084
Distribution of enzyme activities in *subcellular* **fractions** of bovine retina. 117784
Stereo electron microscopy of **freeze-fractured** *cells* reveals the three-dimensional continuity of tobacco mosaic virus crystals. 122864
Lipid vesicle-cell interactions. II. Induction of *cell* **fusion** [Chicken blood]. 117801
Changes of hexosamine and acetyl contents during cultivation of *extracellular* **galactosamine-containing** polymer from Aspergillus parasiticus [Fungi]. 120855
Giant *cell* pneumonia associated with lungworm [Metastrongylus apri, Metastrongylus saline] infection in pigs. 118731
The membrane potential of the prothoracic **gland** *cells* in Galleria mellonella. 124191
Role of insulin, thyroxin and cortisol in luteinization of porcine **granulosa** *cells* grown in chemically defined media. 117612
Granulosa *cell* tumor in a broodmare. 119133
Periodicity of *multicellular* **green** algae. 120307
Genesis of mitochondria in **growing** *cells* of the maize root: Reorganization of the electrotransporting chain. 121485
In vitro binding of sterols by extracts from Mucor rouxii [Fungi] *cells* **grown** under different environmental conditions. 120985
Calcium regulation in **heart** *cells.* The interaction of mitochondrial and sarcoplasmic reticulum with troponin-bound calcium [Dogs]. 117659
Light-induced enzyme synthesis in cell suspension cultures of Petroselinum hortense [parsley]. Demonstration in a **heterologous** *cell-free* system of rapid changes in the rate of rapid changes in the rate of phenyalanine ammonia-lyase synthesis. 121642
Effect of starvation on pituitary growth **hormone** *cells* and blood growth hormone and prolactin levels in the rat. 116495
Initiation of resistance and **host** *cell* collapse in the hypersensitive reaction of oat leaves against Puccinia coronata avenae. 122707
Effect extracts of the venom gland of the recluse spider, Loxosceles laeta, on **human** *cells* in culture. 123670
The role of the gas phase in the greening and growth of **illuminated** *cell* suspension cultures of spinach (Spinacia oleracea, L.). 121688
Cellular **immunity** in Listeria [monocytogenes] sensitized young chickens: assayed by an agarose drop macrophage migration inhibition test. 118821
Permeability of a cell junction during *intracellular* **injection** of divalent cations [Chironomus thummi]. 124068
Hormonal studies of uridine utilization in an **insect** *cell* line CP-1268 derived from the codling moth Laspeyresia pomonella. 123967
Permeability of a *cell* **junction** during intracellular injection of divalent cations [Chironomus thummi]. 124068
Permeability of a *cell* **junction** and the local cytoplasmic free ionized calcium concentration: a study with aequorin [Chironomus thummi]. 124069
Cell **junctions** in the hepatopancreas of the isopod, Armadillidium vulgare. 124125
Genetic control of chick helper factor in *cells* which **lack** natural group-specific antigen of avian leukosis. 118422
Localization of chloride in **leaf** *cells* of the halophyte Suaeda maritima by silver precipitation. 121304
Ultrastructural changes in **leaf** *cells* of Chenopodium quinoa infected with potato virus S. 122856
Serologic characterization and identification of four **lepidopteran** *cell* lines [Choristoneura fumiferana, Malacosoma disstria]. 123863
An interpretation of dose-response curves for **light-induced** *cell* elongation in fern protonemata [Onoclea sensibilis Dryopteris filix-mas]. 120863
Lipid *vesicle-cell* interactions. I. Hemagglutination and hemolysis [Sheeep erythrocytes]. 117800
Lipid *vesicle-cell* interactions. II. Induction of cell fusion [Chicken blood]. 117801
The effect of stimulating rates of ionizing radiation on the stability of **liver** *cell* mitochondria in chick embryos and young chickens. 117950
Use of sucrose-glycerol density gradients in the preparation of **living** *cells* for high-resolution complementary freeze-fractured specimens [Tobacco]. 120560
Subcellular **localization** of the F1 and F2 isozymes of horse liver aldehyde dehydrogenase. 117572
Subcellular **localization** of the oleyl-CoA [coenzyme A] desaturase activity in pea leaves. 121645
Subcellular **localization** of 3-hydroxy-3-methylglutaryl coenzyme A reductase and other membrane-bound enzymes in sweetpotato roots [healthy and infected with Ceratocystis fimbriata]. 121760
Plasma-membrane components can be removed from isolated [pig] lymphocytes by the bile salts glycocholate and taurocholate without *cell* **lysis.** 117583
Extracellular **lysis** of the bluegreen alga Phormidium luridum by Bdellovibrio bacteriovorus [Biological control agents to regulate algal populations]. 123094
Genetics of *multicellular* **marine** algae. 120604
An unusual method for culture of *unicellular* **marine** algae [on various paper substrates]. 121198
Bovine reaginic antibody. I. Rat **mast** *cell* degranulation by bovine allergic serum. 118766
Biopsy cytology of **mast** *cell* tumour. 119210
Stimulation of corneal differentiation by interaction between cell surface and *extracellular* **matrix.** II. Further studies on the nature and site of transfilter "induction" [Chick embryos]. 117648
Scanning electron microscopy and microdissection of single Drosophila **[melanogaster]** *cells.* 124128
Ultrastructural changes in the root **meristem** *cells* of Rubus chamaemorus L. (Cloudberry). 120555
Influence of Verticillium albo-atrum Rke et Berth. On the course of mitosis in apical **meristem** *cells* of lucerne (Medicago media Pers.) roots. 122618
Chromosome aberrations in root **meristematic** *cells* after treatment with [the mutagen] NMH (N-methyl-N-nitrosourea). 120659
The influence of a protein synthesis inhibitor on the acceptance and eventual dependance of the **meristematic** *cells* of Allium sativum L. [Garlic] on dimethylsulfoxide. 121596
The possible differentiation of osteogenic elements in vitro from [embryonic] chick limb **mesodermal** *cells.* I. Morphological evidence. 117649
On the mechanism of **microbial** *cell* destruction during ballistic disintegration processes [Schizosaccharomyces pombe, Candida utilis, yeasts]. 121044
[Pig] platelet tubulin and [bovine] brain tubulin antibodies: immunofluorescence of *cell* **microtubules.** 117644
Genetic control of the response of chicken leukocytes to a *t-cell* **mitogen** [Immunoglobulins]. 118378
The theme (**mitotic** *cell* division) and the variations (protists): implications for higher taxa. 120292
Histochemical characterization of the **monoamine-containing** *cells* of the adenohypophysis in the Chinese quail. 117708
Characteristics of Sindbis virus temperature-sensitive mutants in cultured BHK-21 [baby hamster kidney] and Aedes albopictus **(mosquito)** *cells.* 123641
Immunoperoxidase localization of Sindbis virus antigen in infected vertebrate and infected **mosquito** *cells* [Culicidae]. 123659
Microtubules and *cell* **movements** in the islets of imaginal histoblasts of the abdominal epidermis in Calliphora erythrocephala (Diptera). 123850
Quantity of *cells* of the **mucous** membrane of the small intestine in irradiated mice as an index of the protection degree of this organ by radioprotectors. 119233
Interactions of vesicular stomatitis virus with **murine** *cell* surface antigens. 118804
Biochemical and physiological differences between avian ALD and PLD [anterior and posterior latissimus dorsi] **muscle** *subcellular* fractions [Chickens]. 117643
CAMP [cyclic adenosine monophosphate] and cGMP [cyclic guanosine monophosphate] changes associated with the differentiation of cultured chick embryo **muscle** *cells.* 117672
The **mycelial** *cell* wall of Penicillium charlesii G. Smith NRRL 1887 [Fungi, chemistry]. 120937
Cell-wall column chromatographic identification of the **native** *cell-wall* acid phosphatase of cultured tobacco cells. 121532
Study of the *cellular* **necrosis** and wing morphogenesis in some Lepidoptera. 123854
The composition of the medial **neurosecretory** *cells* of the pars intercerebralis in Calliphora and Lucilia adults. 124181
Cytoplasmic changes during and after infection of soybean root **nodule** *cells* with rhizobia [Nitrogen-fixing bacteria, Rhizobium japonicum]. 121530

Composition of chromatin in *cellular* **nuclei** and the modification of histones in maize heterotic hybrids. 120698
Replicas of cut surfaces of apples as an aid in estimating cell size and *cell* **number.** 120492
Apparent propagation of the equine infectious anemia virus in a mosquito (Culex pipiens quinquefasciatus Say) **orvarian** *cell* line. 123597
Studies on the alpha-adrenergic activation of hepatic glucose output. I. Studies on the alpha-adrenergic activation of phosphorylase and gluconeogenesis and inactivation of glycogen synthase in isolated rat liver **parenchymal** *cells.* 117796
Growth and *cell* **pattern** formation on an axis: critique of concepts, terminology, and modes of study. 120425
Cellular **patterns** of postmortem glycogenolysis in longissimus dorsi muscles of pigs at different live weights. 117006
Nuclear polyhedrosis virus replication in **permanent** *cell* lines of the cabbage moth (Mamestra brassicae L.). 123426
Effect of bovine parvovirus replication on DNA, RNA, and protein synthesis in S **phase** *cells.* 119038
A line of ring-necked **pheasant** *cells* susceptible to infection by avian oncornaviruses. 119037
Comparative study of metiazinic acid cytotoxicity for animal cell and **plant** *cell.* 119229
Differential staining of tannin in sections of epoxy-embedded **plant** *cells* [Pseudotsuga menziesii, Pinus taeda]. 120569
The grass Zingeria [biebersteiniana] with a low chromosome number—a new model object for the culture of **plant** *cells* and tissues [Effect of mutagenic agents on ploidic composition of populations]. 120624
The transfer and expression (transgenosis) of foreign genes in **plant** *cells,* reality and potential. 120757
Papillae and related wound plugs of **plant** *cells.* 122903
Unnatural union of *[cells* of] **plants** and animals. 121309
Prevention of the hypersensitive reaction of **potato** *cells* to infection with an incompatible race of Phytophthora infestans by constituents of the zoospores. 122712
Use of **preformed** *cell* aggregates and layers to measure tissue-specific differences in intercellular adhesion [Chick embryos]. 117651
Assay of bovine interferons in cultures of the **procine** *cell* line IB-RS-2 [Comparative test of different viruses]. 118759
Cell **production** by [maize] root caps. 121526
Cellular **proliferation** and Mullerian duct differentiation in the female chick embryo. 117619
Cell **proliferation** in the gonads of triploid intersexes of drosophila melanogaster (Diptera). 123847
Production of *single-cell* **protein** by the cultivation of yeast [Candida utilis] in anaerobic digester supernatant supplemented with carbohydrates. 116722
Production of *cell-bound* **proteinase** by Lactobacillus bulgaricus and its location in the bacterial cell [Preparation of fermented milk products]. 116889
The role of *cell* **proteinases** in the biogenesis of mitochondria [in yeast, Saccharomyces cerevisiae]. 121039
The masking mechanism studies by means of rabbit and sheep **red** *cells.* The hypothesis of blocking of some access structures. 117565
Phosphate compounds in **red** *cells* of the chicken and duck embryo and hatchling. 117630
The genetic control of **red** *cell* glutathione deficiencies in Finnish Landrace and Tasmanian Merino sheep and in crosses between these breeds. 118333
Nitrate reductase inactivating factor from **rice** *cells* in suspension culture. 121535
Golgi apparatus secretion of vacuolar substances in maize **root** *cells.* 120544
Invasion of soybean **root** *cells* in culture by Rhizobium japonicum [Changes in the morphology]. 120546
Effects of cytochalasin B on the Golgi apparatus of maize **root** *cells.* 121550
Isolation and purificaton of the sexual agglutination substance of mating type a *cells* in **Saccharomyces** cerevisiae [Yeast]. 120587
Cjompartmentalization of magnesium and orthophosphate ions in *cells* of **Saccharomyces** carlsbergensis. 121026
Structural mutations of chromosomes in the **second** *cell* cycle during radiation and chemical mutagenesis [of Crepis capillaris]. 120623
Mobility restriction in vivo of the heavy ribosomal subunit in a **secretory** *cell* [Chironomus tentans]. 124022
Ultrastructural aspects of **seed** *cells.* Relations between ultrastructure and function. 120463
Demonstration of follicle stimulating hormone (FSH) activity in hypophyseal extracts of various vertebrates by the response of the **Sertoli** *cells* of the chick. 117696
Single *cell* proteins from cellulose and hydrocarbons [Fungi, bacteria]. 116750
Rates of growth, respiration and photosynthesis of unicellular algae as related to *cell* **size:** a review. 121213
Relationship between photosynthesis and *cell* **size** of marine diatoms [Algae]. 121214
The effect of **somatic** *cells* on the reference method for the determination of dirt in milk. 116218
Counting **somatic** *cells* in milk with a rapid flow-through cytophotometer. 116892
Research [tests] on the presence of subclinical bovine mastitis accomplished by means of **somatic** *cell* counting of bulk milk with the Autoanalyzer II-OSCC (optic somatic cell counter) in the province of Parma. 118946
Incorporation of tritiated thymidine in germinal and **somatic** *cells* of the onion fly, Hylemya antiqua (Diptera: Anthomyidae), as determined by autoradiography. 123889
UV [ultraviolet]-induced mitotic recombinations in **somatic** *cells* of Drosophila melanogaster. 124090
Localization of glycogen phosphorylase in **specific** *cell* types during differentiation of Dictyostelium discoideum [Fungi]. 120902
A theoretical analysis of the contribution of algal cells to the attenuation of light within natural waters. III. Cylindrical and **spheroidal** *cells.* 121303
DNA synthesis in rabbit **spleen** *cell* populations stimulated by various doses of concanavalin A. I. Autoradiographic analysis. 117673
DNA synthesis in rabbit **spleen** *cell* populations stimulated by various doses of concanavalin A. II. Equilibrium density sedimentation analysis. 117674
Silica incorporation in the cel wall of the **stinging** *cell* of Urtica dioica. 120550
The regulation of silica incorporation into the **stinging** *cell* wall of Urtica Pilulifera. 120554
Changes of *cell* **structure** of wheat and barley after granulation; investigations made with electron scanning microscopy. 117136
Effect of storage temperature on *cell* **structure** in post-harvested asparagus spears—light and electron microscopic study. 117284
Cell to **substratum** adhesion-promoting activity released by normal and virus-transformed cells in culture [Chicken, mouse, and rat fibroblasts]. 117799
Stimulation of corneal differentiation by interaction between *cell* **surface** and extracellular matrix. II. Further studies on the nature and site of transfilter "induction" [Chick embryos]. 117648
Cell **surface** mannosyl transferase activity in the liver of embryonic chick: a mannose containing glycolipid as intermediate in glycoprotein synthesis. 117850
Electrogenic pumps in *cells* of the **suspension** culture of Nicotiana tabacum [Tobacco]. 121446
Substrate specificity of flavanone synthase from *cell* **suspension** cultures of parsley and structure of release products in vitro. 121602
Light-induced enzyme synthesis in *cell* **suspension** cultures of Petroselinum hortense [parsley]. Demonstration in a heterologous cell-free system of rapid changes in the rate of rapid changes in the rate of phenyalanine ammonia-lyase synthesis. 121642
Regeneration of plants from *cell* **suspensions** [of carrot, Datura, tobacco and soybean] frozen at -20, -70 and -196 degrees C [Celsius]. 121528
The cytoplasmic RNA in the shoot apex of Chrysanthemum segetum L.: concentration, amount per *cell* and **synthesis.** 121597
Failure of a *cell-free* **system** from rabbit reticulocytes to remove iron from transferrin. 117582
On the immunological detection of thyroglobulin peptides synthesized in *cell-free* **system** [Sheep thyroid glands]. 117600
Study of ringerpest virus (tissue culture adapted strain) with reference to its infectivity and plaque formation in different *cell* **system.** 118739
Cytopathic effect of tissue culture adapted strain of rinderpest virus in different *cell* **systems.** 118729
Ultrastructural evaluation of parathyroid glands and **thyroid** *C-cells* from cattle fed solanum malacoxylon. 117890
Toxic effects of lead on growth & metabolism of germinating rice (Oryza sativa L.) seeds & on mitosis of onion (Allium cepa L.) root **tip** *cells.* 122952
Adipose **tissue** *cell* size and lipolysis in the rat: response to exercise intensity and food restriction. 116418
A new hypothesis of contact guidance in **tissue** *cells* [Chick heart fibroblasts]. 117671
Cell-wall column chromatographic identification of the native cell-wall acid phosphatase of cultured **tobacco** *cells.* 121532
Scanning electron microscopy of syncytial **transfer** *cells* induced in [soybean, tobacco] roots by cyst-nematodes [Heterodera glycines, Heterodera tabacum]. 122716
The chick chorioallantoic membrane as a model system for the study of tissue invasion by viral **transformed** *cells.* 118674
Cell-free **translation** of foot-and-mouth disease virus RNA into identifiable non-capsid and capsid proteins. 118787
Cell-free **translation** of virion RNA from nondefective transformation-defective Rous sarcoma viruses. 118800
An ultrastructure study of **tumor** *cells* of Haworthia [variegata] plants induced by 2,4-D [(2,4-dichlorophenoxy) acetic acid]. 120537
Agglutination of human erythroytes and ascites **tumor** *cells* of the mouse by using extracts of the European mistletoe (Viscum album L.). 120847
Fine structural and biochemical investigations of pheochromocytomas in bulls with *C-cell* **(ultimobranchial)** neoplasms of the thyroid (UBT). 119187
Mineral nutrition of cultured chlorophyllous cells of tobacco. IV. Kinetic studies of K [potassium] and Mg [magnesium] **uptake** by the *cells.* 121534
Insect virus infection of a poikilothermic **vertebrate** *cell* line: electron microscopy [Chilo iridescent virus]. 124127
The introduction of *cells,* **virgins** and queens [Apis mellifera]. 120355
Thymidine metabolism and DNA synthesis in Newcastle disease **virus-infected** *cells.* 118810
Sites of coat protein accumulation in turnip yellow mosaic **virus-infected** *cells.* 122878
Cell to substratum adhesion-promoting activity released by normal and **virus-transformed** *cells* in culture [Chicken, mouse, and rat fibroblasts]. 117799
Cell **wall** formation in zoospores of Allomyces arbuscula [Fungus]. II. Development of surface structure of encysted haploid zoospores, rhizoids, and hyphae. 120411
Cytoplasmic cylinders associated with the nucleus and *cell* **wall** of marchantia spermatids [Hepaticae]. 120540
Ultrastructure and morphology of the Neurospora crassa [Fungi] *cell* **wall** mutants, slime and slime X using TEM and SEM. 120559
Genetics of *cell* **wall** synthesis in Chlamydomonas reinhardtii [Algae]. 120600
An easy method of estimating the stress-relaxation parameters To and b [for quantitative evaluation of mechanical properties of the *cell* **wall** of higher plants]. 121318
Quantitative microanalysis of *cell* **walls** of Saprolegnia diclina Humphrey and Tremella mesenterica Fries [Fungi, chemistry]. 120935
Cytological and chemical changes in *cell* **walls** of Rhodotorula gracilis. III. Characteristics and live cycle of the yeast. 121064
Neutral sugar, uronic acid, cellulose, and protein content of *cell* **walls** isolated from gametophytes of the liverworts Lophocolea heterophylla and Conocephalum conicum. 121187
Instability of **yeast** *cell* sensitivity to the [lethal] action of nitrous acid [Genetic factors]. 120622
Modes of flocculation of **yeast** *cells* with flocculant produced by Aspergillus sojae AJ7002. 120858
Exchange of phospholipids between mitochondria and microsomes in vitro stimulated by **yeast** *cell* cytosol [Saccharomyces cerevisiae]. 120929
The shape of dose-effect curves for diploid **yeast** *cell* irradiated with ionizing particles. 121082
Dielectric properties of **yeast** *cells* [Saccharomyces cerevisiae]. 121191
Protein crystals and bundles of tubules in **yeast** *cells.* IV. Biochemical and electronmicroscopical studies on the induction of crystals of alcohol dehydrogenase (ADH) [Saccharomyces carlsbergensis]. 121389
Lysine and arginine requirement of Ustilago cynodontis [Fungi] 4001 **yeast-like** *cells.* I. Growth in the presence and in the absence of lysine. 120889
Isolation of a purified skin test antigen from Blastomyces dermatitidis **yeast-phase** *cell* wall [Guinea pigs]. 118762

CELLULASES

A *cellulase* **complex** in culture filtrates of Penicillium citrinum [Fungi]. 120445
Production of a *cellulase* **complex** in culture filtrates of Aspergillus tamarii associated with mouldy cocoa beans in Nigeria. 122698
Partial purification of intra- and **extra-cellular** *cellulases* from Pyricularia oryzae [Fungi]: with reference to optimum pH [hydrogen-ion concentration] at alkaline side. 120860
A simple and sensitive staining method for the detection of *cellulase* **isozymes** in polyacrylamide gels [Citrus sinensis, Trichodermata viride, Fungi]. 120881
Studies on assessment of quality of roughage. 4. The assessment of nutritive value of grass silage by the *cellulase* **method.** 117376

CELLULOLYTIC

Cellulolytic **activities** of macromycetes [Fungi]. 120892
Cellulolytic **activity** in cecum content of mice, rats, Syrian hamsters, guinea pigs and rabbits. 117959
Chaetomium cellulolyticum, a new thermotolerant and *cellulolytic* **Chaetomium.** I. Isolation, description and growth rate [Fungi]. 121287

CELLULOSE

Cellulose **acetate** electrophoresis of casein proteins [of milk]. 116852
Cellulose **acetate** electrophoresis of soluble lens proteins of different species of mammals; the use of discontinuous buffer systems [Rats, mice, cattle, sheep]. 117633
Electrophoretic comparison, by *cellulose* **acetate** and nitrate, of protidic fractions on healthy dairy cattle and buffalo serums. 117913
Polyethylenimine **adsorption** by *cellulose.* 119721
Interrelationship of **aerobic** *cellulose-fermenting* [soil] bacteria with their companions on the basis of the synthesis of physiologically active substances. 124818
Non-cellulosic **beta-D-glucans** from bamboo, and interpretative problems in the study of all hemicelluloses [Arundinaria japonica, Arundinaria anceps]. 120992
Distribution of acid **centers** in *cellulose.* 119772
Decomposition of lignin and *cellulose* **components** of wood of Swietenia mahogani, Casuarina equisetifolia and Mimusops elengi by Fomes durissimus lloyd [Wood-destroying fungi]. 119678
The hydrolysis of **cotton** *cellulose* by hydrochloric acid in benzene. 117089
Decomposition of benzoyl peroxide in **[cotton]** *cellulose.* 117097
Deuteration of cotton fibers. I. Partially **decrystallized** *celluloses.* 117129
Rheological investigations of *cellulose* **ether** solutions. 119787
Order in *cellulose* **fibers.** 119720
Sulfur supplementation and in vitro digestion of **forage** *cellulose* by rumen microorganisms [Cattle]. 117771
Vitamin-formation ability of *cellulose-decomposing* **fungi** [isolated from soil]. 124824

Behavior of *cellulose* **grafted** with poly (methyl methacrylate) and polyacrylonitrile toward some direct and reactive dyes. 119718
Single cell proteins from *cellulose* and **hydrocarbons** [Fungi, bacteria]. 116750
Interaction between wood and polymers. IV. Dielectric properties of polyvinyl acetate filled with wood components [Wood properties, *cellulose,* **lignin**]. 119680
Current questions on *cellulose* **manufacture;** mechanical pulp-refiner mechanical pulp. 119771
Chemical analysis for chitin as a measure of fungal infiltration of *cellulosic* **materials** [Cotton, jute, and paper]. 117195
The hydrothermal degradation of *cellulosic* **matter** to sugars and their fermentative conversion to protein [Candida utilis, yeasts]. 121158
The time course of flocculation of diluted dispersions of **microcrystalline** *cellulose* [Sedimentation]. 119791
Cellulose-decomposing **microorganisms**—producers of amino acies [in soils]. 124814
Effect of dose rate on the radiation graft copolymerization of styrene to *cellulose* in the **presence** of acid. 119651
Influence of high-molecular cationic dehydrating agents on the electrokinetic **properties** of *cellulose.* 119780
Neutral sugar, uronic acid, *cellulose,* and **protein** content of cell walls isolated from gametophytes of the liverworts Lophocolea heterophylla and Conocephalum conicum. 121187
Auxins and auxin-like substances synthesized by *cellulose-decomposing* **[soil]** fungi. 124813
Cellulose-decomposing **[soil]** microorganisms—producers of gibberellin and gibberellin-like substances. 124815
Gibberellins and gibberellin-like substances synthesized by *cellulose-decomposing* **[soil]** fungi. 124817
Oxidizing enzymes of *cellulose-decomposing* **[soil]** fungi. 124819
Introduction of Arundo donax L. In the delta of the Volga River [as **source** of *cellulose].* 122518
Some problems on sulphite and bisulphite cooking chemistry [Birch and **spruce** *cellulose].* 119742
Catalytic effects in the reaction of methylolamide crosslinking agents with *cellulose* **[Textile** fibers]. 116836
Climatic information from 18O/16O ratios of *cellulose* in **tree** rings. 119760
The cleaning of **tubular** *cellulose* acetate ultrafiltration membranes [Whey proteins, cleaning procedure]. 116911
Enzymes and agriculture [Utilization of *cellulosic* **wastes,** Trichoderma viride, food processing]. 116795
The properties and composition of **wood** *cellulose* decomposition products obtained under the action of hydrogen chloride at pressure. 119748

CENOMANIAN

Microfossils of the **Wissant** *Albo-Cenomanian* (Pas-de-Calais) [Paleobotany]. 119997

CENSUS

The 1975 citrus **tree** *census* [Use of aerial photography]. 122209
The 1975 sugarcane **variety** *census* for Florida. 121877

CENTAUREA

Taxonomic studies in *Centaurea* **sect.** Calcitrapa. III. Cytotaxonomic notes. 120093
Yellow starthistle *[Centaurea* **solstitialis]:** a major range weed problem. 123079
Cytotaxonomy of *Centaurea* **subciliaris** Boiss. & Heldr. (Section Phalolepis (Cass.) DC.) and related species in the European Mediterranean region. I. 119974

CENTIPEDES

The effects of nitrogen and mowing height on the establishment of *centipede* **[Eremochloa** ophiurodies]. 125065

CENTRIFUGE

Study of the *centrifuge* **rudder** equipped with wetting devices for the separation of dust-free fertilizers. 124957

CENTROSPERMAE

Preliminary studies of the effects of an induced phosphate deficiency on carbohydrate-nitrogen ratios in Alternanthera **philoxeroides** *(Centrospermae:* Amaranthaceae) and on the feeding of Agasicles hygrophila (Coleoptera: Chrysomelidae). 123905

CEPHALIC

Neuroendocrine control of moulting cycle in mealworms [Tenebrio molitor]: histology and autoradiography of *cephalic* **components.** 123580
Endoskeleton and *cephalic* **musculature** of Scutigerella immaculata Newport (Symphyla: Scutigerellidae). 123840
Diapause of Pieris brassicae: Role of the *cephalic* **photoreceptors,** study of the cerebral carotenoids. 124042

CEPHALOSPORIUM

Cephalosporium **coccorum** Petch, a mycoparasite on Ravenelia species [Hyperparasitism, fungi]. 122788
Production and purification of two hemicellulases from *Cephalosporium* **sacchari** [Fungi]. 120993
Assessment of losses caused by wilt disease *[Cephalosporium* **sacchari]** of sugarcane in western Uttar Pradesh. 122631

CERAMBYCIDAE

Notes on the biology of Prionus laticollis (Coleoptera: *Cerambycidae)* **[Apple** pests]. 123383
Entomological explorations in Ghana by Dr. S. Endrody-Younga. 16. Lamiinae (Coleoptera: *Cerambycidae)* IV. 124438
Comparative anatomy of the digestive system of larvae of roundheaded wood borers **(Coleoptera,** *Cerambycidae).* 123925
Contribution to the study of Dorcadion from Anatolia. 3. Dorcadion ladikanum n. nov. and remarks in relation to Dorcadion ardahense Breuning **(Coleoptera,** *Cerambycidae).* 124291
Four new Pterolophia species **(Coleoptera,** *Cerambycidae).* 124354
A new species of Evodinus [lanhami] from Wyoming **(Coleoptera:** *Cerambycidae).* 124394
New Lamiinae from Queensland **(Coleoptera,** *Cerambycidae).* 124443
Contribution to the study of *Cerambycidae* **Lamiinae** from the Andringitra massif, Central Madagascar (Coleoptera) [new taxa]. 124266
Contribution to the study of Dorcadion in Anatolia (Coleoptera, *Cerambycidae)* **[New** taxa]. 2. 124288
The genus Triacetelus Bates (Coleoptera: *Cerambycidae)* **[New** taxa]. 124403

CERAMIUM

The agar-type polysaccharide from the red **alga** *Ceramium* rubrum. 120995

CERATITIS

Biosynthesis of polyprenol phosphate sugars by *Ceratitis* **capitata** extracts. 123911

CERATOCYSTIS

Observations on *Ceratocystis* **adiposa** [rot fungus on tomatoes] and the conidial ontogeny of its imperfect state. 122789
The fine structure of ascospore formation in *Ceratocystis* **fimbriata** [Fungi]. 120444
Subcellular localization of 3-hydroxy-3-methylglutaryl coenzyme A reductase and other membrane-bound enzymes in sweetpotato roots [healthy and infected with *Ceratocystis* **fimbriata].** 121760
The occurrence and some properties of 3-hydroxy-3-methylglutaryl coenzyme A reductase in sweet potato roots infected by *Ceratocystis* **fimbriata.** 122720
Resistance of hybrid elm [Ulmus] progenies to *Ceratocystis* **ulmi** [Tree breeding]. 120791
A bicentennial elm [Ulmus, *Ceratocystis* **ulmi,** Dutch elm disease]. 122553
The aggressive strain of *Ceratocystis* **ulmi** in the Netherlands [Ulmus, Dutch elm diseases]. 122683
Dutch elm [Ulmus] disease [caused by *Ceratocystis* **ulmi,** transmitted by Scolytus multistriatus]. 122687

CERATONIA

Recent progress in the analysis of gums and natural water soluble plant colloids. II. Carob *[Ceratonia* **siliqua]** flour. 116649

CERATOPHYLLUM

Nutrient content of the aquatic macrophytes Elodea canadensis and *Ceratophyllum* in the **course** of the year. 121078
Purification and properties of plastocyanin and ferredoxin from *Ceratophyllum* **demersum** L. 120944

CERATOPOGONIDAE

Life cycles of cacao pollinating midges, Forcipomyia species (Diptera, *Ceratopogonidae),* and some **notes** on larval behavior in the laboratory. 124144

CERATOZETIDAE

Ceratozetes kananaskis (Acari: Cryptostigmata: *Ceratozetidae):* a **new** mite species from western Canada [Forest zoology]. 124273

CERCOPIDAE

Records of insects taken at light traps in Tanzania. III. Seasonal changes in catches and effect of the lunar cycle on insects of the **families** *Cercopidae,* Cicadidae and Fulgoridae (Hemiptera, Homoptera) and Corixidae (Hemiptera, Heteroptera). 123251

CERCOSPORA

A new species of *Cercospora* **[Cercospora** zinniicola, Fungi] on Zinnia elegans [Leaf spot disease]. 120139
Purple seed stain of soybeans [caused by *Cercospora* **kikuchii].** 122736
Organic growth factor requirements of Pseudocercospora vitis (Lev.) Speg. and *Cercospora* **mitteriana** Syd. [Fungi]. 121340
Effects of light and substrate on the sproulation of *Cercospora* **sojina** Hara [Soybean fungus diseases]. 121344
A new species of Cercospora *[Cercospora* **zinniicola,** Fungi] on Zinnia elegans [Leaf spot disease]. 120139

CERCOSPORELLA

Tunisia and Montana—a wheat alliance [for Septoria tritici, Fusarium, *Cercosporella* **control].** 122686
Attack and sporulation of *Cercosporella* **herpotrichoides** Fron on winter wheat. 122670
Yield performance and reliability of cereals after various preceding crops [Susceptibility to Gaeumannomyces graminis and *Cercosporella* **herpotrichoides].** 122680
Pest management for control of stem break [caused by *Cercosporella* **herpotrichoides** in wheat and barley]. 122694

CERCOSPORIDIUM

Notes on hyphomycetes. XI. Additions to the **genera** *Cercosporidium,* Passalora and Phaeoisariopsis [Fungi]. 120216

CEREALS

The control of bird pests of *cereals* in **Africa.** 122889
Thermal treatments of *cereals* in **animal** nutrition. 117329
New performances obtained in the domain of forage double crops, cultivated after **autumn** *cereals.* 122069
Current problems in the study and processing of **bread** *cereals* and flour. 117137
Epidemiological aspects of disease resistance in cultivated plants [Potatoes, *cereals,* **breeding,** fungus diseases]. 120635
The application of hemispherical photography to *cereal* **canopies** [Productivity studies]. 121520
Damage to *cereals* **caused** by high soil temperature. 123036
Situation and prospects of the cereal market in the [West German] Federal Republic under the influence of the European Economic **Community** *cereal* market ordinance. 115602
A note on the use of kale as a replacement for *cereal-based* **concentrates** for milk production [Cattle]. 117971
The "next-to-the last" word; chemical mildew **control** in *cereals.* 122696
New information in the field of weed **control** in *cereals.* 123107
Experiences and successes in using the central harvesting technique in the 1975 *cereal* **crop** [East Germany]. 115341
Cochliobolus sativus conidia populations in soils following various *cereal* **crops.** 122724
Virus and virus-like diseases of *cereal* **crops** [Transmitted by insect vectors]. 122819
Swather edge guide steering control system [in the harvesting of many *cereal* **crops].** 124742
The effect of the *cereal* **cyst** nematode [Heterodera avenae] on absorption and translocation of nutrients by the roots of oat plants. 122894
Factors contributing to waterlogging **damage** in *cereals.* 122893
What is "achieved" by burning straw? *[Cereal* **diseases,** control]. 123012
Cereal **drying.** 117098
Sterilization of *cereal* **grain** samples by gama-irriadiation [Wheat]. 117067
Cereal and **grain** legume seed production 1975-76. 122160
Cereal **grains:** their protein components and nutritional quality. 116556
The effect of the supply of mineral nutrients on root morphology, nutrient uptake, and shoot **growth** in *cereals.* 121421
Effects of straw residues [toxicity] on the **growth** of *cereals.* 122891
Harvesting *cereals* at an optimum rate. 122067
Main trends for the further development of the mechanization of *cereal* **harvesting** in the German Democratic Republic. 124748
Studies on the take-all fungus Gaeumannomyces graminis. IV. Entry and growth of the fungus and significance of lignituber formation in the roots of the **hosts** *[Cereals].* 122579
Responsibility and tasks of agricultural research in **increasing** *cereal* production. 121925
Sprinkler irrigation as a measure to **intensify** *cereal* cropping. 125215
Effects of reduced cultivation on soil conditions and root development of *cereals:* **Joint** [Tillage] Project with the aRC [Agricultural Research Council] Weed Research Organization. 125096
Saudi Arabia expects **large** *cereals* crops [Production]. 115659
Harvesting plots of seed production in *cereals,* **leguminous** plants and of hybrid plots of maize. 122068
Harvesting, preparation and feeding of whole *cereal* and **maize** plants [Ruminants]. 121928
"Tank mixtures" in weed control in *cereal* and **maize** cultures. 123110
Situation and prospects of the *cereal* **market** in the [West German] Federal Republic under the influence of the European Economic Community cereal market ordinance. 115602
The *cereal* **market** in the [West German] Federal Republic under the influence of the European Economic Market ordinance. 115603
The dispersal of Carabidae in the agrarian landscape, with spcial reference to the boundaries between different field crops [Rape, *Cereals,* **methoxychlor].** 123359
Some considerations on the determination of *cereals* **moisture.** 117191
Gout fly [Chlorops pumilionis, **pest** of *cereals].* 123269
Integration of measures for the control of *cereal* **pests** [Insects and nematodes]. 122943
Investigation on [wheat] seed and soil treatments [with lindane] against larvae of Zabrus spp. and Anisoplia spp. *cereal* **pests** in Central Anatolia. 123290
Yield performance and reliability of *cereals* after various **preceding** crops [Susceptibility to Gaeumannomyces graminis and Cercosporella herpotrichoides]. 122680
Cereal **preservation** in nitrogen [Controlled atmosphere]. 117188

Social, scientific and biological problems of cereal research and production; a contribution to the world's nutrition problem. I. The importance of *cereal* **production** for human nutrition in the past, present and future. 116571
Social, scientific and biological problems of cereal research and production; a contribution to the world's nutrition problem. II. Physiological aspects of *cereal* **production.** 121580
Cereal **production** experiments on poorly drained clay soils [Yields, varieties]. 121857
First estimations on the 1976 **production** of *cereals.* 122027
Yield of *cereals* and the **removal** of nitrogen, phosphorus and potassium on Sod-Podzolic loamy soil in the Belorussian SSR in relation to the level of nutrition. 124951
Social, scientific and biological problems of *cereal* **research** and production; a contribution to the world's nutrition problem. I. The importance of cereal production for human nutrition in the past, present and future. 116571
Social, scientific and biological problems of *cereal* **research** and production; a contribution to the world's nutrition problem. II. Physiological aspects of cereal production. 121580
Improvement of *cereal* **seed** treatment [for fungus and insect pest control]. 122624
Studies on a microbiological assay of the distribution of mercury containing seed disinfectants on *cereal* **seed** [Rhizoctonia solani]. 122678
Seed-borne *cereal* diseases in Denmark: their distribution, significance, and control with fungicides, especially during the period 1906-1975. 122792
Select *cereal* seeds [Varieties]. 121840
Modern soil cultivation in conjunction with *cereal* **sowing** [Equipment]. 124661
Effect of silicon on the growth, area size of leaves and adsorbing surface of plant roots [of *cereals,* **soybeans** and forage broadbeans]. 121402
Studies on the take-all fungus Gaeumannomyces graminis. V. Development and regeneration of roots in *cereal* **species** during the attack. 122580
Aspects of assessment of *cereal* **stands.** 121922
Short and long-term **storage** of *cereals.* 117146
Climate and the infestation of **stored** *cereals* by insects. 123526
Removal of nutrients with the yield of crops *[cereals,* **sugarbeets,** alfalfa] on irrigated Dark-Chestnut soils. 121405
Development and effect of parasitic crop rotation damages under stress conditons of long **term** *cereal* rotations. 122996
Threshed *cereals* in silos and storage rooms. 117149
Studies with dairy cows investigating the dietary effect of mixtures of compressed straw + concentrates prepared from crude and NaOH [sodium hydroxide] **treated** *cereal* straw. 1. Digestibility and milk production. 118006
Studies with dairy cows investigating the dietary effect of compressed straw + concentrates prepared from crude and NaoH [sodium hydroxide] **treated** *cereal* straw. 2. Composition of ruminal fluid and protozoa population. 118007
Assortment of *cereal* **varieties.** 122110
Ecological studies on the photosynthesis of **winter** *cereals.* III. Changes of the photosynthetic ability of various organs with growth. 121547
Forms and time of application of nitrogenous fertilizers in **winter** *cereals.* 124940
International wheat agreement and **world** *cereal* reserves. 115956

CEREBROSPINAL

Cerebrospinal **fluid** creatine phosphokinase in the normal dog. 117543

CEREUS

The occurrence of **Bacillus** *cereus* in Finnish dog food sausages; a microbiological and physico-chemical survey. 119274
Cactaceae alkaloids. XXIII. Alkaloids of Pachycereus pecten-aboriginum and *Cereus* **jamacaru.** 121247

CERTIFICATION

Training of **officially** *certified* claw attendants [for the care of foot condition of cattle]. 118527
Production of *certified* **seed** potatoes by varieties, 1974-75. 122182
Certified **seed** potatoes 1976. 122502

CERULOPLASMIN

Controlling factors in the development of *ceruloplasmin* in **pigs** during the neontral growth period. 117818

CERVIX

Relationship of temperatures in the *cervical* **blood** vessels to brain temperatures in chickens. 117944
Electrostimulation in the *cervix* **uteri** in the mare; contribution to the treatment of functional disturbances of the ovaries. 118425

CESAREAN *see* BIRTH

CESIUM

Comparative evaluation of different methods of studying the influx of *cesium* 137 **[isotope]** from the soil into farm plants [Radioactive contamination]. 116017
Accumulation of *cesium-134* **[istope]** in heart and skeletal muscle of dystrophic hamster. 117957

CETONIINAE

Behaviour and larvae of two rose chafer beetles Eupoecila australasiae (Don), Diaphonia dorsalis (Don) (Coleoptera: **Scarabaeidae,** *Cetoniinae).* 124472

CHAETOMIUM

Chaetomium cellulolyticum, a new thermotolerant and **cellulolytic** *Chaetomium.* I. Isolation, description and growth rate [Fungi]. 121287

CHAETOSIPHON

Electrical measurement of feeding by the strawberry aphid *[chaetosiphon* **fragaefolii]** on susceptible and resistant strawberries and nonhost plants. 123368

CHAFER

Behaviour and larvae of two **rose** *chafer* beetles Eupoecila australasiae (Don), Diaphonia dorsalis (Don) (Coleoptera: Scarabaeidae, Cetoniinae). 124472

CHAINS

Vegetation series in the **Alps** *chain* and their equivalences in other phytogeographic systems. 120009
Ca2+ [calcium ion] induced conformational changes of spin-labeled g2 *chain* **bound** to myosin [isolated from rabbit white muscle] and the effect of phosphorylation. 117779
Genesis of mitochondria in growing cells of the maize root: Reorganization of the **electrotransporting** *chain.* 121485
Analytical model for rigid body vibration of a **hand-held** *chain* saw. I. The gasoline engine. 119828
Metabolic activity of Candida lipolytica [yeasts] adsorbed on bentonites with **hydrophobic** *chains.* 120986
Erecting **hygiene** *chains* through interruption of infection chains and motivation of co-workers [Food handling]. 116088
Time dependent effects on contractile properties, fibre population, myosin **light** *chains* and enzymes of energy metabolism in intermittently and continuously stimulated fast twitch muscles of the rabbit. 117877
Analysis of changes in land distributions by means of **Markoff** *chains.* 115222
Examination of linseed (Linum usitatissimum L.) for the presence of **medium** *chain* trienoic fatty acids. 121540
On the localization of Mehler reaction with ethanolcatalase trap in the *chain* **photosynthetic** electron transport. 120942
Contribution to the study of saponine from Colubrina arborescens Mill. Isolation of colubrinoside and determination of the **structural** *chain.* 121195

CHALCIDIDAE

A flotation method for the analysis of *chalcid-fly,* **Bruchophagus** kolobovae Fedoseeva, infested birdsfoot trefoil, Lotus corniculatus L. seed. 123172
Chalcid-flies **(Hymenoptera,** Chalcidoidea) reared from Ips typographus L. and Pityogenes chalcographus L. at some Norwegian localities [Picea abies]. 123485
Chalcid **parasites** of Prays oleae (Lepidoptera: Plutellidae) in Andalusia [for integrated control in Spanish olive orchards]. 123398

CHALCIDOIDEA

Parasites (Hymenoptera, *Chalcidoidea)* **associated** with bark beetles [Scolytus, Hylesinus, Ips] in Norway. 123486
Notes on the type-material of some European Elasmus (Hymenoptera: *Chalcidoidea)* and **description** of a new species from Madeira [Elasmus bicolor]. 124258
The effect of the size of different hosts on the rate of polyembryony in Ageniaspis fuscicollis **(Hymenoptera,** *Chalcidoidea).* 123856
A method for the extraction of Sitona (Coleoptera: Curculionidae) eggs from soil and occurrence of a mymarid (Hymenoptera: *Chalcidoidea)* in the **Mediterranean** region. 123900
Chalcid-flies (Hymenoptera, *Chalcidoidea)* **reared** from Ips typographus L. and Pityogenes chalcographus L. at some Norwegian localities [Picea abies]. 123485
Descriptions of a new genus and two new species of Pteromalidae (Hymenoptera, *Chalcidoidea)* **reared** from Cynipid (Hymenoptera) galls, with notes on some other species. 124255

CHAMAEMORUS *see* RUBUS

CHAMBERS

A rapid method for measuring net photosynthesis of excised leaves by using **air-sealed** *chambers* [Maize, Phalaris arundinaceae, soybeans]. 121511
Simplified double chamber wintering by raising the **brood** *chamber* skid [Apiculture, equipment]. 124518
Design of an air curtain **growth** *chamber* [with high humidity control system for tropical plant study]. 124651
Fundamentals of apiculture concerning **honey** *chambers.* 124569
Construction and use of an experimental ethylene **oxide** *chamber* to fumigate bee equipment in Virginia [for disease, pest and American foulbrood control]. 124487
Mechanical design of *growth-chamber* for **studying** cool weather damage of [rice] crops. 122915

CHAMPAGNE

Systematic selling of *champagne* **[Advertising,** marketing]. 115706
Lucerne growing in the *Champagne* **region** of France. 121931

CHANNELS

Development of production and **trade** *channels* of animal products in the European Economic Community. III. 115694

CHARAXES

Description of the female of *Charaxes* **acraeoides** Druce (Lepidoptera, Nymphalidae). 124267
Note on *Charaxes* **kheili** Staudinger and Charaxes northcotti W. Rothschild, with descriptions of females (Lepidoptera, Nymphalidae). 124268

CHAROPHYTA

Genetics of *Charophyta* **[Algae].** 120601

CHEDDAR *see* CHEESES

CHEESES

Trials in the manufacture of **Asiago** *cheese* and pressed Asiago by using the microbial coagulant "Rennilase" derived from the [fungus] Mucor miehei. 116896
Hungary's milk-output drop **checks** *cheese* export growth. 115649
A process of raising the table salt content in *Emmental* **cheese.** 116858
Practical report on the manufacture of *Gouda* **cheese** according to time plan. 116866
Problem of biochemical causes of secondary fermentation of *Emmental* **cheese.** 116867
Table salt concentration in *Emmental* **cheese.** 116870
The role of dried grass in farmhouse *[Cheddar]* **cheese** production. 116874
Manufacture, composition and properties of *Gouda* **cheese** with reduced sodium content. 116919
Application of lactodynamographs to cheese manufacture. Completion of the process management plans for the manufacture of *Camembert* and **Edamer.** 116859
A process of raising the table salt content in **Emmental** *cheese.* 116858
Problem of biochemical causes of secondary fermentation of **Emmental** *cheese.* 116867
Table salt concentration in **Emmental** *cheese.* 116870
Can the manufacture of *cheese* **forgo** nitrate? 116860
Practical report on the manufacture of **Gouda** *cheese* according to time plan. 116866
Manufacture, composition and properties of **Gouda** *cheese* with reduced sodium content. 116919
Supply situation of **Grana** *cheese* at the 31st of March 1975 [Production, statistics]. 115698
Use of formaldehyde and its effects on lactic bacteria used as starters in **Grana** *cheese* making. 116897
German Agricultural Association quality tests for *cheese* in **Karlsruhe.** 116082
Changes of foreign body regulation of the *cheese* **law** and the ordinance on milk products. 115834
Application of lactodynamographs to *cheese* **manufacture.** Completion of the process management plans for the manufacture of Camembert and Edamer. 116859
A laboratory batch fermenter with differential electrode pH [hydrogen-ion concentration] control *[Cheese* **manufacture].** 116903
Is Austria's policy the way to success? *[Cheese* **marketing,** trade and prices]. 115562
Contribution to the problem of whey evaluation. Manufacture of **model** *cheeses* with the addition of whey proteins. 116923
Casein proteolysis in **Mozzarella-type** *cheese.* 116906
Third regulation for modifying the *cheese* **ordinance** [Legislation]. 115982
Research on the use of dehydrated whole maize plant in feeding dairy cattle for the purpose of producing **Parmigiano-Reggiano** *cheese.* 118168
Rennets: use of substitutes for **precessing** *cheeses.* 116877
Rennets: Uses of substitutes for **processing** *cheeses.* 116878
Some chemico-microbiological parameters of *cheese* **produced** with the aid of porcine pepsin. 116914
The role of dried grass in farmhouse [Cheddar] *cheese* **production.** 116874
A note on some microbiological aspects of **Provolone** *cheese.* 116882
Studies on **Provolone** *cheese.* II. Changes in the volatile fatty acids during processing and ripening. 116887
Calf rennet substitutes [Higher plant, bacterial and fungal **rennets,** *cheese].* 116916
Farmhouse production of lactic curd **soft** *cheese.* 116572
Soft *cheese* manufacture from ultrafiltration concentrate. 116869

CHELATES

Ascorbic acid and other *chelating* **agents** in the trace-mineral nutrition of the aphid Myzus persicae on artificial diets. 123884

CHELONUS

Biological and ecological studies of the **parasitoid** *Chelonus* inanitus (Hymenoptera: Braconidae) in Israel. I. Distribution, abundance and parasitism in natural host populations [Biological control of pests]. 123232

CHEMISTRY

Laws and regulations affecting agriculture and the **agricultural** *chemical* industry. 116009

Agricultural *chemicals* [Fertilizers, pesticides, statisics]. 125087
Aspects of environmental protection under conditions of applying **agricultural** *chemicals*. 125542
Ways of increasing the effectiveness of using *chemicals* in **agriculture**. 115366
Phenolic, sulfur, and nitrogen compounds in food flavors; a symposium sponsored by the Division of Agricultural and Food Chemistry at the 170th meeting of the **American** *Chemical* Society, Chicago, Ill., August 25-26, 1975. 116635
Electron spectroscopy for *chemical* **analyses** (ESCA)—a tool for studying treated textiles. 116188
Use of electron spectroscopy for *chemical* **analyses** (ESCA) in a study of oil-repellent finishes [of textiles, cotton fabrics]. 117202
Flow of information in the network of institutions concerned with the inspection and *chemical* **analysis** of food. 116086
Cacao butter and substitute fats: *chemistry* and **analysis.** 116704
Chemical **analysis** for chitin as a measure of fungal infiltration of cellulosic materials [Cotton, jute, and paper]. 117195
Relationship of *chemical* **analysis** to in vitro digestibility for selected tropical and temperate grasses. 117353
The Adige and Po rivers: *chemical* **analysis** and various investigations of the water in Polesine in 1974. 125296
Improved water economy in the production of cultured-cream butter. 2. *Chemical* and **bacteriological** analysis. 116864
The *chemical* **basis** of attraction of ithomiine butterflies to plants containing pyrrolizidine alkaloids [Heliotropium indicum]. 121176
A *chemical* **basis** for plant [lucerne, Lotus pedunculatus] resistance to grass grub [Costelytra zealandica] and black beetle [Heteronychus arator] larvae (Coleoptera: Scarabaeidae). 123335
Influence of artificial conditions of prestockage and drying of maize-grain on the extraction and some *physical-chemical* and **biochemical** characteristics of its starch. 117384
Chemical and **biological** investigations on Fusarium mycotoxins [Fungal molds of food, wheat contamination]. 116034
Selenium content of Bangladeshi rice by *chemical* and **biological** assay. 117124
On the **biological** *chemistry* of Mimosaceae. I. D-pinitol from Mimosa pudica L. 121302
Rapid det4ection and estimation of extraneous urea in buffalo milk and effects of added urea on **certain** *physico-chemical* properties of milk [Adulteration]. 116168
Some *chemical* **changes** in the colostrum, milk and blood at various stages of lactation in sheep. 117747
Cytological and *chemical* **changes** in cell walls of Rhodotorula gracilis. III. Characteristics and live cycle of the yeast. 121064
Studies on the *chemical* **changes** induced by the infection of the rootknot nematode (Meloidogyne incognita) in tomato & eggplant & the stunt nematode (Tylenchorhynchus brassicae) in cabbage & cauliflower roots. 122951
Some morphological and *chemical* **characteristics** of the purified terpenoid particles of the latex of Hoya australis R.br. Ex Traill [and Euphorbia milii]. 116640
Development of *chemical* **characteristics** of soils in protected cultures. Their fertilization as a function of water availability. 124768
Chemical **characteristics** and acute toxicity of foam on two aerated lagoons [kraft pulp effluents]. 125499
Physical and *chemical* **characterization** of an avian reovirus [Chicken embryo fibroblast cells]. 118807
Water-soluble components of four fuel oils: *chemical* **characterization** and effects on growth of microalgae. 121269
Chemicals **clean** up slurry. 125540
Chemistry of the **Coccoidea.** II. Condensed polycyclic pigments from two Australian pseudococcids (Hemiptera) [Nipaecoccus aurilanatus, Pseudococcus albizziae]. 123824
Chemical **communication** in the mating behavior of Trogoderma glabrum (Herbst) (Coleoptera: Dermestidae). 124024
Comparative *anatomical-chemical* studies of six selected species of the genus Ruta. I. Generation, development and numbers of oil receptacles. 120851
On the components of pileus and stipe of dried shiitake [mushrooms] (Lentinus edodes (Berk.) Sing): *chemical* **components** and hot water soluble polysaccharides. 117297
Studies on the meat quality of broiler rabbits. II. On the *chemical* **composition** of the meat of valuable cut-up parts in New Zealand White rabbits and hybrids of different. 116234
Microwave heating of foods—changes in nutrient and *chemical* **composition.** 116699
Effect of addition of formalin and storage on *chemical* **composition** of ice cream. 116883
The *chemical* **composition** of milk. 116915
Age dynamics of the morphological and *chemical* **composition** of eggs from hens of the Leghorn breed in the conditions of large poultry farm. 117056
Relationship between *chemical* **composition** of lowland brown rice and producing district in Hokkaido. 117161
Variability in the *chemical* **composition** of rapeseed meal [Feed ingredient]. 117330
Chemical **composition** and in vitro nutrient digestibility of dinanath grass (Pennisetum pedicellatum). 117348
Chemical **composition** of a hydrolyzed leather as a protein source [for animal nutrition]. 117389
Nutritional effects on age at puberty and plasma amino acid level in Yorkshire gilts and on *chemical* **composition,** nucleic acid, fatty acid and hydroxyproline contents of the uterus. 118097
Production, *chemical* **composition** and prostaglandin F-2 alpha content of uterine fluid in pregnant sheep. 118359
Mineral contents of the blood and *chemical* **composition** of the muscles of Trichinella-infected piglets. 118970
Variation of Young's modulus caused by fertilizer ratios & *chemical* **composition** of rice varieties at flowering stage. 121510
Effect of inorganic fertilizers on the yield, *chemical* **composition** of meadow foxtail [Alopecurus pratensis] and the regime of nutrients in Peat-Bog soils of the Kola Peninsula. 124927
Direct, residual and cumulative effects of applied zinc on yield, *chemical* **composition** and ion uptake by rice and wheat crops in a fixed rotation under field condition. 1. Effect on rice crop. 124985
Change of the *chemical* **composition** of soils and water during a time period as a result of flooding. 125217
Genetic influence of *chemical* **constituents** of tobacco leaf and smoke. 120586
Chemical **constituents** of Umbilicaria indica Frey and Ramalina farinacea L. Ach. [Lichens]. 121018
Some *hemato-chemical* **constnats** of pigs of diverse weight and age. 117629
Investigation on [pesticide] residues in wheat straw, glumes and grain after *chemical* **control** of Eurygaster integriceps. 116051
New technical concepts on the *chemical* **control** of South American leaf blight [Microcyclus ulei] of the rubber tree [hevea brasiliensis]. 122586
Rice blast [Pyricularia oryzae]: *chemical* **control** in Texas, 1973. 122768
Competition by, and *chemical* **control** of, natural weed populations in spring-sown field beans (Vicia faba). 123062
Integrated temperature and *chemical* **control** methods against the cigarette beetle [Lasioderma serricorne]. 123538
Chemical **control** of Stomoxys nigra in Mauritius, its susceptibility to seven insecticides. 123660
Some problems on sulphite and bisulphite **cooking** *chemistry* [Birch and spruce cellulose]. 119742
The use of *chemicals* and **cytoplasmic** male sterility for pollen development control in rye. 120686
Relationships between metabolizable energy values for poultry and some physical and *chemical* **data** describing Canadian wheats, oats and barleys. 118039
Formation of anhydrosugars in the *chemical* **depolymerization** of [beef lung] heparin. 117588
Chemical **dimorphism'** of pollen grains of Rubiaceae. 120451
1976 insect and **disease** *chemical* control guide for peaches. 122955
Cage trial against green shield bug (Palomena prasina L.), which causes damage to the hazelnut [Corylus] in the east Black Sea region, using *chemicals* **effective** in the controlof the hazelnut weevil [Balanius nucum]. 123376
Chemical **examination** of leaves of Barringtonia acutangula Gaertn. 121019
A comparative study on *chemical* **examinations** [for nutritive value] of banana powders prepared by different methods. 117273
Clinical-chemical **examinations** to protect industrialized dairy production units against metabolic diseases. 119157
Effect of physical and *chemical* **factors** on Pasteurella multocida phages. 118980
Phenolic, sulfur, and nitrogen compounds in food flavors; a symposium sponsored by the Division of Agricultural and **Food** *Chemistry* at the 170th meeting of the American Chemical Society, Chicago, Ill., August 25-26, 1975. 116635
Quantitative microanalysis of cell walls of Saprolegnia diclina Humphrey and Tremella mesenterica Fries **[Fungi,** *chemistry].* 120935
The mycelial cell wall of Penicillium charlesii G. Smith NRRL 1887 **[Fungi,** *chemistry].* 120937
The application of bare **ground** *chemicals* [Vegetation control]. 123152
Chemical **height** control of Reiger Elatior Begonia [hiemalis]. 121697
Intermediate technology in the *chemical* **industry** [Developing countries, sugarcane processing]. 117092
Chemical **intervention** on all stages and on all scales of tropical storage practice [Insect pest control]. 123525
Physiology of growth and maturation of berries. Causes of variations of main constituents. Influence of greening operations and *chemical* **interventions** [Grapes]. 121623
Cyclic nucleotides, **intracellular** *chemical* mediators [Animal biology, enzymes]. 117912
Chemical **investigation** of Heracleum lasiopetatum [Analgesic activity in the plant extract]. 120870
Chemical **investigations** on pig kidney aminoacylase. 117592
Energy usage and effluents from *chemical* and **mechanical** pulping systems. 119758
Growth differences in a spruce [Picea] plantation with *chemical* and **mechanical** weed control (preliminary report). 123102
Chemical and **mechanical** maintenance [Control of weeds in young windbreaks and shelterbelts]. 123184
Impact of *chemical* and **mechanical** site preparation on wildlife habitat. 125414
Aeration of grain as a *non-chemical* **method** for the control of insects in the grain bulk. 123520
Application of physical and *chemical* **methods** for determining lead in wine. 116026
A comparison of *chemical* **methods** for the determination of available lysine in various proteins. 116763
Physical-chemical **methods** for the recovery of protein from waste effluent of potato chip processing. 117277
Rationalisation of *clinical-chemical* **methods** for examinations in veterinary medicine [for metabolic control in industrialized livestock farming]. 119172
Instrumental and *chemical* **methods** for characterizaton of soil clays. 124778
Pilot control projects of *chemical* and **microbial** insecticides against Douglas fir tussock moth [Orgyia pseudotsugata]-1974. 123491
The "next-to-the last" word; *chemical* **mildew** control in cereals. 122696
The *chemical* **modification** of proteins by group-specific and site-specific reagents. 116816
Chemical **modifications** of histidine residues in cytoplasmic asparate aminotransferase from beef kidney. 117851
Structural mutations of chromosomes in the second cell cycle during radiation and *chemical* **mutagenesis** [of Crepis capillaris]. 120623
Chemical **mutagenesis** on rye; an analysis of the somatic damage caused by (NMH) n-methyl-n-nitrosourea. 120658
Peculiarities of male sterility in perennial grasses during its induction by *chemical* **mutagens.** 120709
Application of isopropylmethanesulfonate and isopropylethanesulfonate in breeding spring barley *[Chemical* **mutagens].** 120804
Radiation and *chemical* **mutations** of barley with increased resistance to lodging. 120832
Investigation on the lipids of Virola surinamensis. I. Acid and glyceride composition and *chemical* **nature** of some components of the unsaponifiable part. 121346
Composition of the scents of eight east African hemipterans. **Nymph-adult** *chemical* polymorphism in Coreids [Hemiptera, Coreidae]. 123800
Application of **oganoselenium** *chemistry* to the total synthesis of (plus/minus)-tuberiferine [isolated from Sonchus tuberifer]. 121007
Determination of some *hemato-chemical* **parameters** of [dairy] cattle for the control of milk production. I. Medium-normal values related to Ferrara province. 117845
Criteria for evaluating flowing water pollution: comparative examination of the mycological, bacteriological and *chemical* **parameters** of the Ticino River in the municipal territory of Pavia. 125482
Preparation and **partial** *physico-chemical* characterization of sheep serum transferrin. 117665
A *chemical* and **physicochemical** investigation of two Danish podzol profiles [Soils]. 124777
The growth regulator "Atrinal", an aid to management *[Chemical* **pinching** of azaleas]. 122259
Male specific natural products in the bug, Leptoglossus phyllopus: *chemistry* and **possible** function. 124046
Chemical **preservatives** for maintaining moist rice in storage [Fungus diseases]. 117172
The use of *chemicals* in **processing** and packaging of stored products to prevent infestation [by stored-product insects]. 123573
Agrochemical prospecting in the developing countries *[Chemical* **products** from plants and animals]. 116698
Using *chemical* **products** as pesticides in agriculture. 123753
Hydrolytic action of aminoacyl-tRNA synthetases from baker's yeast [Saccharomyces cerevisiae]: *"chemical* **proofreading"** preventing acylation of tRNA Ile with misactivated valine. 120927
Mango peel waste as a source of pectin *[Physico-chemical* **properties].** 117236
Immune complex extracted from acutely infected malarious chicken kidneys: *physico-chemical* **properties** of antigen part [plasmodium gallinaceum]. 118746
Chemical **properties** of two antigens controlled by the major histocompatibility complex of the chicken. 118785
Change of genetical and morphological features and some *chemical* **properties** of soils under the effect of field shelterbelts in the Kamennaia Steppe. 119410
Chemical **protection** of alfalfa seed stands against bugs [Heteroptera]. 123323
Research on pesticides and future requirements for *chemicals* in the **protection** of stored products from insect. 123553
Wood as *chemical* **raw** material. 119662
Properties and fiber length of pulp. II. *Chemical* **reactivity** of homogeneous and heterogeneous reactions. 119786
The effluent-free bleached kraft pulp mill. VII. Sodium chloride in alkaline pulping and *chemical* **recovery** [to eliminate a major source of pollution]. 125544
A *chemical* **ripener** for sugarcane [Ethrel]. 121558
Studies on utilization of parthenogenesis in breeding of Brassica pekinensis [Chinese cabbage]. II. To increase the percentage of parthenogenesis seed **setting** with *chemicals.* 120770
Rational decontamination of the **soil** with *chemicals.* 122796
Soils of the Inangahua Depression, South Island, New Zealand. II. **Soil** *chemistry* & forestry appraisal. 124852

Potassium nutrition of plants and the effectiveness of potassium fertilizers [as related to **soil** *chemical* properties]. 124943
Effect of *chemicals* on the **spread** of rice blast disease [caused by Pyricularia oryzae]. 122763
Warfarin: a question of balance [Forest tree injuries, **squirrels** *chemical* control]. 119362
Influence of mastitis on the *physico-chemical* **status** of milk lipids. I. Glycerides, free fatty acids and phospholipid. 116167
Chemical **structure** of glycorticoids and induction of parturition in the cow. 118395
Relationship between *chemical* **structure** and plant growth-regulating activity of amino acid related compounds [Herbicidal activity against Echinochloa crusgalli]. 123054
Ovicidal activity and its relation to *chemical* **structure** for the two-spotted spider mite (Tetranychus urticae Koch) in a new class of miticides containing the cyclopropyl group. 123241
Comparative anatomic and *chemical* **studies** of six selected species of the genus Ruta. II. Content of the essential oil at different development phases and vegetation periods. 120852
Conbribution to the *chemical* **study** of Holocalyx glaziovii [Leguminosae]. II. [Flavone glycoside, hydrolysis, poisonous plants]. 121345
Biological and *chemical* **succession** in Nahal Soreq: a freeflowing wastewater stream. 125494
Chemical **suppression** of the symptoms of two virus diseases [of tobacco]. 122813
Effect of some *chemicals* on **symptom** expression & concentration of broadbean mosaic virus in broadbean (Vicia faba L.). 122841
Chemical **threat** to Lake Nakuru [Water pollution]. 125534
Changes in paramagnetic properties of Chlorella [vulgaris, Algae] under the effect of **toxic** *chemical* compounds [Detergents, water pollution tests]. 122924
Hunting poisons of the North Pacific region [Aconitum, *chemistry,* and **toxicology**]. 120181
Effect of plant residue amendments and *chemical* **treatments** upon the inoculum potential of Cylindrocladium floridanum in soil. 122728
Tuber *chemical* composition variation among yellow nutsedges [Cyperus esculentus]. 123159
Assessment of **two** *chemical* assays for available lysine [Rats, diets, dairy products]. 116485
Chemical **variation** of soils in Missouri associated with selected levels of the soil classification system. 124887
The effects of **varous** *chemical* and physical haulm treatments on the incidence of potato gangrene [caused by Phoma exigua foveata]. 122568
Science and "the politics of cancer" [includes toxicity caused by *chemicals,* **veterinary** pathology]. 119231
Teaching and training for the future [in the *chemical* **weed** control industries]. 123151
Guide to *chemical* **weed** control. 123182

CHEMISTS

The role of the quality **control** *chemist* in the food industry [Legislation]. 116246

CHEMOPROPHYLAXIS *see* PROPHYLACTIC

CHEMORECEPTOR

Contact *chemoreceptors* on the ovipositor of Lucilia cuprina (Wied.), the Australian sheep blowfly. 123603

CHEMOSTAT

Behaviour of Dictyostelium discoideum amoebae [Fungi] and Escherichia coli grown together in *chemostat* **culture.** 120907
Dual control of invertase biosynthesis in *chemostat* **culture** [Saccharomyces carlsbergensis, yeasts]. 120959
Effect of the abiogenic link on the predator [Protozoa] population in the development of a simple coenosis in a *chemostat* [**Yeasts** and bacteria as prey]. 121029

CHEMOSTERILANTS

New *chemosterilants* for boll weevils [Anthonomus grandis, cotton]. 123288

CHEMOTAXIS

Chemotaxis and the **odor** of seaweed [Dictyopteris plagiogramma and Dictyopteris australis]. 121249

CHEMOTHERAPY

Chemotherapeutic and **antibiotic** activity on Escherichia coli [in poultry]. 118643
Chemotherapy of **canine** and feline tumors. 118463
Resistance of Corynebacterium pyogenes to *chemotherapy* [in **cattle**]. 118840
Biochemical identification of Salmonellae and coli bacteria and their sensitivity to *chemotherapeutics* [**Livestock,** poultry]. 118974

CHENOPODIACEAE

Quinoa and relatives Chenopodium spp. *(Chenopodiaceae)* [**Food** crops]. 121955
Patellaria: a new **genus** in the *Chenopodiaceae.* 120014
Sugarbeet: Beta **vulgaris** *(Chenopodiaceae).* 121963

CHENOPODIUM

Ultrastructural changes in leaf cells of *Chenopodium* **quinoa** infected with potato virus S. 122856
Quinoa and **relatives** *Chenopodium* spp. (Chenopodiaceae) [Food crops]. 121955

CHERNOZEM

Effectiveness of inorganic fertilizers on eroded **calcareous** *Chernozem.* 124939
Experience of application of nitragin in peas on common Chernozems at the south-eastern part of the **Central** *Chernozem* Belt. 125078
Effect of long-term application of inorganic fertilizers on agrochemical properties and fertility of **deep** *Chernozem.* I. 124931
Effect of long-term application of inorganic fertilizers on agrochemical properties and fertility of **deep** *Chernozem.* 2. 124932
Effectiveness of fertilizers in durum and soft wheat in the conditions of weakly **leached** *Chernozems* in the Kursk Region. 125077
Movement of sodium trichloroacetate in **podzolized** *Chernozem* under the effect of precipitations. 123058
Results of introduction of North American woody plants in th *Central-Chernozem* **regions** of the Russian Soviet Federative Socialist Republic. 119872
Uptake of nitrogen by barley plants and the transformation of nitrogenous fertilizers on **re-graded** *Chernozem.* 124949
Effects of herbicides on the microflora and some hydrological and physical properties of *Chernozem* **soil** in young forest stands. 123758
Effect of irrigation on the content of humic substances and carbohydrates in **southern** *Chernozems* and those from the foothills of the Caucasus Mountains. 125179
Mineral nutrition and the yield of winter wheat as related to systematic application of fertilizers in a crop rotation on **typical** *Chernozem.* 124942
Determination of potassium by the Chirikov method in the *Chernozems* of the **Voronezh** Region. 124898
Effect of chlorocholine chloride on the mineral nutrition and productivity of winter **wheat** on *Chernozem.* 121400
Intensification—the main direction of agricultural development in the *Non-Chernozem* **Zone** of the Russian Soviet Federative Socialist Republic. 115357

CHERRIES

Maturation of **black** *cherry* fruits in central Mississippi. 121783
Polymorphism of the *cherry* **Cerasus** fruticosa. 120422
Cherry **culture** in Tasmania. 122503
Experimental determination of the dispositon the *cherry* **fly** of Rhagoletis cerasi L. (Diptera, Trypetidae) to fly. 123371
Feeding, mating, and oviposition activities of Rhagoletis fausta flies in nature *[Cherry* **fruit** pests]. 123369
Investigations on the practical application of the sterile insect technique as a method for the control of the *cherry* **maggot** (Rhagoletis cerasi L.) in Austria. 123433
Prevention of winter sunscald injury in Michigan *[cherry]* **orchards.** 122969
Candy technology. II. Brining of **pitted** *cherries* and candying yield. 117270
Cherry, **plum,** peach, apricot and almond: Prunus spp. (Rosaceae). 122352
Quality control of ready-to-drink **sour** *cherry* juices. 116149
Endogenous plant growth substances in developing fruit of Prunus cerasus L. [**Sour** *cherry].* V. Changes in inhibitor (ABA) [abscisic acid] levels in the seed and pericarp. 121705
Investigations on chosen problems on biology of blooming and fruit-bearing of **sour** *cherries* . I. Observations on sour cherry fruit drop [Varieties]. 121774
Evaluation of **sour** *cherry* varieties and new selections on the basis of preserves tests. 122284
Sweet *cherry* area, output up in Japan. 115664
Controlling codling moths [Carpocapsa pomanella] in **sweet** *cherries.* 123364
Primary indications on the selection of *cherry* **tree** varieties. 122313

CHEST *see* THORACIC

CHESTNUTS

Some considerations on the present status of *chestnut* **blight** disease [caused by Endothia parasitica] in Italy [Castanea]. 122559
Chestnut research and biological control of the *chestnut* **blight** fungus [Endothia parasitica]. 122622
Studies on the resistance of chestnut trees (Castanea spp.) to *chestnut* **gall** wasps (Dryocosmus kuriphilus Yasumatsu). iX. Polyphenolic contents in susceptible and resistant varieties. 123416
Removal of nutrients with the yield of crops [cereals, sugarbeets, alfalfa] on **irrigated** *Dark-Chestnut* soils. 121405
Alteration of the fertility of **light** *Chestnut* soil and the productivity of sugarbeets in a crop rotation and in continuous growing in relation to the system of fertilizer application. 121971
Effect of fertilizers on the yield and quality of winter wheat grain on eroded **mountainous** *Chestnut* soils. 124923
Determination of the moisture content in quick-frozen **mushed** *chestnuts.* 117266
Chestnut **research** and biological control of the chestnut blight fungus [Endothia parasitica]. 122622
Effect of long-term application of inorganic fertilizers in a crop rotation with sugarbeets on the nitrogenous regime of *Light-Chestnut* **soil** in the southeastern part of the Kazakhstan. 124929
Phytophthora [cryptogea] wilt of *chestnuts* in **South** Australia. 122756
The *chestnut* **tree** [Castanea, ornamental trees]. 122279
Studies on the resistance of *chestnut* **trees** (Castanea spp.) to chestnut gall wasps (Dryocosmus kuriphilus Yasumatsu). iX. Polyphenolic contents in susceptible and resistant varieties. 123416
The bionomics of the **twolined** *chestnut* borer [Agrilus bilineatus]. 123473

CHICKENS

On the development of *chicken* **adenohypophyseal** melanophore-expanding activity. 117625
Immunization of **adult** *hens* against infectious bursal disease virus. 118633
A cage for all *[chicken]* **ages.** 124597
Antigenic relationship of paralytic syndrome virus of *chickens* with other **avian** viruses as detected by immunofluorescence. 118742
Gas-blood CO2 [carbon dioxide] equilibration in parabronchial lungs of **birds** *[Chickens].* 117776
Pseudomonas aeruginosa as the causative agent of infections in **birds** *[Chickens].* 118994
Lipid vesicle-cell interactions. II. Induction of cell fusion *[Chicken* **blood].** 117801
Functional significance of thoracic vagal **branches** in the *chicken.* 117896
Age dynamics of the morphological and chemical composition of **eggs** from hens of the *Leghorn* **breed** in the conditions of large poultry farm. 117056
Quality of eggs from chickens of various lines of *Leghorn* **breed.** 118309
Peculiarities of feeding **breeding** *hens* from the NR cross. 118072
Breeding *chickens* from a four-line cross NR for obtaining highly productive hybrids [Leghorns]. 118297
Britain's *chickens* and the EEC [Meat regulation, European Economic Community]. 116239
Isolation of infectious bronchitis virus from **broiler** *chickens* in Chile. 118635
Roof insulation and its effect on **broiler** *chicken* mortality in hot weather [Poultry house]. 124653
Methods of obtaining incubation eggs from **caged** *hens.* 118305
Layers in battery **cages** *[Chickens].* 117423
Allo-aggression in *chickens.* II. **Cellular** expression of the AA gene products [Immunogenetics]. 118586
Effect of caecal coccidiosis on haematological indices in *chickens.* 2. **Changes** of haematological indices after the invasion of non-immunized chicks [by Eimeria tenella]. 118929
Effect of caecal coccidiosis on haematological indices in *chickens.* 3. **Changes** of haematological indices after the invasion of immunized chicks [by Eimeria tenella]. 118930
Substitution of lysine supplemented high protein wheat in protein feeds fed in the rearing and during the laying period of hens. 5. Influence of graded lysine supplements fed in the laying period on the production **characteristics** of *hens.* 118008
Fluorescent antibody test in diagnosis of ulcerative enteritis *[Chickens,* **Clostridium** colinum]. 118631
The ultrastructure of early generation development and later schizonts of Eimeria tenella in the *chicken* **[Coccidiosis].** 118896
Checking lines of *chickens* on **combination** rate for the purpose of developing new crosses. 118299
Chemical properties of two antigens controlled by the major histocompatibility **complex** of the *chicken.* 118785
Changes in some biochemical indices of the blood in *chickens* at **continuous** feeding of Timet and Lebaizid [Phosphorus organic insecticides]. 119286
Identification of some volatile compounds in **cooked** *chicken.* 117050
Histological observations on the thyroid gonad relationship in male crossbred (New Hampshire x White **Cornish**) *chicken.* 117742
Feeding roughage to *chickens* **[Costs].** 115495
Chickens of the **cross** 288 in the conditions of the Belorussian Zonal Experimental Station of Poultry Industry. 118300
Egg productivity of *chickens* from the 444th **cross** as related to the types of blood serum proteins. 118301
Interaction genotype—environment in *chickens* from the 288th **cross.** 118304
Polymorphism of blood serum proteins from *chickens* of the 444th **cross** [Genetical markers]. 118306
Productivity of *chickens* from the 444th **cross** [Leghorns]. 118308
General and specific combination rate in three-and four-line hybrids from 288th, 444th and NR **crosses** *[Chickens].* 118302
Testing interline hybrids for the purpose of developing new **crosses** *[Chickens].* 118312
Streptococcosis in *chickens.* II. **Cultural,** morphologic, and biochemical studies of Streptococcus strains. 118996
Immunizing activity of a vaccine against Gumboro **disease** *[chickens].* 118922
SEM [scanning electron microscope] of the cecal morphology in the **domestic** *chicken.* 117887
Phosphate compounds in red cells of the *chicken* and **duck** embryo and hatchling. 117630
Polypeptide composition of *hen's* **egg** yolk very low density lipoprotein. 117038
Mercury in *chicken* **eggs.** 116178
Some qualitative properties of the eggshells of [White Leghorn] *hen* **eggs.** 117057
Detection of pathogen of Gumboro disease in **Egypt** *[Chickens].* 118827

Study of plasmatic alkaline phosphate in infestations [of *chickens]* by **Eimeria** acervulina. 118607
Ultrastructure of the neural canal closure in the *chicken* **embryo.** 117520
Configurational variants of oncornavirus RNAs *[Chicken* **embryo** cells]. 118801
Nonpermissive infection of L cells by an avian reovirus: restricted transcription of the viral genome *[Chicken* **embryo** fibroblasts]. 118806
Physical and chemical characterization of an avian reovirus *[Chicken* **embryo** fibroblast cells]. 118807
An attempt to cultivate the agent connected with the antigen of hepatitis B in *chicken* **embryos.** 118675
Yaba 1-Lednice 110 virus proliferation in *chicken* **embryos.** 118679
Structural studies of *chicken* **erythrocyte** histone H5. 117668
Pulmonary arteriovenous anastomoses in the avian lung: do they **exist?** *[Chickens].* 117898
How to formulate layer's diets for mixing on the **farm** *[Chickens].* 118084
Blood metabolities and glucose metabolism in the fed and **fasted** *chicken.* 118099
Biochemical and physiological differences between avian ALD and PLD [anterior and posterior latissimus dorsi] muscle subcellular **fractions** *[Chickens].* 117643
Evaluation of the acceptability of **fresh** *chicken* waste: sudax silage vs sudax silage for feeding feeder cattle. 118116
Further observations on the use of a bivalent bacterin against Haemophilus **gallinarum** *[Chickens].* 118632
Immunological response to Mycoplasma **gallisepticum** *[Chickens].* 118962
Physiological studies on the effects of nutritional imbalance on the central nervous system: effects of thiamine deficiency on the regional protein metabolism in the brain of *chicken,* **Gallus** domesticus. 117642
Substitution of lysine supplemented high protein wheat in protein feeds fed in rearing and during the laying period of *hens.* 6. **Graded** lysine supplements as affecting the content of crude nutrients in the carcasses of laying hens. 118009
Energy and protein composition of broiler rations. 1. [Effects on *chicken* **growth** and carcass quality]. 118165
Osteoporosis in *chickens* with **hereditary** muscular dystrophy. 119198
Breeding chickens from a four-line cross NR for obtaining highly productive **hybrids** *[Leghorns].* 118297
Substitution of lysine supplemented high protein wheat in protein feeds fed in the rearing and during the laying period of *hens.* 5. **Influence** of graded lysine supplements fed in the laying period on the production characteristics of hens. 118008
Watch out for fragments in the bedding [of poultry]! [Litter, wood chips, *chicken* **injuries**]. 117399
The half-life of bovine and *chicken* **insulin** in chicken plasma. 117698
A comparison of some kinetic properties of soluble and bound *[chicken]* **lactate** dehydrogenase isoenzymes at different temperatures. 117657
Anticoccidial immunity [to Eimeria] in **large** *chicken* flocks. 118925
Messenger RNA translation in the presence of homologous and heterologous tRNA [prepared from oviduct or liver of **laying** *hens].* 117664
Substitution of lysine supplemented high protein wheat in protein feeds fed in rearing and during the laying period of hens. 6. Graded lysine supplements as affecting the content of crude nutrients in the carcasses of **laying** *hens.* 118009
Raw sugar and B [vitamin] complex for **laying** *hens.* 118047
Effect of time feeding on performance of **laying** *hens* during hot weather. 118078
Effects of dietary protein and lysine levels on plasma amino acids, nitrogen retention and egg production in **laying** *hens.* 118103
The influence of a chloramphenicol treatment of **laying** *hens* in batteries to air borne staphylocci in drinking water [Swine]. 118664
Metabolism of the herbicide methazole in lactating cows and **laying** *hens.* 123091
Cage fatigue [in **layng** *hens].* 119090
A comparative observation on the different contents of eggs of White **Leghorn** *hen* and Khaki Campbell duck in relation to the size of eggs. 117049
Age dynamics of the morphological and chemical composition of eggs from *hens* of the **Leghorn** breed in the conditions of large poultry farm. 117056
The effect of ketamine on heart rate, respiration rate and eEG [electroencephalogram] of White **Leghorn** *hens.* 117639
Lysine restriction in the rations of Black Australorp X white **Leghorn** *hens.* 117966
Protein requirments for White **Leghorn** *hens* with fish meal and peanut meal as nitrogen sources. 117967
Genetic control of the response of *chicken* **leukocytes** to a t-cell mitogen [Immunoglobulins]. 118378
Quality of eggs from *chickens* of various **lines** of Leghorn breed. 118309
The presence of Clostridium perfringens in **live** *chickens* and possible contamination during slaughter. 118691
Glucocorticoid binding in the *chicken* **liver** cytosol. Characterization of five macromolecular binding components. 117594
Solubilization of the chromatin-bound estrogen receptor from *chicken* **liver** and fractionation on hydroxylapatite. 117667
Changes in subfraction composition of *chicken* **lysine-rich** histone during ontogenesis. 117605
Immune complex extracted from acutely infected **malarious** *chicken* kidneys: physico-chemical properties of antigen part [plasmodium gallinaceum]. 118746
Carcass yield in two strains in *chickens* for **meat** production. 117055
Use of the technique of gas chromatography to determine the amount of aldrin retained in **meat** *chickens* poisoned with this pesticide [Residues]. 123683
Heterogeneity and specificity of non-histone nuclear phosphoproteins [Rats, *chickens,* **mice**]. 117635
Strain 13 of Alternaria brassicicola [Fungi]—a producer of estrogenic substances of a lipidic nature [Effect of *hens* and **mice**]. 118277
The endogenous secretin in *chicken:* **minor** physiological role in exocrine pancreatic secretion. 117840
Cell to substratum adhesion-promoting activity released by normal and virus-transformed cells in culture *[Chicken,* **mouse,** and rat fibroblasts]. 117799
Use of the agar-gel precipitin test to evaluate broiler breeder and commercial layer flocks *[chickens]* for **Mycoplasma** gallisepticum infection. 118642
Effect of infectious bursal agent on the response of *chickens* to **Newcastle** disease and Marek's disease vaccination. 118627
Genetic determinants of thyroiditis in the **OS** *chicken.* 119199
Initiation of ovalbumin synthesis in *chicken* **oviduct** magnum. Transient labeling of the NH2-terminus by methionine. 117569
Enzootic dermonecrosis in *chickens* **[Pasteurella].** 118983
Isolation of Mycobacterium avium serotype 3 from a white-headed tree duck (Dendrocygna viduata) **[Pathogenicity** in *chickens].* 118636
Growth, development and productive qualities of **pedigree** *chickens* kept in cages. 118303
TEM [transmission electron microscopy] studies of *hen's* **perivitelline** membrane hydrolysis by cock sperm in vitro. 118386
Sensitivity of various laboratory and farm animals to Clostridium perfringens intoxication (mouse, guinea-pig, rabbit, *chicken,* **piglet,** lamb). 118842
The half-life of bovine and chicken insulin in *chicken* **plasma.** 117698
[Chicken] **poisoning** produced by the ingestion of the pesticides aldrin and dieldrin. 119227
Localization of antibacterial activity and hydrolytic enzymes in subcellular fraction of rabbit and *chicken* **polymorphonuclear** leukocytes. 118793
Effect of dilauryl succinate on reproduction of the cock and *hen* and **preventive** effect of vitamin E. 118102
Effect of the lipid fraction of Alternaria brassicicola 13 on the egg **production** of *hens.* 118275
Determination of the rate of synthesis and catabolism of tissue **proteins** in *chickens.* 117932
Studies on the determination of toxic actions of derivatives of (2,4-dichlorophenoxy) acetic acid and 2,4-5-trichlorophenoxyacetic acid on eggs of pheasants, **quails,** and *chickens.* 123687
Comparative histological investigation of receptor structures in aortic wall of some vertebrate representatives [Includes *chickens* and **rabbits**]. 117689
Mammalian carbonic anhydrase isozymes: evidence for a third locus [Sheep, mice, **rabbits,** *chickens].* 117810
Studies on the relative biopotencies and intestinal absorption of different apo-beta-carotenoids in **rats** and *chickens.* 117585
Volatiles produced by microorganisms isolated from **refrigerated** *chicken* at spoilage. 116210
The causes of staphylococcal contamination during the production of **roasting** *chickens.* 116140
Age-dependent resistance of *chickens* to **Salmonella** in vitro: phagocytic and bactericidal activities of splenic phagocytes. 118596
Further characterization of IgA [immunoglobulin A] in *chicken* **serum** and secretions with evidence of a possible analogue of mammalian secretory component. 118696
Congenital anomalies of domestic fowl *[chickens]:* **seven** cases. 119076
Development dynamics of myocardium ultrastructure in embryonal and early postnatal **stage** in *chickens.* 117613
Serologic differences between strains of infectious bronchitis virus from New Zealand, Australia, and the United **States** *[Chickens].* 118640
Purification and comparison of elastins from [10] different animal species [Includes cattle, **swine,** *chickens].* 117552
Vasoactive intestinal peptide (VIP) from *chicken.* **Synthesis** and properties of the C-terminal hendecapeptide. 117616
Relationship of temperatures in the cervical blood vessels to brain **temperatures** in *chickens.* 117944
The effect of hyperpotassic diets on consumption, egg-laying, egg quality and on calcium and serous phosphorus levels. Preliminary **trial** *[Chickens].* 118049
Enhancement of hemagglutinating activity of Haemophilus gallinarum by **trypsin** *[Chicken].* 118629
Studies into the heat balance of **turkey** *hens.* 3. Insulation of skin. 117859
Studies into thermal balance of **turkey** *hens.* 2. Emission of heat. 117860
Studies on thermal balance of **turkey** *hens.* 1. Generation of heat. 117862
Brain monoamine metabolism of **turkey** *hens* in various stages of their reproductive life cycle. 118223
Ontogenetic changes in the haemoglobins of geese, ducks, *chickens* and **turkeys.** 117636
Nutrient requirements of *chickens,* **turkeys.** 118065
Marek's disease vaccine breaks: differences in viremia of **vaccinated** *chickens* between those with and without Marek's disease. 118637
A smear technique for staining elementary bodies of fowlpox **virus** *[Chickens].* 118620
Role of the bursa of Fabricius in the pathogenicity of inclusion body hepatitis and infectious bursal disease **viruses** *[Chickens].* 118639
A comparative observation on the different contents of eggs of **White** *Leghorn* hen and Khaki Campbell duck in relation to the size of eggs. 117049
Some qualitative properties of the eggshells of **[White** *Leghorn]* hen eggs. 117057
The effect of ketamine on heart rate, respiration rate and eEG [electroencephalogram] of **White** *Leghorn* hens. 117639
Thyroidal influence on gastrocnemius and sartorius muscle growth in young **White** *Leghorn* cockerels. 117700
Lysine restriction in the rations of Black Australorp X **white** *Leghorn* hens. 117966
Protein requirments for **White** *Leghorn* hens with fish meal and peanut meal as nitrogen sources. 117967
Effect of 16 percent protein starter diets on subsequent performance of growing and laying single-comb **White** *Leghorn* pullets. 118178
The effect of stimulating rates of ionizing radiation on the stability of liver cell mitochondria in chick embryos and **young** *chickens.* 117950
Cellular immunity in Listeria [monocytogenes] sensitized **young** *chickens:* assayed by an agarose drop macrophage migration inhibition test. 118821

CHICKPEAS

Chickpea: **Cicer** arietinum (Leguminosae-Papilionatae). 122353
Laboratory evaluation of malathion used as a protectant for the prevention of damage by pulse beetles to stored gram *[Chickpeas]* **(Cicer** arietinum). II> Persistance of malathionresidue [Drosophila as test insects]. 123291
Peculiarities of growth of maize and some legume plants [soybeans, *chickpeas,* **kidney** beans] in combined cultivation. 121462

CHICKS

Chicks: use their **behavior** as an aid. 117580
Comparative study of X-ray action (LD 50/30) on the thymus and bursa Fabricii of young Wyandotte **breed** *chicks* (Gallus domesticus). 117916
Neural-tube defects caused by **5-bromodeoxyuridine** in *chicks.* 119193
The regulation of vitamin D metabolism: interaction of vitamin D and **calcium** *[Chicks].* 117711
Demonstration of follicle stimulating hormone (FSH) activity in hypophyseal extracts of various vertebrates by the response of the Sertoli **cells** of the *chick.* 117696
Infection of *chick* **cells** by subgroup E viruses. 119039
The *chick* **chorioallantoic** membrane as a model system for the study of tissue invasion by viral transformed cells. 118674
Effect of superinvasion on the protein composition of the blood serum from *chicks* with **coccidiosis** caused by Eimeria tenella. 118931
CAMP [cyclic adenosine monophosphate] and cGMP [cyclic guanosine monophosphate] changes associated with the differentiation of **cultured** *chick* embryo muscle cells. 117672
Tissue-specific forms of actin in the **developing** *chick.* 117627
Cultivation of avian poxes in **developing** *chick* embryo. 118728
The role of nerves in the developing vertebrate limb: a teratogenic plea for re-evaluation [Includes *chicks* and **ducks].** 117694
Serum protein synthesis in the **early** *chick* embryo. 117647
The **early** *chick* embryo in correlated SEM and TEM [scanning electron microscopy, transmission electron microscopy] studies. 117714
The influence of Salmonella resistance in *chicks* during the **early** stage of ontogenesis. 118934
Ultrastructural changes in skeletal muscle of selenium-vitamin **E-deficient** *chicks.* 119069
Vascular patterns in the *chick* **embryo** spinal cord in normal and experimentally modified development. 117521
Transport of sugars in *chick* **embryo** fibroblasts. Evidence for a low-affinity system and a high-affinity system for glucose transport. 117587
Developmental aspects of the innervation of skeletal muscle fibers in the *chick* **embryo.** 117628
Electron microscopy analysis of differentiation of the wall and capillary bed of the *chick* **embryo** allantochorion. 117691
Electron microscopic localization of lactate dehydrogenase in osteoclasts of *chick* **embryo** tibia. 117704
Submicrosomal localization of prolyl hydroxylase from *chick* **embryo** limb bone. 117797
Effect of 5-bromodeoxyuridine on the appearance of cytoplasmic poly-A containing RNA *[Chick* **embryo** cells]. 117802
Study on the replication of the Aujeszky's disease virus using the immunofluorescence method *[Chick* **embryo** cells]. 118998
RNA metabolism in *chick* **embryonic** skin. 117602
Cell surface mannosyl transferase activity in the liver of **embryonic** *chick:* a mannose containing glycolipid as intermediate in glycoprotein synthesis. 117850

Properties of the mRNA for [**embryonic** *chick]* feather keratin: mRNA transcribed from a family of repeated genes. 118318
Molecular sieve chromatography of proteoglycans: a comparative analysis *[Chick* **embryos].** 117551
Observations on the ecto-mesodermal relations in the morphogenesis of limb buds *[Chick* **embryos].** 117568
Synthesis of delta-aminolaevulinate synthase by isolated liver polyribosomes *[Chick* **embryos].** 117586
Selective control of fibroblast proliferation and its effect on cardiac muscle differentiation in vitro *[Chick* **embryos].** 117646
Stimulation of corneal differentiation by interaction between cell surface and extracellular matrix. II. Further studies on the nature and site of transfilter "induction" *[Chick* **embryos].** 117648
The relation between villus formation and the pattern of extracellular fibers as seen by scanning microscopy *[Chick* **embryos].** 117650
Use of preformed cell aggregates and layers to measure tissue-specific differences in intercellular adhesion *[Chick* **embryos].** 117651
Levels of some metabolites in liver of *chick* **embryos** and recently hatched chicks. 117749
The repair of the surface structure of animal cells *[Chick* **embryos].** 117804
Ultrastructural localization of acetylcholinesterase in cultured cells. I. Embryo muscle *[Chick* **embryos].** 117812
The effect of stimulating rates of ionizing radiation on the stability of liver cell mitochondria in *chick* **embryos** and young chickens. 117950
Concentration of pigeon pox virus in different tissues and fluids of *chick* **embryos.** 118749
Isolation of a transcriptive complex from Newcastle disease virions *[Chick* **embryos].** 118805
Comparative studies on the methods for diagnosing Aujeszky's disease [Swine, *chick* **embryos].** 118977
The defective maturation of viral progeny with a temperature-sensitive mutant of avian sarcoma virus *[Chick* **embryos].** 119041
Globin messenger sequences in nuclear ribonucleoprotein particles of avian *[chick]* **erythroblasts.** 117849
Cellular proliferation and Mullerian duct differentiation in the **female** *chick* embryo. 117619
Development of Sarcocystis hirsuta (=Sarcocystis fusiformis) in tissue culture [of *chick* **fibroblasts**] after inoculation with sporozoites [obtained from dog intestine]. 118927
Toxicosis due to Aspergillus terreus [**Fungi**] in *chick.* 119241
[Toxic] effect of large doses of [the coccidiostat] **furacin** on *chicks.* 119281
Use of indirect haemagglutination and agglutination tests for the diagnosis of poultry salmonellosis [Salmonella **gallinarum,** *chicks].* 118936
Levels of some metabolites in liver of chick embryos and recently **hatched** *chicks.* 117749
Hygienic conditions in some *[chick]* **hatcheries** in the Estonian SSR. 118546
The role of *[chick]* **hatcheries** in spreading infectious diseases. 118935
A new hypothesis of contact guidance in tissue cells *[Chick* **heart** fibroblasts]. 117671
Genetic control of *chick* **helper** factor in cells which lack natural group-specific antigen of avian leukosis. 118422
Effect of caecal coccidiosis on haematological indices in chickens. 3. Changes of haematological indices after the invasion of **immunized** *chicks* [by Eimeria tenella]. 118930
Experiment on the isolation of tumor viruses from cell cultures of human neoplasms by **inoculation** into *chicks.* 118677
2-deoxyglucose transport by intestinal epithelial cells **isolated** from the *chick.* 117815
Protein inhibitor of *[chick]* **kidney** 25-hydroxyvitamin D3-1hydroxylase. 116521
The possible differentiation of osteogenic elements in vitro from [embryonic] *chick* **limb** mesodermal cells. I. Morphological evidence. 117649
Precocious development of UDP [uridine diphosphate]-glucuronyltransferase activity in *chick-embryo* **liver** after administration of adrenocorticotropic hormone and of certain 11beta-hydroxy corticosteroids. 117584
Rapid appearance of estrogen receptor in *chick* **liver** nuclei: partial inhibition by cycloheximide. 117680
Naturally-occurring degeneration in *chick* **muscle** development: ultrastructure of the M. complexus. 117763
Galactosyltransferase activities during embryonic development of *chick* **neural** tissue. 117593
Effect of caecal coccidiosis on haematological indices in chickens. 2. Changes of haematological indices after the invasion of **non-immunized** *chicks* [by Eimeria tenella]. 118929
Early post-embryonic changes in protein metabolism and DNA synthesis in the thymus of *chicks,* **normal** and infected with Salmonella pullorum; autoradiographic study. 118928
Development of the foramen secundum in the *chick* as **observed** by scanning electron microscopy. 117883
Application of freeze-dried, **one-day-old** *chick* erythrocytes to viral hemagglutination and hemagglutination-inhibition tests. 118786
Distribution of binding sites for the progesterone receptor within *chick* **oviduct** chromatin. 117654
Mechanism of steroid hormone action: in vitro control of gene expression in *chick* **oviduct** chromatin by purified steroid receptor complexes. 117712
Progesterone-binding components of *chick* **oviduct:** in vitro effects of purified hormone-receptor complexes on the initiation of RNA synthesis in chromatin. 117789
Progesterone-binding components of *chick* **oviduct:** in vitro effect of receptor subunits on gene transcription. 117790
Effects of estrogen on gene expression in *chick* **oviduct.** The role of chromatin proteins in regulating transcription of the ovalbumin gene. 118340
The binding and metabolism of testosterone by the *chick* **oviduct.** 118364
Mycotoxicosis in *chicks* **produced** by toxins from Phomopsis sp. or Diaporthe phaseolorum var. sojae. 118638
Cytoarchitectonics of lymphoid organs in *chicks* in **relation** to the invasion by Eimeria tenella and immunogenesis. 118926
Acetylcholinesterase distribution in *chick* **spinal** cord cultures. A light and electron microscope study. 117706
Now U.S. Says MD [Marek's disease] spray must **wait** *[Chicks].* 118885
Experimental analysis of excedentary regulation in **xenoplastic** *quail-chick* limb bud recombinants. 117954
The administration of oxytetracycline [antibiotics] into *chick* **yolk** sacs. 118772
Arterial elastin synthesis in the **young** *chick.* 117591

CHICKWEED

Common *chickweed* [Stellaria media]. 123049

CHICORY

Some enzyme changes in *chicory* **(Cichorium** intybus) during forcing. 121593
Weed **control** in *chicory.* 123111

CHIGGERS *see* THROMBICULIDAE

CHILDREN

Morphological and antigenic relationships between viruses (rotaviruses) from acute gastroenteritis of *children,* **calves,** piglets, mice, and foals. 118763
Sasanqua—the *step-child* **Camellia** [Varieties]. 122442
Postprandial glucose, insulin, free fatty acid and growth hormone responses in [Peruvian mestizo] *children* **consuming** all the day's protein in one meal. 116289
Postprandial glucose, insulin, free fatty acid and growth hormone responses in *children* **consuming** all the day's protein in one meal. 116293
Comparison of serum cholesterol in *children* **fed** high, moderate, or low cholesterol milk diets during neonatal period. 116480
Nature of carbohydrates in pulses [**Feeding** to *children].* 116397
Efficiency and effectiveness in the W.I.C. Program delivery system. The Special Supplemental Food Program for Women, Infants, and *Children* **[intended** to serve individuals at "nutritional risk"]. 116484
Nutrition: an integral component in the health care of *children* the **interdisciplinary** team in action. 116402
Cholesterol among *children* of **men** with myocardial infarction. 116525
The effect of spacing of *children* on the **nutrition** and mortality of under-fives. 116391
Nutritional status measures as predictors of nutritional risk in **preschool** *children* [United States]. 116288
Incidence of malnutrition among selected **preschool** *children.* 116393
Serum vitamin B12 levels in **protein-malnourished** *children.* 116498
Ways of improving general high school, special education and professional orientation of **school** *children* in relation to the reorganization of farm production [in Moldavia]. 115172
Protein quality of high protein wheats for **young** *children.* 116522

CHILIS

Heterosis and combining ability in a diallel cross of *chilli* **(Capsicum** annum L.). 120762

CHILL *see* COOL

CHILLI *see* CHILIS

CHILO

Insect virus infection of a poikilothermic vertebrate cell line: electron microscopy *[Chilo* **iridescent** virus]. 124127
New records of spiders as predators of maize borer *[Chilo* **partellus]** and maize jassid [Zygina manaliensis]. 123302

CHILOPODA

Influence of actinomycin D on larval moulting and morphogenesis of the *chilopod* **Lithobius** forficatus (L.). 124189

CHIMPANZEES

Corynebacterium pseudotuberculosis as a cause of subacute interstitial **nephritis** in a *chimpanzee.* 119050
Cholinergic effects on bull and *chimpanzee* **sperm** motility. 118224

CHINCHILLAS

A restraining device and oral dosing teching for the *chinchilla* **(Chinchilla** laniger). 118488

CHIP

A computer simulation of full-tree **field** *chipping* and trucking. 119834
Intra-articular *chip* fracture or osteochondrosis dissecans of the fetlock joint of horse. 119265
Physical-chemical methods for the recovery of protein from waste effluent of **potato** *chip* processing. 117277
Protein quality of precipitate from waste effluent of **potato** *chip* processing measured by biological methods. 117278
Economic advantages and disavantages of producing **pulp** *chips* in the woods in the Southwest. 119829
A treatment to preserve tall oil during *chip* **storage.** 119813
Watch out for fragments in the bedding [of poultry]! [Litter, **wood** *chips,* chicken injuries]. 117399
Exhaust and transport systems for dust and *chips* in the **wood** industry and development trends. 119236

CHIRONOMIDAE

Batch surface sterilization of *chironomid* [**Chironomus** tentans] eggs. 123611

CHIRONOMUS

Ultrastructural studies of isolated polytene chromosomes by scanning electron microscopy *[Chironomus* **stigmaterus].** 124133
Batch surface sterilization of chironomid *[Chironomus* **tentans]** eggs. 123611
Cytoplasmic zone analysis. RNA flow studies by micromanipulation *[Chironomus* **tentans].** 124020
Mobility restriction in vivo of the heavy ribosomal subunit in a secretory cell *[Chironomus* **tentans].** 124022
The presence of 5 S RNA genes in two consecutive chromosome bands in *Chironomus* **tentans.** 124085
The relationship between molecular size and electrophoretic mobility in agarose gels as determined from a single population of growing RNA molecules *[Chironomus* **tentans].** 124086
Permeability of a cell junction during intracellular injection of divalent cations *[Chironomus* **thummi].** 124068
Permeability of a cell junction and the local cytoplasmic free ionized calcium concentration: a study with aequorin *[Chironomus* **thummi].** 124069

CHIROPTERA

Notes on Myobiidae parasites of rodents, insectivores and *Chiroptera* **(Acarina:** Prostigmata). 123593

CHITIN

Chemical analysis for *chitin* as a **measure** of fungal infiltration of cellulosic materials [Cotton, jute, and paper]. 117195
Inhibition of *chitin* **synthesis** in Plodia interpunctella. 123535

CHLAMYDIA

Proposed definition on an *anti-Chlamydia* **serum** [Sheep]. 118918

CHLAMYDOMONAS

Fluorometric determination of DNA in *Chlamydomonas* **[Algae].** 120884
Mating in *Chlamydomonas* **eugametos** [Algae]. A scanning electron microscopical study. 120412
Genetics of Chlamydomonas moewusii and *Chlamydomonas* **eugametos** [Algae]. 120603
Temperature-sensitive breakdown in vivo of polysomes with mutants of *Chlamydomonas* **reinhardii** [Algae]. 121283
Absence of oxygen effect for induction of resistance to ionising radiation [Algae, *Chlamydomonas* **reinhardii].** 121292
Formal genetics of *Chlamydomonas* **reinhardtii** [Algae]. 120596
Genetic determinants of flagellum phenotype in *Chlamydomonas* **reinhardtii** [Algae]. 120598
Genetics of cell wall synthesis in *Chlamydomonas* **reinhardtii** [Algae]. 120600
Genetics of chloroplast ribosome biogenesis in *Chlamydomonas* **reinhardtii** [Algae]. 120602
Plastid inheritance in *Chlamydomonas* **reinhardtii** [Algae]. 120607
Calcium couples flagellar reversal to photostimulation in *Chlamydomonas* **reinhardtii** [Algae]. 121293
Survival-curve shape and oxygen enhancement ratio at low doses for *Chlamydomonas* **[reinmhardii,** Algae]. 121081

CHLORAMINE

Determination of zineb [fungicide] by **oxidation** with *chloramine-T.* 122638

CHLORAMPHENICOL

Administration of [the antibiotic] *Chloramphenicol* in **cats.** Serum concentrations after oral, subcutaneous and intramuscular application. 118647
Effect of *chloramphenicol* on the **electron** systems in Ustilago cynodontis [Fungi]. 122644
Effects of *chloramphenicol* on **Tilazol** (CI-744) anesthesia in dogs. 118577
The influence of a *chloramphenicol* **treatment** of laying hens in batteries to air borne staphylocci in drinking water [Swine]. 118664

CHLORDANE

Chlordane and **heptachlor.** 123698

CHLORELLA
An alternative to Kok's model for the oxygen-evolving system in photosynthesis [with the example of the **alga** *Chlorella].* 121050
Effect of diuron on the relation between the exchange of energy and gas in the photosynthesis of *Chlorella* **[Algae]** in blue light. 121027
Studies on frost hardiness in *Chlorella* **ellipsoidea** [Algae]. II. Effects of inhibitors of RNA and protein synthesis and surfactants on the process of hardening. 121325
Investigation of primary processes of photoinduced liberation of hydrogen from *Chlorella* during **flash** illumination [Algae]. 121034
Salt stimulated respiration of *Chlorella* **fusca** [Algae]. 121390
Changes in paramagnetic properties of *Chlorella* **[vulgaris,** Algae] under the effect of toxic chemical compounds [Detergents, water pollution tests]. 122924

CHLORIDES
Effects of **ammonium** *chloride* on formation of siliceous urinary calculi in calves. 119085
Experiental restriction of feed and addition of **calcium** *chloride* for swine as a prophylaxis against coli-enterotoxaemia. 118830
Effect of **chlorocholine** *chloride* on the mineral nutrition and productivity of winter wheat on Chernozem. 121400
Studies on early seedling growth of rice with IAA, GA, CCC [indoleacetic acid, gibberellic acid, **chlorocholine** *chloride].* 121569
Effect of treating barley crops with dichlorophenoxyacetic acid and the retardant **chlorocholine** *chloride* on the quality of the yield. 123195
The influence of **(2-chloroethyl)-trimethylammonium** *chloride* (CCC) and Septoria nodorum Berk. (Leptosphaeria nodorum, Muller) on the yield of winter wheat. 122581
Color removal in a **ferric** *chloride-lime* system [Effluent treatment, kraft pulping]. 125562
The properties and composition of wood cellulose decomposition products obtained under the action of **hydrogen** *chloride* at pressure. 119748
Localization of *chloride* in **leaf** cells of the halophyte Suaeda maritima by silver precipitation. 121304
Prophylaxis of bovine grass tetany on the basis of final liquor of MgCl2 **[magnesium** *chloride].* 4. The magnesium-substituting effect of MgCl2 final liquor in fertilization of single crops. 119171
Automated determination of *chloride* and **phosphate** in cane juice, molasses and sugar. 117184
Contribution to the investigation into the migration into liquid foodstuffs of auxiliary substances used in plastics manufacturing and processing. II. Migration of auxiliary substances of **polyvinyl** *chloride* into drinking water. 116073
The effect of surface treatments on the migration of organotin stabilizer from **polyvinyl** *chloride* films to contacting liquid media [Food packaging]. 116711
Toxicity of the PVC **[polyvinyl** *chloride]-plasticizer* di(2-ethylhexyl)phthalate [Toxicity]. 119275
Changes in parotid salivary flow during intracarotid infusion of **potassium** *chloride* into conscious sheep. 117822
Study on the effect of **sodium** *chloride* on the inactivation of Cysticercus cellulosae in the muscle meat of naturally infected swine [Storage of infected pork]. 116252
The influence of **sodium** *chloride* on viscose process [during fiber processing]. 119790
Growth and resource allocation responses of Spartina alterniflora Loisel. to three levels of NH4-N, Fe, and NaCl [ammonia, iron, **sodium** *chloride]* in solution culture. 121436
Primary physicochemical injuries in chloroplasts due to toxic concentrations of NaCl **[sodium** *chloride,* pea seedlings]. 123038
The peripheral inhibition of the tarsal sugar receptor by **sodium** *chloride* in the proboscis extension response of the blowfly, Phormia regina M. 124034
The effluent-free bleached kraft pulp mill. VII. **Sodium** *chloride* in alkaline pulping and chemical recovery [to eliminate a major source of pollution]. 125544
Effect of 2-chloroethyl **trimethylammonium** *chloride* on tuberization of potatoes. 121773

CHLORINATED
Peroxide bleaching of CEHH *[chlorination,* **extraction** and hypochorite] banboo kraft pulp. 119707
Gas chromatographic determination of polychlorinated biphenyls (PCBs) in the presence of *chlorinated* **hydrocarbon** pesticides in eggs of wild birds. 123738

CHLORINE
Sporicidal properties of *chlorine* **compounds:** applicability to cooling water for canned foods. 116205
The movements of minerals in the digestive tract of dry and lactating Jersey cows. 1. Net movements of Ca, P, Mg, Na, K and Cl [calcium, phosphorus, magnesium, sodium, **potassium** and *chlorine].* 117963

CHLORITE
Contribution to the characterization of sodium chlorite delignification of spruce wood. III. Lignin and polysaccharide complexes in *chlorite* **liquors.** 119770

CHLOROCHOLINE
Effect of *chlorocholine* **chloride** on the mineral nutrition and productivity of winter wheat on Chernozem. 121400
Studies on early seedling growth of rice with IAA, GA, CCC [indoleacetic acid, gibberellic acid, *chlorocholine* **chloride].** 121569
Varied effect of *chlorcholinchloride* **[growth** substances] on wheat and rye stability. 121525
Effect of treating barley crops with dichlorophenoxyacetic acid and the **retardant** *chlorocholine* chloride on the quality of the yield. 123195

CHLOROETHYL
The influence of *(2-chloroethyl)-trimethylammonium* **chloride** (CCC) and Septoria nodorum Berk. (Leptosphaeria nodorum, Muller) on the yield of winter wheat. 122581
Comparative effects of (2-chloroethyl) phosphonic acid and the *mono-2-chlorethyl* **ester** of the acid on growth, peroxidase activity, and sex expression of a monoecious cucumber. 121698
Effect of *2-chloroethyl* **phosphonic** acid (Ethrel) on the ripening of bush redpeppers (Capsicum annuum). 121649
Comparative effects of *(2-chloroethyl)* **phosphonic** acid and the mono-2-chlorethyl ester of the acid on growth, peroxidase activity, and sex expression of a monoecious cucumber. 121698
Effect of *2-chloroethyl* **trimethylammonium** chloride on tuberization of potatoes. 121773

CHLOROPHENYL
Retention of molecules of 1.1. Dichloro-2-2 **bis** *(p-chlorophenyl)-ethylene* on some metalic oxides [DDT decomposition, soil contamination]. 123684

CHLOROPHOS
Hypodermin-chlorophos to **control** subcutaneous gadflies in yaks. 123678

CHLOROPHYCEAE
Pleomorphism in Scenedesmus quadricauda (Turp.) Breb. *(Chlorophyceae)* **[Algae].** 121079
Bacterial endosymbionts in Volvox **carteri** *(Chlorophyceae)* [Algae]. 121200
Photosynthetic capacity and luxury uptake of carbon during phosphate limitation in Pediastrum **duplex** *(Chlorophyceae)* [Algae]. 121212
Serological studies of male and female strains of Eudorina **elegans** *(Chlorophyceae)* [Algae]. 121215
Stimulation of growth in Scenedesmus obliquus [Algae] *(Chlorophyceae)* by **humic** acids under iron limited conditions. 121217
Ethephon (2-chloroethylphosphonic acid) effects on Scenedesmus **quadricauda** *(Chlorophyceae)* [Algae]. 121205

CHLOROPHYLL
Chlorophyll **A:B** ratios in some siphonous green algae in relation to species and environment. 121202
The occurrence of *chlorophyll* C1 and C2 in **algae.** 121220
On the correlation between the amounts of *chlorophyll* B and **chlorophyll** A forms in various plants [Algae]. 120848
Cation effects on light-induced chlorophyll a fluorescence in chloroplasts lacking both *chlorophyll* b and **chlorophyll-protein** complex II [Barley]. 121538
Membrane polypeptides and *chlorophyll-protein* **complexes** of maize mesophyll chloroplasts. 121440
Mineral nutrition of **cultured** *chlorophyllous* cells of tobacco. IV. Kinetic studies of K [potassium] and Mg [magnesium] uptake by the cells. 121534
Selective distribution of newly formed molecules of *chlorophylls* a and b at different **depth** of fragmentation of photosynthetic membranes by digitonin. 121037
On the correlation between the amounts of chlorophyll B and *chlorophyll* A **forms** in various plants [Algae]. 120848
Photosensitivity of artificial bilayer membranes: *lipid-chlorophyll* **interaction.** 121314
Prediction of phosphorus and *chlorophyll* **levels** in lakes [Algal levels, pollution]. 125516
Cation effects on **light-induced** *chlorophyll* a fluorescence in chloroplasts lacking both chlorophyll b and chlorophyll-protein complex II [Barley]. 121538
Frequency and spectrum of *chlorophyll-deficient* **mutations** in rice after treatment with radiation and alkylating agents. 120782
Skylab investigation of the upwelling off the northwest coast of Africa **[Surface** *chlorophyll* concentration, Algae, remote sensing]. 120366
Effect of Panacide (5,5'-dichloro-2,2'-dihydroxy-diphenylmethane), on the **total** *chlorophyll* & growth of Scenedesmus obliquus [Algae]. 121131
Chlorophyll A **versus** adenosine triphosphate as algal biomass indicators in lakes. 121201

CHLOROPHYTA
Phylogenetic relationships of **Caulerpa** *(Chlorophyta)* based on comparative chloroplast ultrastructure. 120774
Ultrastructure during development of the nucleus of Batophora **oerstedii** *(Chlorophyta;* Dasycladaceae) [Algae]. 120498

CHLOROPICRIN
The legislative aspects of *chloropicrin* **soil** fumigation [Australia]. 123718

CHLOROPIDAE
Root lice as a source for *Chloropidae* as **house** pests. 123657
A species of Chloromerus [near striatifrons] (Diptera: *Chloropidae)* **swarming** in the Canberra district. 123822

CHLOROPLASTS
Partial sequences of 16S rRNA and the phylogeny of bluegreen **algae** and *chloroplasts.* 120786
Comments on the translational and transcriptional origin of Euglena [gracilis] *chloroplastic* **aminoacyl-tRNA** synthetases [Algae]. 120908
Study of amino acid composition and biosynthesis of membrane proteins in *chloroplast* **biogenesis.** 120946
Phylogenetic relationships of Caulerpa (Chlorophyta) based on **comparative** *chloroplast* ultrastructure. 120774
Effects of 1,N6-ethenoadenylates on the regulation of photosynthetic activities by adenylates; a study of the nucleotide binding sites on *chloroplast* **coupling** factor [Spinach]. 121754
Enzymic reconstitution of photosynthetic carbon assimilation. Pentose phosphate-dependent O2 [oxygen] evolution by illuminated **envelope-free** *chloroplasts* from Spinacia oleracea [spinach]. 121599
Control of synthesis of RNA during morphogenesis of the *chloroplast* in **Euglena** gracilis [Algae]. 120896
Oxidative ways of 3-phosphoglyceric acid formation in *chloroplast* **extracts** [Peas, broadbeans]. 121638
Effect of adenosinetriphosphatase and conditions of phosphorylation on the H+/3- [Hydrogen, electron] relation and proton exchange of **isolated** *chloroplasts* [Peas]. 121636
A novel pathway for the synthesis of solanidine in the **isolated** *chloroplast* from greening potatoes. 121641
Properties of [spinach] *chloroplasts* **isolated** by phase partition. 121737
Cation effects on light-induced chlorophyll a fluorescence in *chloroplasts* **lacking** both chlorophyll b and chlorophyll-protein complex II [Barley]. 121538
Absorption of oxygen by pea **leaf** *chloroplasts* in the presence of riboso-5-phosphate in the light. 121634
Lipids of grape (Vitis vinifera) **leaves** & their *chloroplasts.* 121692
Photosystem 2 mediated electron transport and phosphorylation with ferricyanide and dibromothymoquinone. The uncoupling activity of dibromothymoquinone **[Lettuce** *chloroplasts].* 121763
Hybridization of **maize** *chloroplast* DNA with transfer ribonucleic acids. 121425
Activity of Hill reaction and the ultrastructure of *chloroplasts* in **maize** hybrids and their initial forms. 121473
X-ray diffraction from [spinach] *chloroplast* **membranes** oriented in a magnetic field. 120458
Reversible particle movements associated with unstacking and restacking of *chloroplast* **membranes** in vitro. 120482
Interaction of adenine derivatives with *chloroplast* **membranes.** 120940
Membrane polypeptides and chlorophyll-protein complexes of maize **mesophyll** *chloroplasts.* 121440
Inheritance and synthesis of *chloroplasts* and **mitochondria** of Euglena gracilis [Algae]. 120606
Study of membrane-bound ribosomes during **pea** *chloroplasts* formation. 121608
Pterin-protein complex and ferredoxin as possible components of a molecular complex in **Photosystem** I *[Chloroplasts].* 120943
Peculiarities of tRNA that translate the synthesis of soluble and unsoluble **proteins** of the *chloroplasts.* 121348
Genetics of *chloroplast* **ribosome** biogenesis in Chlamydomonas reinhardtii [Algae]. 120602
A requirement for cytoplasmic protein synthesis during *chloroplast* **senescence** in the aquatic plant anacharis canadensis. 121317
Morphometry of T219 **soybean** *chloroplasts* during initial exposure to light. 120547
Interactions of metal cations with lipid-depleted **[spinach]** *chloroplasts.* 121601
Polarized light spectroscopy on oriented **spinach** *chloroplasts* fluorescence emission at low temperature. 121605
The relationship between proton fluxes and the regulation of electron transport in **[spinach]** *chloroplasts.* 121646
Photoelectron microscopy of biomembranes: observation of external photoemission from **spinach** *chloroplasts.* 121767
Relation between photoinduced changes of the oxiation-reduction potential of the *chloroplast* **suspension** and the activity of the second photosystem [Peas]. 121639
Comparative effects of several inhibitors of *chloroplast* **thylakoid** membrane synthesis in greening jack bean. 121621
Primary physicochemical injuries in *chloroplasts* due to **toxic** concentrations of NaCl [sodium chloride, pea seedlings]. 123038
Cachonina illdefina sp. Nov. (Dinophyceae): *chloroplast* **tubules** and degeneration of the pyrenoid [Algae]. 120136
Initial light effects on *chloroplast* **ultrastructure** in soybeans. 120545
Effect of cations and saccharose on the activity of photopohosphrylation and processes conjugated with it in *chloroplasts* of **wheat** varieties with different productivity. 121577
Effect of lower temperature on malate and glutamate dehydrogenase of *chloroplasts* in **winter** wheat. 121445

CHLOROPS
Gout fly *[Chlorops* **pumilionis,** pest of cereals]. 123269

CHLOROSIS
Heavy metal toxicity in vegetable crops. V. The effect of iron concentration in the nutrient solution on manganese toxicity in vegetable **crops** *[Chlorosis].* 122980
Molybdenum deficiency in melons in a Planosol from the Tavira area (Algarve, Portugal) *[Chlorosis,* **fertilizers**]. 122885
Properties of **maize** *chlorotic* dwarf virus and its ribonucleic acid. 122877
Effects of waterlogging on the growth of peas *[Chlorosis,* **reduction** of yield]. 122892

CHLOSYNE
Larval morph variation in *Chlosyne* **lacinia** (Nymphalidae) [Influence of genetic modifiers and/or environmental factors]. 124061

CHOCOLATE
Thermometry of temperature-sensitive goods during shrink wrapping, shown by example of *chocolate* **bars.** 116791

CHOLECYST
Cholecystokinin and **satiety:** theoretic and therapeutic implications [Food intake]. 116355
Cholecystokinin both **stimulates** and inhibits human food intake. 116488

CHOLERA
Hog *cholera.* I. Immunofluorescent diagnosis using tissue sections and blood smears. 118692
Reverse plaque formation by **hog** *cholera* virus of the GPEstrain inducing heterologous interference. 118765

CHOLESTEROL
Body *cholesterol:* how much comes from diet. 116343
Effect of type of dietary fat, *cholesterol* and **chenodeoxycholic** acid on gallstone formation, bile acid kinetics and plasma lipids in squirrel monkeys. 116426
Cholesterol among **children** of men with myocardial infarction. 116525
The effect of **dietary** *cholesterol* on the development of [cabbage root fly] Hylemya brassicae. 124053
Eggs and *cholesterol.* 116475
Discrimination between *cholesterol* and **ergosterol** by yeast membranes [Saccharomyces cerevisiae]. 120922
Comparison of serum cholesterol in children fed high, moderate, or **low** *cholesterol* milk diets during neonatal period. 116480
Effects of ethanol on bile acid and *cholesterol* **metabolism** [Diet]. 116278
Circulating lipophages and aortic foam cells in experimental atherosclerosis of *[cholesterol-fed]* **rabbits** under altered reticuloendothelial activity. 116493
Comparison of **serum** *cholesterol* in children fed high, moderate, or low cholesterol milk diets during neonatal period. 116480
Cholesterol **synthesis** in germfree and conventional rats. 116421
Eggs: triglyceride, and not *cholesterol,* the **villain** of heart attacks. 116296

CHOLINERGIC
Cholinergic **effects** on bull and chimpanzee sperm motility. 118224
The isolation of *cholinergic* **nerve** terminals from fleshfly heads [Sarcophaga barbata]. 123990

CHOLINESTERASES
Arylesterases from various mammalian sera in relation to *cholinesterases,* **carboxylesterases** and their activity towards some pesticides. 123695
Interconversion of *cholinesterase* **enzyme** activity units by the manual Delta pH [hydrogen-ion concentration] method and a recommended automated method [Organophosphorus and carbamate pesticide intoxication]. 123694

CHONDRILLA
The ecology of *Chondrilla* [an **important** weed of wheat crops] in the eastern Mediterranean. 123092

CHONDROCYTES
Inhibition of proteoglycan biosynthesis by hyaluronic acid [from the vitreous humor of fresh bovine eyes] in *chondrocytes* in **cells** culture. 117595

CHOPPING
Better burgers, at no extra cost *[Chopped* **beef].** 117003
Chopped **silage** proves popular. 117385

CHORDACEAE
The release, settlement and germination of zoospores in *Chorda* **tomentosa** [Algae] (Phaeophyceae, Laminariales). 121221

CHORION
The **chick** *chorioallantoic* membrane as a model system for the study of tissue invasion by viral transformed cells. 118674
Ineffectiveness of **human** *chorionic* gonadotropin in weight reduction: a double-blind study [Obesity]. 116284
The pregnancy protecting effect of progesterone **against human** *chorionic* gonadotrophin challenge in mares. 118330
Human *chorionic* gonadotropin for controlling ovulation in mares. 118380

CHORISTONEURA
Serologic characterization and identification of four lepidopteran cell lines *[Choristoneura* **fumiferana,** Malacosoma disstria]. 123863
Applying behavioral studies in entomological problems [to control a **spruce-budworm** *Choristoneura* fumiferana]. 123463
Modoc budworm *[Choristoneura* **viridis**] pilot control project in California, 1974 [Pest of Abies concolor]. 123490

CHORTOICETES
Neuronal mechanisms subserving directional selectivity in the locust optomotor system *[Chortoicetes* **terminifera,** Locusta migratoria]. 124028

CHROMATIN
Origins of *chromatin* **acidic** proteins of avian erythroid cells. 117739
Sperm-egg interactions in the pig: monospermy, extensive polyspermy, and the formation of *chromatin* **aggregates.** 118334
Further investigations on the property of *chromatins* from **apical** and axial parts of cauliflower inflorescence. 121643
Composition of *chromatin* in **cellular** nuclei and the modification of histones in maize heterotic hybrids. 120698
Solubilization of the *chromatin-bound* **estrogen** receptor from chicken liver and fractionation on hydroxylapatite. 117667
Distribution of binding sites for the progesterone receptor within chick **oviduct** *chromatin.* 117654
Mechanism of steroid hormone action: in vitro control of gene expression in chick **oviduct** *chromatin* by purified steroid receptor complexes. 117712
Effects of estrogen on gene expression in chick oviduct. The role of *chromatin* **proteins** in regulating transcription of the ovalbumin gene. 118340
Differences and similarities in *chromatin* **structure** of Neurospora crassa [Fungi] and higher eucaryotes. 120448
Yeast [Saccharomyces cerevisiae] *chromatin* **structure.** 121055
Progesterone-binding components of chick oviduct: in vitro effects of purified hormone-receptor complexes on the initiation of RNA **synthesis** in *chromatin.* 117789
Phenobarbital stimulation of housefly [Musca domestica] *chromatin* **template** activity. 123984
Comparative characteristics of **"ultrasonic"** *chromatin* fractions from leukocytes (neutrophils) and rabbit brain. 117606
Study of the structure and functions of *chromatin* in **winter** wheat in relation to frost resistance. 120815

CHROMATOGRAPHY
Affinity *chromatography* of Aspergillus [saitoi] acid proteinase on an N,O-dibenzyloxycarbonyl-tyrosine-AH-sepharose 4B column [Fungi]. 120882
Neurospora crassa [Fungi] glutamine synthetase. Purification by **affinity** *chromatography* and characterization of subunit structure. 121166
Use of immunoadsorbent **affinity** *chromatography* to purify component I of nitrogenase from extracts of Azotobacter vinelandii [a nitrogen-fixing soil bacterium]. 124800
Gas-chromatographic **characterization** of whiskey. I. Method of investigation. 116662
Chromatographic **column** fractionation and fatty acid composition of different lipid classes of linseed oil. 117152
Cell-wall **column** *chromatographic* identification of the native cell-wall acid phosphatase of cultured tobacco cells. 121532
A comparison of some *chromatographic* **detectors** for the analysis of volatile N-nitrosamines [Potent carcinogens in food]. 116174
Chromatographic **determination** of cis-trans monoethylenic unsaturation in fats and oils—a review. 116778
Chromatographic **differentiation** of tamarixetin and isorhamnetin by spraying [Isomeric flavonoids]. 121180
Association between defective stigmatic exudates & sterility in Impatiens [sultani]: *chromatographic* **evidence.** 120758
In vitro trypsin digestion of bovine and pig muscles both raw and cooked: peptides fractionations by molecular **exclusion** *chromatography* [Pork and beef]. 116937
Chromatography of **folates** on Sephadex G-10 [in cow's milk]. 116890
Aroma qualification of wines by **gas** *chromatography.* I. Experimental method for head space analysis. 116230
A method for the **gas** *chromatographic* determination of vitamin D and related structures. 116412
Gas *chromatographic-mass* spectrometric study of fluid contents of molasses. 116661
Comparative sugar determination [in food] using **gas** *chromatographic,* enzymatic and reductometrical methods. 116705
The quantitative determination of ortho- toluene sulfonamide (o-TS) in saccharin by U. V. [Ultraviolet] spectrophotometry and by **gas** *chromatography.* 116712
Structure determination of polyunsaturated fatty acids by **gas** *chromatography-mass* spectrometry—a comparison of fragmentation patterns of various derivatives. 116779
Gas *chromatographic* methods for flavor testing in cooked pork (muscles semimembranosus). 117022
Aroma qualification of wines by **gas** *chromatography.* II. Determination of an index number defining aroma quality; its relationship with gas chromatographic peak areas and conditions of application. 117307
Determination of volatile fatty acids [in ruminal fluid] by **gas** *chromatography.* 117573
A combined radio **gas** *chromatograph/mass* spectrometer detects intermediates in mycophenolic acid biosynthesis [Penicillium brevicompactum, Fungi]. 120879
Use of the technique of **gas** *chromatography* to determine the amount of aldrin retained in meat chickens poisoned with this pesticide [Residues]. 123683
Quantitative **gas** *chromatographic* analysis of dimethoate and several metabolites in rape, quail, and grasshopper tissues by derivatization. 123723
Gas *chromatographic* analysis of heptafluorobutyryl derivatives of some carbamate insecticides [in vegetables]. 123726
Gas *chromatography* of pesticides; tubular literature abstracts. V. 123737
Gas *chromatographic* determination of polychlorinated biphenyls (PCBs) in the presence of chlorinated hydrocarbon pesticides in eggs of wild birds. 123738
Determination of polychlorinated biphenyls with DDT metabolites by reaction **gas** *chromatography.* 123740
Analytical studies of pyrethrin [insecticide] formulations by **gas** *chromatography.* II. Isolation of the pyrethrins from water-based formulations. 123755
A **gas-liquid** *chromatographic* method for the determination of dodine [fungicide] residues on foods. 116175
Gas-liquid *chromatographic* determination of vitamin D in multivitamin preparations containing excess amount of vitamin E. 116457
Gas-liquid *chromatographic* determination of vitamin D3 in tuna liver and vitamin D3 resin oils. 116458
Gas-liquid *chromatography* of trimethylsilyl ethers of naturally occurring anthraquinones [found as products of a number of fungal species]. 121181
The estimation of plant organic acids by **gas-liquid** *chromatography.* 121307
Gas-liquid *chromatographic* determination of iodofenphos [pesticide] and several related compounds in tissues and urine of cattle. 123720
Metabolism of 2,4-dichlorophenoxyacetic acid. IX. **Gas-liquid** *chromatography* of methyl esters of amino acid conjugates. 123728
Gel *chromatographic* separation of retinol, retinyl esters and other fat-soluble vitamins. 116411
Liquid *chromatography* of N-nitrosoamino acids and their syn and anti conformers [Possible carcinogen found in food]. 116193
Contribution to the quantitative determination of coffein, theophyllin and theobromin with high pressure **liquid** *chromatography.* 116706
Gas-chromatography in sterol anlaysis. GLC-MS [gas **liquid** *chromatography-mass* spectrometry] of methoxy derivatives of sterols [Olive and sunflower oils were employed]. 117318
High-pressure **liquid** *chromatographic* method for the determination of 25-hydroxycholecalciferol [Metabolite of vitamin D3] in cow plasma. 117549
The technique of performing column **liquid** *chromatography.* 121349
High-performance **liquid** *chromatography* of organophosphorus insecticides. 123727
Cuticular waxes [of Brassica and sunflower **seed**] and *chromatography.* 117178
Molecular **sieve** *chromatography* of proteoglycans: a comparative analysis [Chick embryos]. 117551
Application of *chromatography* on **silica** gel to vitamin D assays in **"Vitastol".** 116268
Gas-chromatography in **sterol** anlaysis. GLC-MS [gas liquid chromatography-mass spectrometry] of methoxy derivatives of sterols [Olive and sunflower oils were employed]. 117318
Detection and determination of N-nitrosamines by **thinlayer** *chromatography* using fluorescamine. 116190
Detection of N-aryl-N-nitrosamines on **thin-layer** *chromatographic* plates with 2,4-dinitrophenylhydrazine and phosphomolybdic acid [Possible carcinogens]. 116191
Identification of antibiotic residues in milk by **thin-layer** *chromatography.* 116192
Thin-layer *chromatographic* demonstration of the Zenkor herbicide [Residues in food and feed]. 116266
Quantitative analysis of flavanones and 3-hydroxyflavanones [occurring in plant material] by **thin-layer** *chromatography* [Foods]. 116776
Quantitative determination of caffeic acid esters and catechins by direct measurement on **thin-layer** *chromatograms.* 116777
Thin-layer *chromatography* of sulphonamides and possibilities for their use in [veterinary] practice. 118525
Forensic examination of sawdasts by **thin-layer** *chromatography* and flying spot densitometry. 119722

CHROMIC
Components of Labiadae. XXV. Diterpenes of Nepeta granatensis Boiss; *chromic* **oxidation** of the allyl alcohls 7 alpha, 18-dihydroxy-14-abietene and 14 alpha, 18-dihydroxy-7-abietene. 120871

CHROMIUM
Manganese, copper and *chromium* **content** in macrophytes of Lake Endine (northern Italy) [Aquatic plants]. 121272
A colorimetric technique using *chromium-ethylene* **diamine** tetra acetate for measuring rumen volume [Sheep]. 117753
Chromium **effects** on coastal organisms. 125503
Some effects of copper, cobalt, cadmium, zinc, nickel, and *chromium* on **growth** and mineral element concentration in Chrysanthemum [morifolium]. 121716
Effects of selected ions on the removal of *chrome* (III) **hydroxide** [in natural waters, chromium]. 125506
Red blood corpuscle survival assessed with *chromium* 51 **[isotope]** and diisopropyl fluorophosphate-H3 in cattle. 117919
Effects of *chromium,* **manganese,** nickel, lead, copper and zinc on the nitrification process of soil. 124751
Sensitivity of tobacco to *chromium* from **mechanical** draft cooling tower drift. 122910
Investigation of 6-O-trytilcellulose oxidation by **system** *chromium* trioxide-pyridine. 119735
Effects of selected ions on the removal of chrome (III) hydroxide [in natural **waters,** *chromium].* 125506

CHROMOGENIC
The applicability of the *chromogen* **method** for determining the apparent digestibility of dry matter in 1/2 Breton blood and 1/2 Thoroughbred blood mares. 117910

CHROMOMERES
Genes and *chromomeres* of **Drosophila.** 123963

CHROMOSOMES
Chromosome **aberrations** in root meristematic cells after treatment with [the mutagen] NMH (N-methyl-N-nitrosourea). 120659
Chromosomal **analysis** in two species of earwings belonging to the genus Forficula [beelzebub, Forficula schlagintweiti] (Dermaptera). 123872
Mechanism of differential staining of BUdR-substituted Vicia faba **[broadbeans]** *chromosomes.* 120457
Replication initiation in yeast [Saccharomyces **cerevisiae]** *chromosomes.* 121114
The presence of 5 S RNA genes in two **consecutive** *chromosome* bands in Chironomus tentans. 124085
The **correct** *chromosome* number for Crocus medius Balb. 120501
Modification of *chromosome* **damage** in Vicia faba [broadbeans] by caffeine & cysteine applied at varying times before & after irradiation. 122950
Evolutionary significance of *chromosomal* **differentiation** patterns in gymnosperms and primitive angiosperms. 120716
Naturally occurring cross-links in yeast [Saccharomyces cerevisiae] *chromosomal* **DNA.** 120449
Cytogenetic analysis of the complementation groups in the disk of 10A 1-2 *chromosome* of **Drosophila** melanogaster. 123879
The arrangement of DNA sequences in the *chromosomes* of **Drosophila** melanogaster. 123966
Chromosomal **genes** essential for replication of a double-stranded RNA plasmid of Saccharomyces cerevisiae: the killer character of yeast. 120773
Dominant lethal mutations in insects with **holokinetic** *chromosomes:* irradiation of pink bollworm sperm [Pectinophora gossypiella, Lepidoptera: Gelechiidae]. 123279
42-Chromosome **imcomplete** wheat-Elymus amphidiploids. 120456
The grass Zingeria [biebersteiniana] with a **low** *chromosome* number—a new model object for the culture of plant cells and tissues [Effect of mutagenic agents on ploidic composition of populations]. 120624
The synaptonemal complex in the course of **meiotic** *chromosome* pairing and recombination [Neurospora rassa, maize, barley]. 120756
Giemsa-banding of **MI** *chromosomes* in wheat-rye hybrids. 120590
The effects of the glycoside "morindine" on **mitotic** *chromosomes* [Onions]. 120454
Pollen morphology and the *chromosome* **number** of some species of the subtribe Centaureinae Less. 120069
Chromosome **number** in Gomortega keule. 120408
IOPB [International Organization of Plant Biosystematists] *chromosome* **number** reports. LIII. 120572
Chromosome **numbers** of some species of the family Asteraceae Dumort. 119954
Chromosome **numbers** for three essential-oil bearing plants: cephalophora aromatica Schrad., Origanum majorana L. and Origanum heracleoticum L. 120022
Chromosome **numbers** and their cytotaxonomic significance for North American Astragalus (Fabaceae). 120286
Ultrastructural studies of isolated **polytene** *chromosomes* by scanning electron microscopy [Chironomus stigmaterus]. 124133
Patterns of DNA synthesis in **polytenic** *chromosomes* of hybrid Anopheles atroparvus X Anopheles labranchiae (Diptera: Nematocera). 124146
Similarities and differences in the structure of X and Y *chromosome* **rRNA** genes of Drosophila [melanogaster]. 124099
Passing of **rye** *chromosomes* in Triticale as a method of development of new forms. 120671
Selection of B *chromosomes* in **rye.** 120679
Structural mutations of *chromosomes* in the **second** cell cycle during radiation and chemical mutagenesis [of Crepis capillaris]. 120623
Spermatocyte *chromosome* aberrations induced by antibiotics in grasshoppers [Poecilocerus pictus. 2. Mitomycin-C. 124157
Interactions of the plasmid SCP1 with the *chromosome* of **Streptomyces** coelicolor A3(2) [Fungi]. 120726
Peculiarities of histone synthesis in meiosis and its relation to *chromosome* **structure** and behaviour [Lilium candidum]. 120591
Chromosome **studies** in some British bryophytes [Musci]. 120479
Supernumerary *chromosomes* in Pennisetum squamulatum Fresen. 120453
Karyotype of the onion and its taxonomic implications *[Chromosomes,* **variations].** 120529
Telomeric association of *chromosomes* **[wheat** X rye X Agropyron hybrids]. 120816

CHRONOLOGY
The *chronology* of **development** of the reproductive apparatus of Limnephilus rhombicus L. 123855

CHROOCOCCACEAE
Cyanophage SM-2: a new blue-green algal virus [Synechococcus elongatus, *Microcystis* **aeruginosa].** 122874

CHRYSANTHEMUMS
Pyrethrum: *Chrysanthemum* spp. **(Compositae)** [Insecticidal plants]. 122534
The X-ray treatments to induce somatic mutation in Chrysanthemum morifolium Ram. II. The imductive dosage of somatic mutation in *Chrysanthemum* **cultivars.** 120771
Resistance of Septoria leucanthemi to benzimidazole fungicides *[Chrysanthemum* **maximum,** leafspot]. 122759
The X-ray treatments to induce somatic mutation in *Chrysanthemum* **morifolium** Ram. II. The imductive dosage of somatic mutation in Chrysanthemum cultivars. 120771
Influence of a substituted oxathiin, a localized growth inhibitor, on the stem elongation, branching, and flowering of *Chrysanthemum* **morifolium** Ramat. 121709
Relation between growth of *Chrysanthemum* **[morifolium]** and aeration of various container media [Soil mixtures]. 121713
Some effects of copper, cobalt, cadmium, zinc, nickel, and chromium on growth and mineral element concentration in *Chrysanthemum* **[morifolium].** 121716
Studies on flower color in *Chrysanthemum* **morifolium** Ramat. III. Quantitative effect of major pigments on flower color variation, and measurement of color qualities of petals with a color difference meter. 121731
Aseptic culture of *chrysanthemums* in the **plant** propagation class. 122214
The cytoplasmic RNA in the shoot apex of *Chrysanthemum* **segetum** L.: concentration, amount per cell and synthesis. 121597
Flowering plants as a therapeutic/environmental agent in a psychiatric hospital [Horticultural **therapy,** *chrysanthemum].* 122336
Potato **virus** X on *Chrysanthemum.* 122825
Vulgarone, a sesquiterpene ketone with a new carbon skeleton from *Chrysanthemum* **vulgare.** 121781

CHRYSOMELIDAE
The larval arrow poison of the bushmen *[Chrysomelidae,* **Alticinae].** 123831
They fend off insects [Wheat varieties resistant to the Hessian fly, Mayetiola destructor and the leaf **beetle,** *Chrysomelidae].* 123272
Biology of the flea beetle, Altica carduorum (Coleoptera: *Chrysomelidae)* on **Canada** thistle (Cirsium arvense) in South Daota [used for biological control of weeds]. 123080
Coleoptera from North-East Africa. *Chrysomelidae:* **Clytrinae** (zoological contribution from the Finnish expeditions to the Sudan no. 39) [New taxa]. 124385
Preliminary studies of the effects of an induced phosphate deficiency on carbohydrate-nitrogen ratios in Alternanthera philoxeroides (Centrospermae: Amaranthaceae) and on the feeding of Agasicles hygrophila **(Coleoptera:** *Chrysomelidae).* 123905
Contribution to the knowledge of the biology of Anacassis fuscata (Klug, 1829) **(Coleoptera,** *Chrysomelidae).* 124140
On problems of taxonomic relationship between Cryptocephalus hypochoeridis ssp. hypochoeridis (Linnaeus, 1758) and Cryptocephalus hypochoeridis ssp. transiens Franz, 1949 **(Coleoptera,** *Chrysomelidae).* 124242
Intraspecific variability, host plant preference and injuriousness of leaf beetles of the subfamily Galerucinae (Coleoptera, *Chrysomelidae)* on **field** crops of the Cauca River. 123358
The brown semicostate and costate species of Colaspis in Mexico and Central America (Coleoptera: *Chrysomelidae)* **[field** crops]. 124466
Review of the genus Spintherophyta (Coleoptera: *Chrysomelidae)* in **North** America north of Mexico. 124217

CHRYSOPS *see* TABANIDAE

CHTHONIIDAE
Two new genera of *Chthoniidae* from **Chile:** Chiliochthonius and Francochthonius (Arachnida, Pseudoscorpionida). 124264

CHUTES
Corral & **breeding** *chute* [Beef cattle]. 124626

CHYLOMICRON
Delayed clearance of *chylomicron* **remnants** following vitaminA-containing oral fat loads in broad-beta disease (type IiI hyperlipoproteinemia). 116481

CHYTRIDIALES
An estuarine species of **Phlyctochytrium** *(Chytridiales)* having a transient requirement for sodium [Fungi]. 121285

CICADAS
Cicadas from the **Central** African savannas: Systematics, biological and biogeographical notes [New taxa]. 124252

CICADELLIDAE
Geographical variation in the genitalia of three species of *Cicadellidae* **(Hemiptera)** [Agallia laevis, Eupteryx stachydearum, Eupteryx urticae]. 124162

CICADIDAE
Altitudinal zonation of the invertebrate fauna [Heteroptera, *Cicadidae,* **Coleoptera,** Araneida] on branches of birch (Betula pubescens Ehrh.). 124361
Records of insects taken at light traps in Tanzania. III. Seasonal changes in catches and effect of the lunar cycle on insects of the families Cercopidae, *Cicadidae* and **Fulgoridae** (Hemiptera, Homoptera) and Corixidae (Hemiptera, Heteroptera). 123251

CICADINA *see* CICADOIDEA

CICADOIDEA
Contribution to new systematics presented by the example of two Javesella [azorica, Javesella pellucida] species (Homoptera, *Cicadina,* **Delphacidae).** 124477

CICADULINA
Electron microprobe analysis of particles in the insect vector of maize streak *[Cicadulina* **mbila].** 123334

CICER
Chickpea: *Cicer* **arietinum** (Leguminosae-Papilionatae). 122353
Laboratory evaluation of malathion used as a protectant for the prevention of damage by pulse beetles to stored gram [Chickpeas] *(Cicer* **arietinum).** II> Persistance of malathionresidue [Drosophila as test insects]. 123291

CICHORIUM
Some enzyme changes in **chicory** *(Cichorium* intybus) during forcing. 121593

CIDER
Cider, **fruit** wines and sparkling fruit wines in 1975. 117247

CIGARETTES
Integrated temperature and chemical control methods against the *cigarette* **beetle** [Lasioderma serricorne]. 123538
Multiple mating by [the *cigarette* **beetle]** Lasioderma serricorne (F.)—effects on fertility and fecundity. 123546
U. S. *Cigarette* **exports** climbing. 115666
Tobacco mosaic virus and paramosaic **virus** in *cigarettes.* 122850

CIGARS
Poros, a **new** *cigar* tobacco variety of the German Democratic Republic. 121878

CILIA
Enophthalmia and entropion associated with an **ectopic** *cilia* of the upper lid in a dog. 119214

CIMEX
How to control bed bugs [Cimex lectularius, *Cimex* **hemipterus].** 123643

CINCHONA
Quinine: *Cinchona* spp **(Rubiaceae).** 122535

CIRCADIAN
The *circadian* **eclosion** rhythm in Sarcophaga artyrostoma: some comparisons with the photoperiodic "clock". 124031
Amplitude attenuation of the *circadian* **rhythm** in Drosophila [pseudoobscura] with light pulses of varying irradiance and duration. 124007
The *circadian* **rhythm** of the weta Hemideina thoracica (Orthoptera); free-running rhythms, circadian rule and light entrainment. 124008
Control of *circadian* **rhythm** of the trehalose concentration in the hemolymph of Periplaneta americana. 124187
The circadian rhythm of the weta Hemideina thoracica (Orthoptera); free-running rhythms, *circadian* **rule** and light entrainment. 124008

CIRCUITS
Comparison of property **tax** *circuit-breakers* applied to farmers and homeowners. 115515

CIRCULATION
Circulating **lipophages** and aortic foam cells in experimental atherosclerosis of [cholesterol-fed] rabbits under altered reticuloendothelial activity. 116493
Circulatory **responses** of the near-term sheep fetus to prostaglandin E2. 118197
Action of histamine and its receptor blockers on **uterine** *circulation* in sheep. 117893

CIRSIUM
Weed control—thistles *[Cirsium* **arvense]**. 123053
Biology of the flea beetle, Altica carduorum (Coleoptera: Chrysomelidae) on Canada **thistle** *(Cirsium* arvense) in South Daota [used for biological control of weeds]. 123080

CITIZENSHIP
CBers band together on flood warning network *[Citizens* **Band** radio]. 125350

CITRATES
Biological action of **clomiphene** *citrate* on rabbit reproduction. 118202
Effects of **clomiphene** *citrate* on the processes of guineafowl reproduction. 118203
Quality of protein in milk replacers for young calves. IV. Rennet (chymosin, rennin) coagulation of reconstituted skim milk powder containing added proteins, fat, calcium, **phosphate** and *citrate.* 118038

CITRIC
Mycological production of *citric* **acid** in India. V. Effect of some low molecular weight alcohols [Aspergillus niger, Fungi]. 116832
Comment on the contribution of H. Rother [on the article about *citric* **acid** in orange juice]. 117239
Ratio of *citric* **acid:** isocitric acid in orange juice. On the work of B. Bergner-Lang, German food review, 71, 348 (1975). 117241
Regulation by zinc and adenosine 3',5'-cyclic monophosphate of growth and *citric* **acid** accumulation in Aspergillus niger [Fungi]. 120987
The *citric* **acid** fermentation by Aspergillus niger [Fungi]: regulation by zinc of growth and acidogenesis. 120989
Mineral nutrition of Aspergillus niger for *citric* **acid** production. 121066
Mycological production of *citric* **acid** in India. I. Utilization of some cheaper and readily available sources of carbohydrate [Aspergillus niger, Fungi]. 121359
Mycological production of *citric* **acid.** III. Effect of the different nitrogen compounds [Aspergillus niger, Fungi]. 121360
Mycological production of *citric* **acid** in India. IV. Role of sulphur and phosphorus compounds [Aspergillus niger]. 121361
Studies on the mycological production of *citric* **acid** in India. II. Effect of factors other than nutritional [Aspergillus niger, Fungi]. 121362
The influence of some vitamins on *citric* **acid** fermentation [Aspergillus niger, Fungi]. 121363
Preservation characteristics of buffalo semen in *citric* **acid-whey** as an extender. 118358

CITRULLINE
Cucurbits: Cucumis, *Citrullus,* **Cucurbita,** Lagenaria (Cucurbitaceae). 122357

CITRUS
A technique for the accelerated production of commercially **acceptable** *citrus* clones from seed [Nursery propagation]. 122212
The *citrus* **blackfly** [Aleurocanthus Woglumi-Ashby]. 123387
Transport effect of some mineral nutrients and photosynthates with reference to stock-scion relationship in *citrus.* I. **Citrus** tankan and Citrus unshiu [Oranges]. 121727
Citrus: **Citrus** (Rutaceae). 122354
Citrus **color** [due to carotenoids]. 117216
Scale [insects] **control** of *citrus.* 123431
Disappearance of citrus. Is there only hope in **controlling** *citrus* leaf psylla [Trioza erytreae] with insecticides? 123385
Reconversion of *citrus* **culture** and contribution of the Acireale Experimental Institute. 122316
Abnormal rearrangement of isoprenoid epoxide: synthesis of 7-methoxy-8(2'-formyl-2'methylpropyl)-coumarin, the lactonic constituent of grapefruit peel oil of *Citrus* **decumana** Linn. (Rutaceae). 117230
An inquiry on the Cypriot cooperatives for the commercialization of *citrus* and other **dessert** fruits. 115435
A note on the value of **dried** *citrus* pulp and grape marc as barley replacements in calf fattening diets. 117972
Citrus: **drop** the subject [Mold on peaches after injury]. 122554
An annotated list of predators and parasites associated witn insects and mites on **Florida** *citrus.* 123381
Complementary note on the determination of thiabendazole residues in *citrus* **fruits** and bananas. 116028
Catching frame development for a *citrus* **harvest** system. 124735
The market for *citrus* **harvesting** labor. 115453
Harvesting *citrus.* 122425
Disappearance of *citrus.* Is there only **hope** in controlling citrus leaf psylla [Trioza erytreae] with insecticides? 123385
Investigations on the causes of postharvest decay in **imported** *citrus* fruits [Fungus diseases]. 122674
Mycorrhiza effects following soil fumigation *[Citrus* **inoculation** with mycorrhizal fungi]. 122235
Industrial and market structure for fruit and *citrus* **juices.** 115674
New insect pest puts in an appearance: *citrus* **leafroller,** Cacoecia occidentalis Wism. 123386
Penetration of 59Fe [iron isotope] through isolated cuticles of *citrus* **leaves** [Sweet oranges, sour oranges]. 121675
Fungicide activity of benzimidazole against *citrus* **"mal** secco" [Deuterophoma tracheiphila]. 122634
R23979, a new imidazole derivative effective against postharvest decay of *citrus* by **molds** [Penicillium italicum, Penicillium digitatum, Geotrichum candidum] resistant to thiabendazole, benomyl and 2-aminobutane. 122760
Effect of flower age on sucrose content in **nectar** of *citrus.* 121666
Effects of nonfumigant nematicides on root populations and manganese and zinc levels in rough lemon seedlings infected with the *citrus* **nematode,** Tylenchulus semipenetrans. 123016
Change in the sale of **Outspan** *citrus* fruits. 115671
Artificial infection of scale-insect with entomophagous fungi Verticillium lecanii and Aspergillus candidus [Biological control of the *citrus* **pest** Coccus Hesperidum]. 123395
Some biochemical characteristics of *citrus* **pulp** ensiled at different molasses and bagasse levels. 117332
Investigation on the quality of ponkan fruit *[Citrus* **reticulata]** in Taiwan. I. Analysis of ponkan fruit quality from the central part of Taiwan. 117286
Mineral nutrients as thinning agents in 'Wilking' mandarin trees *[Citrus* **reticulata].** 121674
Large-scale production of the fungal pathogen Hirsutella thompsonii in submerged culture and its formulation for application in the field [to control the *citrus* **rust** mite, Phyllocoptruta oleivora]. 123399
Citrus: *Citrus* **(Rutaceae).** 122354
Contribution to the investigation of *citrus* **sampling.** II. Problem of the stratification of a mandarin orange. 122301
Citrus with a **schnoz** [Sheepnosing in grapefruit, diseases of unknown etiology]. 122882
A simple and sensitive staining method for the detection of cellulase isozymes in polyacrylamide gels *[Citrus* **sinensis,** Trichodermata viride, Fungi]. 120881
Transport effect of some mineral nutrients and photosynthates with reference to stock-scion relationship in citrus. I. *Citrus* **tankan** and Citrus unshiu [Oranges]. 121727
Lorsban insecticide for armored scale control on **Texas** *citrus* [Aonidiella auranti, Parlatoria pergandii]. 123393
Spain: dilemma of Spanish **transoceanic** *citrus* exports. 115672
The 1975 *citrus* **tree** census [Use of aerial photography]. 122209
Transmission of *citrus* **tristeza** virus by the melon aphid [Aphis gossypii]. 122860
Transport effect of some mineral nutrients and photosynthates with reference to stock-scion relationship in citrus. I. Citrus tankan and *Citrus* **unshiu** [Oranges]. 121727
Helicopters as frost protection devices *[Citrus,* **vegetables].** 123041
Degreening of **waxed** *citrus* fruit with ethephon and temperature. 117280
Citrus **waxy** scale [Gascardia]: further aspects of extermination using insecticides. 123384

CIVIL
The *civil* **code** of the German Democratic Republic legal basis with strong relevance to veterinary activities at all level. 115955

CLADONIA
Nomenclatural note on *Cladonia* **nemoxyna** [Lichens]. 119986

CLADOSPORIUM
The hypothetic race 1.3 of *Cladosporium* **fulvum** Cooke found in Bulgaria and the reaction of some tomato species and varieties to it [Leaf mold]. 122612

CLAMPS
A *clamp* for **marking** butterflies in capture-recapture studies. 124057
Resistance of sugarbeets to *clamp* **rot** in the early stage of the root growth. 122783
Experiences with known and new forms of large **ventilated** *clamps* and their covers [East Germany]. 124613
Results and experiences of the Luderitz Cooperative Farm in using large **ventilated** *clamps* [East Germany]. 124615

CLAVICEPS
Survey of the determination of the occurrence of **ergot** *(Claviceps* purpurea (Fr.) Tul) on the domestic and foreign wheat varieties and wild Gramineae grown in the Black Sea region of Turkey. 122584

CLAY
Cereal production experiments on poorly **drained** *clay* soils [Yields, varieties]. 121857
Effects of different cultivation treatments on root distribution, and on the concentrations of extractable phosphorus and potassium, at different depths in a *clay* **loam.** 124954
Slow-release ancymidol for poinsettia [Euphorbia pulcherrima] by impregnation of *clay* **pots.** 122337
New trends in **preparing** *clay* soils. 125104
Instrumental and chemical methods for characterizaton of **soil** *clays.* 124778

CLEANING
Analysis of Australian wool sold at auction in Australia 1973/74 season. Analyses by: wool types, average yields, **average** *clean* prices. 115761
Standards for filling casks with beer [Hygiene, beer quality, **cask** *cleaning* and sterilization]. 116062
Chemicals *clean* up slurry. 125540
Stick removers versus **cylinder** *cleaners* in cotton gins. 117068
Hot spray jet, *cleansing* **devices** and detergents [in food sanitation]. 116090
Cleaning and **disinfection** in the food industry [Sanitation]. 116053
Waste **gas** *cleaning* in smoking plants [Air pollution]. 125428
Hydrodynamic *cleaning* of bottles [Beer industry]. 116675
'One-shot' *cleaning* of pipeline installtions [Dairy equipment, farm costs]. 124698
The cleaning of tubular cellulose acetate ultrafiltration membranes [Whey proteins, *cleaning* **procedure].** 116911
Effect of flow velocity on *cleaning* **processes** [Beer brewing]. 116673
A new contribution to the study of the influence of **rotor** *cleanliness* on the properties of open-end spun [cotton] yarns. 4. 117119
Sieve *cleaning* in the plane sorter [Grain equipment]. 117150
Soil redeposition in **solvent** *cleaning.* 4. Redeposition and prevention of fatty soils [in tetrachloroethylene, wool, cotton and acrylics fabrics]. 116599
Soil redeposition in **solvent** *cleaning.* 5. Survey of fatty soils in solvents used by drycleaners [for various types of fabrics]. 116600
The *cleaning* of **tubular** cellulose acetate ultrafiltration membranes [Whey proteins, cleaning procedure]. 116911
Modern method of **wheat** *cleaning.* 117101

CLEARINGS
Clearing and **rectification** of the river of Upper Belgium. 125316

CLEAVAGE
Involvement of bristle coat structures in surface mengrane formations and membrane interactions during **coenocytotomic** *cleavage* in caps of Acetabularia mediterranea [Algae]. 120481
Cleavage of **DNA** from higher plants [grain legumes] by restriction nuclease EcoRI. 121635
Mechanism of activation of bovine factor VII. Products of *cleavage* by **factor.** X. 117787
The formation of cis-3-nonenal, trans-2-nonenal and Hexanal from linoleic acid hydroperoxide isomers by a **hydroperoxide** *cleavage* enzyme system in cucumber (Cucumis sativus) fruits. 121607

CLEISTOGAMY
The breeding of *cleistogamous* **genetic** stocks of Secale cereale [in West Germany]. 120682

CLEMATIS
Effect of gamma-radiation on the seeds of [ornamental] *Clematis* **[Species].** 121612

CLERIDAE
Results of zoological research carried out by Dr. Z. Kaszab in Mongolia. 375. *Cleridae,* **Derodontidae** (Coleoptera). 124452

CLIMATE
Brassicas—*cold-climate* dependables [Nova Scotia]. 122430
Crops and *climatic* **change:** USDA's forecasts criticized [Agricultural meteorology]. 115199
The **changing** *climate* for plant protein foods: 1965-1976. 117091
Study of foraging activity of a colony of Paravespula germanica: relationship between flight activity, rate of foraging success and *climatic* **conditions.** 124003
Studies on the promotion of snow melting in a grassland. 2. Meteorological and *climatological* **consideration** on desirable time for scattering black powders and the period of the promotion of snow melting. 125345
Diagrammatic *climate* maps of the separate continents and the ecological climate classification of the earth; a supplement to vegetation studies. 115203
Commentary *[Climate,* **drought,** population migration, Africa]. 115150
Environmental constraints and development policy *[Climate,* **drought,** Africa]. 115152
Diagrammatic climate maps of the separate continents and the **ecological** *climate* classification of the earth; a supplement to vegetation studies. 115203
Relation between cone crops of Picea abies (L.) Karst in Poland and the *climatic* **factors.** 121793
Experiments with field cages on the effect of *climatic* **factors** on the codling moth (Laspeyresia pomonella L.) [Apple and pear pests]. 123432
Relation between some reproductive characters and heat tolerance in cattle reared under **hot** *climate* conditions. 117722
Climate and the **infestation** of stored cereals by insects. 123526
Climatic **information** from 18O/16O ratios of cellulose in tree rings. 119760

Climatology and vegetation on farm lands: problems of **local** *climatology.* 120385
Investigations on heliophily of forest in the **Mediterranean** *climate.* 121789
Observations on Professor Andrea Giacobbe's report "Investigations on heliophily of forest in the **Mediterranean** *climate*". 121790
Water balance of a system of two-way regulation of water regime of soils in a **monsoon** *climate.* 125238
Germination effects on pasture composition in a dry **monsoonal** *climate.* 121519
The effects of *climatic* **patterns** and agriculural practices on the population dynamics of Culex tritaeniorhynchus in Asia. 123668
Temperature, rainfall and humidity at different exposures of the "Monte Pisano" for two years period [Effects of *climate* on **Pinus** pinaster]. 119293
Limiting factors [soil and *climate]* for **Pinus** elliotti var. elliottii [Growth]. 121802
Thermal and radiative effects of atmospheric aerosols in the northern hemisphere calculated using a radiative-convective model [Air **pollution,** *climate].* 125392
Cross-cultural perspectives on human adjustments to arid margins *[Climate,* **population** migration, Africa]. 115151
Grass cuticles: a new paleoecological tool for East African lake sediments [For reconstructing the past vegetation and *climate* of **regions**]. 120330
A *climate* **room** for precise regulation of temperature and humidity in connection with a temperature-regulated nest site for wood ants [Formica polyctena]. 124119
Study of a *climate* **sequence** in the island of Reunion [Soil sequences]. 124786
Interaction of soil fertility and *climate* being **studied** in winter wheat response trials. 125040
Sugar content and *climate* **[Sugarbeets].** 117073
Prognosis of crops irrigation, based on the interrelation between *soil-water-plant-climate* **system** by means of electronic calculator. 125337
Urban *climates* and the natural environment [Pollution]. 125485
The Po **valley** *climate* and its influence on pedogenesis. 124833
Contribution of *climatic* **variables** in predicting maize yield under monsoon conditions. 121394
Climatology and **vegetation** on farm lands: problems of local climatology. 120385
The possible role of aeration in the control of stored product insects in **warm** *climates.* 123569
Climate and the **West** African drought. 115149
Irrigation of sugarbeets in various *agroclimatic* **zones.** 125246

CLIMBERS

On the preliminary check-list of **phanerogamic** *climbers* of the India Botanic Garden, Calcutta. 119929

CLINGSTONE *see* PEACHES

CLINICOPATHOLOGY

Clinicopathologic **alterations** in normal and exhausted endurance horses. 119196
Experimentally induced acute gastric dilatation in the dog: *clinicopathologic* **findings.** 119108

CLOACA

The structure of the *cloaca* in **cocks.** 117926
Management of egg-bound condition and prolapse of **oviduct** and *cloaca.* 119186

CLOMIPHENE

Biological action of *clomiphene* **citrate** on rabbit reproduction. 118202
Effects of *clomiphene* **citrate** on the processes of guineafowl reproduction. 118203

CLONE

Studies on the effect of Gesatop 50 [simazine] on some **apple** *clones.II.* Quantitative changes in dry matter and sugar content in leaves of apple clones A2, MM104, MM106 and MM111. 123193
Studies on the effect of Gesatop 50 [simazine] on some **apple** *clones.* II. The content of nitrogen compounds in leaves of apple clones A2, MM104, MM106 and MM111. 123194
Growing of some *clones* of **black** poplar [Populus nigra] in four comparative plantations in central-southern Italy. 119560
Cell *clones* and pattern formation: genetic eye mosaics in Drosophila melanogaster. 124169
A technique for the accelerated production of commercially acceptable **citrus** *clones* from seed [Nursery propagation]. 122212
Clones and **clone** selection in the viticulture of eastern Switzerland—what is the present situation? 120818
Assessing susceptibility of **Hevea** *clones* to Microcyclus ulei. 122561
Surface characteristics of American elm [Ulmus americana] *clones* for **identification** by scanning electron microscopy. 120462
Three **new** *clones* of elm [Ulmus]. 119607
Evaluation of strawberry **parent** *clones* for easy calyx removal [Heritability]. 120766
Depolyploidization of tetraploid **parthenogenetic** *clones* of silkworm [Bombyx mori] by the method of meiotic parthenogeneisis. 124506
Study of *clones* of **Polygonum** panjutinii [introduced] in Ukraine [as source of tanin]. 122519
Investigations on the apple tree. 9. Pomological and agronomic cards of Red Delicious **spur** *clones* [Varieties]. 122308
Investigations on the apple tree. 8. Behavior of a Golden Delicious **spur** *clone* on different rootstocks. 122309
Clones and *clone* selection in the **viticulture** of eastern Switzerland—what is the present situation? 120818

CLOSTRIDIA

Menace to home canners *[Clostridium* **botulinum].** 116016
Clinical blackleg [of cattle] associated with Arizona wild type (AWT) strain of *Clostridium* **carnis.** 119047
Fluorescent antibody test in diagnosis of ulcerative enteritis [Chickens, *Clostridium* **colinum**]. 118631
The separation of pyruvate-ferredoxin oxidoreductase from *Clostridium* **pasteurianum** into two enzymes catalyzing different reactions. 116049
The presence of *Clostridium* **perfringens** in live chickens and possible contamination during slaughter. 118691
Incidence of haemorrhagic enteritis due to *Clostridium* **perfringens** type 'C' and its control [in sheep]. 118733
Sensitivity of various laboratory and farm animals to *Clostridium* **perfringens** intoxication (mouse, guinea-pig, rabbit, chicken, piglet, lamb). 118842
Molecular forms of neurotoxins in **proteolytic** *Clostridium* botulinum type B cultures. 116170
Tetanus *[Clostridium* **tetani]** in the horse. Clinical course, prognosis, and prophylaxis [Bacterial infections]. 118682
The detection of *Clostridium* **tyrobutyricum** in milk [Contamination]. 116228
The development of a method for detecting spores of *Clostridium* **tyrobutyricum** in milk [Contamination]. 116229

CLOSURE

Ultrastructure of the neural **canal** *closure* in the chicken embryo. 117520

CLOTHING

Clothing **repairs** [Sewing]. 116590
Refashion to refresh and rewear *[Clothing,* **sewing].** 116585
Experimental study on the thermal insulation of the **typical** *clothing* among aged women in Nagano district. 116596
A basic study on the pattern making for **women's** *clothes:* the classification of the physical-type by the Pignet-Vervaeck Index. 116591
Results of testing **work** *clothes* [for shepherds], made from synthetic fabrics, on reindeer farms. 124617

CLOTHS *see* TEXTILES

CLOUDS

Drought *clouds* Australian wheat, livestock prospects [Outlook]. 115847

CLOVER

Some hints on **choosing** *clover* and grass mixtures [Varieties]. 122111
The yields of leaf protein and fibre that can be obtained from fractionation of berseem (Trifolium alexandrinum L.) **[egyptian** *clover].* 117351
Evaporation rate, leaf water potential and stomatal conductance in Lolium, Trifolium *[clover]* and **Lysimachia** in drying soil. 121518
Ensilage of oat with berseem *[clover]/concentrate* **mixture.** 117349
Grass and *clover* as **organic** matter on the spot [Orchard soil management]. 121936
Effect of the allelopathic factor on the activity of adenosinetriphosphatase in plants **[Red** *clover,* oats, rape]. 121461
Study of [fungus] disease resistance of stock and breeding material of winter wheat, barley, oats and **red** *clover.* 122626
Identification and prevalence of viruses in **red** *clover* in central Kentucky. 122861
Herbicides in **red** *clover* plantings. 123088
The 1975 **red** *clover* flow [Honey production]. 124519
Identification of Egyptian Trifolium L. *[Clover]* **species** by a punched card system. 120243
Studies of field populations of Rhizovbium [trifolii]: relationships between strain effectiveness, soil nitrogen levels, and response to applied nitrogen in **subterranean** *clover* pastures in northeastern Victoria. 124803
Effect of pelleting on the availability of phosphate in calcined C-grade rock phosphate from Christmas Island **[Subterranean** *clover].* 124994
Clovers: **Trifolium** spp. (Leguminosae-Papilionatae). 121942
A small-plot evaluation of three ryegrasses [Lolium] and **two** *clovers* at five sites in New Zealand. I. Comparison of 'Grasslands Huia' and 'Grasslands Pitau' white clovers. 122046
Metabolism, productivity and reproductive ability of heifers grazed on pasture with different proportion of estrogenically active **white** *clover.* 118406
Interrelations of seed color, weight, germination and origin in alsike, red and **white** *clovers.* 121546
Managing **white** *clover* pastures in northern Michigan. 121913
A small-plot evaluation of three ryegrasses [Lolium] and two clovers at five sites in New Zealand. I. Comparison of 'Grasslands Huia' and 'Grasslands Pitau' **white** *clovers.* 122046
Evaluation of 'Grasslands Huia' and 'Grasslands Pitau' **white** *clover* (Trifolium repens L.) varieties on hill country. 122049
Influence of seedling methods and nitrogen fertilization on yield and botanical composition of a **white** *clover-tall* fescue mixture in mountain. 122123

CLOVES

Annotated bibliography on *cloves,* 1945-1975. 122454
Clove: **Eugenia** caryophyllus (Myrtaceae). 122528

CLUBROOT

Glasshouse evaluaton of systemic compounds, derivatives of dithiocarbamic acid and other fungicides for the control of *clubroot* **[disease** caused by Plasmodiophora brassicae]. 122564
Field evaluations of systemic fngicides and derivatives of dithiocarbamic acid for the control of *clubroot* **[Plasmodiophora** brassicae, cabbage]. 122562

CLUSTER

Dependence of the fruit fall of black current from the number of seeds and **location** in the *cluster.* 121611
Inheritance of *clustered* **spikelets** and ligule pigmentation in rice, Oryza sativa Linn. 120820

CLYTRINAE

Coleoptera from North-East Africa. Chrysomelidae: *Clytrinae* **(zoological** contribution from the Finnish expeditions to the Sudan no. 39) [New taxa]. 124385

COAGULANTS

Trials in the manufacture of Asiago cheese and pressed Asiago by using the **microbial** *coagulant* "Rennilase" derived from the [fungus] Mucor miehei. 116896
Rennet and other *coagulants* for **milk.** 116900

COAGULASE

Detection and enumeration of *coagulase* **positive** Staphylococci in dairy products. 1. New method. 116047
Coagulase-positive **Staphylococcus** occurrence in raw milk from the Pelotas area, Rio Grande do Sul [Milk bacteria and contamination]. 116251

COAGULATION

Reference values of **blood** *coagulation* of healthy horses. 117915
Congenital **defective** *coagulation* in mammals. 119159
Quality of protein in milk replacers for young calves. IV. Rennet (chymosin, rennin) *coagulation* of **reconstituted** skim milk powder containing added proteins, fat, calcium, phosphate and citrate. 118038
Quality of protein in milk replacers for young calves. Ili. **Rennet** *coagulation* and undenatured whey protein nitrogen content of skim milk powders and commercial milk replacers. 118037
Elimination of p,p-DDT, p,p-dichlorodipenyldichloroethylene, p,p-tetrachlorodiphenylethane and gamma-bezene hexachloride from water with aluminum **sulfate** *coagulation.* 125370
A mechanism of migration inhibition involving components of the *coagulation* **system** [Swine]. 118937

COAL

Composition properties and suitability of waste lands from the **Baidakovskii** *coal* mine for recultivation. 125091
Arbuscular mycorrhizas in the anthracite and **bituminous** *coal* wastes of Pennsylvania. 120373
Land reclamation, water quality control, and environmental concern at Centralia (Washington) *coal* mine. 125124
Physiological effects of sublethal levels of acid water on fish [River polution with *coal* mine **drainage,** toxicity]. 125401
Control of *coal-tar* **impregnation** of beech wood with red heartwood; success of impregnation according to thylosis frequency. 119725
Coal mine **[land]** reclamation on the Black mesa and the four corners areas of notheastern Arizona. 125121
Extensive overburden potentials for soil and water quality *[Coal* **mining,** environmental contamination prevention]. 125416
Application of EREP, LANDSAT and aircraft image data to environmental problems related to *coal* **mining** [Remote sensing]. 125457
Problems and techniques in **revegetating** *coal* mine spoils in New Mexico. 125127
District parks of the **Ruhr** *Coal* District [Land] Colonization Association. 115224
Problems in reclamation of *coal* mine **spoils** in New Mexico. 125128

COATING

Vegetable oils and animal fats as renewable resources for plastics and *coatings* **applications.** 116806
More recent developments in the field of surface modification of fiberboards. 2. *Coating* with **liquid.** 119672
Polarographic determination of emulsifiers on **silicon** *coated* articles for consumption [Food]. 116078
Polarographic determination of emulsifiers on **silicon** *coated* articles for consumption [Food]. 116710
Sowing *coated* sugarbeet seeds in Kirghizia. 121985
Surface *coating* of germina apertures of pollen and evolution of apertures [Oxalis rosa]. 120552
Winter leaching of nitrate from autumn-applied calcium nitrate, ammonium sulphate, urea and *sulphur-coated* **urea** in bare soil. 124834

Coating of **wood** pulps with surface finishes from the reel. 1. Process technology. 119667

COATS

Involvement of **bristle** *coat* structures in surface mengrane formations and membrane interactions during coenocytotomic cleavage in caps of Acetabularia mediterranea [Algae]. 120481
Coat **colour,** fur patterns, and other peculiarities of the fur in poodle-jackal hybrids. 117961
Adaptive role of the **hair** *coat* structure of lambs in extreme conditions of the mountainous Altai. 117715
Relation between adaptive response to high and low temperature and the **hair** *coat* structure [in Black Pied cattle]. 117725
Seasonal changes in **hair** *coat* (shedding) in cattle breeds of different ecogenesis. 117728
Seasonal changes and topographic features of the **hair** *coat* in nothern indigenous (Yakut) cattle. 117729
Study of the role of the skin and **hair** *coat* in the adaptation of domestic animals to extreme environmental temperatures (Review). 117733
Some data on genetical nature of ecological differences in the structure of **hair** *coat* in cattle. 118316
Enzymatic removal of the 5' terminal methylated blocked structure of tobacco mosaic virus RNA and its effects on infectivity and reconstitution with *coat* **protein.** 122834
Sites of *coat* **protein** accumulation in turnip yellow mosaic virus-infected cells. 122878
Ovule ontogeny and **seed** *coat* structure of Scrophularia himalensis Royle. 120433
Stabilized dormancy in sugarbeet fruits. I. **Seed** *coats* as a physicochemical barrier to oxygen. 121437
Seasonal variations in *coat* **thickness** of Jersey breed cows and their correlations with milk production. 117907

COBALT

Some effects of copper, *cobalt,* **cadmium,** zinc, nickel, and chromium on growth and mineral element concentration in Chrysanthemum [morifolium]. 121716
Resolution of intraneuronal and transynaptic migration of *cobalt* in the **insect** visual and central nervous systems [Calliphora erythrocephala, Calliphora vomitoria, Musca domestica. 124030
Effects of 60Co *[cobalt* **isotope]** irradiation of the early developmental stages of an ixodid tick, Hyalomma anatolicum. 124010

COBS *see* CORNCOBS

COCCIDAE

Scale insects *[Coccidae]* **again** and again on house plants. 123435
Investigation and nomenclature of *cocci* **causing** beer spoilage: a review [Bacteria]. 116061
A cottony cushion scale [Pulvinaria elongata] of sugarcane newly introduced in Morocco (Homoptera, **Coccoidea,** *Coccidae).* 123351

COCCIDIA

The occurrence of various species of *coccidia* in the **district** of Veliko Turnovo [Calves]. 119002

COCCIDIOSIS

Nervous signs in **bovine** *coccidiosis.* 118824
On the etiology of **bovine** *coccidiosis* and the carriers of Eimeria parasites in the Estonian S.s.r. 118932
Effect of **caecal** *coccidiosis* on haematological indices in chickens. 2. Changes of haematological indices after the invasion of non-immunized chicks [by Eimeria tenella]. 118929
Effect of **caecal** *coccidiosis* on haematological indices in chickens. 3. Changes of haematological indices after the invasion of immunized chicks [by Eimeria tenella]. 118930
Effect of superinvasion on the protein composition of the blood serum from chicks with *coccidiosis* **caused** by Eimeria tenella. 118931
The ultrastructure of early generation development and later schizonts of Eimeria tenella in the **chicken** *[Coccidiosis].* 118896
Decoquinate in the control of experimentally **induced** *coccidiosis* of calves. 118599

COCCIDIOSTAT

[Toxic] effect of large doses of [the *coccidiostat]* **furacin** on chicks. 119281
Pharmacological and toxicological characteristic of rigecoccin [the *coccidiostat* **meticloripindal].** 118933

COCCINELLA

Some observations on the feeding behaviour of **adult** *Coccinella* septempunctata L. 124156
Prey detection by fourth **stage** *Coccinella* transversoguttata larvae (Coleoptera: Coccinellidae). 123790

COCCINELLIDAE

Two specimens of the Henosepilachna beetles (Coleoptera: *coccinellidae)* from **China.** 124360
Prey detection by fourth stage Coccinella transversoguttata larvae **(Coleoptera:** *Coccinellidae).* 123790

COCCOIDEA

A cottony cushion scale [Pulvinaria elongata] of sugarcane newly introduced in Morocco (Homoptera, *Coccoidea,* **Coccidae).** 123351
Chemistry of the *Coccoidea.* II. **Condensed** polycyclic pigments from two Australian pseudococcids (Hemiptera) [Nipaecoccus aurilanatus, Pseudococcus albizziae]. 123824
Scales *[Coccoidea]*—**pests** of fruit crops in West Pamir. 123405

COCCUS

Artificial infection of scale-insect with entomophagous fungi Verticillium lecanii and Aspergillus candidus [Biological control of the citrus **pest** *Coccus* Hesperidum]. 123395

COCHLIOBOLUS

The epidemiology of common root rot *[Cochliobolus* **sativus]** in Manitou wheat. IV. Appraisal of biomass and grain yield in naturally infected crops. 122590
Cochliobolus **sativus** conidia populations in soils following various cereal crops. 122724

COCHLIOMYIA

Spectral sensitivity and variation in visual sensitivity of the colonized screwworm **fly** *Cochliomyia* hominivorax (Coquerel) as measured with electroretinogram. 123640
Screwworm *[Cochliomyia* **hominivorax]** control in North America. 123600
An overview of the development of remote sensing techniques for the screwworm *[Cochliomyia* **hominivorax]** eradication program. 123633

COCKERELS

Synthesis of very low density lipoproteins in the *cockerel.* **Effects** of estrogen. 117806
Thyroidal influence on gastrocnemius and sartorius muscle growth in young White **Leghorn** *cockerels.* 117700

COCKROACHES

Toxicity of six insecticides to three species of **adult** *cockroaches* [Blatella germanica, Blatta orientalis, Periplaneta fuliginosa]. 123264
Antennal receptor response to sex pheromone mimics in the **American** *cockroach* [Periplaneta americana]. 124094
The permeability to Hostathion [1-phenyl-3-(O,O-diethyl-thionophosphorul)-1,2,4-triazol] of the cuticle of the *cockroaches* **Blaberus** trapezoideus and Periplaneta americana. 123588
Absence of rDNA amplification in the uninucleolate oocyte of the *cockroach* **Blattella** germanica (Orthoptera: Blattidae). 124019
The **brown-banded** *cockroach* [Supella supellectillium] spreads farther north [Germany, Denmark]. 123584
Studies on the site of sex pheromone production in the *cockroach,* **Byrsotria** fumigata. 123805
The effects of castration upon the fat body cycle by the **female** *cockroach* Nauphoeta cinerea. 124083
Ecdysone deficiency in juvenile hormone treated larvae of the **German** *cockroach,* Blattella germanica (L.). 123938
Morphology of the **myrmecophilous** *cockroach* Attaphila fungicola Wheeler. 123999
An aggression stimulating substance in the *cockroach,* **Periplaneta** americana. 123795
Microtubules and control of insect egg shape [of the gall midge Heteropeza and the *cockroach* **Periplaneta].** 124021

COCKS

Selection of [breeding] *cocks* on the **basis** of their response to massage. 118311
Rearing and keeping **breeding** *cocks* in cages. 118310
The structure of the **cloaca** in *cocks.* 117926
Effect of dilauryl succinate on reproduction of the *cock* and **hen** and preventive effect of vitamin E. 118102
TEM [transmission electron microscopy] studies of hen's perivitelline membrane hydrolysis by *cock* **sperm** in vitro. 118386

COCKSFOOT *see* ORCHARDGRASS

COCOA

Natural enemies of Bathycoelia thalassina (Herrich-Schaeffer) (Hemiptera: Pentatomidae), a pest of *cocoa* in **Ghana.** 123226
Production of a cellulase complex in culture filtrates of Aspergillus tamarii associated with **mouldy** *cocoa* beans in Nigeria. 122698
Some environmental and nutritional factors affecting growth and sporulation of Aspergillus tamarii associated with **mouldy** *cocoa* beans in Nigeria. 122699
Automation of the roasting of *cocoa* **nib** pieces and of the pressing of liquor. 116786
The use of whole plot data from progeny trials with *cocoa* **(Theobroma** cacao L.) in Ghana [Yields and growth]. 122539

COCONUTS

Coconut: **Cocos** nucifera (Palmae). 122355
Nutritional and fertilizer application in *coconut* **[Cocos** nucifera] culture. 124959
Coconut **hybrid** seednut production. 120629
Studies on **intercropping** *coconut* garden with annual crops. 121895
Field control of *coconut* **lethal** yellowing [caused by mycoplasmalike organisms] with oxytetracycline hydrochloride. 122859
Effect of dietary fat on hepatic metabolism of 14C [carbon isotope]-oleic acid and very low density lipoprotein triglyceride in the gerbil *[Coconut* or **safflower** oil]. 116425
Active carbon from *coconut* **shell** [Waste utilization]. 117274
Coconut **varietal** improvement: selection and breeding. 1. World review. 120630
Coconut **varietal** selection and breeding. 2. Recent work in Fiji. 120631
Protein and other compositional analyses of Saccharomyces fragilis [yeasts] grown on *coconut* **water** waste. 116773
Studies of the utilization of *coconut* **water** waste for the production of the food yeast Saccharomyces fragilis. 116774

COCOONS

Collecting *cocoons* of Callosamia securifera (Saturniidae) [Hostplant sweetbay, Magnolia virginiana]. 124059
Histochemical characterization of the hemolymph proteins from the *cocoons* of **Formica** species by polyacrylamide electrophoresis. 123979
Inheritance of some characters in crosses between inbred lines of Bombyx mori L. for commercial feeds during summer and autumn months. I. *Cocoon,* **shell** and pupal weights. 124530
Emergence of Hyalophora cecropia (Saturniidae) blocked by seeds in the *cocoon* **valve.** 124060

CODING

The **civil** *code* of the German Democratic Republic legal basis with strong relevance to veterinary activities at all level. 115955
A method for identifying rabbits by *color-coded* **ear** buttons. 117464
A *code* **system** for European nursery plants: S.C.O.P.E. II. Codifying ornamental conifer plants. 119894
Coding of **weed** and crop names for documentation in crop protection research. 122991

COENZYMES

Subcellular localization of the oleyl-CoA *[coenzyme* A] **desaturase** activity in pea leaves. 121645
Subcellular localization of **3-hydroxy-3-methylglutaryl** *coenzyme* A reductase and other membrane-bound enzymes in sweetpotato roots [healthy and infected with Ceratocystis fimbriata]. 121760
The occurrence and some properties of **3-hydroxy-3-methylglutaryl** *coenzyme* A reductase in sweet potato roots infected by Ceratocystis fimbriata. 122720
8-azidoadenine analogs of NAD+ [nicotinamide 8-azidoadenine dinucleotide] and FAD [flavin 8-azidoadenine dinucleotide]. Synthesis and *coenzyme* **properties** with NAD+-dependent and FAD-dependent enzymes [Livestock extracts, Penicillium nitatum, Fungi]. 117669
Influence of substrates and *coenzymes* on the **role** of manganous ion in reactions catalyzed by pig heart triphosphopyridine nucleotide-dependent isocitrate dehydrogenase. 117589
Improved and effective assays of the glutamic oxaloacetic transaminase by the *coenzyme-apoenzyme* **system** (CAS) principle [Deficiencies of vitamin B6]. 116459

COFFEE

Sudden alterations in water balance associated with flower bud opening in coffee plants *[Coffee* **arabica].** 121190
Occurrence of strains of Colletotrichum coffeanum [the causal fungus of *coffee* **berry** disease] resistant to methyl benzimidazol-2-ylcarbamate (carbendazim) and chemically-similar compounds. 122565
A temperature controlled inoculation room to increase the efficiency of preselection for resistance to *coffee* **berry** diseae [Colletotrichum coffeanum]. 122648
Coffees: **Coffea** spp. (Rubiaceae). 122529
Weed **control** in *coffee.* 123095
Standard recommendations for **fertilizers-1976** *[Coffee].* 125023
Coffee **growing** in Zambia: a promising investment. 122520
A method to quantitatively determine carboxylic acid **5-hydroxytryptamides** in *coffee.* 116702
Research on close spacing systems for **intensive** *coffee* production in Kenya. II. 122540
Marketing notes *[Coffee,* **Kenya].** 115692
Importance of fixing a changed extraction limit for **manufacturing** *coffee* extract. 116708
Trial with insecticides for the control of Eacles imperialis magnifica Walker, 1856 (Lepidoptera, Adelocephalidae), a *coffee* **plantation** pest. 123256
Sudden alterations in water balance associated with flower bud opening in *coffee* **plants** [Coffee arabica]. 121190
Experience gained in relation to the quality of raw and **roasted** *coffee* beans. 116085
Coffees: *Coffea* spp. **(Rubiaceae).** 122529

COKEROMYCES

Ultrastructure of infection of *Cokeromyces* **recurvatus** by Piptocephalis unispora (Mucorales) [Fungi]. 120415

COLA

Kola: **Cola** spp. (Sterculiaceae). 122531
Effect of inorganic fertilizers on the yield, chemical composition of meadow foxtail [Alopecurus pratensis] and the regime of nutrients in Peat-Bog soils of the *Kola* **Peninsula.** 124927
Kola: *Cola* spp. **(Sterculiaceae).** 122531

COLCHICINE

Polyploidy in Hemerocallis. *Colchicine-induced* **polyploidy** in Hemerocallis. 120764

COLD

Cold **acclimation** of Florida peach and nectarine cultivars. 121661
Applications of *cold* to the **agricultural** and food sector [Refrigeration]. 116647
Drying minced meat in *cold* **air.** 116979
Brassicas—*cold-climate* dependables [Nova Scotia]. 122430
Effects of diets on cold tolerance and metabolic responses to *cold* in **fasted** rats. 116467
Compatible [orchid] genera in a *cold* **glasshouse.** 122192
Higher yield: *cold* **grinding** of spices. 117242
Root hardiness of woody ornamentals *[Cold* **injuries].** 122940
Association between elemental content of dormant peach trees and susceptibility to short life [Predisposition to *cold* **injuries** and bacterial canker, Pseudomonas syringa]. 122964
Effects of **prolonged** *cold* and the outdoor winter environment on apparent digestibility in sheep and cattle. 117622
Observed radiant loss from a heated orchard under frost conditions *[Cold* **protection].** 122968
Super-cold can **provide** permanent identification [Freeze branding]. 117425
Storage behavior of **ready-made** *cold* meals in a regulated atmosphere. I. Storage in a controlled atmosphere. 116720
The storage behavior of **ready-made** *cold* meals in a regulated atmosphere. II. Storage in a quiet atmosphere. 116721
Economic views of *cold* **storage** in the brewery. 116672
Influence of fungicidal treatments on the quality and *cold* **storage** peservation of Imperatore apples. 117255
Thermal load in *cold* **storage** places destined for the preservation of vegetable and fruit products [Equipment]. 117259
Cold **storage** of fresh fruit and vegetables [Temperature injuries]. 117322
Cold **storage** of already after-ripened beech (Fagus silvatica L.) seeds. 121792
Effects of diets on *cold* **tolerance** and metabolic responses to cold in fasted rats. 116467
Studies of *cold* **tolerance** in domestic animals (Review). 117731

COLEOPTERA

Wax secretion in the infrared sensory pit of Melanophila **acuminata** *(Coleoptera:* Buprestidae). 124136
The brown semicostate and costate species of Colaspis in Mexico and Central **America** *(Coleoptera:* Chrysomelidae) [field crops]. 124466
Contribution to the study of Dorcadion in **Anatolia** *(Coleoptera,* Cerambycidae) [New taxa]. 2. 124288
A method for marking **aquatic** *Coleoptera.* 124079
Altitudinal zonation of the invertebrate fauna [Heteroptera, Cicadidae, *Coleoptera,* **Araneida]** on branches of birch (Betula pubescens Ehrh.). 124361
A notable endemism of the mountains of Mexico: the genus Xenodromius **Bates** *(Coleoptera,* lebiinae) [New taxa]. 124244
The genus Triacetelus **Bates** *(Coleoptera:* Cerambycidae) [New taxa]. 124403
Classification of the Middle American genus Cyrtolaus **Bates** *(Coleoptera:* Carabidae: Pterostichini) [New taxa]. 124404
Beetles *(Coleoptera)* as new intermediate hosts of helminths [Infecting livestock]. 123674
Larvae of rove **beetles** *(Coleoptera,* Staphylinidae) developing in wood [Ecology and morphology]. 123927
Vital forms of ground **beetles** *(Coleoptera,* Carabidae) and their evolutionary interrelationship. 124310
Two specimens of the Henosepilachna **beetles** *(Coleoptera:* coccinellidae) from China. 124360
Pests of the Baltic Sea coast. II. Short survey of the most important insect groups **besides** *Coleoptera* and Diptera. 123599
Comparative anatomy of the digestive system of larvae of roundheaded wood **borers** *(Coleoptera,* Cerambycidae). 123925
Cyclocephala hardyi a new species from **Brazil** *(Coleoptera,* Melolonthidae, Dynastinae). 124433
Contribution to the study of Dorcadion from Anatolia. 3. Dorcadion ladikanum n. nov. and remarks in relation to Dorcadion ardahense **Breuning** *(Coleoptera,* Cerambycidae). 124291
Effects of gamma- and X-ray irradiation on different developmental stages of the bean weevil (Acanthoscelides obtectus Say. *(Coleoptera:* **Bruchidae).** 123438
Studies on the active form of Callosobruchus maculatus (F.) in Nigeria. III. The dynamics of active female production in Callosobruchus maculatus (F.) *(Coleoptera,* **Bruchidae)** in stored cowpeas. 123558
The systematic position of the genera Aphileus, Macromalocera, Glyphochilus and **Campsosternus** *(Coleoptera:* Elateridae). 124235
The genus Tylocerus Dalm. *(Coleoptera,* **Cantharidae).** 32. Contribution to the study of Neotropical Cantharidae [New taxa]. 124351
The annual periodicity of the polyvoltine ground beetle Pogonus chalceus Marsh. *(Coleoptera,* **Carabidae)** and its control by environmental factors. 124180
The type-species of Bonelli's genera of **Carabidae** *(Coleoptera).* 124410
Biology of the flea beetle, Altica **carduorum** *(Coleoptera:* Chrysomelidae) on Canada thistle (Cirsium arvense) in South Daota [used for biological control of weeds]. 123080
Coleoptera **Cerylonidae.** Study of the species of the Palearctic fauna. 124253
A new species of Ischalia [chinensis] from southeastern **China** *(Coleoptera:* Pyrochroidae). 124393
Contribution to the knowledge of the biology of Anacassis fuscata (Klug, 1829) *(Coleoptera,* **Chrysomelidae).** 124140
On problems of taxonomic relationship between Cryptocephalus hypochoeridis ssp. hypochoeridis (Linnaeus, 1758) and Cryptocephalus hypochoeridis ssp. transiens Franz, 1949 *(Coleoptera,* **Chrysomelidae).** 124242
The higher classification of the insect order Coleoptera including fossil records and a classified directory of the Coleopterists and *coleoptera* **collections** of the world. 120302
Relative toxicity of some new insecticides against rice-weevil Sitophilus oryzae Linn. **(Curculionidae:** *Coleoptera).* 123292
Alfalfa and the Egyptian alfalfa weevil [Hypera brunneipennis] *(Coleoptera:* **Curculionidae).** 123295
Effect of field applications of carbofuran on Hypera postica [Alfalfa weevil] *(Coleoptera:* **Curculionidae)** and its parasitoids. 123296
Results of zoological research carried out by Dr. Z. Kaszab in Mongolia. 372. **Curculionidae** *(Coleoptera)* [New taxa]. 124450
Chemical communication in the mating behavior of Trogoderma glabrum (Herbst) *(Coleoptera:* **Dermestidae).** 124024
Results of zoological research carried out by Dr. Z. Kaszab in Mongolia. 375. Cleridae, **Derodontidae** *(Coleoptera).* 124452
The correct identity of Stator bixae (Drapiez) with lectotype **designation** *(Coleoptera:* Bruchidae). 124329
The perisympathetic organs of Insecta. An attempt on their evolution. Structural and physiological data on *Coleoptera* and **Diptera.** 123813
Insect fauna of male Typha angustofolia flowers *[Coleoptera,* **Diptera].** 124179
Contribution to the study of **Dynastinae** *(Coleoptera,* Melolonthidae). 124429
Morphological types of larvae of beetles-wood **eaters** *(Coleoptera,* Eucnemidae) and their evolutionary significance. 123928
A new species of Limonius [pappi] *(Coleoptera:* **Elateridae)** from California. 124272
The biochemical studies on diapause, its induction & termination in Trogoderma granarium **Everts** *(Coleoptera:* Dermestidae). 123974
Evidence and function of a "repellent pheromone" of larvae of Trogoderma granarium **Everts** *(Coleoptera,* Dermestidae). 124188
New notes on the Curculionidae of the French **fauna** *(Coleoptera).* Taxonomy, chorology, ecology, ethology. Second series [New taxa]. 124226
Distribution of Leistus piceus alpicola **Fuss** *(Coleoptera,* Carabidae). 124437
Intraspecific variability, host plant preference and injuriousness of leaf beetles of the subfamily **Galerucinae** *(Coleoptera,* Chrysomelidae) on field crops of the Cauca River. 123358
Species of the Tenebrionidae genus Microcrypticus **Gebien** 1920 *(Coleoptera).* 124457
Anthribidae from **Ghana** *(Coleoptera,* Anthribidae) [New taxa]. 124426
Description of new Lamiinae from **Ghana** *(Coleoptera,* Cermabycidae). 124436
Note on the Megaceras and **Golofa** *(Coleoptera,* Dynastidae) [New taxa]. 124227
Synopsis of the supra-specific taxa of the tribe **Harpalini** *(Coleoptera:* Carabidae) [New taxa]. 124407
Integument of Tenebrio molitor L. (Insecta; *Coleoptera).* I. **Histology** of larval integument. 123834
Results of the zoological research carried out by Dr. Z Kaszab in Mongolia. 359. The genus Syntomus **Hope** *(Coleoptera,* Carabidae) [New taxa]. 124449
Seasonal patterns in abundance of water beetles belonging to the **Hydrophiloidea** *(Coleoptera).* 123919
Preliminary studies of the effects of an induced phosphate deficiency on carbohydrate-nitrogen ratios in Alternanthera philoxeroides (Centrospermae: Amaranthaceae) and on the feeding of Agasicles **hygrophila** *(Coleoptera:* Chrysomelidae). 123905
Dermestidae beetles **(Insecta:** *Coleoptera).* 124304
A contribution to the knowledge of Laboulbeniales (Ascomycetes) parasitic on Italian carabids (Insecta, *Coleoptera)* **[Laboulbenia** agelaeae, Rhachomyces pacei, Fungi, new taxa]. 120018
Entomological explorations in Ghana by Dr. S. Endrody-Younga. 16. **Lamiinae** *(Coleoptera:* Cerambycidae) IV. 124438
Study of some pathological characters and of specificity of the lethargy of Melolontha melolontha **larvae** *(Coleoptera:* Scarabaeidae). 123234
A chemical basis for plant [lucerne, Lotus pedunculatus] resistance to grass grub [Costelytra zealandica] and black beetle [Heteronychus arator] **larvae** *(Coleoptera:* Scarabaeidae). 123335
Prey detection by fourth stage Coccinella transversoguttata **larvae** *(Coleoptera:* Coccinellidae). 123790
Morphology of weevil **larvae** *(Coleoptera,* Curculionidae) and ecological ways of their adaptation to living in wood. 123929
Notes on the biology of Prionus **laticollis** *(Coleoptera:* Cerambycidae) [Apple pests]. 123383
Wing polymorphism in the insect species Agonum retractum **Leconte** *(Coleoptera:* Carabidae). 123865
Results of the zoological research carried out by Dr. Z. Kaszab in Mongolia. 358. Silphidae and **Liodidae** *(Coleoptera).* 124448
Classification and evolution of Rhinochenus **Lucas** *(Coleoptera:* Curculionidae: Cryptorhynchinae) and Quaternary Middle American zoogeography [New taxa]. 124405
Contribution to the study of Cerambycidae Lamiinae from the Andringitra massif, Central **Madagascar** *(Coleoptera)* [new taxa]. 124266
Bionomics of the bee-associated **Meloidae** *(Coleoptera);* bee and plant hosts of some Nearctic meloid beetles—a synopsis. 123221
Coleoptera in **nest** of birds of prey. 124111
Insect density effects in root feeding by larvae of Sericesthis **nigrolineata** *(Coleoptera:* Scarabaeidae) [Pasture pests]. 123316
Occurrence of Carpophilus dimidiatus F. *(Coleoptera:* **Nitidulidae)** in bulk stored wheat in Punjab. 123511
Coleoptera from **North-East** Africa. Chrysomelidae: Clytrinae (zoological contribution from the Finnish expeditions to the Sudan no. 39) [New taxa]. 124385
The higher classification of the insect **order** *Coleoptera* including fossil records and a classified directory of the Coleopterists and coleoptera collections of the world. 120302
Some *Coleoptera* from the **outer** part of Sogn and Fjordane, western Norway. 124378
A new species of Amblycerus [tachygaliae] from **Panama** *(Coleoptera:* Bruchidae). 124328
Morphology of Trigonurus asiaticus Reiche larva and relation of the tribe Trigonurini with other tribes of the subfamily **Piestinae** *(Coleoptera,* Staphylinidae). 124308
Scolytidae and **Platypodidae** *(Coleoptera)* from Papua New Guinea [New taxa]. 124455
Scolytidae and **Platypodidae** *(Coleoptera)* from the Hungarian Natural Science Museum [New taxa]. 124456
Revision of the tribe **Pogonocherini** *(Coleoptera,* Cermabycidae) [New taxa]. 124454
Development and structure of the conjugate sperm of the dytiscidae Acilius sulcatus L., Dytiscus marginalis L. and Hydaticus transversalis **Pont.** *(Coleoptera).* 124192
Revision of the genus Scotoplectus Reitt. *(Coleoptera,* **Psephalidae)** [New taxa]. 124346
The identity of Acrotrichis sitkaensis (Motschulsky) *(Coleoptera,* **Ptiliidae).** 124383
New Lamiinae from **Queensland** *(Coleoptera,* Cerambycidae). 124443
A cone weevil, Conotrachelus neomexicanus, on ponderosa pine [Pinus ponderosa] in Colorado: life history, habits, and ecological **relationships** *(Coleoptera:* Curculionidae). 123451
Contribution to the study of Oriental **Scaphisomini** *(Coleoptera,* Scaphidiidae) [New taxa]. 124336
Survival of larvae of Anoplognathus porosus (Dalman) and sericesthis nigrolineata Boisd. *(Coleoptera:* **Scarabaeidae).** 124017
Behaviour and larvae of two rose chafer beetles Eupoecila australasiae (Don), Diaphonia dorsalis (Don) *(Coleoptera:* **Scarabaeidae,** Cetoniinae). 124472
Olfactory behavior of Ips pini (Say) *(Coleoptera:* **Scolytidae)** during host invasions and colonization of lodgepole pine [Pinus conterta latifolia]. 123450
Investigations into the origin, development and control of caryedon **serratus** *(Coleoptera,* Bruchidae) attacking stored groundnuts in the Gambia. 123542
A method for the extraction of **Sitona** *(Coleoptera:* Curculionidae) eggs from soil and occurrence of a mymarid (Hymenoptera: Chalcidoidea) in the Mediterranean region. 123900
Some Stenus **species** *(Coleoptera,* Staphylinidae) collected by I. Lobl in Israel. 152. Contribution to the study of steninae [New taxa]. 124347
Four new Pterolophia **species** *(Coleoptera,* Cerambycidae). 124354
Review of the genus **Spintherophyta** *(Coleoptera:* Chrysomelidae) in North America north of Mexico. 124217
Ochthephilus aureus (Ancyrophorus aureus) Fauv. *(Coleoptera,* **Staphylinidae,** Oxytelinae). Ecological notes and morphological description of the larvae. 124081
Collection of carabid beetles from **Tasmania** *(Coleoptera,* Adephaga). 124287
Contribution to the study of Malagasy **Tenebrionidae** *(Coleoptera).* The genus Sphaerocaulus Fairmaire [New taxa]. 124222
A new subterranean aquatic beetle [Haideoporus texanus] from **Texas** *(Coleoptera:* Dytiscidae-Hydroporinae). 124213
Note on new Buprestidae from Madagascar belonging to the polycestini **tribe** *(Coleoptera)* [Madecacesta guadroni, Madecastalia al bignaci, Pseudocastalia cobosi]. 124269
A new species of Evodinus [lanhami] from **Wyoming** *(Coleoptera:* Cerambycidae). 124394

COLEOPTILES

The influence of irradiation with red light on geotropic curving and growth of decapitated **Avena** *coleoptiles.* 121392

COLEOSPORIUM

Control of Lobelia rust, *Coleosporium* **companulae** (Pers.) Lev. 122671

COLICINS

Influence of a *colicinogenic* **strain,** given perorally, on the occurence of various plasmids of Escherichia coli in piglets fed by flavomycin. 118678

COLITIS

Reovirus and *colitis* in **piglets.** 118953

COLLAGENASE

Effects of L-azetidine and *collagenase* on the **morphogenesis** of embryonic duck preen gland in organ culture. 117620

COLLATERAL

A study of autogenous tissues transplants for the repair of **canine** *collateral* ligaments of stifle joint [Injuries]. 119243

COLLECTIONS

How to prepare a *collection* of **botanical** molds [for a herbarium]. 119861
Type specimens of Tipulidae described by R. W. Doane in the *collection* of the **California** Academy of Sciences. 124388
Collection of **carabid** beetles from Tasmania (Coleoptera, Adephaga). 124287
The higher classification of the insect order Coleoptera including fossil records and a classified directory of the Coleopterists and **coleoptera** *collections* of the world. 120302
Dust control versus **dust** *collection* [in dairy product processing plants]. 125376
Revision of Rhyacionia buoliana and Rhyacionia pinicolana (Lepidoptera, Tortricidae) contained in the *collections* of the **Entomology** Laboratory of the Paris Museum and preliminary data on the distribution of these two species in France. 124260
Goliathus regius forms from the *collection* of Dr. J. **Erdos.** 124440
Collection, **extraction** and processing of forest tree seed. 119623
Polymorphism of the diatom Pinnularia brebissonii in culture and a **field** *collection* [Algae]. 120775
African stations of spiders of the genera Nephila Leach and Nephilengys Koch (Araneae, Argiopidae), from the *collections* of the [**French**] National Museum of Natural History [New taxa]. 124251
Composition of **Heliothis** *collections* in Arkansas cotton fields. 123299
Results of **insect** *collection* carried out with special light traps. 123263
The Prince family **manuscript** *collection;* a register of their papers in the National Agricultural Library [First commercial plant nursery in the United States, history, bibliographies]. 119908
An appartus for the **mass** *collection* of spores of entomopathogenic fungi [Nomuraea rileyi]. 123244
Results of the studies of some Nepticulidae types from the *collection* of the **National** Museum of Natural History, Paris (Lepidoptera, Nepticulidae) [New taxa]. 124259
Data standards for *collection-holding* **organisations** [including herbaria]. 120039
Genetic resources of worlds **rye** *collection* for solving of more important breeding problems. 120667
Notes on a *collection* of **slime** moulds [Myxomycetes, Fungi] from Nainital [India]. 120271
World *collection* of Coriandrum [sativum] as initial material for breeding. 120835
Results of long-term testing of the **world** *collection* of barley in the high-altitude conditions of Pamir. 3. Barley entries from Europe, Siberia and Maritime Territory. 121995
Notes on the *collection* of **Zingiberaceae.** 119892
Eupithecia types in the **Zoological** *Collection* of the State of Bavaria. 124439

COLLECTIVES

Activities of [communist] party committees in the improvement of the working style of management personnel in **agricultural** *collectives.* 115381
Milk production in the Dresden district: socialist competition differentiated and made comprehensive; steps for inclusion of every [dairy] *collective* [**East** Germany]. 115412
Ways of development of *collective* **farm** reindeer husbandry in the Yamal-Nenets National Okrug. 115370
Council of collective farms—a new stage in the management of the *collective* **farm-cooperative** sector. 115386
Arrangement of political information in rural **labor** *collectives.* 115163
Experience of arranging mass-political activities in **labor** *collectives* of an agrarian-industrial amalgamation. 115165
The role of reindeer husbandry in the economics of **northern** *collective* and state farms. 115369
The balance of nutrients in the soils of the Znamia **Oktiabria** *collective* farm in the Talovskii District of the Voronezh Region. 124899
Integrated mechanization and electrification of production in *collective* and **state** farms. 115356
Leipzig Market Milk Cooperative: supply to meet demand, a daily task of *collective* **work.** 115693
Socialist competition in **youth** *collectives* in new production conditions [in rural areas of Moldavia]. 115392

COLLEMBOLA

Antenal amputations in Sinella **curviseta** *(Collembola:* Entomobryidae). 123796
A contribution to the knowledge of the *Collembolan* **fauna** in the Domica Cave (SE [southeast] Slovakia) [New taxa]. 124468
Study of the Korean fauna of **Insecta** *Collembola.* VI. On the family of edaphic Tomoceridae with the description of four new species and a new subspecies [in the genus Tomocerus]. 124263
Archistoma polaris n. Sp. A new species of *Collembola* **(Isotomidae)** from Spitsbergen. 124363
A technique for **preparing** *Collembola* and similar arthropods. 124074
Tullbergia (Mesaphorura) spelaea sp. N. A new **species** of *Collembola.* 124470
Two new Tullbergiinae genera (Apterygota, *Collembola)* **[Wankeiella,** Marcuzziella]. 124471

COLLETIDAE

Revision of the subgenus Euryglossa Smith (Apoidea: *Colletidae:* **Euryglossinae)** [New taxa]. 124236

COLLETOTRICHUM

Occurrence of strains of *Colletotrichum* **coffeanum** [the causal fungus of coffee berry disease] resistant to methyl benzimidazol-2-ylcarbamate (carbendazim) and chemically-similar compounds. 122565
A temperature controlled inoculation room to increase the efficiency of preselection for resistance to coffee berry diseae *[Colletotrichum* **coffeanum].** 122648
A new leaf blight of Peristrophe bicalyculata *[Colletotrichum* **crossandrae].** 122598
Dieback of cassava (Manihot esculenta Crantz = Manihot utilissima Pohl)—a new disease caused by *Colletotrichum* **gloeosporioides** Penz. 122780
Protection of cucumber against *Colletotrichum* **lagenarium** by Colletotrichum lagenarium. 122714
Some additions to fungi of India *[Colletotrichum* **memecylonis,** Diatrype syzygii, new taxa]. 120276
Appressorium formation and nuclear division in *Colletotrichum* **truncatum.** 122575

COLLOIDS

Effect of malt quality on polymerisation index, *colloidal* and **flavor** stabilities of beer. 116674
Recent progress in the analysis of gums and natural water soluble **plant** *colloids.* II. Carob [Ceratonia siliqua] flour. 116649
Evidence that blackfly larvae [Diptera: Simuliidae] can feed on particles of *colloidal* **size.** 124096

COLOCASIA

Edible aroids: Alocasia, *Colocasia,* **Cyrtosperma,** Xanthosoma (Araceae). 122360

COLONIES

A vibrating pallet for controlling bee flight from *colonies* [**Apis** mellifera]. 124486
Another **Arkansas** *colony* of neviusia [alabamensis, endangered plant species]. 120296
Precision-accurate study of **bacterial** *colonies* automatic count by using the Artek electronic counter [Raw milk and pasteurized cream]. 116043
Inherited behavior patterns of the honeybee [Apis mellifera] *colony* as a **basis** of modern management. 124485
How are large **honeybee** *colonies* produced? [Management]. 124501
Productive **honeybee** *colonies* belong in multiple-story hives. 124502
Influence of winter supplies on the productivity of **honeybee** *colonies.* 124571
Toxicant spread in **laboratory** *colonies* of the leaf-cutting ant [Atta cephalotes]. 123220
A ten-year **laboratory** *colony* of Atta cephalotes. 123794
Record-keeping for a *colony* of 15,000 **mice** without use of a computer. 117466
Study of foraging activity of a *colony* of **Paravespula** germanica: relationship between flight activity, rate of foraging success and climatic conditions. 124003
Rearing of transplanted larvae in artificial queen-cell cups in a **queenright** *colony* [Apis mellifera]. 124580
Epidemiologic importance of age groups i *colonies* of the **Simulium** metallicum (Diptera: simuliidae) in Venezuela. 123605
A **ten-year** *colony* of Sericomyrmex urichi (Hymenoptera: Formicidae). 123793
Nosema disease examination and [honeybee] *colony* **treatment.** 124515

COLONIZATION

District parks of the Ruhr Coal District [Land] *Colonization* **Association.** 115224
Synergistic effect of a pheromone and a kairomone on host selection and *colonisation* by **Ips** avulsus [Forest pests]. 123482
Land utilization and rural settlement in the area of **Italian** *colonization* in Rio Grande do Sul, Brazil. 115216
Olfactory behavior of Ips pini (Say) (Coleoptera: Scolytidae) during host invasions and *colonization* of **lodgepole** pine [Pinus conterta latifolia]. 123450
Macroinvertebrate *colonization* of Spartina [alterniflora] marshes artificially established on dredge spoil. 120349
Microbial *colonization* of plant roots [Suppressing beneficial symbionts]. 122902
Spectral sensitivity and variation in visual sensitivity of the *colonized* **screwworm** fly Cochliomyia hominivorax (Coquerel) as measured with electroretinogram. 123640
Studies on lichen-dominated systems. XVII. The *colonization* of **young** raised beaches in northwestern Ontario. 120334

COLOR

Operating experience with an **advanced** *color* removal system [Wastewater from pulp and paper mills]. 125566
Evaluation of a confirmatory test and environmental influence of **aleurone** *colour* expression of barley. 121544
Fluorescence behavior of sterigmatocystin [Mycotoxin from the fungus **Aspergillus** *versicolor].* 119248
Production of sterigmatocystin by **Aspergillus** *versicolor* and Bipolaris sorokiniana [Fungi] on semisynthetic liquid and solid media. 121223
Colour **changes** in vegetables through phenolic ingredients. 117238
Citrus *color* [due to carotenoids]. 117216
Physical studies on *color* of **cloths.** 116597
Coat *colour,* fur patterns, and other peculiarities of the fur in poodle-jackal hybrids. 117961
Cottonseed *colour* fixed pigments. I. Selectivity of hexane isomers. 117153
The structure of alkaloid A from **Delphinium** *bicolor* Nutt. 121376
Studies on flower color in Chrysanthemum morifolium Ramat. III. Quantitative effect of major pigments on flower color variation, and measurement of color qualities of petals with a *color* **difference** meter. 121731
A method for identifying rabbits by *color-coded* **ear** buttons. 117464
Notes on the type-material of some European Elasmus (Hymenoptera: Chalcidoidea) and description of a new species from Madeira **[Elasmus** *bicolor].* 124258
The effect of type of light on *color* and **evaluation** of meat products. 116141
Genecological investigations on zinc plants. I. Genetics of **flower** *colour* in crosses between Viola calaminaria Lej. and its subspecies westfalica (Lej.) Ernst. 120574
Studies on **flower** *color* in Chrysanthemum morifolium Ramat. III. Quantitative effect of major pigments on flower color variation, and measurement of color qualities of petals with a color difference meter. 121731
Forms of blackthorn (Prunus spinosa L.) with *coloured* **flowers** growing in Poland. 119941
Toxicity of commonly used **food** *colours:* a review. 116211
Colouring of **foods** with carotenoids. 116644
Scalded sausage manufacture in the meat trade. 7. *Color* **formation** and preservation, influence of the muscle coloring matter present, and color stabilization by means of blood additives. 116955
Scalded sausage manufacture in the meat trade. 8. *Color* **formation** and preservation, influence of color stabilizers, temperature effect and rapid processing, and the effects of atmospheric oxygen and light. 116956
Fugitive *color* in the males of certain Pieridae. 124318
Soil adsorption of **humic** *color.* 124837
A sensitive procedure to determine uranium in [food] *colouring* **materials** [Food]. 116703
Colour **measurements** in milkfat fractionation. 116907
Scalded sausage manufacture in the meat trade. 7. Color formation and preservation, influence of the **muscle** *coloring* matter present, and color stabilization by means of blood additives. 116955
More accurate descriptions of three Alysiinae from Madagascar (Hymenoptera, Braconidae, Alysiinae) [Cratospila seyrigi, Asobara subdentata, **Phaenolcarpa** *bicolor].* 124257
Influence of *color* and **placement** of mating nuclei on the drifting of [honeybee] queens returning from mating flights. 124561
Studies on flower color in Chrysanthemum morifolium Ramat. III. Quantitative effect of major pigments on flower color variation, and measurement of *color* **qualities** of petals with a color difference meter. 121731
Color **removal** in a ferric chloride-lime system [Effluent treatment, kraft pulping]. 125562
Inheritance of the characters of hairiness of leaf blade and **root** *colour* in radish. 120643
Interrelations of **seed** *color,* weight, germination and origin in alsike, red and white clovers. 121546
Changes in area and production of jowar **[Sorghum** *bicolor]* in Karnataka from 1961-62 to 1972-73. 121916
Sorghum: **Sorghum** *bicolor* (Gramineae-Andropogoneae). 121961
Scalded sausage manufacture in the meat trade. 7. Color formation and preservation, influence of the muscle coloring matter present, and *color* **stabilization** by means of blood additives. 116955
Scalded sausage manufacture in the meat trade. 8. Color formation and preservation, influence of *color* **stabilizers,** temperature effect and rapid processing, and the effects of atmospheric oxygen and light. 116956
Glucose metabolism of *orange-colored* **Streptococcus** bovis [isolated from bovine rumen]. 117811
Relative response to *coloured* **substrates** by ovipositing black-flies (Diptera, Simuliidae). II. Oviposition by Simulium (Odagmia) ornatum Meigen. 123651
Wing *color* [seasonal] variation in Callosamia (Saturniidae). 124067
Studies on the natural pigment of horticultural crops. 3. Some properties of natural **yellow** *color* in Curcuma [longa] rhizome and its application. 121724

COLORIMETRIC

The experiment: *colorimetric* **determination** of nitrogenase activity [Nitrogen fixation]. 124782
A *colorimetric* **technique** using chromium-ethylene diamine tetra acetate for measuring rumen volume [Sheep]. 117753

COLOSTRUM

Neutralization of a transmissible gastroenteritis virus of swine by *colostral* **antibodies** elicited by intestine and cell culture-propagated virus. 118604
Interaction of epsilon-dinitrophenyl (DNP)-L-lysine with **bovine** *colostral* anti-DNP immunoglobulin G1 (IgG1): concentration independence [Pregnant cows]. 117550
Bovine *colostral* gamma-glutamyltransferase; its localization in skim milk membrane and irrelevance to secretory immunoglobulin A. 118685

Composition and properties of **cow's** *colostrum.* 118169
Some chemical changes in the *colostrum,* **milk** and blood at various stages of lactation in sheep. 117747
Use of *colostrum* **mixtures** for feeding calves on large farms. 118171

COLUMELLIACEAE
Columelliaceae. 120236

COLUMNEA
Hybridization studies in *Columnea* L. **(Gesneriaceae).** 1. Jamaican species. 120593
Hybridization studies in *Columnea* L. **(Gesneriaceae).** 2. The Columnea querceti complex. 120594

COLZA
Aspects and inquiries on livestock feeding *[Colza* **flour** used]. 118163

COMBINES
The epizootiologic and parasitologic status of the flocks at a poultry **dressing** *combine.* 119000
The Mockern State Farm industrial **fattening** *combine:* development of creative potential of workers in socialist emulation [East Germany]. 115420
Labor problems in the use of [logging] *combines* in **forestry.** 119838
Methods of determining grain losses on the cutting unit of the *combine* **harvester.** 124749
[Mechanical] indication of grain [harvesing] **losses** on *combines.* 124695

COMBRETUM
Analytical and structural features of the gum exudate from *combretum* **hartmannianum** Schweinf. 116694

COMBUSTION
Ashing biological material, with special reference to meat and meat products, in a new type of *combustion* **apparatus.** 116973

COMMELINA
Mehler-type reagents in the enhancement of stomatal opening in epidermal strips *[Commelina* **benghalensis,** peas]. 121339
Effects of molinate-propanil combinations on rice yield *[Commelina,* **Leptochloa,** Echinochloa]. 123176

COMMELINACEAE
A new species of Thyrsanthemum [goldianum]. **American** *Commelinaceae.* IV. 120158
The development of dimorphic pollen in **Tripogandra** *(Commelinaceae).* 120514

COMMERCE
A technique for the accelerated production of *commercially* **acceptable** citrus clones from seed [Nursery propagation]. 122212
Commercial **apple** spray schedule. 122953
Commercial **attribute** for farmers? [Legislation]. 115975
Genetic analysis of flocculation in Saccharomyces cerevisiae and tetrad analysis of *commercial* **brewing** and baking yeasts. 120724
Keeping quality of *commercial* **butter** oil stored at different storage temperatures. 116885
An inquiry on the Cypriot cooperatives for the *commercialization* of **citrus** and other dessert fruits. 115435
Strawberry: prospects of *commercial* **cultivation** in the Nilgiris. II. 122445
Saccharifying agents for distilleries: green malt, cured malt and *commercial* **enzymes.** 116797
National standards for registration and for residues of pesticides in relation to trade and *commerce* in **Europe.** 123713
Inheritance of some characters in crosses between inbred lines of Bombyx mori L. for *commercial* **feeds** during summer and autumn months. I. Cocoon, shell and pupal weights. 124530
Evaluation of a *commercial* **finned** evaporator [for the meat industry]. 117021
The Prince family manuscript collection; a register of their papers in the National Agricultural Library **[First** *commercial* plant nursery in the United States, history, bibliographies]. 119908
Use of the agar-gel precipitin test to evaluate broiler breeder and *commercial* **layer** flocks [chickens] for Mycoplasma gallisepticum infection. 118642
Public slaughterhouses or *commercial* **meat** factories? 116993
Quality of protein in milk replacers for young calves. IIi. Rennet coagulation and undenatured whey protein nitrogen content of skim milk powders and *commercial* **milk** replacers. 118037
Biological control of Verticillium malthousei by Trichoderma viride spray on casing soil in *commercial* **mushroom** [Agaricus bisporus] production [Dry bubble disease]. 122746
Instruments of the agricultural and *commercial* **policy** for adjustment of production to demand on the world markets for oilseeds and their processed products. 115763
Commercial **policy** implications of environmental controls [Pollution of products]. 115921
Do the "Guidelines for meat dishes in sauce" represent good *commercial* **practice** as far as the meat content of Konigsberger Klops is concerned? 116978
Failure of *commercially* **prepared** isoniazid diet to produce isoniazid serum concentrations in rhesus monkeys. 118108
Annual milk production costs and returns per *commercial* **producer** family in the milkshed areas of Delhi milk scheme. 115507
Early diagnosis of non-pregnancy in cattle: the first eighteen months of a *commercial* **service.** 118231
Effect of nisin [antibiotic produced by Streptococcus lactis] on reducing the thermal process in *commercially* **sterilized** milk. 116929
Trials of *commercial* **varieties** of sugarbeet. 121889
Importance of the new drinking water ordinance for the surveillance of *commercial* **water** supply in the food industry. 116056
Commercial **woods** of Indonesia: their properties and uses. 2. 119753
Presence of Lactobacillus acidophilus and Lactobacillus delbrueckii in changes of *commercial* **yoghurt** [Excessive acidity]. 116851

COMMODITIES
The contract between the European Economic Community and the countries of Africa, the Caribbean area and the Pacific area (the Lome convention): origin, goals and effects with special consideration of the **agricultural** *commodities* market of the European Economic Community. 115696
A sequential link approach to evaluating transportation facility adjustments [including **agricultural** *commodity* distribution]. 115748
Discussion of a sequential link approach to evaluating transportation facility adjustments [for distribution of **agricultural** *commodities].* 115753
Plant quarantine concerns on introduction of certain **agricultural** *commodities* and products for use in agriculture in Hawaii. 122990
Construction of roads for *commodity* **transportation:** cost explosion from excessly long construction periods [Austria]. 115561
Tree bark—a **usable** *commodity.* 119796

COMMUNES
Study of the selected timber forest: the *communal* **forest** of Saint Laurent in Grandvaux (Jura). 119509

COMMUNICATION
Chemical *communication* in the mating behavior of Trogoderma glabrum (Herbst) (Coleoptera: Dermestidae). 124024
Novelty in technical provision of reindeer husbandry [Transportation, machinery for establishing fences, *communication* **facilities].** 124684
Lesser cornstalk borer: effects of (Z.E)-9,12-tetradecadien-1-ol acetate on **pheromone** *communications.* 123319
Studies on the etiology of feline infectious peritonitis, **preliminary** *communication.* 118659
Multilingual forestry terminology, and international common project for improving **scientific** *communication* as a basis for establishing the sauri. 119357
The facilitator; a *communications* **therapist.** 115109
Veterinarians with no means of *communication* **urge** a rapid solution. 118428
The role of *communications* in **veterinary** oncology [Cancer study]. 118478

COMMUNISM
Strenghtening of the influence of the working class on the formation of *communist* **consciousness** of rural population. 115167
The role of a district committee of the *[communist]* **party** in the spreading and introduction into practice of the achievements of scientific-technical progress. 115169
Activities of *[communist]* **party** committees in the improvement of the working style of management personnel in agricultural collectives. 115381
Activities of *[communist]* **party** organizations in the selection and training of a reserve of management personnel in agriculture [Moldavia]. 115382
Assuming by the *[communist]* **party** organization the right of controlling the activities of the administration personnel in agrarian-industrial and interfarm amalgamations and enterprises. 115383
Change of the structure of the primary *[communist]* **party** organizations in relation to new [management] processes occurring in rural areas [Moldavia]. 115384
Coordination of *[communist]* **party** work in agrarian-industrial and interfarm amalgamations [Moldavia]. 115385
Some tendencies in the development of the *[communist]* **party** organizations in the conditions of intensification of farm production [Moldavia]. 115393
The increasing role of rural *[communist]* **party** organizations in the conditions of agrarian-industrial integration [Moldavia]. 115394
[Communist] **party** guidance in the selection, placing and training of administrative personnel for interfarm and agrarian-industrial enterprises and amalgamations. 115396
[Communist] **party** guidance of socialist competition in production amalgamations in rural areas. 115397
Resolutions of the XXVth party conference of the *Communist* **Party** of the Soviet Union as a basis for the further advance of Soviet agriculture [Five-Year Plan]. 115841
Improvement of organizational and *[communist]* **party** work in the present stage of concentation, specialization and agrarian-industrial integration of agriculture in Moldavia. 115918
Present agrarian policy of the *Communist* **Party** of the Soviet Union and the activities of the [Moldavian] Republican Party organization in realizing it. 115920
Activities of rural party organizations in increasing the role of *communists* in **production** and public life. 115380

COMMUNITIES
Comparison of the attached **algal** *communities* of a natural and an artificial substrate [in Lake Mize, Florida]. 120377
Community **animal** husbandry [Legal aspects]. 115792
Community and **authority** response to the Saginaw Valley lumber strike of 1885 [Michigan, forest history]. 119353
Val Badia: rural **declining** *community.* 115119
Succession of **desmid** *communities* in the broads area of northwestern Overijssel [Algae]. 120308
Long-term effects of manipulating light intensity and nutrient enrichment on the structure of a salt marsh **diatom** *community* [Algae]. 121208
The response of understory herbs to soil depth gradients in high and low **diversity** *communities.* 120328
The potato market in the European **Economic** *Community.* 115579
The EEC's [European **Economic** *Community]* efficiency problem [Dairy market]. 115595
Situation and prospects of the cereal market in the [West German] Federal Republic under the influence of the European **Economic** *Community* cereal market ordinance. 115602
Two years after the price fixing prohibition: experiences with nonobligatory price recommendations [for foods in the European **Economic** *Community].* 115611
Hops marketing regulation of the European **Economic** *Community;* report of the Commission to the Council on the state of hops production and marketing of the 1974 harvest. 115677
Facing the cost of EEC [European **Economic** *Community]* road haulage legislation [Fruit and vegetables]. 115680
First measures for the support of the European **Economic** *Community* viticultural market. 115686
Protection of the viticultural market [by the European **Economic** *Community]* in the new 1975-76 campaign. 115688
The decisions [made by the European **Economic** *Community]* at Brussels for the viticultural sector [Marketing, prices, France, Italy]. 115689
Development of production and trade channels of animal products in the European **Economic** *Community.* III. 115694
The contract between the European **Economic** *Community* and the countries of Africa, the Caribbean area and the Pacific area (the Lome convention): origin, goals and effects with special consideration of the agricultural commodities market of the European Economic Community. 115696
New regulations for viticulture [European **Economic** *Community].* 115971
Ivory Coast agriculture and the European **Economic** *Community* [Development]. 116013
Tunisian agriculture and the EEC [European **Economic** *Community,* policy]. 116015
Britain's chickens and the EEC [Meat regulation, European **Economic** *Community].* 116239
Wine destillation and the marketing of brandy in the European **Economic** *Community.* 117260
The Dutch tree nurseries and the European **Economic** *Community.* 119582
Problems and prospects of mountains, forests and environment in the programs of the European **Economic** *Community* [Conservation of natural resources and forests]. 125377
The agricultural of the **European** *Community* on te continent. 115398
Gross margins of agricultural products in the **European** *Community.* 115509
The coordination of agricultural research by the commission of the **European** *communities.* 115808
European *Community* Commission reports on draught impact. 115849
European *Community* study on information retrieval systems for the field of literature in veterinary medicine. 118494
Forest *communities* of the central part of Eastern Slovakia and some questions about their syntaxonomy. 120313
Forest *communities* of Eastern Orava [Czechoslovakia]. 120314
Resource division in an understory **herb** *community:* responses to temporal and microtopographic gradients. 120310
A community matrix analysis of Heliconia **insect** *communities.* 123785
The effects of various tertiary treatment nutrient removal schemes on **periphyton** *communities* in model laboratory streams [Water resources research]. 125194
Plant *communities* of the Clos du Doubs (Swiss Jura). 120312
Successional relationships of five Florida **plant** *communities.* 120347
Vegetation in the southeastern suburbs, Melbourne. 2. Native and introduced **plant** *communities* in a Mount Waverley reserve. 120401
Bacteriocenotic studies on a weakly dystrophic waters [Aquatic **plant** *communities,* Austria]. 121355
Towards a new [European Economic] *Community* **regulation** [Grape culture and industry, policies]. 115972
Effects of clear-cutting on numbers, biomass and *community* **respiration** of soil invertebrates [Includes insects]. 123818
Medical and social aspects of **rural** *community* of Santa Ines [Health, Venezuela]. 115198
A simulation model for predicting and analyzing manpower requirements [in **rural** *communities].* 115448

Patterns of life in **woodland** *communities.* 15. Some strange galls of the oak [Andricus quercus-calicis, Andricus lignicolus]. 123499

COMPACTION
Mineral and crystal formation in vitro by lipids extracted from **bovine** *compact* bone. 117870
Response of particular crops to the degree of **soil** *compactness.* I. Winter wheat. 124897
Prediction of **soil** *compaction* due to off-road vehicle traffic. 124915

COMPENSATION
Dietary carbohydrate, diet pills and *compensatory* **growth** in rats. 116502
The effect of *compensatory* **growth** in sheep on empty body weight, carcass weight and the weights of some offals. 117758
Agricultural calamities. The new procedure for **[losses]** *compensation.* 115480
Effect of exclusion upon establishing **pecuniary** *compensation* in land consolidation carried out by companies. 115209

COMPOSITAE
Sunflowers: **Helianthus** *(Compositae-Helianthese).* 121965
Pyrethrum: Chrysanthemum spp. *(Compositae)* **[Insecticidal** plants]. 122534
Lettuce: Lactuca **sativa** *(Compositae).* 122365
Flovonoids of the herb Ageratum mexicanum **Sims.** *(Compositae).* 120853
Morphological and biological features of Ajania **tibetica** *(Compositae).* 120464
Safflower: Carthamus **tinctorius** *(Compositae).* 121958

COMPOST
Composting for **beginners:** a recipe for fruitful decay. 125043
Study on uptake of mercury by mushroom from the *compost* and **casing** soil. 121726
Effect of *composted* **hardwood** bark and peat container media on growth of selected ericaceous plants [Pieris japonica, Rhododendron]. 122220
Effect of duration of *composting* **lupine** with peat on their sorption capacity. 125068
Compost not **nutritious** but still useful. 125002
Nutrition of **peat** *composts.* 124999
Utilization of [school food services] waste **products** [as *compost].* 125035
A study on straw mushroom cultivation with **waste** *compost* of common mushroom. 125021

COMPRESSION
An equation for the modulus of elasticity [of agricultural products] of a **radially** *compressed* cylinder. 116837
Studies with dairy cows investigating the dietary effect of mixtures of *compressed* **straw** + concentrates prepared from crude and NaOH [sodium hydroxide] treated cereal straw. 1. Digestibility and milk production. 118006
Studies with dairy cows investigating the dietary effect of *compressed* **straw** + concentrates prepared from crude and NaoH [sodium hydroxide] treated cereal straw. 2. Composition of ruminal fluid and protozoa population. 118007

COMPTONIA
On the germination of seeds of *Comptonia* **peregrina,** the sweet fern [Myricaceae]. 120973

COMPUTERS
Discriminating coastal rangeland production and improvements with *computer* **aided** techniques [Remote sensing]. 121996
Modelling of aquifer behaviour for long time periods using interactive **analogue-digital** *computers.* 125241
Feeding experiments with bacon pigs. 2. Data register and *computer* **analysis** of data. 118012
Computer **analysis** and mapping of gypsy moth [Porthetria dispar] defoliation levels in Pennsylvania using LANDSAT-1 digital data [Remote sensing]. 123475
Computer may **cut** costs $1-2/cord [Logging operation]. 119797
Computer **implemented** classification of vegetation using aircraft acquired multispectral scanner data [Parks and forests]. 119496
Approach to *computer* **interfacing** with corn syrup refining processing. 117115
The mixture problem in *computer* **mapping** of terrain: improved techniques for establishing spectral signatures, atmospheric path radiance, and transmittance [Remote sensing, vegetative cover]. 120368
Record-keeping for a colony of 15,000 **mice** without use of a *computer.* 117466
Computer **modelling** of pollutant transports in Lake Erie. 125455
Simulating hydrologic behavior on Ouachita Mountain drainages [Watershed management, *computer* **models,** Arkansas]. 119414
Computer-assisted **optimization** of sausage formulas. 116942
A **partially** *computerized* documentation system for microscopic soil fungi. 119886
Computer **programming** and agricultural economists—bridging the gap. 115449
The use of the SELGEM system [of *computer* **programs**] in support of systematics. 120051
Trophic status of inland lakes from LANDSAT *[Computer* **programs,** remote sensing]. 125281
A *computer* **simulation** of full-tree field chipping and trucking. 119834
Information management and use of TAXIR in herbaria *[Computer* **system].** 120043

CONCANAVALIN
DNA synthesis in rabbit spleen cell populations stimulated by various doses of *concanavalin* A. I. **Autoradiographic** analysis. 117673
Asymmetric distribution of *concanavalin* A **binding** sites on yeast plasmalemma and vacuolar membrane [Saccharomyces cerevisiae]. 120906
DNA synthesis in rabbit spleen cell populations stimulated by various doses of *concanavalin* A. II. **Equilibrium** density sedimentation analysis. 117674
Concanavalin A and **wheat** germ agglutinin receptors on Dictyostelium discoideum [Fungi]: their visualization by scanning electron microscopy with microspheres. 120480

CONCENTRATES
A note on the use of kale as a replacement for **cereal-based** *concentrates* for milk production [Cattle]. 117971
Grass forage as a *concentrate* for **dairy** cattle. 118126
Factors affecting dispensing rate of an automatic **dairy** *concentrate* feeder. 124737
Feed *concentrates* are important to Norwegian agriculture. 117359
The situation concerning aflatoxins in **feed** *concentrates* in Norway. 117370
Are **feed** *concentrates* worth while [for cattle] on pasture? [Effects on milk production]. 118179
Ensilage of oat with berseem *[clover]/concentrate* **mixture.** 117349
Studies with dairy cows investigating the dietary effect of mixtures of compressed straw + *concentrates* **prepared** from crude and NaOH [sodium hydroxide] treated cereal straw. 1. Digestibility and milk production. 118006
Studies with dairy cows investigating the dietary effect of compressed straw + *concentrates* **prepared** from crude and NaoH [sodium hydroxide] treated cereal straw. 2. Composition of ruminal fluid and protozoa population. 118007
Urea phosphate as a partial protein replacer in **sheep** *concentrate* diets. 117975
Pilot **study** *concentrates* on soil "potentials" [Soil surveys, Florida]. 124910
Crystallizing wine tartar by *concentrating* **tartaric** solution through hyperifiltration. 117240
Soft cheese manufacture from **ultrafiltration** *concentrate.* 116869

CONCRETE
The *concrete* **garden.** 122444
Advice and tips for **working** with *concrete.* 124631

CONDENSATION
Dewpoint temperature, production of water of *condensation* and **determination** of dewpoint [Foods]. 116729

CONDENSED
Chemistry of the Coccoidea. II. *Condensed* **polycyclic** pigments from two Australian pseudococcids (Hemiptera) [Nipaecoccus aurilanatus, Pseudococcus albizziae]. 123824
Microbial degradation of *condensed* **tannins** [from Pinus radiata bark]. 119809

CONDITIONING
Air *conditioning* in the cutting room and the meat market. 116971
Ultrahigh temperature heated milk and its **aseptic** *conditioning.* 116917
Hematologic values of *conditioned,* **captive** wild coyotes. 117839
Detection of **hydrological** *conditioning* factors in the building of groundwater models. 125200
Interactions between **sludge** *conditioning,* vacuum filtration, and incineration. 125508
Pima [cotton] *seed-conditioning* **test.** 117176
Effect of *conditioning* **treatments** before shipping and floral preservatives on vase life of cut roses. 117283

CONDUCTIVITY
Evaporation rate, leaf water potential and **stomatal** *conductance* in Lolium, Trifolium [clover] and Lysimachia in drying soil. 121518
Photosynthesis in Sitka spruce (Picea sitchensis (Bong.) Carr.). VII. Measurements of **stomatal** *conductance* and 14cO2 [carbon dioxide isotope] uptake in a forest canopy. 121818
Thermal *conductivity* of rapeseed. 117205
Conduction **velocity** along the afferent vagal dendrites: a new type of fibre [Cats]. 117823

CONES
Relation between *cone* **crops** of Picea abies (L.) Karst in Poland and the climatic factors. 121793
The effect of *cone* **crops** on growth in Norway spruce (Picea abies (L.) Karst.). 121794
Use of **cylinder** *conical* large tanks in beer brewing. 116682
Anomaly of **female** *cones* in Siberian stone pine (Pinus siberica du Tour) as a possible form of apomixis. 121808
Behavior and generation dynamics of the white **pine** *cone* beetle Conophthorus coniperda (Schwarz) in central Wisconsin. 123443
A checklist of the *cone* and **seed** insects of Idaho. 123476
A *cone* **weevil,** Conotrachelus neomexicanus, on ponderosa pine [Pinus ponderosa] in Colorado: life history, habits, and ecological relationships (Coleoptera: Curculionidae). 123451

CONFECTIONERY
Soy proteins in *confectionery* **products.** 117107

CONFINEMENT
Confinement **beef** barn—rear driveway. 124624
Confinement **beef** barn—gable roof. 124625
Feedlot *confinement* and continuous and controlled grazing for growing and finishing swine. 118020
Physiological principles and technologic methods of battery and floor exploitation, in *confinement* and in the **open** air, of poultry as a function of its production and health [Economic aspects]. 118434
Confinement **swine** housing. 117494
Total *confinement* bull housing. 117448

CONGENITAL
Congenital **anomalies** of domestic fowl [chickens]: seven cases. 119076
Congenital **defective** coagulation in mammals. 119159
Snoring in a calf caused by *congenital* **distension** of the maxillary sinuses. 119103
Congenital **osteogenesis** imperfecta in Charollais cattle. 119185

CONIDIUM
Polyamine and ornithine metabolism during the germination of *conidia* of **Aspergillus** nidulans [Fungi]. 120924
Ultrastructure and mechanics of the *conidium-conidiophore* **attachment** of Helminthosporium maydis [Corn leaf blight]. 122740
The fine structure of *conidial* **development** in the genus Torula. IV. Torula thermophila Cooney & Emerson [Yeasts]. 120446
Examinations of **external** *conidial* membranes of some Penicillium species. I. [Fungi]. 120519
Some aspects of taxonomy of the genus Pestalotia. II. Observations on structure of *conidia* **[Fungi].** 120145
Reduction of transpiration from wheat caused by **germinating** *conidia* of Erysiphe graminis f. sp. tritici. 122715
Cultural studies on the Monilia disease fungus of apples. VI. The effect of light on *conidial* **germination,** mycelial growth, and sporulation [Monilinia mali]. 122587
Effect of eradicant and protectant sprays on differentiation of *conidia* of **Monilia** cinerea (Bon.) Schroet on almond [Prunus amygdalus, brown rot]. 122632
Conidium **ontogeny** in some monophialidic Hyphomycetes [Fungi]. 120499
Observations on Ceratocystis adiposa [rot fungus on tomatoes] and the *conidial* **ontogeny** of its imperfect state. 122789
Form and function of *conidia* as **related** to their development [Fungi]. 121118
Cochliobolus **sativus** *conidia* populations in soils following various cereal crops. 122724

CONIFERAE
Fire and dwarf mistletoes [Arceuthobium] in North **American** *coniferous* forests [Prescribed fire for control]. 119603
Recreation and amenity in *coniferous* **production** forests: some overseas observations and some suggestions for New Zealand. 119519
Roadside *coniferous* windbreaks as sinks for vehicular lead emmissions. 119351

CONIFERS
Evaluating the prospects of introducing to Belorussia **exotic** *conifer* species [as ornamental and forest trees]. 121616
Testing of *conifers* on **frost** hardiness and biochemical changes in tissues accompanying increasing frost hardiness. 121828
A code system for European nursery plants: S.C.O.P.E. II. Codifying **ornamental** *conifer* plants. 119894
Propagation of dwarf **[ornamental]** *conifers.* 122249
Snowmelt runoff from **planted** *conifers* in southwestern Wisconsin [Watersheds]. 119415
Evaluation of *conifer* **pulpwood** quality—a contribution of optimum wood utilization. 119773
Evaluation of *conifer* **pulpwood** quality, a contribution to optimum wood utilization. II. 119774
Evaluation of *conifer* **pulpwood** quality, a contribution to optimum wood utilization. III. 119775
Extensive methods of **raising** *conifer* plants. 119563
Susceptibility of some *conifer* **species** [Pinus, Cedrus, Cupressus] to damping off [a fungal disease caused by Fusarium species]. 122592
Conifers under **test** [Cedrus libani, reforestation]. 119573

CONJUGATE
Dietary influence on bile **acid** *conjugation* in the cat. 116424
Metabolism of 2,4-dichlorophenoxyacetic acid. IX. Gas-liquid chromatography of methyl esters of amino **acid** *conjugates.* 123728
Conjugation in **Agrobacterium** fumefaciens in the absence of plant tissue. 122805
Conjugation of **foliar** absorbed NAA [napthaleneacetic acid] by selected fruit crops. 121663
Development and structure of the *conjugate* **sperm** of the dytiscidae Acilius sulcatus L., Dytiscus marginalis L. and Hydaticus transversalis Pont. (Coleoptera). 124192

CONOCEPHALUM
Neutral sugar, uronic acid, cellulose, and protein content of cell walls isolated from gametophytes of the liverworts Lophocolea heterophylla and *Conocephalum* **conicum.** 121187

CONODERUS
Influence of weather on capture of adult southern potato wireworm *[Conoderus* **falli]** in blacklight traps. 121779

CONOPHTHORUS

Behavior and generation dynamics of the white pine cone **beetle** *Conophthorus* coniperda (Schwarz) in central Wisconsin. 123443

CONOTRACHELUS

A cone weevil, *Conotrachelus* **neomexicanus,** on ponderosa pine [Pinus ponderosa] in Colorado: life history, habits, and ecological relationships (Coleoptera: Curculionidae). 123451

CONSCIOUSNESS

Strenghtening of the influence of the working class on the formation of **communist** *consciousness* of rural population. 115167

Method for chronic recording of electroencephalographic activity in *conscious* **dogs.** 117777

Uteroplacental blood flow during hyperthermia with and without respiratory alkalosis [in *conscious* **pregnant** sheep]. 117778

Inhibition of thermoregulatory outflow in *conscious* **rabbits** during periods of sustained arousal. 117825

Changes in parotid salivary flow during intracarotid infusion of potassium chloride into *conscious* **sheep.** 117822

CONSERVATION

Conservation **benefits** at Blackwater [National Wildlife Refuge, Maryland]. 125554

Schleswig-Holstein law for landscape **care** *[Conservation].* 115981

Accounting and *conservation* of **centers** of [plant] introduction not included into the system of botanical gardens. 119853

Continuing *conservation* on the Pocatello benches [Erosion and sediment control]. 125160

Wyoming ranchers **coordinate** *conservation* on public and private lands. 125170

Effect of ponds on the runoff, their *conservation* and **effective** utilization [for irrigation and for livestock watering]. 125222

Potential for **energy** *conservation* in agricultural production. 124610

Agricultural reserve zones and **environmental** *conservation* [Colombia]. 125547

Endangered Upper Hessian halophytes **[Flora,** *conservation].* 120226

Thirty years of research on **food** *conservation* process at the Horticultural University [Hungary]. 116755

Aplication of the the reliability theory to refrigerating equipments. I. **[Food** *conservation].* 124683

The ecological function of natural resources parks and protective zones in the protection of the environment **[Forest** *conservation,* pollution control]. 119299

Agriculture and the supply of raw materials from the forestry viewpoint **[Forest** *conservation* and economic aspects]. 119512

Importance of forest structure for the *conservation* of the **hazel** grouse (Tetrastes bonasia L.) [Switzerland, wildlife management]. 119507

Optimizing soil **moisture** *conservation* by mulch of hydrophobic aggregates using simulation and numerical search procedures. 125172

New landscaping law for North Rhine-Westphalia *[Conservation* of **natural** resources]. 115977

The function of dispersed high vegetation [Beautification, landscaping, *conservation* of **natural** resources]. 122501

Problems and prospects of mountains, forests and environment in the programs of the European Economic Community *[Conservation* of **natural** resources and forests]. 125377

The position of landscape planning and its relation to regional and local planning, with reference to the laws for landscape care of Hesse, Rhineland-Palatinate and North Rhine-Westphalia *[Conservation* of **natural** resources]. 125524

Hongkong's marshland, a **natural** *conservation* area on China's coast. 125530

Nature *conservation* in Peru. 125384

Nature *conservation* or destruction [Entomological aspects]. 125419

Nature *conservation* area at Zselic [Hungary]. 125422

Outdoor life, *conservation* of **nature,** and agriculture have common interests. 125523

The Teufelsmoor project between interests of agriculture, **nature** *conservation* and recreation [Natural resources]. 125572

Tree ans shrub species for [soil] *conservation* use in the **northern** Great Plains. 125151

Distribution and *conservation* of the **orchid** calypso bulbosa (L.) Reichb. f. in the Udmurt Autonomous Soviet Socialist Republic. 119957

Effective practices for using and improving reindeer **pastures** and for their *conservation.* 121989

Forestry problem in Sao **Paulo** *[Conservation].* 119544

Better plants for [soil] *conservation* in the Great **Plains.** 125148

50,000th GPCP [Great **Plains** *Conservation* Program] contract signed in Oklahoma. 125171

Coenotic studies in botanical gardens and their significance in solving targets of *conservation* of **plant** world. 119854

Reservations in Belorussia and their role in the *conservation* of the **plant** world in the republic. 119871

Studies of the problem of *conservation* of **plant** world in botanical gardens of the Baltic republics. 119877

Relationship between plant nutrient uptake and constituents of meadow fescue (Festuca pratensis) as regards suitability for *conservation.* 1. **Plant** nutrient uptake, nutrient ratio and plant composition. 121579

Goals of botanical gardens of the Uzbek SSR Academy of Sciences in the *conservation* of **plants** of the natural flora from the [Soviet] Central Asia. 119859

Problems of *conservation* of **plants** in the activities of botanical gardens in Kazakhstan. 119868

Identification and *conservation* of **rare** and disappearing plants from the flora of the USSR. 119862

Problems of international cooperation in the sphere of *conservation* of **rare** and disappearing plant species. 119870

Some problems of *conservation* of **rare** and disappearing plants from the flora of [Soviet] Georgia. 119876

Utilization, reserves and *conservation* of **reindeer** pastures in Taimyr and Evenki [National Region]. 121993

Resource *conservation:* plugging hidden leaks. 116616

Rye genetic **resources** *conservation.* 120678

Agriculture and the supply of raw materials from the viewpoint of ecology [Natural **resources,** *conservation].* 125525

Agriculture and the supply of raw materials from the viewpoint of agriculture [Natural **resources,** *conservation].* 125526

Role of ASCS [Agricultural Stabilization and *Conservation* **Service]** in cost-sharing and renovation of windbreaks. 119389

SCS **[Soil** *Conservation* Service] sponsors workshop for Federal Women's Program coordinators [Assertiveness training for personnel]. 115201

SCS **[Soil** *Conservation* Service] technical assistance in windbreak forestry. 119392

Students, start your career in SCS **[Soil** *Conservation* Service] before you graduate. 124838

Soil *conservation:* western part of the Carcarana River basin. 125111

Soil *conservation* and production. 125117

Africa would be a desert **[Soil** *conservation].* 125154

Research and survey for the National Water and **Soil** *Conservation* Organization. 125315

Isolation mechanisms and **species** *conservation* in the genus Celerio (Lepidoptera, Sphingidae). 124293

Hitting the *conservation* **trail.** 125556

Conservation of a **unique** plant Zingeria biebersteiniana in the area of the Lower Volga River. 119855

Goals of *conservation* and **utilization** of rare plant species from the Soviet Far East. 119860

The vegetational importance and *conservational* **value** of Breiniger Mountain near Stolberg (MTB 5203), with consideration of geological and historical aspects [Flora]. 120034

Conservation of **water** by Salvinia [auriculata] sp. [Aquatic fern weeds]. 121128

Spotlight on a **youth** *conservation* commission [South Carolina]. 125559

CONSUMERS

Consumer **acceptance** of forage finished beef. 115752

A Lancasterian approach *[consumer* **behavior]** for specifying derived demands for recreational activities. 115299

Legislation: new regulation gives advantages to the *consumer* **[Feed** inspection, Brazil]. 115811

Farmers and *consumers* **gain** from direct marketing bill. 115567

Consumer **management** program aims for total health education. 116629

Invasion and penetration of *consumer* **packages** in short-term storage by stored-product insects. 123540

Consumer **perceptions** of textiles. 116587

Administered pricing by cooperatives: effect on producer and *consumer* **prices** and sales of fluid milk. 115750

Annual report of the scientific director [Food legislation, *consumer* **protection].** 115999

Are food hygiene regulations rules for the *consumer* **protection?** 116107

Breads, cakes, and pies in family meals; a guide for *consumers* **[Recipes].** 116340

Acceptability of papaya drinks—a *consumer* **survey.** 116220

CONSUMPTION

Butter-margarine review *[Consumption,* **Australia].** 115580

Further rise of *consumption* of **canned** fruits and vegetables [Trade]. 115701

Postprandial glucose, insulin, free fatty acid and growth hormone responses in [Peruvian mestizo] **children** *consuming* all the day's protein in one meal. 116289

Postprandial glucose, insulin, free fatty acid and growth hormone responses in **children** *consuming* all the day's protein in one meal. 116293

U.K. Boosting sugar output as *consumption* **decreases.** 115667

Domestic *consumption* of beer strategy [West Germany]. 115574

The effect of hyperpotassic diets on *consumption,* **egg-laying,** egg quality and on calcium and serous phosphorus levels. Preliminary trial [Chickens]. 118049

Polarographic determination of emulsifiers on silicon coated articles for *consumption* **[Food].** 116078

Polarographic determination of emulsifiers on silicon coated articles for *consumption* **[Food].** 116710

French *consumption* of liquid foods will pass 169 million hectoliters in 1980 [Statistics]. 115736

Energy requirement investigation for production of durum wheat in Sicily **[Fuel** *consumption* by farm equipment]. 124726

Fate of the silica in prairie hay and alfalfa **hay** *consumed* by cattle. 118028

Consumption of **heated** milk in Europe observed to rise also during 1975. 115600

Effect of different methods of processing on the protein efficiency ratio of the green alga Scenedesmus acutus [for **human** *consumption].* 117157

Plasma amino acids of **infants** *consuming* soybean proteins with and without added methionine. 116436

The milk market and *consumption* in **Italy.** 115738

Possibilities of extending the zootechnical exploitation of turkeys in relation to the availability of technological facilities to the order of **meat** *consumption.* 117392

Antibiotics in raw **milk** *consumed* in the city of Santa Maria, Rio Grande do Sul [Milk contamination]. 116250

Legal and hygienic food evaluation of fresh sea **mussels** in *consumption.* 116076

Effect of magnesium on the *consumption* of **nutrients** by potatoes on sandy soils of the Bryansk part of Poles'ye. 121587

Effects of secretagogues on **oxygen** *consumption,* aminopyrine accumulation and morphology in isolated gastric glands [Rabbits]. 117526

The effect of copper on the **oxygen** *consumption* rates of the stonefly nymph, Phasganophora capitata (Pictet) (Plecoptera). 125369

Industrial molasses: production, *consumption,* and **prices** [Sugar]. 115766

Effects of industry of trends in food **production** & *consumption.* 115691

Economies of raw materials by planned reduction of the *consumption* of **raw** materials [Fruits and vegetables, processing]. 117301

Influence of modernization and intensification of [grape] culture on the economic results of production and characteristics of wine. Influence on *consumption* **[Romania,** Luxembourg]. 122205

Technology of natural drying and methods of artificial drying bread grains, with a **scarce** *consumption* of fuel. 117170

Is pornofood X-rating your health? *[Consumption* of **sweet** foods]. 116531

Influence of different initial and final protein levels on productive and reproductive activities of turkeys. I. Weight, growth, conformation, feed and **water** *consumption.* 117976

Total **water** *consumption* by barley crops in Pamir. 121490

Effect of fertilizers and irrigation on the water and nutrient condition of soil, **water** *consumption* and productivity of sugarbeets in Bashkiria. 124924

Efficiency of **water** *consumption* by various plants and its application to valorization of irrigation. 125193

Consumption of **water** by, and the productivity of, sugarbeets in a crop rotation [under irrigation]. 125242

CONTAINERS

Using edible protein casings for sausages in vacuum-packed, **air-tight** *containers.* 117002

New products presentation for institutional catering. Long life, ready-to-eat meals in **aluminium** *containers.* 116734

Meat dishes heat-preserved in film or foil packages. III. Controls on filling, evacuating and **closing** *containers.* 116733

Market pulp from OCC [old **corrugated** *containers]?* Economics are examined in study made for EPA [Environmental Protection Agency]. 119802

Gas interchange in **freight** *containers* [for the handling of both bulk and bagged stored products]. 116758

Direct canning of rooted cuttings [of ornamental shrubs] into one **gallon** *containers.* 122218

Greenhouse *container* nurseries for better trees. 119627

Sawdust [and other wood-processing residues] as a *container* **growing** medium. 124969

A plant for a contained atmosphere [Growing Selaginella **kraussiana** in *containers].* 122412

Containers must **match** the improved value of vegetables. 117261

Relation between growth of Chrysanthemum [morifolium] and aeration of various *container* **media** [Soil mixtures]. 121713

A critical study of the multiuse polyethylene plastic **milk** *container* system. 116891

Evaluation of eight herbicides in *container* **nursery** stock [of ornamental plants]. 123071

Order filling and shipping of *container-grown* **[ornamental]** plants. 117234

Effect of composted hardwood bark and **peat** *container* media on growth of selected ericaceous plants [Pieris japonica, Rhododendron]. 122220

A hydroponics **plant** *container.* 124677

"Now it is time to plant" or "you can plant anytime": ideas on greater use of *container* **plants** for selling. 119580

Are *container* **plants** a new development for forestry? 1. 119587

Are *container* **plants** a new development for forestry? 2. 119588

Care required in preparing substrates for *container* **plants.** 124976

Infrared examination of lacquers for *containers* of **preserved** foods. 116761

Effects of **propagation** *container* size on development of high quality seedlings [Pinus thunbergiana, Sapindus drummondii, Pistacia chinensis]. 122221

Collapsible metal tubes as *containers* for **semi-fluid** dairy products. 124685

Wooden *containers* and miscellaneous wood products [Statistics]. 119849

CONTAMINATION
Coagulase-positive Staphylococcus occurrence in raw milk from the Pelotas area, Rio Grande do Sul [Milk **bacteria** and *contamination].* 116251
Bacterial *contamination* of indoor air of dairy cattle barns. 3. Technological factors and their influence on quantitative bacterial contamination. 118826
Enterococci in cream and **butter** *[Contamination].* 116263
An investigation of calf **carcass** *contamination* by Escherichia coli from the gut contents at slaughter. 116186
Occurrence of natural radionuclides in food and **condiments** *[Contamination].* 116159
The effect of fetal bovine serum on polyene macrolide antibiotic cytotoxicity and antifungal activity [for control of tissue **culture** *contamination].* 117740
Contamination of **diet** with radioactive fallout from nuclear explosions [in milk and meat]. 116035
Fluoride content in beer: fluoride determination with the ion—selective **electrode** *[Contamination].* 116060
Extensive overburden potentials for soil and water quality [Coal mining, **environmental** *contamination* prevention]. 125416
Aflatoxin [Livestock **feed** *contaminated* with Aspergillus flavus]. 117372
Yeasts in freshwater **fishes** *[Contamination].* 116045
Determination of mercury in fish: contribution to the state of pollution in the Adriatic Sea [**Food** *contamination].* 116171
Sulfite compounds as neutralizers of spice toxicity for Salmonella [**Food** *contamination].* 116207
A rapid test for the [acetyl methyl carbinoe] acetoin in microbiological diagnosis of Enterobacteria [**Food** *contamination].* 116257
Differentiation of bacilli isolated from semi-canned **food** *[Contamination].* 116262
Environmental pollution by tritium [**Food** *contamination].* 125531
Recent results concerning the migration behaviour of benzophenone-based ultraviolet absorbents from polyolefines in **foods** *[Contamination].* 116233
Stuies on the mechanisms of barley seed deterioration [**Fungal** *contamination,* Aspergillus repens, Penicillium cyclopium, Fusarium culmorum]. 122567
Experimental toxoplasmosis of swine. Epidemiological and food implications [Toxoplasma **gondii,** *Contamination].* 118895
Keeping food safe to eat: a guide for **homemakers** *[Contamination].* 116068
Federal German Institute for Meat Research is prepared for the future. 2. *[Contamination,* **keeping** quality]. 116099
Observations on **lead** *contamination* in milk. 116042
Lead *contamination* of the roadside ecosystem. 125492
Lead *contamination* of urban soils and vegetation by emissions from secondary lead industries. 125493
Observations on enterotoxic Escherichia coli in foods of animal origin [Poultry **meat** *contamination].* 116041
Limited occurrence of salmonellosis in a large city [Salmonella enteriditis, **meat** *contamination].* 116223
The effect of gamma radiation on the cysticerci of Taenia solium [Tapeworm infested swine, **meat** *contamination].* 118871
Mercury *contamination* of fish and other food products: investigation in the province of Rome. 116247
Metal *contamination* of flatfish around a large submarine outfall. 125511
The **microbial** *contamination* of air at various distances from the poultry house [Ventilation system]. 124656
Physical and biological characteristics of grain dust [**Microbiological** *contamination,* health hazards to workers]. 116259
Radioactivity in human diet, 1975 *[Contamination* of **milk].** 116036
The detection of Clostridium tyrobutyricum in **milk** *[Contamination].* 116228
The development of a method for detecting spores of Clostridium tyrobutyricum in **milk** *[Contamination].* 116229
Antibiotics in raw milk consumed in the city of Santa Maria, Rio Grande do Sul [**Milk** *contamination].* 116250
Development and resistance of staphylococci in Bulgarian sour **milk** *[Contamination].* 116261
Studies on enterococci in **milk** *[Contamination].* 116265
Mould *contamination* of meat products. 116125
Oil *contamination* of cotton in harvesting. 117094
Removal of sanguinarine from edible **oils** *contaminated* with argemone oil [Argemone mexicana]. 116169
Modelling calculatons for **pesticide** *contamination* of plant crop products. 123762
Water quality and plant growth [Injuries due to *contamination* with **pesticides** and excess salts]. 122922
The presence of Clostridium perfringens in live chickens and **possible** *contamination* during slaughter. 118691
Comparative evaluation of different methods of studying the influx of cesium 137 [isotope] from the soil into farm plants [**Radioactive** *contamination].* 116017
Forms of natural and introduced zinc in soils and its uptake in plants *[Contamination* with **radioactive** zinc 65 isotope tested on oats and maize]. 116018
Methods of **radioactive** *contamination* of foods of animal origin: meats, milk, and seafood. 116032
Adsorption of strontium 90 [isotope] by krill [Zooplankton as possible source of food, **radioactive** *contamination].* 116072
Inspection and sampling of stored grains [Insect and **rodent** *contamination].* 116054
Effect of the concentration of strontium 90 [isotope] on the coefficients of radioactive strontium accumulation in wheat **seedlings** *[Contamination].* 125374
Retention of molecules of 1.1. Dichloro-2-2 bis (p-chlorophenyl)-ethylene on some metalic oxides [DDT decomposition, **soil** *contamination].* 123684
Hazards and criteria: use of plastics for food *[Contamination,* **spoilage].** 116089
The causes of **staphylococcal** *contamination* during the production of roasting chickens. 116140
Contamination of **water** of electric boilers with lead. 116189
Chemical and biological investigations on Fusarium mycotoxins [Fungal molds of food, **wheat** *contamination].* 116034
Some effects of barley grass seed on young sheep *[Contamination* of **wool** and the damage to lambs' pelts]. 119279

CONTARINIA
The development of pest-resistant sorghum *[Contarinia* **sorghicola,** Oligonychus, Schizaphis graminum]. 120781
The sorghum midge *[Contarinia* **sorghicola,** biology and control]. 123277
Integrated control of arthropod pests of sorghum [Schizaphis graminum, *Contarinia* **sorghicola].** 123327

CONTRACEPTIVES
Effect of **oral** *contraceptives* and vitamin B6 supplements on alanine and glycine metabolism. 116277
Nutritional needs of **oral** *contraceptive* users. 116325
Antifertility **screening** of plants—effect of four indigenous plants [Cuminum cyminum, Hyptis suaveolens, Dolichos biflorus, Trianthema pentandra]. 119242

CONTRACTILE
Time dependent effects on *contractile* **properties,** fibre population, myosin light chains and enzymes of energy metabolism in intermittently and continuously stimulated fast twitch muscles of the rabbit. 117877

CONTRACTS
Price clauses in beer **delivery** *contracts.* 115576
The *contract* between the **European** Economic Community and the countries of Africa, the Caribbean area and the Pacific area (the Lome convention): origin, goals and effects with special consideration of the agricultural commodities market of the European Economic Community. 115696
Regulated law on share **farming** *contracts* [Colombia]. 115992
Contract **foodservice:** plain, posh, and profitable. 116611
All-in-one **insurance** *contract* [for farmers]. 115486
50,000th GPCP [Great Plains Conservation Program] *contract* **signed** in Oklahoma. 125171

CONVALLARIA
Finding Aphelenchoides blastophthorus in imported plants *[Convallaria* **majalis,** Narcissus, nematodes]. 123042

CONVECTION
Thermal and radiative effects of atmospheric aerosols in the northern hemisphere calculated using a *radiative-convective* **model** [Air pollution, climate]. 125392

CONVEYORS
Conveying **dry** feed [Equipment]. 124706
Scandinavian drumbarking and *conveying* **equipment** [Wood processing]. 119823
Conveyor **handling** comes to horticulture [Vegetables, packaging]. 117262

CONVOLVULACEAE
Sweetpotato: Ipomoea **batatas** *(Convolvulaceae).* 122380
Lectotyping of the names of some *Convolvulaceae* and **Cuscutaceae** genera. 120012

CONVOLVULUS
Control of field bindweed *[Convolvulus* **arvensis]** in cropland with 1,3-dichloropropene soil fumigants. 123077
Redshank [Polygonum persicaria], pale persicaria [Polygonum lapathifolium], knotgrass [Polygonum aviculare] and black-bindweed **[Polygonum** *convolvulus].* 123050

COOKERY
Study of alkali absorption by wood as initial stage of **alkali** *cooking.* 119743
Cooking of **beef** by oven roasting: a study of heat and mass transfer. 116623
Identification and flavor properties of some 3-oxazolines and 3-thiazolines isolated from *cooked* **beef.** 116930
Some problems on sulphite and **bisulphite** *cooking* chemistry [Birch and spruce cellulose]. 119742
The healthful foods of **Brittany** *[Cookery].* 116536
Routine methods of examining meat and meat products. 11. Determination of drained weight of **canned** *cooked* meats containing jelly and of meat brawns. Determination of free fat, pure gelatine and jelly contents. 116133
Identification of some volatile compounds in *cooked* **chicken.** 117050
Great Lakes **fish** *cookery:* recipes for underutilized fish species—alewife, burbot, carp, and sucker. 116323
Factors **influencing** *cooking* losses from meat. 116415
Soils of Totokoitu Research Station, Rarotonga, *Cook* **Islands.** 124855
Formation of carboxylic acids by degradation of carbohydrates during **kraft** *cooking* of pine [Wood pulping]. 119816
Influnce of dwell time of dissolved fibers in *cooking* **liquor** on the yield of paper pulps. 119781
Scalded sausage manufacture in the meat trade. 11. Scalded sausages in modern artificial skins; seasoning; manufacture of **low-fat** *cooked* sausages; small sausages fresh from smoke. 116958
Thiamin and riboflavin retention in **meats** *cooked* uncovered and in oven film. 116338
Thiamin and riboflavin retention in **meats** *cooked* uncovered and in oven film. 116339
In vitro trypsin digestion of bovine and pig muscles both raw and *cooked:* **peptides** fractionations by molecular exclusion chromatography [Pork and beef]. 116937
Gas chromatographic methods for flavor testing in *cooked* **pork** (muscles semimembranosus). 117022
Effect of temperature and length heating time in rice cooking. 1. Cooking of rice by **pressure** *cooker.* 1. 116469
Quality of **pressure** *cooked* rice. 116470
Touring London's health food **restaurants** *[Cookery].* 116538
Cooking **rice** by Yutori method. 116468
Effect of temperature and length heating time in **rice** *cooking.* 1. Cooking of rice by pressure cooker. 1. 116469
Sauteed *cooked* rice by Yutori method. 2. 116471
Cooking in **stages** as a means of improving the quality of meat products. 116976
Changes of thiofanox residues in potatoes resulting from **stroage** and *cooking.* 116177
Distribution of molecular weight of lignosulphonic acids in **sulphate** *cooking* of lignin. 119732
Dissolution of glucomannan in two staged **sulphite** *cooking* of spruce wood. 119731
Study of **sulphite** *cooking* kinetics of isolated lignin. 119746
Studies on the corrosion of *cooking* **utensils.** 1. Behaviors on the corrosion of mild steels in seasoning solutions. 116602
Influence of main **variable** *cooking* factors on pulp and liquor properties. 119734
Studies on skim milk replacements in the feeding of young pigs whose suckling period was drastically restricted. 2. Replacement of skim milk by fish meal and wheat and the feeding of crude or *cooked* **wheat** in a type of liquid feed. 117997

COOL
Further investigations of the physiological responses of roots to *cooling* **[Barley,** rye]. 121415
Cooling **bell** peppers [prior to shipping]. 117213
Status of fat globule membrane proteins in sterilized and *chilled* **buffalo** milk. 116886
Protection of Cucumis leaf pigments **against** photo-oxidative **degradation** during *chilling.* 117210
Sensitivity of tobacco to chromium from mechanical **draft** *cooling* tower drift. 122910
Ripening, chilling injury, and respiratory response of 'Hass' and 'Fuerte' avocado fruits at 20 degrees C [centigrade] **following** *chilling.* 117282
Better operation of refrigeration plant [to *cool* and **freeze** meat] gives more refrigeration and saves power. 118493
Induction of textural changes in sweetpotato roots by *chilling* **[Hardcore,** storage **diseases].** 117281
Ripening, *chilling* **injury,** and respiratory response of 'Hass' and 'Fuerte' avocado fruits at 20 degrees C [centigrade] following chilling. 117282
Studies on *cool* **injury** in bean plants. VII. Sensitive stages to sterile type low temperature injury during floral bud development in relation to nitrogen status of soybean plants. 123024
Effect of **mechanical** *cooling* devices on [airborne] ambient salt concentration. 125415
Quality characteristics of vacuum packaged beef as affected by **postmortem** *chill,* storage temperature, and storage interval. 116203
Rapid *cooling* of meat or not? 116951
Effect of different handling methods on *cooling* **rate** and moisture loss of 'd'Anjou' pears stored in bins. 117265
Activation of external way of free oxidation in liver mitochondria during *cooling* of **rats** [Response to sharp reduction of environmental temperature]. 117652
Prospects in the utilization of fluid bed in the drying and *cooling* of **refined sugar.** 117111
Effect of phosphorus fertility of soils and phosphate application on rice culture in *cool* **regions.** 2. Response of rice plant growth to the amounts of extractable phosphorus in flooded soils under field conditions. 125063
Evaluation of *chilling* **requirements** of almond [Prunus amygolalus] varieties for breaking dormancy. 121591

Cooling **short** cylinders in air using as a water spray [in the food processing industry]. 116839
Determination of the most sensitive stage to **sterile-type** *cool* injury in rice plants [in Hokkaido]. 123030
Cool **storage** to improve the quality of Valencia oranges. 117291
Mechanical design of growth-chamber for **studying** *cool* weather damage of [rice] crops. 122915
The significance of nitrogen nutrition to the seed yield and its relating characters of soybeans, with special reference to *cool* **summer** injury. 125064
Male sterility caused by *cooling* **treatment** at the young microspore stage in rice plants. XII. Classification of tapetal hypertrophy on the basis of ultrastructure. 120531
Male sterility caused by *cooling* **treatment** at the young microspore stage in rice plants. XIII. Ultrastructure of tapetal hypertrophy without primary wall. 120532
Male sterility caused by *cooling* **treatment** at the young microspore stage in rice plants. XIV. Floating tapetal materials in the locular cavity. 120533
Sporicidal properties of chlorine compounds: applicability to *cooling* **water** for canned foods. 116205

COOPERATIVES

Agrarian-industrial *cooperation* in the Belorussian SSR. 115349
Experiences of the USSR in the *cooperation* of **agricultural** and industrial association. 115282
Agricultural *cooperative* of Broons (Cotes-du-Nord) [Animal farm]. 115328
The *cooperative* **approach** to crafts. 116604
Cooperation between socialist farms and fruit, vegetable and potato state farms in the *cooperative* **associations** for food potatoes of the Schwerin district. 115340
Antierosion measures and their effects at the **Carpinistea-buzau** *cooperative* farm. 125141
Council of collective farms—a new stage in the management of the **collective** *farm-cooperative* sector. 115386
Rural funds in Castilla: legal system of **credit** *cooperatives;* present and future situation. 115803
Veilsdorf Livestock Production Cooperative: assurance of high production results in *cooperation* with **crop** production farms [East Germany]. 115423
An inquiry on the **Cypriot** *cooperatives* for the commercialization of citrus and other dessert fruits. 115435
The South **Dakota** *cooperative* land use effort: a state level remote sensing demonstration project. 115271
Dresden *Cooperative* Association for Beef Production: usual material economy from livestock production to processing. 117461
Administered pricing by *cooperatives:* **effect** on producer and consumer prices and sales of fluid milk. 115750
Studies on the improved utilization of *cooperative* **elevators** for rice drying and storage in the Tohoku district. 117086
The role of state and *state-cooperative* **enterprises** and amalgamations in increasing the effectiveness of farm production. 115395
Inhibition of *cooperative* **enzymes** by sustrate-analogues. Possible implications for the physiological significance of negative cooperativity illustrated by phenylalanine metabolism in higher plants. 121226
Purpose-oriented political-ideological and vocational effortof veterinary personnel and *cooperative* **farmers** yields good results in implementing principal task formulated by. 115954
Broderstorf crop **farming** *cooperative* competes for title of "nationally recognized food potato farm" [East Germany]. 115339
Querfurt agrochemical center: assuring high quality of agrochemical work *[Cooperation,* **fertilization].** 115416
Planned transition to industrial seed and fruit production via the authenticated method of *cooperation* **[Five-Year** Plan, forecast, East Germany]. 115936
Stage III Sugarcane variety tests and the **Florida** *Cooperative* Sugarcane Breeding Program. 121876
The economic situation of the basic organization of the united work and of the **forest** *cooperative* productive organizations from the standpoint of self-management [Slovenia]. 119456
Service systems for consultants and CFM *[cooperative* **forest** management] foresters. 119480
Basic agricultural-technical measures of antierosion put into practice at the **Frumuselu-Bacau** *cooperative* farm and the results obtained. 125142
Concentration, specialization and **interfarm** *cooperation.* 115350
Interfarm *cooperation*—a way of effective development of agriculture. 115389
Interfarm *cooperation* as a condition for accelerated transfer of animal husbandry to an industrial basis. 115390
Problems of **international** *cooperation* in the sphere of conservation of rare and disappearing plant species. 119870
Results and experiences of the **Luderitz** *Cooperative* Farm in using large ventilated clamps [East Germany]. 124615
High availability of technique, the goal of all measures *[Cooperation,* **management,** East Germany]. 115409
Leipzig Market **Milk** *Cooperative:* supply to meet demand, a daily task of collective work. 115693
The *cooperation* of **milling** and the bakery industry in the manufacture of optimum flour qualities. 117147
Through *cooperation* we **multiply** our forces [East Germany]. 115421
"Banks" for equipment, fertilizers, forages at our **neighbors** *[Cooperatives].* 115342
Successful socialist economic integration from A to Z *[Cooperative* **organization,** Europe]. 115418
Management problems for assuring a high field crop yield in all *Cooperative* **Plant** Production Sections, Agricultural Producers' Cooperatives and State Farms [East Germany]. 115411
Worker in a *cooperative* or **private** firm? [Agriculture]. 115321
Management problems for assuring a high field crop yield in all Cooperative Plant Production Sections, Agricultural **Producers'** *Cooperatives* and State Farms [East Germany]. 115411
Niederpollnitz Agricultural **Producers'** *Cooperative:* continues development of production, including working and living conditions [East Germany]. 115413
Lussow Agricultural **Producers'** *Cooperative* of Crop Production: joint responsibility for successful socialist intensification [Programs, prospects, East Germany]. 115935
Management experience in industrial crop production for the benefit of livestock **production** *cooperatives* [East Germany]. 115410
Veilsdorf Livestock **Production** *Cooperative:* assurance of high production results in cooperation with crop production farms [East Germany]. 115423
Weimar and Apolda pork **production** *cooperative:* complex quality assurance in all production stages. 115424
Gradual intensification of seed potato production in the **Sanitz** *Cooperative* Farm [East Germany]. 122294
Experiences in using the E 301 side delivery rake for windrow treatment in the **Selbelang** *Cooperative* Plant Production Section [East Germany]. 124671
Cooperative **self-help** capable of development in agriculture [Switzerland]. 115447
Cooperation between **socialist** farms and fruit, vegetable and potato state farms in the cooperative associations for food potatoes of the Schwerin district. 115340
Cooperatives **structures** and the credit system of rural Israel. 115436
Cotes de Buzet, a nice success in active **[viticultural]** *cooperation.* 115319
20 **years** *cooperation* of the European Meat researchers. 117009

COPOLYMERS

Soil-release and textile propeties of cotton/polyester-poly(methacrylic acid) *copolymer* **fabrics.** 117200
Effect of dose rate on the radiation **graft** *copolymerization* of styrene to cellulose in the presence of acid. 119651

COPPER

Vegetation of the *copper* and **antimony** mine heaps. 120316
Bioavailable *copper* and iron in rat diets. 117968
Manganese, *copper* and **chromium** content in macrophytes of Lake Endine (northern Italy) [Aquatic plants]. 121272
Some effects of *copper,* **cobalt,** cadmium, zinc, nickel, and chromium on growth and mineral element concentration in Chrysanthemum [morifolium]. 121716
Airborne Pb [lead], Cd [cadium], Zn [zinc], and Cu *[Copper]* **concentration** by particle size near a Pb smelter [Farm]. 125386
Cultural measures against **excessive** *copper* contents in the soil of a hops garden left open [Toxicity of economic poisons]. 122935
Ecophysiological response of lichen transplants to air pollution in the Murdochville **Gaspe** *Copper* Mines area, Quebec [Parmelia squarrosa, Hypogymnia physodes, Usnea]. 122974
Determination of *copper,* **iron,** nickel, and sulphur by X-ray fluorescence in lichens from the Mackenzie Valley, Northwest Territories, and the Sudbury District, Ontario. 120979
Average content of calcium, *copper,* **iron,** magnesium and zinc in the water used at the Rural Sciences Center of the Federal University of Santa Maria. 125346
Leaching and water quality on service life of *Copper-treated* **[jute]** burlap. 125000
Effect of endogenic factors on the ash content and the content of calcium, magnesium, potassium, sodium, phosphorus, zinc, iron, *copper* and **manganese** in the bristles of pigs. 5. Mineral composition of pig bristles as influenced by pregnancy and lactation. 117574
Role of *copper,* **manganese** & zinc in poultry [feeding]. 118142
Practical fertilizing **methods** with *copper.* 125026
The effect of *copper* on the **oxygen** consumption rates of the stonefly nymph, Phasganophora capitata (Pictet) (Plecoptera). 125369
Copper-binding **protein** in rat intestine: amino acid composition and function. 116501
Studies on the *copper* **requirements** of pregnant and lactating rats. 117998
Copper **storage** bodies in the hepatopancreas of the isopod, Oniscus asellus. 124126
Effects of chromium, manganese, nickel, lead, *copper* and **zinc** on the nitrification process of soil. 124751

COPRA

Twilight pests in imported feed raw material. The *copra* **beetle** (Necrobia rufipes Degeer), the sap beetle (Carpophilus spp.) and the Siamese flat beetle (Lophocateres pusillusKlug). 123582

COPRINUS

The **genus** *Coprinus* in western North America, I. Section Coprinus [Fungi, new taxa]. 120220
Genetic recombination in *Coprinus* **[lagopus,** Fungi]. V. Repair synthesis of deoxyribonucleic acid and its relation to meiotic recombination. 120780
The genus Coprinus in western North America, I. **Section** *Coprinus* [Fungi, new taxa]. 120220

CORAL

The role of benthic algae in the shallow reef of Curacao (netherlands Antilles). I. Primary productivity in the *coral* **reef.** 120899

CORCHORUS *see* JUTE

CORCYRA

The development of larval Malpighian tubules in *Corcyra* **cephalonica** Staint. (Lepidoptera: Pyralididae). 124186
Changes in protein, fat & glycogen in the larvae of rice **moth** *Corcyra* cephalonica St. during nuclear polyhedrosis virus infection. 123968

CORD

Computer may cut **costs** *$1-2/cord* [Logging operation]. 119797
Vascular patterns in the chick embryo **spinal** *cord* in normal and experimentally modified development. 117521
Ascending pressor and depressor pathways in the cat **spinal** *cord.* 117531
Acetylcholinesterase distribution in chick **spinal** *cord* cultures. A light and electron microscope study. 117706

CORDIA

The family Moniliaceae in Egypt. 1. Gonatobotrys **simplex** *Corda.* 120246

COREIDAE

Composition of the scents of eight east African hemipterans. Nymph-adult chemical polymorphism in Coreids **[Hemiptera,** *Coreidae].* 123800

CORIANDRUM

World collection of *Coriandrum* **[sativum]** as initial material for breeding. 120835

CORIXA

The mesothoracic tympanic organ of *Corixa* **punctata** Ill. (Heteroptera, Corixidae). 124032

CORIXIDAE

Audiospectrographic analysis of stridulatory signals of some North **American** *Corixidae* (Hemiptera). 123817
Records of insects taken at light traps in Tanzania. III. Seasonal changes in catches and effect of the lunar cycle on insects of the families Cercopidae, Cicadidae and Fulgoridae (Hemiptera, Homoptera) and *Corixidae* **(Hemiptera,** Heteroptera). 123251
The mesothoracic tympanic organ of Corixa punctata Ill. **(Heteroptera,** *Corixidae).* 124032

CORK

The fertilization process in the **Amur** *cork* tree, Phellodendron amurense Rupr. 121809
Cork-board for **covering** soils; variation of dimensions as a function of relative humidity and time. 125134
Production costs in the *cork* **industry.** 119712
Carex depauperata Curt. In **NE** *Cork* (H5), a sedge new to Ireland. 120083
Control of *corky* **(silvery)** spots [a peel disorder] of grapefruit by growth regulators. 122939
Pure **steambaked** *cork-board* used in buildings. 119713

CORN *see* MAIZE

CORNCOBS

Influence of alkali treatments of **corn** *cobs* on in vitro dry matter disappearance and lamb performance. 118092

CORNEA

Stimulation of *corneal* **differentiation** by interaction between cell surface and extracellular matrix. II. Further studies on the nature and site of transfilter "induction" [Chick embryos]. 117648

CORNSTALKS

Lesser *cornstalk* borer: effects of (Z.E)-9,12-tetradecadien-1-ol acetate on pheromone communications. 123319
Free-running and phase-setting of locomotor behavior of the adult **lesser** *cornstalk* borer [Elasmopalpus lignosellus]. 123803

CORNUS

Biology of an introduced ambrosia beetle, Xylosandrus compactus, in Florida *[Cornus* **florida,** pests]. 123798
Propagation of dogwood *[Cornus,* **varieties]** by hardwood cuttings. 122243

CORONILLA

Isolation and identification of phytotoxic substances from seeds of *Coronilla* **varia** L. 121332

CORPORA

Farnesenic acid stimulation of juvenile hormone biosynthesis as an experimental probe in *corpus* **allatum** physiology [Schistocerca gregaria]. 123940

Structural analysis of the *corpus* **allatum** of an aphid, Aphis craccivora [Broadbeans]. 124050
Lipoprotein lipase activity in the **bovine** *corpus* luteum during the estrous cycle and early pregnancy. 118387
Continuous monitoring of juvenile hormone release by **superfused** *corpora* allata of Periplaneta americana. 123935

CORPUSCLES
Red **blood** *corpuscle* survival assessed with chromium 51 [isotope] and diisopropyl fluorophosphate-H3 in cattle. 117919

CORRALS
Studies for the installation of a *corral* for **beef** cattle. 124633
Corral & **breeding** chute [Beef cattle]. 124626

CORROSION
Studies on the *corrosion* of **cooking** utensils. 1. Behaviors on the corrosion of mild steels in seasoning solutions. 116602

CORTEX
Interrelationships between the quality of dietary proteins and the functional state of the **adrenal** *cortex*. 6. Interrelationships between amino transferase activity and the functional state of the adrenal cortex [Rats]. 117985
Interrelationships between the quality of dietary proteins and the functional state of the **adrenal** *cortex*. 7. Relationships between the activity of some selected hydrolases in the liver and small intestine and the functional state of the adrenal cortex [Rats]. 117986
Factors influencing the insulin space in **cerebral** *cortex* slices from adult and 7-day-old rats. 117527
An examination of graft alteration and recipient response to processed **mare** *cortical* bone xenografting [Surgery]. 118485
The fine structure of the equine **motor** *cortex*. 117556

CORTICOSTEROIDS
Precocious development of UDP [uridine diphosphate]-glucuronyltransferase activity in chick-embryo liver after administration of adrenocorticotropic hormone and of certain **11beta-hydroxy** *corticosteroids*. 117584
Isolation of a I.B.R [infectious bovine rhinotracheitis] from a calf after *corticosteroid* **treatment**. 118612
Corticosteroids in **veterinary** medicine. 118448

CORTICOSTERONE
Effect of acute temperature stress on the plasma catecholamine, *corticosterone* and **metabolite** levels in the pigeon. 117638
Changes in patterns of feeding activity, parotid secretory enzymes and **plasma** *corticosterone* in developing rats. 118100

CORTISOL *see* **HYDROCORTISONE**

CORYLUS
Cage trial against green shield bug (Palomena prasina L.), which causes damage to the hazelnut *[Corylus]* in the **east** Black Sea region, using chemicals effective in the controlof the hazelnut weevil [Balanius nucum]. 123376
Studies on the resistnace of hazelnut *[Corylus]* **weevil** (Balanicus nucum L.) to carbaryl and methiocarb. 123378

CORYNEBACTERIUM
Amino acid fermentations using regulatory mutants of *Corynebacterium* **glutamicum.** 116756
Inheritance of resistance to *Corynebacterium* **michiganense** in tomato [crosses]. 120790
Corynebacterium **pseudotuberculosis** as a cause of subacute interstitial nephritis in a chimpanzee. 119050
Pathogenesis of pyogenic mastitis and prophylaxis *[Corynebacterium* **pyogenes,** cattle]. 118835
Resistance of *Corynebacterium* **pyogenes** to chemotherapy [in cattle]. 118840
Studies on mating results following detection of *Corynebacterium* **pyogenes** in genital secretion of cattle with puerperal disorder. 118844

CORYPHANTHA
Cactus alkaloids. XXIX. Isolation of beta-phenethylamines from *Coryphantha* **greenwoodii.** 121248

COSMOPOLITES
Serious plantain and banana pest *[Cosmopolites* **sordidus].** 123437

COSMOS
Common factors in exine deposition [Pinus banksiana, *Cosmos* **bipinnatus,** Lilium longiflorum]. 120505

COSSIDAE
Morphology of the occipital region in Hepialidae and *Cossidae* **(Lepidoptera)** of Japan. 124108

COST
A *cost-benefit* **analysis** for a monitoring system to detect estrus in dairy cows. 118241
The fertiliser industry: effects of *cost* and **availability.** 124956
Feeding roughage to **chickens** *[Costs].* 115495
Energy requirements for different farming operations *[Costs,* **Colombia].** 115544
Plant association and *costs* of **cultivation** of pine [Pinus]. Economic considerations on reafforestation of storm-damaged areas in Lower Saxony. I. 119591
Start now, you'll **cut** *costs* [of wintering the beef herd]. 115523
Computer may **cut** *costs* $1-2/cord [Logging operation]. 119797
ME and you. *Cost-effective* **dairy** feeding. 118054
Cost-effectiveness and other **design** considerations [Forestry, resources management decisions]. 119463
Cost **distribution** [in farming] optimized by marginal programming. 115401
Use of straw pellets and poultry manure for feeding cattle *[Costs,* **East** Germany]. 115513
Economic *costs* of energy-related environmental pollution. 125380
Facing the *cost* of **EEC** [European Economic Community] road haulage legislation [Fruit and vegetables]. 115680
Cost **efficiency** in gathering and pelleting straw for livestock feed [East Germany]. 115511
Holding down *costs* for **expanded** fast food menus. 116625
Construction of roads for commodity transportation: *cost* **explosion** from excessly long construction periods [Austria]. 115561
Better burgers, at no **extra** *cost* [Chopped beef]. 117003
'One-shot' cleaning of pipeline installtions [Dairy equipment, **farm** *costs].* 124698
Reducing horse **feeding** *costs.* 115491
Technico-economic aspects for the cycle production of th rabbit *[Costs,* **feeding,** breeding]. 115553
Propionic acid preservation of high moisture corn and its utilisation in beef cattle **feeding** [Includes *costs].* 118184
The fundamentals of electric **fencing** *[Costs].* 124645
A method of the calculation of **food** *cost* and its application. 1. An outline of the method and an example of the calculation. 116593
A method of the calculation of **food** *cost* and its application. 2. The index of the basic food cost in relation with the family income. 116594
Harvesting *costs* for some industrial fruits. 115498
Potato **harvesting** *costs.* An analysis of six systems. 115538
The economic advantages of meat production with crossbred **heifers** *[Costs].* 115527
Pros and cons of broilers in batteries **[Housing,** *costs].* 117398
Cost **impact** of food regulations. 116151
Development of standard wages and related **incidental** *costs* [for **gardening**]. 115488
Is the X-factor in creep feeds worth **increased** *costs.* 115474
Economics of khoa in northwest India [Dairy products, production **input** and *costs].* 115508
Economics of double cropping under lift **irrigation** *[Costs].* 115492
Minimizing the *cost* of **irrigation** by application of the inventory theory. 115517
Costs of **irrigation.** Irrigation systems—data and prices [Equipment]. 115525
Evaluation of actual *cost* of **limestone** [Soil amendments, Brazil]. 125028
Research on beef raising for meat in **Lombardy** *[Costs].* 115549
Method and *costs* for **mapping** a forest stand (experiences from Zug Canton). 119432
Estimating marketing **margin** *cost* components: an application of simulation to products of the vegetable oil industry. 116004
Pruning pears with shakers *[Costs,* **mechanical** harvesting equipment]. 115475
Food for the family—**a** *cost-saving* **plan.** 116341
Method of increasing wet stiffness of corrugated boards by means of **batchwise** hot air treatment—design and *costs* of **process** [Fiberboard]. 119821
What does it *cost* to **produce** calves? 115496
Cost of **producing** soybeans in the U.S., 1974. 115494
Annual milk **production** *costs* and returns per commercial producer family in the milkshed areas of Delhi milk scheme. 115507
Irrigation and economics of potato-grain **production** *[Costs].* 115526
Studies in *costs* of **production,** process peas & beans, 1974-75. 115540
Studies in *costs* of **production** [of] town milk supply farms 1973-74. 115541
Production *costs* in the cork industry. 119712
Economic efficiency of large greenhous farms in the systematic transition to industrial production *[Costs,* **profitability,** East Germany]. 115559
Control of South American leaf blight (Microcyclus ulei) of the rubber plant [Hevea brasiliensis] in Bahia. II. *Cost/benefit* **ratio** of aerial spraying of fungicides in the Itubera region, 1972/73. 115546
Keeping a finger on your herd's pulse [Swine **rearing,** *costs].* 117484
Reducing *costs* by changing from intensive to extensive propagation methods [Ornamental plants, England]. 115485
Cost **reduction** in aquatic plant harvesting [controlled by herbicides: biological means]. 123122
Role of ASCS [Agricultural Stabilization and Conservation Service] in *cost-sharing* and **renovation** of windbreaks. 119389
Feeding pigs from your own **resources** *[Costs].* 115532
Cost and **return** analysis by selected vessel characteristics: Gulf of Mexico shrimp fishery, 1971-1975. 115524
Business aspects of a cow-calf system *[Costs* and **returns].** 115477
Problem of individual advencement of farms with chances of growth by the program for advancement of individual farms *[Costs* and **returns,** investments]. 115518
How big a margin do you need over feed? [Swine, *costs,* **returns].** 115534
To test or not to test? [Dairy cattle management, *costs* and **returns].** 115557
Social *costs* in modern agricultural practice: some possible approaches to their evaluation. 115180
Profitability of rural swine rearing *[Costs,* **Switzerland].** 115547
How to beat the *cost* of **tree** planting. 119554
Experience with *low-cost* **tubewell** irrigation. 125287
The value of grass in reducing farm **wintering** *costs* in Hawke's Bay [Sheep, cattle]. 118154
Impact of uncertain end-use on **wood** *costs* and its implications for forest planning. 119518

COSTELYTRA
A chemical basis for plant [lucerne, Lotus pedunculatus] resistance to grass grub *[Costelytra* **zealandica]** and black beetle [Heteronychus arator] larvae (Coleoptera: Scarabaeidae). 123335
Farm management methods to control pasture pests *[Costelytra* **zealandica,** Wiseana]. 123337
The development of resistant pasture and methods of pasture management for grass grub *[Costelytra* **zealandica]** control. 123339

COTONEASTER
Phomopsis cotoneastri, a secondary parasite on *Cotoneaster* **dammeri.** 122676
Benefits from method study in cutting propagation *[Cotoneaster* **salicifolius].** 122216
Results on the longevity and winter hardiness of *Cotoneaster* in **Weihenstephan.** 121640

COTTON
Response of Pima and **Acala** *cottons* to planting over a 3-month period at Pecos [Yields]. 122085
Soil-release and textile propeties of *cotton/polyester-poly(methacrylic* **acid)** copolymer fabrics. 117200
Soil redeposition in solvent cleaning. 4. Redeposition and prevention of fatty soils [in tetrachloroethylene, wool, *cotton* and **acrylics** fabrics]. 116599
Composition of Heliothis collections in **Arkansas** *cotton* fields. 123299
Significance of endo-polygalacturonase activity to symptom expression of verticillium wilt in *cotton,* **assessed** by the use of mutants of Verticillium dahliae Kleb. 122717
Minimum tillage: summary of *cotton* **belt** results. 125115
Brazil's *cotton* industry. 115839
Germpool utilization: Gossypium, a case history *[Cotton,* **breeding** for disease resistance]. 120583
Plant **breeding** *[Cotton].* 120693
Resistance **breeding** *[Cotton].* 122942
Ecdysterone induced ovarian inhibition in the *cotton* **bug,** Dysdercus cingulatus. 123300
The hydrolysis of *cotton* **cellulose** by hydrochloric acid in benzene. 117089
Decomposition of benzoyl peroxide in *[cotton]* **cellulose.** 117097
Transport of 14C [carbon isotope] in *cotton* in the **conditions** of oxygen deficiency of roots. 121452
Populations of bollworms [Helitohis zea] in *cotton* under different **cropping** situations in the Rolling Plains. 123347
Establishment of tissue **cultures** of *cotton.* 121539
Control of Bermudagrass [Cynodon **dactylon]** in *cotton.* 123185
Salt tolerance of *cotton* **[Damage].** 123028
Significance of nitrate reductase activity in **developing** *cotton* seeds. 121443
Plant pathology [Control of *cotton* **diseases** in Uganda]. 122941
Characterization of *cotton* **dust** by elemental analysis [Health hazards to industrial workers]. 117163
Insecticide resistance of the **Egyptian** *cotton* leafworm (Spodoptera littoralis Boisd.)) in Antalya region. 123289
International Institute of *Cotton* **essential** to cotton's future. 115586
Quality control assessments of male sterility during the 1972 and 1973 pilot boll weevil [Anthonomus grandis] eradication **experiment** *[Cotton].* 123355
Observation on the free formaldehyde dissolved into the liquid layer of the skin surface from resin finished **fabrics.** 2. *[Cotton].* 116214
Use of electron spectroscopy for chemical analyses (ESCA) in a study of oil-repellent finishes [of textiles, *cotton* **fabrics].** 117202
Analysis of *cotton* **fiber** maturity. II. Glycerol retention value of cotton. 117128
Deuteration of *cotton* **fibers.** I. Partially decrystallized celluloses. 117129
X-ray study of crystalline character and mechanical properties of *cotton* **fibers** swollen in zincoxen solution. 117131
Application of energy dispersive X-ray anaylsis to textile *[cotton]* **fibers.** 117162
Removal of nutrients by weeds on a *cotton* **field** on Takyr soils in the Karshi Steppe. 123059
Morphology of charred, **flame-retardant** *cotton/polyester* fabrics. 117164

The electrostatic properties of THPOH-NH3 [tetrakis(hydroxymethyl)-phosphonium hydroxide-ammonium] **flame-retardant** *cotton* fibric as they pertain to potential mill problems and performance properties. 117201
Simulated rainfall and wind as factors dislodging nymphs of the *cotton* **fleahopper,** Pseudatomoscelis seriatus (Reuter), from cotton plants. 123349
International Institute of Cotton essential to *cotton's* **future.** 115586
[Cotton] **gin** trash holds huge energy potential [Waste disposal]. 117088
Status report: OSHA [Occupational Safety and Health act] in *cotton* **ginning** operations. 115829
Micronaire fineness as affected by *cotton* **ginning.** 117093
Stick removers versus cylinder cleaners in *cotton* **gins.** 117068
Automatic control of isokinetic sampling for exhaust emission determinations *[Cotton* **gins,** air pollution]. 125569
Effectiveness of modal and directional selection according to the totality of characters in *cotton* **Gossypium** hirsutum l. 120621
Effect of localized application of ascorbic acid & other plant regulators singly & in combination with abscisic acid on boll shedding in *cotton* **Gossypium** hirsutum L. 121500
Cotton: **Gossypium** (Malvaceae). 121943
To mark the male [Anthonomus **grandis,** *cotton].* 123273
New chemosterilants for boll weevils [Anthonomus **grandis,** *cotton].* 123288
Influence of fabric construction and treatment on the reaction of *cotton,* **half-linen** and pure-linen fabrics, as well as polyester and linen mixed fabrics, to the effect of water. I. Influence on absorptive capacity. 117193
Oil contamination of *cotton* in **harvesting.** 117094
U.S. *Cotton* **industry** led way in development of overseas markets. 115588
OSHA [Occupational Safety and Health Act] and the *cotton* **industry.** 115828
Cotton **insect** pest management, 1976 [Heliothis virescens, anthonomus grandis, Heliothis zea]. 123298
Water use by **irrigated** *cotton* in the Sudan. IV. Water use potential evaporation and yield. 125304
Chemical analysis for chitin as a measure of fungal infiltration of cellulosic materials *[Cotton,* **jute,** and paper]. 117195
New trial for the control of the two-spotted spider mite tetranychus urticae **Koch,** 1836, on *cotton.* 123330
Influence of buffers on pH [hydrogen-ion concentration] of *cotton* **leaf** surface and activity of a Heliothis nuclear polyhedrosis virus. 123318
Development of earliness to fruiting and boll maturity in *cotton* under **low** maturation temperatures. 121552
Tolerance of *cotton* to **low** maturation temperatures. 121554
Reactivity and fine structure of *cotton* **mercerized** in sodium hydroxide or liquid ammonia. 117199
The **Mexican** *cotton* industry: developments and prospects. 115840
Agronomic, economic, energy and environment implications of short-season, **narrow-row** *cotton* production. 122044
Short-season, **narrow-row** *cotton* studies in the Coastal Bend and Brazos River Valley. 122086
Short-season **narrow-row** *cotton* studies in the Northern Blacklands. 122087
Short-season, **narrow-row** *cotton* studies in the Central Blacklands. 122088
[Production technology **National** *Cotton]* Council's pesticide activities for 1974 outlined by Dr. Brown. 123697
Studies in swelling of *cotton.* I. **Neutral** salt technique to determine the true swelling parameters in cadoxen. 117130
Never-dried *cotton* fibers. IV. Shrinkage on mercerization. 117196
Never-dried *cotton* fibers. VI. Luster. 117197
Never-dried *cotton* fibers. VII. Preservation of the never-dried state and ethyl acrylate and alkylene oxides. 117198
Portugal to buy U.S. Grain, **oilseeds,** *cotton.* 115656
Choice of light bulbs for attracting [the *cotton* **pest]** Heliothis virescens (Fabr., 1871). 123329
Influence of several biotic factors on reproduction of Bucculatrix thurberiella *[Cotton* **pests].** 123281
On the occurrence of Bacillidium sp. A microsporidian parasite infecting some thrips larvae [Thrips flavus, Scirtothrips oligochaetus, *cotton* **pests].** 123303
Entomology *[Cotton* **pests** in Uganda]. 123308
Photodegradation of O-ethyl O-[4-(methylthio)phenyl] S-propyl phosphorodithioate (BAY NTN 9306) [Insecticide for *cotton* **pests].** 123314
Response of American **Pima** *cotton* varieties to skip-row planting in the El Paso Valley [Yields]. 122084
Effect of sodium upon yields and fruiting characteristics of Acala and **Pima** *cotton* [Toxicity]. 123026
Simulated rainfall and wind as factors dislodging nymphs of the cotton fleahopper, Pseudatomoscelis seriatus (Reuter), from *cotton* **plants.** 123349
A contribution to the study of *cotton,* **polyester** and blend yarn hairiness. 117118
Cotton **producers** continue to survive labor situation quite well. 115333
Closer to the dream **[Prototype** *cotton* processing system to continuously process raw cotton stock into yarn]. 117061
Cotton **quality**—supply, disappearance, carryover; 1974-75 [statistics]. 115776
Cotton **quality** crop of 1974 [Statistics]. 115777
Cotton **quality:** supply, disappearance, carryover, 1973-74. 117096
Closer to the dream [Prototype cotton processing system to continuously process **raw** *cotton* stock into yarn]. 117061
Pima **regional** *cotton* variety testing in Texas and New Mexico, 1970-72 [Fiber properties]. 117175
Energy production per acre and efficiency of energy production by grain sorghum and *cotton* as **related** to nitrogen fertilizer. 125059
Namulonge *[Cotton* **Research** Station, in Uganda]. 121937
Polyadenylation of stable mRNA during swelling of seeds? *[Cotton,* **rye,** wheat]. 121430
Agricultural applications of remote sensing—a true life adventure *[Cotton,* **safflower,** and alfalfa]. 115373
Pima *[cotton]* **seed-conditioning** test. 117176
Some properties of phospholipase D from *cotton* **seeds.** 121429
Risks in forward contracting of *cotton* **[Selling].** 115587
Localization of peroxidase in Rhizoctonia **solani-infected** *cotton* seedlings [Sore-shin]. 122731
Roller pressure in double apron drafting systems used in *cotton* **spinning.** 117120
Mold inhibitor prevents cottonseed quality loss [Field **stored** *cotton].* 122588
Evaluation of *cotton* **strains** and varieties for field resistance to Verticillium [albo-atrum] wilt. 122663
Evaluation of plot size for arthropod **studies** in *cotton.* 123325
Results of a **three-year** *cotton* pest [Anthonomus grandis, Heliothis zea] management program in the Hill Section of Mississippi. 123287
Effect of the plant growth retardant Pydanon on Verticillium [dahliae] wilt of *cotton* and **tomato.** 122729
The application of agricultural science to national development [Tanzania, **Uganda,** *cotton].* 115348
Crop physiology **[Uganda,** *cotton].* 121472
The Namulonge farm [in **Uganda,** *cotton].* 121938
Analysis of cotton fiber maturity. II. Glycerol retention **value** of *cotton.* 117128
Dynamics of soil populations of Verticillium dahliae Kleb. under different *cotton* **varieties.** 122651
Unifilter collecting system for *cotton-gin* **waste** materials [Air pollution]. 125385
The relationship between plant parasitic nematodes and *cotton* **wilt** disease and their control methods [Verticillium dahliae, Fusarium]. 122914
Effect of different forms of nitrogenous fertilizers on the resistance of *cotton* to **wilt** [Verticillium dahliae]. 124921
A new contribution to the study of the influence of rotor cleanliness on the properties of open-end spun *[cotton]* **yarns.** 4. 117119
Processing of rotor **yarns** *[Cotton].* 117194
Formation of the major structural elements of the *cotton* **yield** in relation to the variety and fertilizer [Applied]. 121403

COTTONEASTER

Junipers, *cotoneasters* **save** labor [Culture]. 122341

COTTONSEED

Cottonseed **colour** fixed pigments. I. Selectivity of hexane isomers. 117153
Biochemical changes in *cottonseed* during **development** and maturity. 117151
Effect of *cottonseed* **[fungicide]** treatment on stand. 122662
Aqueous solvents for extracting **glanded** *cottonseed* protein without gland rupture. 117127
Cottonseed protein *[Cottonseed* **meal,** ruminant feed]. 117331
Mold inhibitor **prevents** *cottonseed* quality loss [Field stored cotton]. 122588
The challenge of growth [Agricultural policy, *cottonseed* **products].** 115830
Cottonseed **protein** [Cottonseed meal, ruminant feed]. 117331
Cottonseed **Treatment** Committee report—1973 [Fungicides, statistics]. 122595
Report of the *Cottonseed* **Treatment** Committee for 1974 [Performances of fungicides]. 122596

COTTONTAIL *see* RABBITS

COTTONWOOD

Reasons of variation in the physiological condition of **eastern** *cottonwood* [Populus deltoides] in mixed stands. 121813

COTYLEDONS

Changes in the soluble protein constitution of **cucumber** *cotyledons* following infection with two strains of cucumber mosaic virus. 122852
Serological demonstration of virus-specified proteins associated with cucumber mosaic virus infection of **cucumber** *cotyledons.* 122855
Qualitative analysis by isoelectric focusing of the protein content of Pharbitis nil apices and *cotyledons* during **floral** induction. 121322
Fragments of Aesculus hippocastanum L. *Cotyledons* **grown** in vitro; first results on starch and aescin behavior [in the callus]. 120460
Importance of **photosynthetic** *cotyledons* for early growth of woody angiosperms. 121823
Cotyledons—**structures** and functions. 120502

COUMARINS

Coumarins of **Artemisia** parviflora Roxb. 121020
Study on the reactivity of coumarins. I. Regioselectivity of Grignards reagents **engaged** with *coumarin.* 121369
Electron spin resonance studies of structure and conformation in anion radicals formed during the autoxidation of **hydroxylated** *coumarins.* 121193
Abnormal rearrangement of isoprenoid epoxide: synthesis of *7-methoxy-8(2'-formyl-2'methylpropyl)-coumarin,* the **lactonic** constituent of grapefruit peel oil of Citrus decumana Linn. (Rutaceae). 117230
New sources of **natural** *coumarins.* XXIX. Three new coumarins of a Ruta species from the Canary Islands. 120876
Components of Umvelliferae. VIII. Two **new** *coumarins* of Peucedanum stenocarpum Boiss. and Reuter. 120873
Components of Umbelliferae. IX. THree **new** *coumarins* of Seseli tortuosum L. 120874
New sources of natural coumarins. XXIX. Three **new** *coumarins* of a Ruta species from the Canary Islands. 120876
Components of Umbelliferae. VI. *Coumarins* of **Peucedanum** offinale L. 120872
Study on the reactivity of coumarins. II. Regioselectivity of Grignards reagents engaged with methyl-4, methyl-3 and **phenyl-3** *coumarin.* 121370
Study on the reactivity of *coumarins.* I. **Regioselectivity** of Grignards reagents engaged with coumarin. 121369
Study on the reactivity of *coumarins.* II. **Regioselectivity** of Grignards reagents engaged with methyl-4, methyl-3 and phenyl-3 coumarin. 121370
Alkaloids and *coumarins* of **Thamnosma** montana. 121240

COURTSHIP *see* MATING

COVERS

Results of four-years grazing experiments with Dactylis glomerata in mixture with five leguminous species. II. Differences in *soil-covering* **ability.** 122133
Studies on the fertilization and cultivation of horticultural crops under *covering* **conditions.** III. On salt injury of vegetable crops. 3. Effect of the concentration of nutrient solutions on the trace element nutrition of tomato and cucumber. 122981
Lucerne establishment. II. *Cover* **crops** and lucerne establishment. 122050
Experiences with known and new forms of large ventilated clamps and their *covers* **[East** Germany]. 124613
Greenhouse *coverings:* the choice is yours. 124635
Ground *cover* sods—an economic and production possibility? [in landscape gardening and erosion control]. 122226
Scorching of grass [from sun burning through a thin **ice** *cover]*—What can we possibly do to reduce winter damage? 122986
The beautiful coverup [New land area created by *covering* **irrigation** ditch]. 125167
Automatic categorization of **land-water** *cover* types of the Green Swamp, Florida, using Skylab multispectral scanner (S-192) data [Remote sensing]. 125255
Notes on principles of forest **management** *covering* the catchment areas of drinking water storage reservoirs. 119514
The role of **moss** *cover* in some types of pine forests in the part of Ukrainian Poles'ye located to the east from Dnieper River [Effect of secretions on the growth of forest plants. 121814
Handbook of New Hampshire's aerial **photographic** *coverage* [Remote sensing]. 115193
The finishing of surfaces with paper and foils by using a *covering* **process** with heated rollers [Wood pulp]. 119675
The importance of vegetable food in *covering* the **requirements** for vitamins and minerals. 116321
Cork-board for *covering* **soils;** variation of dimensions as a function of relative humidity and time. 125134
The mixture problem in computer mapping of terrain: improved techniques for establishing spectral signatures, atmospheric path radiance, and transmittance [Remote sensing, **vegetative** *cover].* 120368

COWPEAS

Translocated heat injury. II. [Pinto beans, *cowpeas,* **cucumbers].** 123015
Relationship between plant population and lay to yield of forage corn and Vigna sinensis *[cowpeas]* **intercropping.** 122131
Effect of host enzyme extracts on the electrophoretic forms and specific infectivity of *cowpea* **mosaic** virus. 122853
Specificity of the photosynthetic activity of *cowpea* **plants** as affected by different density of stands. 121777
Nitrogenase activity and respiration of cultures of *[cowpea]* **Rhizobium** spp. with special reference to concentration of dissolved oxygen. 121606
Ultrastructure of mitosis in the *cowpea* **rust** fungus Uromyces phaseoli var. vignae. 120483
The effect of kinetin and gibberellic acid on some morphological characteristics of Vigna **sinensis** *[Cowpeas].* 120440

Studies on the active form of Callosobruchus maculatus (F.) in Nigeria. III. The dynamics of active female production in Callosobruchus maculatus (F.) (Coleoptera, Bruchidae) in **stored** *cowpeas.* 123558
The development and extension of nonchemical [insect pest] control techniques for **stored** *cowpeas* in Nigeria. 123565
A genetic map for the *cowpea* **strain** of TMV [tobacco mosaic virus]. 122871
Cowpeas: **Vigna** unguiculata (Leguminosae-Papilionatae). 122356

COWS *see* BOVINE

COYOTES
Hematologic values of conditioned, captive **wild** *coyotes.* 117839

COYPUS
Experimental infection of the *nutria* with **RN** strain of toxoplasma. 119026

CRABGRASS
Metabolism and differential susceptibility of *crabgrass* [**Digitaria** sanguinalis] and witchgrass [Panicum capillare] to simazine and atrazine [herbicides]. 123211

CRABS
The shape of things to come *crab* **cakes,** shrimp shapes, onion rings, fish filets. 116628
DDT as an accelerator of limb regeneration and molting in **fiddler** *crabs.* 123709
Red *crab* processing waste as a carotenoid source for rainbow trout. 125375

CRACKING
Susceptibility to *cracking* of **particle** boards covered with decorative paper. 119674
Cracking in **veneered** surfaces. 1. Bases and findings with carrier panels made of wood pulps. 119668
Cracking in **veneered** surfaces. 2. Veneers on noncombustible carrier panels. 119669

CRAFTS
The cooperative **approach** to *crafts.* 116604

CRANBERRIES
Cranberry **growth** and production in relation to water table depth. 121699
The effect of bruising [injuries] on the keeping **quality** of *cranberries.* 122923
The influence of abscisic acid in *cranberry* **seed** dormancy. 121681

CRANES
White-tailed deer of U.S. Naval Ammunition **Depot** *Crane.* 119408
Additions to the *crane* **flies** of California (Diptera: Tipulidae) [New taxa]. 124396
Density and composition of *crane* **fly** larvae (Diptera, Tipulidae) from an alpine wet meadow at Stigstuv, Hardangervidda, south Norway. 124112
Birefringence and ulrastructure of isolated, stabilized spindles [of the *crane* **fly,** Nephrotoma suturalis]. 124124

CRASSIPES
Stimulatory action of Azotobacter chroococcum from water hyacinth (**Eichhornia** *crassipes* Mort Solms) on germination of seeds of rye (Secale cereale). 121568
Water hyacinths [**Eichhornia** *crassipes]* for removal of phenols from polluted waters. 125382

CRASSULA
The developmental anatomy of adventive plantlets from leaves and leaf segments of *Crassula* **argentea** (Crassulaceae). 120428

CRASSULACEAE
The developmental anatomy of adventive plantlets from leaves and leaf segments of Crassula **argentea** *(Crassulaceae).* 120428
Studies on boreal Agromyzidae (Diptera). X. Phytomyza miners on *Crassulaceae* [**New** taxa]. 124406

CRATAEGUS
The use of numerical methods in the systematics of hawthorns *[Crataegus]* **occurring** in Poland. 119945
A little known hawthorn [species] from Turkmenia *[Crataegus* **pseudoazarolus].** 119948

CREAM
Enterococci in *cream* and **butter** [Contamination]. 116263
Improved water economy in the production of *cultured-cream* **butter.** 1. Technological possibilities. 116863
Improved water economy in the production of *cultured-cream* **butter.** 2. Chemical and bacteriological analysis. 116864
[**Ice** *cream]* flavor—a quality you experience. 116850
Effect of addition of formalin and storage on chemical composition of **ice** *cream.* 116883
Precision-accurate study of bacterial colonies automatic count by using the Artek electronic counter [Raw milk and **pasteurized** *cream].* 116043

CREATINE
Nutritive muscular dystrophy of cattle. 6. Activity of serum enzymes alkaline phosphatases, aldolases, lactate-dehydrogenases and *creatine-phosphokinases* in the **course** of "white muscle disease in young cattle. 119202
Cerebrospinal **fluid** *creatine* phosphokinase in the normal dog. 117543
Non-identical behaviour of the subunits of rabbit **muscle** *creatine* kinase. 117597

CREDIT
Problems of **agricultural** *credit,* marketing and co-operatives. 115504
Agricultural *credit* in Montana: repayment ability is crucial factor. 115528
Factoring, another service in farmers' mutual loans *[Credit,* **Austria].** 115471
Rural funds in Castilla: legal system of *credit* **cooperatives;** present and future situation. 115803
Land *credit* [Brazil]. 115521
Sources of *credit* for **Manitoba** farmers. 115539
Problems with *credit,* **marketing** and co-operatives. 115505
Rural *credit:* the policy of granting subsidies [Brazil]. 115478
Rural *credit* [Brazil]. 115522
Business and industrial loans (B&I) [Farmers Home Administration, a **rural** *credit* agency]. 115529
Cooperatives structures and the *credit* **system** of rural Israel. 115436

CREEPING
Is the X-factor in *creep* **feeds** worth increased costs. 115474
Runoff *creep* of coarse debris: experimental data and some field observations. 125197

CREPIS
Structural mutations of chromosomes in the second cell cycle during radiation and chemical mutagenesis [of *Crepis* **capillaris].** 120623

CRETACEOUS
Middle *Cretaceous* floral provinces and early migrations of angiosperms. 120057
Dinoflagellates: fossil motile-stage tests from the Upper *Cretaceous* of the **northern** New Jersey coastal plain. 120258
Cretaceous **paleobotanic** problems. 120056
Pollen and leaves from the *Mid-Cretaceous* **Potomac** group and their bearing on early angiosperm evolution. 120060

CRICETIDAE
The potential [adverse] effects of urea fertilization on *Peromyscus* **maniculatus** in northwest forests. 122999

CRICKETS
Histone synthesis & transition during spermatogenesis in the **mole** *cricket* Gryllotalpa fossor Scudder. 123972
Daily rhythm of activities of the *cricket* **Nemobius** sylvestris (Bosc). 123776
Influence of a juvenile hormone analogue on metamorphosis and reproduction in the *cricket,* **Plebeiogryllus** guttiventris Walker. 123868

CROCUS
The correct chromosome number for *Crocus* **medius** Balb. 120501
Crocus **olivieri** and its allies (Iridaceae). 120162
Cytology of *Crocus* **olivieri** and its allies. 120500

CRONARTIUM
Epidemic characteristics of the blister rust of pine, *Cronartium* **flaccidum** (Alb. and Schw.) Wint., in Italy. 122558
Morphology of *Cronartium* **fusiforme** aeciospores: a light and scanning electron microscopic study. 120426
Distribution of fusiform rust *[Cronartium* **fusiforme]** on slash and loblolly pines [Pinus elliottii elliottii, Pinus taeda] in Texas. 122748

CROPLANDS
Control of field bindweed [Convolvulus arvensis] in *cropland* with **1,3-dichloropropene** soil fumigants. 123077
Review of control of water pollution from *cropland.* I. A **manual** for guideline development. 125408
Action needed to discourage removal of trees that **shelter** *cropland* in the Great Plains. 119376

CROPS
Little by little adds up to a lot [Research in **agricultural** *crops].* 115177
Effect of symbiotic bacteria of Carex enervis on some **agricultural** *crops.* 121101
Map drawing of weeds in **agricultural** *crops* in the districts of Timis and Arad (1973-1975). 123174
Optical vs. Electronic enhancement of remote sensing imagery [for information as to the amount and condition of such earth resources as timber, forage, soils, water, minerals and **agricultural** *crops.* 125487

Cross-cultural **perspectives** on human adjustments to arid margins [Climate, population migration, Africa]. 115151
Egg productivity of chickens from the 444th *cross* as **related** to the types of blood serum proteins. 118301
Inheritance of virulence in Puccinia recondita on **six** *backcross* lines of wheat with single genes for resistance to leaf rust. 120611
Soybean variety performance in the *Cross* **Timbers** Area of North Central Texas. 122093
Heterosis from *crossing* **two** lines of Herefords [Beef cattle]. 118408

CROSSBREEDS

The performance of Santa Gertrudis, Sahiwal, Brahman and *crossbred* **animals** in the intermediate savannahs of Guyana. 2. Birth weight and preweaning performance [Cattle]. 117760
Effect of feeding hay and silage made from maize hybrid napier [Pennisetum purpureum] and sorghum on the growth of *crossbred* **calves.** 118075
Histological changes in chronic pyelonephritis [from a *crossbred* **cow**]. 118732
What owners know of *crossbred* **cows** and how much about their scientific upkeep. 117453
Carcass traits of lambs produced by *crossbred* **dams** of Finnsheep, Dorset and Rambouillet breeding and slaughtered at two weights. 117016
Crossbreeding: **factors** to heed in its firm and final commitment as the country's policy to enhance cow's productivity [india]. 118319
Genetic studies on certain body measurements in *crossbred* **females** at first calving age. 118322
The economic advantages of meat production with *crossbred* **heifers** [Costs]. 115527
A genetic analysis of maturing patterns in straightbred and *crossbred* **Hereford,** Angus and Shorthorn cattle. 118337
Histological observations on the thyroid gonad relationship in **male** *crossbred* (New Hampshire x White Cornish) chicken. 117742
Results of the **Missouri** *crossbreeding* project with beef cattle (September, 1975, phase 2). 118409
Breeding efficiency and its relationship with other traits in Sahiwal and its Brown **Swiss** *crossbreds.* 118324
Influence of slaughtering weight on carcass characteristics of F1 *crossbred* **young** bulls obtained by Friesian and Brown Alpine dams sired by Red Pied, Piemontese, Romagnola, Chianina and Marchigiana bulls. 118397

CROSSLINKING

Catalytic effects in the reaction of **methylolamide** *crosslinking* agents with cellulose [Textile fibers]. 116836

CROTALARIA

Distribution of polyphenols & development of peroxidase activity during germination in *Crotalaria* **[juncea].** 121130

CROTON

The structure of corylifuran, a clerodane-type diterpene from *Croton* **corylifolius** Lam. 121371

CROWNS

Lighting of leaf canopy and the yielding ability of Zimny Zolotoy Parmen as affected by the planting pattern and the form of the *crown* [**Apples,** varieties]. 122499
Latent infections and seasonal variability of *crown* **gall** [caused by Agrobacterium tumefaciens] development in seedlings of three Prunus [cerasifera, Prunus mahaleb, Prunus avium] species. 122810
Pathogenicity of Fusarium solani on sainfoin (Onobrychis viciifolia) [Root and *crown* **rot**]. 122754

CROWS

Papilio troilus (Papilionidae) in pursuit of **fish** *crow.* 124065

CRUCIFERAE

Mustards: Brassica spp. And Sinapis **alba** *(Cruciferae).* 122367
Turnip and relatives: Brassica **campestris** *(Cruciferae).* 122382
Swedes and rapes: Brassica **napus** *(Cruciferae).* 122379
Watercress: Rorippa **nasturtium-aquaticum** *(Cruciferae).* 122383
Cabbages, kales etc.: Brassica **oleracea** *(Cruciferae).* 122349
Radish: Raphanus **sativus** *(Cruciferae).* 122376
Pests of *cruciferous* **vegetable** crops in West Pamir. 123404

CRUSTS

Silcon and aluminum in atmospheric aerosols: *crust-air* **fractionaton?** [Contribution of soils]. 125390
Causes and effects of **soil** *crusting.* 125138
Formation of Solonetz and Solod on ancient **weathering** *crusts.* Some general laws of transformation of ancient weathering crusts in the hypergenesis zone in temperate latitudes. 124795

CRYOSURGERY

Cryosurgery of **canine** and feline tumors. 118465

CRYPTOCARYA

Absolute configuration of (-)-massoilactone as confirmed by a synthesis of its (S)-(+)-isomer [Bark oil of *Cryptocarya* **massoia**]. 119644

CRYPTOCEPHALUS

On problems of taxonomic relationship between *Cryptocephalus* **hypochoeridis** ssp. hypochoeridis (Linnaeus, 1758) and Cryptocephalus hypochoeridis ssp. transiens Franz, 1949 (Coleoptera, Chrysomelidae). 124242

CRYPTOCERCUS

Biochemical analysis of axostyle motility [obtained from protozoa in the hindgut of *Cryptocercus* **punctulatus**]. 123871
The intestinal protozoa of the wood-feeding **roach** *Cryptocercus.* II. Symbionts. 124076

CRYPTOCOCCOSIS

Disseminated *cryptococcosis* [an infection caused by the yeast-like fungus Cryptococcus neoformans] with ocular involvement in a dog. 118776

CRYPTOCOCCUS

Disseminated cryptococcosis [an infection caused by the yeast-like **fungus** *Cryptococcus* neoformans] with ocular involvement in a dog. 118776

CRYPTOMONAS

Phototaxis in *Cryptomonas* [**Algae**] sp. Under condition suppressing photosynthesis. 121321

CRYPTOSTIGMATA

Ceratozetes kananaskis (Acari: *Cryptostigmata:* **Ceratozetidae**): a new mite species from western Canada [Forest zoology]. 124273

CRYSTALLINE

Comparisons of some properties of *crystalline* **acid** proteinases produced by the parent and mutant strains of Irpex lacteus Fr. [Fungi]. 120856
X-ray study of *crystalline* **character** and mechanical properties of cotton fibers swollen in zincoxen solution. 117131

CRYSTALLIZATION

Crystallization of a **non-muscle** actin [from calf spleen]. 117816
Preparation of optically active proline. Optical resolution of N-acyl-DL-proline by **preferential** *crystallization* procedure [Pharmaceutical and food industries]. 116768

CRYSTALS

High production of kojic **acid** *crystals* by Aspergillus parasiticus UNBF A12 [Fungi] in liquid medium. 121222
Protein crystals and bundles of tubules in yeast cells. IV. Biochemical and electronmicroscopical studies on the induction of *crystals* of **alcohol** dehydrogenase (ADH) [Saccharomyces carlsbergensis]. 121389
The role of spores and *crystals* of **Bacillus** thuringiensis Berliner in the infection of Laspeyresia pomonella L. (Tortricidae). 123810
Mineral and *crystal* **formation** in vitro by lipids extracted from bovine compact bone. 117870
Crystal and **molecular** structure of organophosphorus insecticides. 4. Bromophos. 123239
Electron microscope study of sporulation and **parasporal** *crystal* formation in Bacillus thuringiensis [Pathogenicity for larvae of Lepidoptera]. 123242
Protein *crystals* and bundles of tubules in yeast cells. IV. Biochemical and electronmicroscopical studies on the induction of crystals of alcohol dehydrogenase (ADH) [Saccharomyces carlsbergensis]. 121389
Photochemical reactions. XXVI. Molecular and *crystal* **structure** of a cyclobutane annelated gibberellin derivative [plants, growth substances]. 121366
Stereo electron microscopy of freeze-fractured cells reveals the three-dimensional continuity of tobacco mosaic **virus** *crystals.* 122864

CUCULLIA

Senses involved in the visiting of flowers by *Cucullia* **umbratica** (Noctuidae, Lepidoptera). 123891

CUCUMBERS

Pigment degradation in discs of the thermophilic Cucumis sativus *[cucumber]* **as affected** by light, temperature, sugar application and inhibitors. 121751
High temperature inactivation of *cucumber* and **alfalfa** mosaic viruses in Nicotiana rustica cultures [Tobacco]. 122814
Protection of *cucumber* against **Colletotrichum** lagenarium by Colletotrichum lagenarium. 122714
Changes in the soluble protein constitution of *cucumber* **cotyledons** following infection with two strains of cucumber mosaic virus. 122852
Serological demonstration of virus-specified proteins associated with cucumber mosaic virus infection of *cucumber* **cotyledons.** 122855
Translocated heat injury. II. [Pinto beans, **cowpeas,** *cucumbers].* 123015
The formation of cis-3-nonenal, trans-2-nonenal and Hexanal from linoleic acid hydroperoxide isomers by a hydroperoxide cleavage enzyme system in *cucumber* (**Cucumis** sativus) fruits. 121607
Senility problem in the **greenhouse** *cucumber* (Cucumis sativus) crop: effect of daylength on yield and content of abscisic acid-like growth inhibitors. 121603
Cucumbers in the **greenhouse.** 122299
Growing *cucumbers* on soil and mixtures of soil and peat aggregated by hydrolyzed polyacrylonitrile. 124760
Inheritance of time to flowering and its relationship to crop **maturity** in *cucumber.* 120767
Comparative effects of (2-chloroethyl) phosphonic acid and the mono-2-chlorethyl ester of the acid on growth, peroxidase activity, and sex expression of a **monoecious** *cucumber.* 121698

Effects of blending gynoecious and **monoecious** *cucumber* seeds on yield patterns. 122334
Changes in the soluble protein constitution of cucumber cotyledons following infection with two strains of *cucumber* **mosaic** virus. 122852
Preliminary studies on the RNA components of three strains of *cucumber* **mosaic** virus. 122854
Serological demonstration of virus-specified proteins associated with *cucumber* **mosaic** virus infection of cucumber cotyledons. 122855
The low temperature limit for *[cucumber* and **mung** bean] seed germination. 121742
Improvement of **pickling** *cucumber* with the determinate (de) gene [Dwarf]. 120690
Some biophysical aspects of anomalous ion uptake by thermophilic *[cucumber]* **plant** roots. 121784
Studies on the fertilization and cultivation of horticultural crops under covering conditions. III. On salt injury of vegetable crops. 3. Effect of the concentration of nutrient solutions on the trace element nutrition of **tomato** and *cucumber.* 122981
Biological control [with the parasite Encarsia formosa] of glasshouse whitefly (Trialeurodes **vaporariorum**) on *cucumbers.* 123396

CUCUMIS

Cucurbits: *Cucumis,* **Citrullus,** Cucurbita, Lagenaria (Cucurbitaceae). 122357
Senility problem in the greenhouse **cucumber** *(Cucumis* sativus) crop: effect of daylength on yield and content of abscisic acid-like growth inhibitors. 121603
The formation of cis-3-nonenal, trans-2-nonenal and Hexanal from linoleic acid hydroperoxide isomers by a hydroperoxide cleavage enzyme system in **cucumber** *(Cucumis* sativus) fruits. 121607
Protection of *Cucumis* **leaf** pigments against photo-oxidative degradation during chilling. 117210
A proposed nomenclature of Fusarium oxysporum f. Sp. Melonis races and resistance genes in *Cucumis* **melo** [Muskmelon]. 122722
Genetic aspects of antibiosis to Aphis gossypii in *Cucumis* **melo** [muskmelon] from India. 123408
Pigment degradation in discs of the **thermophilic** *Cucumis* sativus [cucumber] as affected by light, temperature, sugar application and inhibitors. 121751

CUCURBITA

Cucurbits: Cucumis, Citrullus, *Cucurbita,* **Lagenaria** (Cucurbitaceae). 122357
Pumpkin *(Cucurbita* sp.) seed globulin. I. Purification characterization, and subunit structure. 121757
Pumpkin *(Cucurbita* sp.) seed globulin. II. Alterations during germination. 121758
Post infection changes in nitrogen metabolism of **pumpkin** *(Cucurbita* maxima D.) as affected by yellow mosaic virus. 122843
Generation of electric potentials during flow of fluids in the xylem vessels (Preliminary report) *[Cucurbita* **sechium**]. 121659

CUCURBITACEAE

Cucurbits: **Cucumis,** Citrullus, Cucurbita, Lagenaria (Cucurbitaceae). 122357
Cash in on these *cucurbits* **[Cultivation].** 122290
Cucurbits: Cucumis, Citrullus, Cucurbita, **Lagenaria** *(Cucurbitaceae).* 122357
A new species of Eureiandra [eburnea] *(Cucurbitaceae)* from **Mozambique,** Zambia and Rhodesia. 120157
Structure, ontogeny and taxonomic significance of **stomata** in some *Cucurbitaceae.* 120015

CULEX

Apparent propagation of the equine infectious anemia virus in a **mosquito** *(Culex* pipiens quinquefasciatus Say) orvarian cell line. 123597
Structural microtubules in hindgut epithelial cells of the mosquito *[Culex* **pipens**]. 124130
Control of *Culex* **pipiens** fatigans (W) by the larvivorous fish Poecilia reticulata and by removal of debris from the breeding habitat. 123667
Gonotropic dissociation in *Culex* **pipiens** pipiens L. 123672
Relation of mosquito density to bird: mammal feeding ratios of *Culex* **tarsalis** in stable traps. 123596
The effects of climatic patterns and agricultural practices on the population dynamics of *Culex* **tritaeniorhynchus** in Asia. 123668

CULICIDAE

Contribution to the study of the "maculipennis complex" (Diptera, *Culicidae,* **Anophelinae**). 1975 statement [Anopheles maculipennis]. 123819
Immunoperoxidase localization of Sindbis virus antigen in infected vertebrate and infected mosquito **cells** *[Culicidae].* 123659
Effect of an insect growth regulator on lipid and carbohydrate reserves of mosquito [Aedes aegyti] pupae **(Diptera:** *Culicidae).* 123612
New data on the chorology and ecology of some species of *Culicidae* **(Diptera)** in southern Quebec. 123613

CULTIVARS

Modifications of a *cultivar* of **alfalfa** and of its progenies induced by an initial competition with cocksfoot. 120799
Effects of temperature and genotype on pollen tube growth in some self-incompatible and self-compatible **almond** *cultivars* [Prunus amygdalus]. 121704
Cultivar, an **ambiguous** term [Plant monemclature]. 119947
Behavior of *cultivars* of **Avena** [oat] grown as spaced plants and at normal density. 122114
Defective ovules in **avocado** *cultivars* [Abnormalities, fruit-set]. 122965
Barley *[Cultivars].* 121844
Gibberellin-like substances in the endosperm-nucellus tissues of the developing almond, Prunus amygdalus **Batsch** *cultivar* Jordanolo. 121706
Fababeans **[Broadbeans,** *cultivars].* 121846
The X-ray treatments to induce somatic mutation in Chrysanthemum morifolium Ram. II. The imductive dosage of somatic mutation in **Chrysanthemum** *cultivars.* 120771
Evaluation of New Zealand **herbage** *cultivars* overseas [Yields]. 122063
Production system for Juniperus **horizontalis** *cultivars* in the South—cuttings to five gallon size. 122240
Distribution of dry matter among the aerial organs of various *cultivars* of **kidney** beans (Phaseolus vulgaris L.). 121648
Competition between (Medicago sativa L. [Alfalfa] local ecotype) and tall fescue (Festuca arundinacea Schreb. *cultivar* **Ludion)** fertilized with increasing rates of nitrogen. 122116
Differing sensitivity of pyruvate orthophosphate dikinase to low temperature in **maize** *cultivars.* 121533
Tentative international register of *cultivar* **names** in the genus Syringa L. 120798
Cold acclimation of Florida peach and **nectarine** *cultivars.* 121661
Effects of fertilizer N [nitrogen] and number of years in tillage on the protein and non-protein content of feeding barley grain (cv. *[Cultivar]* **Nessa)** and on N uptake and recovery. 125015
Effects of fertilizer nitrogen and number of years in tillage on the protein content of feeding barley straw (cv. *[Cultivar]* **Nessa)** and on N uptake and recovery. 125016
Investigation of a **non-nodulating** *cultivar* of Pisum sativum [Peas]. 121624
Propagation of Acer **palmatum** *cultivars* from hardwood cuttings. 122244
Investigations on the changes in the amino acid content of some *cultivars* of **peas** for canning. III. Free amino acids. 117272
Hand pollinating some **Philodendron** *cultivars.* 122227
Comparative primary infection characteristics of Ustilago striiformis and Urocystis agropyri [leaf smuts] on *cultivars* of **Poa** pratensis. 122725
Susceptibility of twenty **potato** *cultivars* to the potato moth [Phthorimaea operculella] at Pukekohe: a preliminary assessment. 123423
Rapeseed *[Cultivars].* 121852
High-temperature treatment (blindstoken) of bulbs of tulip cv *[cultivar]* **Rose** Copland for flower killing and yield improvement. 122402
Esterases [genetic] variability within some Polish **rye** *cultivars.* 120663
Influence of peach seedling rootstocks on growth, yield and survival of peach **scion** *cultivars.* 121710
Seed development of four **sorghum** *cultivars.* 121553
Pubescence characteristics as an aid in differentiating **soybean** *cultivars.* 120789
Response of **soybean** *cultivars* grown in root-knot nematode [meloidogyne incognita] inected soil treated with Fumazone 86 and other nematicides. 122925
Differential response of **soybean** *cultivars* to metribuzin. 123123
Soybeans *[Cultivars].* 121855
Frost tolerance in **strawberry** *cultivars.* 121672
Flax and **sunflowers** *[Cultivars].* 121848
Ammonium tolerance of **tobacco** *cultivars* with different nicotine contents [Toxicity]. 122938
Postharvest characteristics and natural preservation of fruits from hybrids between Alcobaca and some **tomato** *cultivars.* 117243
Feed intake and nutrient digestibility of growing lambs supplemented intragastrically with full-fat rapeseed (cv. *[Cultivar]* **Tower).** 118029
The effects of interspecific competition in Medicago sativa L. [Alfalfa]. I. Modifications observed in **two** *cultivars* after four years. 122139
Studies on the physiology of bolting and flowering in Raphanus sativus L. II. Annual rhythm in readiness to flower in Japanese radish, *cultivar* **Wase-shijunichi.** 121759
Classification of Pacific Northwest winter and spring **wheat** *cultivars* by phenol reactions. 121543

CUMINUM

Antifertility screening of plants—effect of four indigenous plants *[Cuminum* **cyminum,** Hyptis suaveolens, Dolichos biflorus, Trianthema pentandra]. 119242

CUNICULUS

The establishment and spread of Spilopsyllus cuniculi (Dale) and its location on the host, **Oryctolagus** *cuniculus* (L.) [rabbits], in the Mallee region of Victoria. 123604

CUNNINGHAMELLA

Steroid derivatives. LXXIX. Microbial 15 beta-hydroxylation of 17 alpha-acetoxy-16-methylene derivatives of the pregnane series by the action of *Cunninghamella* **blakesleeana** [Fungi]. 121067
Aryl hydrocarbon hydroxylase activity in the **fungus** *Cunninghamella* bainieri: evidence for the presence of cytochrome P-450. 120900

CUPIENNIUS

X-ray microanalysis of receptor lymph in a cuticular arthropod sensillum *[Cupiennius* **salei**]. 124035

CUPRESSUS

Susceptibility of some conifer species [Pinus, Cedrus, *Cupressus]* to **damping** off [a fungal disease caused by Fusarium species]. 122592

CURCULIONIDAE

Relative toxicity of some new insecticides against rice-weevil Sitophilus oryzae Linn. *(Curculionidae:* **Coleoptera).** 123292
Alfalfa and the Egyptian alfalfa weevil [Hypera brunneipennis] **(Coleoptera:** *Curculionidae).* 123295
A cone weevil, Conotrachelus neomexicanus, on ponderosa pine [Pinus ponderosa] in Colorado: life history, habits, and ecological relationships **(Coleoptera:** *Curculionidae).* 123451
Results of zoological research carried out by Dr. Z. Kaszab in Mongolia. 372. *Curculionidae* **(Coleoptera)** [New taxa]. 124450
Classification and evolution of Rhinochenus Lucas (Coleoptera: *Curculionidae:* **Cryptorhynchinae)** and Quaternary Middle American zoogeography [New taxa]. 124405
Morphology of weevil larvae (Coleoptera, *Curculionidae)* and **ecological** ways of their adaptation to living in wood. 123929
A method for the extraction of Sitona (Coleoptera: *Curculionidae)* **eggs** from soil and occurrence of a mymarid (Hymenoptera: Chalcidoidea) in the Mediterranean region. 123900
New notes on the *Curculionidae* of the **French** fauna (Coleoptera). Taxonomy, chorology, ecology, ethology. Second series [New taxa]. 124226
Effect of field applications of carbofuran on Hypera postica [Alfalfa weevil] (Coleoptera: *Curculionidae)* and its **parasitoids.** 123296

CURCUMA

Isolation of ethyl p-methoxycinnamate, the major antifungal principle of **Curcuma** *zedoaria.* 121256
Studies on the natural pigment of horticultural crops. 3. Some properties of natural yellow color in *Curcuma* **[longa]** rhizome and its application. 121724
Isolation of ethyl p-methoxycinnamate, the major antifungal principle of *Curcuma* **zedoaria.** 121256

CURDS

Farmhouse production of **lactic** *curd* soft cheese. 116572
New development in the area of continuous milk thickening and *curd* **processing.** 116865
Quality of protein in milk replacers for young calves. I. Factors affecting in **vitro** *curd* formation by rennet (chymosin, rennin) from reconstituted skim milk powder. 118035

CURING

Moisture diffusion in the *cured* **burley** tobacco leaf. 117203
An outbreak of lipoid liver degeneration (LLD) in Atlantic salmon [Salmo salar] in a fish farm and attempts to *cure* the **disease.** 119272
The behaviour of salmonellae during the *curing* and **drying** of air-dried beef. 116138
Production standard for raw pickled products according to the inoculum method **[Ham** *curing].* 116950
Saccharifying agents for distilleries: green malt, *cured* **malt** and commercial enzymes. 116797
A simple method of checking the nitrite content of **nitrite** *curing* salt [Meat]. 116969
Evaluation of Gelbwurst and Bratwurst made with *curing* **salt** in relation to the food regulations [Sausages]. 116113
Variation of nitrogenous fractions and of proteolytic enzymes in green, dried, *cured* and **stored** malts. 116687
Production of *flue-cured* **tobacco** plants. 122031

CURRANTS

Black *currants* [Cultivation]. 122171
Bibliography of the international literature on **black** *currants.* 122179
Varieties of **black** *currant* for [large] production planting. 122492
Use of benlate for the protection of **black** *currants* [against fungus diseases and insect pests]. 122628
A new way to prove **black** *currant* reversion virus in Ribes nigrum L. 122849
Examination of various Buvinol [herbicide] preparations in raspberry and *currant* **plantations.** 123096
1975 world raisin and fig outturns up; *currant* and **prune** crops smaller [Statistics]. 115630
Bibliography of the international literature on white and **red** *currants.* 122181
Effect of position, length of cuttings and date of planting of cuttings on rooting in the **red** *currant* variety Heinemanns Rote Spatlese (Preliminary report). 122408
Currants: **Ribes** spp. (Grossulariaceae). 122358
Currant **varieties** and training methods suitable for mechanical harvest. 122407

CURVULARIA

Utilization of heptachlor by fungi [Aspergillus, Penicillium, *Curvularia* **lunata,** Trichoderma lignorum]. 121143
Leaf spot disease of rubber [Hevea] caused by *Curvularia* **pallescens** Boedijn. 122604

CUSCUTA
Influence of shading & dodder *[Cuscuta]* **infection** on the content & nature of alfalfa phenolics. 123089

CUSTOMERS
Studies **assess** *customer* reaction to graded balsam fir [Abies balsamea] Christmas trees. 119647
Customer **service** in the bakery department [Marketing]. 115700

CUSTOMS
Rental and *custom* **charges** for farm machinery. 124724

CUTANEOUS
Histopathologic and cytological investigations, in guinea-pigs on *cutaneous* **allergy.** 119189
Anatomical location of Dermatophilus congolensis in **bovine** *cutaneous* streptothricosis. 118698
Cutaneous **hypersensitivity** and isoantibody production in cattle injected with live or inactivated Anaplasma marginale in bovine and ovine erythrocytes. 118598
Passive *cutaneous* anaphylaxis in the domestic fowl. 118769
Reactions of the red nucleus neurones in awake cat to *cutaneous* **stimulation.** 117523
Cutaneous **streptothricosis** in Sudanese cattle [caused by Dermatophilus congolensis]. 118701
Cutaneous **streptothricosis** (dermatophilosis) of cattle in Israel. 118702
Influence of a *cutaneous* **wound** on the development of the densonucleosis in larvae of Galleria mellonella L., Lepidoptera, infected by ingestion. 123904

CUTICULAR
X-ray microanalysis of receptor lymph in a *cuticular* **arthropod** sensillum [Cupiennius salei]. 124035
The permeability to Hostathion [1-phenyl-3-(O,O-diethyl-thionophosphorul)-1,2,4-triazol] of the *cuticle* of the **cockroaches** Blaberus trapezoideus and Periplaneta americana. 123588
Grass *cuticles:* a new paleoecological tool for East African lake sediments [For reconstructing the past vegetation and climate of regions]. 120330
Cuticular **hydrocarbons** of healthy and diseased Japanese beetle larvae [Popillia japonica]. 123978
Penetration of 59Fe [iron isotope] through **isolated** *cuticles* of citrus leaves [Sweet oranges, sour oranges]. 121675
Pesticide effects on the plant cuticle. II. EPTC [S-ethyl dipropylthiocarbamate] effects on **leaf** *cuticle* morphology and composition in Brassica oleracea L. [Cabbage]. 123725
A convenient new medium for rapid preparations of *cuticular* **replicas** [Leaf epidermis]. 119888
Cuticular **waxes** [of Brassica and sunflower seed] and chromatography. 117178

CUTTERS
Silage *cutters*—what they have to offer. 124691
A comparison of the performance of the Savage **tea** *cutter,* Tarry nipper breaker and the Nara tea granulator for the size reduction of particles of black tea [Equipment]. 124732

CUTTINGS
Toxicant spread in laboratory colonies of the *leaf-cutting* **ant** [Atta cephalotes]. 123220
A review of the status of *leaf-cutting* **ants** [Atta and Acromymex] and their control. 123218
The improvement of baits for *leaf-cutting* **ants** [Atta cephalotes, and Acromyrmex octospinosus, alternative types of insecticide]. 123219
Are *clear-cut* **areas** estimated from LANDSAT imagery reliable? [Remote sensing]. 119495
Factors affecting the use of mung **bean** *cuttings* as a research tool in vegetative propagation. 122223
Effect of sucrose on response of *cut* **carnation** [Dianthus caryophyllus] to kinetin, ethylene, and abscisic acid. 121702
Cutting **coefficients** [Lumber]. 119807
Computer may *cut* **costs** $1-2/cord [Logging operation]. 119797
Effect of position, length of *cuttings* and **date** of planting of cuttings on rooting in the red currant variety Heinemanns Rote Spatlese (Preliminary report). 122408
Branch-cutting and **debarking** on standing trees [Experiments with new machines in West Germany]. 119663
Dynamic analysis of the *cutting* **device** of a mowing-cutting-loading machine. 124725
U.S. Soybean **estimate** *cut,* world meal supply lower. 115853
Plains, picking, plans of renovation, *cutting,* **etc.** [Grape culture, France]. 122447
Scalded sausage manufacture in the meat trade. 10. Effect of exposure to light; *cutting,* **filling,** hot smoking and scalding. 116957
Some technological questions of *cut* **flower** producion [Labor productive capacity, East Germany]. 115470
Postharvest physiology of *cut* **flowers.** 117287
Relationships between **forest** *cutting* and understory vegetation: an overview of Eastern hardwood stands. 119641
Studies on the performance of alfalfa swards. IV. Effects of varieties, *cutting* **frequency** and fertilizer levels on the yield and plant numbers. 122060
Alfalfa and trefoil management **[Frequency** of *cutting].* 122155
Nursery practice in relation to the carbohydrate resources of leafless **hardwood** *cuttings.* 122236
Propagation of dogwood [Cornus, varieties] by **hardwood** *cuttings.* 122243
Propagation of Acer palmatum cultivars from **hardwood** *cuttings.* 122244
Reproduction 12 years after seed-tree **harvest** *cutting* in Appalachian hardwoods. 119642
Effect of photoperiodic manipulation on seasonal variation in bud and shoot regeneration of Rieger begonia [Begonia hiemalis] **leaf** *cuttings.* 121668
Environmental control of shoot initiation by Rieger begonia [Begonia hiemalis] **leaf** *cuttings.* 121671
Methods of applying cytokinins to **leaf** *cuttings* of Rieger begonias. 122234
Dynamic analysis of the cutting device of a *mowing-cutting-loading* **machine.** 124725
Inotropic effect of cyclic AMP [adenosine 3',5'-monophosphate] in calf ventricular muscle studied by a *cut* end **method.** 117826
Grapevine propagation—field budding, a **modified** *cut,* and the use of plastic tape. 122225
Practical aspects of rooting and growth of Rimu [Dacrydium cupressinum] *cuttings* **[New** Zealand]. 119565
Effects of *clear-cutting* on **numbers,** biomass and community respiration of soil invertebrates [Includes insects]. 123818
Timing of the **pre-winter** *cut* and relations between the species forming a polyphytic meadow [Grasses]. 122140
Benefits from method study in *cutting* **propagation** [Cotoneaster salicifolius]. 122216
Work output and the worker's strain in *cutting* **pulpwood** for slide-boom loading. 119658
The "Swiss roll" [propagation] method of **raising** *cuttings* and seedlings. 122262
Swann restrictions fail to *cut* **resistant** [Escherichia] coli [Swine]. 118880
Air conditioning in the *cutting* **room** and the meat market. 116971
Direct canning of **rooted** *cuttings* [of ornamental shrubs] into one gallon containers. 122218
Effect of position, length of cuttings and date of planting of *cuttings* on **rooting** in the red currant variety Heinemanns Rote Spatlese (Preliminary report). 122408
Effect of conditioning treatments before shipping and floral preservatives on vase life of *cut* **roses.** 117283
Effect of auxin cofactors on rooting and the effect of gibberellic acid on shoot growth of lilac [Syringa] **softwood** *cuttings.* 121627
Production system for Juniperus horizontalis cultivars in the **South**—*cuttings* to five gallon size. 122240
Propagation using *cuttings;* **a suitable** method for supplying forestry with improved trees. 119571
Replicas of *cut* **surfaces** of apples as an aid in estimating cell size and cell number. 120492
Propagation of Codiaeums (crotons) by **tip** *cuttings* [Queensland]. 122251
U-cut **tips** [Christmas trees]. 119649
Grain sorghum yield response to *cutting* **treatments** at different stages of growth. 122081
Potential for the *cutting* in **tree** improvement and reforestation. 119612
Rooting of olive **tree** *cuttings.* 121658
Methods of determining grain losses on the *cutting* **unit** of the combine harvester. 124749
Propagation of Arctostaphylos **uva/ursi** by *cuttings.* 122247
Studies on the meat quality of broiler rabbits. II. On the chemical composition of the meat of **valuable** *cut-up* parts in New Zealand White rabbits and hybrids of different. 116234
Growth regulators and rooting of *cuttings* of **woody** ornamental plants. 121629
Start now, **you'll** *cut* costs [of wintering the beef herd]. 115523

CUTWORMS
Oviposition and host selection by the **spotted** *cutworm,* Amathes c-nigrum L. [Among vegetables and upland crops]. 123259
The hibernation of the **spotted** *cutworm,* Amathes c-nigrum L. In Tokachi, Hokkaido. 124137
Juvenile hormone effects on the prepupal and pupal stages of the **tobacco** *cutworm,* Spodoptera litura Fabricius (Noctuidae: Lepidoptera). 123301

CYANAMIDE
Antifungal action of *cyanamide* added, in **vitro,** with atrazine [herbicide, Alternaria brassiciola, Dreschslera maydis]. 122552

CYANIDES
Cyanide and **antimycin** A nonsensitive respiration of mitochondria of the yeast Candida lipolytica. 121096
Cyanide **content** in stone fruit products [Alcoholic beverages]. 116055
Hydrogen *cyanide* production by field-grown sorghums [Toxic when ingested by stock]. 121524
Hydrogen *cyanide* detoxification by Gloeocercospora sorghi [Sorghum]. 122704
Cyanide-insensitive **respiration** in root tubers of cassava (Manihot esculenta Crantz.). 121761

CYANOPHYCEAE
Cellular differentiation of terminal regions of trichomes of Oscillatoria **princeps** *(Cyanophyceae)* [Algae]. 120496

CYATHEA
Propagation of tree ferns from spores *[Cyathea* **medullaris,** Dicksonia, New zealand]. 122250

CYATHULA
A new combination in *Cyathula* **[prostrata]** (Amaranthaceae). 120156

CYCLOHEXANE
Process for absolutization of alcohol with *cyclohexane* **[Distilling,** brandy]. 116666

CYCLOHEXIMIDE
Rapid appearance of estrogen receptor in chick liver nuclei: partial **inhibition** by *cycloheximide.* 117680
The effects of *cycloheximide* on the **uptake** and translocation of amino acids in leaves of Sagittaria graminea Michx. 120849

CYCLORRHAPHA
Studies on the external metamorphosis of Musca domestica nebulo Fabr. (Diptera, *Cyclorrhapha,* **Muscidae).** II. Metamorphic changes in the thoracic region. 124015

CYLINDER
An equation for the modulus of elasticity [of agricultural products] of a radially **compressed** *cylinder.* 116837
Use of *cylinder* **conical** large tanks in beer brewing. 116682
Cytoplasmic *cylinders* associated with the nucleus and cell wall of marchantia spermatids [Hepaticae]. 120540
Cooling **short** *cylinders* in air using as a water spray [in the food processing industry]. 116839
A theoretical analysis of the contribution of algal cells to the attenuation of light within natural waters. III. *Cylindrical* and **spheroidal** cells. 121303
Stick removers **versus** *cylinder* cleaners in cotton gins. 117068

CYLINDROCLADIUM
Effect of plant residue amendments and chemical treatments upon the inoculum potential of *Cylindrocladium* **floridanum** in soil. 122728

CYMBIDIUM
Cymbidiums on the **Big** Island [Hawaii]. 122421
Virus diseases of orchids caused by *Cymbidium* **mosaic** virus in Taiwan. 122845
Post-pollination phenomena in orchid flowers *[Cymbidium].* VII. **Phosphate** movement among floral segments. 121590
A new micromethod for serological tests in plant **virology** *[cymbidium].* 122821

CYNIPIDAE
Descriptions of a new genus and two new species of Pteromalidae (Hymenoptera, Chalcidoidea) reared from *Cynipid* **(Hymenoptera)** galls, with notes on some other species. 124255

CYNODON
Coastal **Bermudagrass** *(Cynodon* dactylon sp.) [Culture]. 121897
In vitro production of transelimanses by Helminthosporium apattarnae Desh. & Desh. [Isolated from leaf spot in *Cynodon* **dactylon].** 122630
Control of Bermudagrass *[Cynodon* **dactylon]** in cotton. 123185
Response of 'Sunturf' bermudagrass *[Cynodon* **magenisii]** to slow-release nitrogen sources under greenhouse conditions. 125001

CYPERACEAE
The phylogenetic significance of the development of pollen grain walls in Liliaceae, **Juncaceae** and *Cyperaceae.* 120516
The morphology of some critical Brazilian species of *Cyperaceae* **[New** taxa]. 120409
[Classification of] inflorescence **units** in the *Cyperaceae.* 119936

CYPERUS
Control of nutsedge *[Cyperus* **esculentus]** in horticultural crops. 123117
Control of yellow nutsedge *[Cyperus* **esculentus]** by various herbicides. 123118
Control of yellow nutsedge *[Cyperus* **esculentus]** in field crops. 123119
Control of yellow nutsedge *[Cyperus* **esculentus]** in turf. 123120
Growth, development, and physiology of yellow nutsedge *[Cyperus* **esculentus,** weed control]. 123130
Taxonomy, morphology, anatomy, and composition of yellow nutsedge *[Cyperus* **esculentus,** weed control]. 123150
The probelm: yellow nutsedge *[Cyperus* **esculentus].** 123157
Tuber chemical composition variation among yellow nutsedges *[Cyperus* **esculentus].** 123159
Effect of photoperiod on germination of *Cyperus* **inflexus** seeds. 120972
Purple nutsedge *[Cyperus* **rotundus]:** tropical scourge [Brazil]. 123086
Studies of Navua **Sedge** *(Cyperus* aromaticus). 1. Review of the problem and study of morphology, seed output and germination. 123083

CYPRESS
Arizona *cypress* [Cypressus Arizonica] mortality reduced sharply. 122886
Plant portraits: **Montezuma** *cypress* [Taxodium mucronatum]. 119907

CYPRINUS
Enteric bacteria in **carp** *(Cyprinus* carpio) and white suckers (Catostomus commersoni). 116194

CYSTEINE
Modification of chromosome damage in Vicia faba [broadbeans] by caffeine & *cysteine* **applied** at varying times before & after irradiation. 122950
Pyrrolizidine alkaloid poisoning in rats: protective effects of **dietary** *cysteine*. 119254
Gamma-glutamyl *cysteine* and pyroglutamate in normal and glutathione-deficient erythrocytes of Corriedale sheep. 119197
Titrimetric microdetermination of *L-cysteine* **hydrochloride** separately and in the presence of other natural amino acids. 116833
The storage stability of freeze-dried carrots. III. The content of carotene as affected by the addition of *L-cysteine* **hydrochloride** at various temperatures. 117295
Factors affecting the rate of gluconeogenesis from *L-cysteine* in the **perfused** rat liver [Effects of diets]. 116432

CYSTICERCOSIS
Observations on *cysticercosis* in **Rhodesia.** 1. The distribution of [Cysticercus cellulosae] cysts disclosed in beef carcases at meat inspection. 116255

CYSTICERCUS
Study on the effect of sodium chloride on the inactivation of *Cysticercus* **cellulosae** in the muscle meat of naturally infected swine [Storage of infected pork]. 116252
Observations on cysticercosis in Rhodesia. 1. The distribution of *[Cysticercus* **cellulosae**] cysts disclosed in beef carcases at meat inspection. 116255
The effect of gamma radiation on the *cysticerci* of **Taenia** solium [Tapeworm infested swine, meat contamination]. 118871
Serodiagnostic studies on larval and strobilar phase of Taenia hydatigena with in vitro precipitation test *[Cysticercus* **tenuicollis,** sheep, goats, dogs]. 118919

CYSTINE
Evolution of lysine, methionine and *cystine* in a **peanut** meal after treatment by ammonia. 117177

CYSTS
The effect of the **cereal** *cyst* nematode [Heterodera avenae] on absorption and translocation of nutrients by the roots of oat plants. 122894
Observations on cysticercosis in Rhodesia. 1. The distribution of [Cysticercus cellulosae] *cysts* **disclosed** in beef carcases at meat inspection. 116255
Scanning electron microscopy of syncytial transfer cells induced in [soybean, tobacco] roots by *cyst-nematodes* [**Heterodera** glycines, Heterodera tabacum]. 122716
On the formation of *cysts* in the **ovaries** of cows. 119200
The effect of formalin on **potato** *cyst-nematode,* Heterodera rostochiensis. 122890
Potato *cyst* nematode—danger of infection with use of uninspected seed potatoes. 122985
On the classification of pathotypes of the **potato** *cyst* nematodes Heterodera rostochiensis and Heterodera pallida present in the Federal Republic of Germany. 122997
Comparative electron microscopic study of the *cysts* of **Sarcocystis** fusiformis (Railliet 1897) in the muscle fibers of naturally infected cattle and after experimental infections of calves by sporocysts of Isospora hominis and the large forms of Isospora bigemina from cat and dog. 118894

CYTINUS
Pigments of *Cytinus* **hypocistis.** I. Isoterchebin, the yellow pigment of Cytinus hypocistis (Rafflesiaceae, parasitic plants). 121228

CYTISUS
The **genus** *Cytisus* L. Sensu lato in Poland. 119944

CYTOARCHITECTONICS
Cytoarchitectonics of **lymphoid** organs in chicks in relation to the invasion by Eimeria tenella and immunogenesis. 118926

CYTOCHALASIN
Effects of *cytochalasin* B **(CB)** on the morula-to-blastocyst transformation and trophoblast outgrowth in the early mouse embryo. 117675
Effects of *cytochalasin* B on the **Golgi** apparatus of maize root cells. 121550
Toxicity and plant growth regulator effects of *cytochalasin* H **isolated** from Phomopsis sp. [Fungi]. 120990

CYTOCHEMISTRY
Fine *cytochemical* detection of acid mucopolysaccharides in growing hyphae of Neurospora crassa [Fungi]. 121077
Cytochemical **localization** of polysaccharides in Diplodia maydis [Fungi] with thiosemicarbazide: evaluation of three fixatives for PA: TSC:OS reaction. 120539
An ultrastructural and *cytochemical* **study** of aging in the thyroid of the domestic cat. 117882

CYTOCHROMES
Aryl hydrocarbon hydroxylase activity in the fungus Cunninghamella bainieri: evidence for the presence of *cytochrome* P-450. 120900

CYTOGENETIC
Cytogenetic **analysis** of the complementation groups in the disk of 10A 1-2 chromosome of Drosophila melanogaster. 123879
Comparison of *cytogenetic* **effects** of IAA [indoleacetic acid], NAA [naphthaleneacetic acid] & 2,4-D [2,4-dichlorophenoxyacetic acid] in callus cultures of Haplopappus gracilis (Nutt.) Gray. 120759
Protocols for the dominant lethal test, host-mediated assay, and in **vivo** *cytogenetic* test used in the Food and Drug administration's review of substances in the GRAS (generally recognized as safe) list. 116213

CYTOKININS
Methods of **applying** *cytokinins* to leaf cuttings of Rieger begonias. 122234
The influence of *cytokinin* and **gibberellin** on auxin mobilization: its role in regeneration and apical dominance in Marchantia polymorpha. 120974
Metabolism of N,N'-diphenylurea by *cytokinin-dependent* **tobacco** callus: identification of the glucoside. 121423

CYTOLOGY
Cytological and **biochemical** studies on malate dehydrogenase in growing hyphae of Aspergillus oryzae [Fungi]. 121185
Biopsy *cytology* of mast cell tumour. 119210
The Hyparrhenia involucrata-Hyparrhenia subplumosa (Gramineae) complex in Nigeria: morphological and *cytological* **characterization.** 120430
Cytological and **chemical** changes in cell walls of Rhodotorula gracilis. III. Characteristics and live cycle of the yeast. 121064
Cytology of **Crocus** olivieri and its allies. 120500
The *cytology* of the **gametes** and fertilization of Allomyces macrogynus [Fungi]. 120414
Histopathologic and *cytological* **investigations,** in guinea-pigs on cutaneous allergy. 119189
Rationalisation of *bacteriological-cytological* **milk** testing. 118838
Cytologic **peculiarities** of wheat-rye and wheat-Agropyron amphidiploids. 120807
Quantitative and **qualitative** *cytological* study of reproduction in Delphinium ajacis L. 120563
Some *cytological* **studies** on Mucorales [Fungi]. 120571
Cytological **study** of Ustilago hypodytes (Schlecht.) Fr. And its relations with its host at the level of spore formation. 122772
Evolution, *cytology* and **subgeneric** classification in Moraea (Iridaceae) [New taxa]. 119932
Exfoliative **vaginal** *cytology* of the dog using Wright's stain. 117953

CYTOPATHOLOGY
Cytopathic **effect** of tissue culture adapted strain of rinderpest virus in different cell systems. 118729

CYTOPHAGA
Pectinase production by bacteria associated with improved preservative permeability in Sitka spruce [Picea sitchensis, poles]: synthesis and secretion of polygalacturonate lyase by *Cytophaga* **johnsonii.** 119717

CYTOPHOTOMETRY
Cytophotometry in **physiological** and breeding-genetic studies [Description of apparatus]. 120808
Feulgen-DNA plug and two **wavelength** *cytophotometry* of Bull spermatozoa. 118370

CYTOPHYSIOLOGY
Cytophysiological **approach** of two neuroendocrine interfaces of the hypothalamus: the median eminence and vascular organ of the terminal lamina. Radioautographic study of the duck. 117567
Cytophysiological **manifestations** of the heterotic effect [in plants and mice]. 120700

CYTOPLASM
Light and electron microscope studies of *cytoplasmic* **aggregates** formed in barley cells in response to Erysiphe graminis. 122589
Chemical modifications of histidine residues in *cytoplasmic* **asparate** aminotransferase from beef kidney. 117851
Cytoplasmic **changes** during and after infection of soybean root nodule cells with rhizobia [Nitrogen-fixing bacteria, Rhizobium japonicum]. 121530
Cytoplasmic **cylinders** associated with the nucleus and cell wall of marchantia spermatids [Hepaticae]. 120540
Free *cytoplasmic* alpha-globin messenger RNA appears during the maturation of rabbit reticulocytes. 117679
Heterogeneity of soluble proteins from the *cytoplasm* in **leaves** of wintering plants [winter rye and perennial blue lupine] and the activity of dehydrogenases in relation to the time of the year. 121494
Isolation and properties of *cytoplasmic* **L(+)-lactatoxydase** of Candida lipolytica yeasts. 120941
Permeability of a cell junction and the **local** *cytoplasmic* free ionized calcium concentration: a study with aequorin [Chironomus thummi]. 124069
Cytoplasmic **male** sterility in interspecific rye hybrids. 120660
The use of chemicals and *cytoplasmic* **male** sterility for pollen development control in rye. 120686
Phosphorus and nucleic metabolism in wheat with *cytoplasmic* **male** sterility. 121478
Differential responses to ultraviolet irradiation of the **polar** *cytoplasm* of Drosophila [melanogaster] eggs. II. Response to dose. 124171
Effect of 5-bromodeoxyuridine on the appearance of *cytoplasmic* **poly-A** containing RNA [Chick embryo cells]. 117802
A requirement for *cytoplasmic* **protein** synthesis during chloroplast senescence in the aquatic plant anacharis canadensis. 121317
The *cytoplasmic* **RNA** in the shoot apex of Chrysanthemum segetum L.: concentration, amount per cell and synthesis. 121597
Cytoplasmic **zone** analysis. RNA flow studies by micromanipulation [Chironomus tentans]. 124020

CYTOTAXONOMY
Cytotaxonomy of **Centaurea** subciliaris Boiss. & Heldr. (Section Phalolepis (Cass.) DC.) and related species in the European Mediterranean region. I. 119974
Geographical variation of Asarum caulescens **Maxim** *[Cytotaxonomy].* 120133
Taxonomic studies in Centaurea sect. Calcitrapa. III. *Cytotaxonomic* **notes.** 120093
Floristic and *cytotaxonomic* **publications** on the flora of Switzerland between 1960 and 1972 [New taxa]. 120184
Chromosome numbers and their *cytotaxonomic* **significance** for North American Astragalus (Fabaceae). 120286
Cytotaxonomic **studies** in the tribe Quillajeae (Rosaceae). 119931

CYTOTOXIC
Comparative study of metiazinic **acid** *cytotoxicity* for animal cell and plant cell. 119229
The effect of fetal bovine serum on polyene macrolide **antibiotic** *cytotoxicity* and antifungal activity [for control of tissue culture contamination]. 117740

DACRYDIUM
Practical aspects of rooting and growth of Rimu *[Dacrydium* **cupressinum**] cuttings [New Zealand]. 119565

DACTYLIS
Cocksfoot *[Dactylis]* in the **dry** [Cultivation]. 121901
Relationships between the method of manuring and animal behavior on pastures *[Dactylis* **glomerata].** 3. Effects of lime manuring on pastures and the grazing behavior of young bullocks. 122102
Effects of sowing rate and row width on the seed yield of three grasses [Lolium multiflorum, *Dactylis* **glomerata,** Festuca arundinacea]. 122119
Results of four-years grazing experiments with *Dactylis* **glomerata** in mixture with five leguminous species. II. Differences in soil-covering ability. 122133
Temperate grasses: Lolium, Festuca, *Dactylis,* **Phleum,** Bromus (Gramineae). 121966

DACTYLIUM
The oxidation of terminal D-galactofuranose residues of a galactan and a glycoprotein by a D-galactose oxidase preparation from *Dactylium* **dendroidces** [Fungi]. 120996

DACUS
An in vitro study of the non-specific esterases of the melon fly, *Dacus* **cucurbitae** Coq. and their reactions with organophosphate and carbamate compounds. 123388

DAHLIAS
Induction of local & systemic resistance in Nicotiana glutinosa against tobacco mosaic virus by leaf **extract** of *dahlia.* 122842
About the *Dahlia* [**Varieties,** evolution]. 122202

DAIRY
Factors affecting dispensing rate of an **automatic** *dairy* concentrate feeder. 124737
Bed and board *[Dairy* **barns,** feed equipment]. 124611
A note on the growth of *dairy* **calves** grazing pangola grass [Digitaria decumbens] from 90 to 180 days of age during the dry season. 118043
Infection of *dairy* **calves** with corona virus and bovine virus diarrhea. 118951
Play to your strengths *[Dairy* **cattle** management]. 115334
To test or not to test? *[Dairy* **cattle** management, costs and returns]. 115557
Flexibility is the name of the game *[Dairy* **cattle,** rearing]. 117414
Freze branding *[Dairy* **cattle].** 117415
Lessons from America *[Dairy* **cattle** rearing]. 117416
Genotype-environment interaction for milk yield in *dairy* **cattle.** 117455
Notes on agriculture in midwestern USA *[Dairy* **cattle** husbandry]. 117468
The contribution of research to milk production *[Dairy* **cattle,** rearing]. 117471
Development, state and trends of *dairy* **cattle** farming. 117508
Bossy needs exercise too *[Dairy* **cattle].** 117530
Determination of some hemato-chemical parameters of *[dairy]* **cattle** for the control of milk production. I. Medium-normal values related to Ferrara province. 117845
Kale as a feedingstuff *[Dairy* **cattle].** 117964
Potatoes as a stock feed [Silage, *dairy* **cattle].** 117965
Feeding straw and molasses to *dairy* **cattle.** 118018
Lessons from America *[Dairy* **cattle,** feeding]. 118053

Nutrient requirements of *dairy* **cattle.** 118063
High milk yields from dried lucerne *[Dairy* **cattle].** 118066
Straw, a possible solution for the lack of forage *[Dairy* **cattle].** 118107
Grass forage as a concentrate for *dairy* **cattle.** 118126
Factors affecting progesterone in milk for pregnancy diagnosis in *dairy* **cattle.** 118232
How much emphasis should be put on type? [Sire evaluation, *dairy* **cattle].** 118270
Control and safeguarding of udder health of conventionally reared heifers and young cows in preparation of the opening of a *dairy* **cattle** unit for 2,000 animals. 118504
Withdrawal times for products used in *dairy* **cattle** and calves [Drugs]. 118584
Bacterial contamination of indoor air of *dairy* **cattle** barns. 3. Technological factors and their influence on quantitative bacterial contamination. 118826
Improvement of milk quality and mastitis control *[Dairy* **cattle].** 118943
Mastitis control in the United Kingdom *[Dairy* **cattle].** 118944
Milk fever *[Dairy* **cattle,** therapeutic feeding]. 119144
Incidence of ketosis in *dairy* **cattle** stock. 119163
Planning of random sampling in metabolic control of *dairy* **cattle** herds. 119169
Aetiology and pathogenesis of abomasal displacement in *dairy* **cattle.** 119271
Milk production in the Dresden district: socialist competition differentiated and made comprehensive; steps for inclusion of every *[dairy]* **collective** [East Germany]. 115412
Effect of nisin [an antibiotic produced by certain strains of the **common** *dairy* organisms Streptococcus lactis] on heat resistance and gas production of some spore-formers. 116927
The concentration of *dairy* **companies** and production units in the Netherlands. 115945
ME and you. **Cost-effective** *dairy* feeding. 118054
Coefficients of repetition of the content and amount of milk protein and fat [Study of *dairy* **cow** productivity]. 116921
Effect of body condition at calving on reproductive performance in *dairy* **cow.** 118325
Sanitation service of the *[dairy* **cow]** udder in Bavaria. 118549
Prophylaxis concepts and mastitis control in the *dairy* **cow** in intensive rearing in the Czechoslovak Socialist Republic. 118945
Yeasts grown on normal alkanes as protein source for *dairy* **cows.** 117978
Effect of zinc deficiency and varying zinc supplements on the rate of zinc absorption and zinc retention in *dairy* **cows.** 117984
Studies investigating the excretion of acetyl urea in the milk of *dairy* **cows** receiving oral doses of 14C [carbon isotope] acetyl urea. 117993
Studies with *dairy* **cows** investigating the dietary effect of mixtures of compressed straw + concentrates prepared from crude and NaOH [sodium hydroxide] treated cereal straw. 1. Digestibility and milk production. 118006
Studies with *dairy* **cows** investigating the dietary effect of compressed straw + concentrates prepared from crude and NaoH [sodium hydroxide] treated cereal straw. 2. Composition of ruminal fluid and protozoa population. 118007
Urea [fed to *dairy* **cows]** proved harmless at twice the rate. 118114
Response of some parameters of metabolism in *dairy* **cows** to ammonified straw pellet feed. 118121
Paddoci feeding of *dairy* **cows.** 118124
The specific effect of fodder beets on the feed intake by *dairy* **cows.** II. 118156
The use of milk progesterone radioimmunoassay in the diagnosis and treatment of subfertility in *dairy* **cows.** 118238
A cost-benefit analysis for a monitoring system to detect estrus in *dairy* **cows.** 118241
Inspection of milking machines and equipment and the sanitation problem of the udder *[Dairy* **cows].** 118548
A case of molasses engorgement in *dairy* **cows.** 119101
A veterinary institute at regional level and its approach to metabolic control of *dairy* **cows** on industrialized units. 119149
Aspects relating to the problem of "subclinical" diseases, described by reference to ketosis in *dairy* **cows.** 119152
Establishing the initial stage of fat autooxidation in **dry** *dairy* products by means of ultraviolet spectrophotometry. 116926
'One-shot' cleaning of pipeline installtions *[Dairy* **equipment,** farm costs]. 124698
South of the Waitaki *[Dairy* **farming,** milk supply]. 115457
Rentability calculations concerning the establishment of *dairy* **farming.** 115500
The last lesson from America **[Feeding** *dairy* cattle]. 118055
Feeding *dairy* cows in Zambia. 118061
Don't let your SNF [solids-not-fat] fall **[Feeding** *dairy* cattle]. 118123
Research on the use of dehydrated whole maize plant in **feeding** *dairy* cattle for the purpose of producing Parmigiano-Reggiano cheese. 118168
Electrophoretic comparison, by cellulose acetate and nitrate, of protidic fractions on **healthy** *dairy* cattle and buffalo serums. 117913
Call for "return to basics" **helps** *dairies* face future operational changes to meet market demands. 115953
Results obtained from metabolism checks on **idustrialized** *dairy* units. 119174
Measures for healthy and rapid growth of **Indian** *dairy* and livestock industry. 115929
Clinical-chemical examinations to protect **industrialized** *dairy* production units against metabolic diseases. 119157
Plan now for impending changes in United Kingdom weights and measures legislation *[Dairy* **industry].** 115714
The *dairy* **industry** in the Karl-Marx-Stadt district: creation of greater supply efficiency by concentration and specialization [Economic aspects, East Germany]. 115937
Effect of nisin [antibiotic produced by Streptococcus lactis] in the presence of L-alanine on the germination and outgrowth of Bacillus sublitis spores [used in the food and *dairy* **industry].** 116845
1975 activity report of the German Teaching and Research Institute for the *Dairy* **Industry** in Wolfpassing. 116871
Treatment of wastewaters of the *dairy* **industry.** 125529
Estimating the shape of the lactation curve [for Holstein and **Jersey** *dairy* cattle]. 117409
Dried orange pulp versus ground corn ears in concentrated mixed rations for **lactating** *dairy* cows. 118159
Treatment and prophylaxis of thelaziasis of calves on **large** *dairy* farms. 119015
The EEC's [European Economic Community] efficiency problem *[Dairy* **market].** 115595
Dairy **market** statistics: 1975 annual summary. 115782
A new Australian standard for *dairy* **milking** machines. 124665
Purification, properties and immunological relationship of l(+)-lactate dehydrogenase from Lactobacllus casei *[Dairy* **organisms].** 116872
Progurt, a new fermented *[dairy]* **product;** its technology of processing an dietetic values. 116876
Dust control versus dust collection [in *dairy* **product** processing plants]. 125376
Economics of khoa in northwest India *[Dairy* **products,** production input and costs]. 115508
Local market is worth $500 million [Australia, *dairy* **products].** 115581
When is a marketing board not a marketing board? *[Dairy* **products].** 115596
The milk and *dairy* **products** marketing scene. 115715
Detection and enumeration of coagulase positive Staphylococci in *dairy* **products.** 1. New method. 116047
Antibiotics affect everybody's health and your pocket [Residues in *dairy* **products].** 116070
The German Agricultural Association replaces group tests with individual tests *[Dairy* **products,** quality]. 116084
Occurrence of Klebsiella pneumoniae in *dairy* **products.** 116201
Polyunsaturated meat and *dairy* **products** in fat-modified food patterns for hyperlipidemia. 116405
The future in nutritional biology *[Dairy* **products].** 116483
Assessment of two chemical assays for available lysine [Rats, diets, *dairy* **products].** 116485
Determination of moisture content in *dairy* **products** without calculation with Mettler PT -scales. 116847
Chhana and chhana-based sweets *[Dairy* **products].** 116880
Evaluation of turkey litter silage as a feed source for **replacement** *dairy* heifers. 118174
Hans Martin Jensen, 12 January 1899-29 June 1975 *[Dairy* **scientists].** 116853
Dairy **sector** should seek investment aid to meet likely milk boom [Policies, price support]. 115711
The potential effects of various fat and protein differentials on returns to **selected** *dairy* farmers [Prices]. 115560
Collapsible metal tubes as containers for **semi-fluid** *dairy* products. 124685
Gaining a balance in *dairy* **supplies** will test the CAP [Common Agricultural Policy]. 115944
Organization of metabolic control in a *dairy* **unit** with 2,000 head of cattle [Detection of disorders]. 119166
Milk production by **Vermont** *dairy* cattle after deworming (two dewormings during the first 90 days of lactation). 119052
Basics for a **world** *dairy* cattle market [Holstein-Friesian cattle]. 118192

DAISIES

A Phytophthora [cryptogea] disease of **African** *daisies* (Osteospermum spp.) [Osteospermum fruticosum, Osteospermum ecklonis] in California. 122743

DALBERGIA

Wood: ally in war on pests [Cinnamylphenols of *Dalbergia* as a **new,** more biodegradable insecticide]. 123217

DAMPING

Some aspects of the control of *damping* off of **[forest** tree] seedlings [by disinfection of soil with fumigants]. 119374
Susceptibility of some conifer species [Pinus, Cedrus, Cupressus] to *damping* off [a **fungal** disease caused by Fusarium species]. 122592

DAMS

Influence of slaughtering weight on carcass characteristics of F1 crossbred young bulls obtained by Friesian and Brown **Alpine** *dams* sired by Red Pied, Piemontese, Romagnola, Chianina and Marchigiana bulls. 118397
Influence of forest soils on the water requirements (amount and quality) from forested catchment **areas** of *dams.* 119305
Use of herbicides, fungicides and insecticides in forestry with special regard to the special importance of water catchment **areas** of *dams.* 123706
Carcass traits of lambs produced by **crossbred** *dams* of Finnsheep, Dorset and Rambouillet breeding and slaughtered at two weights. 117016
Control of aquatic vegetation in **farm** *dams.* 123188
Rio Grande do Sul plan for *dam* **operations** [Rice irrigation capacities]. 125308
Dam the **park** [Floods]. 125351
Dam-offspring **relationships** in the cattle of the Estonian Red breed. 117923
Importance of areas used for forestry for protecting drinking **water** *dams* and maintenance of quality of dammed up waters. 119304
Plan and management of forest stands in catchment areas of drinking **water** *dams* from the view of forestry. 119441
Effects of the use of pesticides in drinking **water** *dam* catchment areas on the quality of surface waters. 123703

DANAIDAE

A study of the peninsular Florida populations of the monarch butterfly (Danaus P. **plexippus;** *Danaidae).* 124058
Summer monarch (Danaus plexippus) in southern **Texas** *(Danaidae).* 124324

DANAUS

A study of the peninsular Florida populations of the monarch **butterfly** *(Danaus* P. plexippus; Danaidae). 124058
Summer **monarch** *(Danaus* plexippus) in southern Texas (Danaidae). 124324

DASYCLADACEAE

Ultrastructure during development of the nucleus of Batophora oerstedii (Chlorophyta; *Dasycladaceae)* **[Algae].** 120498

DATURA

Sesquiterpenoid stress compounds of *Datura* **stramonium:** biosynthesis of the three major metabolites from (1,2-13C[carbon isotope]) acetate and X-ray structure of 3-hydroxylubimin. 121009
Regeneration of plants from cell suspensions [of carrot, *Datura,* **tobacco** and soybean] frozen at -20, -70 and -196 degrees C [Celsius]. 121528

DAUCUS

Carrot: *Daucus* **carota** (Umbelliferae). 122350
Yield, rate of growth an dmorphological characteristics of the roots of the **carrot** *(Daucus* carota L.) in autumn-winter-spring cycle, in relation with plant population and fertilization. 122467

DDT

DDT as an **accelerator** of limb regeneration and molting in fiddler crabs. 123709
The Douglas fir tussock moth [Orgyia pseudotsugata] *DDT* **application** of the summer of 1974: effects of the DDT on non-target organisms and residue, accumulation in vertebrate animals. A progress report—February 1975. 123494
Effects of **chronic** *DDT/DDE* exposure on anesthetic induction and recovery times in rainbow trout (Salmo gairdneri). 123730
Retention of molecules of 1.1. Dichloro-2-2 bis (p-chlorophenyl)-ethylene on some metalic oxides *[DDT* **decomposition,** soil contamination]. 123684
Effects of marine pollution (petroleum, *DDT,* **detergents)** on the flora of the seas [and oceans]. 125521
Economic assessment of proposed toxic pollutant standards for manufacturers and formulators of aldrin/dieldrin, *DDT,* **endrin** and toxaphene. 123743
Determination of polychlorinated biphenyls with *DDT* **metabolites** by reaction gas chromatography. 123740
The Douglas fir tussock moth [Orgyia pseudotsugata] DDT application of the summer of 1974: effects of the *DDT* on **non-target** organisms and residue, accumulation in vertebrate animals. A progress report—February 1975. 123494
Genetic analysis of resistance factors in a wild strain of the house fly (Musca domestica) resistant to *DDT* and some **organophosphorous** insecticides. 123675
Elimination of *p,p-DDT,* **p,p-dichlorodipenyldichloroethylene,** p,p-tetrachlorodiphenylethane and gamma-bezene hexachloride from water with aluminum sulfate coagulation. 125370
Distribution of **residual** *DDT* anounts in organs and tissues of fish in the Kiev water reservoir. 123761
Volatility, in an aqueous medium, of *DDT* **retained** on homoionic vermiculite [Water and air pollution]. 123685
DDT in **sediments** and organisms around southern California outfalls. 123734
Degradation of *DDT* in **soil.** 123690
Douglas-fir tussock moth [Orgyia pseudotsugata] 1974 operational **spraying** of *DDT.* 123489

DEALERS

Are **Scottish** *dealers* missing big opportunity? [Equipment]. 124711

DEATH

Prediction of microbial [Staphylococcus aureus] *death* during **drying** of a macaroni product [Quality]. 116202

Duck *deaths* from accidental ingestion of anthelmintic [2,2-dichlorovinyl dimethyl phosphate]. 118623
Placental fine structure after experimental **embryonic** *death* in cows. 117835
Infectious diseases involving sterility and **fetal** *death/abortion* in sows. 118855
Johann Georg von Langen (1699-1776) and his importance to forestry. On the 200th anniversary of his *death* **[Foresters].** 119319
Some very young **grapes** *died* in Bas-Longuedoc and Provence [caused by mildew]. 122766
Power farming in the *dead* **heart** [Center of Australia, farm equipment]. 124714
Death **knell** for the house fly? [Musca domestica]. 123594
Emiel van Rompaey, *deceased* **[Plant** geographers, Netherlands]. 121930
"Stomacher" Trichinella control method. Proposal for a new diagnostic routine technique for **post** *mortem* demonstration in routine control [Meat inspection]. 116071
German wine in a *dead* end? **[Quality].** 116022
Sudden *deaths* in yearling feedlot cattle. 118481

DEBARKING

Branch-cutting and *debarking* on **standing** trees [Experiments with new machines in West Germany]. 119663

DEBONING

Regulatory considerations **concerning** *mechanically-deboned* red meat. 116153
Mechanically-deboned **fish** flesh. 116748
Protein quality of **mechanically** *deboned* poultry meat as measured by rat PER [Protein efficiency ratio]. 116509
Mechanically-deboned **poultry** meat. 117047
Mechanically-deboned **red** meat. 117004

DEBRIS

Control of Culex pipiens fatigans (W) by the larvivorous fish Poecilia reticulata and by removal of *debris* from the **breeding** habitat. 123667
Runoff creep of **coarse** *debris:* experimental data and some field observations. 125197
Control scheme for **monitoring** *debris* in stone groundwood [Pulp quality]. 119798

DECARBOXYLASES

Catalytic properties of **alpha-ketoglutarate** *decarboxylase* from bovine brain. 117604

DECARBOXYLATION

Assessment of effect of starvation, glucose, fatty acids and hormones on *alpha-decarboxylation* of **leucine** in skeletal muscle of rat. 116420

DECAY

Composting for beginners: a recipe for **fruitful** *decay.* 125043
Investigations on the causes of **postharvest** *decay* in imported citrus fruits [Fungus diseases]. 122674
R23979, a new imidazole derivative effective against **postharvest** *decay* of citrus by molds [Penicillium italicum, Penicillium digitatum, Geotrichum candidum] resistant to thiabendazole, benomyl and 2-aminobutane. 122760
Decay **risk** for sugar maple borer [Glycobius speciosus] scars [Acer saccharum]. 123477
Identification of polysaccharide-producing black yeasts [Rhinocladiella, *decay* of **wood** pulp and paper]. 119757

DECEASED *see* DEATH

DECIDUOUS

Investigation of *deciduous* **wood** lignin. II. Splitting of aspen lignin under nucleophilic action. 119737
Investigation of *deciduous* **wood** lignin. III. Reduction splitting of aspen native lignin. 119738
Production of glycosyl urea on the basis of hydrolysates of *deciduous* **wood** hemicelluloses. 119741
Study of carbohydrate content of various *deciduous* **wood** tissues. 119744
Ornamental aspects of [varieties of] *deciduous* **woody** plants in the beautification of Moscow. 122197

DECOMPOSITION

Decomposition of **benzoyl** peroxide in [cotton] cellulose. 117097
The properties and composition of wood **cellulose** *decomposition* products obtained under the action of hydrogen chloride at pressure. 119748
Identification and phytotoxic activity of compounds produced during *decomposition* of **corn** and rye residues in soil. 122973
Retention of molecules of 1.1. Dichloro-2-2 bis (p-chlorophenyl)-ethylene on some metalic oxides **[DDT** *decomposition,* soil contamination]. 123684
Vitamin-formation ability of *cellulose-decomposing* **fungi** [isolated from soil]. 124824
Decomposition of **lignin** and cellulose components of wood of Swietenia mahogani, Casuarina equisetifolia and Mimusops elengi by Fomes durissimus lloyd [Wood-destroying fungi]. 119678
Cellulose-decomposing **microorganisms**—producers of amino acies [in soils]. 124814
Biological activity of **microorganisms** *decomposing* the [plowed under] green-manure lupine. 124996
Decomposition of **organic** acids during processing and storage[of a processed food product]. 116781
Decomposition of **plant** residues and the synthesis of vitamins by [soil] microorganisms. 124816
Residues of four ethylenebis(dithiocarbamates) and their *decomposition* **products** on field-sprayed tomatoes. 116179
Autointoxication mechanism of Oryza sativa [rice]. I. Phytotoxic effects of *decomposing* **rice** residues in soil. 122972
Auxins and auxin-like substances synthesized by *cellulose-decomposing* **[soil]** fungi. 124813
Cellulose-decomposing **[soil]** microorganisms—producers of gibberellin and gibberellin-like substances. 124815
Gibberellins and gibberellin-like substances synthesized by *cellulose-decomposing* **[soil]** fungi. 124817
Oxidizing enzymes of *cellulose-decomposing* **[soil]** fungi. 124819
Dynamics of litter fall in forests on Brown and Pseudopodzolic **soils** [and its *decomposition].* 125552
Thermographic study of lignin model compounds. VII. **Thermal** *decomposition* of ethylguaiacylmethane and diisoeugenol. 119750

DECOMPRESSION

Decompression-induced **decrease** in nitrogen elimination rate in awake dogs. 117773
Treatment of gastric dilatation-volvulus by **gastric** *decompression* and patient stabilization before major surgery [Dogs]. 119122

DECONTAMINATION

Installation of purification for the edible molluscs Lamellibranchia **[Food** *decontamination].* 116172
Proprionic acid for fungus control [and feed preservation, **mycotoxins,** *decontamination].* 117327
Rational *decontamination* of the soil with chemicals. 122796

DECORATION

Susceptibility to cracking of particle boards covered with *decorative* **paper.** 119674

DEER

The modified card agglutination test: an accurate tool for detecting anaplasmosis in Columbian **black-tailed** *deer.* 118815
Does the *deer* **destroy** its environment? [Forest damage]. 119307
We should train managers to be indecisive and to **pass** the *buck.* 116622
Contribution to the parasites of **roe** *deer* in forests. 119062
Parasitism among **white-tailed** *deer* and domestic sheep on common range. 118813
White-tailed *deer* of U.S. Naval Ammunition Depot Crane. 119408

DEFENSE

Hilltopping and *defence* **behaviour** in a diurnal agaristid moth [Comocrus behri]. 123823
In *defense* of S.3091 **[Forestry,** legislation]. 119504
Immunological *defense* mechanisms with special reference to bovine animals. 118955
In *defense* of the good **old** lecture method. 116620

DEFICIENCY

Essential fatty **acid** *deficiency* in adults receiving total parenteral nutrition. 116279
Ecdysone *deficiency* in juvenile hormone treated larvae of the German cockroach, Blattella germanica (L.). 123938
Gamma-glutamyl cysteine and pyroglutamate in normal and *glutathione-deficient* **erythrocytes** of Corriedale sheep. 119197
Cultural practices and anemia in Nigeria **[Iron** *deficiency].* 116513
Injection of iron dextran in addition to iron glutamate for baby pigs suffering from **iron** *deficiency.* 119270
Magnesium, calcium and zinc levels of maternal and fetal tisues in **magnesium** *deficient* rats. 116434
Teratogenic effects of **magnesium** *deficiency* in rats. 116439
Chronic follicular laryngitis and **main** *deficiency* "laryngeal whistling". 119078
Molybdenum *deficiency* in melons in a Planosol from the Tavira area (Algarve, Portugal) [Chlorosis, fertilizers]. 122885
Frequency and spectrum of *chlorophyll-deficient* **mutations** in rice after treatment with radiation and alkylating agents. 120782
Interaction of genes and metals in development [in **nutritional** *deficiency].* 116326
Transport of 14C [carbon isotope] in cotton in the conditions of **oxygen** *deficiency* of roots. 121452
Photosynthesis and carbonic anhydrase activity in Zn[zinc] *deficient* **peaches** irradiated with ultraviolet light. 121676
Preliminary studies of the effects of an induced **phosphate** *deficiency* on carbohydrate-nitrogen ratios in Alternanthera philoxeroides (Centrospermae: Amaranthaceae) and on the feeding of Agasicles hygrophila (Coleoptera: Chrysomelidae). 123905
Studies on the effects of the spices as an appetizer on the healthy and **potassium** *deficient* rats. 116472
Improvement of growth hormone response to stmulation in primary aldosteronism with correction of **potassium** *deficiency.* 116482
Insulin and glucose intolerance in malnourished rats [Malnutrition, **potassium** *deficiency].* 116517
The effect of carbohydrates and fats in the diet on the intensity of lipid metabolism changes in **protein** *deficiency.* 116570
Testis metabolism in **protein** *deficiency:* effect of PMS [pregnant mare serum] gonadotrophin and testosterone propionate [Rats]. 117766
Response of the prostatic complex of **protein** *deficient* rats to sex hormones. 118336
Abortion and cannibalism in squirrel monkeys (Saimiri sciureus) associated with experimental **protein** *deficiency* during gestation. 119143
Malate dehydrogenase and glucose-6-phosphate dehydrogenase activitiy in livers of *Ni[nickel]-deficient* **rats.** 118019
A simple test for glutathione peroxidase and **selenium** *deficiency* [Animals]. 119201
Ultrastructural changes in skeletal muscle of **selenium-vitamin** *E-deficient* chicks. 119069
Thiamin *deficiency* and the pentose phosphate cycle in rats: intracerebral mechanisms. 116440
Physiological studies on the effects of nutritional imbalance on the central nervous system: effects of **thiamine** *deficiency* on the regional protein metabolism in the brain of chicken, Gallus domesticus. 117642
Ascorbate supplements in **vitamin** A *deficiency.* 116511
Pernicious anemia and mental dysfunction [due to **vitamin** B12 *deficiency].* 116520
Zinc *deficiency* in the weanling rat: effects on liver compositon and polysomal profiles. 116444
Effect of **zinc** *deficiency* and varying zinc supplements on the rate of zinc absorption and zinc retention in dairy cows. 117984

DEFICITS

French survey reveals **forage** *deficit* [Economic effects of drought, situation study]. 115850
Italy's deposit plan eases **trade** *deficit,* fluidity problems. 115652
Calculation of plant transpiration and productivity in the conditions of **water** *deficit* on the basis of a mathematical model. 121350
Water *deficits* in timberline trees [Eucalyptus pauciflora] in the snowy mountains of southeastern Australia. 121822
Effect of plant **water** *deficits* of various growth stages on growth, grain yield and leaf water potential of irrigated grain sorghum [Drought tolerance]. 122059

DEFOLIATION

Computer analysis and mapping of gypsy moth [Porthetria dispar] *defoliation* **levels** in Pennsylvania using LANDSAT-1 digital data [Remote sensing]. 123475
The effect of *defoliation* on **storage** potential of bulbs of the onion (Allium cepa). 117217

DEFORMATION

Movements and **cellular** *deformations* during evagination of Drosophila imaginal discs. 123851
Strain rate effects in similitude modelling of **plastic** *deformation* of [protection] structures subject to impact loading [Tractors]. 124741

DEGENERATION

The appearance of *degenerating* **dorsal** columm tract in the clava and cuneate tubercle of the dog after surgical and ischaemic injury. 117693
An outbreak of lipoid **liver** *degeneration* (LLD) in Atlantic salmon [Salmo salar] in a fish farm and attempts to cure the disease. 119272
Naturally-occurring *degeneration* in chick muscle development: ultrastructure of the M. complexus. 117763
Cachonina illdefina sp. Nov. (Dinophyceae): chloroplast tubules and *degeneration* of the **pyrenoid** [Algae]. 120136

DEGRADATION

The **biological** *degradation* of arginine and glutamic acid in seawater in relation to the growth of phytoplankton. 121268
Degradation of **bromophos** in stored wheat [Insecticide residues]. 116161
Formation of carboxylic acids by *degradation* of **carbohydrates** during kraft cooking of pine [Wood pulping]. 119816
The *degradation* of 14C **[carbon** isotope]-lindane by a mould culture. 123742
Degradation of **DDT** in soil. 123690
The **hydrothermal** *degradation* of cellulosic matter to sugars and their fermentative conversion to protein [Candida utilis, yeasts]. 121158
Effect of mycotoxins on uptake and *degradation* of **[125I]albumin** [iodine isotope] in mouse liver and kidney lysosomes. 119256
The importance of phenol oxidase activity in **lignin** *degradation* by the white-rot fungus Sporotrichum pulverulentum. 119650
The *degradative* **metabolism** of juvenoids by insects. 123955
Microbial *degradation* of condensed tannins [from Pinus radiata bark]. 119809
Effect of soil pH [hydrogen-ion concentration] on **microbial** *degradation,* adsorption, and mobility of metribuzin [herbicide]. 123205
Protection of Cucumis leaf pigments against **photo-oxidative** *degradation* during chilling. 117210

Pigment *degradation* in discs of the thermophilic Cucumis sativus [cucumber] as affected by light, temperature, sugar application and inhibitors. 121751
Phenolic substances in Armagnac brandies. I. Extracted lignin and its *degradation* **products.** 117269
Degradation **products** from aflatoxin B1 by Cornyebacterium rubrum, Aspergillus niger, Trichoderma viride and Mucor ambiguus [Fungi]. 121042
Role of **protein** *degradation* in the growth of livers after a nutritional shift [Mice]. 116299
Effects of food deprivation on protein synthesis and *degradation* in **rat** skeletal muscles. 116290
Degradation of **sorbic** acid by bacteria [Wine manufacture]. 117227
Degradation of the **texture** of fruits processed in syrup. Study on the hydrolysis of protopectin of apricots. 117267
The **thermal** *degradation* of tobacco. VI. Influence of extraction on the formation of some major gas phase constituents. 117071
Mechanism of *degradation* of **thiofanox** [systemic insecticide] in aqueous solutions. 123240
Adaptive response of lysine and **threonine** *degrading* enzymes in adult rats. 116417

DEHYDRATION

Experimental studies into the pathophysiology and therapy of *dehydration* of **calves.** 119160
Influence of high-molecular **cationic** *dehydrating* agents on the electrokinetic properties of cellulose. 119780
Nutritional evaluation of *dehydrated* **cattle** manure using sheep. 118032
The effect of temperature and *dehydration* of the **dried** seeds on the biological properties of rye introduction. 121469
Research on the use of *dehydrated* whole **maize** plant in feeding dairy cattle for the purpose of producing Parmigiano-Reggiano cheese. 118168

DEHYDRATOR

How to build a portable electric **food** *dehydrator.* 116526

DEHYDROGENASES

Protein crystals and bundles of tubules in yeast cells. IV. Biochemical and electronmicroscopical studies on the induction of crystals of **alcohol** *dehydrogenase* (ADH) [Saccharomyces carlsbergensis]. 121389
Diet-induced alterations in distribution of multiple forms of **alcohol** *dehydrogenase* in Drosophila. 124095
Subcellular localization of the F1 and F2 isozymes of horse **liver aldehyde** *dehydrogenase.* 117572
Comparative histochemical studies on avian liver. 5. Relationships of dietary preferences with distribution patterns of lipase, esterase and **beta-hydroxy-butyrate** *dehydrogenase* in the livers of various representative birds. 117873
The measurement of 3 **beta-hydroxysteroid** *dehydrogenase* in ovaries of fowls (Gallus domesticus). 117699
Development of 3 **beta-hydroxysteroid** *dehydrogenase* in the ovary of the domestic fowl during sexual maturation. 118348
Nutritive muscular dystrophy of cattle. 6. Activity of serum enzymes alkaline phosphatases, aldolases, *lactate-dehydrogenases* and **creatine-phosphokinases** in the course of "white muscle disease in young cattle. 119202
Uridine **diphosphoglucose** *dehydrogenase* in the intervertebral disc [of an old sheep and a young pig]. 117705
Malate dehydrogenase and **glucose-6-phosphate** *dehydrogenase* activitiy in livers of Ni[nickel]-deficient rats. 118019
Effect of lower temperature on malate and **glutamate** *dehydrogenase* of chloroplasts in winter wheat. 121445
Influence of substrates and coenzymes on the role of manganous ion in reactions catalyzed by pig heart triphosphopyridine nucleotide-dependent **isocitrate** *dehydrogenase.* 117589
Effects of early severe malnutrition on heart and skeletal muscle **lactate** *dehydrogenase* [Rats]. 116429
A comparison of some kinetic properties of soluble and bound [chicken] **lactate** *dehydrogenase* isoenzymes at different temperatures. 117657
Electron microscopic localization of **lactate** *dehydrogenase* in osteoclasts of chick embryo tibia. 117704
Purification, properties and immunological relationship of **l(+)-lactate** *dehydrogenase* from Lactobacllus casei [Dairy organisms]. 116872
L-rhamnose *dehydrogenase* of Pullularia pullulans [Fungi]. 120931
Histochemical studies on pigeon definitive feathers during post-hatching, induced and regenerative modes of development. IV. Succinate and **malate** *dehydrogenases.* 117874
Malate *dehydrogenase* and glucose-6-phosphate dehydrogenase activitiy in livers of Ni[nickel]-deficient rats. 118019
Cytological and biochemical studies on **malate** *dehydrogenase* in growing hyphae of Aspergillus oryzae [Fungi]. 121185
Malate *dehydrogenase* in the fusarial wilt disease of peas [fusarium oxysporum]. 122709
Biochemical characterization of allelic forms of soluble **malate** *dehydrogenase* of Drosophila melanogaster. 123975
Relation of the condition of water with respiration intensity and activity of *dehydrogenases* [in **plants**]. 121112
Heterogeneity of soluble proteins from the cytoplasm in leaves of wintering plants [winter rye and perennial blue lupine] and the activity of *dehydrogenases* in **relation** to the time of the year. 121494
The activity of **succinate** *dehydrogenase,* content of lipoids and protein in the mitochondria of winter wheat [Varieties]. 121497

DELICATESSEN

Meat products in self-service packs. Ready meat dishes and *delicatessen* **products,** deep frozen foods with a meat base. 116985

DELIGNIFICATION

Contribution to the characterization of sodium **chlorite** *delignification* of spruce wood. III. Lignin and polysaccharide complexes in chlorite liquors. 119770
Ethanol-water *delignification* of wood—rate constants and activation energy [Pulping]. 119815
Mechanisms of *delignification* in the **oxygen-alkali** system [Pulping]. 119820

DELPHACIDAE

Contribution to new systematics presented by the example of two Javesella [azorica, Javesella pellucida] species (Homoptera, **Cicadina,** *Delphacidae).* 124477

DELPHINIUM

Quantitative and qualitative cytological study of reproduction in *Delphinium* **ajacis** L. 120563
The structure of alkaloid A from *Delphinium* **bicolor** Nutt. 121376
The structure of staphigine and staphirine. Two novel bisditerpene alkaloids from *Delphinium* **staphisagria.** 121194

DELTAS

Metabolism of *Delta7-* and **Delta5,7-** sterols by Phytophthora cactorum [Fungi]. 120934
Transformations of steroid compounds with Rhizopus sp. [Fungi]. II. 11 alpha-hydroxylation of *delta* **4-3-ketosteroides** of the pregane and androstane groups. 120854
Interconversion of cholinesterase enzyme activity units by the **manual** *Delta* pH [hydrogen-ion concentration] method and a recommended automated method [Organophosphorus and carbamate pesticide intoxication]. 123694
Plant succession on an active tundra mud slump, Garry Island, Mackenzie **River** *Delta,* Northwest Territories [Senecio congestus, Arctagrostis latifolia, Eriophorum scheuchzeri, vegetation]. 120333
Metabolism of Delta7- and *Delta5,7-* **sterols** by Phytophthora cactorum [Fungi]. 120934
Synthesis of *delta-aminolaevulinate* **synthase** by isolated liver polyribosomes [Chick embryos]. 117586
Introduction of Arundo donax L. In the *delta* of the **Volga** River [as source of cellulose]. 122518
On the effect of *glucono-delta-lactone* on the **yeast** Pichia polymorpha. 120913

DEMODEX

Further studies on the therapeutic and immunologic aspects of generalized demodectic mange in the dog *[Demodex* **canis].** 123638
Demodex **folliculorum,** the follicle mite of man. 123644
Demodectic mange in the eyelid of domestic ruminants in **Iran** *[Demodex].* 123607

DEMODICIDAE

Pathogenesis [demodicosis] associated with hair follicle mites **(Acari:** *Demodicidae).* 123591

DEMODICOSIS

Pathogenesis *[demodicosis]* **associated** with hair follicle mites (Acari: Demodicidae). 123591

DEMOGRAPHY

Demographic and **attitudinal** correlates of nutrition knowledge. 116448

DENATURANTS

Studies on *denaturants* that can be added to **powdered** milk [used as feed]. II. [Fish oil in calf fattening]. 117352

DENATURATION

Quality of protein in milk replacers for young calves. IIi. Rennet coagulation and *undenatured* **whey** protein nitrogen content of skim milk powders and commercial milk replacers. 118037

DENDRITES

Conduction velocity along the afferent **vagal** *dendrites:* a new type of fibre [Cats]. 117823

DENDROBIUM

Inorganic salts & differentiation of protocorms in seed callus of an orchid & correlated changes in its free amino acid content *[Dendrobium* **fimbriatum].** 121691

DENDROCALAMUS

Studies on bamboo *[Dendrocalamus* **strictus]** thiolognins [Sulphate pulping process]. 118328

DENDROCTONUS

2-phenylethanol isolated from bark beetles *[Dendroctonus* **brevicomis,** Ips paraconfusus]. 124106
Southern pine beetle *[Dendroctonus* **frontalis]**—a formidable foe. 123442
Black turpentine beetle *[Dendroctonus* **frontalis]** infestations after thinning in a loblolly pine [Pinus taeda] plantation. 123500

DENDROLOGY

History of *dendrology* in **Germany.** 119303
Growing apricot [species] in the Frostyanefs *[dendrologic]* **park.** 122195
History of the development of the Institute of *Dendrology* of the **Polish** Academy of Sciences. 119943

DENDROMETER

Bark of hornbeam and beech from *dendrometric* **point** of view. 119533
Pocket electronic calculator for Barr and **Stroud** *dendrometer.* 119505

DENGUE

Results of a survey of *dengue* **vectors** in New Hebrides [Aedes aegypti, Aedes hebrideus]. 123608

DENITRIFICATION

Effects of surface area upon **bacterial** *denitrification* rates. 124867
Nitrate-nitrogen movement through soil as affected by soil profile characteristics **[Eutrophication,** *denitrification].* 124874
Denitrification of **nitrified** septic tank effluent. 125505
The variability of soil aeration measurements. I. A statistical approach to define the aeration status in **respect** to *denitrification.* 124879
Nitrate-nitrogen in tile drainage effluents *[Denitrification,* **water** pollution]. 124873

DENSITOMETRY

Forensic examination of sawdasts by thin-layer chromatography and flying **spot** *densitometry.* 119722
Quantitative determination of organophosphorus pesticides by **thin-layer** *densitometry.* 123729

DENSITY

The wood **basic** *density* variation of pine and spruce [Pinus sylvestris, Picea abies] provenances. 119584
Improved technological processing in brewing (brewing of **big** *density).* 116813
Density and **composition** of crane fly larvae (Diptera, Tipulidae) from an alpine wet meadow at Stigstuv, Hardangervidda, south Norway. 124112
The use of Skylab data to study the early detection of insect infestations and *density* and **distribution** of host plants [Remote sensing]. 123237
DNA synthesis in rabbit spleen cell populations stimulated by various doses of concanavalin A. II. **Equilibrium** *density* sedimentation analysis. 117674
Dynamics of feed utilization and the quality of meat of broilers in the conditions of **high** *density* rearing. 117502
Insect *density* effects in root feeding by larvae of Sericesthis nigrolineata (Coleoptera: Scarabaeidae) [Pasture pests]. 123316
Effect of dietary fat on hepatic metabolism of 14C [carbon isotope]-oleic acid and very **low** *density* lipoprotein triglyceride in the gerbil [Coconut or safflower oil]. 116425
Polypeptide composition of hen's egg yolk very **low** *density* lipoprotein. 117038
Synthesis of very **low** *density* lipoproteins in the cockerel. Effects of estrogen. 117806
Effect of **maintenance** *density* on the growth of ducks. 117449
Calibration by pyknometers [Brewing, *density* **measurements].** 116684
Relation of **mosquito** *density* to bird: mammal feeding ratios of Culex tarsalis in stable traps. 123596
Behavior of cultivars of Avena [oat] grown as spaced plants and at **normal** *density.* 122114
Response of four corn hybrids to different **plant** *densities* and row spacings on Olivier soil. 121892
Effect of **plant** *density,* irrigation and fertilization on grain and forage yield of different corn hybrids. 122117
Influence of **plant** *density* on yield and some bioagronomic characters in tall and short sunflower varieties. 122122
Effects of **plant** *density* and manuring upon tomato crops for canning in dry conditions. 122464
Effect of inorganic fertilizers and **plant** *density* on the accumulation of nutrients in castorbeans and on their productivity. 124926
Yield structure of barley and wheat at different nitrogen levels and at different **plant** *densities.* 124955
Productivity of sugarbeets on irrigated lands as related to the **planting** *density* and interrow width. 121982
Relationships between [plant-parasitic] nematode **population** *densities* and crop responses. 122904
Population *density* and mating frequency of Plodia interpunctella in the presence of synthetic pheromone. 123549
Seasonal *density,* distribution and interactions of predatory and scavenger arthropods in accumulating poultry wastes in coastal and interior southern California [Livestock pests, biological control]. 123623

Influence of harvesting, **seed** *density* and row spacing on alfalfa seed yield. 122121
The influence of tracheid length and *density* in **sitka** spruce [Picea sitchensis]. 119501
Planting of peach trees with *dense* **spacing** [Varieties]. 122312
Specificity of the photosynthetic activity of cowpea plants as affected by different *density* of **stands.** 121777
Nutrition and *density* **studies** on the Williams Hybrid banana; 1973 progress report. 117303
Use of **sucrose-glycerol** *density* gradients in the preparation of living cells for high-resolution complementary freeze-fractured specimens [Tobacco]. 120560
Effect of sowing methods and *densities* on **winter** wheat. 122118

DEOXYGLUCOSE

2-deoxyglucose **transport** by intestinal epithelial cells isolated from the chick. 117815

DEOXYRIBONUCLEIC

Genetic recombination in Coprinus [lagopus, Fungi]. V. Repair synthesis of *deoxyribonucleic* **acid** and its relation to meiotic recombination. 120780
A shortened procedure of the diphenylamine reaction for the measurement of *deoxyribonucleic* **acid** by using light activation [Schizosaccharomyces pombe, Fungi]. 120880
Protection of Bartlett pear against fire blight with *deoxyribonucleic* **acid** from virulent and avirulent Erwinia amylovora. 122809
Isolation and properties of the *DNA* of **African** swine fever (ASF) virus. 118789
Fluorometric determination of *DNA* in **Chlamydomonas** [Algae]. 120884
Hybridization of maize **chloroplast** *DNA* with transfer ribonucleic acids. 121425
Naturally occurring cross-links in yeast [Saccharomyces cerevisiae] **chromosomal** *DNA*. 120449
Circular *DNA* in the yeast Saccharomyces cerevisiae in relation to informosomal DNA and mitochondrial genetics. 120753
Genetic modification of the waxy character in barley aftrer an injection of wild-type **exogenous** *DNA*. Analysis of the second seed generation. 120783
Cleavage of *DNA* from **higher** plants [grain legumes] by restriction nuclease EcoRI. 121635
Circular DNA in the yeast Saccharomyces cerevisiae in relation to **informosomal** *DNA* and mitochondrial genetics. 120753
Oligomycin sensitivity of the mitochondrial ATPase [adenosine triphosphatase] as a marker for fly transmissability and the presence of functional **kinetoplast** *DNA* in African trypanosomes. 123619
Developmental changes of protein, RNA, *DNA*, **lipid,** and glycogen in the liver, skeletal muscle, and brain of the piglet. A methodological and experimental study with special reference to protein synthesis. 117528
The action of ionizing radiation on [calf thymus] DNA in the presence of quinacrine. III. E.s.r. [Electron spin resonance] study: spin transfer in gamma-irradiated **lyophilized** *DNA-quinacrine* complexes. 117895
Estimation of the molecular length of petite negative yeast [Torulopsis colliculosa] **mitochondrial** *DNA*. 121051
Structural basis of quantitative difference in **nuclear** *DNA* between Lolium temulentum L. & Lolium rigidum Gaud. 121508
Light-induced increase in the activity of maize **plastid** *DNA-dependent* RNA polymerase. 121453
Feulgen-DNA **plug** and two wavelength cytophotometry of Bull spermatozoa. 118370
The action of ionizing radiation on [calf thymus] *DNA* in the **presence** of quinacrine. III. E.s.r. [Electron spin resonance] study: spin transfer in gamma-irradiated lyophilized DNA-quinacrine complexes. 117895
Arrangement of the highly **repeated** *DNA* of Drosophila melanogaster. 123961
Sequences of highly **repeated** *DNA* in Drosophila melanogaster. 123965
Heterochromatin and timing of *DNA* **replication** in morabine grasshoppers [Moraba virgo]. 123964
An analysis of Drosophila [melanogaster] *DNA* by **restriction** endonucleases. 123960
Characterization of yeast [Saccharomyces cerevisiae] **ribosomal** *DNA* fragments generated by EcoR1 restriction endonuclease. 121282
Ribosomal *DNA* and its expression in Drosophila melanogaster during growth and development. 124087
Absence of **ribosomal** *DNA* amplification in a meroistic polytrophic ovary [Bombyx mori]. 124509
Effect of bovine parvovirus replication on *DNA*, **RNA,** and protein synthesis in S phase cells. 119038
The isolation and properties of a *DNA-directed* **RNA** polymerase from yeast mitochondria [Saccharomyces cerevisiae]. 120936
RNA-dependent *DNA* polymerase activity of RNA tumor virus. VI. Processive mode of action of avian myeloblastosis virus polymerase. 118808
The arrangement of *DNA* **sequences** in the chromosomes of Drosophila melanogaster. 123966
DNA **synthesis** in rabbit spleen cell populations stimulated by various doses of concanavalin A. I. Autoradiographic analysis. 117673
DNA **synthesis** in rabbit spleen cell populations stimulated by various doses of concanavalin A. II. Equilibrium density sedimentation analysis. 117674
Thymidine metabolism and *DNA* **synthesis** in Newcastle disease virus-infected cells. 118810
Early post-embryonic changes in protein metabolism and *DNA* **synthesis** in the thymus of chicks, normal and infected with Salmonella pullorum; autoradiographic study. 118928
Relationship between *DNA* **synthesis,** juvenile hormone and metamorphosis in Galleria larvae. 123950
Patterns of *DNA* **synthesis** in polytenic chromosomes of hybrid Anopheles atroparvus X Anopheles labranchiae (Diptera: Nematocera). 124146
Release of *DNA* **template** restrictions in rabbit spermatozoa and rat liver nuclei. 118343
Small molecular **weight** *DNA* of the silkworm, Bombyx mori. 124536

DEPLETION

Depletion of **complement** in vivo and in vitro by extracts of Aspergillus fumigatus [Fungi, aspergillosis, man, animals]. 118767
Interactions of metal cations with *lipid-depleted* **[spinach]** chloroplasts. 121601

DEPOLYMERIZATION

Formation of anhydrosugars in the **chemical** *depolymerization* of [beef lung] heparin. 117588
Nearest neighbor analysis of [beef lung] heparin: Identification and quantitation of the products formed by **selective** *depolymerization* procedures. 117590

DEPOLYPLOIDIZATION

Sexual polyploidization and *depolyploidization:* some **terminiology** and definitions [Plant breeding]. 120841
Depolyploidization of **tetraploid** parthenogenetic clones of silkworm [Bombyx mori] by the method of meiotic parthenogeneisis. 124506

DEPRESSION

Action of *depressant* **drugs** on tympanic reflexes [Cats]. 117566
Soils of **Inangahua** *Depression,* South Island, New Zealand. III. Soil unit sheets. 124846
Soils of the **Inangahua** *Depression,* South Island, New Zealand. I. General description & soils. 124851
Soils of the **Inangahua** *Depression,* South Island, New Zealand. II. Soil chemistry & forestry appraisal. 124852
Depressed **myocardial** function in the goat at high altitude. 117774
Depression of **uracil** uptake by ammonium in Neurospora crassa [Fungi]. 121160

DEPRESSORS

Ascending pressor and *depressor* **pathways** in the cat spinal cord. 117531

DEPRIVATION

Effects of **food** *deprivation* on protein synthesis and degradation in rat skeletal muscles. 116290
A study on the changes of the blood electrolyte of camel (Camelus dromedarius) during **water** *deprivation.* 117741

DERIVATIVES

Interaction of **adenine** *derivatives* with chloroplast membranes. 120940
Steroid derivatives. LXXIX. Microbial 15 beta-hydroxylation of 17 **alpha-acetoxy-16-methylene** *derivatives* of the pregnane series by the action of Cunninghamella blakesleeana [Fungi]. 121067
Synthesis of thio-analogous **Cannabis** *derivatives.* 121006
Changes in the organoleptic characteristics of pear puree and its *derivatives* **caused** by lactic-acid bacteria [Lactobacillus casei]. 117271
Studies on the determination of toxic actions of *derivatives* of **(2,4-dichlorophenoxy)** acetic acid and 2,4-5-trichlorophenoxyacetic acid on eggs of pheasants, quails, and chickens. 123687
Field evaluations of systemic fngicides and *derivatives* of **dithiocarbamic** acid for the control of clubroot [Plasmodiophora brassicae, cabbage]. 122562
Glasshouse evaluaton of systemic compounds, *derivatives* of **dithiocarbamic** acid and other fungicides for the control of clubroot [disease caused by Plasmodiophora brassicae]. 122564
Sensitivity of different [crop] plants to the action of amino **ester** *derivatives* [Potential herbicides]. 123060
Mass spectra of acetylenic fatty acid methyl **esters** and *derivatives.* 116793
Photochemical reactions. XXVI. Molecular and crystal structure of a cyclobutane annelated **gibberellin** *derivative* [plants, growth substances]. 121366
Gas chromatographic analysis of **heptafluorobutyryl** *derivatives* of some carbamate insecticides [in vegetables]. 123726
R23979, a new **imidazole** *derivative* effective against postharvest decay of citrus by molds [Penicillium italicum, Penicillium digitatum, Geotrichum candidum] resistant to thiabendazole, benomyl and 2-aminobutane. 122760
Gas-chromatography in sterol anlaysis. GLC-MS [gas liquid chromatography-mass spectrometry] of **methoxy** *derivatives* of sterols [Olive and sunflower oils were employed]. 117318
Spectrophotometric study of **naphtoquinone** *derivatives* (vitamin K). 116465
Phytochemistry of genus Gentiana. XIV. Identification of **new** *derivatives* of isoorientin in the laves of Gentiana burseri Lapeyr. 2. 121075
Action of some **nitroso** *derivatives* in meat suspensions. Antibacterial activity and interferences by components of the medium. 117012
Structure determination of polyunsaturated fatty acids by gas chromatography-mass spectrometry—a comparison of fragmentation **patterns** of various *derivatives.* 116779
Mycelium products in higher fungi. I. **Phenoxazine** *derivatives* in Calocybe gambosa. 121074
Lichens and fungi. XIII. Comparison of the nuclear magnetic resonance and mass spectra of 17,21-secohopane and **17,21-secoflavicane** *derivatives.* 121177
Steroid *derivatives.* LXXIX. Microbial 15 beta-hydroxylation of 17 alpha-acetoxy-16-methylene derivatives of the pregnane series by the action of Cunninghamella blakesleeana [Fungi]. 121067
Naturally occurring **terpene** *derivatives.* 60. On a new diterpene from Melampodium perfoliatum (Carv.) A. Gray. 121001
Naturally occurring **terpene** *derivatives,* 62. On the constituents of Senecia abrotanifolius L. 121002
Naturally occurring **terpene** *derivatives.* 63. On the constituents of Heterotheca inuloides Cass. 121003
Fungitoxicity of some **urea** *derivatives* of 1, 3, 4-thiadiazole [Fungicides]. 122602

DERMAPTERA

Parental behavior in the Dermaptera with special reference to Forficula **auricularia** *(Dermaptera:* Forficulidae). 123859
Dermaptera from Reunion, with the description of a new genus and species of **blind** *Dermaptera* [Caecolabia gomyi]. 124224
Notes on the Leningrad types of *Dermaptera* **described** by Semenov and Bey-Bienko [New taxa]. 124444
Dermaptera from **Reunion,** with the description of a new genus and species of blind Dermaptera [Caecolabia gomyi]. 124224
Chromosomal analysis in two species of earwings belonging to the genus Forficula [beelzebub, Forficula **schlagintweiti]** *(Dermaptera).* 123872
Parental behavior in the *Dermaptera* with **special** reference to Forficula auricularia (Dermaptera: Forficulidae). 123859

DERMATITIS

Isolation of a purified skin test antigen from **Blastomyces** *dermatitidis* yeast-phase cell wall [Guinea pigs]. 118762
Pelodera **strongyloides** *dermatitis* in a horse in Iowa. 119055

DERMATOLOGY

Benzoyl peroxide—a new topical agent for **canine** *dermatology.* 119046
Intradermal **reaction** in cattle with an antigen specific of fasciola genus. First trial as a diagnostic method. 118902

DERMATOPHILUS *see* **SARCOPSYLLIDAE**

DERMESTIDAE

Dermestidae **beetles** (Insecta: Coleoptera). 124304
The biochemical studies on diapause, its induction & termination in Trogoderma granarium Everts **(Coleoptera:** *Dermestidae).* 123974
Chemical communication in the mating behavior of Trogoderma glabrum (Herbst) **(Coleoptera:** *Dermestidae).* 124024
Evidence and function of a "repellent pheromone" of larvae of Trogoderma granarium Everts **(Coleoptera,** *Dermestidae).* 124188

DESERTS

Endolithic blue-green algae in the dry valleys: primary producers in the **Antarctic** *desert* ecosystem. 120397
A comparison of two techniques for determining abundance of subterranean termites in an **Arizona** *desert* grassland. 123991
Honey from the **Chinese** *deserts.* 124500
Dispersal of *desert-adapted* **Drosophila:** the saguaro-breeding Drosophila nigrospiracula. 123786
A success story: from [Arizona] *desert* to **gardens** in fifteen years [Ornamental plants, varieties]. 122434
Investigations on the acute toxic effect of pyrethrum [insecticide] on various haematological aspects of Meriones hurrianae Jerdon, the **Indian** *desert* gerbil. 123756
Environmental control of crassulacean acid metabolism in Welwitschia mirabilis Hook. Fil. in its range of natural distribution in the **Namib** *desert.* 120387
Africa would be a *desert* **[Soil** conservation]. 125154
Differential acceptance of toxic jojoba seed (Simmondsia chinensis) by four **Sonoran** *desert* heteromyid rodents [Seed toxicity]. 119234
Plasma carotene and vitamin A levels in cows, sheep and camels of the **Thar** *desert.* 117746
Taming the indomitable **Thar** *Desert* [Water resources, canals]. 125188
Activity patterns, body temperature and thermal ecology in **two** *desert* caterpillars (Lepidoptera: Sphingidae) [Hyles lineata, Manduca sexta]. 123882

DESICCATION

Effect of **environmental** *desiccation* on seedling survival in rice. 121439

DESSERTS

Chhana and **chhana-based** *sweets* [Dairy products]. 116880

An inquiry on the Cypriot cooperatives for the commercialization of citrus and other *dessert* fruits. 115435

DETERGENTS

Shape and size of bovine rhodopsin: a small-angle X-ray scattering study of a *rhodopsin-detergent* **complex.** 117817
Effects of marine pollution (petroleum, DDT, *detergents)* on the **flora** of the seas [and oceans]. 125521
Hot spray jet, cleansing devices and *detergents* [in **food** sanitation]. 116090
Changes in paramagnetic properties of Chlorella [vulgaris, Algae] under the effect of toxic chemical compounds *[Detergents,* **water** pollution tests]. 122924

DETERIORATION

Tuna **flesh** *deterioration* and histamine levels. 116044
Hygiene studies on frozen ocean fish *[Deterioration* of the **quality].** 116264
Quality *deterioration* of fodders caused by fungi. IV. Possibilities for the detection of quality deterioration. 117346
Stuies on the mechanisms of barley **seed** *deterioration* [Fungal contamination, Aspergillus repens, Penicillium cyclopium, Fusarium culmorum]. 122567

DETOXICATION

Hydrogen **cyanide** *detoxification* by Gloeocercospora sorghi [Sorghum]. 122704
Migration and *detoxication* **rate** of some simm-triazines in Sod-Podzolic soil with average loam content. 122884

DEUTERATION

Deuteration of **cotton** fibers. I. Partially decrystallized celluloses. 117129

DEWATERING

Casein dewheying and *dewatering* **screens.** 116905

DEXTRAN

Injection of **iron** *dextran* in addition to iron glutamate for baby pigs suffering from iron deficiency. 119270

DEXTRINASES

Fermentative production of **limit** *dextrinase* by Aspergillus oryzae [Fungi]. 121136

DEXTRINS

Dextrins in **brewing.** 116685

DIABETES

Improvement in jejunal enzyme adaptation in obese **adult-onset** *diabetic* patients following a 30-day fast [Diet]. 116283
The **Canadian** *Diabetic* Association National Diet Counsellor—a changing role. 116410
Studies on niacin biosynthesis from 3-hydroxyanthranilic acid in **streptozotocin** *diabetic* rats in vivo and vitro. 116461
Sweetening and *diabetic* **substances** [Food additives]. 116692

DIABROTICA

Relationship of corn rootworm *[Diabrotica]* **tolerance** to yield in the BSSS [Iowa Stiff Stalk Synthetic] maize population. 123311

DIAGNOSIS

Active *diagnostic* lab business reveals feeder interest [Causes of disease in cattle]. 118449
Diagnosis of **agriculture** in Putumayo [Economic aspects and prospects]. 115989
Flexible fiberoptic endoscopy *[Diagnostic* **aids].** 118442
The *diagnosis* of **anal** sacculitis in the dog. 119137
Comparative studies on the methods for *diagnosing* **Aujeszky's** disease [Swine, chick embryos]. 118977
Titriplexplasma in the *diagnosis* of **brucellosis** [Cattle]. 118666
Mycotoxins and mycotoxicoses. 3. *Diagnosing* **cases** of poisoning, identifying the causative agent, and establishing effective control [Livestock]. 119263
Comparative *diagnostic* studies on epididymitis in rams caused by Brucella ovis. 118976
Diagnosis, **control** and prevention of bovine mastitis. 118940
Indirect fluorescent antibody test for the *diagnosis* of **coronaviral** enteritis of turkeys (Bluecomb). 118603
Techniques for **differential** *diagnosis* of neuromuscular diseases [Dogs]. 119075
Differential *diagnosis* of adspectory and palpatory abdominal findings in cattle. 119079
Blood secrets [Animal **disease** *diagnosis].* 118491
A new concept of normal values [Blood as a means of *diagnosing* **diseases** in horses]. 118495
Early *diagnosis* of non-pregnancy in cattle: the first eighteen months of a commercial service. 118231
Early *diagnosis* of poultry diseases is essential. 118534
Laboratory method of **early** *diagnosis* in selecting pairs for obtaining heterotic hybrids of alfalfa. 120706
Diagnosis of **edema** disease (colienterotoxemia) of piglets. 119205
Production of hyperimmune sera for the *diagnosis* of **enzootic** abortion in sheep. 119029
The new nomenclature and *diagnosis* of **Estonian** soils. 124903
Etiologic *diagnosis* of diarrheal diseases of calves: frequency and methods for detecting enterotoxin and K99 antigen production by Escherichia coli. 118601
[Poultry] diseases which need microscopic **examination** for *diagnosis.* 118537
Prospects and problems of pregnancy and **fertility** *diagnosis* in the pig by aid of progesterone determination. 118236
Hog cholera. I. **Immunofluorescent** *diagnosis* using tissue sections and blood smears. 118692
Intradermal reaction in cattle with an antigen specific of fasciola **genus.** First trial as a *diagnostic* **method.** 118902
Evaluation of some *diagnostic* **methods** which may be used for determination of injuries on Norway spruce [Picea excelsa] by fumes [Air pollution from industrial exhaust smoke]. 123017
A rapid test for the [acetyl methyl carbinoe] acetoin in **microbiological** *diagnosis* of Enterobacteria [Food contamination]. 116257
"Stomacher" Trichinella control method. Proposal for a **new** *diagnostic* routine technique for post mortem demonstration in routine control [Meat inspection]. 116071
Austral Hepaticae. IV. Notes on Lophozia subgenus Protolophozia Schust., with *diagnosis* of a **new** South American species. 120102
Use of indirect haemagglutination and agglutination tests for the *diagnosis* of **poultry** salmonellosis [Salmonella gallinarum, chicks]. 118936
Clinical application of the progesterone-in-milk test **[Pregnancy** *diagnosis* in cattle]. 118230
Factors affecting progesterone in milk for **pregnancy** *diagnosis* in dairy cattle. 118232
Pregnancy *diagnosis* in the cow from milk progesterone concentration. 118234
Use of progesterone concentrations in plasma and milk in the *diagnosis* of **pregnancy** in domestic cattle. 118239
Oestrogen injection test for early **pregnancy** *diagnosis* in mares [Estrus]. 118250
Restatement of **pregnancy** *diagnosis* procedures in ewe. 118394
Diagnosis and **prevention** of respiratory diseases in poultry. 118882
A note on the statistical aspects of **prgnancy** *diagnosis.* 118229
Growth plate injuries, *diagnosis,* **prognosis** and treatment. 119252
Air **quality** *diagnosis* by means of lichens [Pollution, indicator plants]. 125395
Diagnosis of **rabies** in animals. 119005
Results of the 1973 *diagnosis* of **smoke** damage of large areas in Lower Lusatia. 119418
Spirostrepidae (Myriapoda-Diplopoda) from French Guiana. Description of two new genera. Supplements to the *diagnosis* of **South** American type species. 124262
Importance of the glutamate-oxalacetate transaminase activity in **spermatological** *diagnosis* [Bull semen]. 118426
Diagnosis and **surgical** treatment of cystlike lesions of the equine paranasal sinuses. 119128
The use of milk progesterone radioimmunoassay in the *diagnosis* and **treatment** of subfertility in dairy cows. 118238
Fluorescent antibody test in *diagnosis* of **ulcerative** enteritis [Chickens, Clostridium colinum]. 118631

DIALICTUS

The evolution of social behavior in primitively social bees: a multivariate **analysis** *[Dialictus].* 123910
Sociality and seasonal size variation in halictine bees [Lasioglossum, **subgenus** *Dialictus].* 124002

DIALLELS

Analysis of a *diallel* **cross** in inbred lines of rye. 120653
Heterosis and combining ability in a *diallel* **cross** of chilli (Capsicum annum L.). 120762

DIALYSIS

Binding of nucleotides ATP [adenosine triphosphate] and aDP [adenosine diphosphate] to sarcoplasmic reticulum: study by rate of *dialysis* **[Rabbit** skeletal muscles]. 117599

DIAMINES

A colorimetric technique using **chromium-ethylene** *diamine* tetra acetate for measuring rumen volume [Sheep]. 117753
A note on the effect of **ethylene** *diamine* tetraacetic acid and ferrous ammonium sulphate on yield of Allium cepa [Onions]. 121778

DIANTHUS

Some features of mineral nutrition of greenhouse **carnation** *[Dianthus].* 121588
Regulation of the flowering date in remontant **carnation** *[Dianthus].* 121617
Organogenesis in tissue culture of the greenhouse **carnation** *(Dianthus* caryophyllus L.). 121660
Effect of sucrose on response of cut carnation *[Dianthus* **caryophyllus]** to kinetin, ethylene, and abscisic acid. 121702
Possibilities of using morphactins [growth substances] in the production of carnations *[Dianthus* **caryophyllus].** 122511
Altering the sensitivity of carnation **flowers** *(Dianthus* caryophyllus L.) to ethylene. 121696
Problems of plant diseases in greenhouse floriculture *[Dianthus,* **Rosa,** bulbs]. 122957

DIAPAUSE

Diapause **development** in Aelia acuminata females (Heteroptera). 124166
Action of photoperiod on *diapause* **induction** in Mamestra brassicae (Lepidoptera, Noctuidae). 123814
The biochemical studies on *diapause,* its **induction** & termination in Trogoderma granarium Everts (Coleoptera: Dermestidae). 123974
Locomotor behavior of *diapausing* and **nondiapausing** larvae of Cadra cautella (Walker) (Lepidoptera, Pyralidae). 123544
The role of juvenile hormone in *diapause* and **phase** variation in some lepidopterous insects. 123958
Diapause of **Pieris** brassicae: Role of the cephalic photoreceptors, study of the cerebral carotenoids. 124042

DIAPHORASE

A reduced **pyridine** *nucleotides-diaphorase* activity associated to the assimilatory nitrite reductase complex from Neurospora crassa [Fungi]. 120905

DIAPORTHE

Mycotoxicosis in chicks produced by toxins from Phomopsis sp. or *Diaporthe* **phaseolorum** var. sojae. 118638

DIARRHEA

Fecal steroids in *diarrhea.* I. **Acute** shigellosis [Shigella flexneri, malnutrition]. 116280
Calf *diarrhea* induced by coronavirus and a reovirus-like agent. 118823
Calf *diarrhoea.* II. Fluid therapy. 119071
Fluid therapy in a **calf** with *diarrhea.* 119072
Reovirus-like agent associated with **fatal** *diarrhea* in neonatal pigs. 118764
The effect of **neonatal** *diarrhea* on subsequent weight gains in beef calves. 119059
Effect of addition of phthalylsulfathiazole to streptomycin and bentonite in the treatment of *diarrhea* in **newborn** calves. 119013
Safe vaccine for pregnant cows [Bovine **viral** *diarrhea].* 118591
Fetal and adult bovine interferon production during bovine **viral** *diarrhea* virus infection. 118760
Infection of dairy calves with corona virus and bovine **virus** *diarrhea.* 118951

DIASPIDIDAE

Male inseminative potential in Aphytis lingnanensis (Hymenoptera: Aphelinidae) [Biological control agents of the armored scale **insects** *Diaspididae].* 123230

DIATOMACEAE

Diatoms **[Algae]** from the sea; investigative methods and life cycle. I. Methods and vegetative propagation. 121275
Sulphonium analogue of lecithin in *diatoms* **[Algae].** 121298
Growth responses to salinity variation in four arctic **ice** *diatoms* [Algae]. 121206
Distribution and seasonal periodicity of sediment **inhabiting** *diatoms* in the Waddensea and the Ems-Dollard estuary [Algae]. 120303
Continuous culture of **marine** *diatoms* under silicate limitation. II. Effect of light intensity on growth and nutrient uptake of Skeletonema costatum [Algae]. 121203
Relationship between photosynthesis and cell size of **marine** *diatoms* [Algae]. 121214
Periphyton *diatoms* in a ditch near Tienhoven [Ecology]. 120359
Studies on marine **plankton** *diatoms.* III. Structure and classification of Gossleriella tropica [Algae]. 120497

DIATOMS

The presence of pollutant hydrocarbons in estuarine **epipelic** *diatom* populations [Algae]. 125423
Kinetics of silicic acid uptake and rates of silica dissolution in the **marine** *diatom* Thalassiosira pseudonana [Algae]. 121207
Photosynthetic carboxylating enzymes in [the **marine** *diatom]* Phaeodactylum tricornutum: assay methods and properties. 121267
Long-term effects of manipulating light intensity and nutrient enrichment on the structure of a salt **marsh** *diatom* community [Algae]. 121208
Heterotrophic nutrition of the marine **pennate** *diatom* Nitzschia angularis var. affinis [Algae]. 121266
Polymorphism of the *diatom* **Pinnularia** brebissonii in culture and a field collection [Algae]. 120775
Subaerial *diatom* flora from Hong Kong, eastern Asia [Algae, new taxa]. 120248

DIATRAEA

Cultural control and biological studies of the Southwestern corn borer *[Diatraea* **grandiosella].** 123341
Insect *[Diatraea* **grandiosella,** Southwestern corn borer] and mite [Oligonychus pratensis, Banks grass mite] control in corn. 123344
Status of three tachinid parasites of *Diatraea* spp. In **Guadeloupe** (French West Indies). 123815
Development of *Diatraea* **saccharalis** (Lepidoptera: Pyralidae) at constant temperatures [Sugarcane pests, biological control with Lixophaga diatraeae]. 123305

DIATRYPE
Some additions to fungi of India [Colletotrichum memecylonis, *Diatrype* **syzygii,** new taxa]. 120276

DIBROMIDE
Studies on the residues in wheat and wheat products fumigated with **ethylene** *dibromide*. 116064

DICARBONYL
Reaction products of *alpha-dicarbonyl* **compounds,** aldehydes, hydrogen sulfide, and ammonia [Flavor compounds]. 116636

DICARBOXYLIC
C4 *[dicarboxylic* **acid** pathway of] photosynthesis and a unique type of Kranz anatomy in Glossocordia boswallaea (Asteraceae). 121337
Amic acids and half salts of *dicarboxylic* **acids** as coreactant catalysts for creasable durable-press fabrics. 116835

DICHAPETALACEAE
Evolutionary trends in the pollen **grains** of *Dichapetalaceae*. 120176

DICHLORIDE
Effects of pure **paraquat** *dichloride,* "Gramoxone W" [herbicides], and formulation additives on soil microbiological activities. 3. Estimations of soil microflora and enzyme activity in field-treated soil. 123215

DICHLOROPHENOXYACETATE
Reduction in anaphase bridge frequency by 2,4-D *[2,4-dichlorophenoxyacetic* **acid]** in irradiated & normal wheat (Triticum aestivum L.) root tips. 120475
Comparison of cytogenetic effects of IAA [indoleacetic acid], NAA [naphthaleneacetic acid] & 2,4-D *[2,4-dichlorophenoxyacetic* **acid]** in callus cultures of Haplopappus gracilis (Nutt.) Gray. 120759
Metabolism of *2,4-dichlorophenoxyacetic* **acid.** 10. Identification of metablites in rice root callus tissue cultures. 121513
Absorption and movement of 14C [carbon isotopes]-labelled mH [maleic hydrazide] and 2,4-D *[2,4-dichlorophenoxyacetic* **acid]** in onions. 121694
Effect of *dichlorophenoxyacetic* **acid** on fiber flax plants [Yields]. 123057
Effect of treating barley crops with *dichlorophenoxyacetic* **acid** and the retardant chlorocholine chloride on the quality of the yield. 123195
Metabolism of *2,4-dichlorophenoxyacetic* **acid.** IX. Gas-liquid chromatography of methyl esters of amino acid conjugates. 123728

DICHLOROPHENYL
DCMU *[3(3,4-dichlorophenyl)-1,1-dimethylurea]* **induced** inhibition of growth, photosynthesis and motility in Eudorina elegans cultures [Algae, herbicides]. 123061
Field assay of the pesticide [used against ticks on cattle] *2-chloro-1-[2,4-dichlorophenyl]* **vinyldiethylphosphate.** 123664

DICHLOROVINYL
Duck deaths from accidental ingestion of anthelmintic *[2,2-dichlorovinyl* **dimethyl** phosphate]. 118623

DICHLORVOS
Investigations on *dichlorvos* **storage** space treatment for protection of packaged food against insects in the warehouse in the Aegean region [Raisins]. 123509
Resistance to malathion and *dichlorvos* in **stored-product** insects in New South Wales. 123554

DICOTYLEDONS
Structure of brazilian woods of *dicotyledonous* **angiosperms.** XIV. Icacinaceae (Discophora guinanensis Miers). 120434
Control of crowfoot [Ranunculus] and **annual** *dicotyledonous* weeds in maize; interprovincial trials, 1973. 123199

DICRANUM
Ultrastructural changes in **germinating** *Dicranum* scoparium: a moss containing protein storage material [Musci]. 120435

DICROCOELIUM
Dicrocoelium **dendriticum** analogous changes in behavior of ants of the genus Formica [pratensis] after infections with a fungus of the genus Entomophthora. 124175

DICTYOPLOCA
Record of aberrant-forms of *Dictyoploca* **japonica** Moore and Geometra valida C. et R. Felder (Lepidoptera). 124358

DICTYOSTELIUM
Concanavalin A and wheat germ agglutinin receptors on *Dictyostelium* **discoideum** [Fungi]: their visualization by scanning electron microscopy with microspheres. 120480
Localization of glycogen phosphorylase in specific cell types during differentiation of *Dictyostelium* **discoideum** [Fungi]. 120902
Behaviour of *Dictyostelium* **discoideum** amoebae [Fungi] and Escherichia coli grown together in chemostat culture. 120907
Properties and developmental regulation of an alpha-D-galactosidase from *Dictyostelium* **discoideum** [Fungi]. 120925
Glycoproteins of the plasma membrane of *Dictyostelium* **discoideum** [Fungi] during development. 120998
Characterization and developmental regulation of beta-galactosidase isozymes in *Dictyostelium* **discoideum** [Fungi]. 121023
Periodic movements of *Dictyostelium* **discoideum** sorocarps [fungi]. 121024
The absence of a growth inhibitor during the log phase of growth of *Dictyostelium* **discoideum** [Fungi]. 121025
Cell differentiation without morphogenesis in *Dictyostelium* **discoideum** [Fungi]. 121294
Tip formation is regulated by an inhibitory gradient in the *Dictyostelium* **discoideum** slug. 121299

DIEBACK
Dieback of **cassava** (Manihot esculenta Crantz = Manihot utilissima Pohl)—a new disease caused by Colletotrichum gloeosporioides Penz. 122780
Isolation of Eutypa armeniacae from grapevines in New York and inoculation to apricot *[Dieback,* **Cytosporina].** 122752
The increment of white fir [Abies alba] stands and their *dieback* on the **edges** of the Krim-mountain (Slovenia). 119458
Dieback of the **fir** [Abies alba] still in the foreground. 119324
Four steps may help elmowners fight Dutch elm disease *[Dieback* **(Ulmus)].** 122621

DIED *see* **DEATH**

DIELDRIN
[Chicken] poisoning produced by the ingestion of the pesticides **aldrin** and *dieldrin*. 119227
Economic assessment of proposed toxic pollutant standards for manufacturers and formulators of *aldrin/dieldrin,* **DDT,** endrin and toxaphene. 123743
Influence of *dieldrin* on **serotonin** turnover and 5-hyroxyindole acetic acid efflux in mouse brain. 119262

DIELECTRIC
Dielectric **heating** of meat products. 116943
Interaction between wood and polymers. IV. *Dielectric* **properties** of polyvinyl acetate filled with wood components [Wood properties, cellulose, lignin]. 119680
Dielectric **properties** of yeast cells [Saccharomyces cerevisiae]. 121191

DIELS
Seasonal and *diel* **changes** in the positioning of Glossosoma nigrior Banks (Trichoptera: Glossosomatidae) on artificial substrates. 123862

DIESEL
Optimization of *diesel* **electric** units for livestock production. 124750

DIETHYL
The permeability to Hostathion *[1-phenyl-3-(O,O-diethyl-thionophosphoryl)-1,2,4-triazol]* of the **cuticle** of the cockroaches Blaberus trapezoideus and Periplaneta americana. 123588
Distribution of oil or other *diethyl* **ether** extractable material in various fractions of peanuts infected with selected fungi. 122643
Effects of *dioxy-diethyl-stilbestrol* **proprionate** on rabbit reproduction. 118204

DIETHYLCARBAMAZINE
Effect of *diethylcarbamazine* on **indexes** of fertility in the male dog. 118199

DIETHYLSTILBESTROL
Estrogens in beef production [Residues, **carcinogens,** *diethylstilbestrol].* 116050
Effects of *dioxy-diethyl-stilbestrol* **proprionate** on rabbit reproduction. 118204
Effects of *diethylstilbestrol,* **zeranol** and sex on live, blood metabolite, carcass and endocrine characteristics of lambs. 117767

DIETITIANS
Delegation of functions by *dietitians* to **dietetic** technicians. 116610
How do *dietitians* **exercise** their role as health educators in different foreign countries? 116307

DIETS
An **adequate** *diet* with a plan for integrated rural development [Colombia]. 116548
Diet-induced **alterations** in distribution of multiple forms of alcohol dehydrogenase in Drosophila. 124095
Effects of *dietary* **amino** acid level and nutritional balance on larval survival and development of the parasite Exeristes roborator [Pectinophora gossypiella, biological control]. 123280
Utilization of methionine **analogues** *[Diets].* 116442
Leucaena leucocephala—an evergreen protein-rich tree fodder and the possibility of using it in the *dietary* of **animals.** 1. Sheep. 118081
Survival and development of carpenterworms [Prionoxystus robiniae] reared aseptically on an **artificial** *diet.* 123445
Ascorbic acid and other chelating agents in the trace-mineral nutrition of the aphid Myzus persicae on **artificial** *diets.* 123884
Minimal-bacteria [hospital] *diets:* an **assessment** for implementation. 116182
Studies with ammonized straw pellets used as sole **basal** *diet* in the feeding of ruminants. 2. Studies on processes of ruminal fermentation in relation to milk composition and the milk yields of cows. 118005
A new product, the *dietetic* **beer.** 116828
Saccharomyces yeast as a by-product from alcohol production on final molasses in *diets* for **broilers.** 118048
Sodium alginate as a gelling agent in *diets* for the **cabbage** looper, Trichoplusia ni. 123892
Food of tropical ants. I. Activity cycle and *diet* of **Camponotus** solon (Forel) (Hymenoptera, Formicidae). 123997
Food of tropical ants. II. Feeding bahaviour and *diet* of **Camponotus** vividus (Smith) (Hymenoptera, Formicidae). Intrageneric comparisons. 123998
Dietary **carbohydrate,** diet pills and compensatory growth in rats. 116502
The effect of *dietary* **cholesterol** on the development of [cabbage root fly] Hylemya brassicae. 124053
Effects of *diets* on **cold** tolerance and metabolic responses to cold in fasted rats. 116467
Reinforcement of **Colombian** *diet* with increase of fishing. 116549
Turning point for **complete** *diet?* [Cattle]. 118057
Urea phosphate as a partial protein replacer in sheep **concentrate** *diets.* 117975
Pyrrolizidine alkaloid poisoning in rats: protective effects of *dietary* **cysteine.** 119254
Assessment of two chemical assays for available lysine [Rats, *diets,* **dairy** products]. 116485
Effects in the rat of environmental temperature, *diet* **dilution** and treadmill running on voluntary food intake, body compositon and endocrine organ mass: a multiple regression analysis. 116427
Effects in the rat of environmental temperature, *diet* **dilution,** and treadmill running on liver and adipose enzymes and metabolism of 14C [carbon isotope]-glucose: a multiple regression analysis. 116428
Studies with dairy cows investigating the *dietary* **effect** of mixtures of compressed straw + concentrates prepared from crude and NaOH [sodium hydroxide] treated cereal straw. 1. Digestibility and milk production. 118006
Studies with dairy cows investigating the *dietary* **effect** of compressed straw + concentrates prepared from crude and NaoH [sodium hydroxide] treated cereal straw. 2. Composition of ruminal fluid and protozoa population. 118007
Factors affecting the rate of gluconeogenesis from L-cysteine in the perfused rat liver **[Effects** of *diets].* 116432
Plasma cholesteol and tirgycerides in men with added **eggs** in the *diet.* 116508
Improvement in jejunal enzyme adaptation in obese adult-onset diabetic patients following a 30-day **fast** *[Diet].* 116283
Effect of *dietary* **fat** on hepatic metabolism of 14C [carbon isotope]-oleic acid and very low density lipoprotein triglyceride in the gerbil [Coconut or safflower oil]. 116425
Effect of type of *dietary* **fat,** cholesterol and chenodeoxycholic acid on **gallstone** formation, bile acid kinetics and plasma lipids in squirrel monkeys. 116426
A note on the value of dried citrus pulp and grape marc as barley replacements in calf **fattening** *diets.* 117972
Performance of mycocardial and blood seral changes in pigs **fed** *diets* containing high or low erucic acid rapeseed oils. 118034
Comparison of the binding of various bile acids and bile salts in vitro by several types of *[dietary]* **fiber** [on lipid metabolism]. 116422
Evidence for a lack of an effect of *dietary* **fluoride** level on reproduction in mice. 116431
Calcium uptake by isolated intestinal brush border membranes **folowing** *dietary* calcium restriction [Rats]. 116476
The influence of the level of feeding on fermentation in the rumen of sheep receiving a *diet* of **ground** barley, ground hay and flaked maize. 118086
Body cholesterol: **how** much comes from *diet.* 116343
Radioactivity in **human** *diet,* 1975 [Contamination of milk]. 116036
The effect of **hyperpotassic** *diets* on consumption, egg-laying, egg quality and on calcium and serous phosphorus levels. Preliminary trial [Chickens]. 118049
Role of EFNEP [Expanded Food and Nutrition Education Program] aides in **improving** *diets* of pregnant women. 116451
Dietary **influence** on bile acid conjugation in the cat. 116424
Grit for poultry—soluble and **insoluble** *[Diet].* 118176
The effect of carbohydrates and fats in the *diet* on the **intensity** of lipid metabolism changes in protein deficiency. 116570
Failure of commercially prepared **isoniazid** *diet* to produce isoniazid serum concentrations in rhesus monkeys. 118108
Starch compounds as adjunct **gelling agents** in **larval** *diet* of the cabbage looper [Trichoplusia ni]. 123415
How to formulate **layer's** *diets* for mixing on the farm [Chickens]. 118084
Dietary **lipid** requirements of **adult lobsters,** Homarus americanus (M.e.). 118101
Liquid *diets* containing **poultry wastes** for ruminants. 118030
Metabolism of 109 Cd [cadmium isotope] in rats fed normal and **low-calcium** *diets.* 119259
Effects of ethanol on bile acid and cholesterol **metabolism** *[Diet].* 116278

Comparative effects of *dietary* **methoprene** on symbiotic and aposymbiotic rice weevils and asymbiotic granary weevils [Sitophilus oryzae, Sitophilus granarius]. 124036
Further studies on the efficacy of thiabendazole given in the *diet* of **mice** infected with Hymenolepis nana, Syphacia obvelata and Aspiculuris tetraptera. 119007
Comparison of serum cholesterol in children fed high, moderate, or low cholesterol **milk** *diets* during neonatal period. 116480
Digesta compostion in the gastrointestnal tract of bovines fed forage and high-test **molasses** *diets.* Forage utilization [Pennisetum purpureum]. 117640
Performance of pigs fed different levels of Saccharomyces yeast [Saccharomyces cerevisiae] substituting fish meal in **molasses** *diets.* 118046
The Canadian Diabetic Association **National** *Diet* Counsellor—a changing role. 116410
Diet, **nutrition,** and cancer. 116276
Hyperactivity: a *diet* for **Peck's** bad boy? 116345
Studies on the amino acid absorption and the secretion of endogenic amino acids into the gastrointestinal tract of **pigs** *[Diets].* 118000
Dietary carbohydrate, *diet* **pills** and compensatory growth in rats. 116502
Effect on the reproductive functions of female rhesus monkeys of feedng irradiated wheat flour and **potato** *diet* [Metabolic studies]. 116396
Comparative histochemical studies on avian liver. 4. Relationship of *dietary* **preference** of various representative birds with the fat and glycogen contents and distribution pattern of histochemically demonstrable lipids in their livers. 117872
Comparative histochemical studies on avian liver. 5. Relationships of *dietary* **preferences** with distribution patterns of lipase, esterase and beta-hydroxy-butyrate dehydrogenase in the livers of various representative birds. 117873
The *diet* of **pregnant** teenagers. 116416
Ultrastructural and biochemical evaluation of parathyroid function of pregnant cows administered disodium ethane-1-hydroxy-1,1-diphosphonate (EHDP) and fed a low calcium **prepartal** *diet.* 117889
Effect of varying levels of *dietary* **protein** on tumor development and lipid metabolism in rats exposed to aflatoxin. 116184
Decreased plasma insulin but normal glucagon in rats fed low **protein** *diets.* 116423
Protein utilization of mixed feed rations by lactating pigs, with special reference to the content of essential amino acids in the *dietary* **protein.** 2. Studies on the utilization of dietary protein in rations containing extracted soyabean meal, horse bean meal, fish meal, maize gluten and waste liq. 117990
Effects of *dietary* **protein** and lysine levels on plasma amino acids, nitrogen retention and egg production in laying hens. 118103
Interrelationships between the quality of *dietary* **proteins** and the functional state of the adrenal cortex. 6. Interrelationships between amino transferase activity and the functional state of the adrenal cortex [Rats]. 117985
Interrelationships between the quality of *dietary* **proteins** and the functional state of the adrenal cortex. 7. Relationships between the activity of some selected hydrolases in the liver and small intestine and the functional state of the adrenal cortex [Rats]. 117986
Protein utilization of mixed feed rations by lactating pigs, with special reference to the content of essential amino acids in the *dietary* **proteins.** 1. Description of experimental methods: studies on the protein utilization of rations containing extracted peanut meal and dried skim milk. 117989
Protein utilization of mixed feed rations by lactating pigs, with special reference to the content of essential amino acids in the *dietary* **proteins.** 3. Interrelationships between protein metabolism data and the content of amino acids in feed proteins. 117991
Introduction of fat into **rabbit** *diets.* I. Effect on growth performances, feed intake and dressing percentage. 117562
Contamination of *diet* with **radioactive** fallout from nuclear explosions [in milk and meat]. 116035
Bioavailable copper and iron in **rat** *diets.* 117968
Studies on methionine metabolism. 2. Biochemical and histological studies on **rats** *[Diets].* 117995
Problems encountered in bacteriological investigations in accordance with *dietetic* **regulations** with particular reference to caseolyte detection. 116079
Dietary **riboflavin** manipulation effects on discriminated avoidance in rats. 116503
Energy utilizaton by broiler breeders through addition of **sand** to the *diet.* 118129
High, medium and low corn **silage** *diets* with and without monensin for feedlot steers. 118091
Low **sodium** *diet* in heart disease: How low is low? [Dogs]. 119216
Rice bread for **special** *diets.* 116271
Dietary **standard** for Canada, 1975. 116408
Effect of 16 percent protein **starter** *diets* on subsequent performance of growing and laying single-comb White Leghorn pullets. 118178
A *dietary* **study** of adult Chinese-Canadians in Vancouver. 116407
Studies of superobesity. II. Psychiatric appraisal of surgery for **superobesity** *[Diets].* 116378
Food intake, *dietary* **supplements** and survival time of scorbutic guinea pigs. 116496
Delegation of functions by dietitians to *dietetic* **technicians.** 116610
In-service educational program for *dietetic* **technicians** involved in geriatric nutrition. 116619
Current aspects of *diet* **therapy** applied to patients with chronic difuse glomerulonephritis. 116560
Vitamin D in the *diet* of **thoroughbred** yearlings. 118082
Metabolism of liver triacylglycerols in rats tube-fed a **threonine-devoid** *diet.* 116497
Digestion and absorption of *dietary* **triglycerides.** 116466
Progurt, a new fermented [dairy] product; its technology of processing an *dietetic* **values.** 116876
Angina and **vegetarian** *diet.* 116474
Fiber in bread [**Western** *diets].* 116270
Comparison of *dietary* **zinc** levels for reproducing sows and the effect of dietary zinc and calcium on the subsequent performance of their progeny. 118088

DIFFRACTION

X-ray *diffraction* from [spinach] chloroplast membranes oriented in a magnetic field. 120458

DIFFUSION

A comparison of **cane** *diffusion* with hybrid milling-diffusion systems. 117116
Observations on the *diffusion* and **detection** of Sharka virus in a peach orchard in Aquitaine. 122858
Diffusion of **humidity** in wood from 20 degress to 95 degrees Celsius in function of its state of sorption. 119765
A comparison of cane diffusion with **hybrid** *milling-diffusion* systems. 117116
Metabolic intermediates and **lactate** *diffusion* in active dog skeletal muscle. 117540
Moisture *diffusion* in the cured burley tobacco leaf. 117203
The variability of soil aeration measurements. II. Field measurements of N2O [nitrous oxide] concentrations, redox potentials, **oxygen** *diffusion* rates, and oxygen partial pressures as affected by NO3- [nitrate]-fertilization. 124880
Diffusion **precipitation** in agar gel and immunoelectrophoresis in studying Aujeszky's disease virus. 118979

DIGESTION

Digestion and **absorption** of dietary triglycerides. 116466
Development of *digestive* and **absorptive** function in the human fetus [Newborn infant]. 116494
Production of single-cell protein by the cultivation of yeast [Candida utilis] in **anaerobic** *digester* supernatant supplemented with carbohydrates. 116722
Effects of prolonged cold and the outdoor winter environment on **apparent** *digestibility* in sheep and cattle. 117622
The applicability of the chromogen method for determining the **apparent** *digestibility* of dry matter in 1/2 Breton blood and 1/2 Thoroughbred blood mares. 117910
Influence of roughage level and corn processing method on the site and extent of *digestion* by **beef** steers. 118095
Digesta **compostion** in the gastrointestnal tract of bovines fed forage and high-test molasses diets. Forage utilization [Pennisetum purpureum]. 117640
The *digestibility* and the **digestible** energy content of various fats for fattening pigs. 118155
Studies on the *digesta* **distribution** in the GIT [gastrointestinal tract] of pigs fed high-test molasses or maize. 1. Stomach phase. 117641
Try herbs and bran for **easier** *digestion.* 116539
The digestibility and the *digestible* **energy** content of various fats for fattening pigs. 118155
Investigation of methods used in the exact determination of crude **fat** *digestibility* in calves. 117987
Tropical cattle nutrition under grazing range conditions in the Sahel: measurement of the dry matter intake and estimation of *digestibility* and **feeding** value of forages. I. Theoretical basis, purposes and methods. 118158
Flow of *digesta* through the **Gastro-intestinal** tract in the bovine with special reference to nitrogen. 117578
Polysulfide pulping in a dual-vessel **Kamyr** *digester.* 119822
Studies with dairy cows investigating the dietary effect of mixtures of compressed straw + concentrates prepared from crude and NaOH [sodium hydroxide] treated cereal straw. 1. *Digestibility* and **milk** production. 118006
Results of investigations concerning [feed] *digestibility* in **mink.** 117945
Chemical composition and in vitro **nutrient** *digestibility* of dinanath grass (Pennisetum pedicellatum). 117348
Feed intake and **nutrient** *digestibility* of growing lambs supplemented intragastrically with full-fat rapeseed (cv. [Cultivar] Tower). 118029
Digestibility and **nutritive** value of pangola grass (Digitaria decumbens Stent) in relation to nitrogen fertilization and harvesting time [Lambs fattening]. 118044
An evaluation of the **peptic** *digestion* technique (Herlich 1956) for the postmortem recovery of abomasal nematodes from sheep. 118849
Nutritional evaluation of wheat. 5. Disappearance of components in *digesta* of **pigs** prepared with two re-entrant cannulae. 117974
Influence of roughage level on the site and extent of *digestion* of whole **shelled** corn by beef steers. 118094
Determination of feed value based on simple characteristics. 3. Interrelationships between the content of structural **substances** and *digestibility.* 117983
Comparative anatomy of the *digestive* **system** of larvae of roundheaded wood borers (Coleoptera, Cerambycidae). 123925
The movements of minerals in the *digestive* **tract** of dry and lactating Jersey cows. 1. Net movements of Ca, P, Mg, Na, K and Cl [calcium, phosphorus, magnesium, sodium, potassium and chlorine]. 117963
Determination of the **true** *digestibility* of amino acids in pigs. 117982
In vitro **trypsin** *digestion* of bovine and pig muscles both raw and cooked: peptides fractionations by molecular exclusion chromatography [Pork and beef]. 116937
In **vitro** *digestibility* of some leaf protein preparations using papain. 116505
Relationship of chemical analysis to in **vitro** *digestibility* for selected tropical and temperate grasses. 117353
Sulfur supplementation and in **vitro** *digestion* of forage cellulose by rumen microorganisms [Cattle]. 117771

DIGITAL

LANDSAT inventory of surface-mined areas using **extendible** *digital* techniques [Remote sensing]. 115256
Modelling of aquifer behaviour for long time periods using **interactive** *analogue-digital* computers. 125241
Agricultural inventory capabilities of machine processed **LANDSAT** *digital* data [Remote sensing]. 115153
Computer analysis and mapping of gypsy moth [Porthetria dispar] defoliation levels in Pennsylvania using **LANDSAT-1** *digital* data [Remote sensing]. 123475

DIGITALIS

Evolutionary variability of morphological characters in the **genus** *Digitalis* L. 120421

DIGITARIA

A note on the growth of dairy calves grazing pangola grass *[Digitaria* **decumbens]** from 90 to 180 days of age during the dry season. 118043
Breeding of pangolagrass *[Digitaria* **decumbens]** and kikuyugrass [Pennisetum clandestinum]. 120778
Susceptibility of *Digitaria* **decumbens** var. Pangola to blast rice [Pyricularia grisea] in the French West Indies. 122556
Digestibility and nutritive value of pangola **grass** *(Digitaria* decumbens Stent) in relation to nitrogen fertilization and harvesting time [Lambs fattening]. 118044
Some agrochemical methods for controlling N [nitrogen] fertilization in pangola **grass** *(Digitaria* decumbens Stent). 1. preliminary study. 124975
Potential response of guinea (Panicum maximum Jacq.) and **pangola** *(Digitaria* decumbens Stent) to nitrogen fertilization. 124974
Metabolism and differential susceptibility of crabgrass *[Digitaria* **sanguinalis]** and witchgrass [Panicum capillare] to simazine and atrazine [herbicides]. 123211

DIGLUCOSIDES

Isolation and synthesis of **pinoresinol** *diglucoside,* a major antihypertensive principle of Tu-Chung (Eucommia ulmoides, Oliver). 121156

DIGLYCERIDES

Effective identification method of the side by side occurrence of **mono-** and *diglycerides.* 116714

DIHAPLOIDS

Some aspects of the production, selection and use of *dihaploids* in **potato** breeding. 120589

DILATION

Acute **gastric** *dilatation-volvulus:* a breeder's point of view [Dogs]. 119104
Experimentally induced acute **gastric** *dilatation* in the dog: cardiopulmonary effects. 119107
Experimentally induced acute **gastric** *dilatation* in the dog: clinicopathologic findings. 119108
Management of acute **gastric** *dilatation* with torsion and rupture: a case report [Dogs]. 119113
Medical and surgical treatment of canine acute **gastric** *dilation.* 119114
Pathophysiology associated with **gastric** *dilatation-volvulus* in the dog. 119116
Radiographic interpretation of the **gastric** *dilatation-volvulus* complex in the dog. 119118
Shock therapy and anesthetic **management** in **gastric** *dilatation-volvulus* [Dogs]. 119120
Treatment of **gastric** *dilatation-volvulus* by gastric decompression and patient stabilization before major surgery [Dogs]. 119122

DILUTION

Artificial insemination in **swine.** Influences of boar seminal plasma on breeding efficiency of *diluted* **boar** semen. 118382
Effects in the rat of **environmental temperature, diet** *dilution* and treadmill running on voluntary food intake, body compositon and endocrine organ mass: a multiple regression analysis. 116427
Effects in the rat of **environmental temperature, diet** *dilution,* and treadmill running on liver and adipose enzymes and **metabolism** of 14C [carbon isotope]-glucose: a multiple regression analysis. 116428
The time course of **flocculation** of *diluted* **dispersions** of microcrystalline cellulose [Sedimentation]. 119791

Isolation and identification of juvenile hormones by means of a radioactive **isotope** *dilution* method: evidence for JH iII in eight [insect] species from four orders. 123943
Automation of germ counting in microbiology. I. Comparison of conventional and **semi-automatic** *dilution* [Food]. 116019

DIMETHOATE
Quantitative gas chromatographic analysis of *dimethoate* and several **metabolites** in rape, quail, and grasshopper tissues by derivatization. 123723

DIMETHYL
Duck deaths from accidental ingestion of anthelmintic **[2,2-dichlorovinyl** *dimethyl* phosphate]. 118623
Antifungal properties of alpha, omega-alkanedicarboxylic acids and their *dimethyl* **esters** [Plant pathogens]. 122591

DIMETHYLSULFOXIDE
The influence of a protein synthesis inhibitor on the acceptance and eventual dependance of the meristematic cells of Allium sativum L. **[Garlic]** on *dimethylsulfoxide*. 121596

DIMETHYLUREA
DCMU *[3(3,4-dichlorophenyl)-1,1-dimethylurea]* **induced** inhibition of growth, photosynthesis and motility in Eudorina elegans cultures [Algae, herbicides]. 123061

DINITROPHENYL
Interaction of *epsilon-dinitrophenyl* **(DNP)-L-lysine** with bovine colostral anti-DNP immunoglobulin G1 (IgG1): concentration independence [Pregnant cows]. 117550

DINITROPHENYLHYDRAZONES
Detection of N-aryl-N-nitrosamines on thin-layer chromatographic plates with *2,4-dinitrophenylhydrazine* and **phosphomolybdic** acid [Possible carcinogens]. 116191

DINNERS
Unwanted *dinner* guests [Angoumois grain moth, Sitotroga cerealla, rice]. 123216

DINOFLAGELLATA
Dinoflagellates: **fossil** motile-stage tests from the Upper Cretaceous of the northern New Jersey coastal plain. 120258
Structures of gonyautoxin II and III from the east coast **toxic** *dinoflagellate* Gonyaulax tamarensis [Paralytic shellfish poisoning]. 116180

DINOPHYCEAE
Cachonina illdefina sp. Nov. *(Dinophyceae):* **chloroplast** tubules and degeneration of the pyrenoid [Algae]. 120136
Phased division of Peridinium cinctum F. Westii [Algae] *(Dinophyceae)* and **development** of the Lake Kinneret (Israel) bloom. 121209
Sexual reproduction of Peridinium **willei** *(Dinophyceae)* [Algae]. 120777

DINOSEB
Preliminary results of *dinoseb* as a **growth** regulator on corn in Iowa. 121542
Effects of paraquat and *dinoseb* **[herbicides]** in hops [to control Amaranthus retroflexus, Echinochloa crusgalli]. 123207

DINUCLEOTIDES
8-azidoadenine analogs of NAD+ [nicotinamide **8-azidoadenine** *dinucleotide]* and FAD [flavin 8-azidoadenine dinucleotide]. Synthesis and coenzyme properties with NAD+-dependent and FAD-dependent enzymes [Livestock extracts, Penicillium nitatum, Fungi]. 117669
Multiple molecular forms of *nicotinamide-adenine-dinucleotide-specific* **glutamate-dehyrogenase** in lines and hybrids of maize [Zea mays L.). 121448

DIOSCOREA
Plantlet formation in callus cultures of *Dioscorea* **deltoidea** Wall. 121139
Synthesis of 3-beta-glycosides of diosgenin [from *Dioscorea* **deltoidea],** yamogenin and gitogenin [from the seed of Trigonella foenum-graecum]. 121261
Yams: *Dioscorea* spp. **(Dioscoreaceae).** 122384
Influence of the dates of tuberization and sprouting in yam **tubers** *(Dioscorea* sp.) on the emergence time in the field. 121589
Performance of **yam** *(Dioscorea* spp.) setts planted without water. 122388
Preliminary investigations into the effect of planting dates and types of setts on the flowering of white **yam** *(Dioscorea* rotundata, Poir) varieties. 122414
White **yam** *(Dioscorea* rotundata) yield trials: summary of results 1957-1964. 122416

DIOSCOREACEAE
Yams: **Dioscorea** spp. *(Dioscoreaceae).* 122384

DIOSGENIN
Synthesis of 3-beta-glycosides of *diosgenin* [from **Dioscorea** deltoidea], yamogenin and gitogenin [from the seed of Trigonella foenum-graecum]. 121261

DIOSPYROS
Tannin in **persimmon** *(Diospyros* kaki L.) fruits. II. Volatile compounds and soluble tannin of the fruits in the course of removal of astringency. 117294
Observations on setting and growth patterns of fruit in **persimmon** *(Diospyros* kaki, L.). 121584

DIOXIDE
Storage tests on pre-packed beef in controlled gas atmospheres of high **carbon** *dioxide* content with oxygen largely excluded. 116996
Control of breathing in uremia: ventilatory response to CO2 **[carbon** *dioxide]* after hemodialysis. 117772
Gas-blood CO2 **[carbon** *dioxide]* equilibration in parabronchial lungs of birds [Chickens]. 117776
Influences on the **carbon** *dioxide* balance of submersed higher aquatic plants in flowing water by noxious substances contained in water [Potamogeton pectinatus, Amblystegium riparium]. 120850
Biosynthetic studies with 13CO2 **[carbon** *dioxide* isotope] of secondary plant metabolites. Nicotiana alkaloids. 1. Initial experiments [Tobacco]. 121516
Regulation of apical dominance by ethephon, irradiance and CO2 **[carbon** *dioxide,* peas]. 121752
The interrelationship between translocation of 14C [carbon isotope]-photosynthate and 14CO **[carbon** *dioxide* isotope] exposed leaf position on the grafts of Ipomoea [Sweetpotatoes]. 121766
Photosynthesis in Sitka spruce (Picea sitchensis (Bong.) Carr.). VII. Measurements of stomatal conductance and 14cO2 **[carbon** *dioxide* isotope] uptake in a forest canopy. 121818
Effect of **carbon** *dioxide* enrichment on growth, development and yield of glasshouse tomatoes. II. The duration of daily periods of enrichment. 122399
Changes in CO2 **[carbon** *dioxide]* and water vapour exchange rates in leaves of Quercus robur infected by Microsphaera alphitoides (powdery mildew). 122702
Vintage heating and the use of **sulfur** *dioxide.* 117313
Laboratory measurement of SO2 **[sulfur** *dioxide]* deposition velocities on selected building materials and soils. 125387
A new approach to **sulphur** *dioxide* analysis [Food preservative]. 116807
Evaluation of the degree of damage to trees and shrubs by **sulphur** *dioxide* for [Air pollution resistance] breeding purposes. 122908
Long-term mean concentrations of atmospheric smoke and **sulphur** *dioxide* in country areas of Emgland and Wales [Air pollution]. 125388

DIPEPTIDASE
Isolation and properties of **carboxycathepsin** *(peptidyl-dipeptidase)* from bovine lung. 117608

DIPHASIUM
Discovery of the **lycopod** *Diphasium* zeilleri (Rouy) Damboldt in Campine. 120224

DIPHENYLAMINE
A shortened procedure of the *diphenylamine* **reaction** for the measurement of deoxyribonucleic acid by using light activation [Schizosaccharomyces pombe, Fungi]. 120880

DIPHENYLMETHANE
Effect of **Panacide** *(5,5'-dichloro-2,2'-dihydroxy-diphenylmethane),* on the total chlorophyll & growth of Scenedesmus obliquus [Algae]. 121131

DIPHOSPHATE
Binding of nucleotides ATP [adenosine triphosphate] and aDP **[adenosine** *diphosphate]* to sarcoplasmic reticulum: study by rate of dialysis [Rabbit skeletal muscles]. 117599
Alteration of poly (ADP **[adenosine** *diphosphate]-Rib)* synthesis during progesterone-caused gene expression in oviducts of quails. 118222
Formation of nicotinamide **ribose** *diphosphate* ribose, a new metabolite of the NAD [nicotinamide adensine denuclotide] pathway, by growing mycelium of Aspergillus niger [Fungi]. 120857
Breakdown of *diphosphate* and **tripolyphosphate** in the m. Longissimus dorsi muscle of the pig. 117686
Precocious development of UDP **[uridine** *diphosphate]-glucuronyltransferase* activity in chick-embryo liver after administration of adrenocorticotropic hormone and of certain 11beta-hydroxy corticosteroids. 117584

DIPHOSPHOGLUCOSE
Uridine *diphosphoglucose* dehydrogenase in the intervertebral disc [of an old sheep and a young pig]. 117705

DIPLODIA
Ultrastructure and elemental composition of dormant and **germinating** *Diplodia* maydis spores [Fungi]. 120478
Dormant and **germinating** *Diplodia* maydis spores: ultrastructure and elemental composition. 120541
Cytochemical localization of polysaccharides in *Diplodia* **maydis** [Fungi] with thiosemicarbazide: evaluation of three fixatives for PA: TSC:OS reaction. 120539

DIPLOIDS
Comparative study of *diploid* and **tetraploid** tomatoes. 120823
Potential fertility levels in four *diploid* **Vaccinium** species [Blueberries]. 120768
Studies on lodging resistance of *diploid* **winter** rye varieties and their hybrids [USSR]. 120681
The shape of dose-effect curves for *diploid* **yeast** cell irradiated with ionizing particles. 121082
Delayed plating recovery in *diploid* **yeast** [Saccharomyces cerevisiae] of different sensitivities after X-ray and alphaparticle exposure. 121147
Dependence of radiation response of *diploid* **yeast** [Saccharomyces cerevisiae] upon growth phase and LET [Lineal energy transfer]. 121148

DIPLOPODA
Diplopoda from the **Abidjan** region of the Ivory Coast [Diopsiulus, Tonkouibolus, Villiersiellina, Aporodesmus, new taxa]. 124256
The cerebral gland of Gonoplectus malayus (Carl.) **(Myriapoda,** *Diplopoda).* 123870
Data on morphology, teratology, postembryonic development, faunistics and ecology of **Myriapoda** *Diplopoda* that are harmful to crops in Senegal. 124254
Study of the variability of characters of two species of the genus Polyxenus, Polyxenus lagurus (L.) and Polyxenus fasciculatus Say *(Diplopoda,* **Penicillata).** 123843
Segmental anomaly in Polydesmus angustus Latzal (Myriapoda, *Diplopoda,* **Polydesmidae).** 123841
A new genus [and species]—Sakhalineuma molodovae Golovach (Chordeumida, *Diplopoda)* from **southern** Sakhalin. 124278
Spirostrepidae *(Myriapoda-Diplopoda)* from French Guiana. Description of two new genera. Supplements to the diagnosis of South American type species. 124262
A new species of the genus Tibiozus [sixi] Attems collected in **Uganda** *(Diplopoda,* Spirostreptoides, Spirostreptidae). 124249

DIPRION
Permanent culturing of *Diprion* **pini** L [Hymenoptera, Diprionidae) with regard to photoperiodic conditions. 123820

DIPRIONIDAE
Permanent culturing of Diprion pini L [Hymenoptera, *Diprionidae)* with **regard** to photoperiodic conditions. 123820

DIPTERA
Studies on boreal **Agromyzidae** *(Diptera).* X. Phytomyza miners on Crassulaceae [New taxa]. 124406
Macrolarviparous reproduction in **Amenlinae** *(Diptera:* Calliphoridae) [Amenia, Paramenia semiabriceps]. 119919
The first record of an authentic Dialineura [gorodkovi] species in North **America** *(Diptera:* Therevidae). 124408
Incorporation of tritiated thymidine in germinal and somatic cells of the onion fly, Hylemya **antiqua** *(Diptera:* Anthomyidae), as determined by autoradiography. 123889
The seven larval instars of Simulium **arcticum** *(Diptera:* Simuliidae) [Biology and control]. 123614
Relative response to coloured substrates by ovipositing **black-flies** *(Diptera,* Simuliidae). II. Oviposition by Simulium (Odagmia) ornatum Meigen. 123651
Present methods of controlling warble flies [Oestridae] and **blood-sucking** *Diptera* in northern reindeer husbandry. 123631
Prospects of controlling warble flies [Oestridae] and **blood-sucking** *Diptera* in the northeastern zone [Pests of reindeer]. 123632
Results of zoological research carried out by Dr. Z. Kaszab in Mongolia. 377. **Bombyliidae** II. *(Diptera).* 124453
Quantitative determinaton ofpopulation movements of various Hylemya species, especially Hylemya brassicae **Bouche** *(Diptera,* Anthomyiidae), during the whole year. 124082
Study of commissural tracts of the cerebroid ganglia of Calliphora vomitoria L. *(Diptera,* **Brachycera,** Thecostomata). 123853
Additions to the crane flies of **California** *(Diptera:* Tipulidae) [New taxa]. 124396
A species of Chloromerus [near striatifrons] *(Diptera:* **Chloropidae)** swarming in the Canberra district. 123822
Pests of the Baltic Sea coast. II. Short survey of the most important insect groups besides **Coleoptera** and *Diptera.* 123599
The perisympathetic organs of Insecta. An attempt on their evolution. Structural and physiological data on **Coleoptera** and *Diptera.* 123813
Insect fauna of male Typha angustofolia flowers **[Coleoptera,** *Diptera].* 124179
Contribution to the study of the **"maculipennis complex"** *(Diptera,* Culicidae, Anophelinae). 1975 statement [Anopheles maculipennis]. 123819
The effects of various aphids as larval prey on the development of Metasyrphus **corollae** *(Diptera:* Syrphidae). 123906
New data on the chorology and ecology of some species of **Culicidae** *(Diptera)* in southern Quebec. 123613
Studies on the external metamorphosis of Musca domestica nebulo Fabr. *(Diptera,* **Cyclorrhapha,** Muscidae). II. Metamorphic changes in the thoracic region. 124015
Results of zoological research carried out by Dr. Z. Kaszab in Mongolia. 374. Asilidae, subfamily **Dasypogoninae** *(Diptera).* 124451
Conditions required for the mass-breeding of Lixophaga **diatraeae** *(Diptera:* Tachinidae). 123902

The Arthropoda of the southern islands of New Zealand. 9. *Diptera* [**Diptera,** new taxa]. 124327
A study of the genus Hilara Meig. *(Diptera,* **Empididae**) in Czechoslovakia. 124239
Diptera **endoparasitic** of Orthoptera in the Corsican fauna. 124238
Some observations on the biology of Brachydeutera longipes Hendel (Insecta: *Diptera:* **Ephydridae**). 124155
A new species of the genus Psilopa [polita] Fall. *(Diptera,* **Ephydridae**). 124424
Microtubules and cell movements in the islets of imaginal histoblasts of the abdominal epidermis in Calliphora **erythrocephala** *(Diptera).* 123850
Fannia thelaziae, a new species of eye-frequenting fly of the benjamini group from California and description of Fannia conspicua **female** *(Diptera:* Muscidae). 124398
A new species of brine fly from California rice **fields** *(Diptera:* Ephydridae [Ephydra usingeri]. 124395
Autogeny and endocrine involvement in the reproduction of tropical flesh **flies** *(Diptera:* Sarcophagidae). 123885
The Irish species of flat-footed **flies** *(Diptera:* Platypezidae). 124314
Panorpatae (Rhingia) as effective pollinators of highly develop nectar containing **flowers** *(Diptera,* Syrphidae). 123899
The Nearctic species of Dioctria and six related **genera** *(Diptera,* Asilidae) [New taxa]. 124409
Extracting larvae of Chrysops **hirsuticallus** *(Diptera:* Tabanidae) from soil: efficiency of two methods. 123802
Flies *[Diptera]* and their **hygienic** importance in leisure-time and recreational areas. 123648
Patterns of DNA synthesis in polytenic chromosomes of hybrid Anopheles atroparvus X Anopheles **labranchiae** *(Diptera:* Nematocera). 124146
Density and composition of crane fly **larvae** *(Diptera,* Tipulidae) from an alpine wet meadow at Stigstuv, Hardangervidda, south Norway. 124112
Host range of Drosophila melanogaster C virus among *Diptera* and **Lepidoptera.** 123808
A revision of the Palaearctic Tachydromiine genus Dysaletria **Loew** *(Diptera:* Empididae) [New Taxa]. 124469
Comparative morphological characteristic of the larvae of Palearctic species of the genus Lonchaea Fall. *(Diptera,* **lonchaeidae**). 124307
Control of warble fies [Oestridae] and blood-sucking insects *[Diptera]* in the **Magadan** Region [Pests of reindeer]. 123630
Cell proliferation in the gonads of triploid intersexes of drosophila **melanogaster** *(Diptera).* 123847
Epidemiologic importance of age groups i colonies of the Simulium **metallicum** *(Diptera:* simuliidae) in Venezuela. 123605
A synopsis of the **Micropezidae** *(Diptera)* of Canada and Alaska, with descriptions of four new species. 124277
The larva of Coenosia dubiosa (Hennig) *(Diptera:* **Muscidae**). 124182
Reproductive behavior of the lovebug, Plecia **nearctica** *(Diptera:* Bibionidae). 123804
The Agromyzidae of New Zealand (Insecta: *Diptera)* [New taxa]. 124326
The Arthropoda of the southern islands of New Zealand. 9. Diptera *[Diptera,* **new** taxa]. 124327
Syrphus torvus **Osten-Sacken** *(Diptera,* Syrphidae). Records from Spitsbergen, Svalbard. 124382
A key to species of Australian **Otitidae** *(Diptera:* Schizophora) with notes on distribution. 124229
Description of the male of Criorrhina soror **Paramonov** *(Diptera:* Syrphidae). 124231
Effect of a juvenile hormone analogue on the development of a parasitic insect, Pales **pavida** *(Diptera:* Tachinidae). 123903
Studies on the Phlebotominae of **Peru** *(Diptera,* Psychodidae). I. Cuzco Province. 1. description of three new species [Lutzomyia cuzquena, Lutzomyia machupicchu, Lutzomyia quechua, leishmaniasis transmission]. 124419
Studies on the Phlebotominae of **Peru** *(Diptera,* Psychodidae). I. Cuzco Province. 2. description of the females of Lutzomyia campbelli and Lutzomyia sherlocki, and redescription of the male and description of the female of lutzomyia octavioi. 124420
Studies on the Phlebotominae of **Peru** *(Diptera,* Psychodidae). I. Cuzco Province. 3. description of the male and redescription of the female of Lutzomyia (Psychodopygus) amazonensis (Root, 1934), and list of species collected [Leishmaniasis transmission]. 124421
Biological control of the beanfly, Ophiomyia **phaseoli** *(Diptera:* Agromyzidae), by Opius spp. (Hymenoptera: Braconidae) in the Hawaiian Islands. 123397
Effect of an insect growth regulator on lipid and carbohydrate reserves of mosquito [Aedes aegyti] **pupae** *(Diptera:* Culicidae). 123612
Description of a new species of Phylloteles [socialis] *(Diptera:* **Sarcophagidae,** Miltogramminae) from southern Africa. 124474
A study of fungal infection in the dung fly, Scathophaga stercoraria L. *(Diptera,* **Scathophagidae**) [Predators of pasture pests]. 123312
A new eugregarina Schneideria schneiderae n. Sp. From Trichosia pubescens Morgante 1969 (**Sciaridae,** *Diptera).* 124412
Aquatic and **semi-aquatic** *diptera* of Indiana. 124411
Simuliidae *(Diptera)* of Rendalen, Norway. II. Adult females attacking cows and humans. 123652
Evidence that blackfly larvae *[Diptera:* **Simuliidae**] can feed on particles of colloidal size. 124096
Life cycles of cacao pollinating midges, Forcipomyia **species** *(Diptera,* Ceratopogonidae), and some notes on larval behavior in the laboratory. 124144
Faunistic and ecological studies on Drosophilidae **species** *(Diptera)* of Switzerland. VII. 124341
Faunistic and ecological studies on Drosophilidae **species** *(Diptera)* of Switzerland. VIII. 124342
Confirmation of the beach habitation of Apatolestes actites Philip and **Steffan** *(Diptera:* Tabanidae) on the California coast. 124397
A revision of the therevine **stiletto-flies** *(Diptera:* Therevidae) of the Ethiopian region [New taxa]. 124246
The activities of various *Diptera* at the **stinkhorn** Phallus impudicus Pers [Fungal associations]. 124313
First notions on Tachinid flies from the Vysne Ruzbachy spa **surroundings** *(Diptera,* Tachinidae). 124241
Problems set by Chrysops melicharii Mik (Tabanidae, *Diptera)* in **Switzerland.** 124345
The feather fly Carnus hemapterus Nitzsch (Milichidae, *Diptera)* in **Switzerland.** 124350
Estimates of population size and longevity of adult narcissus bulb fly Merodon equestris Fab. *(Diptera:* **Syrphidae**). 123410
New North American **Tabanidae** *(Diptera).* XXII. New species in the tribe Diachlorini in Mexico [Stenotabanus, Dichelacera]. 124475
Experimental determination of the dispositon the cherry fly of Rhagoletis cerasi L. *(Diptera,* **Trypetidae**) to fly. 123371
Eumerus compertus **Villeneuve** *(Diptera,* Syrphidae); larvae and puparium. 124476

DIPTERYX

Preliminary study of the tonka bean *[Dipteryx* **alata**] (Leguminosae, Faboideae). 121622

DIROFILARIA

Survey of *Dirofilaria* **immitis** infection among dogs at Fort Dix & McGuire Air Force Base, New Jersey. 119058
The mosquitoes, Aedes canadensis and Aedes vexans as potential vectors of *Dirofilaria* **immitis** in Maryland [Dogs]. 123602

DISINFECTION

Suitability of carriers for the examination of *disinfectants* against [**animal**] viruses. 118660
Suitability of carriers for the examination of *disinfectants* against [**animal**] viruses. 118661
Study **concerning** *disinfection* and hygienic treatment of urban wastes by pit composing as well as conclusions about the standardization of control methods. 125086
Aerosols of *disinfectants* for [**control** of] pasteurellosis of rabbits. 119017
Effective *disinfection,* what is wanted and how far it can be achieved [Food industry]. 116731
Disinfection of **feeds** in specific pathogenic free poultry farming. 118568
Cleaning and *disinfection* in the **food** industry [Sanitation]. 116053
Disinfection and **hygiene** in food processing and their supervision as well as an arrangement of hygiene plans. 116020
Use of hypochlorine for *disinfection* in **large** scale swine rearing. 118574
Checking up on **Persteril** *disinfection* procedures employed in veterinary practice. 118676
Studies on a microbiological assay of the distribution of mercury containing **seed** *disinfectants* on cereal seed [Rhizoctonia solani]. 122678
Some aspects of the control of damping off of [forest tree] seedlings [by *disinfection* of **soil** with fumigants]. 119374
Experiences of **soil** *disinfection* in strawberry culture. 122984

DISINFESTATION

Motivation and method in ensuring protection of tropical produce from grower to his market [**Storage** and *disinfestation].* 115684

DISINTEGRATION

The fine structure of pea root nodules. 2. Senescence and *disintegration* of the **bacteroid** tissue [Rhizobium leguminosarum]. 120530
On the mechanism of microbial cell destruction during **ballistic** *disintegration* processes [Schizosaccharomyces pombe, Candida utilis, yeasts]. 121044
Incorporation and *disintegration* of **extra-embryonic** epithelia in the egg of the migratory locust (Locusta migratoria L.). 123849

DISKS

The hand of the *stacked-disk* **aggregate** of tobacco mosaic virus protein. 122848
Cytogenetic analysis of the complementation groups in the *disk* of 10A 1-2 **chromosome** of Drosophila melanogaster. 123879
Alternation of ploughing and *disk-tillage* in **cultivation** of maize on slopes. 125139
A playing card for *disc* **harrows.** 124674
Movements and cellular deformations during evagination of Drosophila **imaginal** *discs.* 123851
Action of juvenile hormone on **imaginal** *discs* of the Indian meal moth [Plodia interpunctella]. 123931
The effects of juvenile hormone on **imaginal** *discs* of Drosophila in vitro: the role of the inhibition of protein synthesis. 123956
The development of ommatidial patterning in metamorphosed eye **imaginal** *discs* implants of Drosophila melanogaster. 124172
Uridine diphosphoglucose dehydrogenase in the **intervertebral** *disc* [of an old sheep and a young pig]. 117705
Canine **intervertebral** *disc* disease—occurrence by age, breed, and sex among 8,117 cases. 119195
Disc **microbiological** method for the determination of lysine or methionine in protein hydrolysates [Nutritional quality]. 116504
Study of proteins from seeds of pulses. 3. *Disk-elektrophoretic* **study** of salt-soluble proteins from seeds of some varieties of lentils. 117320
Pigment degradation in *discs* of the **thermophilic** Cucumis sativus [cucumber] as affected by light, temperature, sugar application and inhibitors. 121751
Surgical treatment of **thoracolumbar** *disc* herniation. 119221
Effects of Weismann ring gland on RNA synthesis in imaginal **wing** *disks* of Calliphora erythrocephala. 124044

DISMUTASE

The **superoxide** *dismutase* activity of various photosynthetic organisms measured by a new and rapid assay technique [Spinach, Algae]. 121053

DISODIUM

Ultrastructural and biochemical evaluation of parathyroid function of pregnant cows **administered** *disodium* ethane-1-hydroxy-1,1-diphosphonate (EHDP) and fed a low calcium prepartal diet. 117889

DISPLACEMENT

Aetiology and pathogenesis of **abomasal** *displacement* in dairy cattle. 119271
Experimental studies of a method for nonsurgical treatment of leftsided **abomasal** *displacement* in cattle. 119285
Industrial *displacement* through environmental controls: the international competitive aspects. 125469

DISPOSAL

Legal problems connected with the *disposal* of **animal** carcasses. 115813
Legal problems connected with the *disposal* of **animal** carcasses. 115814
Disposal of **beef** feedlot manure [Maize, sorghum]. 125057
[Cotton] gin trash holds huge energy potential [**Waste** *disposal].* 117088
Lake treatment with fly ash, lime, and gypsum [Solid **waste** *disposal].* 125509

DISSECTION

Intra-articular chip fracture or **osteochondrosis** *dissecans* of the fetlock joint of horse. 119265
Use of microradiographic technics, instead of *dissection* for **study** of the mating status of female armyworm moths, Mythimna unipuncta, captured in light traps (Lepidoptere Noctuidae) capturees aux pieges lumineux. 124145

DISSEMINATION

Disseminated **canine** prothothecosis: a case report. 119106
Disseminated **cryptococcosis** [an infection caused by the yeast-like fungus Cryptococcus neoformans] with ocular involvement in a dog. 118776

DISSIPATION

Role of pH [hydrogen-ion concentration] on metribuzin [herbicide] *dissipation* in **field** soils. 123767

DISSOCIATION

Equilibrium studies on the refolding and reactivation of rabbit muscle aldolase after **acid** *dissociation.* 117660
Kinetics of refolding and reactivation of rabbit muscle aldolase after **acid** *dissociation.* 117662
Gonotropic *dissociation* in Culex pipiens pipiens L. 123672

DISTEMPER

Genesis and maintenance of a persistent infection by **canine** *distemper* virus. 118788

DISTILLERIES

Saccharifying agents for *distilleries:* **green** malt, cured malt and commercial enzymes. 116797
Microecological studies on lactic acid bacterial flora of **molasses** *distilleries.* III. Cultivation of the brewers' yeast Saccharomyces cerevisiae race M with some isolated lactic acid bacteria from molasses distilleries in continuous mixed cultures. 116664
Microecological studies on lactic acid bacterial flora of **molasses** *distilleries.* I. Isolation and identification of lactic acid bacteria. 116665

DISTURBANCE

Electrostimulation in the cervix uteri in the mare; contribution to the treatment of **functional** *disturbances* of the ovaries. 118425
Revegetation of **land** *disturbed* by surface mining in Colorado. 125130
Disturbances at **meiosis** in octoploid and hexaploid Triticale forms. 120640
Acute **postvaccinal** *disturbances* in piglets. 118866

DISULFIDES
Photometric determination of dithiocarbamate [fungicides] residues [in foods] by **carbon** *disulphide* evaluation method. 116232

DITCHES
Observations on the macrofauna of a **Dutch** *ditch* [Includes insects]. 123923
Distribution of multicellular benthic algae in an **eutrophic** *ditch* [Ecology]. 120358
The beautiful coverup [New land area created by covering **irrigation** *ditch].* 125167
Periphyton diatoms in a *ditch* near **Tienhoven** [Ecology]. 120359
Survey of the macrovegetation in a *ditch* near **Tienhoven** (Utrecht, the Netherlands). 120360

DITERPENES
The structure of corylifuran, a **clerodane-type** *diterpene* from Croton corylifolius Lam. 121371
Components of Labiadae. XXV. *Diterpenes* of **Nepeta** granatensis Boiss; chromic oxidation of the allyl alcohls 7 alpha, 18-dihydroxy-14-abietene and 14 alpha, 18-dihydroxy-7-abietene. 120871
Naturally occurring terpene derivatives. 60. On a **new** *diterpene* from Melampodium perfoliatum (Carv.) A. Gray. 121001
Dictyol A and B, two **novel** *diterpene* alcohols from the brown alga Dictyota dichotoma. 121008
Nasute termite soldier fromtal gland secretions. 1. Structure of trinervi-2beta,3alpha,9alpha-triol-9-O-acetate, a **novel** *diterpene* from Trinervitermes soldiers. 124012

DITERPENOIDS
Gnidimacrin and gnidimacrin 20-palmitate, novel macrocyclic **antileukemic** *diterpenoid* esters from Gnidia subcordata. 121155
Epoxy-isofoliol, a **new** *diterpenoid* from "Sideritis paulii". 120875

DITHIOCARBAMATES
Residues of four *ethylenebis(dithiocarbamates)* and their **decomposition** products on field-sprayed tomatoes. 116179
Photometric determination of *dithiocarbamate* **[fungicides]** residues [in foods] by carbon disulphide evaluation method. 116232

DITHIOCARBAMIC
Field evaluations of systemic fngicides and derivatives of *dithiocarbamic* **acid** for the control of clubroot [Plasmodiophora brassicae, cabbage]. 122562
Glasshouse evaluaton of systemic compounds, derivatives of *dithiocarbamic* **acid** and other fungicides for the control of clubroot [disease caused by Plasmodiophora brassicae]. 122564

DITYLENCHUS
Enzymatic activity of protein fractions excreted by potato stem nematode *[Ditylenchus* **destructor].** 123003
Stem eelworm on arable crops *[Ditylenchus* **dipsaci,** nematodes]. 122881
Ditylenchus **[dipsaci]** infestation and the nematode fauna of garlic in Moldavia. 123002
Ditylenchus **dipsaci** (Kuhn) Filipjev, the agent responsible for vermicular disease or lodging of tobacco in French Switzerland. 123034

DIURETICS
Kidney development in newborn lambs: response to water load and *antidiuretic* **hormone** (ADH). 117941

DIURNAL
Hilltopping and defence behaviour in a *diurnal* **agaristid** moth [Comocrus behri]. 123823
A study of the fluctuating factors in the seminiferous epithelial cycle in mice—with special attention to statistical studies on *diurnal* **fluctuations** and on variations due to testes and testis loci in the relative frequencies of the stages [Spermatogenesis]. 118365
Diurnal **intensity** of photosynthesis in introduced woody plants in the Crimea. 120963
Diurnal **periodic** leaf movements and biochronometry. 120953
The relation of incident radiation to *diurnal* **rates** of photosynthesis in Lough Neagh. 120371
Diurnal **variations** of plasma testosterone in stallions. 118225

DIURON
Effect of *diuron* on the **relation** between the exchange of energy and gas in the photosynthesis of Chlorella [Algae] in blue light. 121027

DIVALENT *see* VALENCE

DOCKS
Control of **broad-leaved** *docks* [Rumex obtusifolius]. 123099
Weed control: *docks* **[Rumex].** 123051

DOCUMENTATION
Systematic realization of documentary synthesis by the *Documentation* **Center** for Industries Using Agricultural Products. 116693
Structure and dynamics of user groups in a *documentation* **centre** for plant protection. 122998
A partially **computerized** *documentation* system for microscopic soil fungi. 119886
Coding of weed and crop names for *documentation* in **crop** protection research. 122991
Documentation and **information** retrieval in irrigation research. 125292
Significance of **statistical** *documentation* in apiculture. 124581

DODDER
Influence of shading & *dodder* **[Cuscuta]** infection on the content & nature of alfalfa phenolics. 123089

DODINE
A gas-liquid chromatographic method for the determination of *dodine* **[fungicide]** residues on foods. 116175

DOGS
Metabolic intermediates and lactate diffusion in **active** *dog* skeletal muscle. 117540
Sebaceous gland **adenomas** in *dogs.* 119135
Some systemic effects of [an anti-tumor antibiotic] **adriamycin** on the *dog.* 118778
Correction technics for **aggressive** *dogs* [Behavioral problems]. 119145
Effect of bombesin on erythropoietin production in the **anaesthetized** *dog.* 117867
Effects of chloramphenicol on Tilazol (CI-744) **anesthesia** in *dogs.* 118577
Contributions of microwave therapy in the rehabilitation of pet **animals** *[Dogs].* 118429
Spontaneous recovery of a *dog* **artificially** infected with rabies. 118911
Pathways regulating cardiovascular changes during volume loading in **awake** *dogs.* 117542
Decompression-induced decrease in nitrogen elimination rate in **awake** *dogs.* 117773
Epidemic abortion in the *dog* **(Beagle)** and the possibility of infection for man. 118854
Acid-based measurements of arterial, venous and capillary **blood** in the *dog.* 118532
Morphology of Ancylostoma buckleyi, Le Roux and Biocca, 1957 in *dogs* from **Cairns,** North Queensland, Australia. 118947
Calcium regulation in heart cells. The interaction of mitochondrial and sarcoplasmic reticulum with troponin-bound **calcium** *[Dogs].* 117659
Experimentally induced acute gastric dilatation in the *dog:* **cardiopulmonary** effects. 119107
Clinical problem of vesical calculosis in **carnivora** *[Dogs].* 119070
Bacterial meningitis [in the *dog]:* a **case** study and review. 118775
Avulsion of the popliteus muscle in the *dog:* a **case** report. 119105
Rhipicentor [nuttalli] infestation in the *dog:* a **case** report. 123662
General concepts of tumor metastasis in the *dog* and **cat.** 118469
Comparative electron microscopic study of the cysts of Sarcocystis fusiformis (Railliet 1897) in the muscle fibers of naturally infected cattle and after experimental infections of calves by sporocysts of Isospora hominis and the large forms of Isospora bigemina from **cat** and *dog.* 118894
Dysplasia of the tricuspid value in the *dog* and **cat.** 119129
The use of Sterculia Gum for controlling intestinal tone in the *dog* and **cat.** 119139
Glucose metabolism of mammalian erythrocytes *[Dogs,* **cats,** horses]. 117803
Pharmacologic control of vomiting *[Dogs,* **cats,** swine, primates]. 118550
Clinical trials concerning the management of otitis externa in *dogs* and **cats.** 118554
What we do in quarantine and why. Quarantine for *dogs* and **cats.** 118611
Rabies treatment of persons bitten by animals *[Dogs,* **cats].** 118671
Helminths of domestic carnivorous animals in Kishinev *[Dogs,* **cats].** 118874
Clinical evaluation of Tribrissen, new antibacterial agent for *dogs* and **cats.** 119048
Otitis externa. 3. Bacterial isolation *[Dogs,* **cats].** 119053
Otitis externa. 4. Otomycosis *[Dogs,* **cats].** 119054
A method for reduction and fixation of symphyseal fractures of the mandible *[Dogs,* **cats].** 119250
Otitis externa. 5. Otoacariasis *[Dogs* and **cats,** mites]. 123680
Andrological findings in Australian **cattle** *dog* breeding. 119848
Experimentally induced acute gastric dilatation in the *dog:* **clinicopathologic** findings. 119108
Radiographic interpretation of the gastric dilatation-volvulus **complex** in the *dog.* 119118
The "innocent" murmur—a dilemma [Nonpathogical heart **conditions** in *dogs].* 119284
Method for chronic recording of electroencephalographic activity in **conscious** *dogs.* 117777
Further studies on the therapeutic and immunologic aspects of generalized demodectic mange in the *dog* **[Demodex** canis]. 123638
Pathophysiology associated with gastric **dilatation-volvulus** in the *dog.* 119116
Shock therapy and anesthetic management in gastric **dilatation-volvulus** *[Dogs].* 119120
Glycosaminoglycan staining in **diseased** *dog* skin. 118456
Techniques for differential diagnosis of neuromuscular **diseases** *[Dogs].* 119075
Toxoplasma antibody in sera from **Dublin** *dogs* [Toxoplasma gondii]. 118773
Functional, anatomical and radiographic studies of the dorsal head-neck set in the *dog* and their **effects** on the problems associated with the erect position of the head in hominids. 117553
Osmolyte and tryptophan receptors controlling gastric **emptying** in the *dog.* 117541
Experimental studies in intestinal healing of the *dog.* III. An **end-to-end** intestinal anastomosis using a decalcified bone tube. 119142
Use of a corneoscleral homograft to treat proliferative **episcleritis** in the *dog.* 119222
Autoimmune hemolytic anemia associated with lupus **erythematosus** *[Dogs].* 119209
Peroneal nerve paralysis in the cat and *dog:* an **experimental** study [Surgery]. 118484
Melanoma of the lower **eyelid** of a *dog.* 119217
Identification of rheuma **factors** in *dogs.* 119162
Beta adrenergic blockade for management of tetralogy of **Fallot** in a *dog.* 119124
Obstructive urethritis in the **female** *dog* (a report of three cases). 119218
The occurrence of Bacillus cereus in **Finnish** *dog* food sausages; a microbiological and physicochemical survey. 119274
A case of esophageal foreign body with mediastinal abscess **formation** in a *dog.* 119249
Survey of Dirofilaria immitis infection among *dogs* at **Fort** Dix & McGuire Air Force Base, New Jersey. 119058
Treatment of fungal sinusitis with autogenous vaccine (a case report) [Aspergillus **fumigatus,** *dogs].* 119060
Control values for evaluating gastrointestinal **function** in the *dog.* 117761
Adenylate cyclase of the *dog* **gastric** mucosa: stimulation by histamine and inhibition by metiamide. 117866
Serodiagnostic studies on larval and strobilar phase of Taenia hydatigena with in vitro precipitation test [Cysticercus tenuicollis, sheep, **goats,** *dogs].* 118919
Dried brewers grains for mature and **growing** *dogs.* 118089
Quantitative determination of normal horse, cat, and *dog* **haptoglobins.** 117942
Isolation of rabies virus from apparently **healthy** *dogs* experimently infected. 118908
Preliminary evaluation of butamisole for the treatment of intestinal **helminths** of *dogs.* 118952
A blood disease **[hemophilia]** in *dogs.* 119183
Hungarian **hunting** *dog* breeds. 118263
Incidence and pathophysiological changes in chronic two-kidney **hypertension** in the *dog.* 119225
Importing *dogs* and cats into Australia [Quarantine requirements]. 118609
The efficiency of Praziquantel against tapeworms in experimentally **infected** *dogs* and cats. 118663
Otomycosis in the *dog* from **infection** by Pityrosporum ovale. 118693
Angiotensin II release from the hypoxic lobe of the **intact** *dog* lung. 117821
The relation between alimentary and emotiona amygdalar regulation [Food **intake,** *dogs].* 116381
Dog's **intestinal** helminth ova incidence in public parks of the city of Milan. 118616
Evidence for immunoreactive neurotensin in *dog* **intestinal** mucosa. 118820
Development of Sarcocystis hirsuta (=Sarcocystis fusiformis) in tissue culture [of chick fibroblasts] after inoculation with sporozoites [obtained from *dog* **intestine].** 118927
Disseminated cryptococcosis [an infection caused by the yeast-like fungus Cryptococcus neoformans] with ocular **involvement** in a *dog.* 118776
Incidence of Spirocerca lupi, Rudolphi 1809, (Nematoda: spiruridae) in the Shiraz area of **Iran** *[Dogs].* 118754
Secretion of proteolytic enzymes flowing introduction of nutrients into the duodenum and **jejunum** *[Dogs].* 116568
The stifle **joint** *[Dogs].* 119238
Enophthalmia and entropion associated with an ectopic cilia of the upper **lid** in a *dog.* 119214
Measurement of electric resistance of the vaginal mucus as an aid for heat detection **[Livestock,** *dogs].* 118414
Low sodium diet in heart disease: How low is **low?** *[Dogs].* 119216
Effect of diethylcarbamazine on indexes of fertility in the **male** *dog.* 118199
The mosquitoes, Aedes canadensis and Aedes vexans as potential vectors of Dirofilaria immitis in **Maryland** *[Dogs].* 123602
Is the nexus necessary for cell-to-cell coupling of smooth **muscle?** *[Dogs].* 117813
Inhibition of gastric acid secretion in *dogs* by **neurotensin.** 117848
Ischemic myelopathy secondary to presumed fibrocartilaginous embolism in **nine** *dogs.* 119112
Cerebrospinal fluid creatine phosphokinase in the **normal** *dog.* 117543
Serum cortisol (hydrocortisone) values in **normal** *dogs* as determined by radioimmunoassay. 117546
Serum fibrinogen-related antigen concentrations in the **normal** *dog* as measured by the tanned erythrocyte hemagglutination-inhibition immunoassay. 117943
Research on bilirubin, urobilinogen and rate of serum bilirubin in **normal** *dogs* and those with hepatic diseases. 119188
Experimental studies in intestinal healing of the *dog.* II. **Observation** on end-to-end small intestinal anastomosis. 119141
Experimental studies in intestinal healing of the *dog.* IV. **Observations** on the various types of enterotomy. 118486
Experimental studies in intestinal healing of the *dog.* I. **Observations** of side-to-side small intestinal anastomosis. 119140
Concerning an observation of the cranio-mandibular **osteopathy** of *dogs.* 118538
Some aspects of the relations between the *dog* and his **owner.** 2. [Behavior]. 117564
Morphological studies of hookworms infecting man and *dog* at **Patna,** Bihar [Ancylostoma duodenale, Ancylostoma caninum]. 118747
Functional recovery of hip dysplasia of *dogs* by **pectinectomy** with special regard to a resulting restoration of service of watchdogs. 119161
Contribution to the study of the blood supply of the sinus node in **Pekingese** *dogs.* 117901
Correction of faulty ear carriage in the *dog* with **porous** polyethylene implants. 119211
Rote solutions [Behavioral **problems** in *dogs].* 118498
Paraphimosis in a **pseudohermaphrodite** *dog.* 119219

Histochemical studies of the cardiac lipofuscin in the heart of men and *dogs* **related** to age. 117904
Management of acute gastric dilatation with torsion and rupture: a case **report** *[Dogs].* 119113
New data on the structure of the cryptal region of the small intestine mucous membrane in **rodents** and *dogs.* 117653
The diagnosis of anal **sacculitis** in the *dog.* 119137
The frequency of occurrence of anal **sacculitis** in the *dog.* 119138
Is there a correlation between anomalous numbers of cheek teeth and the elongation of the **skull** in the *dog?* 117554
New contributions to the treatment of coxofemoral luxation in *dogs* **[Surgery].** 118433
Traumatology in *dog* **surgery;** description of personal techniques. 118436
Repair of an acquired oral-nasal fistula in a *dog* **[Surgery].** 119119
Treatment of gastric dilatation-volvulus by gastric decompression and patient stabilization before major **surgery** *[Dogs].* 119122
The appearance of degenerating dorsal columm tract in the clava and cuneate tubercle of the *dog* after **surgical** and ischaemic injury. 117693
Effectiveness of the aldosterone-sodium and -potassium feedback control **system** *[Dogs].* 117536
Effect of deworming medication on the microbial flora of the upper gastrointestinal **tract** of *dogs.* 118816
Dracunculus medinensis (guinea worm) infestation in a *dog* and its **treatment** with "Flagyl." A case report. 118752
Partial gastric torsion in **two** *dogs.* 119115
Correction of traumatic avulsion of the upper lip in **two** *dogs.* 119289
Clinical experiences with the combined technique of ureterovesicular anastomosis for treatment of ectopic **ureters** [in the *dog].* 118464
Semen characteristics of normal & **vasectomized** *dogs.* 118327
Acute gastric dilatation-volvulus: a breeder's point of **view** *[Dogs].* 119104
Persistent hyperplastic primary **vitreous** in a *dog.* 119134
Gastrocolopexy for prevention of recurrent gastric **volvulus** *[Dogs].* 119109
"Permanent" gastropexy, as a prophylactic measure against gastric **volvulus** [in the *dog].* 119117
Exfoliative vaginal cytology of the *dog* using **Wright's** stain. 117953

DOGWOODS

Propagation of *dogwood* **[Cornus,** varieties] by hardwood cuttings. 122243

DOLICHOS

Antifertility screening of plants—effect of four indigenous plants [Cuminum cyminum, Hyptis suaveolens, *Dolichos* **biflorus,** Trianthema pentandra]. 119242

DOLPHINS

New records of marine algae from the 1974 **R/V** *Dolphin* cruise to the Gulf of California [New taxa]. 120261

DOMESTIC

What is "applied ethology"? [Behavior of *domestic* **animals].** 117529
Studies of cold tolerance in *domestic* **animals** (Review). 117731
Studies of heat tolerance in *domestic* **animals** (Review). 117732
Study of the role of the skin and hair coat in the adaptation of *domestic* **animals** to extreme environmental temperatures (Review). 117733
Variability and inheritance of heat tolerance in *domestic* **animals.** 118317
Viruses other than arenaviruses from West African wild mammals: factors affecting transmission to man and *domestic* **animals.** 118673
The 1973 epidemic of Japanese encephalitis [virus] in West Bengal: a serological survey of *domestic* **animals** [Swine, cattle]. 118748
The fine structure of the leucocytes of the *domestic* **birds.** Electron microscopical studies of the blood leucocytes of the fowl, turkey, goose and duck. 117960
Helminths of *domestic* **carnivorous** animals in Kishinev [Dogs, cats]. 118874
An ultrastructural and cytochemical study of aging in the thyroid of the *domestic* **cat.** 117882
Teratogenicity studies with methotrexate, aminopterin, and acetylsalicylic acid in *domestic* **cats.** 119194
Use of progesterone concentrations in plasma and milk in the diagnosis of pregnancy in *domestic* **cattle.** 118239
SEM [scanning electron microscope] of the cecal morphology in the *domestic* **chicken.** 117887
Domestic **consumption** of beer strategy [West Germany]. 115574
Proteins in **feeding** *domestic* animals. 118160
Survey of the determination of the occurrence of ergot (Claviceps purpurea (Fr.) Tul) on the *domestic* and **foreign** wheat varieties and wild Gramineae grown in the Black Sea region of Turkey. 122584
Development of 3 beta-hydroxysteroid dehydrogenase in the ovary of the *domestic* **fowl** during sexual maturation. 118348
Isolation of adenoviruses and reoviruses from avian species other than *domestic* **fowl.** 118634
Passive cutaneous anaphylaxis in the *domestic* **fowl.** 118769
Congenital anomalies of *domestic* **fowl** [chickens]: seven cases. 119076
Economic aspects of *domestic* **geese** hybrids. 118216
An outbreak of trematodiasis [Echinostoma revolutum, Notocotylus attenuatus] in *domestic* **geese.** 118622
Changes in the status of insect pests in storage and *domestic* **habitats.** 123524
Results of the comparison of *domestic* **[Hungarian]** and foreign malting barley varieties. 122546
Ideas concerning the *domestic* **production** and use of "durum"wheat. 121929
Nutrition of the *domestic* **rabbit.** 118109
Utilization of *domestic* **reindeer** in hunting in Far North. 117438
Demodectic mange in the eyelid of *domestic* **ruminants** in Iran [Demodex]. 123607
Parasitism among white-tailed deer and *domestic* **sheep** on common range. 118813
Boreholes [for *domestic,* **stock** watering and irrigation] and how to get them drilled. 125214
Tritichomonas suis: isolation, morphology and incidence in the nasal cavity of *domestic* **swine** from Rio Grande do Sul. 118914
Salt **water** *domestic* waste treatment. 125517
The nature of adaptational plasticity (ecologic valency) in *[domestic* and **wild]** animals. 117734

DOMESTICATION

Trypanosomiasis of *domesticated* **animals** of South America. 118968

DOMINANCE

The influence of cytokinin and gibberellin on auxin mobilization: its role in regeneration and **apical** *dominance* in Marchantia polymorpha. 120974
Regulation of **apical** *dominance* by ethephon, irradiance and CO2 [carbon dioxide, peas]. 121752
Effect of the *dominant* **charcter** of short straw on some quantitative characters of winter rye. 120662
Control of a leafroller moth, Tortrix viridana, in an *oak-dominated* **forest** in the Main Botanical Garden [of the USSR Academy of Sciences. 123448
Contribution to the study of new means of controlling the *dominant* **insect** pests in sugarbeet cultures [Myzus persicae]. 123350
Protocols for the *dominant* **lethal** test, host-mediated assay, and in vivo cytogenetic test used in the Food and Drug administration's review of substances in the GRAS (generally recognized as safe) list. 116213
Dominant **lethal** mutations in rats fed on irradiated wheat [health hazard]. 119244
Dominant **lethal** mutations in insects with holokinetic chromosomes: irradiation of pink bollworm sperm [Pectinophora gossypiella, Lepidoptera: Gelechiidae]. 123279
Studies on *lichen-dominated* **systems.** XVII. The colonization of young raised beaches in northwestern Ontario. 120334
Dynamics of algal **vegetations** *dominated* by Vaucheria species. 120304

DONAX

Introduction of **Arundo** *donax* L. In the delta of the Volga River [as source of cellulose]. 122518

DOPA

Accumulation of *L-DOPA* **[dihydroxyphenylalanine]** in cultures from Mucuna pruriens. 121328

DORCADION

Contribution to the study of *Dorcadion* in **Anatolia** (Coleoptera, Cerambycidae) [New taxa]. 2. 124288
Contribution to the study of *Dorcadion* from **Anatolia.** 3. Dorcadion ladikanum n. nov. and remarks in relation to Dorcadion ardahense Breuning (Coleoptera, Cerambycidae). 124291

DORMANCY

Evaluation of chilling requirements of almond [Prunus amygolalus] varieties for **breaking** *dormancy.* 121591
Length of rest period in garlic bulb and method of **breaking** *dormancy.* 121720
On the **bud** *dormancy* of grape varieties. 1. Effect of endogenous free abscisic acid and gibberellic acid on the bud dormancy and the induction of their regrowth during the growing season. 121721
Enhancement by low pH [hydrogen-ion concentration] of gibberellin effects on *dormant* **celery** seeds and embryoless half-seeds of barley. 121746
Ultrastructure and elemental composition of *dormant* and **germinating** Diplodia maydis spores [Fungi]. 120478
Dormant and **germinating** Diplodia maydis spores: ultrastructure and elemental composition. 120541
Association between elemental content of *dormant* **peach** trees and susceptibility to short life [Predisposition to cold injuries and bacterial canker, Pseudomonas syringa]. 122964
Selection of high sprouting disposition and **seed** *dormancy* in rye. 121467
A method for breaking **seed** *dormancy* in Boronia spp., Eriostemon spp. and other native Australian species. 121625
The influence of abscisic acid in cranberry **seed** *dormancy.* 121681
Stimulation of germination by gamma radiations of the *dormant* **seeds** of Avena fatua L. 121022
The *dormant* **spore** [Fungi]. 120470
Stabilized *dormancy* in sugarbeet fruits. I. Seed coats as a physicochemical barrier to oxygen. 121437

DORSAL

The appearance of **degenerating** *dorsal* columm tract in the clava and cuneate tubercle of the dog after surgical and ischaemic injury. 117693
Functional, anatomical and radiographic studies of the *dorsal* **head-neck** set in the dog and their effects on the problems associated with the erect position of the head in hominids. 117553
Biochemical and physiological differences between avian ALD and PLD [anterior and posterior **latissimus** *dorsi]* muscle subcellular fractions [Chickens]. 117643
Cellular patterns of postmortem glycogenolysis in **longissimus** *dorsi* muscles of pigs at different live weights. 117006
Breakdown of diphosphate and tripolyphosphate in the m. **Longissimus** *dorsi* muscle of the pig. 117686

DORSTENIA

Dorstenia **gracilis** and Drostenia schulzii (Moraceae), new species from South America. 119994

DOSAGE

The effect of an **acute** *dose* of biotin at a post-implantation stage and its relation with female sex steroids in the rat. 116462
Effect of Virginiamycin administered to rabbits in **auxinic** *dosages* [Antibiotic feed additives]. 118164
DNA synthesis in rabbit spleen cell populations stimulated by various *doses* of **concanavalin** A. I. Autoradiographic analysis. 117673
DNA synthesis in rabbit spleen cell populations stimulated by various *doses* of **concanavalin** A. II. Equilibrium density sedimentation analysis. 117674
An interpretation of *dose-response* **curves** for light-induced cell elongation in fern protonemata [Onoclea sensibilis Dryopteris filix-mas]. 120863
The shape of *dose-effect* **curves** for diploid yeast cell irradiated with ionizing particles. 121082
About liming of soils [Results of 24 years of experiments on *doses,* ways and **date** of application]. 124918
Application of **high** *doses* of phosphorus and potassium fertilizers before the establishment of a pome fruit orchard. 124919
The X-ray treatments to induce somatic mutation in Chrysanthemum morifolium Ram. II. The **imductive** *dosage* of somatic mutation in Chrysanthemum cultivars. 120771
Factor **influencing** *dosage* and choice of toxicant in [insect] stored-product fumigation. 123531
Effect of different *doses* of **ionizing** radiation on the level of phytohormones in plants [Broadbeans]. 121444
[Toxic] effect of **large** *doses* of [the coccidiostat] furacin on chicks. 119281
Ozone-dosage-crop **loss** function for alfalfa: a standardized method for assessing crop losses from air pollutants. 122963
Survival-curve shape and oxygen enhancement ratio at **low** *doses* for Chlamydomonas [reinmhardii, Algae]. 121081
Study of fertilizer effectiveness [Experiments on *doses,* **nutrient** requirements of crops]. 124946
Studies investigating the excretion of acetyl urea in the milk of dairy cows receiving **oral** *doses* of 14C [carbon isotope] acetyl urea. 117993
A restraining device and **oral** *dosing* teching for the chinchilla (Chinchilla laniger). 118488
Effect of *dose* **rate** on the radiation graft copolymerization of styrene to cellulose in the presence of acid. 119651
Differential responses to ultraviolet irradiation of the polar cytoplasm of Drosophila [melanogaster] eggs. II. **Response** to *dose.* 124171
Laser light scattering bioassay for veterinary drug residues in food producing animals. 1. *Dose-response* **results** for milk, serum, urine, and bile. 118460
Effect of different **simazine** *doses* on the content of nitrogen fractions and the amino acid composition of proteins in summer barley grains. 123191
Oxygen enhancement ratio for small **x-ray** *doses* measured in Vicia faba roots [Broadbeans]. 121685
Determination of the cell count of a yeast suspension and computation of the **yeast** *dose* by means of a nomogram [Fermentation]. 116796

DOUGH

The influence of the frozen storage on the food quality of wheat flour products. 4. **Frozen** *dough* of the bread. 117133
Early determination of quality characteristics as a basis for an effective selection in wheat breeding. II. The mixogram as a guage of **physical** *dough* criteria [Flour properties]. 117139

DRACAENA

Control of Opogona subcervinella in *Dracaena* through **fumigation** with methyl bromide. 123401

DRACUNCULUS
Dracunculus **medinensis** (guinea worm) infestation in a dog and its treatment with "Flagyl." A case report. 118752

DRAFTING
Roller pressure in double **apron** *drafting* systems used in cotton spinning. 117120
Acids and quality of *draft* **beer.** 116057
Sensitivity of tobacco to chromium from **mechanical** *draft* cooling tower drift. 122910

DRAGONFLIES
Further observations on the functional morphology of the head and mouthparts of *dragonfly* **larvae** (Odonata) [Aeshna interrupta lineata, Libellula quadrimaculata]. 124135
A reassessment of the numerical distribution of watermites (Arrenurus spp.) on *dragonflies* **[Odonata]** in relation to parasitism and dispersal. 123769

DRAINAGE
Peculiarities of the water-thermal balance of Vasyugan'ye and ways of transforming the nature of the areas of oligotrophic swamping *[Drainage,* **afforestation].** 125232
Emergency *underdrainage* in the Goulburn Valley [Groundwater balance]. 125302
Lysimeter studies on the effects of short-term waterlogging on crop **growth** *[Drainage].* 125181
Interval of changes of the hydrophysical properties of soil and underlying layer under water condition effected by twoway regulation (1972-1973) **[Irrigation,** *drainage].* 125229
The environmental impacts of agricultural **land** *drainage.* 125305
Cereal production experiments on **poorly** *drained* clay soils [Yields, varieties]. 121857
Major trends and the economic effectiveness of land **reclamation** *[Drainage].* 115362
Economic effectiveness of capital investments in *draining* **saline** lands (1971-1973). 115506
Subsurface and **surface** *drainage* of grass sport fields. 125153
Nitrate-nitrogen in **tile** *drainage* effluents [Denitrification, water pollution]. 124873
Physiological effects of sublethal levels of acid water on fish [River polution with coal mine *drainage,* **toxicity].** 125401
Study of correlation dependences of the ionic composition and indices of the quality of irrigation and *carrier-drain* **water** (1971—1972). 125235
Routine methods of examining meat and meat products. 11. Determination of *drained* **weight** of canned cooked meats containing jelly and of meat brawns. Determination of free fat, pure gelatine and jelly contents. 116133

DRECHSLERA
Investigation on the infection pathway of *Drechslera* **graminea** in germinating barley. 122578

DRENCHING
Effect of pre- and postweaning **anthelmintic** *drenching* on live-weight gain and wool weight in Romney ewe hoggets. 118850
Effect on liveweight gain and wool weights of anthelmintic and **selenium** *drenching* of mountain country Merino and halfbred ewe hoggets. 118851

DRESSING
Introduction of fat into rabbit diets. I. Effect on growth performances, feed intake and *dressing* **percentage.** 117562
Influence of different and final protein levels on productive and reproductive activities of turkeys. II. *Dressing* **percentage** and carcass composition. 117977
The epizootiologic and parasitologic status of the flocks at a **poultry** *dressing* combine. 119000

DREYFUSIA
The fir shoot aphid, *Dreyfusia* **nordmannianae** (Eckstein). 123498

DRIFTING
Controlling *drift* of herbicides. II. 123200
Controlling *drift* of herbicides. I. 123201
Influence of color and placement of mating nuclei on the *drifting* of **[honeybee]** queens returning from mating flights. 124561
Sensitivity of tobacco to chromium from mechanical draft cooling **tower** *drift.* 122910

DRILLING
Boreholes [for domestic, stock watering and irrigation] and **how** to get them *drilled.* 125214
Weed competition in *drilled* **summer** cabbage. 123063

DRINKING
Comparative study of **automatic** *drinking* equipments for swine. 124696
Study of hydrogeologic conditions of the Fairzabad area (Tadzhik SSR) for the purpose of increasing operational supplies of underground water [for **irrigation** and *drinking].* 125236
Importance of the **new** *drinking* water ordinance for the surveillance of commercial water supply in the food industry. 116056
Acceptability of **papaya** *drinks*—a consumer survey. 116220
Importance of areas used for forestry for **protecting** *drinking* water dams and maintenance of quality of dammed up waters. 119304
A study of the comparative values of coliform and faecal streptococci as presumptive pollution indicator in **rural** *drinking* water. 125479
Trends on the low calorie **soft** *drink* market. 115577
Manufacture of syrups and **soft** *drinks.* 116654
Substitutes for saccharose and invert sugar as sweeteners for **soft** *drinks.* 116681
Quality control of *ready-to-drink* **sour** cherry juices. 116149
Feeding and *drinking* in **suckling** rats. 116358
Drinking **water** ordinance [Legislation]. 115976
Contribution to the investigation into the migration into liquid foodstuffs of auxiliary substances used in plastics manufacturing and processing. II. Migration of auxiliary substances of polyvinyl chloride into *drinking* **water.** 116073
Drinking **water** and industrial water supplies in food factories. 116730
Effect of furazolidone in feed on immune response of turkeys vaccinated with live Pasteurella multocida in *drinking* **water.** 118626
The influence of a chloramphenicol treatment of laying hens in batteries to air borne staphylocci in *drinking* **water** [Swine]. 118664
Plan and management of forest stands in catchment areas of *drinking* **water** dams from the view of forestry. 119441
Notes on principles of forest management covering the catchment areas of *drinking* **water** storage reservoirs. 119514
Effects of the use of pesticides in *drinking* **water** dam catchment areas on the quality of surface waters. 123703

DRIVERS
Results of the model test of training forest **tractor** *drivers.* 118264
The occupation of the farm **tractor** *driver.* IV. [Colombia]. 124660

DRIVING
An improved system for *driving* **pigs** for slaughter to the restrainer. 117426

DROMEDARIUS
A study on the changes of the blood electrolyte of camel **(Camelus** *dromedarius)* during water deprivation. 117741

DRONES *see* **BEES**

DROSOPHILA
Preparation of polysomes and radioactively labeled RNA from **adult** *Drosophila* melanogaster. 123987
Isozyme variation in natural populations of *Drosophila* **buzzatii.** 123908
Genes and **chromomeres** of *Drosophila.* 123963
Recognition and sexual selection in *Drosophila:* **classification,** quantification, and identification. 124160
Micropopulations of two **cosmopolitan** *Drosophila* species [Drosophila hydei, Drosophila immigrans]. 124151
Diet-induced alterations in distribution of multiple forms of alcohol **dehydrogenase** in *Drosophila.* 124095
The neural superposition eye and its optical **demands** *[Drosophila].* 124033
Dispersal of **desert-adapted** *Drosophila:* the saguaro-breeding Drosophila nigrospiracula. 123786
The constancy and similarity of the amounts of free amino acids in inbred strains of *Drosophila* **[Drosophila** subobscura, Drosophila melanogaster] and outbred Calliphora [erythrocephala]. 124052
The ribosomes of *Drosophila.* IV. **Electrophoretic** identity among ribosomal subunit proteins from wild type and mutant Drosophila melanogaster and Drosophila simulans. 124088
Ovarian transplantations among five species of the "saltans" **group** of *Drosophila.* 124142
Micropopulations of two cosmopolitan Drosophila species *[Drosophila* **hydei,** Drosophila immigrans]. 124151
Movements and cellular deformations during evagination of *Drosophila* **imaginal** discs. 123851
Micropopulations of two cosmopolitan Drosophila species [Drosophila hydei, *Drosophila* **immigrans].** 124151
The function of pulse song and sine song in the courtship of *Drosophila* **melanogaster.** 123792
Host range of *Drosophila* **melanogaster** C virus among Diptera and Lepidoptera. 123808
Interralationsips between pterin and ommochrome pigments in *Drosophila* **melanogaster.** III. Xanthommatin content in wild type, mal, bw, and mal bw double mutant. 123837
Quantitative analysis of drosopterins and ommochromes in *Drosophila* **melanogaster.** 123838
Proteins in *Drosophila* **melanogaster.** 123839
Cell proliferation in the gonads of triploid intersexes of *drosophila* **melanogaster** (Diptera). 123847
Ernest Boesiger, 1914-1975 [Genetics, *Drosophila* **melanogaster].** 123848
Compared toxicities of different alcohols for two Drosophila sibling species: *Drosophila* **melanogaster** and Drosophila simulans. 123867
Aldehyde oxidase activity in the tumorous-head strain of *Drosophila* **melanogaster.** 123874
Increase in nuclear poly(A)-containing RNA at synctial blastoderm in *Drosophila* **melanogaster** embryos. 123877
Projection of sensory neurons from a homeotic mutant appendage, Antennapedia, in *Drosophila* **melanogaster.** 123878
Cytogenetic analysis of the complementation groups in the disk of 10A 1-2 chromosome of *Drosophila* **melanogaster.** 123879
"Mutant" neuron: Electrophysiological analysis [Genetic prerequisites of a systemic organization of the brain, experiments on *Drosophila* **melanogaster].** 123880
The role of the pentose cycle in the metabolism of *Drosophila* **melanogaster** revealed by mutations inactivating glucoso-6-phosphate- and 6-phosphogluconatedehydrogenase. 123881
A genetic approach to the study of juvenile hormone control of vitellogenesis in *Drosophila* **melanogaster.** 123930
An analysis of *Drosophila* **[melanogaster]** DNA by restriction endonucleases. 123960
Arrangement of the highly repeated DNA of *Drosophila* **melanogaster.** 123961
Sequences of highly repeated DNA in *Drosophila* **melanogaster.** 123965
The arrangement of DNA sequences in the chromosomes of *Drosophila* **melanogaster.** 123966
Biochemical characterization of allelic forms of soluble malate dehydrogenase of *Drosophila* **melanogaster.** 123975
L-alanine aminotransferase in the paragonial gland of Drosophila [nigromelanica, *Drosophila* **melanogaster].** 123981
Macromolecular complexes of aminoacyl-tRNA synthetases in *Drosophila* **[melanogaster].** 123982
Effects of high-LET [lineal energy transfer] particles (40A [Angstrom]) on the brain of *Drosophila* **melanogaster.** 124009
The constancy and similarity of the amounts of free amino acids in inbred strains of Drosophila [Drosophila subobscura, *Drosophila* **melanogaster]** and outbred Calliphora [erythrocephala]. 124052
Ribosomal DNA and its expression in *Drosophila* **melanogaster** during growth and development. 124087
Spontaneous mutability in *Drosophila* **melanogaster,** in natural and laboratory environments. 124089
UV [ultraviolet]-induced mitotic recombinations in somatic cells of *Drosophila* **melanogaster.** 124090
Heat stability variants of esterase-6 in *Drosophila* **melanogaster.** 124097
Similarities and differences in the structure of X and Y chromosome rRNA genes of *Drosophila* **[melanogaster].** 124099
Maternal effects and inbreeding insensitivity in embryos of *Drosophila* **melanogaster.** 124103
Histone transition during spermiogenesis is absent in segregation distorter males of *Drosophila* **melanogaster.** 124159
Cell clones and pattern formation: genetic eye mosaics in *Drosophila* **melanogaster.** 124169
Developmental studies on gynandromorphs of *Drosophila* **melanogaster.** IV. Comparison of morphogenetic fate maps of larval and imaginal structures. 124170
Differential responses to ultraviolet irradiation of the polar cytoplasm of *Drosophila* **[melanogaster]** eggs. II. Response to dose. 124171
The development of ommatidial patterning in metamorphosed eye imaginal discs implants of *Drosophila* **melanogaster.** 124172
The in vitro induction of puffing in salivary glands of the mutant l (2)gl of *Drosophila* **melanogaster** by ecdysone. 124173
The ribosomes of Drosophila. IV. Electrophoretic identity among ribosomal subunit proteins from wild type and **mutant** *Drosophila* melanogaster and Drosophila simulans. 124088
L-alanine aminotransferase in the paragonial gland of *Drosophila* **[nigromelanica,** Drosophila melanogaster]. 123981
Accumulation of glutamic acid in the paragonial gland of *Drosophila* **nigromelanica.** 124039
Partially successful attempt to enhance reproductive isolation between semispecies of *Drosophila* **paulistorum.** 123909
Frequency of multiple insemination in natural populations of *Drosophila* **[pseudoobscura].** 123787
Amplitude attenuation of the circadian rhythm in *Drosophila* **[pseudoobscura]** with light pulses of varying irradiance and duration. 124007
Dispersal of desert-adapted Drosophila: the **saguaro-breeding** *Drosophila* nigrospiracula. 123786
Compared toxicities of different alcohols for two Drosophila sibling species: Drosophila melanogaster and *Drosophila* **simulans.** 123867
The ribosomes of Drosophila. IV. Electrophoretic identity among ribosomal subunit proteins from wild type and mutant Drosophila melanogaster and *Drosophila* **simulans.** 124088
Scanning electron microscopy and microdissection of **single** *Drosophila* [melanogaster] cells. 124128
The constancy and similarity of the amounts of free amino acids in inbred strains of Drosophila *[Drosophila* **subobscura,** Drosophila melanogaster] and outbred Calliphora [erythrocephala]. 124052
Laboratory evaluation of malathion used as a protectant for the prevention of damage by pulse beetles to stored gram [Chickpeas] (Cicer arietinum). II> Persistance of malathionresidue *[Drosophila* as **test** insects]. 123291
Compared toxicities of different alcohols for **two** *Drosophila* sibling species: Drosophila melanogaster and Drosophila simulans. 123867

The effects of juvenile hormone on imaginal discs of *Drosophila* in **vitro:** the role of the inhibition of protein synthesis. 123956

DROSOPHILIDAE

Faunistic and ecological studies on *Drosophilidae* **species** (Diptera) of Switzerland. VII. 124341
Faunistic and ecological studies on *Drosophilidae* **species** (Diptera) of Switzerland. VIII. 124342

DROUGHTS

The different behaviour of rainfed rice and irrigated rice under water stress conditions. 1. Study of the factors of **adaptation** to *drought.* 121872
Environmental constraints and development policy [Climate, *drought,* **Africa**]. 115152
Climate and the West **African** *drought.* 115149
Will Brittany die of thirst? *[Drought,* **agriculture**]. 115125
Liabilities in adversity *[Drought,* **agriculture**]. 115182
Drought **clouds** Australian wheat, livestock prospects [Outlook]. 115847
Drought **cuts** Australia's grain supplies [Situation study]. 115848
The 1976 *drought.* 115184
Physiological characteristic of *drought* and **heat** resistance in maize [Varieties, breeding]. 121572
Resistance of wheat-rye amphiploids to *drought* and **high** temperatures. 120833
Drought **hits** French grain output, trade. 115646
Administrative approaches to the management of the dry margins of Kikuyuland, 1930-1970 *[Drought,* **land** settlement]. 115148
Drought may help **pig** producers [Income]. 115531
Commentary [Climate, *drought,* **population** migration, Africa]. 115150
On probability of *drought* and of **secondary** salinization of soils of the world. 124780
Drought, **a situation** from the beginning of June and its possible evolution. 115120
French survey reveals forage deficit [Economic effects of *drought,* **situation** study]. 115850
The "Florentino Ameghino" plan: results of an integral plan for controlling floods, *droughts* and **soil** erosion [Argentina]. 125112
Effect of plant water deficits of various growth stages on growth, grain yield and leaf water potential of irrigated grain sorghum *[Drought* **tolerance**]. 122059
No need for *drought* [**Water** management]. 125320
How severe the *drought?* [**Weather** forecasts]. 115202

DRUGS

Unusual entomological separation technique in use at the Food and *Drug* **Administration** [Detecting and isolating insect and rodent filth from food]. 116165
Protocols for the dominant lethal test, host-mediated assay, and in vivo cytogenetic test used in the Food and *Drug* **administration's** review of substances in the GRAS (generally recognized as safe) list. 116213
The interaction of anesthetics with **adrenergic** *drugs:* a guide for the practitioner. 118443
Satiety: hypothalamic stimulation, **anorectic** *drugs,* and neurochemical substrates [Control of feeding]. 116374
Withdrawal times for products used in dairy cattle and **calves** *[Drugs].* 118584
Action of **depressant** *drugs* on tympanic reflexes [Cats]. 117566
Drug and **food** advertising on TV. 116236
Time to strike back! [**Legally-available** *drug* controversy]. 118565
Glyceryl guaiacolate paralysis time in rats pretreated with some **microsomal** *drug* metabolizing enzyme inducers. 118458
Garlic, a spice and also a *drug* **plant.** 117245
Screening of substances and extracts of *[drug]* **plant** origin for Walker 256 carcinosarcoma control. 120869
Germination of the seeds of [the *drug* **plant**] Thermopsis alterniflora. 120965
Seasonal development and growth of Rhodiola rosea L. In relation to introduction [as *drug* **plant**]. 120969
Hemp: Cannabis sativa (Moraceae) [Fiber crops, *drug* **plants**]. 121948
Entomophages and microorganisms of pests of *drug* **plants** [Natural control]. 123228
Laser light scattering bioassay for **veterinary** *drug* residues in food producing animals. 1. Dose-response results for milk, serum, urine, and bile. 118460
Vecol, an example of excellency in the scientific field [**Veterinary** *drugs,* Colombia]. 118542

DRYING

Dry **active** yeasts [in human medicine]. 116295
Economics of hot **air** *drying* of green forage. 117386
The behaviour of salmonellae during the curing and *drying* of **air-dried** beef. 116138
Effects of light on the fate of carbofuran [insecticide] during the *drying* of **alfalfa** [Residues]. 123719
Freeze-drying as an **alternative** method for lowering seed moisture [Onions, peppers, parsley]. 121764
Some ornamental [varieties of] eucalypts for *dry* **areas** [Australia]. 122255
Technology of natural drying and methods of **artificial** *drying* bread grains, with a scarce consumption of fuel. 117170
Development of the microflora of *air-dried* **beef.** 116109
The behaviour of salmonellae during the curing and drying of *air-dried* **beef.** 116138
Dried **brewers** grains for mature and growing dogs. 118089
Biological control of Verticillium malthousei by Trichoderma viride spray on casing soil in commercial mushroom [Agaricus bisporus] production *[Dry* **bubble** disease]. 122746
Heat recovery during **cardboard** *drying.* 119778
The storage stability of *freeze-dried* **carrots.** III. The content of carotene as affected by the addition of L-cysteine hydrochloride at various temperatures. 117295
Cereal *drying.* 117098
A note on the value of *dried* **citrus** pulp and grape marc as barley replacements in calf fattening diets. 117972
Effects of plant density and manuring upon tomato crops for canning in *dry* **conditions.** 122464
Conveying *dry* feed [Equipment]. 124706
Prospects in the utilization of fluid bed in the *drying* and **cooling** of refined sugar. 117111
Never-dried **cotton** fibers. IV. Shrinkage on mercerization. 117196
Never-dried **cotton** fibers. VI. Luster. 117197
Never-dried **cotton** fibers. VII. Preservation of the never-dried state and ethyl acrylate and alkylene oxides. 117198
Don't forget the *dry* **cow.** 117413
Cocksfoot [Dactylis] in the *dry* [**Cultivation**]. 121901
Variation of nitrogenous fractions and of proteolytic enzymes in green, *dried,* **cured** and stored malts. 116687
Establishing the initial stage of fat autooxidation in *dry* **dairy** products by means of ultraviolet spectrophotometry. 116926
Effects of the dimension of cloth and the ways to *dry* on the **drying** rate. 116595
Evaluating *dry* sausage by its aw-value from the point of view of the food regulations. 116112
Management and organization of *dried* **feed** production [East Germany]. 117356
Physical characteristics in **fiberboard** *drying.* 119785
The technological approach to DFD [dark, **firm,** *dry]-meat.* 116145
Nitrosamines in meat products: test on **firm** *dry* sausages made with various additives. 116989
Dried **fruit** flakes have fresh flavor. 117251
Damage caused by the *dry-rot* **fungus** [Merulius lacrimans] in [the forests of] Slovenia. 122613
From broccoli to bananas—it all **goes** in the *dryer.* 117311
Improving crossflow **grain** *dryer* design using simulation. 124738
The role of *dried* **grass** in farmhouse [Cheddar] cheese production. 116874
Barn **hay** *drying.* 117333
New idea for effective indoor method of *drying* **hay.** 117361
Potato selection for **high** *dry-matter* in seedling generation [Breeding]. 120579
Proposal of organization of feed production for **hot-air** *drying* in the maize and sugarbeet production areas. 117364
DFD [dark, firm, *dry]-meat* and **how** to recognize it. 116110
Influence of different thickness of green malt layers in **kiln** *drying* on the process method, malt quality, and efficiency of the kiln drier. II. 116787
Studies on "ann" (bean jam). 4. Texture of *[dried* **'koshi-ann',** one of the Japanese bean products]. 117298
Studies on "ann" (bean jam). 5. Off-flavor of *dried* **"koshiann"** (mashed beans) in the storage. 117299
The movements of minerals in the digestive tract of *dry* and **lactating** Jersey cows. 1. Net movements of Ca, P, Mg, Na, K and Cl [calcium, phosphorus, magnesium, sodium, potassium and chlorine]. 117963
Yields of forages, leaching of nitrate and nitrogen balances in an irrigated field treated with *dry* and **liquid** manures. 124881
Production and testing of a **live** *freeze-dried* bivaccine against Aujeszky's disease and erysipelas in swine. 118993
High milk yields from *dried* **lucerne** [Dairy cattle]. 118066
Prediction of microbial [Staphylococcus aureus] death during *drying* of a **macaroni** product [Quality]. 116202
International unit of measure (SI) applied to **macaroni** *dryers.* 117189
Influence of artificial conditions of prestockage and *drying* of **maize-grain** on the extraction and some physical-chemical and biochemical characteristics of its starch. 117384
Administrative approaches to the management of the *dry* **margins** of Kikuyuland, 1930-1970 [Drought, land settlement]. 115148
Vertical distribution of *dry* **matter** in some forage legumes. 117387
The applicability of the chromogen method for determining the apparent digestibility of *dry* **matter** in 1/2 Breton blood and 1/2 Thoroughbred blood mares. 117910
Tropical cattle nutrition under grazing range conditions in the Sahel: measurement of the *dry* **matter** intake and estimation of digestibility and feeding value of forages. I. Theoretical basis, purposes and methods. 118158
Physio-ecological studies on prolificacy in maize [hybrids]. I. Differences in *dry* **matter** accumulation among one-, two and three-eared plants. 121548
Distribution of *dry* **matter** among the aerial organs of various cultivars of kidney beans (Phaseolus vulgaris L.). 121648
Competition of grasses for *dry* **matter** production [Varieties]. 121884
Studies on the effect of Gesatop 50 [simazine] on some apple clones.II. Quantitative changes in *dry* **matter** and sugar content in leaves of apple clones A2, MM104, MM106 and MM111. 123193
Rough rice (paddy) *drying* **methods** in the United States. 117207
Drying **minced** meat in cold air. 116979
Germination effects on pasture composition in a *dry* **monsoonal** climate. 121519
Technology of **natural** *drying* and methods of artificial drying bread grains, with a scarce consumption of fuel. 117170
Application of *freeze-dried,* **one-day-old** chick erythrocytes to viral hemagglutination and hemagglutination-inhibition tests. 118786
Dried **orange** pulp versus ground corn ears in concentrated mixed rations for lactating dairy cows. 118159
The properties of volcanic ash soils in *dry* **parts** of the Colombian Andes and their relation to soil erodibility. 124790
Some tasks of the [feed] *drying* and **pelleting** plants [East Germany]. 117343
Striving for full utilization of [fodder] *drying* and **pelleting** capacity [productive capacity, East Germany]. 117357
Accumulation of *dry* **phytomass** of barley in the second half of the vegetational period. 121562
Alteration of protein content in plants [of barley, oats and winter rye] in relation to the methods of its determination, fixation and temperature of *drying* of the **plant** material. 121397
Restatement of the question of mites on *dried* **plums.** Development conditions and spreading of Carpoglyphus lactis L. (Acarida, Glycyphagidae). 123586
The bacteriology of DFD [dark, firm, *dry]-meat* **[Pork,** beef]. 116137
The biochemistry of DFD [dark, firm, *dry]-meat* **[Pork].** 116139
The topography of DFD [dark, firm, *dry]-meat* **[Pork].** 116146
Layers improve with DPW *[Dried* **poultry** waste, feed ingredient]. 118146
Proper *dry* kiln operation [Timber processing]. 119698
Effects of the dimension of cloth and the ways to dry on the *drying* **rate.** 116595
Sorghum, a summer forage plant of interest for *dry* **regions** [Varieties]. 122169
From the 1974 annual report of the Bavarian Institute and German Association of Hops **Research.** 2. *[Drying].* 116752
Studies on the improved utilization of cooperative elevators for **rice** *drying* and storage in the Tohoku district. 117086
The use of starter cultures in *dry* **sausages.** 117001
Sorghum silage and napiergrass silage for beef cattle feeding in the *dry* **season.** 118023
A note on the growth of dairy calves grazing pangola grass [Digitaria decumbens] from 90 to 180 days of age during the *dry* **season.** 118043
The use of pasture for beef production. 3. Different protein sources for molasses/urea supplementation to bulls during the *dry* **season.** 118050
Effect of anthelminthic residual action in weaned heifers in the *dry* **season.** 118669
Direct sowing of forage sorghum in guinea pasture [Panicum maximum] during the *dry* **season.** 1. Effects of pasture availability and milk production. 121900
Changes in loblolly pine [Pinus taeda] **seedling** *dry* weight and top to root ration between October and March. 121821
The effect of temperature and dehydration of the *dried* **seeds** on the biological properties of rye introduction. 121469
On the components of pileus and stipe of *dried* **shiitake** [mushrooms] (Lentinus edodes (Berk.) Sing): chemical components and hot water soluble polysaccharides. 117297
Protein utilization of mixed feed rations by lactating pigs, with special reference to the content of essential amino acids in the dietary proteins. 1. Description of experimental methods: studies on the protein utilization of rations containing extracted peanut meal and *dried* **skim** milk. 117989
Methods and basic principles of reddening, *drying,* **smoking** and scalding **sausages.** 116987
Roller-dried **sodium** caseinate. 116910
Evaporation rate, leaf water potential and stomatal conductance in Lolium, Trifolium [clover] and Lysimachia in *drying* **soil.** 121518
Never-dried cotton fibers. VII. Preservation of the *never-dried* **state** and ethyl acrylate and alkylene oxides. 117198
Endolithic blue-green algae in the *dry* **valleys:** primary producers in the Antarctic desert ecosystem. 120397
The effect of *dry* **versus** wet stimulation of milking cows on the fat absorption by teat cup liners. 117476
Influence of alkali treatments of corn cobs on in **vitro** *dry* matter disappearance and lamb performance. 118092
Differences in **winter** *drying* resistance of Douglas fir [Pseudotsuga menziesii] provenances [Damage]. 119371
Effect of different planes of nutrition on water metabolism in *dry* **Zebu** cows. 118077

DRYLANDS

Seed and forage yields in the alfalfa for *dryland* **culture** as affected by seed rate, variety and period of use. 122134
Increase of yield and quality of winter wheat grain as affected by fertilizers in *dryland* **farming** in the zone of unstable moistening in Azerbaijan. 124941
No-till *dryland* grain sorghum after irrigated wheat with intervening fallow. 125147

Towards stabilizing crop production on *drylands* of **western** Rajasthan. 121920

DRYOCOSMUS
Studies on the resistance of chestnut trees (Castanea spp.) to chestnut gall **wasps** *(Dryocosmus* kuriphilus Yasumatsu). iX. Polyphenolic contents in susceptible and resistant varieties. 123416

DRYOPTERIS
An interpretation of dose-response curves for light-induced cell elongation in fern protonemata [Onoclea **sensibilis** *Dryopteris* filix-mas]. 120863

DUCKS
Vacuoles in the nucleus of normal and **abnormal** *drake* spermatozoa. 118227
Distribution of lymphatic tissues in *duck* **caeca** [Immunolbiological studies]. 117841
A comparative observation on the different contents of eggs of White Leghorn hen and Khaki **Campbell** *duck* in relation to the size of eggs. 117049
Candidiasis in *ducks* [**caused** by the yeast Candida albicans]. 118727
Ontogenetic changes in the haemoglobins of geese, *ducks,* **chickens** and turkeys. 117636
The role of nerves in the developing vertebrate limb: a teratogenic plea for re-evaluation [Includes **chicks** and *ducks].* 117694
Duck **deaths** from accidental ingestion of anthelmintic [2,2-dichlorovinyl dimethyl phosphate]. 118623
Sublethal effects of chronic lead ingestion in *mallard* **ducks.** 119260
Quality of *duck* **eggs** & meat. 116241
Phosphate compounds in red cells of the chicken and *duck* **embryo** and hatchling. 117630
Duck viral enteritis: a comparison of replication by CCL141 and primary cultures of *duck* **embryo** fibroblasts. 118625
Effects of L-azetidine and collagenase on the morphogenesis of **embryonic** *duck* preen gland in organ culture. 117620
Productive and pedigree qualities of *ducks* of **English** lines in the process of acclimatization in the conditions of Belorussia. 118307
Globin mRNA sequences in polyadenylated and nonpolyadenylated nuclear precursor-messenger RNA from avian *[duck]* **erythroblasts.** 117626
Effect of norepinephrine and hypertonicity on K influx and cyclic AMP [adenosine monophosphate] in *duck* **erythrocytes.** 117535
Bouyancy for **Europe's** *duck* trade [Production]. 115729
The waterfowl business *[Ducks* and **geese,** economic aspects]. 115218
The fine structure of the leucocytes of the domestic birds. Electron microscopical studies of the blood leucocytes of the fowl, turkey, **goose** and *duck.* 117960
Effect of maintenance density on the **growth** of *ducks.* 117449
DDE [dichlorodiphenyldichloroethylene] feeding and plasma osmoregulation in *ducks,* **guillemots,** and puffins [Organochlorine toxicity]. 123682
Polyethylene/glycol for concentration and purification of *duck* **hepatitis** virus. 118836
Feeding and watering space for **hybrid** *ducks* of the X-11 cross. 118071
Sublethal effects of chronic lead ingestion in **mallard** *ducks.* 119260
Use of antioxidants in rations of **meat** *ducks.* 118073
Genetic improvement possibilities for **Muscovy** *duck.* 118212
Duck plague virus replication in **Muscovy** *duck* fibroblast cells. 118624
Some incidents of lymphoproliferative disease in the **Muscovy** *duck* (Cairina moschata). 119074
Duck **plague** virus replication in Muscovy duck fibroblast cells. 118624
Doughnuts for *ducks* [**Stockwater** ponds in areas too flat to make embankment ponds feasible]. 125555
Cytophysiological approach of two neuroendocrine interfaces of the hypothalamus: the median eminence and vascular organ of the terminal lamina. Radioautographic **study** of the *duck.* 117567
Isolation of Mycobacterium avium serotype 3 from a white-headed **tree** *duck* (Dendrocygna viduata) [Pathogenicity in chickens]. 118636
Duck **viral** enteritis: a comparison of replication by CCL141 and primary cultures of duck embryo fibroblasts. 118625

DUCKWEED
Uptake of uridine by a **long-day** *duckweed,* Lemna gibba G3. 121327
The effect of pH [hydrogen-ion concentration] on the population growth of three species of *duckweed:* **Spirodela** oligorrhiza, Lemna minor and Wolffia arrhiza. 121070

DUCTS
Cellular proliferation and **Mullerian** *duct* differentiation in the female chick embryo. 117619

DUMPLINGS
Marrow *dumplings:* their composition as related to the food regulations. 116123

DUNALIELLA
Phytoplankton response to wastewater nutrient enrichment in continuous culture *[Dunaliella* **tertiolecta,** Phaeodactylum tricornutum, Thalassiosira pseudonana, Algae]. 121183

DUNG
A study of fungal infection in the *dung* **fly,** Scathophaga stercoraria L. (Diptera, Scathophagidae) [Predators of pasture pests]. 123312
A study of fungus flora developing on steamed and **unsteamed** *dung.* 121229

DUODENUM
Histochemistry of the *duodenal* **glands** of the cat and horse. 117518
Secretion of proteolytic enzymes flowing introduction of nutrients into the *duodenum* and **jejunum** [Dogs]. 116568
Purification and properties of a **porcine** *duodenal* glycoprotein with gastric antisecretory activity. 117750

DURRA
Changes in area and production of *jowar* [**Sorghum** bicolor] in Karnataka from 1961-62 to 1972-73. 121916

DURUM *see* **WHEAT**

DUST
Exhaust and transport systems for *dust* and **chips** in the wood industry and development trends. 119236
Dust **control** versus dust collection [in dairy product processing plants]. 125376
Characterization of **cotton** *dust* by elemental analysis [Health hazards to industrial workers]. 117163
Study of the centrifuge rudder equipped with wetting devices for the separation of *dust-free* **fertilizers.** 124957
Evaluation of dillapiole [from Anethum sowa] and dihydrodillapiole as synergists for pyrethrins [insecticide] in *dust* **formulations** [Tribolium castaneum]. 123585
Physical and biological characteristics of **grain** *dust* [Microbiological contamination, health hazards to workers]. 116259
The **grain** *dust* problem [Maize, **air** pollution]. 125373
A simplified method for demonstration of allergenic mites in small samples of **house** *dust.* 123606
Control of *dust* **pollution** of air in poultry houses [Hygiene]. 118567
Spray and *dust* **stagnant** patterns, treated as Gaussian functions. 124740
Brooder **stove** *dust* problems [Poultry houses, fumes]. 124607
Dust control **versus** *dust* collection [in dairy product processing plants]. 125376

DUTIES
Change in government agricultural regulations concerning [the veterinarians's] *duty* to **report** diseases (K21). 118553

DWARFISM
Djaleonke [West **African** *Dwarf]* sheep of the Ivory Coast in village environment. Behaviour and feeding. 118157
Breeding *semi-dwarf* winter wheat varieties for the Transcaucasian areas. 120740
Inheritance of *dwarfing* and some **characters** in the mutants of Zeelandzkie rye [Varieties, Poland]. 120668
Properties of maize **chlorotic** *dwarf* virus and its ribonucleic acid. 122877
Presence of virus in the Sorghum culture *[Dwarfism,* **Colombia].** 122867
Improvement of pickling cucumber with the determinate (de) **gene** *[Dwarf].* 120690
Use of **induced** *dwarf* mutants in breeding soft winter wheat. 120751
Fire and *dwarf* **mistletoes** [Arceuthobium] in North American coniferous forests [Prescribed fire for control]. 119603
Propagation of *dwarf* **[ornamental]** conifers. 122249
Dwarf **plants** and the effect of their transpollination in Wojcieszyckie rye [variety, Poland]. 120661
Dwarfing **rootstocks** for stone fruits. 122219
Transformation of a vital form of a *dwarf* **semishrub** in two Caucasus species of Thymus. 120971
[World] breeding stock of *dwarf* and **short** stem wheat varieties. 120752
Spanish *dwarf* wheats. I. First results [Varieties]. 121873
Spanish *dwarf* wheats. II. New variety of durum wheat: Abadia. 121874
Methods and results of breeding stiff stem and *semi-dwarf* **varieties** of winter wheat for the steppe areas of the Ukraine. 120745
Response of *dwarf* **wheat** varieties to nitrogen. 121499
The adoption and effects of high-yielding *[dwarf]* **wheats** on unirrigated subsistence holdings in Pakistan [Farm management, acreage]. 115379
The breeding of *dwarf* **winter** rye varieties [in USSR]. 120683

DYES
A one-act differential stain of the acrosome with **active** *dyes* [Livestock, laboratory animals]. 118345
Behavior of cellulose grafted with poly (methyl methacrylate) and polyacrylonitrile toward some direct and **reactive** *dyes.* 119718
Red *dye* No. 2 [Food additives]. 116155
Use of *dye* for **technician** training and retraining [Artificial insemination, cattle]. 118294
Influence of the methylamine and *dyeing* **treatment** on wool mechanical properties. 117014
Protein estimation in sesame seed and rapeseed flours and meals by a modified **Udy** *dye* binding method. 116406

DYNASTIDAE
Contribution to the study of *Dynastinae* **(Coleoptera,** Melolonthidae). 124429
Cyclocephala hardyi a new species from Brazil (Coleoptera, **Melolonthidae,** *Dynastinae).* 124433
Note on the Megaceras and Golofa (Coleoptera, *Dynastidae)* **[New** taxa]. 124227

DYSDERCUS
Ecdysterone induced ovarian inhibition in the cotton bug, *Dysdercus* **cingulatus.** 123300
Changes in the total and differential haemocyte counts of *Dysdercus* **cingulatus** Fabr. (Hemiptera: Pyrrhocoridae) related to metamorphosis and reproduction. 124014

DYSENTERY
Electrocardiographic examination of calves with **coli** *dysentery.* 118828
Mecadox [for use in animal feeds]—a review and revelation [in preventing and treating **swine** *dysentery].* 118887
Swine *dysentery:* history, recent discoveries and new concepts. 118888
Bay VA 9391 for prevention of **swine** *dysentery.* 119045
In vitro susceptibility of Treponema hyodysenteriae to carbadox, virginiamycin, and tylosin [**Swine** *dysentery].* 119051

DYSPEPSIA *see* **INDIGESTION**

DYSPLASIA
Functional recovery of **hip** *dysplasia* of dogs by pectinectomy with special regard to a resulting restoration of service of watchdogs. 119161
Dysplasia of the **tricuspid** value in the dog and cat. 119129

DYSTOCIA
Correction of stifle lock in **bovine** *dystocia.* 119212

DYSTROPHY
Accumulation of cesium-134 [istope] in heart and skeletal muscle of *dystrophic* **hamster.** 117957
Serum enzymatic research of lambs aged from 10 to 30 days, including a report on prophylaxis for enzootic **muscle** *dystrophy.* 119083
Osteoporosis in chickens with hereditary **muscular** *dystrophy.* 119198
Nutritive **muscular** *dystrophy* of cattle. 6. Activity of serum enzymes alkaline phosphatases, aldolases, lactate-dehydrogenases and creatine-phosphokinases in the course of "white muscle disease in young cattle. 119202
Nutritive **muscular** *dystrophy* in cattle. 7. Epizootiology of "white muscle disease" in calves fed on milk. 119203
Observations on the occurrence of the *dystrophic* **myositis** in swine in Italy also. 119088
Bacteriocenotic studies on a **weakly** *dystrophic* waters [Aquatic plant communities, Austria]. 121355

DYTISCIDAE
Development and structure of the conjugate sperm of the *dytiscidae* **Acilius** sulcatus L., Dytiscus marginalis L. and Hydaticus transversalis Pont. (Coleoptera). 124192
A new subterranean aquatic beetle [Haideoporus texanus] from Texas **(Coleoptera:** *Dytiscidae-Hydroporinae).* 124213

DYTISCUS
Development and structure of the conjugate sperm of the dytiscidae Acilius sulcatus L., *Dytiscus* **marginalis** L. and Hydaticus transversalis Pont. (Coleoptera). 124192

EARNINGS *see* **WAGES**

EARS
Induced mutations in foxtail millet (Setaria italica Beauv.). II. Viable mutations in *ear* **characters** induced by gamma rays, EMS and dES [ethyl methanesulphonate, diethylsulphate]. 120840
A method for identifying rabbits by **color-coded** *ear* buttons. 117464
Dried orange pulp versus ground **corn** *ears* in concentrated mixed rations for lactating dairy cows. 118159
Correction of **faulty** *ear* carriage in the dog with porous polyethylene implants. 119211
Ear and **flag** leaf photosynthesis of awned and awnless Triticum species [Wheat]. 121412
Ear **mites** [Psoroptes] in a horse. 123639
Electrophoretic separation of dsRNA genome segments from maize **wallaby** *ear* virus and its relationship to other phytoreoviruses. 122876

EARTH
Experimental results obtained in soybeans cultivated on sandy and **black** *earth* soils in the district of Dolj. 122066
Sensor equipment of the **German** *earth* scientific airplane program [Remote sensing]. 125464
The interpretability of vegetation resources on various image types acquired from *earth* **orbiting** spacecraft [Remote sensing systems for identifying and delineating natural vegetation types]. 120372

Development of user applications for *earth* **resources** [remote sensing] survey data in urban and regonal planning in the Puget Sound area. 115248
An integrated study of *earth* **resources** in the State of California using remote sensing techniques; an introduction. 125486
Beer filtration. IV. **Siliceous** *earth* filtration with kettle filters. Basics of layer filtration. 116670
Optical vs. Electronic enhancement of remote sensing imagery [for information as to the amount and condition of **such** *earth* resources as timber, forage, soils, water, minerals and agricultural crops. 125487
Diagrammatic climate maps of the separate continents and the ecological climate classification of the *earth;* a **supplement** to vegetation studies. 115203
The **total** *earth* resources system of the 1980's: a view of the future [Remote sensing]. 125465

EARTHWORMS

The *earthworm*—**man's** best friend [How to raise them for soil improvement]. 124860
Is there a worm farm in your future? [**Raising** *earthworms* for soil improvement]. 124859

EARWIGS

Ultrastructure of retrocerebral complex of the *earwig,* **Euborellia** annulipes, and role of aorta as a neurohaemal organ. 124056

EARWORMS

Labeling of Trichogramma pretiosum by rearing on eggs from 32P [phosphorus isotope]-fed adults of Heliothis zea [**corn** *earworm,* biological control]. 123282
A natural mortality table for the **corn** *earworm* [Heliothis zea] on peanuts [Trichogramma and Microplitis for biological control]. 123340
Control of armyworms [Spodoptera] and *earworms* [**Heliothus** zea] on sweet corn in Florida with Lorsban 4E and other insecticides. 123392

EATING

Industrial Revolution changes **America's** *eating* habits. 116554
Rising prices curb Chilean **beef** *eating.* 115658
Morphological types of larvae of **beetles-wood** *eaters* (Coleoptera, Eucnemidae) and their evolutionary significance. 123928
Hypothalamic unit activity related to lever pressing and *eating* in the **chronic** monkey. 116361
Biological control in Morocco of the wheat bug Aelia germari. Comparative value of two **egg** *eating* parasites: Asolcus grandis and Ooencyrtus fecundus (Hymenoptera, Scelionidae and Encyrtidae). 123283
The effect of storing and heating **frozen** *ready-to-eat* meals on vitamins B1 and B2 in the meat. 116330
Keeping food safe to *eat:* a **guide** for homemakers [Contamination]. 116068
Food markets today: Have purchasing and *eating* **habits** of housewives changed because of the crisis? 115608
New products presentation for institutional catering. Long life, *ready-to-eat* **meals** in aluminium containers. 116734

ECDYSONE

The interaction of juvenile hormone and *ecdysone:* **antagonistic,** synergistic, or permissive? [Hyalophora cecropia, Oncopeltus fasciatus]. 123957
The initiation of adult development in Sarcophaga **argyrostoma** by *beta-ecdysone.* 124054
Ecdysone **deficiency** in juvenile hormone treated larvae of the German cockroach, Blattella germanica (L.). 123938
Ecdysterone and **ecdysone** from Polypodium virginianum [Pteridophyta]. 121252
Ecdysterone **induced** ovarian inhibition in the cotton bug, Dysdercus cingulatus. 123300
The in vitro induction of puffing in salivary glands of the mutant l (2)gl of Drosophila **melanogaster** by *ecdysone.* 124173
Dynamics of *ecdysone* **metabolism** after ingestion and injection in Locusta migratoria. 123921
Ecdysone and **oocyte** morphogenesis in Bombyx mori. 124545
Ecdysterone and *ecdysone* from **Polypodium** virginianum [Pteridophyta]. 121252
The antagonism between juvenile hormone and *ecdysone* [Its **role** in insect development]. 123952

ECHINOCHLOA

Herbicide treatments for watergrass [Echinochloa crusgalli X *Echinochloa* **colonum**]. 123178
Rice herbicide evaluation for the western rice belt *[Echinochloa* **colonum**]. 123180
Relationship between chemical structure and plant growth-regulating activity of amino acid related compounds [Herbicidal activity against *Echinochloa* **crusgalli**]. 123054
Herbicide treatments for watergrass *[Echinochloa* **crusgalli** X Echinochloa colonum]. 123178
Effects of paraquat and dinoseb [herbicides] in hops [to control Amaranthus retroflexus, *Echinochloa* **crusgalli**]. 123207
Effects of molinate-propanil combinations on rice yield [Commelina, **Leptochloa,** *Echinochloa].* 123176

ECHINOSTOMA

An outbreak of trematodiasis *[Echinostoma* **revolutum,** Notocotylus attenuatus] in domestic geese. 118622

ECLOSION

The **circadian** *eclosion* rhythm in Sarcophaga artyrostoma: some comparisons with the photoperiodic "clock". 124031

ECOLOGISTS

The **forest** *ecologist.* 120390

ECOLOGY

Morphology of weevil larvae (Coleoptera, Curculionidae) and *ecological* ways of their **adaptation** to living in wood. 123929
Ecology of the **African** savanna [Forest fires and grazing injuries]. 119301
The taxonomy and *ecology* of **algae** in the Appomattox River, Chesterfield County, Virginia. 120297
Populational-ecologic **aspects** of teratology of woody plants [Witches broom, Betula, Pinus]. 120455
Ecological and **biogeographical** remarks on the entomological fauna of the arid high plains of Mexico. Description of a new Eleodes [alticola] from Popocatepetl (Tenebrionides). 124225
Morphogenesis of Astragalus longiflorus Pall. [In relation to its **biology** and *ecology].* 120968
Experience of *ecological* and **biomorphological** analysis of the flora from Prangos pabularia Lindl. associations in Gissaro-Darvaze. 120363
Cattle *ecological* zoning in the State of Sao Paulo [Breeds, Bos taurus, Bos indicus, crossing]. 118228
The **changing** *ecology* of Western Australian wheat production. 122025
The *ecology* of **Chondrilla** [an important weed of wheat crops] in the eastern Mediterranean. 123092
Diagrammatic climate maps of the separate continents and the *ecological* **climate** classification of the earth; a supplement to vegetation studies. 115203
Comparative *ecology* of the harvester ants Pogonomyrmex barbatus (F. Smith) and Pogonomyrmex rugosus (Emery). 123995
Physiognomy, structure and *ecological* **conditions** of the cacao region of Bahia State; register of Canavieiras. 120322
Principles of intensification of grass stands with regard to *ecological* **conditions.** 122036
Study of Rickettsia living within ticks (Acarina; Ixodoidea) in southeastern France. First statement: *Ecological* **context** of encounter with humans. 123609
A model of *ecological* **development** and land settlement for the Orinoco River Basin of Colombia. 115292
Some data on genetical nature of *ecological* **differences** in the structure of hair coat in cattle. 118316
Mineral relationships and *ecological* **distribution** of Fissidens cristatus Wils. [Bryophyta]. 121171
Contribution to the study of systematics, taxonomy, ontogeny, *ecology* and **distribution** of Tarsonemidae. II. (Acari, tarsonemida) [New taxa]. 124430
Distribution of multicellular benthic algae in an eutrophic **ditch** *[Ecology].* 120358
Ecology and **ethology** of Ixodes ricinus L. In Switzerland (Ixodoidea: Ixodidae). 5. Proof of a sexual pheromone in ixodes ricinus. 123771
Ecology and **ethology** of Ixodes ricinus L. In Switzerland (Ixodoidea: Ixodidae). 4. Comparison of two populations at different altitudes. 123772
New notes on the Curculionidae of the French fauna (Coleoptera). Taxonomy, chorology, *ecology,* **ethology.** Second series [New taxa]. 124226
Ecological **factors** in the development of intensive-management ecosystems in the midwestern United States [Vegetation]. 120346
Norwegian stoneflies. IV. Laboratory studies on *ecological* **factors** influencing distribution. 124114
The Sahara stage in Egypt, its divisions and *ecological* and **floristic** characters. 120393
A tentative energy budget for a summer population of Arion ater L. (Gastropoda: Pulmonata) [Fagus sylvatica, **forest** *ecology].* 124856
The *ecological* **function** of natural resources parks and protective zones in the protection of the environment [Forest conservation, pollution control]. 119299
Ecological and **genetic** nature of functional organization (structure) of the adaptive response of animals. 118314
Germination *ecology* of Althenia filiformis Petit in relation to habitat temperature and salinity fluctuations during summer and autumn. 121072
Ecology of **Glossina** palpalis gambiensis Vanderplank, 1949 [a principal vector of the sleeping sickness in West Africa]. 123661
Physiological studies on [the *ecological* **importance** of fungi in] an isolate of Saprolegnia ferax from the larval gut of the blackfly Simulium vittatum. 120381
Ecology of **insect** viruses [in microbial control of insect pests]. 123235
Ecology of **Ixodes** triangulicaps Bir. In Moldavia [Vector of tick encephalitis]. 123655
Lichen *ecology* of metal spoil tips: effects of metal ions on ascospore viability. 120327
Ecological **map** of Nepal VI. The Biratnagar-Kangchenjunga region 1/250,000 [Vegetation]. 120339
Ecological **map** of the Alps at 1/50,000. Sheets of Cluses and Chamonix [Vegetation]. 120340
Quantitative analysis of the Arthropoda fauna of Laguna Verde *[Ecology,* **Mexico].** 123914
Ecological and **morphological** characteristic of Senecio cannabifolius Less. 120418
Larvae of rove beetles (Coleoptera, Staphylinidae) developing in wood *[Ecology* and **morphology].** 123927
Suitability of multiple regression analysis for elucidating **multicollinear** *ecological* relations as demonstrated by natural spruce [Picea] regeneration. 120402
Multifactor *ecological* aspects of population performance of flour beetles, Tribolium confusum and Tribolium castaneum. 123545
Data on morphology, teratology, postembryonic development, faunistics and *ecology* of **Myriapoda** Diplopoda that are harmful to crops in Senegal. 124254
Ecology and **natural** history of Iridaea cordata (Rhodophyta: Gigartinaceae) [Algae]: population structure. 121204
Agriculture and the supply of raw materials from the viewpoint of *ecology* [**Natural** resources, conservation]. 125525
Poaceae—Irish members. VI. Morphology and *ecological* **notes.** 120568
Ochthephilus aureus (Ancyrophorus aureus) Fauv. (Coleoptera, Staphylinidae, Oxytelinae). *Ecological* **notes** and morphological description of the larvae. 124081
Ecological and **nutritional** studies on Dinobryon [divergens] Ehrenb.: seasonal periodicity and the phosphate toxicity problem. 121233
Ecology of **pathogens** of the gypsy moth [Lymantria dispar, biological control]. 123466
Thermotolerance of Candida [yeasts]. Relationships with *ecology,* **pathology** and taxonomy. 120890
Wood anatomy of Roridulaceae: *ecological* and **phylogenetic** implications [Roridula gorgonias, Roridula dentata]. 119927
The nature of adaptational **plasticity** *(ecologic* valency) in [domestic and wild] animals. 117734
A cone weevil, Conotrachelus neomexicanus, on ponderosa pine [Pinus ponderosa] in Colorado: life history, habits, and *ecological* **relationships** (Coleoptera: Curculionidae). 123451
Ecological **role** of Zelandopsyche ingens (Trichoptera: Oeconesidae) in a beech [Nothofagus solandri cliffortioides] forest stream ecosystem. 123825
Growth and development of three [rural] Yugoslav populations in different *ecological* **settings** [Anthropometric and nutritional studies]. 116282
Physiological host specificity of the polyphagous pupal parasites of Pimpla turionellae L. (Hymenoptera, Icneumonidae) and its *ecological* **significance.** 123456
Distribution and *ecological* **significance** of vitamin B12 and thiamin in three lakes [Water composition]. 125180
New data on the chorology and *ecology* of some **species** of Culicidae (Diptera) in southern Quebec. 123613
Stem-borer [Sesamia botanephaga] *ecology* and **strategy** for control [Stemborer of maize in West African areas]. 123276
Comparative utility of LANDSAT-1 and Skylab data for coastal wetland mapping and *ecological* **studies** [Remote sensing]. 120365
Ecological **studies** of the salt marsh ecad Scorpioides (Hornemann) Hauck of Ascophyllum nodosum (L.) Le Jolis. 120375
Ecological **studies** on the photosynthesis of winter cereals. III. Changes of the photosynthetic ability of various organs with growth. 121547
Physio-ecological **studies** on prolificacy in maize [hybrids]. I. Differences in dry matter accumulation among one-, two and three-eared plants. 121548
Biological and *ecological* **studies** of the parasitoid Chelonus inanitus (Hymenoptera: Braconidae) in Israel. I. Distribution, abundance and parasitism in natural host populations [Biological control of pests]. 123232
Ecological **studies** of the Bagac nuclear power plant site: a mosquito survey of **Bagac, Bataan,** Republic of Philippines. 123649
Faunistic and *ecological* **studies** on Drosophilidae species (Diptera) of Switzerland. VII. 124341
Faunistic and *ecological* **studies** on Drosophilidae species (Diptera) of Switzerland. VIII. 124342
Ecological **studies** on the aquatic insect in the upper region of the Chikuma-river, Nagano Prefecture, Japan. I. Life cycle and growth state of the Ephemerella trispina group (Ephemeroptera: Ephemerellidae), and aquatic insect fauna in summer. 124357
The composition of the Josani forest, Zanzibar *[Ecological* **study].** 120323
Lotic fauna of Arna stream at Solvig; an *ecological* **study.** 124092
Activity patterns, body temperature and **thermal** *ecology* in two desert caterpillars (Lepidoptera: Sphingidae) [Hyles lineata, Manduca sexta]. 123882
Notes on the *ecology* of **three** Ligneous species on the southern edge of the Ungava bay, New Quebec: Betula glandulosa, Larix laricina, Picea mariana. 120332
Periphyton diatoms in a ditch near **Tienhoven** *[Ecology].* 120359
Noxious rodents inside and outside enclosed space, a **topical** *ecologic* problem? 123046
Biometric characteristics and morpho-functional correlations of **Brown** Alpine cattle in **two** *ecologically* varying zones of the Como province. 117499
The *ecology* of the **virus** of tick-borne encephalitis in the natural foci in the Olomouc district [Ixodes ricinus]. 123618

ECONOMETRICS

The economics of Florida's FCOJ [frozen concentrated orange juice] imports and exports: an *econometric* **study.** 115605

ECONOMICS

The *economic* **advantages** of meat production with crossbred heifers [Costs]. 115527
Economic **advantages** and disavantages of producing pulp chips in the woods in the Southwest. 119829
Teaching of **agricultural** *economics* and policy in Italian uniersities. 115295
A quarter century of **agricultural** *economics* in retrospect and in prospect: a comment. 115300
Agricultural *economics* and the changing structure of higher education. 115301
Discussion of **agricultural** *economics* and the changing structure of higher education. 115302
On a quarter century of **agricultural** *economics* in retrospect and in prospect: a reply. 115307
Selected issues and features of undergraduate instruction in **agricultural** *economics.* 115308
University-agribusiness interaction: a comment **[Agricultural** *economics].* 115310
The potato, maize and bean association, a form of intensive, *economic* use of the **agricultural** resources of miniature holdings [Colombia]. 115344
Effect of new forms of *production-economic* **amalgamations** on the migration of rural population. 115164
Tree improvement does pay—but more *economic* **analyses** and application programs are needed to ensure this. 119541
Calibration of the available soil phosphorus values measured by the Olsen et. al. and Bray-Kurtz no. 1 methods with the phosphorus requirement of sugarbeets and *economic* **analyses.** 124908
Flax in its *economic* **aspect** [Marketing, trade, prices, Argentina]. 115685
Socio-economic **aspect** of water management activities in California. 125298
Soca-Braco, a district of the common people in te municipality of Urucuca [Social and *economic* **aspects].** 115118
The waterfowl business [Ducks and geese, *economic* **aspects].** 115218
Efficiency and misfortune in the country district of Colombia *[Economic* **aspects** of crop and livestock production]. 115293
Technico-economic **aspects** for the cycle production of th rabbit [Costs, feeding, breeding]. 115553
Hallertau hops culture—retrospect and prospects *[Economic* **aspects,** marketing]. 115676
Economic **aspects** of milk production [Europe, West Germany]. 115770
Sugarbeets in the Duero area: sugar production and national needs *[Economic* **aspects].** 115805
Forecast confirmed by poultry farming in Sao Paulo *[Economic* **aspects,** production, prices, statistics]. 115809
Forecast: poultry farming in Sao Paulo maintains its place *[Economic* **aspects,** production statistics]. 115810
Productive structure of the viticultural sector [Prospects and *economic* **aspects,** Europe, Italy]. 115930
The dairy industry in the Karl-Marx-Stadt district: creation of greater supply efficiency by concentration and specialization *[Economic* **aspects,** East Germany]. 115937
According to Pardo Buelvas, the welfare of the urban population cannot be constructed on the accumulated impoverishment of the peasant classes *[Economic* **aspects,** programs, Colombia]. 115983
Diagnosis of agriculture in Putumayo *[Economic* **aspects** and prospects]. 115989
Transformation of agricultural industry in Colombia *[Economic* **aspects,** programs and legislation]. 115993
Economic **aspects** of domestic geese hybrids. 118216
Physiological principles and technologic methods of battery and floor exploitation, in confinement and in the open air, of poultry as a function of its production and health *[Economic* **aspects].** 118434
Economic **aspects** of streptothricosis in livestock in East Africa. 118709
Agriculture and the supply of raw materials from the forestry viewpoint [Forest conservation and *economic* **aspects].** 119512
Economic **aspects** of railroad weed control. 123124
Economic **assessment** of proposed toxic pollutant standards for manufacturers and formulators of aldrin/dieldrin, DDT, endrin and toxaphene. 123743
Some *economic* **bases** for the development of irrigated sugarbeet culture in the USSR. 125249

Effects of wastewaters on a **like** *ecosystem*. 125379
The role of parasites in **natural** *ecosystem* [Water, pasture, livestock transmission]. 118923
A comparative interregional analysis of selected data from LANDSAT-1 and EREP for the inventory and monitoring of **natural** *ecosystems* [Remote sensing]. 120364
The maintenance of **natural** *ecosystems:* smoke as a factor. 125450
Evolution of the Santa Lucia fir (Abies bracteata) *ecosystem* **[New** taxa]. 119933
The forest as an *ecosystem* and the **problem** of its pollution [Damage from game grazing]. 120317
Lead contamination of the **roadside** *ecosystem*. 125492
Autumnal processing of dissolved organic matter in a small woodland **stream** *ecosystem* [Leaf litter]. 120344
Ecological role of Zelandopsyche ingens (Trichoptera: Oeconesidae) in a beech [Nothofagus solandri cliffortioides] forest **stream** *ecosystem*. 123825

ECOTYPES
Competition between (Medicago sativa L. [Alfalfa] **local** *ecotype)* and tall fescue (Festuca arundinacea Schreb. cultivar Ludion) fertilized with increasing rates of nitrogen. 122116
Sun-shade *ecotypes* of a bluegreen alga [Plectonema notatum] in a hot spring. 121218
Ecotypic **variation** in Hypoxis decumbens L. 120311

ECTHYMA
Contagious *ecthyma* (orf) in a goat herd. 119049

ECTOPARASITES
Resource tracking patterns in bird and **mammal** *ectoparasites* [Insect pests]. 123646
Ectoparasitic **mites** (Acarina: Otopheidomenidae) on sphingid moths. 123773
Poultry *ectoparasites* and their control. 123624
Australian model of parasite control baths [Cattle, **sheep,** *ectoparasites].* 123642

ECTOPIA
Enophthalmia and entropion associated with an *ectopic* **cilia** of the upper lid in a dog. 119214
Clinical experiences with the combined technique of ureterovesicular anastomosis for treatment of *ectopic* **ureters** [in the dog]. 118464

ECZEMA
A comparison of the control of Pithomyces chartarum with three fungicides applied at both the pre- and postdanger levels of spores in pasture [for the control of **facial** *eczema].* 118848

EDEMA
Angioneurotic *oedema-like* syndrome in bovines. 119099
Therapy and prophylaxis of *edema* **disease** of piglets. 119034
Diagnosis of *edema* **disease** (colienterotoxemia) of piglets. 119205
Effects of antihistamines on the lung vascular response to histamine in unanesthetized sheep. Diphenhydramine prevention of **pulmonary** *edema* and increased permeability. 117805

EDIBLE *see* **FOOD**

EDUCATION
The evolution of an industry **[Agricultural** *education,* Ireland]. 115117
Some questions on **college** *education* in the department of landscape architecture. 122512
Evaluation of *education* and the **educational** center. 115192
Fur **farming** *education* now within the scope of vocational education for the livestock farmer. 117419
A bright future for horticulture **graduates** *[Education].* 122332
Consumer management program aims for total **health** *education.* 116629
Agricultural economics and the changing structure of **higher** *education.* 115301
Discussion of agricultural economics and the changing structure of **higher** *education.* 115302
A historical study on "home economics and **homemaking** *education"* of Japan. 116592
Horticultural *education* [in the United States]—Does it fall short of the mark? 122229
Towards a policy for a career structure in ornamental **horticulture** *[Education].* 122263
A self-instruction/lecture approach to nutrition for **non-majors** *[Education].* 116445
Helping kids make better food choices **[Nutrition** *education].* 116333
Management of kwashiorkor in its milieu—a follow-up for fifteen months **[Nutrition** *education].* 116389
Development of a **nutrition** *education* program for homemakers. 116449
Nutrition *education* in the supermarket. 116450
Role of EFNEP [Expanded Food and **Nutrition** *Education* Program] aides in improving diets of pregnant women. 116451
Tropical veterinary medicine [course] for the veterinary laboratory *[Education,* **Scotland].** 118556
Ways of improving general high school, **special** *education* and professional orientation of school children in relation to the reorganization of farm production [in Moldavia]. 115172
Fur farming education now within the scope of **vocational** *education* for the livestock farmer. 117419
The role of the Technical Correspondence Institute in the horticultural industry in New **Zealand** *[Education].* 122261

EELWORMS
Stem *eelworm* on arable crops [Ditylenchus dipsaci, nematodes]. 122881

EFFLUENT
The *effluent-free* **bleached** kraft pulp mill. VII. Sodium chloride in alkaline pulping and chemical recovery [to eliminate a major source of pollution]. 125544
Treatment possibilities of **brewery** *effluents* in Hungary. 125432
Energy usage and *effluents* from **chemical** and mechanical pulping systems. 119758
Effluent **control**—demonstrated on the profile of a river [Effluent mill wastes, Austria]. 125537
Nitrate-nitrogen in tile **drainage** *effluents* [Denitrification, water pollution]. 124873
Kraft **furnance** *effluent* gas particulate capture in a multi-plate fluidized bed. 125564
Influence of temperature on the biological treatment of paper **industry** *effluents* [Pollution control]. 125403
Nitrate in *effluents* from **irrigated** lands—annual report [Leaching, nitrogen, soil]. 124870
Effluent control—demonstrated on the profile of a river *[Effluent* **mill** wastes, Austria]. 125537
Investigation of the problem of determining total suspended solids in pulp and **paper** *effluents.* 125563
Chemical characteristics and acute toxicity of foam on two aerated lagoons [kraft **pulp** *effluents].* 125499
A rapid method for measuring the acute toxicity of **pulpmill** *effluents* and other toxicants to salmonid fish at ambient room temperature. 125497
Phosphorus removal with alum from **secondary** *effluent.* 125515
Denitrification of nitrified septic **tank** *effluent.* 125505
Color removal in a ferric chloride-lime system *[Effluent* **treatment,** kraft pulping]. 125562
Physical-chemical methods for the recovery of protein from **waste** *effluent* of potato chip processing. 117277
Protein quality of precipitate from **waste** *effluent* of potato chip processing measured by biological methods. 117278

EGGPLANTS
Development of sampling technique for estimating population of Tetranychus neocaledonicus Andre, infesting **brinjal** *[eggplants].* 123360
Ring rot of brinjal *[eggplant]* **caused** by Myrothecium roridum Tode ex Fries from **Bangalore.** 122605
Verticillium **diseases** of the *eggplant.* 122636
Ring rot of *brinjal* **[eggplant]** caused by Myrothecium roridum Tode ex Fries from **Bangalore.** 122605
Overwintering of *brinjal* **[eggplant]** shoot and fruit borer, Leucinodes orbonalis Guen. (Lepidoptera, Pyralidae) in Kulu Valley, western Himalaya, India. 123372
Development of sampling technique for estimating population of Tetranychus neocaledonicus Andre, **infesting** *brinjal* [eggplants]. 123360
State of knowledge of tomato, pepper, and *eggplant* **nematode** fauna in the Soviet Union. 123007
Feeding effect of juvenile hormone analogud, ZR 619-5 E, on the epilachna beetle, Epilachna vigintioctopunctata Fabricius *[Eggplant* **pests].** 123390
Overwintering of brinjal *[eggplant]* **shoot** and fruit borer, Leucinodes orbonalis Guen. (Lepidoptera, Pyralidae) in Kulu Valley, western Himalaya, India. 123372
Eggplant: **Solanum** melongena (Solanaceae). 122361
Studies on the chemical changes induced by the infection of the rootknot nematode (Meloidogyne incognita) in tomato & *eggplant* & the **stunt** nematode (Tylenchorhynchus brassicae) in cabbage & cauliflower roots. 122951

EGGS
Effect of site of transfer on pregnancy and twinning rates following **bilateral** *egg* transfer in the cow. 118350
Effect of low temperature on the mortality of **butterfly** *eggs* (Lepidoptera). 124167
Mercury in **chicken** *eggs.* 116178
Quality of *eggs* from **chickens** of various lines of Leghorn breed. 118309
Eggs and **cholesterol.** 116475
Management of *egg-bound* **condition** and prolapse of oviduct and cloaca. 119186
Plasma cholesteol and tirgycerides in men with added *eggs* in the **diet.** 116508
Quality of **duck** *eggs* & meat. 116241
Easy *eggs* for breakfast [Convenience foods]. 116269
Sanitary control in the trade of *eggs* and **egg** products. 116048
The effect of hyperpotassic diets on consumption, *egg-laying,* **egg** quality and on calcium and serous phosphorus levels. Preliminary trial [Chickens]. 118049
The eggs of stick insects (Phasmida): a review with descriptions of the *eggs* of **eleven** species. 124463
Douglas fir tussock moth [Orgyia pseudotsugata] *egg* **hatch** and larval development in relation to phenology of grand fir and Douglas-fir [Abies grandis, Pseudotsuga menziesii] in northeastern Oregon. 123502
Incubation of *eggs* and **hatchery** management. 117486
Some qualitative properties of the eggshells of [White Leghorn] **hen** *eggs.* 117057
Polypeptide composition of **hen's** *egg* yolk very low density lipoprotein. 117038
Age dynamics of the morphological and chemical composition of *eggs* from **hens** of the Leghorn breed in the conditions of large poultry farm. 117056
Methods of obtaining **incubation** *eggs* from caged hens. 118305
Microtubules and control of **insect** *egg* shape [of the gall midge Heteropeza and the cockroach Periplaneta]. 124021
Sperm-egg **interactions** in the pig: monospermy, extensive polyspermy, and the formation of chromatin aggregates. 118334
Egg and **larval** case formation by Pachybrachis bivittatus. 123801
Permeability of vitelline membrane for ions of sodium, calcium and magnesium *[Egg* **membranes].** 117041
Incorporation and disintegration of extra-embryonic epithelia in the *egg* of the **migratory** locust (Locusta migratoria L.). 123849

On the incidence of **mite** *eggs* in human stools [Carpoglyphus lactis]. 123616
The effect of some aspects of low temperature and radiation on the survival of Latheticus **oryzae** *eggs*. 123893
Switzerland's poultry and *egg* **output** and imports decline. 115665
Egg **parasitoids** of forest defoliating Lepidoptera [Biological control]. 123467
A study on the effectivity of immunoprophylaxis of Marek's disease with the deptavac HVT [turkey herpesvirus] vaccine. II. Effectiveness of the deptavac HVT vaccine with broiler parents during the *egg-laying* **period.** 118972
Studies on the determination of toxic actions of derivatives of (2,4-dichlorophenoxy) acetic acid and 2,4-5-trichlorophenoxyacetic acid on *eggs* of **pheasants,** quails, and chickens. 123687
Lipid oxidation. 3. Oxidation of *egg* **phosphatidylethanolamine.** 117051
Labeling of Trichogramma pretiosum by rearing on *eggs* from 32P [**phosphorus** isotope]-fed adults of Heliothis zea [corn earworm, biological control]. 123282
Economics of **plastic** *egg* trays. 117053
Layers: the influence of static electricity [on *egg* **production**]. 117397
House location effects on *egg* **production.** 117411
Final report of the fifth random sample test for *egg* **production** 1974-1975, conducted at Hessarghaffa; Bangalore (Karnata), March 10, 1974-July 31, 1975. 117457
Effects of dietary protein and lysine levels on plasma amino acids, nitrogen retention and *egg* **production** in laying hens. 118103
Effect of the lipid fraction of Alternaria brassicicola 13 on the *egg* **production** of hens. 118275
Effects of mating on female inhibition and *egg* **production** in the black carpet beetle, Attagenus megatoma F. 123529
Photoperiodicity, 65Zn [zinc] elimination, and *egg* **production** in Heliothis virescens. 124038
Egg **productivity** of chickens from the 444th cross as related to the types of blood serum proteins. 118301
Sanitary control in the trade of eggs and *egg* **products.** 116048
The effect of hyperpotassic diets on consumption, egg-laying, *egg* **quality** and on calcium and serous phosphorus levels. Preliminary trial [Chickens]. 118049
Differential responses to ultraviolet irradiation of the polar cytoplasm of Drosophila [melanogaster] *eggs*. II. **Response** to dose. 124171
The results of the [Belgian] national random **sample** *egg-laying* test 1973-1974. 117497
A review: recent researches in India on the preservation of **shell** *eggs*. 117048
Translucent areas on *egg* **shell.** 117052
A comparative observation on the different contents of eggs of White Leghorn hen and Khaki Campbell duck in relation to the **size** of *eggs*. 117049
A method for the extraction of Sitona (Coleoptera: Curculionidae) *eggs* from **soil** and occurrence of a mymarid (Hymenoptera: Chalcidoidea) in the Mediterranean region. 123900
Poultry and *egg* **statistics,** 1972-75. 115783
The *eggs* of **stick** insects (Phasmida): a review with descriptions of the eggs of eleven species. 124463
The surface and function of the protein layer of Ascaris **suum** *eggs*. 118665
Batch surface sterilization of chironomid [Chironomus **tentans**] *eggs*. 123611
Peripheral plasma progesterone during *egg* **transport** in the rabbit. 118388
Possibility of biological control of the European corn borer [Pyrausta nubilalis] with **Trichogramma** *egg* parasites. 123324
Eggs: **triglyceride,** and not cholesterol, the villain of heart attacks. 116296
Biological control in Morocco of the wheat bug Aelia germari. Comparative value of **two** *egg* eating parasites: Asolcus grandis and Ooencyrtus fecundus (Hymenoptera, Scelionidae and Encyrtidae). 123283
Embryonic growth and hatchability of *eggs* of the **two-striped** grasshopper, Melanoplus bivittatus (Orthoptera: Acrididae), in relation to date of oviposition and weather. 123857
Influence of light intensity on layers *[Egg* **weight].** 117918
A comparative observation on the different contents of *eggs* of **White** Leghorn hen and Khaki Campbell duck in relation to the size of eggs. 117049
Gas chromatographic determination of polychlorinated biphenyls (PCBs) in the presence of chlorinated hydrocarbon pesticides in *eggs* of **wild** birds. 123738

EGGSHELLS

Comparison of several *eggshell* **characteristics** with impact resistance. 117043
Some qualitative properties of the *eggshells* of [**White** Leghorn] hen eggs. 117057

EICHHORNIA

Water hyacinths *[Eichhornia* **crassipes]** for removal of phenols from polluted waters. 125382
Stimulatory action of Azotobacter chroococcum from water **hyacinth** *(Eichhornia* crassipes Mort Solms) on germination of seeds of rye (Secale cereale). 121568

EIMERIA

Study of plasmatic alkaline phosphate in infestations [of chickens] by *Eimeria* **acervulina.** 118607
The pathogenicity of *Eimeria* **bateri** in the Japanese quail. 118608
Anticoccidial immunity [to *Eimeria]* in **large** chicken flocks. 118925
On the etiology of bovine coccidiosis and the carriers of *Eimeria* **parasites** in the Estonian S.s.r. 118932
Application of ursokoxalin and vitamin K3 substitution to influence relative prothrombin concentration in laying hybrids with *Eimeria* **tenella** infection. 118825
The ultrastructure of early generation development and later schizonts of *Eimeria* **tenella** in the chicken [Coccidiosis]. 118896
Cytoarchitectonics of lymphoid organs in chicks in relation to the invasion by *Eimeria* **tenella** and immunogenesis. 118926
Effect of caecal coccidiosis on haematological indices in chickens. 2. Changes of haematological indices after the invasion of non-immunized chicks [by *Eimeria* **tenella].** 118929
Effect of caecal coccidiosis on haematological indices in chickens. 3. Changes of haematological indices after the invasion of immunized chicks [by *Eimeria* **tenella].** 118930
Effect of superinvasion on the protein composition of the blood serum from chicks with coccidiosis caused by *Eimeria* **tenella.** 118931

ELAEIS

Oil palm: *Elaeis* **guineensis** (Palmae). 122533
Reflections on the nutritional and fertilizer requirements of the African oilpalm *[Elaeis* **guineensis].** 124961

ELASMOPALPUS

Free-running and phase-setting of locomotor behavior of the adult lesser cornstalk borer *[Elasmopalpus* **lignosellus].** 123803

ELASTICITY

An equation for the modulus of *elasticity* [of **agricultural** products] of a radially compressed cylinder. 116837

ELASTIN

Arterial *elastin* [Protein]. 116275
Arterial *elastin* synthesis in the young chick. 117591

ELATERIDAE

A new species of Limonius [pappi] (Coleoptera: *Elateridae)* from **California.** 124272
The systematic position of the genera Aphileus, Macromalocera, Glyphochilus and Campsosternus **(Coleoptera:** *Elateridae).* 124235

ELATOPHILUS

The genus Elatophilus Reuter in North America with descriptions of two new species [Elatophilus minutus, *Elatophilus* **antennatus]** (Heteroptera: Anthocoridae). 124274

ELBOWS

Surgery of the **canine** *elbow* joint (a brief clinical review). 118580

ELECTRICITY

Electric **activity** of the rat myometrium in vivo during the estrous cycle. 119643
Contamination of water of *electric* **boilers** with lead. 116189
Measurement of *electric* **charge** of paper surfaces in water. 119782
Optimization of **diesel** *electric* units for livestock production. 124750
Electrical **energy** from industrial lignin: a preliminary evaluation. 119841
Electric **fencing.** 124589
The fundamentals of *electric* **fencing** [Costs]. 124645
Electrical **measurement** of feeding by the strawberry aphid [chaetosiphon fragaefolii] on susceptible and resistant strawberries and nonhost plants. 123368
How to build a **portable** *electric* food dehydrator. 116526
Generation of *electric* **potentials** during flow of fluids in the xylem vessels (Preliminary report) [Cucurbita sechium]. 121659
Measurement of *electric* **resistance** of the vaginal mucus as an aid for heat detection [Livestock, dogs]. 118414
The possibility of using the method of *electric* **resistance** for the evaluation of infiltration parameters of soil (1970-1973). 124811
Small *electrical* repairs in the home. 116574
Layers: the influence of **static** *electricity* [on egg production]. 117397

ELECTRIFICATION

Integrated mechanization and *electrification* of **production** in collective and state farms. 115356

ELECTROCARDIOGRAPHY

Electrocardiographic **examination** of calves with coli dysentery. 118828
Radio *electrocardiography* during production of sperm in bulls. 118420

ELECTROCOAGULATION

Electrocoagulation **clarifies** food wastewater. 125409

ELECTROCUTION

Electrocutor **grid** traps vs. Sticky traps for capturing [the lesser peachtree borer] Synanthedon pictipes and Sanninoidea exitiosa. 123414

ELECTRODES

A miniature, readily **available** *electrode* pedestal for recording cerebral and other electrophysiological activity from several species [of experimental animals]. 117843
Electrometric methods of determining the activity of ions in soils. 9. *Electrodes* and the **conditions** of determining the activity of nitrate ions in soils. 124756
A laboratory batch fermenter with **differential** *electrode* pH [hydrogen-ion concentration] control [Cheese manufacture]. 116903
Fluoride content in beer: fluoride determination with the ion—**selective** *electrode* [Contamination]. 116060

ELECTROENCEPHALOGRAPHY

Method for chronic recording of *electroencephalographic* **activity** in conscious dogs. 117777
Changes in the electroencephalogram of rats following subacute exposure to carbaryl and baygon: Correlation with EEG *[electroencephalogram]* **changes** in sub-human primates after chronic, low level exposure to baygon [Insecticides]. 123750
The effect of ketamine on heart rate, respiration rate and eEG *[electroencephalogram]* of **White** Leghorn hens. 117639

ELECTROGENESIS

Electrogenic **pumps** in cells of the suspension culture of Nicotiana tabacum [Tobacco]. 121446

ELECTROKINETICS

Influence of high-molecular cationic dehydrating agents on the *electrokinetic* **properties** of cellulose. 119780

ELECTROLYTES

Lung inflation and alveolar permeability to *non-electrolytes* in the **adult** sheep in vivo. 117827
A study on the changes of the **blood** *electrolyte* of camel (Camelus dromedarius) during water deprivation. 117741
Induced feline urethral obstruction: response to hyperkalemia to relief of obstruction and administration of **parenteral** *electrolyte* solution. 119110

ELECTROMAGNETIC

Effect of ultrahigh **frequency** *electromagnetic* fields on the productivity of sugarbeet hybrids and their parental forms. 121475

ELECTROMETRY

Electrometric **methods** of determining the activity of ions in soils. 9. Electrodes and the conditions of determining the activity of nitrate ions in soils. 124756

ELECTRONICS

Precision-accurate study of bacterial colonies automatic count by using the **Artek** *electronic* counter [Raw milk and pasteurized cream]. 116043
Prognosis of crops irrigation, based on the interrelation between soil-water-plant-climate system by means of *electronic* **calculator.** 125337
E.D.P. *[Electronic* **data** processing] in major herbaria—the priorities [Kew Herbarium]. 120040
Electronic **data** processing of herbarium specimens data for the Flora of Veracruz program. 120041
Electronic **data** processing the herbarium. 120042
Relations between herbarium records and other records *[Electronic* **data** processing]. 120044
Supplementary notes on taxonomic information in relation to E.d.p. *[Electronic* **data** processing]. 120045
The uses of *electronic* **data** processing for herbarium specimen label information. 120052
Electronic **data** processing system of plant variety trials. 121905
The application of *electronic* **data-processing** to the mapping of plant distributions. 120046
Optical vs. *Electronic* **enhancement** of remote sensing imagery [for information as to the amount and condition of such earth resources as timber, forage, soils, water, minerals and agricultural crops. 125487
Pocket *electronic* calculator for Barr and Stroud dendrometer. 119505
The data from herbaria [for *electronic* **processing].** 120048

ELECTRONMICROSCOPY

Protein crystals and bundles of tubules in yeast cells. IV. Biochemical and *electronmicroscopical* **studies** on the induction of crystals of alcohol dehydrogenase (ADH) [Saccharomyces carlsbergensis]. 121389

ELECTRONS

Comparative *electron* microscopic study of the cysts of Sarcocystis fusiformis (Railliet 1897) in the muscle fibers of naturally infected cattle and after experimental infections of calves by sporocysts of Isospora hominis and the large forms of Isospora bigemina from cat and dog. 118894
Role of **cyclic** *electron* transport in photosynthesis as measured by the photoinduced turnover of P700 in vivo [Algae, aphanocapsa]. 120928
Photosystem 2 **mediated** *electron* transport and phosphorylation with ferricyanide and dibromothymoquinone. The uncoupling activity of dibromothymoquinone [Lettuce chloroplasts]. 121763
Electron **microprobe** analysis of particles in the insect vector of maize streak [Cicadulina mbila]. 123334

Acetylcholinesterase distribution in chick spinal cord cultures. A light and *electron* **microscope** study. 117706
Electron **microscope** observations on the sporogenesis in the hornwort, Anthoceros punctatus L. [Hepaticae]. 120489
Sieve-tube plastids in the *electron* **microscope;** development and fine structure of plastids in the sieve tubes of Allium porrum L. [Leeks]. 120524
Light and *electron* **microscope** studies of cytoplasmic aggregates formed in barley cells in response to Erysiphe graminis. 122589
Electron **microscope** study of sporulation and parasporal crystal formation in Bacillus thuringiensis [Pathogenicity for larvae of Lepidoptera]. 123242
Studies on the posterior silk gland of the silkworm Bombyx mori. V. *Electron* **microscope** localization of fibroin in the posterior silk gland at the later stage of the fifth instar. 124537
Effect of storage temperature on cell structure in post-harvested asparagus spears—light and *electron* **microscopic** study. 117284
Electron **microscopic** localization of lactate dehydrogenase in osteoclasts of chick embryo tibia. 117704
The fine structure of the leucocytes of the domestic birds. *Electron* **microscopical** studies of the blood leucocytes of the fowl, turkey, goose and duck. 117960
Electron **microscopy** analysis of differentiation of the wall and capillary bed of the chick embryo allantochorion. 117691
Repair in arterial tissue; *electron* **microscopy** of evans blue vital stained embolectomy catheter lesion of the rabbit thoracic aorta. 119067
Light and *electron* **microscopy** for studies on pathogenesis of straddle in newborn piglets. 119165
Electron **microscopy** and X-ray photoelectron spectroscopy of oxygen plasma-etched bacterial spores and cells [Bacillus megaterium, Bacillus subtilis, Micrococcus lysodeikticus]. 120542
Electron **microscopy** of silicon deposits in foliar idioblasts of Magnolia grandiflora. 120543
Electron **microscopy** of a new plant-pathogenic spiroplasma isolated from Opuntia [tuna monstrosa, Spiroplasma citri]. 122863
Insect virus infection of a poikilothermic vertebrate cell line: *electron* **microscopy** [Chilo iridescent virus]. 124127
On the localization of Mehler reaction with ethanolcatalase trap in the chain **photosynthetic** *electron* transport. 120942
Photosynthetic *electron* transport in plants of Sitka spruce [Picea stitchensis] subjected to differing light environments during growth. 121824
Scanning, transmission and *electron* **probe** analysis of the cat tapetum. 117886
Effect of adenosinetriphosphatase and conditions of phosphorylation on the H+/3- [Hydrogen, *electron]* **relation** and proton exchange of isolated chloroplasts [Peas]. 121636
Changes of cell structure of wheat and barley after granulation; investigations made with *electron* **scanning** microscopy. 117136
The early chick embryo in correlated SEM and TEM [**scanning** *electron* microscopy, transmission electron microscopy] studies. 117714
Development of the foramen secundum in the chick as observed by **scanning** *electron* microscopy. 117883
Scanning *electron* microscopy of elliptocytes in man and llama. 117885
SEM [**scanning** *electron* microscope] of the cecal morphology in the domestic chicken. 117887
SEM [**scanning** *electron* microscopy] of vesicular stomatitis virus infection in cell cultures grown on aluminum foil [Venezuelan equine encephalomyelitis virus]. 118726
Mating in Chlamydomonas eugametos [Algae]. A **scanning** *electron* microscopical study. 120412
Morphology of Cronartium fusiforme aeciospores: a light and **scanning** *electron* microscopic study. 120426
Surface characteristics of American elm [Ulmus americana] clones for identification by **scanning** *electron* microscopy. 120462
The application of **scanning** *electron* microscopy and X-ray microanalysis in the plant sciences: a bibliography. II. 120465
Concanavalin A and wheat germ agglutinin receptors on Dictyostelium discoideum [Fungi]: their visualization by **scanning** *electron* microscopy with microspheres. 120480
Plant tissue below the *electron* **scanning** microscope. 7. The roots. 120522
Scanning *electron* microscopy of Marsilea sperm [Pteridophyta]. 120549
Localization of mannan at the surface of yeast protoplasts by **scanning** *electron* microscopy [Saccharomyces cerevisiae, candida utilis]. 120912
Scanning *electron* microscopy of syncytial transfer cells induced in [soybean, tobacco] roots by cyst-nematodes [Heterodera glycines, Heterodera tabacum]. 122716
Grain beetles under the **scanning** *electron* microscope. 123515
Scanning *electron* microscopy and microdissection of single Drosophila [melanogaster] cells. 124128
Scanning *electron* microscopy of Blaberus giganteus (L.) maxillary palp sensilla. 124129
Ultrastructural studies of isolated polytene chromosomes by **scanning** *electron* microscopy [Chironomus stigmaterus]. 124133
Discovery of Nuttalliella namaqua Bedford (Acarina: Ixodoidea: Nuttalliellidae) in Tanzania and redescription of the female based on **scanning** *electron* microscopy. 124214
Electron **spectroscopy** for chemical analyses (ESCA)—a tool for studying treated textiles. 116188
Use of *electron* **spectroscopy** for chemical analyses (ESCA) in a study of oil-repellent finishes [of textiles, cotton fabrics]. 117202
The action of ionizing radiation on [calf thymus] DNA in the presence of quinacrine. III. E.s.r. *[Electron* **spin** resonance] study: spin transfer in gamma-irradiated lyophilized DNA-quinacrine complexes. 117895
Electron **spin** resonance studies of structure and conformation in anion radicals formed during the autoxidation of hydroxylated coumarins. 121193
Stereo *electron* microscopy of freeze-fractured cells reveals the three-dimensional continuity of tobacco mosaic virus crystals. 122864
Electron-microscope **studies** on the pathogenesis of infectious bursal disease after intrabursal application of the causal virus. 118628
Effect of chloramphenicol on the *electron* **systems** in Ustilago cynodontis [Fungi]. 122644
The early chick embryo in correlated SEM and TEM [scanning electron microscopy, **transmission** *electron* microscopy] studies. 117714
TEM [**transmission** *electron* microscopy] studies of hen's perivitelline membrane hydrolysis by cock sperm in vitro. 118386
The relationship between proton fluxes and the regulation of *electron* **transport** in [spinach] chloroplasts. 121646

ELECTROPHORESIS

Cellulose **acetate** *electrophoresis* of casein proteins [of milk]. 116852
Cellulose **acetate** *electrophoresis* of soluble lens proteins of different species of mammals; the use of discontinuous buffer systems [Rats, mice, cattle, sheep]. 117633
Electrophoretic **comparison,** by cellulose acetate and nitrate, of protidic fractions on healthy dairy cattle and buffalo serums. 117913
Effect of bovine follicular fluid on the relative mobility of bovine acrosomal proteins in *electrophoretic* **field.** 118326
Effect of host enzyme extracts on the *electrophoretic* **forms** and specific infectivity of cowpea mosaic virus. 122853
Electrophoretic **fractionation** of seminal vesicle fluid and seminal plasma of ram. 118321
Gel *electrophoretic* studies of proteins in photo-induced and vegetative plants of Impatiens balsamina. 121755
The ribosomes of Drosophila. IV. *Electrophoretic* **identity** among ribosomal subunit proteins from wild type and mutant Drosophila melanogaster and Drosophila simulans. 124088
The relationship between molecular size and *electrophoretic* **mobility** in agarose gels as determined from a single population of growing RNA molecules [Chironomus tentans]. 124086
Histochemical characterization of the hemolymph proteins from the cocoons of Formica species by **polyacrylamide** *electrophoresis.* 123979
Electrophoretic **separation** of dsRNA genome segments from maize wallaby ear virus and its relationship to other phytoreoviruses. 122876
Outline of **serum** *electrophoresis* of some diseases of the Italian swine. 118445
Comparative **zone** *electrophoresis* and mating experiments in the taxonomy on Mucor hiemalis [Fungi]. 120211

ELECTROPHYSICAL

Electrophysical **methods** in studying the heterosis phenomenon in agricultural plants. 120702

ELECTROPHYSIOLOGY

A miniature, readily available electrode pedestal for recording cerebral and other *electrophysiological* **activity** from several species [of experimental animals]. 117843
"Mutant" neuron: *Electrophysiological* **analysis** [Genetic prerequisites of a systemic organization of the brain, experiments on Drosophila melanogaster]. 123880
Electrophysiological **reaction** of olfaction of the codling moth, Laspeyresia pomonella L., as a possible fast method for determining the toxicity and content of insecticides. 123391
Electrophysiological **research** in plant pathology. 122898

ELECTRORETINOGRAPHY

Spectral sensitivity and variation in visual sensitivity of the colonized screwworm fly Cochliomyia hominivorax (Coquerel) as **measured** with *electroretinogram.* 123640

ELECTROSTATIC

The *electrostatic* **properties** of THPOH-NH3 [tetrakis(hydroxymethyl)-phosphonium hydroxide-ammonium] flame-retardant cotton fibric as they pertain to potential mill problems and performance properties. 117201

ELEOCHARIS

A viviparous type of *Eleocharis* **wichurai** [New taxa]. 120131

ELEODES

Ecological and biogeographical remarks on the entomological fauna of the arid high plains of Mexico. Description of a **new** *Eleodes* [alticola] from Popocatepetl (Tenebrionides). 124225

ELEUSINE

Millets: *Eleusine* **coracana,** Pennisetum americanum (Gramineae). 121952

ELEVATORS

Studies on the improved utilization of **cooperative** *elevators* for rice drying and storage in the Tohoku district. 117086

ELMS

Surface characteristics of **American** *elm* [Ulmus americana] clones for identification by scanning electron microscopy. 120462
A **bicentennial** *elm* [Ulmus, Ceratocystis ulmi, Dutch elm disease]. 122553
Four steps may help elmowners fight **Dutch** *elm* disease [Dieback (Ulmus)]. 122621
The aggressive strain of Ceratocystis ulmi in the Netherlands [Ulmus, **Dutch** *elm* diseases]. 122683
Dutch *elm* [Ulmus] disease [caused by Ceratocystis ulmi, transmitted by Scolytus multistriatus]. 122687
Attractant pheromone of the **European** *elm* bark beetle (Scolytus multistriatus): isolation, identification, synthesis, and utilization studies. 123464
Synthesis of (1S: 2R: 4S: 5R)-(-)-alpha-multistriatin, the pheromone in the smaller **European** *elm* bark beetle Scolytus multistriatus. 124164
Resistance of **hybrid** *elm* [Ulmus] progenies to Ceratocystis ulmi [Tree breeding]. 120791
Three new clones of *elm* **[Ulmus].** 119607

ELODEA

Nutrient content of the aquatic **macrophytes** *Elodea* canadensis and Ceratophyllum in the course of the year. 121078

ELONGATION

Correlation between beta-galactosidase and **auxin-induced** *elongation* growth in etiolated pea stems. 121753
An interpretation of dose-response curves for light-induced **cell** *elongation* in fern protonemata [Onoclea sensibilis Dryopteris filix-mas]. 120863
Correlation between protein content and **cell** *elongation* in setae of Lophocolea heterophylla [Hepaticae] sporophytes. 121186
Water potential and **leaf** *elongation* in radiata pine [Pinus radiata] and wheat. 121826
Root growth in Acer saccharum Marsh. Seedlings: effects of light intensity and photoperiod on **root** *elongation* rates. 121801
Is there a correlation between anomalous numbers of cheek teeth and the *elongation* of the **skull** in the dog? 117554
Influence of a substituted oxathiin, a localized growth inhibitor, on the **stem** *elongation,* branching, and flowering of Chrysanthemum morifolium Ramat. 121709
Effects of salt solution treatment and low temperature storage on the *elongation,* **weight,** fiber and lignin contents of post-harvested green asparagus spears. 117285

ELSINOE

Studies on *Elsinoe* and **Sphaceloma** diseases of plants in Maharashtra State (India). VII. [Sphaceloma madhucae, Sphaceloma sideroxylonica, Fungi, new taxa]. 122791

ELUTION

Studies on **specific** *elution* of rabbit muscle phosphofructokinase with allosteric ligands. 117610

ELYMUS

42-Chromosome **imcomplete** *wheat-Elymus* amphidiploids. 120456

EMBEDDING

Lipopolysaccharide *embedded* within the exine of pollen grains [of Lycopodium]. 121335
Differential staining of tannin in sections of *epoxy-embedded* **plant** cells [Pseudotsuga menziesii, Pinus taeda]. 120569

EMBOLISM

Pulmonary **arterial** *thrombo-embolism* and pulmonary arterial mycoticaneurysms in cattle with vena caval thrombosis: a condition resembling the Hughes-Stovin syndrome. 119136
Ischemic myelopathy secondary to presumed **fibrocartilaginous** *embolism* in nine dogs. 119112
Embolic **pulmonary** aneurysms in yearling feedlot cattle. 119130

EMBRYO

Changes in the intensity of protein synthesis in the *embryo* **axes** of northern red oak (Quercus borealis Michx.) and English oak (Quercus robur L.) during storage under controlled conditions. 121791
The incorporation of 3H-thymidine during induction of callus of excised **barley** *embryos* [by 2,4-D as a growth substance]. 121431
Polar transport of auxin through *embryos* **[Broadbean,** Acer pseudoplatanus]. 121305
Vascular patterns in the **chick** *embryo* spinal cord in normal and experimentally modified development. 117521
Molecular sieve chromatography of proteoglycans: a comparative analysis **[Chick** *embryos].* 117551
Observations on the ecto-mesodermal relations in the morphogenesis of limb buds **[Chick** *embryos].* 117568
Synthesis of delta-aminolaevulinate synthase by isolated liver polyribosomes **[Chick** *embryos].* 117586

Transport of sugars in **chick** *embryo* fibroblasts. Evidence for a low-affinity system and a high-affinity system for glucose transport. 117587
Cellular proliferation and Mullerian duct differentiation in the female **chick** *embryo.* 117619
Developmental aspects of the innervation of skeletal muscle fibers in the **chick** *embryo.* 117628
Selective control of fibroblast proliferation and its effect on cardiac muscle differentiation in vitro [**Chick** *embryos].* 117646
Serum protein synthesis in the early **chick** *embryo.* 117647
Stimulation of corneal differentiation by interaction between cell surface and extracellular matrix. II. Further studies on the nature and site of transfilter "induction" [**Chick** *embryos].* 117648
The relation between villus formation and the pattern of extracellular fibers as seen by scanning microscopy [**Chick** *embryos].* 117650
Use of preformed cell aggregates and layers to measure tissue-specific differences in intercellular adhesion [**Chick** *embryos].* 117651
CAMP [cyclic adenosine monophosphate] and cGMP [cyclic guanosine monophosphate] changes associated with the differentiation of cultured **chick** *embryo* muscle cells. 117672
Electron microscopy analysis of differentiation of the wall and capillary bed of the **chick** *embryo* allantochorion. 117691
Electron microscopic localization of lactate dehydrogenase in osteoclasts of **chick** *embryo* tibia. 117704
The early **chick** *embryo* in correlated SEM and TEM [scanning electron microscopy, transmission electron microscopy] studies. 117714
Levels of some metabolites in liver of **chick** *embryos* and recently hatched chicks. 117749
Submicrosomal localization of prolyl hydroxylase from **chick** *embryo* limb bone. 117797
Effect of 5-bromodeoxyuridine on the appearance of cytoplasmic poly-A containing RNA [**Chick** *embryo* cells]. 117802
The repair of the surface structure of animal cells [**Chick** *embryos].* 117804
Ultrastructural localization of acetylcholinesterase in cultured cells. I. Embryo muscle [**Chick** *embryos].* 117812
The effect of stimulating rates of ionizing radiation on the stability of liver cell mitochondria in **chick** *embryos* and young chickens. 117950
Cultivation of avian poxes in developing **chick** *embryo.* 118728
Concentration of pigeon pox virus in different tissues and fluids of **chick** *embryos.* 118749
Isolation of a transcriptive complex from Newcastle disease virions [**Chick** *embryos].* 118805
Comparative studies on the methods for diagnosing Aujeszky's disease [Swine, **chick** *embryos].* 118977
Study on the replication of the Aujeszky's disease virus using the immunofluorescence method [**Chick** *embryo* cells]. 118998
The defective maturation of viral progeny with a temperature-sensitive mutant of avian sarcoma virus [**Chick** *embryos].* 119041
Ultrastructure of the neural canal closure in the **chicken** *embryo.* 117520
An attempt to cultivate the agent connected with the antigen of hepatitis B in **chicken** *embryos.* 118675
Yaba 1-Lednice 110 virus proliferation in **chicken** *embryos.* 118679
Configurational variants of oncornavirus RNAs [**Chicken** *embryo* cells]. 118801
Nonpermissive infection of L cells by an avian reovirus: restricted transcription of the viral genome [**Chicken** *embryo* fibroblasts]. 118806
Physical and chemical characterization of an avian reovirus [**Chicken** *embryo* fibroblast cells]. 118807
Studies on nucleic acid and protein biosynthesis during the *embryo* **development** of Argostemma githago. 120957
Maternal effects and inbreeding insensitivity in *embryos* of **Drosophila** melanogaster. 124103
Phosphate compounds in red cells of the chicken and **duck** *embryo* and hatchling. 117630
Duck viral enteritis: a comparison of replication by CCL141 and primary cultures of **duck** *embryo* fibroblasts. 118625
In vitro culture of the **immature** *embryo* of Capsella bursa-pastoris Moench. 120562
Precocious development of UDP [uridine diphosphate]-glucuronyltransferase activity in *chick-embryo* **liver** after administration of adrenocorticotropic hormone and of certain 11beta-hydroxy corticosteroids. 117584
Increase in nuclear poly(A)-containing RNA at synctial blastoderm in Drosophila **melanogaster** *embryos.* 123877
Effects of cytochalasin B (CB) on the morula-to-blastocyst transformation and trophoblast outgrowth in the early **mouse** *embryo.* 117675
S-adenosylmethionine:homocysteine methyltransferase as a regulatory enzyme in *embryos* of **Musca** domestica. 123913
Ultrastructural localization of acetylcholinesterase in cultured cells. I. *Embryo* **muscle** [Chick embryos]. 117812
Non-surgical *embryo* transplant in cattle; an outline. 118447
Pollen *embryos;* celloidin-spray method for paraffin sectioning. 120570
Uterine proteins and development in vitro of rabbit **preimplantation** *embryos.* 118363
Storage of mammalian oocytes and *embryos:* a **review.** 118245
Estimation of isopentenyl adenosine during the germination of **rice** *embryos.* 121503
Differentiation of adventitious buds on Douglas-fir [Pseudotsuga menziesii] *embryos* in **vitro.** 121804

EMBRYOGENY

Studies on *embryogenesis* of the **Indian** taxa of Rutaceae—a review. 119930
Effect of some phenolic compounds of the oil poppy [Papaver] placenta on the *embryogeny* of **isolated** ovules. 121028
Heterochromatin underreplication in Tropaeolum [**majus**] *embryogenesis.* 120788

EMBRYOLOGY

Embryology of the **genus** Amorpha L. In relation to its position in the family of Leguminosae. 120420

EMBRYONY

RNA metabolism in **chick** *embryonic* skin. 117602
The possible differentiation of osteogenic elements in vitro from *[embryonic]* **chick** limb mesodermal cells. I. Morphological evidence. 117649
Cell surface mannosyl transferase activity in the liver of *embryonic* **chick:** a mannose containing glycolipid as intermediate in glycoprotein synthesis. 117850
Properties of the mRNA for *[embryonic* **chick**] feather keratin: mRNA transcribed from a family of repeated genes. 118318
Nucleic acids synthesis of nuclear polyhedrosis virus in **cultured** *embryonic* cells of silkworm [Bombyx mori]. 124482
Galactosyltransferase activities during *embryonic* **development** of chick neural tissue. 117593
Specificity of the *embryonic* **development** of precocious sheep. 117936
The influence of gamete aging on fertilization and *embryonic* **development** [Cattle]. 118293
Embryonic **development** in rabbits after insemination with spermatozoa stored at 37, 5 or -196 degrees Centigrade for various periods. 118352
The effect of environmental illumination on *embryonic* **development** in Periplaneta americana. 123806
The tryptophan metabolism and the increase of ommochromes synthesis during the *embryonic* **development** of Carausius morosus. 124055
Post-embryonal **development** and moults in Batillipes pennaki Marcus (Heterotardigrada). 124147
Comparative investigations of the ability of Tettogoniidae (Orthoptera: Saltatoria) to accumulate temperatures during *embryonic* **development.** 124178
Effects of L-azetidine and collagenase on the morphogenesis of *embryonic* **duck** preen gland in organ culture. 117620
Development dynamics of myocardium ultrastructure in *embryonal* and **early** postnatal **stage** in chickens. 117613
Early *post-embryonic* changes in protein metabolism and DNA synthesis in the thymus of chicks, normal and infected with Salmonella pullorum; autoradiographic study. 118928
Incorporation and disintegration of *extra-embryonic* **epithelia** in the egg of the migratory locust (Locusta migratoria L.). 123849
Placental fine structure after **experimental** *embryonic* death in cows. 117835
Embryonic **growth** and hatchability of eggs of the two-striped grasshopper, Melanoplus bivittatus (Orthoptera: Acrididae), in relation to date of oviposition and weather. 123857

EMILIA

First results of a poll taken in **eastern** *Emilia-Romagna,* in regard to the establishment of a plan for the control of bovine mastitis; organization proposals. 118941

EMISSION

Automatic control of isokinetic sampling for **exhaust** *emission* determinations [Cotton gins, air pollution]. 125569
Polarized light spectroscopy on oriented spinach chloroplasts **fluorescence** *emission* at low temperature. 121605
Studies into thermal balance of turkey hens. 2. *Emission* of **heat.** 117860
Effects of pulp **mill** *emissions* on lichens in the Missoula Valley, Montana. 125398
A steady-state conceptual nitrogen model for estimating **nitrogen** *emissions* from cropped lands [Leaching losses, fertilizer, corn]. 124862
Effects of the *emission* **protection** law on brewery operation and planning. 115815
Effects of the *emission* **protection** law on brewery operation and planning. 115816
Lead contamination of urban soils and vegetation by *emissions* from **secondary** lead industries. 125493
The "yield increase" of malting barleys and other replies ng from around an *emission* **source.** 122043

EMPIDIDAE

A study of the genus Hilara Meig. (Diptera, *Empididae)* in **Czechoslovakia.** 124239
A revision of the Palaearctic Tachydromiine genus Dysaletria Loew (Diptera: *Empididae)* [New Taxa]. 124469

EMPLOYMENT

Monitoring fertility of A.I. [Artificial insemination] programs: can non-return rate do the *job?* [**Cattle** breeding]. 118285
Location quotients, **excess** *employment* and short run economic base multipliers for Idaho's forest products industry. 119710
Key indicators of successful **logging** *jobs* in the Northeast. 119836
Estimation of *employment* **multipliers** for planning in ozarks nonmetropolitan counties [including agricultural labor]. 115451
Gas-chromatography in sterol anlaysis. GLC-MS [gas liquid chromatography-mass spectrometry] of methoxy derivatives of sterols [Olive and sunflower **oils** were *employed].* 117318
Trout [improvement project] and Title X [the *Job* **Opportunities** Program]. 125560
Checking up on Persteril disinfection **procedures** *employed* in veterinary practice. 118676
Mexican **pulpwood** *job* uses skidders. 119845
Job **satisfaction:** a possible integration of two theories. 116617
Low **wage** industries: endangerment of *jobs* of **sideline** farmers [Industry and agriculture, Austria]. 115207
Possibilities of *employing* **statistic** tests of quality in the production of ornamental plants. 115465
Polycarbonate: for the **tough** *jobs* [Food packaging]. 116745
Birth of the age of wood; *employment* and **uses** of wood in rural buildings. 124649
An *employee's* **view** of current horticultural practices in Europe. 122213
Birth of the age of wood; *employment* and use of **wood** in rural buildings. 124647
Birth of the age of wood; *employment* and use of **wood** in rural buildings. 124648

EMULSIFIERS

Emulsifiers and **emulsions** in meat processing. 116944
Emulsifiers for **improving** flour and baking materials, a critical opinion. 117099
Emulsifiers. A **product** for improving flour used for baking; a critical view. 117140
Polarographic determination of *emulsifiers* on **silicon** coated articles for consumption [Food]. 116078
Polarographic determination of *emulsifiers* on **silicon** coated articles for consumption [Food]. 116710

EMULSION

Manufacture of scalded sausage in the meat trade. 5. Use of foreign proteins and preparation of **fat** *emulsions.* 116948
Grinding, very fine grinding, homogenization and *emulsification* of **[food]** products. 116718
Emulsifiers and *emulsions* in **meat** processing. 116944

ENCAPSULATION

Influence of genetic changes and other variables on the *encapsulation* of **parasites** by Hyphantria cunea [Tree pests, natural control]. 123453

ENCARSIA

Biological control [with the **parasite** *Encarsia* formosa] of glasshouse whitefly (Trialeurodes vaporariorum) on cucumbers. 123396

ENCEPHALITIS

California *encephalitis* virus proliferation in Yukon [Aedes communis] mosquitoes incubated at low temperatures. 123615
The 1973 epidemic of **Japanese** *encephalitis* [virus] in West Bengal: a serological survey of domestic animals [Swine, cattle]. 118748
Ecology of Ixodes triangulicaps Birr. In Moldavia [Vector of **tick** *encephalitis].* 123655
The ecology of the virus of **tick-borne** *encephalitis* in the natural foci in the Olomouc district [Ixodes ricinus]. 123618

ENCEPHALOMYELITIS

SEM [scanning electron microscopy] of vesicular stomatitis virus infection in cell cultures grown on aluminum foil [Venezuelan **equine** *encephalomyelitis* virus]. 118726

ENCYRTID

Observations on Litomastix aretas, an *encyrtid* **parasite** of the strawberry tortrix moth. 123366

ENCYRTIDAE

Biological control in Morocco of the wheat bug Aelia germari. Comparative value of two egg eating parasites: Asolcus grandis and Ooencyrtus fecundus (Hymenoptera, **Scelionidae** and *Encyrtidae).* 123283

ENCYSTMENT

Cell wall formation in zoospores of Allomyces arbuscula [Fungus]. II. Development of surface structure of *encysted* **haploid** zoospores, rhizoids, and hyphae. 120411
Observation of **non** *encysted* spermatozoon in a spider belonging to the genus Phoroncidia (Araneae, Theridiidae). 123852

ENDEMIC

Phylogenetic studies on Ranunculus cortusifolius Willd. (Ranunculaceae), a **Macaronesian** *endemic* species. 119973
A **notable** *endemism* of the mountains of Mexico: the genus Xenodromius Bates (Coleoptera, lebiinae) [New taxa]. 124244
A directory to disjunct and *endemic* **plants** of central and southern Idaho. 120078

ENDOCRINE

Aldehyde-fuchsin staining of **antral** *endocrine* cells [Cats]. 117707

Effects of diethylstilbestrol, zeranol and sex on live, blood metabolite, carcass and *endocrine* **characteristics** of lambs. 117767
A comparative study on the effect of various estrogens on the immature female mouse genitalia and *endocrine* **glands.** 118335
Autogeny and *endocrine* **involvement** in the reproduction of tropical flesh flies (Diptera: Sarcophagidae). 123885
Effects in the rat of environmental temperature, diet dilution and treadmill running on voluntary food intake, body compositon and *endocrine* **organ** mass: a multiple regression analysis. 116427
Clinical and *endocrinological* **studies** on the puerperium in cows. 118416

ENDOGENY

On the bud dormancy of grape varieties. 1. Effect of *endogenous* **free** abscisic acid and gibberellic acid on the bud dormancy and the induction of their regrowth during the growing season. 121721
Mechanism of the thinning action of NAA [naphthaleneacetic acid] in Japanese persimmon (kaki) fruits. II. Effects of NAA applied at various stages of fruit growth on the induction of fruit drop and the activity of *endogenous* **growth** substances and some enzymes in fruit tissues. 122404
The rough fruit condition [peel disorder] of the Shamouti orange—connections with the *endogenous* **hormonal** balance. 122977
On the *endogenous* **peroxidase** in the spleen of swine. 117709
Endogenous **plant** growth substances in developing fruit of Prunus cerasus L. [Sour cherry]. V. Changes in inhibitor (ABA) [abscisic acid] levels in the seed and pericarp. 121705
Auxin, an *endogenous* **regulator** of growth in algae. 121199
The *endogenous* **secretin** in chicken: minor physiological role in exocrine pancreatic secretion. 117840

ENDOMETRITIS

Endometritis in the **cow** as a cause of infertility. 119213
Treatment for placenta retention and *endometritis* in **cows.** 119035

ENDOMETRIUM

Ultrastructure of glandular epithelial cells in the *endometrium* of the **ewe** during the estrous cycle and early pregnancy. 117892
Development of a cell culture line of bovine **fetal** *endometrial* cells. 117545
Changes of the histological structure of the *endometrium* of **sows** during the estrus cycle. 118400

ENDONUCLEASE

Characterization of yeast [Saccharomyces cerevisiae] ribosomal DNA fragments generated by EcoR1 **restriction** *endonuclease.* 121282

ENDOPARASITES

Diptera *endoparasitic* of Orthoptera in the Corsican fauna. 124238
Physiology of nutrition of **sedentary** *endoparasitic* plant nematodes. 123005

ENDOPEPTIDASES

The *endopeptidase* **nature** of a trypsin-like enzyme from rye seeds. 121451

ENDOSCOPY

Flexible **fiberoptic** *endoscopy* [Diagnostic aids]. 118442

ENDOSPERM

Partial purification and some regulatory properties of pyruvate kinase from germinating castorbean [Ricinus **communis**] *endosperm.* 121320
Gibberellin-like substances in the *endosperm-nucellus* **tissues** of the developing almond, Prunus amygdalus Batsch cultivar Jordanolo. 121706

ENDOTHIA

Some considerations on the present status of chestnut blight disease [caused by *Endothia* **parasitica**] in Italy [Castanea]. 122559
Chestnut research and biological control of the chestnut blight fungus *[Endothia* **parasitica**]. 122622

ENDOTOXINS

Endotoxin in **blood** and milk and enzymes in the milk of cows during experimental Escherichia coli endotoxin mastitis. 118960
Endotoxins—a brief **overview** [Bacterial diseases]. 118858

ENDRIN

Economic assessment of proposed toxic pollutant standards for manufacturers and formulators of aldrin/dieldrin, DDT, *endrin* and **toxaphene.** 123743

ENERGY

Ethanol-water delignification of wood—rate constants and **activation** *energy* [Pulping]. 119815
Energy and **agriculture.** 115196
Energy in **agriculture.** 124603
Agriculture and *energy.* 124620
Energy **allocation** in the food system: a microscale view. 116840
Metering of intravenous versus oral nutrients and regulation of *energy* **balance** [Rats]. 116291
Effects of windbreaks on the microclimate, *energy* **balance** and water use efficiency of crops growing on the Great Plains. 119381
An *energy* **budget** for the granary weevil, Sitophilus granarius (L.). 123521
The connection between active monosaccharide transport and **cell** *energy* metabolism of higher plants. 121385
Water-energy **conflicts** in Montana's Yellowstone River Basin. 125366
Potential for *energy* **conservation** in agricultural production. 124610
The digestibility and the **digestible** *energy* content of various fats for fattening pigs. 118155
Application of *energy* **dispersive** X-ray anaylsis to textile [cotton] fibers. 117162
Energy **efficiency** of protein production in the common field bean (Phaseolus vulgaris). 115322
Electrical *energy* from industrial lignin: a preliminary evaluation. 119841
Agronomic, economic, *energy* and **environment** implications of short-season, narrow-row cotton production. 122044
Economic costs of *energy-related* **environmental** pollution. 125380
Energy **exchanges** of veal calves in relation to body weight, food intake and air temperature. 117560
Protein metabolism in broiler tissues at different levels of *energy* in **feeding** rations. 118173
Role of Erythronium americanum Ker. In *energy* **flow** and nutrient dynamics of a northern hardwood forest ecosystem. 120398
Energy, **food** and refrigeration. 116754
Effect of diuron on the relation between the exchange of *energy* and **gas** in the photosynthesis of Chlorella [Algae] in blue light. 121027
Energy for **grass.** 121875
[Cotton] gin trash holds **huge** *energy* potential [Waste disposal]. 117088
Stochastic modeling of **light** *energy* conversion in photosynthesis. 121315
Dependence of radiation response of diploid yeast [Saccharomyces cerevisiae] upon growth phase and LET [**Lineal** *energy* transfer]. 121148
Effects of high-LET [**lineal** *energy* transfer] particles (40A [Angstrom]) on the brain of Drosophila melanogaster. 124009
Utilization of *energy* for **maintenance** and for fat and lean gains by mice selected for rapid postweaning growth rate. 118104
Energy **management** checklist for the home. 116575
Near ultraviolet light inactivation of an *energy-independent* **membrane** transport system in Saccharomyces cerevisiae [Yeasts]. 121313
The *energy* **metabolism** of young Jersey and Friesian calves fed fresh milk. 117561
Time dependent effects on contractile properties, fibre population, myosin light chains and enzymes of *energy* **metabolism** in intermittently and continuously stimulated fast twitch muscles of the rabbit. 117877
Energy **metabolism** in the wolf spider Pardosa palustris (L.) (Araneae, Lycosidae) from Hardangervidda, southern Norway. 124113
Relationships between **metabolizable** *energy* values for poultry and some physical and chemical data describing Canadian wheats, oats and barleys. 118039
The relation of *energy* and **organic** carbon in aquatic invertebrates [Includes insects]. 124072
The impact of *energy* **prices** on optimum machinery size and the structure of agriculture: a Georgia example. 115452
Energy **production** per acre and efficiency of energy production by grain sorghum and cotton as related to nitrogen fertilizer. 125059
Experiences concerning the *energy,* **protein** and mineral requirements of laying geese. 118017
Energy and **protein** composition of broiler rations. 1. [Effects on chicken growth and carcass quality]. 118165
Energy and **protein** composition of broiler rations. 2 [Effects of feed intake]. 118166
An assembly for measuring components of the radiation balance [Exchange of **radiant** *energy* in grassland]. 121456
Effects of **ration** *energy* and slaughter weight on composition of empty body and carcass gain of beef cattle. 118090
Energy **requirement** investigation for production of durum wheat in Sicily [Fuel consumption by farm equipment]. 124726
Energy **requirements** for different farming operations [Costs, Colombia]. 115544
Energy **requirements:** freezing vs. Canning [Corn]. 117252
Energy **requirements:** freezing vs. Canning [Peas]. 117253
Protein and *energy* **requirements** for the sow. 118167
Evaluating oceanic farming of seaweeds as sources of organics and *energy.* **Semi-annual** progress report December 1, 1974June 30, 1975 [Macrocystis pyrifera, Algae]. 121312
Relationships of photosynthetically active radiation and shortwave irradiance [Photosynthesis and **solar** *energy].* 120861
Production and **solar** *energy* utilization by two different strains of ryegrass [Lolium, calculation]. 121422
Light in [plant] propagation [**Solar** *energy,* artificial lighting]. 122232
Properties and uses of bark as an *energy* **source.** 119806
A plain man's guide to *energy* [**Swine,** nutrition]. 118132
Making the most of *energy* [**Swine,** nutrition]. 118133
A **tentative** *energy* budget for a summer population of Arion ater L. (Gastropoda: Pulmonata) [Fagus sylvatica, forest ecology]. 124856
Tidal *energy* subsidy and standing crop production of Spartina alterniflora. 120350
Energy **usage** and effluents from chemical and mechanical pulping systems. 119758
Energy **utilization** by feedlot cattle. 118135
Energy **utilizaton** by broiler breeders through addition of sand to the diet. 118129

ENGINEERING

Agricultural *engineering* in Hungary seen from the point of view of a West European observer. 124621
Trends in **agricultural** *engineering,* the construction of oversize equipment seems to be over. 124694
The ASEA-MoDo Kappa Batch system: *engineering,* **application** considerations and practical system results [Kraft pulping]. 119825
Experience and results in using methods of **biological** *engineering* for the reproduction of swine. 118372
The birth of the International Show of Industrial **Food** *Engineering.* 116817
End assemblies: structure and *engineering* **principle** [in fencing]. 124590
Posts: structural and *engineering* **principles** [in fencing]. 124594

ENGINEERS

Training of **forest** *engineers* [in Slovenia]. 119334
Experiences o an [agricultural] *engineer,* who **happens** to be a woman. 124619
Exportation and technique: theme of thought for *engineers* [**Technical** aid to foreign countries]. 115822

ENGINES

Analytical model for rigid body vibration of a hand-held chain saw. I. The **gasoline** *engine.* 119828

ENOL

Metabolism of *2,4-3H-14alpha-methyl-5alpha-ergost-8-enol* and 2,4-3H [**hydrogen** isotope]-5alpha-ergosta-8,14-dienol in ochromonas malhamensis [Algae]. 121236

ENSILAGE *see* SILAGE

ENTERIC

Enteric **bacteria** in carp (Cyprinus carpio) and white suckers (Catostomus commersoni). 116194
Indirect fluorescent antibody test for the diagnosis of **coronaviral** *enteritis* of turkeys (Bluecomb). 118603
Current research on *enteric* **disease** [Swine]. 118879
Granulomatous *enteritis* in nine horses. 119132
Incidence of **haemorrhagic** *enteritis* due to Clostridium perfringens type 'C' and its control [in sheep]. 118733
Spleen lesions of **hemorrhagic** *enteritis* [virus] of turkeys. 118641
Transmission of *enteritis* in the **Syrian** hamster. 118819
Fluorescent antibody test in diagnosis of **ulcerative** *enteritis* [Chickens, Clostridium colinum]. 118631
Duck **viral** *enteritis:* a comparison of replication by CCL141 and primary cultures of duck embryo fibroblasts. 118625

ENTEROBACTERIACEAE

A rapid test for the [acetyl methyl carbinoe] acetoin in microbiological diagnosis of *Enterobacteria* [**Food** contamination]. 116257
An evaluation of the PathoTec system for **identification** of *Enterobacteriaceae.* 118860
Evaluation of API, PathoTec and the improved Enterotube System for **identifying** *Enterobacteriaceae* [in food]. 116021

ENTEROTOXEMIA

Anaerobic **gastric** *enterotoxemia* of lambs. 119018
Experiental restriction of feed and addition of calcium chloride for swine **as a prophylaxis** against *coli-enterotoxaemia.* 118830
Toxic infections of Ovidae. II. *[Enterotoxemia,* **sheep].** 118868

ENTEROTOXINS

Etiologic diagnosis of diarrheal diseases of calves: frequency and methods for **detecting** *enterotoxin* and K99 antigen production by Escherichia coli. 118601
Observations on *enterotoxic* **Escherichia** coli in foods of animal origin [Poultry meat contamination]. 116041
Investigations on a metabolite from Lactobacillus bulgaricus which neutralizes the effect of *enterotoxin* from **Escherichia** coli pathogenic for pigs. 118784
Staphylococcal growth and *enterotoxin* **production-factors** for control [in foods]. 116206
Use of the microslide techinique to measure **staphylococcal** *enterotoxin* B [in food and in bacterial cultures]. 116208

ENTOMOBRYIDAE

Antenal amputations in Sinella curviseta **(Collembola:** *Entomobryidae).* 123796

ENTOMOLOGISTS

Klaus Gunther, Oct. 7, **1907-Aug.** 1, 1975 *[Entomologists].* 124184
Obiturary: Maurice Louis **Bristol** (1890-1975) *[Entomologists].* 124064
Knud Borge Schjotz-Christensen: in memorian, 7 **February** 1914-2 May 1975 *[Entomologists].* 124091
Hans Reisser, 80 years **old** *[Entomologists].* 123898
Bernard **Possompes** (1912-1975) *[Entomologists].* 123844
Life and activity of Johann Karl Wilhelm Illigers (17751813) as an *entomologist,* **vertebrate** scientist and founder of the zoological museum of the Humboldt University in Berlin. 2. 124084

ENTOMOLOGY

Nature conservation or destruction *[Entomological* **aspects].** 125419
Entomology **[Cotton** pests in Uganda]. 123308
The mission of *entomological* **exploration** of the Museum of natural History in French Guiana: Sphingidae (Lepidoptera). 124270
Entomological **explorations** in Ghana by Dr. S. Endrody-Younga. 16. Lamiinae (Coleoptera: Cerambycidae) IV. 124438
Ecological and biogeographical remarks on the *entomological* **fauna** of the arid high plains of Mexico. Description of a new Eleodes [alticola] from Popocatepetl (Tenebrionides). 124225
Contemporary state and prospects of applied **forest** *entomology* in Slovakia. 123832
Revision of Rhyacionia buoliana and Rhyacionia pinicolana (Lepidoptera, Tortricidae) contained in the collections of the *Entomology* **Laboratory** of the Paris Museum and preliminary data on the distribution of these two species in France. 124260
Applying behavioral studies in *entomological* **problems** [to control a spruce-budworm Choristoneura fumiferana]. 123463
Problems of stored **products** *entomology* in Britain arising out of the import of tropical products [Insect pest control]. 123507
Entomology and the **State** Agricultural Experiment Stations [History]. 123959
Talk to first international working conference on **stored-product** *entomology.* 123560
Unusual *entomological* separation technique in use at the Food and Drug Administration [Detecting and isolating insect and rodent filth from food]. 116165

ENTOMOPATHOGENIC

Effect of systemic fungicides on different *entomopathogenic* **Fungi** imperfecti in vitro. 122672
An appartus for the mass collection of spores of *entomopathogenic* **fungi** [Nomuraea rileyi]. 123244

ENTOMOPHAGOUS

Artificial infection of scale-insect with *entomophagous* **fungi** Verticillium lecanii and Aspergillus candidus [Biological control of the citrus pest Coccus Hesperidum]. 123395

ENTOMOPHTHORACEAE

An Entomophthora sp. (Entomophthorales: *Entomophthoraceae)* **[Fungi]** pathogenic to Thrips spp. (Thysanoptera: Thripidae) and its potential as a biological control agent in glasshouses. 123394
Dicrocoelium dendriticum analogous changes in behavior of ants of the genus Formica [pratensis] after infections with a fungus of the **genus** *Entomophthora.* 124175
Histological examinations of parasitized, *Entomophthora-infected* **pea** aphids, Acyrthosiphon pisum [Natural control]. 123420
An *Entomophthora* **sp.** (Entomophthorales: Entomophthoraceae) [Fungi] pathogenic to Thrips spp. (Thysanoptera: Thripidae) and its potential as a biological control agent in glasshouses. 123394

ENTOMOPHTHORALES

An Entomophthora sp. *(Entomophthorales:* **Entomophthoraceae)** [Fungi] pathogenic to Thrips spp. (Thysanoptera: Thripidae) and its potential as a biological control agent in glasshouses. 123394

ENTROPION

Enophthalmia and *entropion* **associated** with an ectopic cilia of the upper lid in a dog. 119214

ENVIRONMENT

Flowering plants as a *therapeutic/environmental* **agent** in a psychiatric hospital [Horticultural therapy, chrysanthemum]. 122336
Use of smoke and heat during scalded sausage manufacture with regard to technologies sparing the *environment* **[Air** pollution]. 116965
Dynamics of *environment* and **algal** vegetation in salt marshes in the southwestern Netherlands. 120305
Larval morph variation in Chlosyne lacinia (Nymphalidae) [Influence of genetic modifiers **and/or** *environmental* factors]. 124061
Environmental **aspects** of international income distribution. 125466
Assessing *environmental* impacts of multiple use land management. 115280
Land use and *environmental* **assessment** in the central Atlantic region [Remote sensing]. 115252
Environmental **assessment** of resource development in the Alaskan coastal zone based on Landsat imagery [Remote sensing]. 125462
Occurrence of keratinophilic fungi on lifeless organic substance in the *environment* of **calfs** infected by Trichophyton verrucosum. 118847
The *environmental* **challenge** to forestry. 119360
Possibility of extensive blood relationship in livestock populations, and comparison of fertility and resistance to *environmental* **changes** [Genetics]. 118206
The description and *environmental* **characterization** for, a new species of Ochrotrichia from Colorado (Trichoptera: Hydroptilidae) [Ochrotrichia (O.) susanae]. 124219
Further results on genetic and *environmental* **components** of heart weight variations in swine. 118218
Land reclamation, water quality control, and *environmental* **concern** at Centralia (Washington) coal mine. 125124
Environmental **condition** dependencies of fermentation products of kaseolytic germs [Milk]. 116862
In vitro binding of sterols by extracts from Mucor rouxii [Fungi] cells grown under different *environmental* **conditions.** 120985
Environmental **conditions** for acetoin production by yeast [Torulopsis colliculosa] & bacterial [Enterbacter] strains. 121135
5-alkyl-resorcinol content influenced through [rye] grain size, genetical and *environmental* **conditions** [Varieties, testing, West Germany]. 121471
Yielding ability of major [field] crop species in various *environmental* **conditions** of Poland. 122057
The Breton honeybee: main characteristics of its annual biological cycle and the effects of *environmental* **conditions.** 124557
Political resolution of *environmental* **conflicts** [Water resources management problems]. 116010
Agricultural reserve zones and *environmental* **conservation** [Colombia]. 125547
Environmental **constraints** and development policy [Climate, drought, Africa]. 115152
Extensive overburden potentials for soil and water quality [Coal mining, *environmental* **contamination** prevention]. 125416
National and international policy alternatives for *environmental* **control** and their economic implications. 115923
Environmental **control** of crassulacean acid metabolism in Welwitschia mirabilis Hook. Fil. in its range of natural distribution in the Namib desert. 120387
Environmental **control** of shoot initiation by Rieger begonia [Begonia hiemalis] leaf cuttings. 121671
Environmental **control,** economic structure, and international trade. 125467
Commercial policy implications of *environmental* **controls** [Pollution of products]. 115921
Industrial displacement through *environmental* **controls:** the international competitive aspects. 125469
Some effects of *environmental* **controls** on international trade: the Heckscher-Ohlin model. 125472
Environmental **demands,** morphological variation and eco-geographical strain formation of spruce [Picea]. 119590
The skin surface: an *environment* of **Dermatophilus** congolensis [Fungal pathogen of mammals]. 118716
Effect of *environmental* **desiccation** on seedling survival in rice. 121439
A review of the toxicological, residual, and *environmental* **effects** of nitrapyrin and its metabolite 6-chloropicolinic acid. 125413
Economic costs of **energy-related** *environmental* pollution. 125380
Cadmium in the *environment.* **Environmental** review. 4. 125396
Study of the role of the skin and hair coat in the adaptation of domestic animals to **extreme** *environmental* temperatures (Review). 117733
Soilless potting media for *controlled-environment* **facilities** [Growth of tomato and maize]. 121291
Some observations on understanding ecotope [and other related terms used in studies on spatial patterns of *environmental* **factors].** 120357
Flower bud atrophy in Baccara roses [Rosa]. VI. The effect of *environmental* **factors** on gibberellin activity and ethylene production in flowering and non-flowering shoots. 121749
The annual periodicity of the polyvoltine ground beetle Pogonus chalceus Marsh. (Coleoptera, Carabidae) and its control by *environmental* **factors.** 124180
The ecological function of natural resources parks and protective zones in the protection of the *environment* **[Forest** conservation, pollution control]. 119299
Does the deer destroy its *environment?* **[Forest** damage]. 119307
Environmental and **genetic** effects on pseudocompatibility in Brassica oleracea in relation to the production of hybrid seed. 120772
Interaction **genotype**—*environment* in chickens from the 288th cross. 118304
Genotypic *environment* and its role in increasing the efficiency of selection in sunflower. 120829
Barley and its *environment.* VI. **Growth** and development in relation to yield. 121157
Heavy metal concentrations in kidneys of urban gray squirrels *[Environmental* **health].** 125520
The Brittany honeybee: the flora and the *environment* **[Honey** plants]. 122544
Environmental and **hormonal** control of turion germination in Myriophyllum verticillatum. 120864
Environmental and **hormonal** control of turion formation in Myriophyllum verticillatum. 121319
Thermophilic actinomycetes from the *environment* [as **human** and animal pathogens]. 118845
The effect of *environmental* **illumination** on embryonic development in Periplaneta americana. 123806
A multiple resource wildlands information system for *environmental* **impact** assessment modeling [Forest resources]. 119462
Revisions in Leptonchoidea (Nematoda: Dorylaimida). Tylencholaimellus, Doryllium, Gerthus n. gen. and Agmodorus in Tylencholaimellidae; and Aulolaimoides and Adenolaimus in Aulolaimoididae. [Soil nematodes, indicator species in *environmental* **impact** studies]. 124891
Environmental **impact** of stream channelization [Floods, hurricanes, water quality]. 125575
The *environmental* **impacts** of agricultural land drainage. 125305
Agronomic, economic, energy and *environment* **implications** of short-season, narrow-row cotton production. 122044
Environmentally **induced** changes in mitochondria and endoplasmic reticulum of Saccharomyces carlbergensis yeast. 121174
Evaluation of a confirmatory test and *environmental* **influence** of aleurone colour expression of barley. 121544
Genotype-environment **interaction** for milk yield in dairy cattle. 117455
The use of *environmental* **isotope** techniques together with conventional methods in regional groundwater studies. 125324
Spontaneous mutability in Drosophila melanogaster, in natural and **laboratory** *environments.* 124089
Photosynthetic electron transport in plants of Sitka spruce [Picea stitchensis] subjected to differing **light** *environments* during growth. 121824
Importance of developmental conditions in the formation of the type of adaptive response to **low** *environmental* temperature in cattle. 117719
Relation between the specificity of the adaptive response of cattle to **low** *environmental* temperature and the typological features of higher nervous activity. 117724
The nature of differences in the adaptive response of sheep to **low** *environmental* temperatures in mountainous Altai. 117735
Specificity of adaptive resonse of cattle to **lower** *environmental* temperature. 117730
Hereditary conditionality of the type of response to **lower** *environmental* temperature in cattle. 118315
On international issues in *environmental* **management.** 125471
"Living Textbook" opens in Pennsylvania **[McKeever** *Environmental* Learning Center]. 125557
The need for bacteriological checks on the *environment* in **meat** processing factories. 116142
Microenvironmental **modification** by small water droplet evaporation [Possible application in agriculture]. 124686
Environmental **monitoring** in a laboratory animal facility. 117465
Improvement of the *environment* in **Moscow** by means of planting ornamental plants. 122196
Urban climates and the **natural** *environment* [Pollution]. 125485
Oxidative phosphorylaion in brown adipose tissue mitochondria from rats kept under **normal** *environmental* conditions. 117780
Some *environmental* and **nutritional** factors affecting growth and sporulation of Aspergillus tamarii associated with mouldy cocoa beans in Nigeria. 122699
Fallow ground as *environment;* **observations** on the conditions for its effectiveness. 120379
International externalities: the **ocean** *environment* [Transnational pollution]. 125470
Genetics and *environment* in the **pathogenesis** of nutritional [vitamin D-responsive] rickets. 116516
Pesticides in the *environment.* 123731
Rice growing in the M'Bos plain (west Cameroon): an example of the relations between the **physical** *environment,* agricultural experiments and development. 121870
Landscape aesthetics and *environmental* **planning.** A critique of underlying premises. 115296
Environmental **policy** and multinational corporate strategy. 115922
Mutational load in a fern [Osmunda regalis] population growing in a **polluted** *environment.* 120577
Economic impacts of surface mine reclamation [Mathematical model, *environmental* **pollution** control, regulation]. 125522
Environmental **pollution** by tritium [Food contamination]. 125531
Cadmium and the *environment* **[Pollution].** 125548
Application of EREP, LANDSAT and aircraft image data to *environmental* **problems** related to coal mining [Remote sensing]. 125457
Application of Skylab imagery to some geological and *environmental* **problems** in Italy [Remote sensing]. 125459
Applications of remote-sensing technology to *environmental* **problems** of Delaware and Delaware bay. 125460
Remote sensing applications in the inventory and analysis of *environmental* **problems.** 125463
National markets and the impacts of state land use and *environmental* **programs** [Legislation]. 115755

Problems and prospects of mountains, forests and *environment* in the **programs** of the European Economic Community [Conservation of natural resources and forests]. 125377
Food packaging and *environmental* **protection.** 116826
The *Environmental* **Protection** Agency's nine 'principles' of carcinogenicity [Includes veterinary pathology]. 119092
Projecting of roads and *environmental* **protection.** 119327
Market pulp from OCC [old corrugated containers]? Economics are examined in study made for EPA *[Environmental* **Protection** Agency]. 119802
Farmer evaluaton of penoxalin (Prowl) herbicide during 1975 under EPA *[Environmental* **Protection** Agency] experimental permit. 123128
Penoxalin weed control performance in Midwest soybeans under an EPA *[Environmental* **Protection** Agency] permit program. 123142
Wild oat [Avena fatua] control in spring-seeded wheat and durum wheat with difenzoquat alone and in combination with broadleaf herbicides during 1975 under an EPA *[Environmental* **Protection** Agency] experimental permit. 123169
Wild oat [Avena fatua] control in barley with difenzoquat alone and in combination with broadleaf herbicides during 1975 under an EPA *[Environmental* **Protection** Agency] experimental permit. 123170
The *Environmental* **Protection** Agency's regulations on experimental use permits for research on pesticides. 123701
Pedological investigations of the Lazienki Park in Warsaw in relation to *environmental* **protection.** I. Soil characteristics. 124896
Tasks of *environmental* **protection.** 125439
Environmental **protection,** recycling, and the international materials economy. 125468
EPA's *[Environmental* **Protection** Agency] industrial pollution control R&D program. 125477
Geography and *environmental* **protection.** 125532
Aspects of *environmental* **protection** under conditions of applying agricultural chemicals. 125542
Changes in the content of tryptophane in layers under the effect of the temperature and moisture **regime** of the *environment.* 117946
Review of the control of pesticides **released** into the *environment.* 123700
South Louisiana **remote-sensing** *environmental* information system [Water resources]. 125275
Environment **[Remote-sensing].** 125461

Cadmium in the environment. *Environmental* **review.** 4. 125396
A personnel hazard: operating **room** *environment* pollution [Inhalation anesthetics]. 118461
Notion of farming and modernization in the Wolof **Saloum** *environment* (Senegal). 115323
Trade-offs between farm income and **selected** *environmental* indicators. A case study of soil loss, fertilizer, and land use constraints. 115456
The effectiveness of aerial survey for determining the distribution of rabbit warrens in a **semiarid** *environment* [Pests of pastures]. 122911
Pest control in the **service** of the *environment.* 123020
Plasma concentrations of testosterone in the developing ram in different **social** *environments.* 118355
Chlorophyll A:B ratios in some siphonous green algae in relation to **species** and *environment.* 121202
Environmental **studies** and summer typology of the phytoplankton and phytobenthos [Algae] along the Tropea coast (Calabria). II. 120019
Effects in the rat of *environmental* **temperature,** diet dilution and treadmill running on voluntary food intake, body compositon and endocrine organ mass: a multiple regression analysis. 116427
Effects in the rat of *environmental* **temperature,** diet dilution, and treadmill running on liver and adipose enzymes and metabolism of 14C [carbon isotope]-glucose: a multiple regression analysis. 116428
Activation of external way of free oxidation in liver mitochondria during cooling of rats [Response to sharp reduction of *environmental* **temperature].** 117652
Reproductive performance of Zebu compared with Charolais X Zebu females in a humid **tropical** *environment.* 118211
Contents and methodical aspects of **urban** *environmental* models [Social causes]. 125383
Compensating for *environmental* **variability** in the thermal inertia approach to remote sensing of soil moisture. 124836
Djaleonke [West African Dwarf] sheep of the Ivory Coast in **village** *environment.* Behaviour and feeding. 118157
Effects of prolonged cold and the outdoor **winter** *environment* on apparent digestibility in sheep and cattle. 117622
[Forest] firefighter's **work** *environment* and physical demands studied. 119316

ENZOOTIC

Production of hyperimmune sera for the diagnosis of *enzootic* **abortion** in sheep. 119029
Eradication of *enzootic* **bovine** leucosis in the German Democratic Republic: management, planning and field action. 118829
Demonstration of the antigens of the organism **causing** *enzootic* abortion in sheep by using the immunoperoxidase method. 119021
Enzootic **dermonecrosis** in chickens [Pasteurella]. 118983
Serum enzymatic research of lambs aged from 10 to 30 days, including a report on prophylaxis for *enzootic* **muscle** dystrophy. 119083
Rationalised pharmacotherapy of *enzootic* **pneumonia** of calves. 118839

ENZYMES

Lipid ordering and *enzymic* **activities** in chromaffin granule membranes [Cattle]. 117663
Distribution of *enzyme* **activities** in subcellular fractions of bovine retina. 117784
Enzymatic **activity** of protein fractions excreted by potato stem nematode [Ditylenchus destructor]. 123003
Effects of pure paraquat dichloride, "Gramoxone W" [herbicides], and formulation additives on soil microbiological activities. 3. Estimations of soil microflora and *enzyme* **activity** in field-treated soil. 123215
Improvement of beer filtration by the **addition** of *enzymes.* 116808
Effects in the rat of environmental temperature, diet dilution, and treadmill running on liver and **adipose** *enzymes* and metabolism of 14C [carbon isotope]-glucose: a multiple regression analysis. 116428
Enzymes and **agriculture** [Utilization of cellulosic wastes, Trichoderma viride, food processing]. 116795
Microbial **alkaline** *enzymes.* 116809
Occurrence of *enzymes* in **amniotic** fluid of farm animals. 117855
Cyclic nucleotides, intracellular chemical mediators [Animal **biology,** *enzymes].* 117912
Effect of protein substitution on *nonenzymatic* **browning** in an intermediate moisture food system. 116766
Photosynthetic **carboxylating** *enzymes* in [the marine diatom] Phaeodactylum tricornutum: assay methods and properties. 121267
Feeding, *enzymes,* **carriers** and transport [Rats]. 116514
N-alkane oxidation by Candida tropicalis. I. Hypothetical role of **catalase** *enzyme* and the microbodies in hydrocarbonassimilating yeast. 121043
Some *enzyme* **changes** in chicory (Cichorium intybus) during forcing. 121593
Interconversion of **cholinesterase** *enzyme* activity units by the manual Delta pH [hydrogen-ion concentration] method and a recommended automated method [Organophosphorus and carbamate pesticide intoxication]. 123694
The formation of cis-3-nonenal, trans-2-nonenal and Hexanal from linoleic acid hydroperoxide isomers by a hydroperoxide **cleavage** *enzyme* system in cucumber (Cucumis sativus) fruits. 121607
Saccharifying agents for distilleries: green malt, cured malt and **commercial** *enzymes.* 116797
Inhibition of **cooperative** *enzymes* by sustrate-analogues. Possible implications for the physiological significance of negative cooperativity illustrated by phenylalanine metabolism in higher plants. 121226
Adaptive response of lysine and threonine **degrading** *enzymes* in adult rats. 116417
Time dependent effects on contractile properties, fibre population, myosin light chains and *enzymes* of **energy** metabolism in intermittently and continuously stimulated fast twitch muscles of the rabbit. 117877
Effect of spruce root constituents on **extracellular** *enzymes* of Fomes annosus [Picea abies]. 122697
8-azidoadenine analogs of NAD+ [nicotinamide 8-azidoadenine dinucleotide] and FAD [flavin 8-azidoadenine dinucleotide]. Synthesis and coenzyme properties with NAD+-dependent and **FAD-dependent** *enzymes* [Livestock extracts, Penicillium nitatum, Fungi]. 117669
Preliminary research about plasmatic kininogens in cattle [Kinin **forming** *enzymes].* 117577
Mechanism of the thinning action of NAA [naphthaleneacetic acid] in Japanese persimmon (kaki) fruits. II. Effects of NAA applied at various stages of fruit growth on the induction of fruit drop and the activity of endogenous growth substances and some *enzymes* in **fruit** tissues. 122404
Development of **gluconeogenic** *enzymes* in fetal sheep liver and kidney. 117645
Effect of **host** *enzyme* extracts on the electrophoretic forms and specific infectivity of cowpea mosaic virus. 122853
Enzymatic **hydrolysis** of hardwood xylans. III. Characterization of five isolated beta-I over to 4 xylanases. 119679
Hydrolytic *enzymes* of boar sperm. 118418
Localization of antibacterial activity and **hydrolytic** *enzymes* in subcellular fraction of rabbit and chicken polymorphonuclear leukocytes. 118793
Trends in the development of **industrial** *enzyme* production. 116651
Improvement in **jejunal** *enzyme* adaptation in obese adult-onset diabetic patients following a 30-day fast [Diet]. 116283
Maternal **leukocyte** *enzymes* in human fetal malnutrition. 116519
Light-induced *enzyme* synthesis in cell suspension cultures of Petroselinum hortense [parsley]. Demonstration in a heterologous cell-free system of rapid changes in the rate of rapid changes in the rate of phenyalanine ammonia-lyase synthesis. 121642
Lysome *enzymes* in starving after a regimen of sngle or all-day feeding [Rats]. 116486
The developmental patterns of **lysosomal** *enzyme* activities during Ca2+ [calcium ion]-induced sporangium formation in Achyla bisexualis [Fungi]. III. Ribonucleases. 120917
Subcellular localization of 3-hydroxy-3-methylglutaryl coenzyme A reductase and other **membrane-bound** *enzymes* in sweetpotato roots [healthy and infected with Ceratocystis fimbriata]. 121760
Acetylcholine and its **metabolic** *enzymes* in developing antennae of the moth, Manduca sexta. 123873
Glyceryl guaiacolate paralysis time in rats pretreated with some microsomal drug **metabolizing** *enzyme* inducers. 118458
Bacterologic quality control of **microbial** *enzymes* [Foods]. 116215
Endotoxin in blood and milk and *enzymes* in the **milk** of cows during experimental Escherichia coli endotoxin mastitis. 118960
Enzymatic **modification** of bovine and ovine parathyrin receptor. 117678
Isolation and purification of *"malic-enzyme"* **NADP** from corn leaves. 121427
Enzymes **new** way to modify flavor. 116741
Isocitrate lyase: a **new** *enzyme* from pollen [Calotropis procera]. 121138
Activity of some **oxidation-reduction** *enzymes* in the hyaloplasm isolated from tillering nodes of winter wheat. 121491
Oxidizing *enzymes* of cellulose-decomposing [soil] fungi. 124819
Some aspects of the intervention of enzymes in wine manufacture. Case of **pectolytic** *enzymes* and invertase. 117229
Evidence for a factor that stimulates tissue maceration by **pectolytic** *enzymes* [Aspergillus japonicus, Fungi]. 121316
Optimal carbon source concentration for the **pectolytic** *enzyme* formation of aspergilli [Aspergillus awamori, Aspergillus foetidus, Fungi]. 121341
Enzymes in **poultry** feed. 118182
Specificities of *enzymatic* **prenylation** and chromanation in the biosynthesis of aspulvinone pigments in Aspergilllus terreus [Fungi]. 121010
Enzymatic **proteolysis** of monellin [Dioscoreophyllum cumminsii] absence of sweet peptides [isolated from protein]. 116767
Secretion of **proteolytic** *enzymes* flowing introduction of nutrients into the duodenum and jejunum [Dogs]. 116568
Variation of nitrogenous fractions and of **proteolytic** *enzymes* in green, dried, cured and stored malts. 116687
Proteolytic *enzyme,* bound to aspartate transaminase from pig heart cytosol. 117609
Inhibitors of **proteolytic** *enzymes* and seed proteases. 121086
Influence of urea on **proteolytic** *enzyme* of cultivated land. 125012
Enzymic **reconstitution** of photosynthetic carbon assimilation. Pentose phosphate-dependent O2 [oxygen] evolution by illuminated envelope-free chloroplasts from Spinacia oleracea [spinach]. 121599
Comparative sugar determination [in food] using gas chromatographic, *enzymatic* and **reductometrical** methods. 116705
S-adenosylmethionine:homocysteine methyltransferase as a **regulatory** *enzyme* in embryos of Musca domestica. 123913
Fluorescence microscopy and **related** *enzyme* activity of sunflower plants infected by Plasmopara halstedii. 122703
Enzymatic **removal** of the 5' terminal methylated blocked structure of tobacco mosaic virus RNA and its effects on infectivity and reconstitution with coat protein. 122834
Changes in patterns of feeding activity, parotid **secretory** *enzymes* and plasma corticosterone in developing rats. 118100
Dynamics of some **serum** *enzymes* during the postnatal development of calves. 117947
Serum *enzymatic* research of lambs aged from 10 to 30 days, including a report on prophylaxis for enzootic muscle dystrophy. 119083
Nutritive muscular dystrophy of cattle. 6. Activity of **serum** *enzymes* alkaline phosphatases, aldolases, lactate-dehydrogenases and creatine-phosphokinases in the course of "white muscle disease in young cattle. 119202
Localization and partial characterization of a **sex-specif** *enzyme* in homothallic and heterothallic Mucorales [Mucor mucedo, Fungi]. 120911
The regulation of *enzyme* **synthesis** in arginine metabolism of Saccharomyces cerevisiae [yeast, genetics]. 120733
Enzymatic **synthesis** of juvenile hormone in Manduca sexta. 123939
Improved and effective assays of the glutamic oxaloacetic transaminase by the *coenzyme-apoenzyme* **system** (CAS) principle [Deficiencies of vitamin B6]. 116459
Non-enzymic **transamination** of unsaturated carbonyls: a general source of nitrogenous flavor compounds in foods. 116634
The endopeptidase nature of a **trypsin-like** *enzyme* from rye seeds. 121451
The separation of pyruvate-ferredoxin oxidoreductase from Clostridium pasteurianum into **two** *enzymes* catalyzing different reactions. 116049
Influence of the action of proteolytic **vegetable** *enzymes* on meat. 117027
Some aspects of the intervention of *enzymes* in **wine** manufacture. Case of pectolytic enzymes and invertase. 117229

EPHEMERELLA

Ecological studies on the aquatic insect in the upper region of the Chikuma-river, Nagano Prefecture, Japan. I. Life cycle and growth state of the *Ephemerella* **trispina** group (Ephemeroptera: Ephemerellidae), and aquatic insect fauna in summer. 124357

EPHEMERELLIDAE
Ecological studies on the aquatic insect in the upper region of the Chikuma-river, Nagano Prefecture, Japan. I. Life cycle and growth state of the Ephemerella trispina group (Ephemeroptera: *Ephemerellidae),* and **aquatic** insect fauna in summer. 124357

EPHEMEROPTERA *see* PLECTOPTERA

EPHESTIA
Insecticidal value of phosphine in the control of stored tobacco insect pests *[Ephestia* **elutella,** Lasioderma serricorne]. 123537
Effect of photoperiod on development and fecundity in the flour moth, *Ephestia* **kuehniella.** 124043
Functional organization of the tympanal organ of the flour moth, *Ephestia* **kuehniella.** 124045

EPHYDRIDAE
Some observations on the biology of Brachydeutera longipes Hendel (Insecta: **Diptera:** *Ephydridae).* 124155
A new species of the genus Psilopa [polita] Fall. **(Diptera,** *Ephydridae).* 124424
A new species of brine fly from California rice fields (Diptera: *Ephydridae* **[Ephydra** usingeri]. 124395

EPIBLEMA
Some data about the bionomy of spruce **roller** *Epiblema* tedella Cl. in the Czech Socialist Republic and possible control of it. 123497

EPICOCCUM
Respiration in *Epicoccum* **nigrum** [Fungi]. 121351

EPIDEMIC
Epidemic **abortion** in the dog (Beagle) and the possibility of infection for man. 118854
Epidemic **characteristics** of the blister rust of pine, Cronartium flaccidum (Alb. and Schw.) Wint., in Italy. 122558
Importance and occurrence of rabies with the example of **current** *epidemics* in Lower Franconia. 119063
The 1973 *epidemic* of **Japanese** encephalitis [virus] in West Bengal: a serological survey of domestic animals [Swine, cattle]. 118748
More protection against the risk of *epidemics* in **large** laboratory animal stocks. Is a legislative regulation necessary in laboratory animal units? [Swine]. 118652
The reaction of two spring wheat varieties exposed to *epidemics* of **Septoria** nodorum and Septoria tritici of varying intensity and duration. 122642
Aspects of *epidemics* of **yellowing** and mosaic of sugarbeets. I. Symptoms, means of transmission, methods of identification, vectors [Virus diseases, insect vectors]. 122866

EPIDEMIOLOGY
Epidemiological **aspects** of disease resistance in cultivated plants [Potatoes, cereals, breeding, fungus diseases]. 120635
Epidemiology of **canine** and feline tumors. 118466
The *epidemiology* of **common** root rot [Cochliobolus sativus] in Manitou wheat. IV. Appraisal of biomass and grain yield in naturally infected crops. 122590
Epidemiology and **control** of tomato mosaic virus. 122818
Interaction effects of *epidemiologic* **factors** in the feline urological syndrome [associated with castration]. 119273
Experimental toxoplasmosis of swine. *Epidemiological* and **food** implications [Toxoplasma gondii, Contamination]. 118895
Epidemiologic **importance** of age groups i colonies of the Simulium metallicum (Diptera: simuliidae) in Venezuela. 123605
Epidemiology of the **main** wheat [fungal] parasites: survey carried out in Italy during 1973-1975. 122633
Epidemiological **research** into Vibrio fetus infection in cattle. 118648
Sanitary-epidemiological **station** as a training centre of nutition hygiene. 116567

EPIDERMAL
Microtubules and cell movements in the islets of imaginal histoblasts of the **abdominal** *epidermis* in Calliphora erythrocephala (Diptera). 123850
Juvenile hormone control of *epidermal* **commitment** in vivo and in vitro [Manduca sexta]. 123945
The binding of juvenile hormone to **larval** *epidermis:* influence of carrier protein from the hemolymph of Plodia interpunctella. 123953
A convenient new medium for rapid preparations of cuticular replicas **[Leaf** *epidermis].* 119888
Comparative morphological and anatomical study of the petiole and *epidermis* of the **leaf** of the representatives of the family Vitaceae Juss [including grapes]. 120073
Microscopic studies on the *epidermis* of **paralumbar** skin of the Indian buffalo calf. 117743
Mehler-type reagents in the enhancement of stomatal opening in *epidermal* **strips** [Commelina benghalensis, peas]. 121339
A carrier protein for juvenile hormone in the haemolymph of the Indian meal moth [Plodia interpunctella] interactions with *epidermal* **target** tissue in vitro. 123517

EPIDIDYMITIS
Comparative diagnostic studies on *epididymitis* in **rams** caused by Brucella ovis. 118976

EPILACHNA
Feeding effect of juvenile hormone analogud, ZR 619-5 E, on the *epilachna* **beetle,** Epilachna vigintioctopunctata Fabricius [Eggplant pests]. 123390

EPIMER
Juvabione and its analogues. II. Isolation, identification, and occurrence of juvabiol and its *epimer* **isojuvabiol** from the whole wood of Abies balsamea. 119652

EPITHELIUM
Incorporation and disintegration of **extra-embryonic** *epithelia* in the egg of the migratory locust (Locusta migratoria L.). 123849
Ultrastructure of **glandular** *epithelial* cells in the endometrium of the ewe during the estrous cycle and early pregnancy. 117892
The fine structure of merozoites of Babesia bovis in the **gut** *epithelium* of Boophilus microplus [Ticks as vectors of protozoan diseases of cattle]. 123653
Annulate lamellae in **hindgut** *epithelial* cells of Isopoda [Armadillidium vulgare]. 124123
Structural microtubules in **hindgut** *epithelial* cells of the mosquito [Culex pipens]. 124130
2-deoxyglucose transport by **intestinal** *epithelial* cells isolated from the chick. 117815
The accumulation of lipofuscin in the *epithelium* of the **midgut** of the aging housefly, Musca domestica. 124131
Studies on amino acid transport by the intestine of the stick insect, Carausius morosus Br. I. Locality, temporal course and general characterization of the amino acid transport as well as ultrastructure of the **midgut** *epithelium.* 124190
Fine structural changes of the porcine **oviductal** *epithelium* during late and term pregnancy. 117884
A study of the fluctuating factors in the **seminiferous** *epithelial* cycle in mice—with special attention to statistical studies on diurnal fluctuations and on variations due to testes and testis loci in the relative frequencies of the stages [Spermatogenesis]. 118365
Ultrastructural studies of prepubertal porcine uterine **tube** *epithelium.* 117547

EPIZOOTIC
Epizootic **aspects** [Rabies]. 119006
Recent studies on *epizootic* **bovine** abortion [Ornithodoros coriaceus as vector of virus disease]. 118965

EPIZOOTIOLOGY
Epizootiology of the **acute** form of Marek's disease [in poultry]. 119024
Epizootiology of **Dermatophilus** [congolensis] infection in cattle in the Accra Plains of Ghana. 118710
On the *epizootiology* of **dicrocoellasis** in sheep. 118655
The *epizootiologic* and **parasitologic** status of the flocks at a poultry dressing combine. 119000
Nutritive muscular dystrophy in cattle. 7. *Epizootiology* of **"white** muscle disease" in calves fed on milk. 119203

EPOXIDES
Abnormal rearrangement of **isoprenoid** *epoxide:* synthesis of 7-methoxy-8(2'-formyl-2'methylpropyl)-coumarin, the lactonic constituent of grapefruit peel oil of Citrus decumana Linn. (Rutaceae). 117230

EPOXY
Malagasy plants. XVIII. A new alkaloid from Catharanthus ovalis Mgf. (Apocynaceae). Cathovalinine or *epoxy-14alpha,* **15alpha** hydroxy-19S tabersonine. 121365
Epoxy-isofoliol, a **new** diterpenoid from "Sideritis paulii". 120875
Differential staining of tannin in sections of *epoxy-embedded* **plant** cells [Pseudotsuga menziesii, Pinus taeda]. 120569

EQUIDAE
Blood serum levels of calcium, phosphorus and magnesium during th pregnancy of the female ass, Equus asinus L., 1758 **(Perissodactyla,** *Equidae).* 118391

EQUILIBRATION
Gas-blood CO2 [carbon dioxide] *equilibration* in **parabronchial** lungs of birds [Chickens]. 117776

EQUIPMENT
The [plant] propagation unit: layout and *equipment* to **aid** handling. 124604
Simplified double chamber wintering by raising the brood chamber skid **[Apiculture,** *equipment].* 124518
Construction and use of an experimental ethylene oxide chamber to fumigate **bee** *equipment* in Virginia [for disease, pest and American foulbrood control]. 124487
The San Benito frame **[Beehive** *equipment,* Guatemala]. 120356
Caution during sterilization [of **beekeeping** *equipment* infected with foulbrood]. 124497
A super honey heater **[Beekeeping** *equipment].* 124531
Individual milk control, a solved problem [Quality **control** *equipment].* 116875
Scandinavian drumbarking and **conveying** *equipment* [Wood processing]. 119823
'One-shot' cleaning of pipeline installtions **[Dairy** *equipment,* farm costs]. 124698
High quality by the application of straw fertilizers through adequate **distribution** *equipment* and proper introduction. 124983
Vacant laying houses [Poultry houses and *equipment* not in use]. 124609
Power farming in the dead heart [Center of Australia, **farm** *equipment].* 124714
Energy requirement investigation for production of durum wheat in Sicily [Fuel consumption by **farm** *equipment].* 124726
Bed and board [Dairy barns, **feed** *equipment].* 124611
Conveying dry **feed** *[Equipment].* 124706
"Banks" for *equipment,* **fertilizers,** forages at our neighbors [Cooperatives]. 115342
Guarding farmstead & farm **field** *equipment.* 124669
Developing performance guides for specific air tankers [Forest **fire** *equipment].* 119309
Improved sleeping bag roller [Forest **fire** *equipment].* 119312
Sieve cleaning in the plane sorter **[Grain** *equipment].* 117150
Pruning pears with shakers [Costs, mechanical **harvesting** *equipment].* 115475
Choosing **heavy** *equipment* for the farm workshop. 124689
Practical demonstration worth more than theory with **irrigation** *equipment* [Great Britain]. 124682
Rationalization of thinning by the use of **logging** *equipment.* 119839
[Poultry] *equipment* **manufacturers'** role. 124710
The farm [wine] cellar **[Manufacturing** *equipment].* 117258
Are Scottish dealers missing big **opportunity?** *[Equipment].* 124711
Trends in agricultural engineering, the construction of **oversize** *equipment* seems to be over. 124694
The intensive care unit in small animal practice. 2. **Personnel** and *equipment.* 118583
Spraying guide [for control of weeds, pests and diseases of **plants,** *equipment].* 122983
Watering potted **plants** *[Equipment].* 124680
Costs of irrigation. Irrigation systems—data and **prices** *[Equipment].* 115525
New aseptic installation for the production of yoghurt **[Processing** *equipment,* sterilizaton]. 116895
Thermal load in cold storage places destined for the preservation of vegetable and fruit **products** *[Equipment].* 117259
Influence of reduced spray amounts in the separate methods of application on the quantity and quality of the layer of spray on hops [Plant **protection,** *equipment].* 122936
Examination of plant **protection** *equipment* in Austria. 124704
Wood in the standardization of sports and **recreational** *equipment.* 119676
In the transportation of liquid manure there is still **reserve** *[Equipment].* 124693
Inspection of milking machines and *equipment* and the **sanitation** problem of the udder [Dairy cows]. 118548
Canadian **sawmill** *equipment* to increase accuracy. 119687
Sensor *equipment* of the German earth scientific airplane program [Remote sensing]. 125464
Banking on garden skills *[Equipment* and **service** market in USA]. 122428
Re-use of polythene in mechanised sterilisation of **soil** *[Equipment].* 124663
Modern soil cultivation in conjunction with cereal **sowing** *[Equipment].* 124661
Notes on the use of **spraying** *equipment* and methods of spraying for berry culture. 124687
Laborsaving keeping, feeding and milking techniques **[Stalls** and *equipment].* 124655
Equipment **standards** [for forest fire control]. 119368
A comparison of the performance of the Savage tea cutter, Tarry nipper breaker and the Nara **tea** granulator for the size reduction of particles of black **tea** *[Equipment].* 124732
Evaluation of the Velvet Roll Seed Separator for its use in the purity analyses of alfalfa (Medicago sativa L.) and rapeseed (Brassica campestris L.) [Seed **testing** *equipment].* 122058

ERADICATION
Eradication of **enzootic** bovine leucosis in the German Democratic Republic: management, planning and field action. 118829
Quality control assessments of male sterility during the 1972 and 1973 pilot boll weevil [Anthonomus grandis] *eradication* **experiment** [Cotton]. 123355
Warble **fly** *eradication* in Ireland [Hypoderma bovis, Hypoderma lineatum, cattle pests]. 123637
An overview of the development of remote sensing techniques for the screwworm [Cochliomyia hominivorax] *eradication* **program.** 123633
Eradication of **seed-borne** organisms from imported vegetable seeds by hot-water treatment [Fungi, germination test]. 122645

EREMOCHLOA
The effects of nitrogen and mowing height on the establishment of centipede *[Eremochloa* **ophiurodies].** 125065

EREMOPHILA
Eremophila **ramiflora** (Myoporaceae), a new species from Western Australia. 120137

ERGOSTEROL
Discrimination between cholesterol and *ergosterol* by **yeast** membranes [Saccharomyces cerevisiae]. 120922

ERGOT
Survey of the determination of the occurrence of *ergot* (**Claviceps** purpurea (Fr.) Tul) on the domestic and foreign wheat varieties and wild Gramineae grown in the Black Sea region of Turkey. 122584

ERICA
Erica **erigena** R. Ross: the second station in West Galway. 120084

ERICACEAE
Effect of composted hardwood bark and peat container media on growth of **selected** *ericaceous* plants [Pieris japonica, Rhododendron]. 122220

ERIOISCHIA
Laboratory studies of non-preference resistance to cabbage root fly *[Erioischia* **brassicae]** in radish. 123365

ERIOPHYES
Further observatons on mass propagation and damage due to the purse-shaped gall **mite** *Eriophyes* similis Nal. on plums. 123424

ERISTALIS
Preferential pollination of yellow-flowered morphs of Raphanus raphanistrum by Pieris and *Eristalis* spp. 121297

EROSION
Effectiveness of inorganic fertilizers on *eroded* **calcareous** Chernozem. 124939
Windbarriers for *erosion* **control** in Texas. 119399
Ground cover sods—an economic and production possibility? [in landscape gardening and *erosion* **control**]. 122226
Streambank stabilization with willows [Salix, *erosion* **control**]. 125090
Plant materials [grasses and legumes] for *erosion* **control.** 125137
Structure of crops and *erosion* **control** systems on slopes. 125146
A new town plans for quality of life [Columbia, Maryland, *erosion* **control**]. 125159
Need for a new approach stressed at Great Plains windbreak symposium *[Erosion* **control].** 125165
Windbreak in action *[Erosion* **control].** 125168
Antierosion **measures** in the hydrographic basin Racova, district of Vaslui. 125140
Antierosion **measures** and their effects at the Carpinistea-buzau cooperative farm. 125141
Effect of fertilizers on the yield and quality of winter wheat grain on *eroded* **mountainous** Chestnut soils. 124923
[Soil] *erosion* in **Plata** Valley [Brazil]. 125114
Eroded **plots** of land on slopes, a big reserve of increased agricultural production (from the experience of the Farm Perieni). 125143
Improvement of *anti-erosion* **practices** of soil tillage. 125158
Basic agricultural-technical measures of *antierosion* **put** into practice at the Frumuselu-Bacau cooperative farm and the results obtained. 125142
Continuing conservation on the Pocatello benches *[Erosion* and **sediment** control]. 125160
Five point program in the Palouse *[Erosion* and **sediment** control]. 125161
Erosion and **sedimentation** in the loessial region of Washington, Idaho, and Oregon. 125116
Influence of spacing on growth of loblolly pines [Pinus taeda] planted on *eroded* **sites** [Mensuration]. 119548
The properties of volcanic ash soils in dry parts of the Colombian Andes and their relation to **soil** *erodibility.* 124790
The "Florentino Ameghino" plan: results of an integral plan for controlling floods, droughts and **soil** *erosion* [Argentina]. 125112
[**Soil** *erosion* in Santa Fe Province [Argentina]. 125113
Montana reclamation problems and remedial techniques [**Soil** *erosion].* 125126
Wind patterns and **soil** *erosion* on the Great Plains. 125152
Latin America threatened by [**soil**] *erosion.* 125155
Suspended sediment filtration capacity of simulated vegetation [**Soil** *erosion* control]. 125174
Fertilizers on *eroded* **soils.** 125079
Windbreak design for optimum **wind** *erosion* control. 119400
Perennial grass [Agropyron elongatum] barriers for **wind** *erosion* control, snow management and crop production. 125149
Great Plains hit by most extensive wind damage in 20 **years** *[Erosion].* 125162
Erosion and **zero-tillage** of soil in perenniel culture. 125103

ERUCIC
Cardiopathogenicity of rapeseed oils and oil blends differing in *erucic,* **linoleic,** and linolenic acid content [Rats]. 116478
Performance of mycocardial and blood seral changes in pigs fed diets containing high or **low** *erucic* acid rapeseed oils. 118034

ERWINIA
Monitoring fire blight bacteria *[Erwinia* **amylovora]** of pear for disease control. 122807
Studies on fireblight [caused by *Erwinia* **amylovora]** in the German Federal Republic. 1. Disease development on fruit trees and ornamental plant after natural attack and artificial inoculation. 122808
Relationship of fire blight *[Erwinia* **amylovora]** resistance of young pear seedlings inoculated in the greenhouse to mature seedling trees naturally infected in the field. 122811
Protection of Bartlett pear against fire blight with deoxyribonucleic acid from virulent and **avirulent** *Erwinia* amylovora. 122809
Phenylalanine ammonia lyase & phenols in tubers of Kufri Dewa [a potato variety] in relation to resistance against bacterial soft rot *[Erwinia* **carotovora** carotovora]. 122804
Preliminary studies on globe artichoke bacterial **disease** *(Erwinia* carotovora (L. R. Jones) Holland) around Izmir. 122799

ERYSIMUM
Morphology and anatomy of fruits and seeds of the middle **European** *Erysimum* L. species. 120200

ERYSIPELAS
Production and testing of a live freeze-dried bivaccine against Aujeszky's disease and *erysipelas* in **swine.** 118993

ERYSIPHE
Fungicide control of sugarbeet powdery mildew *[Erysiphe* **betae].** 122769
Breeeding of winter rye resistant to powdery mildew *[Erysiphe* **graminis].** 120656
Evidence of distant dispersal of live spores of *Erysiphe* **graminis** f. sp. hordei [Barley]. 122576
Light and electron microscope studies of cytoplasmic aggregates formed in barley cells in response to *Erysiphe* **graminis.** 122589
Reduction of transpiration from wheat caused by germinating conidia of *Erysiphe* **graminis** f. sp. tritici. 122715
Search for sources of resistance to powdery mildew *[Erysiphe* **polygoni]** in black gram [Mungo beans]. 122606

ERYTHROCYTES
Comparative studies of human, equine, porcine and **bovine** *erythrocyte* membrane sialoglycoproteins. 117634
Application of freeze-dried, one-day-old **chick** *erythrocytes* to viral hemagglutination and hemagglutination-inhibition tests. 118786
Structural studies of **chicken** *erythrocyte* histone H5. 117668
Indirect hemagglutination with the use of glutaraldehyde-treated [sheep] *erythrocytes* to **determine** anthrax antibodies. 118985
Effect of norepinephrine and hypertonicity on K influx and cyclic AMP [adenosine monophosphate] in **duck** *erythrocytes.* 117535
Gamma-glutamyl cysteine and pyroglutamate in normal and **glutathione-deficient** *erythrocytes* of Corriedale sheep. 119197
Glucose metabolism of **mammalian** *erythrocytes* [Dogs, cats, horses]. 117803
Cutaneous hypersensitivity and isoantibody production in cattle injected with live or inactivated Anaplasma marginale in bovine and **ovine** *erythrocytes.* 118598
Influence exerted by a protracted administration of vitamin A on the acid fastness and biochemical properties of *erythrocytes* **[Rats].** 116561
Lipid vesicle-cell interactions. I. Hemagglutination and hemolysis **[Sheeep** *erythrocytes].* 117800
Seasonal variations in **sheep** *erythrocyte* reduced glutathione. 117757
Serum fibrinogen-related antigen concentrations in the normal dog as measured by the **tanned** *erythrocyte* hemagglutination-inhibition immunoassay. 117943

ERYTHROID
Origins of chromatin acidic proteins of **avian** *erythroid* cells. 117739

ERYTHRONEURA
Biology of the mite, Anystis agilis (Acari: Anystidae): a California vineyard predator [Tetranychus urticae, *Erythroneura* **elegantula].** 123367

ERYTHRONIUM
Role of *Erythronium* **americanum** Ker. In energy flow and nutrient dynamics of a northern hardwood forest ecosystem. 120398

ERYTHROPOIESIS
Comparative developmental hematology: animal models [mouse and sheep] to study human **fetal** *erythropoiesis.* 117939
Effect of bombesin on *erythropoietin* **production** in the anaesthetized dog. 117867

ESCHERICHIA
An investigation of calf carcass contamination by *Escherichia* **coli** from the gut contents at slaughter. 116186
Etiologic diagnosis of diarrheal diseases of calves: frequency and methods for detecting enterotoxin and K99 antigen production by *Escherichia* **coli.** 118601
Chemotherapeutic and antibiotic activity on *Escherichia* **coli** [in poultry]. 118643
Influence of a colicinogenic strain, given perorally, on the occurence of various plasmids of *Escherichia* **coli** in piglets fed by flavomycin. 118678
Investigations on a metabolite from Lactobacillus bulgaricus which neutralizes the effect of enterotoxin from *Escherichia* **coli** pathogenic for pigs. 118784
Acute mastitis in cows in the Harstad Veterinary District, 1972-1975 *[Escherichia* **coli,** Staphylococcus aureus, bacterial diseases]. 118856
Swann restrictions fail to cut resistant *[Escherichia]* **coli** [Swine]. 118880
Behaviour of Dictyostelium discoideum amoebae [Fungi] and *Escherichia* **coli** grown together in chemostat culture. 120907
Functional 70S hybrid ribosomes from blue-green algae and bacteria [Anacystis nidulans, *Escherichia* **coli].** 120909
Quantitative of unsaturated fatty acids in microbial mutants. VI. Selective growth responses of yeast and bacteria to cis-octadecenoate isomers [Saccharomyces cerevisiae, *Escherichia* **coli].** 120978
Inhibition of Neurospora crassa [Fungi] and yeast [Saccharomyces cerevisiae] mitochondrial protein synthesis by ricin [from castorbeans], a toxic protein inactive on *Escherichia* **coli** protein synthesis. 121052
Observations on **enterotoxic** *Escherichia* coli in foods of animal origin [Poultry meat contamination]. 116041
Endotoxin in blood and milk and enzymes in the milk of cows during **experimental** *Escherichia* coli endotoxin mastitis. 118960

ESOPHAGUS
Vegetative innervation of the *esophagus.* IV. **Endings** in the tela submucosa and tunica muscularis [Cats, monkeys]. 117522
A case of *esophageal* **foreign** body with mediastinal abscess formation in a dog. 119249

ESTERASES
Comparative histochemical studies on avian liver. 5. Relationships of dietary preferences with distribution patterns of lipase, *esterase* and **beta-hydroxy-butyrate** dehydrogenase in the livers of various representative birds. 117873
Investigations of transferrins, albumins, prealbumins and *esterase* in **blood** serum of some breeds of horses. 117701
Properties of **carboxylic** *esterase* from Euproctis lunata Walker (Lepidoptera: Lymantriidae). 123973
Heat stability variants of *esterase-6* in **Drosophila** melanogaster. 124097
A role for *esterases* in the **fertilization** process [Rabbits]. 118342
Esterases **[genetic]** variability within some Polish rye cultivars. 120663
An in vitro study of the **non-specific** *esterases* of the melon fly, Dacus cucurbitae Coq. and their reactions with organophosphate and carbamate compounds. 123388

ESTERIFICATION
Esterification of the **hydrolysis** product of the herbicide dichlorfop-methyl in methanol. 123090

ESTERS
Quantitative determination of caffeic **acid** *esters* and catechins by direct measurement on thin-layer chromatograms. 116777
Use of insect-acaricide carbamide **acid** *esters* in livestock production. 2. Acute toxicity of insect-acaricide carbamide acid esters. 119266
Use of insect-acaricide carbamide **acid** *esters* in livestock farming. 3. Chronic toxicity of insectacaricide carbamide acid esters. 119267
Use of insect-acaricide carbamide **acid** *esters* in livestock farming. Dynamics of residues of insect-acaricide carbamide acid esters with particular reference to carbaryl. 119268
Use of insect-acaricide carbamide **acid** *esters* in livestock production. 1. Range and mechanism of action of insect-acaricide carbamide acid esters [Review of literature]. 123647
Sensitivity of different [crop] plants to the action of **amino** *ester* derivatives [Potential herbicides]. 123060
Antifungal properties of alpha, omega-alkanedicarboxylic acids and their **dimethyl** *esters* [Plant pathogens]. 122591
Gnidimacrin and gnidimacrin 20-palmitate, novel macrocyclic antileukemic **diterpenoid** *esters* from Gnidia subcordata. 121155
Mass spectra of acetylenic fatty acid **methyl** *esters* and derivatives. 116793
Metabolism of 2,4-dichlorophenoxyacetic acid. IX. Gas-liquid chromatography of **methyl** *esters* of amino acid conjugates. 123728
Comparative effects of (2-chloroethyl) phosphonic acid and the **mono-2-chlorethyl** *ester* of the acid on growth, peroxidase activity, and sex expression of a monoecious cucumber. 121698
Gel chromatographic separation of retinol, **retinyl** *esters* and other fat-soluble vitamins. 116411
Effect of **1-silatranylmethylic** *ester* of 3-indoleacetic acid on the growth of cultures of isolated plant tissues. 121030
Purification of **sucrose** *esters* by selective adsorption. 116771

ESTRADIOL
Passive immunization against *oestradiol-17*beta and its **effect** on luteolysis, oestrus and ovulation in the ewe. 118354

Serum levels of progesterone, *estradiol,* and **hydrocortisone** in ewes after abortion due to Listeria monocytogenes type 5. 118605
Seasonal Profiles of plasma luteinizing hormone, testosterone and *estradiol* in the **ram.** 118257

ESTROGEN

Estrogens in **beef** production [Residues, carcinogens, diethylstilbestrol]. 116050
Solubilization of the **chromatin-bound** *estrogen* receptor from chicken liver and fractionation on hydroxylapatite. 117667
Estrogenic **effect** [studied on laboratory animals] of the lipid fraction of the fungus Alternaria brassicicola strain 13 mycelium. 118276
Synthesis of very low density lipoproteins in the cockerel. **Effects** of *estrogen.* 117806
The sensitivity of the ovulation rate of Finnish Landrace and Blackface **ewes** to **exogenous** *oestrogen.* 118361
Effects of *estrogen* on **gene** expression in chick oviduct. The role of chromatin proteins in regulating transcription of the ovalbumin gene. 118340
A comparative study on the effect of various *estrogens* on the **immature** female mouse genitalia and endocrine glands. 118335
Oestrogen **injection** test for early pregnancy diagnosis in mares [Estrus]. 118250
Effect of administration of progesterone and *oestrogen* on **litter** size in pigs. 118349
Production of *estrogenic* **preparations** by the method of imfecting legume plants [alfalfa] with the fungus Alternaria brassicicola [Effect on sheep]. 121094
Sequential changes of *estrogens* and **progesterone** at prostaglandin-induced parturition in the sow. 118201
Rapid appearance of *estrogen* **receptor** in chick liver nuclei: partial inhibition by cycloheximide. 117680
Strain 13 of Alternaria brassicicola [Fungi]—a producer of *estrogenic* **substances** of a lipidic nature [Effect of hens and mice]. 118277

ESTRUS

Sheep nose **bots**—*Oestrus* ovis. 123669
Ultrastructure of glandular epithelial cells in the endometrium of the ewe during the *estrous* **cycle** and early pregnancy. 117892
Lipoprotein lipase activity in the bovine corpus luteum during the *estrous* **cycle** and early pregnancy. 118387
Changes of the histological structure of the endometrium of sows during the *estrus* **cycle.** 118400
Electric activity of the rat myometrium in vivo during the *estrous* **cycle.** 119643
A cost-benefit analysis for a monitoring system to **detect** *estrus* in dairy cows. 118241
Oestrogen injection test for early pregnancy diagnosis in **mares** *[Estrus].* 118250
Seasonal variation in *oestrous* and **ovarian** activity of five breeds of ewes in Otago. 118377
Prophylaxis of gadfly *[Oestrus* **ovis**] infestation of sheep. 123679
Passive immunization against oestradiol-17 beta and its effect on luteolysis, *oestrus* and **ovulation** in the ewe. 118354
Effects of post-weaning stress and feeding management on return to *oestrus* and **reproductive** traits during early pregnancy in swine. 117973

ESTUARIES

Distribution and seasonal periodicity of sediment inhabiting diatoms in the Waddensea and the **Ems-Dollard** *estuary* [Algae]. 120303
The presence of pollutant hydrocarbons in *estuarine* **epipelic** diatom populations [Algae]. 125423
Heptachlor [a persistant organochlorine pesticide]: toxicity to and uptake by several *estuarine* **organisms.** 123733
Transplantation of Typha [angustifolia] and the distribution of vegetation and algae in a **reclaimed** *estuarine* marsh. 120329
An *estuarine* **species** of Phlyctochytrium (Chytridiales) having a transient requirement for sodium [Fungi]. 121285

ETHANE

Ultrastructural and biochemical evaluation of parathyroid function of pregnant cows administered **disodium** *ethane-1-hydroxy-1,1-diphosphonate* (EHDP) and fed a low calcium prepartal diet. 117889

ETHANOL

Effects of *ethanol* on **bile** acid and cholesterol metabolism [Diet]. 116278
Ethanol-water **delignification** of wood—rate constants and activation energy [Pulping]. 119815

ETHANOLAMINE

Confirmation of biosynthesis and partial structural characterization of the **ether-linked** *ethanolamine* phosphoglycerides of Heliothis [virescens]. 123977
The occurrence of *ethanolamine* and **galactofuranosyl** residues attached to Penicillium charlesii cell wall saccharides [fungi]. 120923

ETHEPHON

Ethephon (**2-chloroethylphosphonic** acid) effects on Scenedesmus quadricauda (Chlorophyceae) [Algae]. 121205
Ethrel *[ethephon]* in **fruit** growing. 121775
Regulation of apical dominance by *ethephon,* **irradiance** and CO2 [carbon dioxide, peas]. 121752
Effect of *ethephon* **latex** stimulant on papaya (Carica papaya L.) [Papain yields and quality of fruits]. 122400
Effect of *ethephon* on **rate** of bulb enlargement, maturity, and yield in onions. 121665
Degreening of waxed citrus fruit with *ethephon* and **temperature.** 117280

ETHERS

Rheological investigations of **cellulose** *ether* solutions. 119787
Distribution of oil or other **diethyl** *ether* extractable material in various fractions of peanuts infected with selected fungi. 122643
Confirmation of biosynthesis and partial structural characterization of the *ether-linked* **ethanolamine** phosphoglycerides of Heliothis [virescens]. 123977
On thermal stability of **monoarylglycol** *ethers.* 119740
Pyrolytic formation of polynuclear aromatic hydrocarbons from **petroleum** *ether* extractable constituents of flue-crued tobacco leaf. 117123
Gas-liquid chromatography of **trimethylsilyl** *ethers* of naturally occurring anthraquinones [found as products of a number of fungal species]. 121181

ETHOLOGY

Ethics and *ethology* in **animal** husbandry. III. 117460
Ethics and *ethology* in **animal** husbandry. I [Behavior]. 117842
Ethics and *ethology* in **animal** husbandry. II [Health]. 118487
What is **"applied** *ethology"?* [Behavior of domestic animals]. 117529
Ecology and *ethology* of **Ixodes** ricinus L. In Switzerland (Ixodoidea: Ixodidae). 5. Proof of a sexual pheromone in ixodes ricinus. 123771
Ecology and *ethology* of **Ixodes** ricinus L. In Switzerland (Ixodoidea: Ixodidae). 4. Comparison of two populations at different altitudes. 123772
New notes on the Curculionidae of the French fauna (Coleoptera). Taxonomy, chorology, ecology, *ethology.* **Second** series [New taxa]. 124226
Results of *ethological* **studies** in swine. 117858

ETHYL

Never-dried cotton fibers. VII. Preservation of the never-dried state and *ethyl* **acrylate** and alkylene oxides. 117198
Pesticide effects on the plant cuticle. II. EPTC *[S-ethyl* **dipropylthiocarbamate**] effects on leaf cuticle morphology and composition in Brassica oleracea L. [Cabbage]. 123725
A synergistic effect of *2-ethyl-1-isopropoxycarbonyl-3-(4-tolylcarbamoyl)* **isourea** with gibberellic acid on growth of rice seedlings. 121531
Possibilities of inducing economically useful mutations in maize by seed treatment with *ethyl* **methanesulphonate** and N-nitroso-N-methylurethan. 120647
Study on the effect of *ethyl* **methanesulphonate** and N-nitroso-N-methylurethan after treatment of seeds from maize inbred lines. 120650
Induced mutations in foxtail millet (Setaria italica Beauv.). II. Viable mutations in ear characters induced by gamma rays, EMS and dES *[ethyl* **methanesulphonate,** diethylsulphate]. 120840
Photodegradation of *O-ethyl* **O-[4-(methylthio)phenyl]** S-propyl phosphorodithioate (BAY NTN 9306) [Insecticide for cotton pests]. 123314
Isolation of *ethyl* **p-methoxycinnamate,** the major antifungal principle of Curcuma zedoaria. 121256

ETHYLENE

Effect of sucrose on response of cut carnation [Dianthus caryophyllus] to kinetin, *ethylene,* and **abscisic** acid. 121702
Action of **biogenic** *ethylene* on some biochemical processes in pea seedlings. 121650
Differences in the action of synthetic and **biogenic** *ethylene* on amino acid metabolism in pea seedlings. 121653
Retention of molecules of 1.1. Dichloro-2-2 **bis** *(p-chlorophenyl)-ethylene* on some metalic oxides [DDT decomposition, soil contamination]. 123684
Altering the sensitivity of carnation flowers (Dianthus **caryophyllus** L.) to *ethylene.* 121696
Residues of four *ethylenebis(dithiocarbamates)* and their **decomposition** products on field-sprayed tomatoes. 116179
A colorimetric technique using *chromium-ethylene* **diamine** tetra acetate for measuring rumen volume [Sheep]. 117753
A note on the effect of *ethylene* **diamine** tetraacetic acid and ferrous ammonium sulphate on yield of Allium cepa [Onions]. 121778
Studies on the residues in wheat and wheat products fumigated with *ethylene* **dibromide.** 116064
Construction and use of an **experimental** *ethylene* oxide chamber to fumigate bee equipment in Virginia [for disease, pest and American foulbrood control]. 124487
Galactose-induced *ethylene* evolution in mung bean hypocotyls: a possible mechanism for galactose retardation of plant growth. 121750
Effect of the preparation "Kampozan" [a synthetic growth regulator] (based on *ethylene* **phosphonous** acid) on winter rye. 121464
Ethylene **[plant** growth regulator] in soil biology [control of soil-borne plant diseases]. 124774
Flower bud atrophy in Baccara roses [Rosa]. VI. The effect of environmental factors on gibberellin activity and *ethylene* **production** in flowering and non-flowering shoots. 121749

ETHYLENIMINE

Comparative study of the [mutagenic] effect of *ethylenimine* and **gamma-rays** on wheat and barley varieties in the first generation. 120718

ETHYLHEXYL

Toxicity of the PVC [polyvinyl **chloride]-plasticizer** *di(2-ethylhexyl)phthalate* [Toxicity]. 119275

ETIOLATION

Effect of 2,3,5-triiodobenzoic acid on te greening process in *etiolated* **Euglena** gracilis [Algae, growth inhibitors]. 121071
Correlation between beta-galactosidase and auxin-induced elongation growth in *etiolated* **pea** stems. 121753
Flavonoid complex of green and *etiolated* **peas** (Pisum sativum L.). 121637

ETIOLOGY

On the *etiology* of **bovine** coccidiosis and the carriers of Eimeria parasites in the Estonian S.s.r. 118932
Etiology of **brown** bacteriosis of winter wheat [Pseudomonas, Pectobacterium]. 122812
The *etiology* of **canine** and feline tumors. 118475
Biological variability, its *etiologic* **components** and the limits of its control [Laboratory animals]. 117958
Etiologic **diagnosis** of diarrheal diseases of calves: frequency and methods for detecting enterotoxin and K99 antigen production by Escherichia coli. 118601
Studies on the *etiology* of **feline** infectious peritonitis, preliminary communication. 118659
Etiology of **leg** weakness in broilers (a short review). 119096
Severe polyarthritis in a rhesus monkey: suggested **mycoplasma** *etiology.* 118818
Aetiology and **pathogenesis** of abomasal displacement in dairy cattle. 119271
Citrus with a schnoz [Sheepnosing in grapefruit, diseases of **unknown** *etiology].* 122882

EUBORELLIA

Ultrastructure of retrocerebral complex of the earwig, *Euborellia* **annulipes,** and role of aorta as a neurohaemal organ. 124056

EUCALYPTUS

Some *eucalypts* of the **Australian** high country. 120002
Some ornamental [varieties of] *eucalypts* for **dry** areas [Australia]. 122255
Raising radiata pine [Pinus radiata] and *eucalyptus* **[Eucalyptus** regnans] seedlings by an industrial forestry company in Gippsland, Victoria. 119566
Water deficits in timberline trees *[Eucalyptus* **pauciflora]** in the snowy mountains of southeastern Australia. 121822
Raising radiata pine [Pinus radiata] and eucalyptus *[Eucalyptus* **regnans]** seedlings by an industrial forestry company in Gippsland, Victoria. 119566
Application of fertilizers to the production of *Eucalyptus* **saligna** Sm. seedlings. 124964
The mallee country [**Scrub** *eucalypt* woodlands]. 119365

EUCHLAENA

Improvement of biochemical features of hybrids by crossing maize with **teosinte** *[Euchlaena].* 120705

EUCOMMIA

Isolation and synthesis of pinoresinol diglucoside, a major antihypertensive principle of **Tu-Chung** *(Eucommia* ulmoides, Oliver). 121156

EUGENIA *see* **MYRTACEAE**

EUGLENA

Effect of 2,3,5-triiodobenzoic acid on te greening process in **etiolated** *Euglena* gracilis [Algae, growth inhibitors]. 121071
Inheritance and synthesis of chloroplasts and mitochondria of *Euglena* **gracilis** [Algae]. 120606
Control of synthesis of RNA during morphogenesis of the chloroplast in *Euglena* **gracilis** [Algae]. 120896
Comments on the translational and transcriptional origin of *Euglena* **[gracilis]** chloroplastic aminoacyl-tRNA synthetases [Algae]. 120908
Uptake and incorporation of pyrimidines in *Euglena* **gracilis** [Algae]. 120919
Phosphate uptake kinetics in *Euglena* **gracilis** (Z) [Algae] (Euglenophyceae) grown on light-/dark cycles. I. Synchronized batch cultures. 121210
Phosphate uptake kinetics in *Euglena* **gracilis** (Z) [Algae] (Euglenophyceae) grown in light-/dark cycles. II. Phased PO4-limited cultures. 121211
On the regulation of the uptake of aminoacids, sugars and organic acids by *Euglena* **gracilis,** strain Z [Algae]. 121383
Uptake of pyrimidines by *Euglena* **gracilis,** strain Z [Algae]. 121388

EUMERUS

Eumerus **compertus** Villeneuve (Diptera, Syrphidae); larvae and puparium. 124476

EUPHORBIA
Leafy spurge *[Euphorbia* **esula]** development in space planted nurseries. 123139
Some morphological and chemical characteristics of the purified terpenoid particles of the latex of Hoya australis R.br. Ex Traill [and *Euphorbia* **milii].** 116640
Comparison of soil applied growth regulators on height control of poinsettia *[Euphorbia* **pulcherrima].** 121662
Slow-release ancymidol for poinsettia *[Euphorbia* **pulcherrima]** by impregnation of clay pots. 122337

EUPHORBIACEAE
Tung: **Aleurites** spp. *(Euphorbiaceae).* 122538
New or noteworthy **Australian** *Euphorbiaceae.* 120164
Rubber: Hevea **brasiliensis** *(Euphorbiaceae).* 122536
Castor: Ricinus **communis** *(Euphorbiaceae).* 122527
Cassava: Manihot **esculenta** *(Euphorbiaceae).* 122351
A new combination in Acalypha **[multiflora]** *(Euphorbiaceae).* 120155

EUPITHECIA
Data to the *Eupithecia* **fauna** of Hungary. VI. Novelties in the Macrolepidoptera fauna. 124434
Eupithecia **types** in the Zoological Collection of the State of Bavaria. 124439

EUPROCTIS
On the distribution of microorganisms infecting the larvae of *Euproctis* **chrysorrhoea** L. (Lepidoptera, Lymantriidae) near Kosova, Yugoslavia [Natural control]. 123225
Properties of carboxylic esterase from *Euproctis* **lunata** Walker (Lepidoptera: Lymantriidae). 123973

EURYGASTER
Investigation on [pesticide] residues in wheat straw, glumes and grain after chemical control of *Eurygaster* **integriceps.** 116051

EUSCHISTUS
Development and reproduction of *Euschistus* **conspersus** [Ocassional pest of field crops]. 123278

EUTROMBICULA
Controlling **chiggers** *[Eutrombicula].* 123628

EUTROPHICATION
Bacteriocenotic studies on some *eutrophic* **biotopes** [Callitriche]. 121357
Nitrate-nitrogen movement through soil as affected by soil profile characteristics *[Eutrophication,* **denitrification].** 124874
Distribution of multicellular benthic algae in an *eutrophic* **ditch** [Ecology]. 120358
The nutrients and plants [Algae] of Lake Joondalup, a **mildly** *eutrophic* lake experiencing large seasonal changes in volume. 121224
Mathematical modeling of phytoplankton in Lake **Ontario.** 2. *[Eutrophication].* 125417
Eutrophication of **water** resources: causes, effect and countermeasures. 125576

EUXOA
Two new species of Euxoa (Lepidoptera: Noctuidae) from southern United States allied to *Euxoa* **camalpa** [Euxoa maderensis, Euxoa serotina]. 124276

EVACUATION
Meat dishes heat-preserved in film or foil packages. III. Controls on filling, *evacuating* and **closing** containers. 116733

EVAPORATION
Microenvironmental modification by small water **droplet** *evaporation* [Possible application in agriculture]. 124686
Pre-requisites of an **efficient** *evaporator* performance [Sugar technology]. 117114
An *evaporation* **equation** for an open body of water exposed to the atmosphere. 125363
The variability of the net radiation ratio [for **estimating** *evaporation* from bodies of water]. 125325
Evaluation of a commercial **finned** *evaporator* [for the meat industry]. 117021
Water use by irrigated cotton in the Sudan. IV. Water use **potential** *evaporation* and yield. 125304
Evaporation **rate,** leaf water potential and stomatal conductance in Lolium, Trifolium [clover] and Lysimachia in drying soil. 121518
Resistance monitor and control for **vacuum** *evaporation* of metals and carbon [Plant protection]. 123025
Methodology of determining the losses of underground **water** in *evaporation.* 125231

EVAPOTRANSPIRATION
Evaluation of thermal X/5-detector Skylab S-192 data for **estimating** *evapotranspiration* and thermal properties of soils for irrigation management [Remote sensing]. 125257
Preliminary studies on the measurement of *evapotranspiration* for **Valencia** orange in winter and spring in Taitung area. 121722
Estimation of *evapotranspiration* for **water** balance studies in a semi-arid region. 125293

EVERGREENS
Chlorfurenol [growth substances] increases branching of *evergreen* **azaleas** (Rhododendron cv). 121741
Seasonal dynamics of accumulation and localization of starch in [introduced] **broadleaf** *evergreens* in the Crimea. 121619
Evergreen **forest** North Dakota style [Tree planting projects]. 119636
Leucaena leucocephala—an *evergreen* **protein-rich** tree fodder and the possibility of using it in the dietary of animals. 1. Sheep. 118081

EVOLUTION
The *evolution* of **adaptive** features in fossil exines. 120178
Pollen and leaves from the Mid-Cretaceous Potomac group and their bearing on **early angiosperm** *evolution.* 120060
Arrangement of some monosulcate, disulcate, trisulcate, dicolpate, and tricolpate pollen types in the tetrads, and some aspects of *evolution* in the **angiosperms.** 120504
Surface coating of germina apertures of pollen and *evolution* of **apertures** [Oxalis rosa]. 120552
Consequences of long-term artificial selection, inbreeding, and isolation in Phlox. I. The *evolution* of **cross-incompatibility.** 120625
Evolution, **cytology** and subgeneric classification in Moraea (Iridaceae) [New taxa]. 119932
Origin and **early** *evolution* of angiosperms: a perspective. 120058
Early *evolution* of insect larvae. 123926
Galactose-induced **ethylene** *evolution* in mung bean hypocotyls: a possible mechanism for galactose retardation of plant growth. 121750
Structure and *evolution* of the **genitalia** of Acrididae and related families. 123780
Enzymic reconstitution of photosynthetic carbon assimilation. Pentose phosphate-dependent O2 [oxygen] *evolution* by **illuminated** envelope-free chloroplasts from Spinacia oleracea [spinach]. 121599
The *evolution* of an **industry** [Agricultural education, Ireland]. 115117
The *evolution* of **insect-mediated** self-pollination from an outcrossing system in Calyptridium [monospermum, Calyptridium umbellatum] (Portulacaceae). 120867
Vital forms of ground beetles (Coleoptera, Carabidae) and their *evolutionary* **interrelationship.** 124310
Evolution of **knowledge** in the field of fats. 116821
Evolution of **lysine,** methionine and cystine in a peanut meal after treatment by ammonia. 117177
Neoteny, *evolution* and the **New** Zealand Parsonsia hybrids (Apocynaceae). 119972
The **newly** *evolved* strains in Ocimum. 120821
The *evolution* of **parasitism** of fungal plant pathogens. 122658
Diseases as a factor in **plant** *evolution.* 122896
Drought, a situation from the beginning of June and its **possible** *evolution.* 115120
Controlling **protein** *evolution* [Saccharomyces cerevisiae, yeasts, mutation]. 120627
Classification and *evolution* of **Rhinochenus** Lucas (Coleoptera: Curculionidae: Cryptorhynchinae) and Quaternary Middle American zoogeography [New taxa]. 124405
Evolution of the **Santa** Lucia fir (Abies bracteata) ecosystem [New taxa]. 119933
A commentary on the *evolutionary* **significance** of the exine. 120173
Evolutionary **significance** of the exine in the pollen of primitive angiosperms. 120175
Pollen morphology and its *evolutionary* **significance** in Xanthorrhoeaceae. 120177
The *evolutionary* **significance** of the ultrastructure of the exine in umbelliferous pollen grains. 120179
The stereostructure of the exine and its *evolutionary* **significance** in Saxifragaceae sensu lato. 120517
Evolutionary **significance** of chromosomal differentiation patterns in gymnosperms and primitive angiosperms. 120716
Morphological types of larvae of beetles-wood eaters (Coleoptera, Eucnemidae) and their *evolutionary* **significance.** 123928
The *evolution* of **social** behavior in primitively social bees: a multivariate analysis [Dialictus]. 123910
Biochemical characters of *evolution* and **specialization** of genera Festuca and Poa. 119953
The *evolution* of the **sponge** feeding habit in the caddisfly genus Ceraclea (Trichoptera: Leptoceridae). 123807
Polymorphism in the adult of Callosobruchus maculatus—a possible process of *evolution* to **stored** product pest. 123548
The perisympathetic organs of Insecta. An attempt on their *evolution.* **Structural** and physiological data on Coleoptera and Diptera. 123813
An alternative to Kok's model for the *oxygen-evolving* **system** in photosynthesis [with the example of the alga Chlorella]. 121050
Evolution and **taxonomy** in the genus Brucella: brucellosis of rodents. 118961
Evolutionary **trends** in the pollen grains of Dichapetalaceae. 120176
Evolutionary **variability** of morphological characters in the genus Digitalis L. 120421
About the Dahlia **[Varieties,** *evolution].* 122202
Evolution of **wood** structure in Pinaceae. 120476

EWES *see* **SHEEP**

EXCHANGE
Fertilization effect on content of *exchangeable* **cations** and of more strongly fixed potassium [in the soil]. 125072
Energy *exchanges* of veal calves in relation to body weight, food intake and air temperature. 117560
Effect of diuron on the relation between the *exchange* of **energy** and gas in the photosynthesis of Chlorella [Algae] in blue light. 121027
Pasteurization by plate **heat** *exchangers* [Beer]. 116678
Heat *exchanger* in ventilation installations of stables. 124731
Artificial nutrient media for the growth of plants on the basis of **ion** *exchangeable* materials. 6. Substrates of continuous structure. 121586
Concepts and methods in the measurement of **isotopically** *exchangeable* phosphate in soil. 124882
Measurement of *exchangeable* **nickel** in the rat. 116506
Phosphate *exchange* and organic phosphorus excretion by freshwater **algae.** 121184
Exchange of **phospholipids** between mitochondria and microsomes in vitro stimulated by yeast cell cytosol [Saccharomyces cerevisiae]. 120929
Effect of adenosinetriphosphatase and conditions of phosphorylation on the H+/3- [Hydrogen, electron] relation and **proton** *exchange* of isolated chloroplasts [Peas]. 121636
Effects of monovalent cations on IAA [indoleacetic acid]-and FC [fusicoccin]-stimulated **proton-cation** *exchange* in pea stem segments. 121762
An assembly for measuring components of the radiation balance *[Exchange* of **radiant** energy in grassland]. 121456
The formation of *exchangeable* **sulphite** from adenosine 3'-phosphate 5'-sulphatophosphate in yeast [Saccharomyces cerevisiae]. 120926
Changes in CO2 [carbon dioxide] and water **vapour** *exchange* rates in leaves of Quercus robur infected by Microsphaera alphitoides (powdery mildew). 122702

EXCISION
The incorporation of 3H-thymidine during induction of callus of *excised* **barley** embryos [by 2,4-D as a growth substance]. 121431
Studies on vegetative propagation of Tulipa [varieties]. I. Organ formation from *excised* **bulb scales** in vitro. 122405
Selective scar revision & elective incision techniques applicable to the legs of horses. 3. Application of combined **fusiform** *excision* and W-plasty surgical techniques in scar revision on the upper hind legs. 118579
A rapid method for measuring net photosynthesis of *excised* **leaves** by using air-sealed chambers [Maize, Phalaris arundinaceae, soybeans]. 121511

EXCITATION
'Exciting' **future** for the [poultry] breeders [Rearing techniques]. 117406
Exciting **products** for microwave ovens. 116742

EXCRETION
Studies investigating the *excretion* of **acetyl** urea in the milk of dairy cows receiving oral doses of 14C [carbon isotope] acetyl urea. 117993
Enzymatic activity of protein **fractions** *excreted* by potato stem nematode [Ditylenchus destructor]. 123003
Phosphate exchange and organic **phosphorus** *excretion* by freshwater **algae.** 121184
Studies on the nitrogen metabolism of broilers fed 15N [nitrogen isotope] labelled **wheat.** 1. Problems, experimental **programme** and *excretion.* 118002
Production of faeces, *excreta,* and **silk** in the wolf spider pardosa palustris (L.) (Araneae, Lycosidae) from Hardangervidda, southern Norway. 124115
Pheromones of mammals: an investigation of volatile acids in **vaginal** *excretions* of minks, Mustela vison Briss. 118255
Effect of **water-soluble** *excretions* from litter fall of woody plants on te germination of seeds. 120964

EXERCISE
How do **dietitians** *exercise* their role as health educators in different foreign countries? 116307
A method of monitoring heart rate response in the *exercising* **horse.** 117937
Adipose tissue cell size and lipolysis in the rat: response to *exercise* **intensity** and food restriction. 116418
Bossy **needs** *exercise* too [Dairy cattle]. 117530
Weight regulation in hamsters and rats: differences in the effects of *exercise* and **neonatal** nutrition. 116386
Bull maintenance on pastures and housing of bulls with *exercise* **outruns.** 117440

EXHAUSTION
Pathophysiological aspects relating to transport stress on swine. 4. **Muscular activity** to *exhaustion.* 119168
Clinicopathologic alterations in normal and *exhausted* **endurance** horses. 119196

EXHAUSTS
Automatic control of isokinetic sampling for *exhaust* **emission** determinations [Cotton gins, air pollution]. 125569

Evaluation of some diagnostic methods which may be used for determination of injuries on Norway spruce [Picea excelsa] by fumes [Air pollution from **industrial** *exhaust* smoke]. 123017
Exhaust and **transport** systems for dust and chips in the wood industry and development trends. 119236

EXHIBITS
Exhibition at **Comodoro** Rivadavia [Sheep shows]. 117479
Exhibition at **Esquel** [Sheep shows]. 117480
Exhibition at **Puerto** Deseado [Sheep shows]. 117481
Exhibition at **Trelew** [Sheep shows]. 117482

EXINE
The adaptive significance of the *exine* **[Angiosperms].** 121235
Common factors in *exine* **deposition** [Pinus banksiana, Cosmos bipinnatus, Lilium longiflorum]. 120505
The stereostructure of the *exine* and its **evolutionary** significance in Saxifragaceae sensu lato. 120517
Comparative ultrastructural study of the *exine* of some **genera** of Labiatae. 120506
Structure of the *exine* in some **genera** of Annonaceae. 120513
Remarks on the formation of different layers of the spore wall with the **lamellar** *exine* in some Marchantiales and Sphaerocarpales. 120511
Evolutionary significance of the *exine* in the **pollen** of primitive angiosperms. 120175
Lipopolysaccharide embedded within the *exine* of **pollen** grains [of Lycopodium]. 121335
A commentary on the evolutionary **significance** of the *exine*. 120173
The evolutionary significance of the ultrastructure of the *exine* in **umbelliferous** pollen grains. 120179

EXOCRINE
The endogenous secretin in chicken: minor physiological role in *exocrine* **pancreatic** secretion. 117840

EXOGENOUS
The sensitivity of the ovulation rate of Finnish Landrace and Blackface ewes to *exogenous* **oestrogen.** 118361
Genetic modification of the waxy character in barley aftrer an injection of **wild-type** *exogenous* DNA. Analysis of the second seed generation. 120783

EXPENDITURES
Farm *expenditures* and their financing in 1970. 115473
Expenditure of **fertilizers** and limits of its profitableness in hops culture according to results of soil analyses and surveys in the Hallertau growing area. 124998
Labor *expenditure* for lumbering, timber plantations and forest care in Plenter Forest [Switzerland]. 119508
Forecasts of **water** *expenditure* [during floods] on the basis of recording runnoff distribution and its lag in the river network (1971-1972). 125227

EXPLOITATION
Exploiting **between-herd** genetics [Beef cattle]. 118189
Physiological principles and technologic methods of battery and **floor** *exploitation*, in confinement and in the open air, of poultry as a function of its production and health [Economic aspects]. 118434
Tactics of **host** *exploitation* by a thermophilic water mite [partnuniella thermalis]. 124078
Fishing for aphids [Acyrthosiphon pisum infesting alfalfa]: the *exploitation* of a **natural** population. 123315
Improvement of apiculture through **planned** *exploitation* of forest pasture [Honeydew flow]. 124548
Possibilities of extending the **zootechnical** *exploitation* of turkeys in relation to the availability of technological facilities to the order of meat consumption. 117392

EXPLORATION
The mission of **entomological** *exploration* of the Museum of natural History in French Guiana: Sphingidae (Lepidoptera). 124270
Entomological *explorations* in Ghana by Dr. S. Endrody-Younga. 16. Lamiinae (Coleoptera: Cerambycidae) IV. 124438

EXPLOSION
Food behavior and **appetite** *explosion:* General remarks on the question. 116398
Construction of roads for commodity transportation: **cost** *explosion* from excessly long construction periods [Austria]. 115561
Contamination of diet with radioactive fallout from **nuclear** *explosions* [in milk and meat]. 116035

EXPLOSIVES
Explosives **build** [forest] fireline in Canada. 119311
Building [forest] **fireline** with *explosives*. 119308

EXPORTERS
Brazil extends its lead as orange **juice** *exporter*. 115641

EXPORTS
Base price, a new instrument for supporting **agricultural** *exports* [Brazil]. 115699
Hungary's milk-output drop checks **cheese** *export* growth. 115649
U. S. **Cigarette** *exports* climbing. 115666
Spain: dilemma of Spanish transoceanic **citrus** *exports*. 115672
Vegetables and foreign currency *[Exports,* **Colombia].** 115740
Colombia *exports* agricultural technology [Foreign aid]. 115987
The economics of Florida's FCOJ [frozen concentrated orange juice] imports and *exports:* an **econometric** study. 115605
Colombia's **farm** *exports* expected to double in 1976. 115644
Egypt—top U.S. **Farm** *export* market in the Middle East. 115648
U.S. Grain and **feed** *export* value reaches $11.9 billion in fiscal Year 76 [Statistics]. 115640
Processed **food** *exports:* growth area for U.S. Firms. 115657
A two-pricing system for *exporting* **frozen** concentrated orange juice. 115749
Importance and chances of *exports* by the **German** Food Industry. 115610
Changes in shape, firmness and internal quality of *export* **grapefruit** between packhouse and salepoint. 117231
Export **map** of cardamom. 115725
Request by soybean planters to terminate discriminatory treatment *[Exports,* **marketing,** prices, Colombia]. 115739
U.S. Soybean, **meal** *exports* to stage comeback in 1976. 115590
The care and preparation of [ornamental] plants for *export* [**New** Zealand]. 122258
India boosting fruit and **vegetable output** for *export*. 115651
U.S. Share of world **peanut** *export* market down slightly in 1975. 115633
Tapioca has rich food and *export* **potential.** 115726
Exportation [of **poultry** products]: pros and cons [Brazil]. 115569
Crop, *export* **prospects** dim for Australian wheat farmers. 115645
U.S. *Exports* of **soybeans** and meal recover sharply in 1975/76. 115632
Quality maintenance of California **strawberries** *exported* to Far Eastern markets. 115710
Organisation of **sugar** *exporting* countries. 115745
Exportation and **technique:** theme of thought for engineers [Technical aid to foreign countries]. 115822
U.S. **Tobacco** *exports* in fiscal 1976 reach record value on reduced volume [Statistics]. 115637
World **tobacco** *exports* dropped sharply in 1975, but imports held steady [Statistics]. 115638
States of Virginia and Pennsylvania **win** *export* awards. 115663
World *exports* of oilseeds, fats and oils to register above-trend gains in 1976 [Statistics]. 115634
New **Zealand** *exports* [Orchids, marketing]. 115568

EXPOSURE
Delayed plating recovery in diploid yeast [Saccharomyces cerevisiae] of different sensitivities after X-ray and **alphaparticle** *exposure*. 121147
Effects of chronic **DDT/DDE** *exposure* on anesthetic induction and recovery times in rainbow trout (Salmo gairdneri). 123730
Obesity in young men after **famine** *exposure* in utero and early infancy. 116491
Morphometry of T219 soybean chloroplasts during **initial** *exposure* to light. 120547
Changes in the electroencephalogram of rats following subacute exposure to carbaryl and baygon: Correlation with EEG [electroencephalogram] changes in sub-human primates after chronic, low **level** *exposure* to baygon [Insecticides]. 123750
Scalded sausage manufacture in the meat trade. 10. Effect of *exposure* to **light;** cutting, filling, hot smoking and scalding. 116957
Temperature, rainfall and humidity at different *exposures* of the **"Monte** Pisano" for two years period [Effects of climate on Pinus pinaster]. 119293
Effect of **prenatal** *exposure* to mycotoxins [Molds growing on foodstuffs, laboratory animals]. 116245
Role of interferon in prophylaxis of **rabies** after *exposure*. 118796
Length of development and survival of Hylobius abietis as influenced by **silvicultural** *exposure* to sunlight [Picea abies]. 123447
Changes in the electroencephalogram of rats following **subacute** *exposure* to carbaryl and baygon: Correlation with EEG [electroencephalogram] changes in sub-human primates after chronic, low level exposure to baygon [Insecticides]. 123750

EXTENSION
Preservation characteristics of buffalo semen in citric **acid-whey** as an *extender*. 118358
Brazil *extends* its lead as orange juice exporter. 115641
Effective *extension* programme helps rural development. 115141
Multi-faced *extension* programme heralds rural prosperity [Fertilizer marketing]. 124989
The development and *extension* of **nonchemical** [insect pest] control techniques for stored cowpeas in Nigeria. 123565
The peripheral inhibition of the tarsal sugar receptor by sodium chloride in the **proboscis** *extension* response of the blowfly, Phormia regina M. 124034
Effect of low **temperature** *extension* of buffalo semen on preservation and fertility. 118320
The situation of young technicians in the wood industry and possibilities for *extension* **training.** 119237
Possibilities of *extending* the **zootechnical** exploitation of turkeys in relation to the availability of technological facilities to the order of meat consumption. 117392

EXTERMINATION
Citrus waxy scale [Gascardia]: further aspects of *extermination* using **insecticides.** 123384

EXTINCTION
Not *extinct* after all **[Betula** uber]. 119923

EXTRACELLULAR *see* CELLS

EXTRACTION
Alginanes *[extracted* from **brown** algae Phaeophyceae] in nutrition. Study in rats. 116305
Importance of fixing a **changed** *extraction* limit for manufacturing coffee extract. 116708
Immune **complex** *extracted* from acutely infected malarious chicken kidneys: physico-chemical properties of antigen part [plasmodium gallinaceum]. 118746
Protein utilization of mixed feed rations by lactating pigs, with special reference to the content of essential amino acids in the dietary proteins. 1. Description of experimental methods: studies on the protein utilization of rations **containing** *extracted* peanut meal and dried skim milk. 117989
Protein utilization of mixed feed rations by lactating pigs, with special reference to the content of essential amino acids in the dietary protein. 2. Studies on the utilization of dietary protein in rations **containing** *extracted* soyabean meal, horse bean meal, fish meal, maize gluten and waste liq. 117990
Pyrolytic formation of polynuclear aromatic hydrocarbons from petroleum **ether** *extractable* constituents of flue-crued tobacco leaf. 117123
Distribution of oil or other diethyl **ether** *extractable* material in various fractions of peanuts infected with selected fungi. 122643
The thermal degradation of tobacco. VI. Influence of *extraction* on the **formation** of some major gas phase constituents. 117071
Aqueous solvents for *extracting* **glanded** cottonseed protein without gland rupture. 117127
Study of **glycoprotein** *extracted* from synovial membranes of oxen. 117871
Peroxide bleaching of CEHH [chlorination, *extraction* and **hypochorite]** banboo kraft pulp. 119707
Extracting **larvae** of Chrysops hirsuticallus (Diptera: Tabanidae) from soil: efficiency of two methods. 123802
Phenolic substances in Armagnac brandies. I. *Extracted* **lignin** and its degradation products. 117269
Extractability of **lipids** from fish and fish products. 116842
Mineral and crystal formation in vitro by **lipids** *extracted* from bovine compact bone. 117870
Extraction of **liquid** rennet from buffalo calves' stomachs. 116884
Extraction of **metals** from basalt by humic acids. 124857
The methodology of *extracting* **organic** substances from the soil. 124805
Possibilities of reducing aflatoxin formation in *extraction* **peanut** grist. 117366
Effects of different cultivation treatments on root distribution, and on the concentrations of *extractable* **phosphorus** and potassium, at different depths in a clay loam. 124954
Effect of phosphorus fertility of soils and phosphate application on rice culture in cool regions. 2. Response of rice plant growth to the amounts of *extractable* **phosphorus** in flooded soils under field conditions. 125063
Influence of artificial conditions of prestockage and drying of maize-grain on the *extraction* and some **physical-chemical** and biochemical characteristics of its starch. 117384
Valuation of molasses *[Extraction,* **processing,** used as cattle feed]. 117180
Collection, *extraction* and **processing** of forest tree seed. 119623
A method for the *extraction* of **Sitona** (Coleoptera: Curculionidae) eggs from soil and occurrence of a mymarid (Hymenoptera: Chalcidoidea) in the Mediterranean region. 123900
Studies on skim milk replacements in the feeding of young pigs whose suckling period was drastically restricted. 1. Comparative studies with skim milk, fish meal and *extracted* **soybean** meal fed as protein source in conjuction with whole wheat meal in a type of liquid feed. 117996
Soil **water** *extraction* by, and growth of [trees planted as] multi-row windbreaks. 119395

EXTRACTS
Depletion of complement in vivo and in vitro by *extracts* of **Aspergillus** fumigatus [Fungi, aspergillosis, man, animals]. 118767
Use of immunoadsorbent affinity chromatography to purify component I of nitrogenase from *extracts* of **Azotobacter** vinelandii [a nitrogen-fixing soil bacterium]. 124800
Method for determining the phenolic (OH)-groups in alkaline **bark** *extracts*. 119764
Effect of **bark** *extracts* on mitosis in Allium cepa [Onions]. 122949
Biosynthesis of polyprenol phosphate sugars by Ceratitis **capitata** *extracts*. 123911
Oxidative ways of 3-phosphoglyceric acid formation in **chloroplast** *extracts* [Peas, broadbeans]. 121638
Importance of fixing a changed extraction limit for manufacturing **coffee** *extract*. 116708
Screening of substances and *extracts* of **[drug]** plant origin for Walker 256 carcinosarcoma control. 120869

Effect *extracts* of the venom gland of the recluse spider, Loxosceles laeta, on human cells in culture. 123670
Effect of host **enzyme** *extracts* on the electrophoretic forms and specific infectivity of cowpea mosaic virus. 122853
Agglutination of human erythroytes and ascites tumor cells of the mouse by using *extracts* of the **European** mistletoe (Viscum album L.). 120847
Effects of bracken (Pteridium aquilinum) **frond** *extract* on mitosis in Allium cepa [Onions]. 120473
Identification of gibberellin A29 and evidence for abscisic acid in *extracts* from **fruits** of immature French prune (Prunus domestica L.). 121708
Is the *extract/nitrogen* **function** S-shaped? [Barley]. 117080
Demonstration of follicle stimulating hormone (FSH) activity in **hypophyseal** *extracts* of various vertebrates by the response of the Sertoli cells of the chick. 117696
Prolactin-releasing factor (PRF) in porcine **hypothalamic** *extract* distinct from TRH [thyrotropin-releasing hormone]. 118256
Induction of local & systemic resistance in Nicotiana glutinosa against tobacco mosaic virus by **leaf** *extract* of dahlia. 122842
8-azidoadenine analogs of NAD+ [nicotinamide 8-azidoadenine dinucleotide] and FAD [flavin 8-azidoadenine dinucleotide]. Synthesis and coenzyme properties with NAD+-dependent and FAD-dependent enzymes [**Livestock** *extracts*, Penicillium nitatum, Fungi]. 117669
In vitro binding of sterols by *extracts* from **Mucor** rouxii [Fungi] cells grown under different environmental conditions. 120985
Regression analysis of brewing data. Methods of assessment of relationships between two properties correlating with another, for example, the relationship between *extract* and **nitrogen** in malting barley. 117082
Chemical investigation of Heracleum lasiopetatum [Analgesic activity in the **plant** *extract]*. 120870
Assay of phosphoenolpyruvate carboxykinase in crude **yeast** *extracts* [Saccharomyces cerevisiae]. 120883

EXTRAUTERINE *see* UTERUS

EXTREMITIES

Veterinary institutes at district level—their scope **regarding** *extremities* and foot health service. 118529
Adaptive photosynthesis responses to **temperature** *extremes* by the thermophilic cyanophyte Synechococcus lividus [Algae]. 121197

EXUDATES

Analytical and structural features of the **gum** *exudate* from combretum hartmannianum Schweinf. 116694
Investigations into SH [sulhydryl] groups and lactic acid in the PSE [pale, soft, *exudative]* **musculature** of pigs. 117687
Keep an eye on PSE [pale, soft, *exudative*, **pork** quality]. 116240
Association between defective **stigmatic** *exudates* & sterility in Impatiens [sultani]: chromatographic evidence. 120758
Pichia scutulata [yeasts], a new species from **tree** *exudates*. 120079

EYES

Adaptation and photoregeneration in the *eye* of the **blow** fly [Calliphora]. 124027
Inhibition of proteoglycan biosynthesis by hyaluronic acid [from the vitreous humor of fresh **bovine** *eyes]* in chondrocytes in cells culture. 117595
Appearance of persistent hyaloid artery in the **bovine** *eye*. 119208
The *eyes* have it! **[Cattle,** cancer]. 118444
Organization of visual axes in the **compound** *eye* of the fly Musca domestica L. and behavioural consequences. 124029
Demodectic mange in the *eyelid* of **domestic** ruminants in Iran [Demodex]. 123607
Fannia thelaziae, a new species of *eye-frequenting* **fly** of the benjamini group from California and description of Fannia conspicua female (Diptera: Muscidae). 124398
Cell clones and pattern formation: **genetic** *eye* mosaics in Drosophila melanogaster. 124169
Disseminated cryptococcosis [an infection caused by the yeast-like fungus Cryptococcus neoformans] with *ocular* **involvement** in a dog. 118776
Melanoma of the **lower** *eyelid* of a dog. 119217
Intraocular **lymphosarcoma:** two cases in Siamese cats. 119111
The development of ommatidial patterning in **metamorphosed** *eye* imaginal discs implants of Drosophila melanogaster. 124172
Keep an *eye* on **PSE** [pale, soft, exudative, pork quality]. 116240
The neural **superposition** *eye* and its optical demands [Drosophila]. 124033

FABACEAE

Chromosome numbers and their cytotaxonomic significance for North American **Astragalus** *(Fabaceae)*. 120286

FABRICIUS

Juvenile hormone effects on the prepupal and pupal stages of the tobacco cutworm, Spodoptera **litura** *Fabricius* (Noctuidae: Lepidoptera). 123301
Role of the bursa of *Fabricius* in the **pathogenicity** of inclusion body hepatitis and infectious bursal disease viruses [Chickens]. 118639
The stinging apparatus of Camponotus **rufipes** *(Fabricius)* (Hymenoptera, Formicidae) and its attached structures [Morphology]. 124143
Feeding effect of juvenile hormone analogud, ZR 619-5 E, on the epilachna beetle, Epilachna **vigintioctopunctata** *Fabricius* [Eggplant pests]. 123390

FABRICS

Soil redeposition in solvent cleaning. 4. Redeposition and prevention of fatty soils [in tetrachloroethylene, wool, cotton and **acrylics** *fabrics]*. 116599
Influence of *fabric* **construction** and treatment on the reaction of cotton, half-linen and pure-linen fabrics, as well as polyester and linen mixed fabrics, to the effect of water. I. Influence on absorptive capacity. 117193
Soil-release and textile propeties of cotton/polyester-poly(methacrylic acid) **copolymer** *fabrics*. 117200
Use of electron spectroscopy for chemical analyses (ESCA) in a study of oil-repellent finishes [of textiles, **cotton** *fabrics]*. 117202
Morphology of charred, flame-retardant **cotton/polyester** *fabrics*. 117164
Amic acids and half salts of dicarboxylic acids as coreactant catalysts for creasable **durable-press** *fabrics*. 116835
Observation on the free formaldehyde dissolved into the liquid layer of the skin surface from resin **finished** *fabrics*. 2. [Cotton]. 116214
Removal of oily soils. 2. The relation of yellowing and residue with hard ions on **[laundered]** *fabrics*. 116598
A statistical study of the oxygen index **measurement** [of *fabrics]*. 116834
Influence of fabric construction and treatment on the reaction of cotton, half-linen and pure-linen fabrics, as well as polyester and linen **mixed** *fabrics*, to the effect of water. I. Influence on absorptive capacity. 117193
The role of organo-phosphorus and synthetic pyrethriod insecticides in mothproofing [to **prevent** *fabric-insect* damage]. 123570
Influence of fabric construction and treatment on the reaction of cotton, half-linen and **pure-linen** *fabrics*, as well as polyester and linen mixed fabrics, to the effect of water. I. Influence on absorptive capacity. 117193
Results of testing work clothes [for shepherds], made from **synthetic** *fabrics*, on reindeer farms. 124617
Soil redeposition in solvent cleaning. 5. Survey of fatty soils in solvents used by drycleaners [for various **types** of *fabrics]*. 116600
A method for bromine determination in **wool** *fabric* by X-ray fluorescence spectrometry. 117030

FACTORIES

Effects of frost on sugarcane and the behaviour of frost-affected **cane** in the *factory*. 122961
Factory **control** in meat processing plant. 116115
Drinking water and industrial water supplies in **food** *factories*. 116730
Public slaughterhouses or commercial **meat** *factories?* 116993
The need for bacteriological checks on the environment in meat **processing** *factories*. 116142
Studies of applying wastewater discharged from the potato **starch** *factories* to arable land. 1. The influence of spray irrigation of wastewater in grassland on grasses and soil properties. 125546
Sugar *factory* waste lime and potato scab [Streptomyces scabies]. 122800
Factory **trial** of a newly-developed continuous carbonation process for making plantation white sugar from cane juice. 117186

FAGOPYRUM

Buckwheat: *Fagopyrum* **(Polygonaceae).** 121941

FAGUS

Cold storage of already after-ripened **beech** *(Fagus* silvatica L.) seeds. 121792
Economic consequences of cyclic beech *[Fagus]* **cultivation.** 119570
Beech bark disease and wood quality *[Fagus* **silvatica].** 119660
The natural resistance of some indigenous woods against Reticulitermes lucifugus [Pinus sylvestris, Abies alba, Picea abies, *Fagus* **silvatica,** Quercus robur]. 123462
A tentative energy budget for a summer population of Arion ater L. (Gastropoda: Pulmonata) *[Fagus* **sylvatica,** forest ecology]. 124856

FAIRS

The [livestock] *fair* at **Ibague.** 117498

FALL

A new species of the genus Psilopa [polita] *Fall.* **(Diptera,** Ephydridae). 124424
Don't let your SNF [solids-not-fat] *fall* **[Feeding** dairy cattle]. 118123
Dependence of the **fruit** *fall* of black current from the number of seeds and location in the cluster. 121611
Effect of water-soluble excretions from **litter** *fall* of woody plants on te germination of seeds. 120964
Dynamics of **litter** *fall* in forests on Brown and Pseudopodzolic soils [and its decomposition]. 125552
Comparative morphological characteristic of the larvae of Palearctic species of the genus **Lonchaea** *Fall.* (Diptera, lonchaeidae). 124307
Horticultural education [in the United States]—Does it *fall* **short** of the mark? 122229
Where *fall* is **spring** [Vegetable culture in Florida]. 122433

FALLOUT

Contamination of diet with **radioactive** *fallout* from nuclear explosions [in milk and meat]. 116035

FALLOWING

Brachiaria brizantha. **Best** *fallow* time [Forage crop cultivation]. 122106
Effect of the sowing rate on the yield of winter wheat sown on a **cropped** *fallow*. 122149
Fallow **ground** as environment; observations on the conditions for its effectiveness. 120379
Effect of stubble residues of *fallow* **grown** crops on the germination and development of winter rye. 121460
No-till dryland grain sorghum after irrigated wheat with **intervening** *fallow*. 125147
Evaluation of tillage and herbicides for grain sorghum surface residue management in an **irrigated** *wheat-sorghum-fallow* cropping sequence. 123754
Stimulating native forage production for livestock and wildlife on *fallow* **riceland** [Herbicides]. 123181

FAMINES

Famine in **Ethiopia**—a brief review. 115807
Obesity in young men after *famine* **exposure** in utero and early infancy. 116491

FAMOPHOS

Toxic effect of [the insecticide] *famophos* on **reindeer.** 123760

FANLEAF

Properties of **grapevine** *fanleaf* virus. 122846

FANNIA

Fannia thelaziae, a new species of eye-frequenting fly of the benjamini group from California and description of *Fannia* **conspicua** female (Diptera: Muscidae). 124398

FARMERS

An analysis of *farmers'* **adjustments** in the present economic crisis. 115440
An analysis of *farmers'* **adjustments** in the present economic crisis: discussion. 115441
Organized labor and the **American** *farmer*. II. Labor influences farm policy. 116005
Voting behavior in the rural area [Political influence of *farmers,* **Austria].** 115110
Exodus of *farmers* to the **cities** [Population migration, Colombia]. 115294
45 years of vigorous existence of the Society of **Colombian** *Farmers* of Santander. 115195
Management report [of the Society of **Colombian** *Farmers,* programs]. 115990
Farmers and **consumers** gain from direct marketing bill. 115567
All-in-one insurance **contract** [for *farmers].* 115486
Purpose-oriented political-ideological and vocational effortof veterinary personnel and **cooperative** *farmers* yields good results in implementing principal task formulated by. 115954
The potential effects of various fat and protein differentials on returns to selected **dairy** *farmers* [Prices]. 115560
Participation of *farmers* in **development** [Policies]. 115821
Farmer **evaluaton** of penoxalin (Prowl) herbicide during 1975 under EPA [Environmental Protection Agency] experimental permit. 123128
Introduction and use of improved rice varieties: who benefits? [Effect of the green revolution on *farmers,* **farming** practices]. 115378
Aspects of additonal earnings by *farmers* through **forestry** work: forestry educaton as a prereq-uisite [Austria]. 119292
1975 state laws affecting *farmers* in **Hawaii.** 115952
Business and industrial loans (B&I) *[Farmers* **Home** Administration, a rural credit agency]. 115529
Comparison of property tax circuit-breakers applied to *farmers* and **homeowners.** 115515
A message too for the **Irish** *farmer?* [Expansion in tourism]. 115213
Commercial attribute for *farmers?* **[Legislation].** 115975
Fur farming education now within the scope of vocational education for the **livestock** *farmer*. 117419
Sources of credit for **Manitoba** *farmers*. 115539
Mountain *farmer* policy—words and actions [Austria, Switzerland]. 115790
Factoring, another service in *farmers'* **mutual** loans [Credit, Austria]. 115471
Income tax and **poultry** *farmers'* obligations. 115535
Papaya outlook and projection: major producers—**Puna** *farmers*. 115951
From agronomic data to *farmer* **recommendations;** an economics training manual. 115399
Low wage industries: endangerment of jobs of **sideline** *farmers* [Industry and agriculture, Austria]. 115207
Motives and behavior of **sideline** *farmers* [Austria]. 115316
A healthy agricultural structure also needs the **sideline** *farmer* [Policies, Austria]. 115787
Helping **small** *farmers* in rural development. 115142

Fight against freedom from punishment asked by government and *farmers* [**Social** conditions, Colombia]. 115194
A.I. [Artificial insemination] training for technicians and *farmer* **technicians** [Cattle]. 118280
Crop, export prospects dim for Australian **wheat** *farmers*. 115645
The *farmer's* **wife** on the sideline farm. 115317
A common cause for *farmers* of the **world** [Common Agricultural Policy]. 116011
Wyoming *ranchers* coordinate conservation on public and private lands. 125170

FARMLANDS

Farmland for the **future?** 115311
Stock and pasture management for establishment of radiata **pine** in *farmland*. 122064

FARMS

Farm **accounting** and management centers in Tuscany: first experiences. 115442
Location of *farm* **advisory** officers in New Zealand. An application of facility location analysis. 115191
Methods and criteria for grading the economic vitality of the **agricultural** *farm*. 115444
An economic comparison of forestry and *farming* **alternatives** [Complementary production from livestock grazing]. 119537
Agricultural cooperative of Broons (Cotes-du-Nord) [**Animal** *farm*]. 115328
Animal *farming* in Rwanda. 117428
Occurrence of enzymes in amniotic fluid of *farm* **animals.** 117855
Sensitivity of various laboratory and *farm* **animals** to Clostridium perfringens intoxication (mouse, guinea-pig, rabbit, chicken, piglet, lamb). 118842
Farming **areas** for the cultivation of tree nurseries. 119439
Transmission of mycoplasma (PPLO) on breeding and **broiler** *farms*. 118594
Development, state and trends of dairy **cattle** *farming*. 117508
Application of a metabolic control program in industrialized **cattle** *farming* units. 119151
Case histories of cerebrocortical necrosis in a beef **cattle** *farm*. 119155
Dipterological studies in Hungarian and Afghan large-scale **cattle** *farms*. 123663
Problem of individual advencement of *farms* with **chances** of growth by the program for advancement of individual farms [Costs and returns, investments]. 115518
How to formulate layer's diets for mixing on the *farm* [**Chickens**]. 118084
Interview technique for **collecting** *farm* information. 115137
Ways of development of **collective** *farm* reindeer husbandry in the Yamal-Nenets National Okrug. 115370
Council of **collective** *farms*—a new stage in the management of the collective farm-cooperative sector. 115386
The balance of nutrients in the soils of the Znamia Oktiabria **collective** *farm* in the Talovskii District of the Voronezh Region. 124899
Colombia's *farm* exports expected to double in 1976. 115644
Improving veterinary service of livestock *[farm]* **complexes.** 118571
Certain problems concerning the co-ordinated activities of the managers of **co-operative** *farms*. 115346
Survey concerning the development projects for regions and **co-operative** *farms* with unfavourable conditions. 115859
Gradual intensification of seed potato production in the Sanitz **Cooperative** *Farm* [East Germany]. 122294
Results and experiences of the Luderitz **Cooperative** *Farm* in using large ventilated clamps [East Germany]. 124615
Antierosion measures and their effects at the Carpinistea-buzau **cooperative** *farm*. 125141
Basic agricultural-technical measures of antierosion put into practice at the Frumuselu-Bacau **cooperative** *farm* and the results obtained. 125142
'One-shot' cleaning of pipeline installtions [Dairy equipment, *farm* **costs**]. 124698
Broderstorf **crop** *farming* cooperative competes for title of "nationally recognized food potato farm" [East Germany]. 115339
A proposed approach to progress reports on plan fulfillment in **crop** *farming* [East Germany]. 115402
Dispersion analysis of the data of a four-factor field experiment [on the yield of *farm* **crops**]. 121843
Effect of different methods of main soil tillage on the alteration of its volumetric weight and the yield of *farm* **crops** [Wheat, sugarbeets]. 125157
Economics of [crop] disease-loss management *[Farm* **cultural** practices]. 122897
South of the Waitaki [**Dairy** *farming*, milk supply]. 115457
Rentability calculations concerning the establishment of **dairy** *farming*. 115500
Treatment and prophylaxis of thelaziasis of calves on large **dairy** *farms*. 119015
Control of aquatic vegetation in *farm* **dams.** 123188
Increase of yield and quality of winter wheat grain as affected by fertilizers in **dryland** *farming* in the zone of unstable moistening in Azerbaijan. 124941
Discussion of the effects of recession on the *rural-farm* **economy.** 115304
The effects of recession on the *rural-farm* **economy.** 115309
Grading of *farm* **efficiency:** an application of Farrell's method. 115443
Effective utilization of manpower in specialized *[farm]* **enterprises.** 115354
Power farming in the dead heart [Center of Australia, *farm* **equipment**]. 124714
Energy requirement investigation for production of durum wheat in Sicily [Fuel consumption by *farm* **equipment**]. 124726
The trailer, good for doing **everything** on the *farm*. 124676
Farm **expenditures** and their financing in 1970. 115473
Egypt—top U.S. *Farm* **export** market in the Middle East. 115648
Farm **feed** processing and handling. 117375
Prefabricated *[farm]* **fencing.** 123783
Maintenance of *farm* **fencing.** 124643
Guarding farmstead & *farm* **field** equipment. 124669
An outbreak of lipoid liver degeneration (LLD) in Atlantic salmon [Salmo salar] in a **fish** *farm* and attempts to cure the disease. 119272
Microclimates in a **forest** *farm* plantation [Pinus radiata]. 119375
Farms and **forests:** a happy marriage? [Afforestation]. 119569
Fur *farming* education now within the scope of vocational education for the livestock farmer. 117419
Pseudomonas aeruginosa. III. Identification of strains isolated from blue foxes (Alopex lagopus) in a Danish **fur** *farm*. 118863
A new look into organic classroom [at schools, colleges, workshops, *farms*, **gardens,** and kitchens]. 115188
Modification of the Northwest **German** *farmstead* regulation and the new procedural regulation for farmstead matters. 3. 115794
Modification of the Northwest **German** *farmstead* regulation and the new procedural regulation for farmstead matters. 2. 115795
Modification of the Northwest **German** *farmstead* regulation and the new procedural regulation for farmstead matters. 1. 115796
Insects and mites in *farm-stored* **grain.** 123504
Studies on the land use assessment of grasslands. 1. Landscape comparison of windbreak forests in the Tokachi farm area and the Konsen **grassland** *farm* area. 115291
Plant resistance to insect pests: a general review with reference to New Zealand **grassland** *farming*. 123338
Some problems on measuring [**greater** *farms]* concentration in agriculture. 115427
Economic efficiency of large **greenhous** *farms* in the systematic transition to industrial production [Costs, profitability, East Germany]. 115559
Implementation of the scientific organization of work on industrially organized **greenhouse** *farms* with special consideration of living and working conditions. 115463
Effects of reproductive performance and mating system on *farm* **gross** margins in beef production. 118243
Growth and carcass measurements of pigs fed common or high lysine maize **grown** on the same *farm*. 118130
Farm modernisation for *farm* **growth.** 115326
Guarding *farmstead* & farm field equipment. 124669
Farming in **Hawke's** Bay [Land utilization and production]. 115433
Noise induced hearing loss [Noise **hazards** on the *farm]*. 125490
How *farm* families make decisions: The Roots—family no.2. 115314
How *farm* families make decisions. The Neirikers—family No. 3. 115315
Trade-offs between *farm* **income** and selected environmental indicators. A case study of soil loss, fertilizer, and land use constraints. 115456
Farm **incomes** in England and Wales 1974-75. 115493
Mobility and capital advancement for **individual** *farms*. 115472
Investment aids for the development of **individual** *farms* and their effects on service of capital. 115516
Problem of individual advencement of farms with chances of growth by the program for advancement of **individual** *farms* [Costs and returns, investments]. 115518
Alternatives to the program for the advancement of **individual** *farms*. 115800
Study on incidence of puerperal diseases among sows in **industrialized** *farms*. 119181
Organized labor and the American farmer. II. Labor **influences** *farm* policy. 116005
Woodstock [State Forest]: an **integrated** *farm/forestry* management project. 119521
Methods and results of developing highly productive shot stem winter wheat varieties for **irrigated** *farming*. 120747
Effectiveness of application of fertilizers in sugarbeets in zones of **irrigated** *farming*. 125008
Legal guarantees for the rational utilization of *farm* **land** in the U.s.s.r. 115236
Priority for the *farm* **land** possession law and the guarantee for its realization in the U.s.s.r. 115896
Climatology and vegetation on *farm* **lands:** problems of local climatology. 120385
Landscaping *farm* home grounds. 122097
Determination of the body mass of young cattle on **large** *farms* by chest girth. 117501
Use of colostrum mixtures for feeding calves on **large** *farms*. 118171
Assessment of research at *farm* **level** storage [insect control] in Francophone Africa. 123522
Livestock *farming* in Soria Province [Sheep, management, housing]. 117390
Responsibilities of veterinary services in the USSR in promoting industrized **livestock** *farming*. 118517
Rationalisation of clinical-chemical methods for examinations in veterinary medicine [for metabolic control in industrialized **livestock** *farming]*. 119172
Use of insect-acaricide carbamide acid esters in **livestock** *farming*. 3. Chronic toxicity of insectacaricide carbamide acid esters. 119267
Use of insect-acaricide carbamide acid esters in **livestock** *farming*. Dynamics of residues of insect-acaricide carbamide acid esters with particular reference to carbaryl. 119268
Fence design [**Livestock** *farms]*. 124591
Shrinking sections of a US decade *[Farm* **machinery** trade]. 124657
How long should we continue repairing *[farm]* **machinery?** 124702
Rental and custom charges for *farm* **machinery.** 124724
Estimating field capacity of *farm* **machines.** 124708
[Insect] infestation problems in *farm-stored* **maize** in Nicaragua. 123577
Improve the image of your [poultry] *farm* [**Management**]. 115324
Farm **management** survey, 1973-74 and 1974-75. 115329
How to 'swot' a problem *[Farm* **management**]. 115347
Agricultural applications of remote sensing: a true-life adventure *[Ranch* **management**]. 115374
The adoption and effects of high-yielding [dwarf] wheats on unirrigated subsistence holdings in Pakistan *[Farm* **management,** acreage]. 115379
Farm **management** methods to control pasture pests [Costelytra zealandica, Wiseana]. 123337
Effects of nematodes on the physiology of vegetable crops. V. Influence of *farmyard* **manure** application on the root-knot nematode [Meloidogyne incognita] injury in some vegetable-crops. 122979
Modification of the Northwest German farmstead regulation and the new procedural regulation for *farmstead* **matters.** 3. 115794
Modification of the Northwest German farmstead regulation and the new procedural regulation for *farmstead* **matters.** 2. 115795
Modification of the Northwest German farmstead regulation and the new procedural regulation for *farmstead* **matters.** 1. 115796
On-farm **mill** and mix [Poultry feeds]. 117374
Model *farm* ponds with automated monitoring of water quality. 125183
Farm **modernisation** for farm growth. 115326
Notion of *farming* and **modernization** in the Wolof Saloum environment (Senegal). 115323
The **Namulonge** *farm* [in Uganda, cotton]. 121938
Noise on the *farm*. 125406
RX [prescription] for erodible Southern soils [**No-tillage** *farming]*. 125088
Evaluating **oceanic** *farming* of seaweeds as sources of organics and energy. Semi-annual progress report December 1, 1974June 30, 1975 [Macrocystis pyrifera, Algae]. 121312
Energy requirements for different *farming* **operations** [Costs, Colombia]. 115544
A retirement income simulation model for *farm* **operators.** 115555
Cost distribution [in *farming]* **optimized** by marginal programming. 115401
Eroded plots of land on slopes, a big reserve of increased agricultural production (from the experience of the *Farm* **Perieni**). 125143
Involvement of veterinary medicine in organizing an industrialized **pig** *farm*. 118507
Farm **planning** and budgeting. 115337
Empirical measures of risk for selected field and horticultural crops *[Farm* **planning**]. 115450
Comparative evaluation of different methods of studying the influx of cesium 137 [isotope] from the soil into *farm* **plants** [Radioactive contamination]. 116017
Provinces reflect **Portuguese** *farm* policies. 115852
Broderstorf crop farming cooperative competes for title of "nationally recognized food **potato** *farm*" [East Germany]. 115339
Vector control in seed **potato** *farming* [Insect pests, virus transmission]. 122835
State of weed control in **potato** *farming*. 123109
In search of gentlemen for **poultry** *farming* [Prices, subsidies, Brazil]. 115570
Forecast confirmed by **poultry** *farming* in Sao Paulo [Economic aspects, production, prices, statistics]. 115809
Forecast: **poultry** *farming* in Sao Paulo maintains its place [Economic aspects, production statistics]. 115810
Poultry *farming* in the new large state [Brazil]. 115812
Age dynamics of the morphological and chemical composition of eggs from hens of the Leghorn breed in the conditions of large **poultry** *farm*. 117056

Airborne Pb [lead], Cd [cadium], Zn [zinc], and Cu [Copper] concentration by particle size near a Pb **smelter** *[Farm].* 125386
Cooperation between **socialist** *farms* and fruit, vegetable and potato state farms in the cooperative associations for food potatoes of the Schwerin district. 115340
Economics of the output of animal husbandry products in **specialized** *farms* of the Leningrad Region. 115353
Rearing of heifers on large **[specialized]** *farms.* 117470
Cooperation between socialist farms and fruit, vegetable and potato **state** *farms* in the cooperative associations for food potatoes of the Schwerin district. 115340
Integrated mechanization and electrification of production in collective and **state** *farms.* 115356
Intensification and concentration of production on cattle **state** *farms.* 115360
The role of reindeer husbandry in the economics of northern collective and **state** *farms.* 115369
Management problems for assuring a high field crop yield in all Cooperative Plant Production Sections, Agricultural Producers' Cooperatives and **State** *Farms* [East Germany]. 115411
The Mockern **State** *Farm* industrial fattening combine: development of creative potential of workers in socialist emulation [East Germany]. 115420
State *farm* income statistics. 115784
Results of veterinary services on **state** *farm* Spreenhagen for laying hybrid breeding, between 1972 and 1975. 118520
Possibilities for prophylaxis of perosis in poultry. 2. Testing of a preparation with manganese and selenium, supplied by the **State** *Farm* Agraria Dresden, for perosis prophylaxis in a broiler unit. 119170
A brief report on the development of viticulture and wine production of **state** *farms.* 122200
Experiences from the use of the K 453 high-pressure press in the recovery of straw in 1975 on the Hadmersleben **State** *Farm* of crop production. 124670
Studies in costs of production [of] town milk **supply** *farms* 1973-74. 115541
Study of the technical and economic feasibility of **swine** *farming* in the Zona da Mata, of Minas Gerais. 115335
Comparison between natural and artificial insemination in a modern **swine** *farm.* 118396
On a syndrome similar to transmissible gastroenteritis in **swine** *farms* in the Padana plain [Virus diseases]. 118680
Marchants have key role in developing maize crop *[Farming* **system].** 115318
Free Cultivation Scheme of Yavatmal District **[Tenant** *farming].* 115338
Studies on the land use assessment of grasslands. 1. Landscape comparison of windbreak forests in the **Tokachi** *farm* area and the Konsen grassland farm area. 115291
The occupation of the *farm* **tractor** driver. IV. [Colombia]. 124660
What do you want from a *farm* **trailer?** 124692
An evaluation of *farm* **tree** plantings in Idaho. 119599
The fifth Five Years Plan of the *model-farm* at the **University** of Agricultural Sciences in Godollo. 115860
Observations on the flex wearing variations of teat-cup liners in *farm* **usage** [Milking machine components]. 124701
Fertiliser handling on the *farm* in **Western** Europe, the United States, Iran and Tunisia. 125046
Farmstead **windbreaks.** 119382
The *farm* **[wine]** cellar [Manufacturing equipment]. 117258
Farm **woodlots.** 119547
Choosing heavy equipment for the *farm* **workshop.** 124689
Choosing workshop tools [for the *farm* **workshop].** 124690
Is there a **worm** *farm* in your future? [Raising earthworms for soil improvement]. 124859

FARROWING

Study of the effect of the time of *farrowing* and the **type** of harrows on the weediness and yield of barley. 122150

FASCIOLA

Intradermal reaction in cattle with an antigen specific of *fasciola* **genus.** First trial as a diagnostic method. 118902
Liver flukes *[Fasciola* **hepatica]** in Florida cattle cause economic losses to cattlemen. 118689

FASCIOLIASIS

Bovine *fascioliasis* in Mantova Province. 118921

FASTING

Blood metabolities and glucose metabolism in the fed and *fasted* **chicken.** 118099
Effects of irradiation to larvae of Bombyx mori in relation to nutritional **conditions** and *fasting.* 124508
Improvement in jejunal enzyme adaptation in obese adult-onset diabetic patients following a **30-day** *fast* [Diet]. 116283
Holding down costs for **expanded** *fast* food menus. 116625
The battle begins meal quality, plate waste, *fast* **food,** the bloc grant. 116607
Electrophysiological reaction of olfaction of the codling moth, Laspeyresia pomonella L., as a **possible** *fast* method for determining the toxicity and content of insecticides. 123391
Effects of diets on cold tolerance and metabolic responses to cold in *fasted* **rats.** 116467
Development of the renal response to blood volume expansion in normal and *fast-growing* **rats.** 117534
Time dependent effects on contractile properties, fibre population, myosin light chains and enzymes of energy metabolism in intermittently and continuously **stimulated** *fast* twitch muscles of the rabbit. 117877
Effect of *fast-growing* **[tree]** species on the growth and condition of common oak [Quercus robur] in [shelterbelt] plantings created by a strip type of mixing on the soils of the Kamennaia Step'. 119411
Effect of two quantities of milk once or twice daily and one **weekly** *fast* on the performance of calves. 118045

FATAL

Fatal **abomasal** ulcers in yearling feedlot cattle. 119131
A *fatal* **case** of aortic aneurysm in a goat. 119097
Reovirus-like agent associated with *fatal* **diarrhea** in neonatal pigs. 118764

FATIGUE

Cage *fatigue* [in layng hens]. 119090
Allelopathic **soil** *fatigue* under flower crops. 121652
About **soil** *fatigue* under field crops [Accumulation of certain substances and plant nematodes as a result of monoculture]. 124804

FATS

The effect of dry versus wet stimulation of milking cows on the *fat* **absorption** by teat cup liners. 117476
Mass spectra of **acetylenic** *fatty* acid methyl esters and derivatives. 116793
Fatty **acid** composition of adipose tissue and liver fats of the rats fed yeast grown on n-alkanes. 116455
Chromatographic column fractionation and *fatty* **acid** composition of different lipid classes of linseed oil. 117152
Fatty **acid** composition of the oil of different avocado varieties cultivated in Sao Paulo State. 117309
Nutritional effects on age at puberty and plasma amino acid level in Yorkshire gilts and on chemical composition, nucleic acid, *fatty* **acid** and hydroxyproline contents of the uterus. 118097
On the purification of a *fatty* **acid** synthetase complex from an insect [Lucilia sericata]. 123861
Comprehensive evaluation of *fatty* **acids** in foods. VIII. Finfish. 116401
Assessment of effect of starvation, glucose, *fatty* **acids** and hormones on alpha-decarboxylation of leucine in skeletal muscle of rat. 116420
Flow properties of heated oils. 2. Flow properties and polymerization of *fatty* **acids** of soybean oils. 117132
Six months Friesian calf production. II. Correlations among some plasma components and weight gain, carcass and *fatty* **acids** composition. 117563
Vegetable oils and **animal** *fats* as renewable resources for plastics and coatings applications. 116806
Establishing the initial stage of *fat* **autooxidation** in dry dairy products by means of ultraviolet spectrophotometry. 116926
Concentrations of fat and plasma 5 alpha-androstenone and plasma testosterone in boars selected for rate of body weight gain and thickness of **back** *fat* during growth, sexual maturation and after mating. 118347
The effects of castration upon the *fat* **body** cycle by the female cockroach Nauphoeta cinerea. 124083
Quality of protein in milk replacers for young calves. IV. Rennet (chymosin, rennin) coagulation of reconstituted skim milk powder containing added proteins, *fat,* **calcium,** phosphate and citrate. 118038
Dynamics of *fat* **changes** in hepatocyte after application of phallotoxins [of the fungus Amanita phalloides]. 120958
Residue levels of *fatty* **compounds** and surfactants as suckering agents on tobacco. 117070
Scalded sausage manufacture in the meat trade. 11. Scalded sausages in modern artificial skins; seasoning; manufacture of *low-fat* **cooked** sausages; small sausages fresh from smoke. 116958
Investigation of methods used in the exact determination of **crude** *fat* digestibility in calves. 117987
The effect of carbohydrates and *fats* in the **diet** on the intensity of lipid metabolism changes in protein deficiency. 116570
Effect of **dietary** *fat* on hepatic metabolism of 14C [carbon isotope]-oleic acid and very low density lipoprotein triglyceride in the gerbil [Coconut or safflower oil]. 116425
Effect of type of **dietary** *fat,* cholesterol and chenodeoxycholic acid on gallstone formation, bile acid kinetics and plasma lipids in squirrel monkeys. 116426
Fat **distribution** in steer carcasses of different breeds and crosses. 1. Distribution between depots. 116936
U.S. **Edible** *fats* and oils refining capacities, 1975. 117106
Manufacture of scalded sausage in the meat trade. 5. Use of foreign proteins and preparation of *fat* **emulsions.** 116948
Rat strain differences in cyclic-AMP [adenosine monophosphate] levels in liver and **epididymal** *fat* pad tissue as influenced by glucagon. 116438
Essential *fatty* acid deficiency in adults receiving total parenteral nutrition. 116279
Don't let your SNF *[solids-not-fat]* **fall** [Feeding dairy cattle]. 118123
The digestibility and the digestible energy content of various *fats* for **fattening** pigs. 118155
Evolution of knowledge in the **field** of *fats.* 116821
Polyunsaturated meat and dairy products in *fat-modified* **food** patterns for hyperlipidemia. 116405
Influence of the amount of *fat* in **food** on the secretion and composition of bile in rats. 116562
Analysis of **food** *fats.* 116751
Changes of sensory value by interaction of alkanals with amino acids and proteins [Rancid flavour of *fat-containing* **foods].** 116231
Routine methods of examining meat and meat products. 11. Determination of drained weight of canned cooked meats containing jelly and of meat brawns. Determination of **free** *fat,* pure gelatine and jelly contents. 116133
Influence of mastitis on the physico-chemical status of milk lipids. I. Glycerides, **free** *fatty* acids and phospholipid. 116167
Free *fatty* acids and the onset of rancidity in rainbow trout (Salmo gairdneri) flesh. Effect of phospholipase A. 116195
Postprandial glucose, insulin, **free** *fatty* acid and growth hormone responses in [Peruvian mestizo] children consuming all the day's protein in one meal. 116289
Postprandial glucose, insulin, **free** *fatty* acid and growth hormone responses in children consuming all the day's protein in one meal. 116293
Significance of glucose, insulin, and **free** *fatty* acid on the hypothalamic feeding and satiety neurons. 116375
Effect of **free** *fatty* acids on the radiolysis of triglycerides. 116765
Factors influencing the release of **free** *fat* in raw milk. 116908
A contribution to the evaluation of **frying** *fats.* 116701
Status of *fat* **globule** membrane proteins in sterilized and chilled buffalo milk. 116886
Comparative histochemical studies on avian liver. 4. Relationship of dietary preference of various representative birds with the *fat* and **glycogen** contents and distribution pattern of histochemically demonstrable lipids in their livers. 117872
Changes in protein, *fat* & **glycogen** in the larvae of rice moth Corcyra cephalonica St. during nuclear polyhedrosis virus infection. 123968
Plasma transport forms of **ingested** *fatty* alcohols in the rat. 116479
Is carbofuran [pesticide] our answer to *Fat* **John** [a grub stage of a tiny beetle Diaecoderus] and other pests of maize? 123306

Syntheses of tetra- and hexadeuterated octadecenoates [for. mass analysis of **labeled** *fats].* 116794
Utilization of energy for maintenance and for *fat* and **lean** gains by mice selected for rapid postweaning growth rate. 118104
Quality of protein in milk replacers for young calves. II. Effects of heat treatment of skim milk powder and *fat* **levels** on calf growth, feed intake and nitrogen balance. 118036
Fatty acid composition of adipose tissue and **liver** *fats* of the rats fed yeast grown on n-alkanes. 116455
Hepatic steatosis of poultry *[Fatty* **liver].** 119077
Production of yeasts on *fatty* **matters** of animal and plant origin for human nutrition. 116760
Iodine number determination of **milk** *fat* and vegetable fats by refractometry. 116888
Stabilization of *fats* with **natural** antioxidants. 4. Antioxidative effect of soybean phospholipids. 117155
World exports of oilseeds, *fats* and **oils** to register above-trend gains in 1976 [Statistics]. 115634
U.S. *Fats* and **oils** statistics, 1960-75. 115785
Determination of monoglycerides in crude **oils** and *fats.* 116770
Chromatographic determination of cis-trans monoethylenic unsaturation in *fats* and **oils**—a review. 116778
Delayed clearance of chylomicron remnants following vitaminA-containing **oral** *fat* loads in broad-beta disease (type lil hyperlipoproteinemia). 116481
Pakistan's *fats/oils* imports to remain high in 1976. 115655
Concentrations of *fat* and **plasma** 5 alpha-androstenone and plasma testosterone in boars selected for rate of body weight gain and thickness of back fat during growth, sexual maturation and after mating. 118347
Structure determination of **polyunsaturated** *fatty* acids by gas chromatography-mass spectrometry—a comparison of fragmentation patterns of various derivatives. 116779
Organoleptic changes in bovine and **porcine** *fats* following treatment with gamma-rays. 117033
The effect of gamma rays on the total acidity and the watersoluble fatty acids in bovine and **porcine** *fats.* 117034
Composition and value of **pork** *fat.* Experiments and comments. 116975
Bibliographic guide to *fats* and their **products.** LIII. 116823
The potential effects of various *fat* and **protein** differentials on returns to selected dairy farmers [Prices]. 115560
Fat and **protein** content of milk in a large production area of Switzerland. 116924
Introduction of *fat* into **rabbit** diets. I. Effect on growth performances, feed intake and dressing percentage. 117562
Feed intake and nutrient digestibility of growing lambs supplemented intragastrically with *full-fat* **rapeseed** (cv. [Cultivar] Tower). 118029
Soil redeposition in solvent cleaning. 4. Redeposition and prevention of *fatty* **soils** [in tetrachloroethylene, wool, cotton and acrylics fabrics]. 116599
Soil redeposition in solvent cleaning. 5. Survey of *fatty* **soils** in solvents used by drycleaners [for various types of fabrics]. 116600
Coefficients of repetition of the content and amount of milk protein and *fat* **[Study** of dairy cow productivity]. 116921
Increases in the thickness of **subcutaneous** *fat* in pigs [in relation to feeding and keeping conditions]. 117503
Cacao butter and **substitute** *fats:* chemistry and analysis. 116704
Influence of *fat* on the **thermal** destruction of bacteria in sausage products. 116118
Relationship between milk progesterone concentration and milk yield, *fat* and **total** nitrogen content. 116855
Examination of linseed (Linum usitatissimum L.) for the presence of medium chain **trienoic** *fatty* acids. 121540
Lipid peroxidation and atherosclerosis **[Unsaturated** *fatty* acids]. 116314
Quantitative of **unsaturated** *fatty* acids in microbial mutants. VI. Selective growth responses of yeast and bacteria to cis-octadecenoate isomers [Saccharomyces cerevisiae, Escherichia coli]. 120978
Iodine number determination of milk fat and **vegetable** *fats* by refractometry. 116888
Gel chromatographic separation of retinol, retinyl esters and other *fat-soluble* **vitamins.** 116411
Studies on Provolone cheese. II. Changes in the **volatile** *fatty* acids during processing and ripening. 116887
Determination of **volatile** *fatty* acids [in ruminal fluid] by gas chromatography. 117573
Utilization of **volatile** *fatty* acids in ruminants. 8. Acetate activation in mammary tissue [cows]. 117752
Volatile *fatty* acid metabolism in sheep. 1. Average daily volatile fatty acid production in the rumen of sheep fed lucerne hay. 117869
Behaviours of pH [hydrogen-ion concentration] and **volatile** *fatty* acids in rumen juice of sheep afflicted with latent alimentary metabolic acidosis. 119153
The effect of gamma rays on the total acidity and the **watersoluble** *fatty* acids in bovine and porcine fats. 117034

FATTENING

Studies on denaturants that can be added to powdered milk [used as feed]. II. [Fish oil in **calf** *fattening].* 117352
A note on the value of dried citrus pulp and grape marc as barley replacements in **calf** *fattening* diets. 117972
Hygiene in **calf** *fattening*—practically tested. 118558
Protein utilization in calves during different periods of liquid **feed** *fattening.* 117992
The Mockern State Farm **industrial** *fattening* combine: development of creative potential of workers in socialist emulation [East Germany]. 115420
Digestibility and nutritive value of pangola grass (Digitaria decumbens Stent) in relation to nitrogen fertilization and harvesting time **[Lambs** *fattening].* 118044
Recent findings on protein metabolism in swine during *fattening,* with **particular** reference to correlations with pork quality. 117857
Proper organization of **pasture** *fattening* and of planned slaughter of reindeer—the basis for increasing reindeer husbandry productivity in the Magadan Region. 121991
Possibilities of utilizing the results of *fattening* **performance** tests in the evaluation of sheep breeds. 118259
Preliminary data of the mathematical-statistical evaluation of results of **pig** *fattening* capacity tests. 118260
The digestibility and the digestible energy content of various fats for *fattening* **pigs.** 118155
Studies investigating the influence of nutritional factors on the ruminal mucosa. 2. Morphology of the ruminal mucosa after the feeding of *fattening* **rations** varying in physical consistency [Cattle]. 117994
Cattle breeding & *fattening* in **Reunion** Island. 118390
The mechanisms of anabolic action of the PEFAG preparation [growth and *fattening* **stimulant** in livestock based on the mycelium of Actinomyces grseus]. 118068
Results and experience obtained from veterinary services on a state unit for pig breeding and *fattening* after the **VIIIth** Socialist Unity Party Congress. 118518
Flavomycin in *fattening* **young** bulls. 118106
Results of *fattening* **young** rams in pens. 118170

FAUNA

Further notes on the **aphid** *fauna* of Sao Tome (Homoptera, Aphidoidea). 124201
Supplement to the **aphid** *fauna* of Switzerland. II. (Homoptera, Aphididae). 124349
Contribution to the knowledge of the **Arachnid** *fauna* in Slovakia [New taxa]. 124240
Quantitative analysis of the **Arthropoda** *fauna* of Laguna Verde [Ecology, Mexico]. 123914
Beetle *fauna* associated with scats of Brown bear (Ursus arctos) from Trysil, south Norway 1974. 123650
Contribution to the **Braconid** *fauna* of Yugoslavia (Hymenoptera: Braconidae). II. [New taxa]. 124432
Systematic revision of the **Carabidae** *fauna* of Anatolia. 3. [New taxa]. 124303
A contribution to the knowledge of the **Collembolan** *fauna* in the Domica Cave (SE [southeast] Slovakia) [New taxa]. 124468
Diptera endoparasitic of Orthoptera in the **Corsican** *fauna.* 124238
Neuroptera from the island of Anholt, with notes on three species new to the **Danish** *fauna.* 124306
The neotropical **dendrophilous** *fauna.* I. Review of the Proctolabinae (Orthoptera, Acridae) [New taxa]. 124199
Faunistic and **ecological** studies on Drosophilidae species (Diptera) of Switzerland. VII. 124341
Faunistic and **ecological** studies on Drosophilidae species (Diptera) of Switzerland. VIII. 124342
Data on morphology, teratology, postembryonic development, *faunistics* and **ecology** of Myriapoda Diplopoda that are harmful to crops in Senegal. 124254
Ecological and biogeographical remarks on the **entomological** *fauna* of the arid high plains of Mexico. Description of a new Eleodes [alticola] from Popocatepetl (Tenebrionides). 124225
Data to the **Eupithecia** *fauna* of Hungary. VI. Novelties in the Macrolepidoptera fauna. 124434
New notes on the Curculionidae of the **French** *fauna* (Coleoptera). Taxonomy, chorology, ecology, ethology. Second series [New taxa]. 124226
Contribution to the *fauna* of **Gabon** Odonata. 1. [New taxa]. 124223
Harmful *fauna* of flower crops in greenhouses [chiefly insect pests]. 123379
Kisanthobia ariasi Rob. New to the *fauna* of **Hungary.** 124441
Insect *fauna* of male Typha angustofolia flowers [Coleoptera, Diptera]. 124179
Contribution to the study of the **insect** *fauna* of Sumatra. 4. Fine new Cyana species (Lepidoptera, Arctiidae). 124290
Ecological studies on the aquatic insect in the upper region of the Chikuma-river, Nagano Prefecture, Japan. I. Life cycle and growth state of the Ephemerella trispina group (Ephemeroptera: Ephemerellidae), and aquatic **insect** *fauna* in summer. 124357
Altitudinal zonation of the **invertebrate** *fauna* [Heteroptera, Cicadidae, Coleoptera, Araneida] on branches of birch (Betula pubescens Ehrh.). 124361
Study of the **Korean** *fauna* of Insecta Collembola. VI. On the family of edaphic Tomoceridae with the description of four new species and a new subspecies [in the genus Tomocerus]. 124263
Composition, zonation and origin of the **leafhopper** *fauna* of oatfields in Finland. 123284
Contribution to the **Lepidoptera** *fauna* of Saone-et-Loire (Rhopalocera). 124207
Lotic *fauna* of Arna stream at Solvig; an ecological study. 124092
Data to the Eupithecia fauna of Hungary. VI. Novelties in the **Macrolepidoptera** *fauna.* 124434
Data to the **Macrolepidoptera** *fauna* of the Hansag [Hungary]. 124435
Macrolepidoptera *fauna* of Burgenland [Austria]. 124442
Ditylenchus [dipsaci] infestation and the **nematode** *fauna* of garlic in Moldavia. 123002
State of knowledge of tomato, pepper, and eggplant **nematode** *fauna* in the Soviet Union. 123007
Coleoptera Cerylonidae. Study of the species of the **Palearctic** *fauna.* 124253
Notes on the **sawfly** *fauna* of Nagykovacsi (Hymenoptera: Symphyta) II. [Hungary]. 124445
Notes on the **sawfly** *fauna* of Nagykovacsi (Hungary). III-IV (Hymenoptera: Symphyta). 124446
The mirid (Hemiptera) *fauna* of **Solidago** canadensis (Asteracea) in south-eastern Ontario. 124275
Decorosiphon corynothrix Borner, an aphid species new to the *fauna* of **Switzerland** (Homoptera, Aphidoidea). 124338
Contribution to the knowledge of **Zerconidae** *fauna* from North Korea (Acari: Mesostigmata). 124431

FEATHERS

Histochemical studies on pigeon **definitive** *feathers* during post-hatching, induced and regenerative modes of development. IV. Succinate and malate dehydrogenases. 117874
The *feather* **fly** Carnus hemapterus Nitzsch (Milichidae, Diptera) in Switzerland. 124350
Properties of the mRNA for [embryonic chick] *feather* **keratin:** mRNA transcribed from a family of repeated genes. 118318
Feather **meal** in the rations [of poultry]. 118016
An analysis of host-parasite associations among *feather* **mites** (Acari: Analgoidea). 124077

FECES

Olfactory responses of face files, Musca autumnalis, to **bovine** *feces.* 123601
Production of *faeces,* **excreta,** and silk in the wolf spider pardosa palustris (L.) (Araneae, Lycosidae) from Hardangervidda, southern Norway. 124115
Fecal **steroids** in diarrhea. I. Acute shigellosis [Shigella flexneri, malnutrition]. 116280
A study of the comparative values of coliform and *faecal* **streptococci** as presumptive pollution indicator in rural drinking water. 125479

FEED

Experiental restriction of *feed* and **addition** of calcium chloride for swine as a prophylaxis against coli-enterotoxaemia. 118830
Protein utilization as affected by Mecadox *[feed* **additive,** swine]. 118149
Mecadox [for use in **animal** *feeds]*—a review and revelation [in preventing and treating swine dysentery]. 118887
Effect of Virginiamycin administered to rabbits in auxinic dosages **[Antibiotic** *feed* additives]. 118164
Balanced *feed* for better productive efficiency [Poultry]. 118136
Disposal of **beef** *feedlot* manure [Maize, sorghum]. 125057
Skill needed to *feed* **cage** layers. 118138
Bulls vs steers for slaughter: an evaluation of *feedlot* and **carcass** differences. 118128
Valuation of molasses [Extraction, processing, used as **cattle** *feed].* 117180
Straw—the food of tomorrow *[Feed* for **cattle].** 117335
Straw—the food of tomorrow *[Feed* for **cattle].** 117336
Crop residues, their utility as **cattle** *feed.* 117337
Experiments on determining the magnitudes affecting the pressing of **cattle** *feed* with urea additives. 117368
Rations based on silage of guineagrass (Pannicum maximum Jacq.) for beef **cattle** in a *feedlot.* 118021
Energy utilization by *feedlot* **cattle.** 118135
Cerebrocortical necrosis in a **cattle** *feedlot.* 119190
Biopsy cytology of *mast* **cell** tumour. 119210
Studies on the incidence, pathogenesis, and prophylaxis of grass tetany of cattle. 8. Magnesium-enriched pelletized **coarse** *feed* for prophylaxis against grass tetany. 119179
Studies on the incidence, pathogenesis, and prophylaxis of grass tetany of cattle. 9. Further experiments on the use of magnesium-enriched pelleted **coarse** *feed* for. 119180
Inheritance of some characters in crosses between inbred lines of Bombyx mori L. for **commercial** *feeds* during summer and autumn months. I. Cocoon, shell and pupal weights. 124530
Control of raw materials and **compound** *feeds* by means of micrographic analysis. 117325
Effective quality control in **concentrated** *feed* production. 117365
Feed **concentrates** are important to Norwegian agriculture. 117359
The situation concerning aflatoxins in *feed* **concentrates** in Norway. 117370
Are *feed* **concentrates** worth while [for cattle] on pasture? [Effects on milk production]. 118179
The effect of implanting weaner calves with growth promotants under *feedlot* **conditions** [Finishing]. 118120

Feedlot **confinement** and continuous and controlled grazing for growing and finishing swine. 118020
Feeding experiments with bacon pigs. 5. Growth rate and *feed* **conversion** efficiency. 118010
Is the X-factor in **creep** *feeds* worth increased costs. 115474
B1 aflatoxin **detection** in *feedstuffs*. 117382
Results of investigations concerning *[feed]* **digestibility** in mink. 117945
Management and organization of **dried** *feed* production [East Germany]. 117356
Conveying **dry** *feed* [Equipment]. 124706
Some tasks of the *[feed]* **drying** and pelleting plants [East Germany]. 117343
Bed and board [Dairy barns, *feed* **equipment**]. 124611
East **European** *feed* shortage will mean record grain imports. 115647
Insecticide-resistant predatory mites [Typhlodromus pyri] *feed* on **European** red mite, Panonychus ulmi] in apple orchards. 123428
U.S. Grain and *feed* **export** value reaches $11.9 billion in fiscal Year 76 [Statistics]. 115640
Farm *feed* processing and handling. 117375
Proceedings: 9th Beef Cattle Field Day, November 8, 1975, Mealani Experiment Station, Kamuela, Hawaii [Husbandry, *feeds*, **feeding**, pasture management]. 117472
Studies on denaturants that can be added to powdered milk [used as *feed]*. II. [**Fish** oil in calf fattening]. 117352
Thin-layer chromatographic demonstration of the Zenkor herbicide [Residues in **food** and *feed]*. 116266
Feed **grain** and forage production in Hawaii [Yields, varieties]. 122038
Effect of furazolidone in *feed* on **immune** response of turkeys vaccinated with live Pasteurella multocida in drinking water. 118626
Twilight pests in **imported** *feed* raw material. The copra beetle (Necrobia rufipes Degeer), the sap beetle (Carpophilus spp.) and the Siamese flat beetle (Lophocateres pusillusKlug). 123582
Variability in the chemical composition of rapeseed meal *[Feed* **ingredient]**. 117330
[Feed] **ingredient** analysis table: 1976 edition. 117341
Layers improve with DPW [Dried poultry waste, *feed* **ingredient**]. 118146
Legislation: new regulation gives advantages to the consumer *[Feed* **inspection,** Brazil]. 115811
Introduction of fat into rabbit diets. I. Effect on growth performances, *feed* **intake** and dressing percentage. 117562
Feed **intake** and nutrient digestibility of growing lambs supplemented intragastrically with full-fat rapeseed (cv. [Cultivar] Tower). 118029
Quality of protein in milk replacers for young calves. II. Effects of heat treatment of skim milk powder and fat levels on calf growth, *feed* **intake** and nitrogen balance. 118036
The specific effect of fodder beets on the *feed* **intake** by dairy cows. II. 118156
Energy and protein composition of broiler rations. 2 [Effects of *feed* **intake**]. 118166
Britain must *feed* **itself** [Supply of food]. 115943
Sambucus nigra, is it a *feed?* [**Juices,** amino acid content]. 117321
Characteristic data on the kinetics of protein metabolism as determined in studies with 15N [nitrogen isotope] **labelled** *feeds* [Rats]. 117981
Milling by-products in *feed* **legislation.** 115957
Protein utilization in calves during different periods of **liquid** *feed* fattening. 117992
Studies on skim milk replacements in the feeding of young pigs whose suckling period was drastically restricted. 1. Comparative studies with skim milk, fish meal and extracted soybean meal fed as protein source in conjuction with whole wheat meal in a type of **liquid** *feed*. 117996
Studies on skim milk replacements in the feeding of young pigs whose suckling period was drastically restricted. 2. Replacement of skim milk by fish meal and wheat and the feeding of crude or cooked wheat in a type of **liquid** *feed*. 117997
Cost efficiency in gathering and pelleting straw for **livestock** *feed* [East Germany]. 115511
Aflatoxin [**Livestock** *feed* contaminated with Aspergillus flavus]. 117372
Corn [as *feed* for **livestock** and its cultivation]. 121845
Parasites promote problems in **maintaining** *feedlot* health [Cattle]. 118687
Feed **marketing** and distribution [Production and feeding statistics]. 117339
Marking *feed* sacks—the legal requirements explained [Great Britain]. 115801
Contribution to the rapid, simple and certain identification of aflatoxins in **mixed** *feeds*. 117358
Processing of **mixed** *feed* components. 117367
Vitamin content of **mixed** *feed* for piglets. 117380
Protein utilization of **mixed** *feed* rations by lactating pigs, with special reference to the content of essential amino acids in the dietary proteins. 1. Description of experimental methods: studies on the protein utilization of rations containing extracted peanut meal and dried skim milk. 117989
Protein utilization of **mixed** *feed* rations by lactating pigs, with special reference to the content of essential amino acids in the dietary protein. 2. Studies on the utilization of dietary protein in rations containing extracted soyabean meal, horse bean meal, fish meal, maize gluten and waste liq. 117990
Protein utilization of **mixed** *feed* rations by lactating pigs, with special reference to the content of essential amino acids in the dietary proteins. 3. Interrelationships between protein metabolism data and the content of amino acids in feed proteins. 117991
The role of **mixed-supplemented** *feeds* in horse nutrition. 118185
The **new** *feed* law and its definitions of execution. 115959
New *feed* for young swine—increased growth and better economic results. 117360
N-nitrosamine in *feeds*. 117344
Triple *[feed]* **nuts** for beef production. 118025
Evidence that blackfly larvae [Diptera: Simuliidae] can *feed* on **particles** of colloidal size. 124096
Response of some parameters of metabolism in dairy cows to ammonified straw **pellet** *feed*. 118121
Factors affecting *feedlot* **performance** and carcass traits in steers. 118117
House fly [Musca domestica] larvae as protein source [for *feed]* from **pig** manure. 124150
On-farm mill and mix [**Poultry** *feeds]*. 117374
Some thoughts on water & *feed* in **poultry.** 118143
Studies on the effect of prolonged storage and antioxidant supplementation on nutritive value of rice polish [**Poultry** *feed]*. 118144
Enzymes in **poultry** *feed*. 118182
How to minimize mycotoxin problems in your *feed* [**Poultry,** mycotoxicosis]. 119277
Proprionic acid for fungus control [and *feed* **preservation,** mycotoxins, decontamination]. 117327
Sampling **procedures** for *feedstuffs*. 117383
Proposal of organization of *feed* **production** for hot-air drying in the maize and sugarbeet production areas. 117364
Quality control of **protein** *feed* ingredients in poultry. 117373
Substitution of lysine supplemented high protein wheat in **protein** *feeds* fed in the rearing and during the laying period of hens. 5. Influence of graded lysine supplements fed in the laying period on the production characteristics of hens. 118008
Substitution of lysine supplemented high protein wheat in **protein** *feeds* fed in rearing and during the laying period of hens. 6. Graded lysine supplements as affecting the content of crude nutrients in the carcasses of laying hens. 118009
Protein utilization of mixed feed rations by lactating pigs, with special reference to the content of essential amino acids in the dietary proteins. 3. Interrelationships between protein metabolism data and the content of amino acids in *feed* **proteins.** 117991
Substitution of **proteins** [in *feed]*. 118183
Bovine reaginic antibody. I. **Rat** *mast* cell degranulation by bovine allergic serum. 118766
Cottonseed protein [Cottonseed meal, **ruminant** *feed]*. 117331
Evaluation of turkey litter silage as a *feed* **source** for replacement dairy heifers. 118174
Soybean *feed* usage gaining in Japan. 117345
Imports help to meet **Spain's** *feedgrain*, soybean needs. 115650
Disinfection of *feeds* in **specific** pathogenic free poultry farming. 118568
High, medium and low corn silage diets with and without monensin for *feedlot* **steers.** 118091
Potatoes as a **stock** *feed* [Silage, dairy cattle]. 117965
Lamb health linked to *feedlot* **stress** elimination. 118451
Know your *feed* **supplements** [Poultry]. 118145
Mineral quality from the viewpoint of the practitioner *[Feed* **supplements,** nutritive value, cattle]. 118161
How big a margin do you need over *feed?* [**Swine,** costs, returns]. 115534
Buy-in or home-mix? **Swine** *feed]*. 117371
Availability of trypotophan in some *feedstuffs* for **swine.** 118087
Bulk storage hoppers [for **swine** *feed]*. 124637
Determination of test errors in determining phosphorus and uura from the 80-21875/12 and 35 standards of **testing** *feeds*. 117369
Morphological studies of the ruminal mucosa of sheep with simultaneous clinical sheck up during feeding various *feed* **types.** 117988
Dynamics of *feed* **utilization** and the quality of meat of broilers in the conditions of high density rearing. 117502
Determination of *feed* **value** based on simple characteristics. 3. Interrelationships between the content of structural substances and digestibility. 117983
Proteins and alkyloresorcinols in rye grain [and other species of Secale; nutritive **value** as *feed]*. 121465
The indexes of alkyl resorcinols content in rye grain [Nutritive **value** as *feed]*. 121470
Residues in the carcasses of calves after giving **virginiamycin** with the *feed*. 116132
Time-motion studies focus on *feedlot* **waste** efficiency. 125424
Effect of partial amelioration of heat stress on *feed* and **water** intake and some blood constituents in buffalo bulls. 117745
Influence of different initial and final protein levels on productive and reproductive activities of turkeys. I. Weight, growth, conformation, *feed* and **water** consumption. 117976
The studies on the development of a **whole-crop** *feed*. 1. The quality and nutritive value of whole-crop silages made of oats, wheat and barley. 117378
Sorghum and napiergrass silage as **winter** *feed* for pregnant beef cows. 118022
Diseases of **yearling** *feedlot* cattle in Colorado. 118480
Sudden deaths in **yearling** *feedlot* cattle. 118481
Atypical interstitial pneumonia in **yearling** *feedlot* cattle [Micropolysporum faeni as possible causal agent]. 118780
Bronchiectasis in **yearling** *feedlot* cattle. 118781
Shipping fever pneumonia in **yearling** *feedlot* cattle. 118783
Brisket disease in **yearling** *feedlot* cattle. 119125
Bulling [an abnormal behavioral trait] among **yearling** *feedlot* steers. 119126
Embolic pulmonary aneurysms in **yearling** *feedlot* cattle. 119130
Fatal abomasal ulcers in **yearling** *feedlot* cattle. 119131

FEEDBACK

Peripheral control of meal size: interaction of gustatory stimulation and **postingestional** *feedback*. 116369
Effectiveness of the aldosterone-sodium and **-potassium** *feedback* control system [Dogs]. 117536

FEEDING

Changes in patterns of *feeding* **activity,** parotid secretory enzymes and plasma corticosterone in developing rats. 118100
Studies on incidence, pathogenesis, and prophylaxis of bovine grass tetany. 6. Prophylactic **adlibitum** *feeding* of magnesium-enriched mineral fodder. 119177
Studies on the effects of **adult** *feeding* of Perniphora robusta Ruschka (Chalcidae: Pteromalidae) on its reproduction [Forest pests, biological control]. 123459
Preliminary studies of the effects of an induced phosphate deficiency on carbohydrate-nitrogen ratios in Alternanthera philoxeroides (Centrospermae: Amaranthaceae) and on the *feeding* of **Agasicles** hygrophila (Coleoptera: Chrysomelidae). 123905
Lysome enzymes in starving after a regimen of sngle or **all-day** *feeding* [Rats]. 116486
Animal *feeding* stuffs 1975 [Production, trends]. 117328
Facilitation of *feeding* in **aphagic** cats by rewarding brain stimulation. 116357
Food of tropical ants. II. *Feeding* **bahaviour** and diet of Camponotus vividus (Smith) (Hymenoptera, Formicidae). Intrageneric comparisons. 123998
Effects of fertilizer N [nitrogen] and number of years in tillage on the protein and non-protein content of *feeding* **barley** grain (cv. [Cultivar] Nessa) and on N uptake and recovery. 125015
Effects of fertilizer nitrogen and number of years in tillage on the protein content of *feeding* **barley** straw (cv. [Cultivar] Nessa) and on N uptake and recovery. 125016
Stretch your beef dollars. Buy: veal, baby beef, *grass-fed* **beef,** less tender cuts [Recipes]. 116312
The problem of motivation in *feeding* **behavior** [Cats]. 116380
The relationship between external responsiveness and the development and maintenance of obesity *[Feeding* **behavior].** 116382
Djaleonke [West African Dwarf] sheep of the Ivory Coast in village environment. **Behaviour** and *feeding*. 118157
Attempts to influence the *feeding* **behaviour** of brown rats using ultrasonic noise generators [for rodent control]. 122958
Biology and *feeding* **behaviour** of the predatory mite, Amblyseius brazilli (Mesostigmata: Phytoseiidae). 123901
Some observations on the *feeding* **behaviour** of adult Coccinella septempunctata L. 124156
Growth and cardiopathology in **boars** *fed* rapeseed oil. 119086
Digesta compostion in the gastrointestnal tract of **bovines** *fed* forage and high-test molasses diets. Forage utilization [Pennisetum purpureum]. 117640
Technico-economic aspects for the cycle production of th rabbit [Costs, *feeding*, **breeding**]. 115553
Cat's care, **breeding** and *feeding*. 117506
Peculiarities of *feeding* **breeding** hens from the NR cross. 118072
The use of rice bran in **broiler** *feeding*. 118051
Studies on the nitrogen metabolism of **broilers** *fed* 15N [nitrogen isotope] labelled wheat. 1. Problems, experimental programme and excretion. 118002
Studies on the nitrogen metabolism of **broilers** *fed* 15N [nitrogen isotope] labelled wheat. 3. Blood, liver, spleen, thymus, kidneys, brain, pancreas, "labile" N reservoir. 118004
The energy metabolism of young Jersey and Friesian **calves** *fed* fresh milk. 117561
Use of colostrum mixtures for *feeding* **calves** on large farms. 118171
Nutritive muscular dystrophy in cattle. 7. Epizootiology of "white muscle disease" in **calves** *fed* on milk. 119203
Use of straw pellets and poultry manure for *feeding* **cattle** [Costs, East Germany]. 115513
Ultrastructural evaluation of parathyroid glands and thyroid C-cells from **cattle** *fed* solanum malacoxylon. 117890
Sorghum silage and napiergrass silage for beef **cattle** *feeding* in the dry season. 118023
Lessons from America [Dairy **cattle,** *feeding]*. 118053
The silage additive controversy **[Cattle,** *feeding]*. 118056
The rules of the mineral game [in **cattle** *feeding]*. 118113
A **cattle** *feeding* innovation. 118127
Effect of some factors on the quality of Bulgarian sour milk [Effects of *feeding* **cattle**]. 118180
Propionic acid preservation of high moisture corn and its utilisation in beef **cattle** *feeding* [Includes costs]. 118184
Nitrates in **cattle** *feeding* [Toxicity]. 119235
Harvesting, preparation and *feeding* of whole **cereal** and maize plants [Ruminants]. 121928
Nature of carbohydrates in pulses *[Feeding* to **children].** 116397
Comparison of serum cholesterol in **children** *fed* high, moderate, or low cholesterol milk diets during neonatal period. 116480

Grading changes oversupply markets with **Choice** *fed* cattle. 115620
Factors affecting dispensing rate of an automatic dairy **concentrate** *feeder.* 124737
Changes in some biochemical indices of the blood in chickens at **continuous** *feeding* of Timet and Lebaizid [Phosphorus organic insecticides]. 119286
Interactions of glucostatic and lipostatic mechanisms in the regulatory **control** of *feeding.* 116364
Satiety: hypothalamic stimulation, anorectic drugs, and neurochemical substrates [**Control** of *feeding].* 116374
Nitrogen metabolism and productivity of **cows** *fed* granules made of whole forage plants. 118172
Studies on skim milk replacements in the feeding of young pigs whose suckling period was drastically restricted. 2. Replacement of skim milk by fish meal and wheat and the *feeding* of **crude** or cooked wheat in a type of liquid feed. 117997
ME and you. Cost-effective **dairy** *feeding.* 118054
The last lesson from America *[Feeding* **dairy** cattle]. 118055
Feeding **dairy** cows in Zambia. 118061
Urea *[fed* to **dairy** cows] proved harmless at twice the rate. 118114
Don't let your SNF [solids-not-fat] fall *[Feeding* **dairy** cattle]. 118123
Research on the use of dehydrated whole maize plant in *feeding* **dairy** cattle for the purpose of producing Parmigiano-Reggiano cheese. 118168
Proteins in *feeding* **domestic** animals. 118160
Feeding and **drinking** in suckling rats. 116358
Feeding **effect** of juvenile hormone analogud, ZR 619-5 E, on the epilachna beetle, Epilachna vigintioctopunctata Fabricius [Eggplant pests]. 123390
Responses in linoleic acid content of milkfat from cows receiving different levels of protected sunflower seed supplement [**Effects** of *feeding].* 118014
Reproductive performance of cattle as affected by fertilizer treatment and grass variety [**Effects** of *feeding].* 118119
Feeding, **enzymes,** carriers and transport [Rats]. 116514
Feeding **experiments** with bacon pigs. 6. Correlations between certain carcass characters. 116938
Feeding **experiments** with bacon pigs. 4. Carcass composition. 116939
Feeding **experiments** with bacon pigs. 5. Growth rate and feed conversion efficiency. 118010
Feeding **experiments** with bacon pigs. 1. Practical aspects. 118011
Feeding **experiments** with bacon pigs. 2. Data register and computer analysis of data. 118012
Feeding **experiments** with bacon pigs. 3. Some statistical analyses. 118013
Blood metabolities and glucose metabolism in the *fed* and **fasted** chicken. 118099
Studies investigating the influence of nutritional factors on the ruminal mucosa. 2. Morphology of the ruminal mucosa after the *feeding* of **fattening** rations varying in physical consistency [Cattle]. 117994
Morphological studies of the ruminal mucosa of sheep with simultaneous clinical sheck up during *feeding* various **feed** types. 117988
Evaluation of the acceptability of fresh chicken waste: sudax silage vs sudax silage for *feeding* **feeder** cattle. 118116
Substitution of lysine supplemented high protein wheat in protein **feeds** *fed* in the rearing and during the laying period of hens. 5. Influence of graded lysine supplements fed in the laying period on the production characteristics of hens. 118008
Substitution of lysine supplemented high protein wheat in protein **feeds** *fed* in rearing and during the laying period of hens. 6. Graded lysine supplements as affecting the content of crude nutrients in the carcasses of laying hens. 118009
The influence of the level of *feeding* on **fermentation** in the rumen of sheep receiving a diet of ground barley, ground hay and flaked maize. 118086
Feeding **grass** straws to cattle and horses. 118060
Get maximum production from **grass** *fed* beef with irrigated pastures. 122055
An experiment on the *feeding* **habit** of the large 28-spotted ladybird (Henosepilachna vigintioctomaculata) by an alternative grafting between potato plant (Solanum tuberosum) and Chinese lantern plant (Physalis alkekengi). 123254
Effect of *feeding* **hay** and silage made from maize hybrid napier [Pennisetum purpureum] and sorghum on the growth of crossbred calves. 118075
Effect of *feeding* **high** protein prestarter ration on the performance of broilers. 118079
Feeding [**honey**] bees—individually. 124483
Feeding of **honeybees** in winter. 124567
Reducing **horse** *feeding* costs. 115491
Horse *feeding* and nutrition. 118175
Abundant abutilons ("the **hummingbird** *feeder")* [Varieties]. 122435
Autonomic components of the **hypothalamic** *feeding* syndromes. 116352
Significance of glucose, insulin, and free fatty acid on the **hypothalamic** *feeding* and satiety neurons. 116375
Increased *feeding* in rats in a low ambient temperature. 116362
Serum gastrin concentration after sham feeding and *feeding* under the **influence** of propranolol in man. 116315
Total **intravenous** *feeding* in calves [Hyperalimentation in treating diarrheal diseases]. 118552
Increases in the thickness of subcutaneous fat in pigs [in relation to *feeding* and **keeping** conditions]. 117503
Osteolathyrismus, quantitative-morphological study of experimental skeletal disease of rat *[Fed* by **lathyrogenic** agent]. 116297
Whey utilization [**Livestock** *feeding].* 116849
Protein alternates on hand if grain outlook dictates need [**Livestock** *feeding].* 117338
Aspects and inquiries on **livestock** *feeding* [Colza flour used]. 118163
An apparatus for the production of wheat seedlings for *feeding* **locusts** in the laboratory. 123775
Ultrastructural and biochemical evaluation of parathyroid function of pregnant cows administered disodium ethane-1-hydroxy-1,1-diphosphonate (EHDP) and *fed* a **low** calcium prepartal diet. 117889
Relation of mosquito density to bird: **mammal** *feeding* ratios of Culex tarsalis in stable traps. 123596
Effects of post-weaning stress and *feeding* **management** on return to oestrus and reproductive traits during early pregnancy in swine. 117973
Symposium on the *feeding* and **manuring** of roses. 125074
Feeding, **mating,** and oviposition activities of Rhagoletis fausta flies in nature [Cherry fruit pests]. 123369
Neurosecretory activity as related to *feeding,* **mating,** and oogenesis in the female cave tick, Ornithodoros tholozani. 124048
Studies on skim milk replacements in the feeding of young pigs whose suckling period was drastically restricted. 1. Comparative studies with skim milk, fish meal and extracted soybean **meal** *fed* as protein source in conjuction with whole wheat meal in a type of liquid feed. 117996
Rearing and *feeding* of **meat** swine. 118041
Nitrogen retention in **men** *fed* isolated soybean protein supplemented with L-methionine, D-methionine, N-acetyl-L-methionine, or inorganic sulfate. 116435
The effects of **milk** *feeding* on the pre- and post-weaning growth of calves, and on stomach development at weaning. 118085
Laborsaving keeping, *feeding* and **milking** techniques. 115459
Laborsaving keeping, *feeding* and **milking** techniques [Stalls and equipment]. 124655
Studies into incidence, pathogenesis, and prophylaxis of bovine grass tetany. 5. Mineral fodder ad libitum mixes or **mineral** *feeding* in the milking parlour for prophylaxis against grass tetany. 119176
Sexual selection and **nuptial** *feeding* behavior in Bittacus apicalis (Insecta: Mecoptera). 123788
Paddocl *feeding* of dairy cows. 118124
Proceedings: 9th Beef Cattle Field Day, November 8, 1975, Mealani Experiment Station, Kamuela, Hawaii [Husbandry, feeds, *feeding,* **pasture** management]. 117472
On the nature of *feeding* **patterns,** primarily in rats. 116368
Labeling of Trichogramma pretiosum by rearing on eggs from 32P [**phosphorus** *isotope]-fed* adults of Heliothis zea [corn earworm, biological control]. 123282
Influence of a colicinogenic strain, given perorally, on the occurence of various plasmids of Escherichia coli in **piglets** *fed* by flavomycin. 118678
Feeding **pigs** from your own resources [Costs]. 115532
Studies on the digesta distribution in the GIT [gastrointestinal tract] of **pigs** *fed* high-test molasses or maize. 1. Stomach phase. 117641
Performance of mycocardial and blood seral changes in **pigs** *fed* diets containing high or low erucic acid rapeseed oils. 118034
Performance of **pigs** *fed* different levels of Saccharomyces yeast [Saccharomyces cerevisiae] substituting fish meal in molasses diets. 118046
Growth and carcass measurements of **pigs** *fed* common or high lysine maize grown on the same farm. 118130
DDE [dichlorodiphenyldichloroethylene] *feeding* and **plasma** osmoregulation in ducks, guillemots, and puffins [Organochlorine toxicity]. 123682
Role of copper, manganese & zinc in **poultry** *[feeding].* 118142
Broiler enterprise: its success on economic efficient ration *[Feeding* **programs].** 118137
Plasma amino acids in reptiles after *feeding* **protein** or amino acids and after injecting amino acids. 116437
Circulating lipophages and aortic foam cells in experimental atherosclerosis of *[cholesterol-fed]* **rabbits** under altered reticuloendothelial activity. 116493
Trace mineral deficiencies in rats caused by *feeding* **rapeseed** flours during growth, gestation and lactation. 116441
Feeders have found **rapid** disease identification [Cattle]. 118450
Protein metabolism in broiler tissues at different levels of energy in *feeding* **rations.** 118173
Decreased plasma insulin but normal glucagon in **rats** *fed* low protein diets. 116423
Fatty acid composition of adipose tissue and liver fats of the **rats** *fed* **yeast** grown on n-alkanes. 116455
Metabolism of liver triacylglycerols in **rats** *tube-fed* a threonine-devoid diet. 116497
Mineral composition of liver and kidney of **rats** *fed* corn, sorghum, and soybean grain grown with sewage sludges and NPk [nitrogen, phosphorus, potassium] fertilizers. 118083
Dominant lethal mutations in **rats** *fed* on irradiated wheat [health hazard]. 119244
Metabolism of 109 Cd [cadmium isotope] in **rats** *fed* normal and low-calcium diets. 119259
The *feeding* **relationships** of two invertebrate predators in a New Zealand river [Archichauliodes diversus, Stenoperla prasina]. 123920
Active diagnostic lab business **reveals** *feeder* interest [Causes of disease in cattle]. 118449
The intestinal protozoa of the *wood-feeding* **roach** Cryptocercus. II. Symbionts. 124076
Insect density effects in **root** *feeding* by larvae of Sericesthis nigrolineata (Coleoptera: Scarabaeidae) [Pasture pests]. 123316
Feeding **roughage** to chickens [Costs]. 115495
Studies with ammonized straw pellets used as sole basal diet in the *feeding* of **ruminants.** 2. Studies on processes of ruminal fermentation in relation to milk composition and the milk yields of cows. 118005
Serum gastrin concentration after **sham** *feeding* and feeding under the influence of propranolol in man. 116315
Volatile fatty acid metabolism in sheep. 1. Average daily volatile fatty acid production in the rumen of **sheep** *fed* lucerne hay. 117869
Nitrogen additives to corn **silage** *fed* to growing calves. 118031
Part **slat** *feeding* floor—200 pigs. 124628
Utilization of proteins by the equine **species** *[Feeding].* 117969
The evolution of the **sponge** *feeding* habit in the caddisfly genus Ceraclea (Trichoptera: Leptoceridae). 123807
Feed marketing and distribution [Production and *feeding* **statistics].** 117339
Feeding **steers** for show. 118059
Refeeding **stomach** content of slaughtered animals. 118067
Feeding **straw** and molasses to dairy cattle. 118018
Electrical measurement of *feeding* by the **strawberry** aphid [chaetosiphon fragaefolii] on susceptible and resistant strawberries and nonhost plants. 123368
Feeding of **sugarbeet** top silage [Cattle]. 118024
The effect on growth of *feeding* **supplemental** milk or baby food to the suckling rat. 116477
Effectiveness of **supplementary** *feeding* of reindeer with urea-mineral mixture. 118069
Substitution of lysine supplemented high protein wheat in protein feeds fed in the rearing and during the laying period of hens. 5. Influence of graded lysine **supplements** *fed* in the laying period on the production characteristics of hens. 118008
Putting research into practice [**Swine,** *feeding].* 118134
Milk fever [Dairy cattle, **therapeutic** *feeding].* 119144
Effect of **time** *feeding* on performance of laying hens during hot weather. 118078
Lupin alkaloids from tertogenic and nonteratogenic lupins. III. Identification of anagyrine as the probable teratogen by *feeding* **trials** [Pregnant cows, crooked calf disease]. 119257
Effect of **urea** *feeding* on the blood haemoglobin content of Haryana heifers. 118074
Studies on the *feeding* **value** of wine yeast in trials with sheep and swine. 117999
Tropical cattle nutrition under grazing range conditions in the Sahel: measurement of the dry matter intake and estimation of digestibility and *feeding* **value** of forages. I. Theoretical basis, purposes and methods. 118158
Feeding **value** of artemisia rhodantha according to the amino acid composition of proteins. 121489
Medication of piglets **via** *feeding* tube. 118510
Refeeding **wastes** to beef cattle. 117324
Feeding and **watering** space for hybrid ducks of the X-11 cross. 118071
Winter *feeding* of the reindeer. 118070
Studies on skim milk replacements in the *feeding* of **young** pigs whose suckling period was drastically restricted. 1. Comparative studies with skim milk, fish meal and extracted soybean meal fed as protein source in conjuction with whole wheat meal in a type of liquid feed. 117996
Studies on skim milk replacements in the *feeding* of **young** pigs whose suckling period was drastically restricted. 2. Replacement of skim milk by fish meal and wheat and the feeding of crude or cooked wheat in a type of liquid feed. 117997

FEES

For services rendered [**Veterinarian** *fees].* 118561

FELINE

Hematological values of healthy **cats** *(Felis* cati L., 1758). 117903
Feline **glomeruli:** morphologic comparisons in normal, autolytic, and diseased kidneys. 119068
Note on two cases of *feline* **haemobartoneleosis** observed in chad [Haemobartonella felis]. 118904
A case of feline infectious anemia (haemobartonellosis) [**Haemobartonella** *felis]* with simultaneous feline leukemia virus. 119043
Induced *feline* urethral obstruction: response to hyperkalemia to relief of obstruction and administration of parenteral electrolyte solution. 119110
Studies on the etiology of *feline* **infectious** peritonitis, preliminary communication. 118659
A case of *feline* **infectious** anemia (haemobartonellosis) [Haemobartonella felis] with simultaneous feline leukemia virus. 119043
Persistence of antibody of *feline* **panleucopaenia** induced by a modified live virus vaccine. 118799
A case of feline infectious anemia (haemobartonellosis) [Haemobartonella felis] with **simultaneous** *feline* leukemia virus. 119043
The prevention of canine and *feline* **tumor** development. 118476

Chemotherapy of canine and *feline* **tumors.** 118463
Cryosurgery of canine and *feline* **tumors.** 118465
Epidemiology of canine and *feline* **tumors.** 118466
General concepts of canine and *feline* **tumors.** 118468
Radiation therapy of canine and *feline* **tumors.** 118471
The etiology of canine and *feline* **tumors.** 118475
Bacterial isolations from canine and *feline* **urine.** 118822
Interaction effects of epidemiologic factors in the *feline* **urological** syndrome [associated with castration]. 119273

FEMALE

Studies on the active form of Callosobruchus maculatus (F.) in Nigeria. III. The dynamics of **active** *female* production in Callosobruchus maculatus (F.) (Coleoptera, Bruchidae) in stored cowpeas. 123558
Diapause development in Aelia **acuminata** *females* (Heteroptera). 124166
Simuliidae (Diptera) of Rendalen, Norway. II. **Adult** *females* attacking cows and humans. 123652
Use of microradiographic technics, instead of dissection for study of the mating status of *female* **armyworm** moths, Mythimna unipuncta, captured in light traps (Lepidoptere Noctuidae) capturees aux pieges lumineux. 124145
Blood serum levels of calcium, phosphorus and magnesium during th pregnancy of the *female* **ass,** Equus asinus L., 1758 (Perissodactyla, Equidae). 118391
Discovery of Nuttalliella namaqua Bedford (Acarina: Ixodoidea: Nuttalliellidae) in Tanzania and redescription of the *female* **based** on scanning electron microscopy. 124214
Teratological Columbicola [columbae columbae] *females* in **Cairo.** 123789
Neurosecretory activity as related to feeding, mating, and oogenesis in the *female* **cave** tick, Ornithodoros tholozani. 124048
Description of the *female* of **Charaxes** acraeoides Druce (Lepidoptera, Nymphalidae). 124267
Cellular proliferation and Mullerian duct differentiation in the *female* **chick** embryo. 117619
The effects of castration upon the fat body cycle by the *female* **cockroach** Nauphoeta cinerea. 124083
Anomaly of *female* **cones** in Siberian stone pine (Pinus siberica du Tour) as a possible form of apomixis. 121808
Fannia thelaziae, a new species of eye-frequenting fly of the benjamini group from California and description of Fannia **conspicua** *female* (Diptera: Muscidae). 124398
Genetic studies on certain body measurements in **crossbred** *females* at first calving age. 118322
Obstructive urethritis in the *female* **dog** (a report of three cases). 119218
Females of **Formica** rufa L. (Hymenoptera, Formicidae) with enlarged labial glands. 123996
A note on the developmental abnormalities of the *female* **genital** tract of bovines. 119098
A comparative study on the effect of various estrogens on the **immature** *female* mouse genitalia and endocrine glands. 118335
Effects of mating on *female* **inhibition** and egg production in the black carpet beetle, Attagenus megatoma F. 123529
Note on Charaxes kheili Staudinger and Charaxes northcotti W. Rothschild, with descriptions of *females* **(Lepidoptera,** Nymphalidae). 124268
Studies on the Phlebotominae of Peru (Diptera, Psychodidae). I. Cuzco Province. 2. description of the *females* of **Lutzomyia** campbelli and Lutzomyia sherlocki, and redescription of the male and description of the female of lutzomyia octavioi. 124420
Studies on the Phlebotominae of Peru (Diptera, Psychodidae). I. Cuzco Province. 3. description of the male and redescription of the *female* of **Lutzomyia** (Psychodopygus) amazonensis (Root, 1934), and list of species collected [Leishmaniasis transmission]. 124421
Portable outdoor cages for **mating** *female* giant silkworm moths (Saturniidae). 124066
Interference among *females* of **Nasonia** vitripennis (Hymenoptera: Pteromalidae) and its effect on sex ratio of their progeny. 123858
Effect on the reproductive functions of *female* **rhesus** monkeys of feedng irradiated wheat flour and potato diet [Metabolic studies]. 116396
The effect of an acute dose of biotin at a post-implantation stage and its relation with *female* **sex** steroids in the rat. 116462
Quantitative analysis of male responses released by *female* **sex** pheromone in Periplaneta americana. 123791
A *female* **specimen** of Acanthocinus (Canonura) leechi. 124390
Serological studies of male and *female* **strains** of Eudorina elegans (Chlorophyceae) [Algae]. 121215
Study on the thyroid function of **Thoroughbred** *females* in varying stages of pregnancy, using "in vitro" tests 125I-T3 and 125I-T4 [Iodine isotope, horses]. 118392
Assessment of sex pheromone activity in **virgin** *female* moths of the tea tortrix (Homona coffearia, Lepidoptera: Tortricidae) and its utilization in monitoring moth populations in tea fields. 123266
Reproductive performance of Zebu compared with Charolais X **Zebu** *females* in a humid tropical environment. 118211

FENCES

Fence **design** [Livestock farms]. 124591
Electric *fencing.* 124589
The fundamentals of **electric** *fencing* [Costs]. 124645
Building better *fence* **ends.** 124642
Mechanical **erection** of *fences.* 124593
Novelty in technical provision of reindeer husbandry [Transportation, machinery for **establishing** *fences,* communication facilities]. 124684
Maintenance/replacement **factors** of *fencing.* 124592
Prefabricated **[farm]** *fencing.* 123783
Maintenance of **farm** *fencing.* 124643
A **history** of *fencing.* 124641
End assemblies: structure and engineering **principle** [in *fencing].* 124590
Posts: structural and engineering **principles** [in *fencing].* 124594
Suspension *fencing.* 124595
Suspension *fencing.* 124644

FENITROTHION

The behaviour of insects in the presence of insecticides: the effect of *fenitrothion* and **malathion** on resistant and susceptible strains of Tribolium castaneum Herbst. 123561

FENUGREEK

Effect of different light periods on the seed surface of *fenugreek* **[Trigonella** foenum-graecum] during the maturation phase. 121338

FERMENTATION

Sulphite reductase and ATP [adenosine triphosphate] sulfurylase in low- and high-sulphite forming wine yeasts [Saccharomyces, Candida]. Relationship to sulphite **accumulation** during *fermentation.* 120916
Amino **acid** *fermentations* using regulatory mutants of Corynebacterium glutamicum. 116756
The citric **acid** *fermentation* by Aspergillus niger [Fungi]: regulation by zinc of growth and acidogenesis. 120989
The influence of some vitamins on citric **acid** *fermentation* [Aspergillus niger, Fungi]. 121363
Concentration gradients of **acidic** *fermentation* products in the rumen of sheep. 117921
Growth and *fermentative* **activity** of spongy saprot, Fomitopsis annosa (Fr.) Karst., in different soils [Fungi]. 121273
Interrelationship of **aerobic** *cellulose-fermenting* [soil] bacteria with their companions on the basis of the synthesis of physiologically active substances. 124818
A laboratory **batch** *fermenter* with differential electrode pH [hydrogen-ion concentration] control [Cheese manufacture]. 116903
The hydrothermal degradation of cellulosic matter to sugars and their *fermentative* **conversion** to protein [Candida utilis, yeasts]. 121158
End products of **glucose** *fermentation* of Pasteurella multocida and Pasteurella haemolytica [Bacterial pathogens of animals]. 119064
History of *fermentation.* 116663
Straw alcohol, an **idea** in *fermentation.* 117087
Viscous product from activated sludge by **methanol** *fermentation.* 125501
Production of cell-bound proteinase by Lactobacillus bulgaricus and its location in the bacterial cell [Preparation of *fermented* **milk** products]. 116889
Progurt, a **new** *fermented* [dairy] product; its technology of processing an dietetic values. 116876
Determination of the cell count of a yeast suspension and computation of the yeast dose by means of a **nomogram** *[Fermentation].* 116796
Effects of differential solid-liquid removal rates on *fermentation* **parameters** in continuous cultures of rumen contents. 117769
Fermentative **production** of limit dextrinase by Aspergillus oryzae [Fungi]. 121136
Environmental condition dependencies of *fermentation* **products** of kaseolytic germs [Milk]. 116862
Microorganisms and flavor development associated with the wild **rice** *fermentation* [Quality]. 116200
The influence of the level of feeding on *fermentation* in the **rumen** of sheep receiving a diet of ground barley, ground hay and flaked maize. 118086
Studies with ammonized straw pellets used as sole basal diet in the feeding of ruminants. 2. Studies on processes of **ruminal** *fermentation* in relation to milk composition and the milk yields of cows. 118005
Problem of biochemical causes of **secondary** *fermentation* of Emmental cheese. 116867
Yoghurt production by lactobacillus [acidophilus] *fermentation* of **soybean** milk. 117165
Simple temperature regulation in *fermentation* and **storage** tanks. 116680
Development and economic importance of *fermentation* **technique** and biotechnology. 116660
Comparison of economical aspect of various systems of **vat** *fermentation* and preservation of wine. 117226

FERNS

Conservation of water by Salvinia [auriculata] sp. **[Aquatic** *fern* weeds]. 121128
Mass production of **Boston** *fern* [Nephrolepsis exaltata] through tissue culture. 122233
Discovery of a *fern,* **Camptosorus** sibiricus Rupr. In Kazakhstan. 119956
Twin shoots borne on a Botryopteris frond **[fossil** *fern]* from the British Upper Carboniferous [morphological variation]. 120256
Rhizoid differentiation in *fern* **[Onoclea** sensibilis] spores: experimental manipulation. 121353
Mutational load in a *fern* **[Osmunda** regalis] population growing in a polluted environment. 120577
An interpretation of dose-response curves for light-induced cell elongation in *fern* **protonemata** [Onoclea sensibilis Dryopteris filix-mas]. 120863
On the germination of seeds of Comptonia peregrina, the **sweet** *fern* [Myricaceae]. 120973
Propagation of **tree** *ferns* from spores [Cyathea medullaris, Dicksonia, New zealand]. 122250

FERREDOXIN

Purification and properties of plastocyanin and *ferredoxin* from **Ceratophyllum** demersum L. 120944
The separation of *pyruvate-ferredoxin* **oxidoreductase** from Clostridium pasteurianum into two enzymes catalyzing different reactions. 116049
Two forms of *ferredoxin* in **pea** leaves. 121609
Pterin-protein complex and *ferredoxin* as **possible** components of a molecular complex in Photosystem I [Chloroplasts]. 120943

FERRIC

Color removal in a *ferric* **chloride-lime** system [Effluent treatment, kraft pulping]. 125562
Requirement of an essential thiol group and *ferric* **iron** for the activity of the progesterone-induced procine uterine purple phosphatase. 117794

FERRICYANIDE

Photosystem 2 mediated electron transport and phosphorylation with *ferricyanide* and **dibromothymoquinone.** The uncoupling activity of dibromothymoquinone [Lettuce chloroplasts]. 121763

FERROUS

A note on the effect of ethylene diamine tetraacetic acid and *ferrous* **ammonium** sulphate on yield of Allium cepa [Onions]. 121778

FERTILITY

Cycles of **boar** *infertility* and pathology of the piglet in intensive swine rearing. 118247
Endometritis in the cow as a **cause** of *infertility.* 119213
How to select the right one. *Fertility* **check,** manage properly [Simmental beef cattle, bulls]. 118404
Milk progesterone as a parameter for *fertility* **control** in cattle; methodological approaches and present status of application in Germany. 118233
Progesterone assays of milk and the control of *infertility* **[Cows].** 118235
Effect of long-term application of inorganic fertilizers on agrochemical properties and *fertility* of **deep** Chernozem. I. 124931
Effect of long-term application of inorganic fertilizers on agrochemical properties and *fertility* of **deep** Chernozem. 2. 124932
Prospects and problems of pregnancy and *fertility* **diagnosis** in the pig by aid of progesterone determination. 118236
Multiple mating by [the cigarette beetle] Lasioderma serricorne (F.)—effects on *fertility* and **fecundity.** 123546
Effect of photoperiod on development and *fecundity* in the **flour** moth, Ephestia kuehniella. 124043
Microsporogenesis and anther development in male-sterile and *male-fertile* **forms** of rye. 120670
Suitability of serum of pregnant Mongolian mares to **improve** *fertility* of autochthonous cattle. 118374
Semen volume, insemination frequency and **initial** *fertility* of turkey breeders. 118415
NPK [nitrogen, phosphorus, potassium] requirement of crops in soils of Saryu alluviums in relation to their **initial** *fertility* status. 124990
Alteration of the *fertility* of **light** Chestnut soil and the productivity of sugarbeets in a crop rotation and in continuous growing in relation to the system of fertilizer application. 121971
Effect of diethylcarbamazine on indexes of *fertility* in the **male** dog. 118199
Fertility of **Merino** sheep classified according to degree of development of face wool and bred by artificial insemination. 118353
Monitoring *fertility* of A.I. [Artificial insemination] programs: can non-return rate do the job? [Cattle breeding]. 118285
Fecundity and **oviposition** period of Aphidius platensis Brethes (Hymenoptera, Aphidiidae) parasitizing Myzus persicae Sulz. (Homoptera, Aphididae) on paprika [Biological control]. 123255
Meiotic behaviour of F1 hybrids between Triticale forms of different ploidy level exceedng the **parents** in *fertility.* 120644
Effect of **phosphorus** *fertility* of soils and phosphate application on rice culture in cool regions. 2. Response of rice plant growth to the amounts of extractable phosphorus in flooded soils under field conditions. 125063
Seed production in sunflower hybrids created on base of cytoplasmatic androsterility with restored **pollen** *fertility.* 120793
Potential *fertility* levels in four diploid Vaccinium species [Blueberries]. 120768
Present *fertility* of irrigated soils with fruit trees in the bro Valley. 124765

Effect of low temperature extension of buffalo semen on **preservation** and *fertility.* 118320
Possibility of extensive blood relationship in livestock populations, and comparison of *fertility* and **resistance** to environmental changes [Genetics]. 118206
Physiological and biochemical prerequisites of selecting stabilizers of sterility and *fertility* **restorers** in maize. 121480
Differentiation of *self-fertility* and **self-sterility** in Prunus by stamen number/pistil length ratio. 121664
Genetic variation amongst swede varieties and their hybrids and their response to **soil** *fertility.* 120761
Effect of inorganic fertilizers, manure and lime in long-term application in a crop rotation on the yield of field crops and on **soil** *fertility.* 124925
Evaluation of **soil** *fertility* for natural pastures [Nitrogen, phosphorus and potassium fertilizers]. 124952
Nutrients removal by crops [**Soil** *fertility* maintenance]. 124980
Role of microorganisms in **soil** *fertility* and plant nutrition. 124981
Interaction of **soil** *fertility* and climate being studied in winter wheat response trials. 125040
Soil *fertility* research with forage crops. 125084
Fertility of **soils** occupied by cacao trees in the southern part of Bahia State [Soil analysis]. 124783
Reproductive performance and *fertility* **testing** in Strain 13 and Hartley guinea pigs. 118367

FERTILIZATION

The variability of soil aeration measurements. II. Field measurements of N2O [nitrous oxide] concentrations, redox potentials, oxygen diffusion rates, and oxygen partial pressures as **affected** by NO3- *[nitrate]-fertilization.* 124880
The cytology of the gametes and *fertilization* of **Allomyces** macrogynus [Fungi]. 120414
Querfurt agrochemical center: assuring high quality of agrochemical work [**Cooperation,** *fertilization].* 115416
Studies on the *fertilization* and **cultivation** of horticultural crops under covering conditions. III. On salt injury of vegetable crops. 3. Effect of the concentration of nutrient solutions on the trace element nutrition of tomato and cucumber. 122981
Influence of *fertilization* on the **development** of humus form on pseudogleys [Forest soils]. 125049
Fertilization **effect** on content of exchangeable cations and of more strongly fixed potassium [in the soil]. 125072
Fertilization **effect** on seed quality taking microelements under consideration. 125073
The influence of gamete aging on *fertilization* and **embryonic** development [Cattle]. 118293
Growth, abundance and distribution of larval tabanids in **experimentally** *fertilized* plots on a Massachusetts salt marsh [Tabanus nigrovittatus]. 124016
Fertilization of **forest** areas and its effect on water quality of surface runoff waters and water sources. 124977
Development of chemical characteristics of soils in protected cultures. Their *fertilization* as a **function** of water availability. 124768
Effect of plant density, irrigation and *fertilization* on **grain** and forage yield of different corn hybrids. 122117
Fertilization of **grass-legume** mixture. 125030
A study on the *fertilization* of **green** asparagus. 125022
Competition between (Medicago sativa L. [Alfalfa] local ecotype) and tall fescue (Festuca arundinacea Schreb. cultivar Ludion) *fertilized* with **increasing** rates of nitrogen. 122116
Relationship of plant population of the sunflower (Helianthus annuus L) to NP [nitrogen phosphorus] *fertilization* and **irrigation** time. 122132
Fertilized **kikuyugrass** [Pennisetum clandestinum] pasture vs sugarcane strippings for backgrounding weaner calves. 118118
Aspects of *fertilization* of **land** on slopes cultivated with wheat and maize. 125054
Effect of increasing liquid **manure** *fertilization* rates on magnitude and quality of black radish yield. 125071
A preliminary study of the economics of *fertilisation* of **mature** maritime pine [Pinus pinaster] in the Landes de Gascogne. 125045
Mineral *fertilization* of Tsuga heterophyla Sarg. In nursery conditions. 124965
Effect of extended organic and **mineral** *fertilization* on the content on some trace elements in soils. 125069
Effects of *fertilizing* **moribund** pines on a granitic soil in Northern Ireland. 125014
Digestibility and nutritive value of pangola grass (Digitaria decumbens Stent) in relation to **nitrogen** *fertilization* and harvesting time [Lambs fattening]. 118044
Influence of seedling methods and **nitrogen** *fertilization* on yield and botanical composition of a white clover-tall fescue mixture in mountain. 122123
Potential response of guinea (Panicum maximum Jacq.) and pangola (Digitaria decumbens Stent) to **nitrogen** *fertilization.* 124974
Aspects regarding **nitrogen** *fertilization* of wheat. 125055
Performance trials and **nitrogen** *fertilization* responses of wheat on the Texas Gulf Coast Prairie. 125061
Content of some trace elements and nitrogen at particular growth stages of winter wheat against the background of **nitrogen** *fertilization.* 125067
Some agrochemical methods for controlling N [nitrogen] *fertilization* in **pangola** grass (Digitaria decumbens Stent). 1. preliminary study. 124975
Grazing management systems for *fertilized* **pasture** [Cattle]. 122040
Payoff: more beef from range **pastures**—*fertilization* project giving proof. 125041
A comparison of **phosphorus** *fertilization* in Central Texas [Sorghum]. 125056
Effect of **phosphorus** *fertilization* on rice yield. 125058
Yield, rate of growth an dmorphological characteristics of the roots of the carrot (Daucus carota L.) in autumn-winter-spring cycle, in relation with plant **population** and *fertilization.* 122467
Effect of monuron and monolinuron on growth dynamics, yields and qualitative changes of winter rye against the background of various nitrogen, phosphorus and **potassium** *fertilization* rates. 123192
Practical *fertilizing* methods with copper. 125026
A role for esterases in the *fertilization* **process** [Rabbits]. 118342
The *fertilization* **process** in the Amur cork tree, Phellodendron amurense Rupr. 121809
Progressive *fertilization* in Streptomyces coelicolor [Fungi]. 120729
Prophylaxis of bovine grass tetany on the basis of final liquor of MgCl2 [magnesium chloride]. 4. The magnesium-substituting effect of MgCl2 final liquor in *fertilization* of **single** crops. 119171
Effect of *fertilization* with **straw** of light soil on its content of basic nutrients. 125070
Fertilization in **swine** and cattle. 118244
The potential [adverse] effects of **urea** *fertilization* on Peromyscus maniculatus in northwest forests. 122999

FERTILIZERS

Phosphatase activity in the roots of some winter wheat varieties as related to the **application** of *fertilizers.* 121404
Alteration of the fertility of light Chestnut soil and the productivity of sugarbeets in a crop rotation and in continuous growing in relation to the system of *fertilizer* **application.** 121971
Phytosanitary state of stands of field crops in relation to crop rotation and *fertilizer* **application** [Disease, pest and weed control]. 122945
Nutritional and *fertilizer* **application** in coconut [Cocos nucifera] culture. 124959
A system of *fertilizer* **application** in a crop rotation with sugarbeets in Kirghizia. 125003
1975 annual report: field trials with isotopes, Davis site *[Fertilizer* **application].** 125044
Formation of the major structural elements of the cotton yield in relation to the variety and *fertilizer* **[Applied].** 121403
Effect of sowing-time **applied** *fertilizer* against the background of the main application on the yield of spring wheat. 125075
An economic and mathematical model for determining the sequence of measures for **applying** *fertilizers* by aircraft in forestry. 125577
Molybdenum deficiency in melons in a Planosol from the Tavira area (Algarve, Portugal) [**Chlorosis,** *fertilizers].* 122885
Standard recommendations for *fertilizers-1976* [**Coffee**]. 125023
Effectiveness of applying concentrated and **compound** *fertilizers* in sugarbeets in the southern part of Kazakhstan. 125009
A steady-state conceptual nitrogen model for estimating nitrogen emissions from cropped lands [Leaching losses, *fertilizer,* **corn**]. 124862
Effect of long-term application of *fertilizers* in a **crop** rotation on the content of humus and nitrogen in Sierozem-meadow soils of Kirghizia. 124928
Mineral nutrition and the yield of winter wheat as related to systematic application of *fertilizers* in a **crop** rotation on typical Chernozem. 124942
What happens to that nitrogen [from *fertilizer,* **crop** residues, or manure] you put in your field? 124966
Increase of yield and quality of winter wheat grain as affected by *fertilizers* in **dryland** farming in the zone of unstable moistening in Azerbaijan. 124941
Effectiveness of *fertilizers* in **durum** and soft wheat in the conditions of weakly leached Chernozems in the Kursk Region. 125077
Study of the centrifuge rudder equipped with wetting devices for the separation of **dust-free** *fertilizers.* 124957
Study of *fertilizer* **effectiveness** [Experiments on doses, nutrient requirements of crops]. 124946
Simplified long-term concept for evaluating leaching of nitrogen from agricultural land *[Fertilizer* **efficiency,** groundwater pollution]. 124878
Fertilizers on **eroded** soils. 125079
Optimum application of *fertilizers* to **food** and seed potatoes. 124984
"Banks" for equipment, *fertilizers,* **forages** at our neighbors [Cooperatives]. 115342
Fertilizer and **fuel** from tiny plants? [Algae-Pteridophyta symbiosis, Anabena azolla]. 124917
Effects of N:P:K [nitrogen: phosphorus: potassium] *fertilizers* on **growth,** development & essential oil content of Mentha spp. 121134
Effect of *fertilizers* on the **growth** of pine seedlings in relation to agrochemical properties of the soil. 121787
Guided *fertilizer* application to separate hops varieties. 125119
Fertiliser **handling** on the farm in Western Europe, the United States, Iran and Tunisia. 125046
Proceedings [of the 8th] **Hawaii** *Fertilizer* Conference. 125033
The *fertiliser* **industry:** effects of cost and availability. 124956
Fertiliser **industry** in Bangladesh. 124986
Role of *fertiliser* **industry** in rural development. 124993
Absorption of nutrients by fiber flax and the effectiveness of **inorganic** *fertilizers* on Sod-Podzolic loamy soils in the Udmurt Autonomic Soviet Socialist Republic. 121395
Effect of organic and **inorganic** *fertilizers* on the transformation of sulfuric compounds in winter wheat plants, yield and quality of grain. 121401
Effect of **inorganic** *fertilizers,* manure and lime in long-term application in a crop rotation on the yield of field crops and on soil fertility. 124925
Effect of **inorganic** *fertilizers* and plant density on the accumulation of nutrients in castorbeans and on their productivity. 124926
Effect of **inorganic** *fertilizers* on the yield, chemical composition of meadow foxtail [Alopecurus pratensis] and the regime of nutrients in Peat-Bog soils of the Kola Peninsula. 124927
Effect of long-term application of **inorganic** *fertilizers* in a crop rotation with sugarbeets on the nitrogenous regime of Light-Chestnut soil in the southeastern part of the Kazakhstan. 124929
Effect of long-term application of **inorganic** *fertilizers* on agrochemical properties and fertility of deep Chernozem. I. 124931
Effect of long-term application of **inorganic** *fertilizers* on agrochemical properties and fertility of deep Chernozem. 2. 124932
Effect of organic and **inorganic** *fertilizers* on the productivity of sugarbeets. 124934
Effectiveness of **inorganic** *fertilizers* on eroded calcareous Chernozem. 124939
Effect of different levels, ratio of **inorganic** *fertilizers* and irrigation regimes on the productivity and technological characters of sugarbeets. 125006
Effect of **inorganic** *fertilizers* and sowing rates on the sowing and yielding properties of spring wheat seeds. 125083
Fertilizer **INPUTS** [Increasing Productivity Under Tight Supplies] program: an approach for coping with fertilizer shortages. 125031
Effect of *fertilizers* and **irrigation** on the water and nutrient condition of soil, water consumption and productivity of sugarbeets in Bashkiria. 124924
Trade-offs between farm income and selected environmental indicators. A case study of soil loss, *fertilizer,* and **land** use constraints. 115456
Studies on the performance of alfalfa swards. IV. Effects of varieties, cutting frequency and *fertilizer* **levels** on the yield and plant numbers. 122060
Expenditure of *fertilizers* and **limits** of its profitableness in hops culture according to results of soil analyses and surveys in the Hallertau growing area. 124998
Performance of rice plants with appliation of **liquid** *fertilizers.* 125027
Residual effects of various **magnesium** *fertilisers* on grassland. 125038
Multi-faced extension programme heralds rural prosperity *[Fertilizer* **marketing].** 124989
Supplies of available phosphates in the soils from the Maritime Territory and their variation under the effect of *fertilizers* and **moistening.** 124947
Effects of *fertilizer* and **moisture** on seed yield of onion. 122335
Effect of various levels of **molybdenum** *fertilizer* on the yellow lupine. 125081
Leaching of **nitrate** *fertilizer* after big spring rains. 125025
Effects of planting systems on yield, bulb quality **nitrogen** *fertilizer* utilization of garlic (Allium sativum L.). 122297
A lysimeter study of the fate of *fertilizer* **nitrogen** on grassland. 124953
Inoculum [Rhizobium bacteria]: a substitute for **nitrogen** *fertilizer.* 124982
Effects of *fertilizer* N **[nitrogen]** and number of years in tillage on the protein and non-protein content of feeding barley grain (cv. [Cultivar] Nessa) and on N uptake and recovery. 125015
Effects of *fertilizer* **nitrogen** and number of years in tillage on the protein content of feeding barley straw (cv. [Cultivar] Nessa) and on N uptake and recovery. 125016
The effects of a granular **nitrogen** *fertilizer* and a foliar spray of urea on the yield and bread-making quality of ten winter wheats. 125019
A predictive **nitrogen** *fertilizer* budget for a better crop of sugarbeets. 125039
Effect of *fertilizer* **nitrogen** applied to the paddy field and its absorption by rice plant. VII. Relationships between the absorption of nitogen by the rice plants and its growth. 125050
Effects of *fertilizer* **nitrogen** applied to the paddy field and its absorption by rice plant. VI. Influence of a thermal factor on the soil ammonium nitrogen and the absorption of nitrogen by rice plant. 125051
Effects of *fertilizer* **nitrogen** applied to the paddy field and its absorption by rice plant. VIII. Compartive studies of the behavior of basal nitrogen and the absorption of nitrogen by rice plant in different paddy soils. 125052
Energy production per acre and efficiency of energy production by grain sorghum and cotton as related to **nitrogen** *fertilizer.* 125059
Comparison of **nitrogen** *fertilizers* applied to fiber flax crops. 125066
Effect of different forms of **nitrogenous** *fertilizers* on the productivity of potatoes on irrigated Sierozem soils in Uzbekistan. 124920
Effect of different forms of **nitrogenous** *fertilizers* on the resistance of cotton to wilt [Verticillium dahliae]. 124921
Forms and time of application of **nitrogenous** *fertilizers* in winter cereals. 124940
Regularity in the action of nitrogen in the main forms of **nitrogenous** *fertilizers* used at various rates [Effect on the yield of spring wheat, oats, barley]. 124945
The geography of effectiveness of **nitrogenous** *fertilizers* in West Siberia. 124948

Uptake of nitrogen by barley plants and the transformation of **nitrogenous** *fertilizers* on regraded Chernozem. 124949
Effect of the levels and time of the application of **nitrogenous** *fertilizers* on the yield and quality of winter wheat grain. 125076
Pasture improvement with 2,D [(2,4-dichlorophenoxy)acetic acid] and *fertilizer* in **northwestern** Minnesota, 1971-73. 121903
Use of **organic** *fertilizers* in Hawaii. 125034
Agricultural chemicals *[Fertilizers,* **pesticides,** statisics]. 125087
Profitable use of **phosphate** *[Fertilizers].* 124963
Value of compounds containing covalent P-N [phosphorus-nitrogen] links as **phosphatic** *fertilizers.* 125047
Action of forms of **phosphorus** *fertilizers* on rice in the Sheki-Fakataly Zone of the Azerbaijan SSR. 121396
Effect of placement of **phosphorus** *fertilizer* and lime upon growth of Delicious and Golden Delicious apple trees. 121701
Effect of the nematode Pratylenchus brachyurus on the growth, nutrition and yields of "Smooth Cayenne" pineapple. Influence of *fertilizer* **placement.** 122928
Project management of *fertiliser* **plants** shortfalls, causes and remedies. 124991
Mineral composition of liver and kidney of rats fed corn, sorghum, and soybean grain grown with sewage sludges and NPk [nitrogen, phosphorus, **potassium**] *fertilizers.* 118083
Application of high doses of phosphorus and **potassium** *fertilizers* before the establishment of a pome fruit orchard. 124919
Effect of **potassium** *fertilizers* on the grain quality of winter wheat Mironovskaia 808. 124936
Effect of **potassium** *fertilizers* on [crop] yields and removal and utilization of nitrogen, phosphorus, and potassium by winter rye. 124937
Effectiveness of reserve application of phosphorus and **potassium** *fertilizers* on peaty soils. 124938
Potassium nutrition of plants and the effectiveness of **potassium** *fertilizers* [as related to soil chemical properties]. 124943
Production of **potassium** *fertilizers* with slow solubility. 124944
Evaluation of soil fertility for natural pastures [Nitrogen, phosphorus and **potassium** *fertilizers].* 124952
Effects of high amounts of **potassium** *fertilizers* on the yield and quality of sugarbeets. 125082
Importance of application of **potassium** *fertilizers* for saltsensitive cultivated plants irrigated with saline water [Wheat]. 125085
Fertilizer **practices** and efficiency of use. 124972
Application of *fertilizers* to the **production** of Eucalyptus saligna Sm. seedlings. 124964
Fertiliser **production** in India: an overview. 124987
Effect of long-term application of *fertilizers* on the **productivity** of crop rotations. 124930
Promoting *fertiliser* use in rainfed areas. 124992
Variation of Young's modulus caused by *fertilizer* **ratios** & chemical composition of rice varieties at flowering stage. 121510
Nutritional and *fertilizer* **requirements** of rubber tree [Hevea brasiliensis] culture. 124960
Reflections on the nutritional and *fertilizer* **requirements** of the African oilpalm [Elaeis guineensis]. 124961
Fertilizer **requirements** in Hawke's Bay, Wairarapa and Manawatu. 125053
Fertilizer INPUTS [Increasing Productivity Under Tight Supplies] program: an approach for coping with *fertilizer* **shortages.** 125031
Utilization of **slow-release** *fertilizers* and nitrification inhibitors. 124950
Slurry *fertiliser* value. 125048
Joint effect of irrigation, *fertilizers* and **soil** tillage on the productivity of sugarbeets. 121979
High quality by the application of **straw** *fertilizers* through adequate distribution equipment and proper introduction. 124983
Application of *fertilizers* in **sugarbeets** on irrigated Sierozems in Kirghizia. 125004
Application of *fertilizers* in **sugarbeets** in the Armenian SSR. 125005
Effectiveness of application of *fertilizers* in **sugarbeets** in zones of irrigated farming. 125008
Effect of irrigation and application of *fertilizers* in **sugarbeets** on their production in the Altai Territory. 125243
Irrigation regime of and application of *fertilizers* in **sugarbeets** in the conditions of the Middle Volga River area. 125247
Fertiliser **test** kit for detection of adulteration. 124988
Reproductive performance of cattle as affected by *fertilizer* **treatment** and grass variety [Effects of feeding]. 118119
Results of the evaluation of a single **tree** *fertilizer* experiment on the Scotch pine [Pinus sylvestris]. 124967
Forage sorghum variety and *fertilizer* **trials** in the Upper Gulf Coast Prairie of Texas, 1974. 125060
Economizing on *fertilizer* **usage.** 125029
Evaluation of nitric phosphates differing in water solubility of their phosphorus fraction *[Fertilizers,* **wheat,** berseem]. 125017
World *fertilizer* outlook. 125036
Effect of *fertilizers* on the **yield** and quality of potatoes grown in crop rotation and in monoculture. 124922
Effect of *fertilizers* on the **yield** and quality of winter wheat grain on eroded mountainous Chestnut soils. 124923

FESCUE *see* FESTUCA

FESTUCA

Supplemental needs of pregnant ewes wintered on fescue *[Festuca* **arundinacea**] pasture. 118098
Effects of sowing rate and row width on the seed yield of three grasses [Lolium multiflorum, Dactylis glomerata, *Festuca* **arundinacea**]. 122119
Influence of seedling methods and nitrogen fertilization on yield and botanical composition of a white **clover-tall** *fescue* mixture in mountain. 122123
Temperate grasses: Lolium, *Festuca,* **Dactylis,** Phleum, Bromus (Gramineae). 121966
Relationship between plant nutrient uptake and constituents of meadow **fescue** *(Festuca* pratensis) as regards suitability for conservation. 1. Plant nutrient uptake, nutrient ratio and plant composition. 121579
Competition between (Medicago sativa L. [Alfalfa] local ecotype) and tall **fescue** *(Festuca* arundinacea Schreb. cultivar Ludion) fertilized with increasing rates of nitrogen. 122116
Supplemental needs of pregnant ewes wintered on *fescue* **[Festuca** arundinacea] pasture. 118098
Biochemical characters of evolution and specialization of **genera** *Festuca* and Poa. 119953
Relationship between plant nutrient uptake and constituents of **meadow** *fescue* (Festuca pratensis) as regards suitability for conservation. 1. Plant nutrient uptake, nutrient ratio and plant composition. 121579
An analysis of competitive ability in three perennial grasses [Arrhenatherum elatius, Agrostis tenuis, *Festuca* **ovina**]. 120386
Competition between (Medicago sativa L. [Alfalfa] local ecotype) and **tall** *fescue* (Festuca arundinacea Schreb. cultivar Ludion) fertilized with increasing rates of nitrogen. 122116

FETAL

Fetal and **adult** bovine interferon production during bovine viral diarrhea virus infection. 118760
Foetal **autonomy** [in horses and ruminants]. 117914
Changes of biochemical constituents in **bovine** *fetal* fluids with gestational age. 117544
Development of a cell culture line of **bovine** *fetal* endometrial cells. 117545
The effect of *fetal* **bovine** serum on polyene macrolide antibiotic cytotoxicity and antifungal activity [for control of tissue culture contamination]. 117740
Infectious diseases involving sterility and *fetal* **death/abortion** in sows. 118855
Some biochemical studies on Listeria monocytogenes strains [isolated from adult sheep, lambs, *fetuses,* and **ensilaged** forage]. 118995
Development of digestive and absorptive function in the **human** *fetus* [Newborn infant]. 116494
Maternal leukocyte enzymes in **human** *fetal* malnutrition. 116519
Comparative developmental hematology: animal models [mouse and sheep] to study **human** *fetal* erythropoiesis. 117939
Frank-Starling relationship as an important determinant of *fetal* **[lamb]** cardiac output. 117537
Plasma and adrenal cortisol concentrations in *foetal,* **newborn** and mother guinea-pigs during the perinatal period. 117809
Development of gluconeogenic enzymes in *fetal* **sheep** liver and kidney. 117645
Absence of a correlation between the secretion of adrenocorticotrophin and vasopressin in *foetal* **sheep.** 117807
Hypoglycaemia as a stimulus for adrenocorticotrophin secretion in *foetal* **sheep.** 117808
Circulatory responses of the near-term **sheep** *fetus* to prostaglandin E2. 118197
Magnesium, calcium and zinc levels of maternal and *fetal* **tisues** in magnesium deficient rats. 116434
Epidemiological research into **Vibrio** *fetus* infection in cattle. 118648

FETLOCK

Intra-articular chip fracture or osteochondrosis dissecans of the *fetlock* **joint** of horse. 119265

FEVER

Fever and **amino** acid metabolism [Nutritional effects]. 116515
Behavioral *fever* in newborn rabbits. 117929
Canadian havens from **hay** *fever* [caused by Ambrosia pollen]. 123183
A system for **inducing** *hyperthermia* in [pregnant] sheep. 118366
Milk *fever* [Dairy cattle, therapeutic feeding]. 119144
Uteroplacental blood flow during *hyperthermia* with and without **respiratory** alkalosis [in conscious pregnant sheep]. 117778
Shipping *fever* pneumonia in yearling feedlot cattle. 118783
Swine *fever.* 118588
Problems in carrying out **swine** *fever* control. 118656
Studies on **swine** *fever.* VI. Investigations in pedigree breeding herds in Lower Saxony. 118658
Isolation and properties of the DNA of African **swine** *fever* (ASF) virus. 118789
Purification and physicochemical characteristics of African **swine** *fever* virus. 118790
Titration of African **swine** *fever* (ASF) virus. 118791
Rift **Valley** *Fever* [Sheep, goats and cattle]. 118684

FIBERBOARD

More recent developments in the field of surface modification of *fiberboards.* 2. **Coating** with liquid. 119672
Heat recovery during *cardboard* **drying.** 119778
Physical characteristics in *fiberboard* **drying.** 119785
Survey of Canadian capacity shows reduced growth rates for 1975-78 [Pulp, **paper,** *fiberboard].* 119804
More recent developments in the field of surface modification of *fiberboard.* 1. **Pressed** lamination. 119671
Method of increasing wet stiffness of corrugated boards by means of batchwise hot air treatment—design and costs of **process** *[Fiberboard].* 119821
For 1976-80 [new five-year plan], U.S.S.R. To stress greater productivity and quality [in pulp, paper and *paperboard* **production**]. 119800

FIBERS

Improvement of *fiber* **bonding** of paper fibers with high lignin content through grafting of hydrophilic polymers. 119779
Fiber in **bread** [Western diets]. 116270
Conduction velocity along the afferent vagal dendrites: a new type of *fibre* **[Cats].** 117823
Order in **cellulose** *fibers.* 119720
Analysis of **cotton** *fiber* maturity. II. Glycerol retention value of cotton. 117128
Deuteration of **cotton** *fibers.* I. Partially decrystallized celluloses. 117129
X-ray study of crystalline character and mechanical properties of **cotton** *fibers* swollen in zincoxen solution. 117131
Application of energy dispersive X-ray anaylsis to textile **[cotton]** *fibers.* 117162
Never-dried **cotton** *fibers.* IV. Shrinkage on mercerization. 117196
Never-dried **cotton** *fibers.* VI. Luster. 117197
Never-dried **cotton** *fibers.* VII. Preservation of the never-dried state and ethyl acrylate and alkylene oxides. 117198
Hemp: Cannabis sativa (Moraceae) *[Fiber* **crops,** drug plants]. 121948
Influnce of dwell time of **dissolved** *fibers* in cooking liquor on the yield of paper pulps. 119781
Regeneration of afferent and **efferent** *fibres* to muscle spindles after nerve injury in adult cats. 117830
The relation between villus formation and the pattern of **extracellular** *fibers* as seen by scanning microscopy [Chick embryos]. 117650
An instrument for the rapid automatic measurement of [wool] *fiber* **fineness** distribution. 117031
Absorption of nutrients by *fiber* **flax** and the effectiveness of inorganic fertilizers on Sod-Podzolic loamy soils in the Udmurt Autonomic Soviet Socialist Republic. 121395
Effect of dichlorophenoxyacetic acid on *fiber* **flax** plants [Yields]. 123057
Comparison of nitrogen fertilizers applied to *fiber* **flax** crops. 125066
Latex-fiber **interaction** and paper reinforcement. 119719
Rational manufacture liver sausage and frankfurter sausage types in **lacquer-sealed** *fibre* casings. 116994
Properties and *fiber* **length** of pulp. II. Chemical reactivity of homogeneous and heterogeneous reactions. 119786
A method for the interpretation of [pulp] *fiber* **length** classification data. 119812
Effects of salt solution treatment and low temperature storage on the elongation, weight, *fiber* and **lignin** contents of post-harvested green asparagus spears. 117285
Comparison of the binding of various bile acids and bile salts in vitro by several types of [dietary] *fiber* [on **lipid** metabolism]. 116422
Mechanical *fiber* separation in kraft pulping systems. 119819
Developmental aspects of the innervation of skeletal **muscle** *fibers* in the chick embryo. 117628
Comparative electron microscopic study of the cysts of Sarcocystis fusiformis (Railliet 1897) in the **muscle** *fibers* of naturally infected cattle and after experimental infections of calves by sporocysts of Isospora hominis and the large forms of Isospora bigemina from cat and dog. 118894
The protein composition of glial and **nerve** *fibers* [Bovine brains]. 117681
The secret, my friends, is the *fiber* [in **nutrition** and foods]. 116348
The yields of leaf protein and *fibre* that can be **obtained** from fractionation of berseem (Trifolium alexandrinum L.) [egyptian clover]. 117351
Improvement of fiber bonding of **paper** *fibers* with high lignin content through grafting of hydrophilic polymers. 119779
A new term for **plant** *fibers* in nutrition [Plantix]. 116274
Time dependent effects on contractile properties, *fibre* **population,** myosin light chains and enzymes of energy metabolism in intermittently and continuously stimulated fast twitch muscles of the rabbit. 117877
Fiber **preparations** and their characterization by the current potential. 119776
The influence of sodium chloride on viscose process [during *fiber* **processing**]. 119790
Utilization of animal manures and sewage sludges in food and *fiber* **production.** 124973
Pima regional cotton variety testing in Texas and New Mexico, 1970-72 *[Fiber* **properties**]. 117175
Synergistic flocculation of *fibre-containing* **suspensions** of the pulp and paper industry. 119788

Catalytic effects in the reaction of methylolamide crosslinking agents with cellulose [**Textile** *fibers].* 116836
Contribution to quantitative analytical evaluation of pulp and **textile** *fibers* in fier webs by microscopic methods. 119769
Yield and compostion of tall oil from oxygen-alkali pulped **thermomechanical** *fiber.* 119826
Grafting of vinyl monomers onto **wool** *fibers.* 117017

FIBRINOGEN
Serum *fibrinogen-related* antigen concentrations in the normal dog as measured by the tanned erythrocyte hemagglutination-inhibition immunoassay. 117943

FIBROBLASTS
Development of Sarcocystis hirsuta (=Sarcocystis fusiformis) in tissue culture [of **chick** *fibroblasts]* after inoculation with sporozoites [obtained from dog intestine]. 118927
Duck plague virus replication in Muscovy **duck** *fibroblast* cells. 118624
Transport of sugars in chick **embryo** *fibroblasts.* Evidence for a low-affinity system and a high-affinity system for glucose transport. 117587
Duck viral enteritis: a comparison of replication by CCL141 and primary cultures of duck **embryo** *fibroblasts.* 118625
Nonpermissive infection of L cells by an avian reovirus: restricted transcription of the viral genome [Chicken **embryo** *fibroblasts].* 118806
Physical and chemical characterization of an avian reovirus [Chicken **embryo** *fibroblast* cells]. 118807
A new hypothesis of contact guidance in tissue cells [Chick **heart** *fibroblasts].* 117671
In vitro correction of **Hurler** *fibroblasts* with bovine testicular hyaluronidase. 117894
Selective control of *fibroblast* **proliferation** and its effect on cardiac muscle differentiation in vitro [Chick embryos]. 117646
Cell to substratum adhesion-promoting activity released by normal and virus-transformed cells in culture [Chicken, mouse, and **rat** *fibroblasts].* 117799

FIBROINS
Studies on the posterior silk gland of the silkworm Bombyx mori. V. Electron microscope localization of *fibroin* in the **posterior** silk gland at the later stage of the fifth instar. 124537

FIBROSE
Studies on **osteodystrophia** *fibrosa* in Black Bengal goats. 119095

FICUS
Houseplants: *Ficus* **benjamina,** darling of decorators. 122439
Fig: *Ficus* **carica** (Moraceae). 122362
A strange olive-fig complex (Olea **europea** *L.-Ficus* carica L.). 120437

FIGS
Fig: **Ficus** carica (Moraceae). 122362
1975 world raisin and *fig* **outturns** up; currant and prune crops smaller [Statistics]. 115630
A strange *olive-fig* complex (Olea europea L.-Ficus carica L.). 120437

FILAMENTS
First record of *filamentous* **algal** remains from the late Precambrian rocks of Random Island (Trinity Bay), eastern Newfoundland, Canada. 120004
Germination ecology of **Althenia** *filiformis* Petit in relation to habitat temperature and salinity fluctuations during summer and autumn. 121072
Action of nitrite on fluorescence induction in algae [**Bumilleriopsis** *filiformis,* Scenedesmus acutus]. 121329

FILBERTS
Annotated bibliography on growing Coryllus spp. (Hazels, cobnuts, *filberts),* 1967-1975. 122453
Field studies on sex pheromone trapping of the *filbert* **leafroller,** Arcips rosanus, in Oregon. 123370

FILLERS
Scalded sausage manufacture in the meat trade. 6. Scalded sausage with **coarse** *fillers,* crackling processing with and without extraneous protein, and frozen meat processing. 116954

FILMS
Observation of root growth of strawberry plants grown on **black** *film-covered* and uncovered soil. 121732
The effect of surface treatments on the migration of organotin stabilizer from polyvinyl **chloride** *films* to contacting liquid media [Food packaging]. 116711
Meat dishes heat-preserved in *film* or **foil** packages. III. Controls on filling, evacuating and closing containers. 116733
Thiamin and riboflavin retention in meats cooked uncovered and in **oven** *film.* 116338
Thiamin and riboflavin retention in meats cooked uncovered and in **oven** *film.* 116339
Paint—a vital **protective** *film* [for beehive maintenance]. 124488

FILTERS
Beer filtration. IV. Siliceous earth filtration with **kettle** *filters.* Basics of layer filtration. 116670
Development of plants in *filtered* **sunlight.** I. Spectral composition, light intensity and other experimental [greenhouse] conditions. 121693
Development ofplants in *filtered* **sunlight.** II. Effects off spectral composition, light intensity, daylength and red and far-red irradiations on long and short-day grasses. 123313

FILTRATES
A cellulase complex in **culture** *filtrates* of Penicillium citrinum [Fungi]. 120445
Production of a cellulase complex in **culture** *filtrates* of Aspergillus tamarii associated with mouldy cocoa beans in Nigeria. 122698

FILTRATION
The cleaning of tubular cellulose **acetate** *ultrafiltration* membranes [Whey proteins, cleaning procedure]. 116911
Beer *filtration.* VI. Stabilization. 116668
Beer *filtration.* V. Layer filtration, membrane filtration, short-term heating. 116669
Beer *filtration.* IV. Siliceous earth filtration with kettle filters. Basics of layer filtration. 116670
Improvement of **beer** *filtration* by the addition of enzymes. 116808
Soft cheese manufacture from *ultrafiltration* **concentrate.** 116869
Beer filtration. IV. Siliceous **earth** *filtration* with kettle filters. Basics of layer filtration. 116670
Current reflections on the *filtration* of **[fruit]** juices and the processing of the precipitates. 117248
Beer filtration. V. **Layer** *filtration,* membrane filtration, short-term heating. 116669
Beer filtration. IV. Siliceous earth filtration with kettle filters. Basics of **layer** *filtration.* 116670
Beer filtration. V. Layer filtration, **membrane** *filtration,* short-term heating. 116669
Suspended **sediment** *filtration* capacity of simulated vegetation [Soil erosion control]. 125174
Interactions between sludge conditioning, **vacuum** *filtration,* and incineration. 125508

FINANCE
Agricultural *finance* statistics. 115773
Better use of existing grain storage facilities and *funds* **appropriated** for building new granaries [Investments, East Germany]. 115510
Cash flow and working capital as indicators of the *financial* **economy** of agricultural enterprises. 115501
Farm expenditures and their *financing* in 1970. 115473
Fixed *funds* as economic indicators of the effective use of machines in the transition to industrial production [East Germany]. 115406
U.S. Tobacco exports in *fiscal* 1976 **reach** record value on reduced volume [Statistics]. 115637
Rural *funds* in Castilla: legal system of credit cooperatives; present and future situation. 115803
Discussion of *financing* **state** and local government services in a cyclical economy [Effect on rural economic conditions]. 115303
Financing **state** and local services in a cyclical economy [Research on rural development]. 115306
U.S. Grain and feed export value reaches $11.9 billion in *fiscal* **Year** 76 [Statistics]. 115640

FINENESS
An instrument for the rapid automatic measurement of [wool] **fiber** *fineness* distribution. 117031
Micronaire *fineness* as affected by cotton ginning. 117093

FINES
Fine **cytochemical** detection of acid mucopolysaccharides in growing hyphae of Neurospora crassa [Fungi]. 121077
Grinding, very *fine* **grinding,** homogenization and emulsification of [food] products. 116718
Contribution to the study of the insect fauna of Sumatra. 4. *Fine* **new** Cyana species (Lepidoptera, Arctiidae). 124290
Placental *fine* structure after experimental embryonic death in cows. 117835
Physiology and **plastid** *fine* structure of deetiolating Lemna minor. 120981
A *fine* **structural** study of mineralization foci in antler and growth plate **cartilage** [Rats]. 117881
Fine **structural** changes of the porcine oviductal epithelium during late and term pregnancy. 117884
Fine **structural** and biochemical investigations of pheochromocytomas in bulls with C-cell (ultimobranchial) neoplasms of the thyroid (UBT). 119187
Reactivity and *fine* **structure** of cotton mercerized in sodium hydroxide or liquid ammonia. 117199
The *fine* **structure** of the equine motor cortex. 117556
The *fine* **structure** of the leucocytes of the domestic birds. Electron microscopical studies of the blood leucocytes of the fowl, turkey, goose and duck. 117960
The *fine* **structure** of ascospore formation in Ceratocystis fimbriata [Fungi]. 120444
The *fine* **structure** of conidial development in the genus Torula. IV. Torula thermophila Cooney & Emerson [Yeasts]. 120446
The *fine* **structure** in various groups of present-day Pteridophyta (microspores and isospores). 120515
Fine **structure** and variability in shape of pollen grains. II. Pollen of plants pollinated by animals. 120520
Sieve-tube plastids in the electron microscope; development and *fine* **structure** of plastids in the sieve tubes of Allium porrum L. [Leeks]. 120524
The *fine* **structure** of pea root nodules. 2. Senescence and disintegration of the bacteroid tissue [Rhizobium leguminosarum]. 120530
The *fine* **structure** of Phialophora mutabilis [Fungi] grown on various media. 120553
Fine **structure** of the spore wall and germ tube change during germination [Fungi]. 121117
The *fine* **structure** of merozoites of Babesia bovis in the gut epithelium of Boophilus microplus [Ticks as vectors of protozoan diseases of cattle]. 123653

FINGER
Keeping a *finger* on your **herd's** pulse [Swine rearing, costs]. 117484

FINISHES
Nutrient requirements of growing and *finishing* **beef** cattle. 118064
Swine **building**—*finishing* floor. 124629
The effect of implanting weaner calves with growth promotants under feedlot **conditions** *[Finishing].* 118120
Use of electron spectroscopy for chemical analyses (ESCA) in a study of **oil-repellent** *finishes* [of textiles, cotton fabrics]. 117202
Coating of wood pulps with **surface** *finishes* from the reel. 1. Process technology. 119667
The *finishing* of **surfaces** with paper and foils by using a covering process with heated rollers [Wood pulp]. 119675
Feedlot confinement and continuous and controlled grazing for growing and *finishing* **swine.** 118020
The swelling of Hercosett resin [**Wool** *finishing* processes]. 117032

FIRE
Protection of Bartlett pear against *fire* **blight** with deoxyribonucleic acid from virulent and avirulent Erwinia amylovora. 122809
Relationship of *fire* **blight** [Erwinia amylovora] resistance of young pear seedlings inoculated in the greenhouse to mature seedling trees naturally infected in the field. 122811
Device may aid in [forest] *fire* **control.** 119310
Fire and **dwarf** mistletoes [Arceuthobium] in North American coniferous forests [Prescribed fire for control]. 119603
Use of tank trucks for *fires* in **fire-sensitive** forest areas. 119323
Fire and **flame** for plant disease control [including control of insect pests as vectors]. 122899
Forest *fires* and [their] terminology [Control and prevention]. 119297
Ecology of the African savanna [**Forest** *fires* and grazing injuries]. 119301
Developing performance guides for specific air tankers [**Forest** *fire* equipment]. 119309
Improved sleeping bag roller [**Forest** *fire* equipment]. 119312
Forest *fire* safety. 119318
Remarks on the **forest** *fire* catastrophe in the Eschede/Oldendorf area (Celle district). 119320
Thermal infrared photography of **forest** *fire* control. 119322
Use of tank trucks for fires in *fire-sensitive* **forest** areas. 119323
Our professional responsibilities in **forest** *fire* management. 119341
Smoke and **forest** *fire* behavior [in the United States]. 119343
The production of optimum particle smokes in **forest** *fires.* 119347
The trade-offs between smoke from wild and prescribed **forest** *fires.* 119348
Mapping of the wildland fuel characteristics of the Santa Monica Mountains of Southern California [**Forest** *fire* management, remote sensing]. 119350
A case for optimism—interagency coperation [**Forest** *fire* management]. 119366
Equipment standards [for **forest** *fire* control]. 119368
Fuels—the source of the matter [Urban fires and **forest** *fires,* air quality]. 125442
Scars as an indicator of *fire* **frequency** in the san Bernardino Mountains, California. 119352
Effect of *fire* and **grazing** in the maintenance of tropical grasslands. 120337
Effects of juvenile hormone analogues on caste differentiation in the **imported** *fire* ant, Solenopsis invicta. 123246
Flight and survival of alate red **imported** *fire* ants [Solenopsis invicta] after mirex treatment. 123247
Attitude, a case for optimism in [forest] *fire* **management.** 119367
Training—a case for optimism in [forest] *fire* **management.** 119370
Monitoring *fire* blight bacteria [Erwinia amylovora] of pear for disease control. 122807
Changes in [the composition of] the lower [plant] layer on a natural **mountain** from *fires.* 121894
Fire in the **pastoral** country. 122962
Meteorological problems in smoke management [Burning of forest fuels by both wild and **prescribed** *fires].* 119340
Fire and dwarf mistletoes [Arceuthobium] in North American coniferous forests [**Prescribed** *fire* for control]. 119603
[Forest] *fire* **prevention** inspection pays big dividends. 119315
Research as a support system: what can *fire* **research** do to increase forest productivity? [Prescribed burning]. 119613
Prescribed [forest] *fire* **technology** for minimizing smoke hazards. 119342
Fuels—the source of the matter [**Urban** *fires* and forest fires, air quality]. 125442
Wilderness *fire* management. 119314

Fire and **wood.** 119419

FIREBLIGHT
Studies on *fireblight* [**caused** by Erwinia amylovora] in the German Federal Republic. 1. Disease development on fruit trees and ornamental plant after natural attack and artificial inoculation. 122808

FIRS
Dieback of the *fir* [**Abies** alba] still in the foreground. 119324
Some aspects of wetwood formation in *fir* [**Abies** alba]. 119682
Douglas fir tussock moth [Orgyia pseudotsugata] egg hatch and larval development in relation to phenology of grand fir and *Douglas-fir* [**Abies** grandis, Pseudotsuga menziesii] in northeastern Oregon. 123502
Studies assess customer reaction to graded **balsam** *fir* [Abies balsamea] Christmas trees. 119647
Differences in winter drying resistance of **Douglas** *fir* [Pseudotsuga menziesii] provenances [Damage]. 119371
1975: the year of the **Douglas** *fir* [Pseudotsuga menziesii menziesii, silviculture]. 119558
Some factors affecting propagation of **Douglas** *fir* [Pseudotsuga menziesii]. 119567
The culture of **Douglas** *fir* (Pseudotsuga menziesii). 119597
Douglas *fir* (Pseudotsuga menziesii (Mirb.) Franco) provenances experiment; preliminary results [of introduction to Quebec Province]. 119605
Investigations into the fungicidal effect of cuprous oxide against Phaeocryptopus gaeumannii on **Douglas** *fir* [Pseudotsuga menziesii] seedlings. 122668
An expanded research and development program for the **Douglas** *fir* tussock moth [Orgyia pseudotaugata]—1975 to 1978. 123488
Pilot control projects of chemical and microbial insecticides against **Douglas** *fir* tussock moth [Orgyia pseudotsugata]-1974. 123491
The **Douglas** *fir* tussock moth [Orgyia pseudotsugata] DDT application of the summer of 1974: effects of the DDT on non-target organisms and residue, accumulation in vertebrate animals. A progress report—February 1975. 123494
Douglas *fir* tussock moth [Orgyia pseudotsugata] egg hatch and larval development in relation to phenology of grand fir and Douglas-fir [Abies grandis, Pseudotsuga menziesii] in northeastern Oregon. 123502
A synthesis of (z)-6-heneicosen-11-one. The sex pheromone of the **Douglas** *fir* tussock moth [Orgyia pseudotsugata]. 124070
Knottiness of **European** *fir* stem wood and its influence on [Yugoslav] grading standards for logs. 119451
Some rules in **forecasting** *fir* [honeydew] flow [Apiculture]. 124582
Douglas fir tussock moth [Orgyia pseudotsugata] egg hatch and larval development in relation to phenology of **grand** *fir* and Douglas-fir [Abies grandis, Pseudotsuga menziesii] in northeastern Oregon. 123502
Transporation organized to the *fir* [**honeydew**] flow [Migratory apiculture]. 124588
Evolution of the Santa **Lucia** *fir* (Abies bracteata) ecosystem [New taxa]. 119933
Relationship of shoot-root ratio to survival and growth of **outplanted** *Douglas-fir* [Pseudotsuga menziesii] and ponderosa pine seedlings. 121836
Differentiation of adventitious buds on *Douglas-fir* [**Pseudotsuga** menziesii] embryos in vitro. 121804
The *fir* **shoot** aphid, Dreyfusia nordmannianae (Eckstein). 123498
Notes on the diameter increment of **silver** *firs* (Abies alba Mill.) of the "Rothwald" in Lower Austria. 119437
Life tables for a declining population of the *Douglas-fir* **tussock** moth [Orgyia pseudotsugata] in northeastern Oregon. 123444
Douglas-fir **tussock** moth [Orgyia pseudotsugata] 1974 operational spraying of DDT. 123489
The increment of **white** *fir* [Abies alba] stands and their dieback on the edges of the Krimmountain (Slovenia). 119458

FISCAL *see* **FINANCE**

FISH
Test of keeping quality: long-term storage of **canned** *fish.* 116093
Papilio troilus (Papilionidae) in pursuit of *fish* **crow.** 124065
Enteric bacteria in *carp* (**Cyprinus** carpio) and white suckers (Catostomus commersoni). 116194
Amino acid composition of 12 kinds of **deep-sea** *fish* proteins. 116783
An outbreak of lipoid liver degeneration (LLD) in Atlantic salmon [Salmo salar] in a *fish* **farm** and attempts to cure the disease. 119272
The shape of things to come crab cakes, shrimp shapes, onion rings, *fish* **filets.** 116628
Extractability of lipids from *fish* and **fish** products. 116842
Development of *fish* **flavour** by the reaction of autoxidized lipids with amino acids and proteins. 116800
Histamine determination in *fish* **flesh.** 116039
Tuna **flesh** deterioration and histamine levels. 116044
Mercury contamination of *fish* and other **food** products: investigation in the province of Rome. 116247
Yeasts in **freshwater** *fishes* [Contamination]. 116045
Quality checking of **frozen** *codfish* of the Baltic Sea. 116217
Trout [**improvement** project] and Title X [the Job Opportunities Program]. 125560
Distribution of residual DDT anounts in organs and tissues of *fish* in the **Kiev** water reservoir. 123761
Great **Lakes** *fish* cookery: recipes for underutilized fish species—alewife, burbot, carp, and sucker. 116323
Control of Culex pipiens fatigans (W) by the **larvivorous** *fish* Poecilia reticulata and by removal of debris from the breeding habitat. 123667
Gas-liquid chromatographic determination of vitamin D3 in *tuna* **liver** and vitamin D3 resin oils. 116458
Protein requirments for White Leghorn hens with *fish* **meal** and peanut meal as nitrogen sources. 117967
Protein utilization of mixed feed rations by lactating pigs, with special reference to the content of essential amino acids in the dietary protein. 2. Studies on the utilization of dietary protein in rations containing extracted soyabean meal, horse bean meal, *fish* **meal,** maize gluten and waste liq. 117990
Studies on skim milk replacements in the feeding of young pigs whose suckling period was drastically restricted. 1. Comparative studies with skim milk, *fish* **meal** and extracted soybean meal fed as protein source in conjuction with whole wheat meal in a type of liquid feed. 117996
Studies on skim milk replacements in the feeding of young pigs whose suckling period was drastically restricted. 2. Replacement of skim milk by *fish* **meal** and wheat and the feeding of crude or cooked wheat in a type of liquid feed. 117997
The supply situation for **meat** and *fish.* 115628
Mechanically-deboned *fish* flesh. 116748
Electron microscopy of a new plant-pathogenic spiroplasma isolated from Opuntia *[tuna* **monstrosa,** Spiroplasma citri]. 122863
Hygiene studies on frozen **ocean** *fish* [Deterioration of the quality]. 116264
Oxidized lipids-proteins browning reaction. II. Effect of the protein substrate *[Fish* **oil** rancidity]. 116256
Studies on denaturants that can be added to powdered milk [used as feed]. II. *[Fish* **oil** in calf fattening]. 117352
Production-line for *fish* **products** with edible sauces. 116789
Extractability of lipids from fish and *fish* **products.** 116842
Free fatty acids and the onset of rancidity in **rainbow** *trout* (Salmo gairdneri) flesh. Effect of phospholipase A. 116195
Effects of chronic DDT/DDE exposure on anesthetic induction and recovery times in **rainbow** *trout* (Salmo gairdneri). 123730
Red crab processing waste as a carotenoid source for **rainbow** *trout.* 125375
Ciguatoxin and edible [and poisonous] **reef** *fish.* 116065
Physiological effects of sublethal levels of acid water on *fish* [**River** polution with coal mine drainage, toxicity]. 125401
A rapid method for measuring the acute toxicity of pulpmill effluents and other toxicants to **salmonid** *fish* at ambient room temperature. 125497
Observations on the presence of nitrites and nitrates in **smoked** *fish* products. 116040
Determination of mercury in *fish:* contribution to the **state** of pollution in the Adriatic Sea [Food contamination]. 116171
Performance of pigs fed different levels of Saccharomyces yeast [Saccharomyces cerevisiae] **substituting** *fish* meal in molasses diets. 118046
Great Lakes fish cookery: recipes for underutilized fish species—alewife, burbot, *carp,* and **sucker.** 116323
Nutritional contributions of oceans excluding **vertebrates** *(fish,* reptiles, mammals). 116691
Analysis and GC-MS characterization of toxaphene [pesticide] in *fish* and **water.** 123707
Analysis and GC-MS characterization of toxaphene [insecticide] in *fish* and **water.** 123708
Advances in testing the toxicity of substances to *fish* [**Water** pollution]. 125405

FISHERIES
Browning reaction of linoleic acid-glycine system [in processing of *fishery* **products].** 116784
Cost and return analysis by selected vessel characteristics: Gulf of Mexico **shrimp** *fishery,* 1971-1975. 115524

FISHING
Fishing for **aphids** [Acyrthosiphon pisum infesting alfalfa]: the exploitation of a natural population. 123315
Reinforcement of Colombian diet with **increase** of *fishing.* 116549

FISTULA
Permanent **intestinal** *fistulas* in cattle. 118441
Repair of an acquired **oral-nasal** *fistula* in a dog [Surgery]. 119119

FIXATION
Effect of **acetone** *fixation* on rabies immunofluorescence in glycerine-preserved tissues [Mice]. 118694
Fixation of **ammonium** ion in soils in the form of complex compounds with aluminum and iron. 124758
A refinement of the immunofluorescent **complement** *fixation* test for Trypanosoma infections [in animals]. 118969
Complement-fixation in the **interaction** of normal rabbit gamma G' globulin and its Fab' fragment. 118792
Factors affecting growth and **nitrogen** *fixation* of Spirillum lipoferum [from several tropical grasses]. 121161
Measuring rates of symbiotic **nitrogen** *fixation* by Alnus tenuifolia. 121788
The experiment: colorimetric determination of nitrogenase activity **[Nitrogen** *fixation].* 124782
Effect of increased **nitrogen** *fixation* on stratospheric ozone. 124792
Biological **nitrogen** *fixation.* 124858
Pathway of nitrogen metabolism after *fixation* of **13N-[nitrogen** isotope]-labeled nitrogen gas by the cyanobacterium, Anabaena cylindrica [Algae]. 121167
Evaluation of bovine spermatozoal morphologic features after **staining** or *fixation.* 118200
A method for reduction and *fixation* of **symphyseal** fractures of the mandible [Dogs, cats]. 119250
Alteration of protein content in plants [of barley, oats and winter rye] in relation to the methods of its determination, *fixation* and **temperature** of drying of the plant material. 121397

FIXATIVES
Cytochemical localization of polysaccharides in Diplodia maydis [Fungi] with thiosemicarbazide: evaluation of **three** *fixatives* for PA: TSC:OS reaction. 120539

FLAGELLATE
Calcium **couples** *flagellar* reversal to photostimulation in Chlamydomonas reinhardtii [Algae]. 121293
Effect of salinity on photosynthesis and mannitol synthesis in the **green** *flagellate* Platymonas suecica [Algae]. 120980
Genetic determinants of *flagellum* **phenotype** in Chlamydomonas reinhardtii [Algae]. 120598

FLAKING
Dried **fruit** *flakes* have fresh flavor. 117251
The influence of the level of feeding on fermentation in the rumen of sheep receiving a diet of ground barley, ground hay and *flaked* **maize.** 118086

FLAMES
Determination of traces of lead and cadmium in apertifs by *flameless* **atomic** absorption spectrometry. 116030
Determination of lead in wine through *flameless* **atomic** absorption spectrometry, concerning D. Mack's paper, DLR 71 (1975) 71. 116075
The electrostatic properties of THPOH-NH3 [tetrakis(hydroxymethyl)-phosphonium hydroxide-ammonium] *flame-retardant* **cotton** fibric as they pertain to potential mill problems and performance properties. 117201
Morphology of charred, *flame-retardant* **cotton/polyester** fabrics. 117164
Fire and *flame* for **plant** disease control [including control of insect pests as vectors]. 122899

FLATFISH
Metal contamination of *flatfish* around a **large** submarine outfall. 125511

FLAVANONES
Quantitative analysis of *flavanones* and **3-hydroxyflavanones** [occurring in plant material] by thin-layer chromatography [Foods]. 116776
Substrate specificity of *flavanone* **synthase** from cell suspension cultures of parsley and structure of release products in vitro. 121602

FLAVERIA
Quercetin-3-acetyl-7,3',4'-trisulphate from *Flaveria* **bidentis.** 121258

FLAVINES
8-azidoadenine analogs of NAD+ [nicotinamide 8-azidoadenine dinucleotide] and FAD *[flavin* **8-azidoadenine** dinucleotide]. Synthesis and coenzyme properties with NAD+-dependent and FAD-dependent enzymes [Livestock extracts, Penicillium nitatum, Fungi]. 117669

FLAVOBACTERIUM
A description of glucose uptake in Navicula pelliculosa (Breb) Hilse [Algae] including a brief comparison with an **associated** *Flavobacterium* sp. 120904

FLAVONES
Conbribution to the chemical study of Holocalyx glaziovii [Leguminosae]. II. *[Flavone* **glycoside,** hydrolysis, poisonous plants]. 121345
Role of *flavones* and **related** compounds in retarding lipid—oxidative flavor changes in foods. 116637

FLAVONOIDS
Flavonoid **complex** of green and etiolated peas (Pisum sativum L.). 121637
Flavonoids of **Helenium** alternifolium (Spreng.) Cabr. 121232
Chromatographic differentiation of tamarixetin and isorhamnetin by spraying **[Isomeric** *flavonoids].* 121180

Synthesis and metabolic fate of hesperetin-3-14C [carbon isotpe, the **predominant** *flavonoid* in lemons and sweet oranges]. 117279
Flavonoids of **Ribes** nigrum. 121595

FLAVOR

Origin and formation of Charentes "rancio" [rancid] *flavor* in **aged** cognacs. 117218
Progress towards an international system of **beer** *flavour* terminology. 116686
The taste and *flavor* of good **beer.** 116831
Flavors; a **changing** world. 116743
Reaction products of alpha-dicarbonyl compounds, aldehydes, hydrogen sulfide, and ammonia *[Flavor* **compounds].** 116636
Simultaneous detection of nitrogen and sulfur **containing** *flavor* volatiles. 116638
Microorganisms and *flavor* **development** associated with the wild rice fermentation [Quality]. 116200
Studies on "ann" (bean jam). 5. *Off-flavor* of **dried** "koshiann" (mashed beans) in the storage. 117299
Development of **fish** *flavour* by the reaction of autoxidized lipids with amino acids and proteins. 116800
Phenolic, sulfur, and nitrogen compounds in **food** *flavors;* a symposium sponsored by the Division of Agricultural and Food Chemistry at the 170th meeting of the American Chemical Society, Chicago, Ill., August 25-26, 1975. 116635
Improvement of **food** *flavour.* I. Addition of taste active matter. 116645
Surveillance and control of phenolic tastes and odors in water to prevent their effects on taste and *flavor* of **foods.** 116639
Dried fruit flakes have **fresh** *flavor.* 117251
Nutrition and *flavour* **legislation.** 116487
Volatile sulfur compounds contributing to **meat** *flavour.* I. Components identified in boiled meat. 117023
Sensory study of soybean **milk** *flavor.* 117074
Enzymes new way to **modify** *flavor.* 116741
Non-enzymic transamination of unsaturated carbonyls: a general source of **nitrogenous** *flavor* compounds in foods. 116634
Role of flavones and related compounds in retarding lipid—**oxidative** *flavor* changes in foods. 116637
Flavor **precursors** in food stuffs. 116633
Identification and *flavor* **properties** of some 3-oxazolines and 3-thiazolines isolated from cooked beef. 116930
[Ice cream] *flavor*—**a quality** you experience. 116850
Changes of sensory value by interaction of alkanals with amino acids and proteins **[Rancid** *flavour* of fat-containing foods]. 116231
Effect of malt quality on polymerisation index, colloidal and *flavor* **stabilities** of beer. 116674
A comparison of the *flavour* **stability** of conventional and instant whole milk powder. 116902
Nonvolatile nitrogen and sulfur compounds in red meats and their reltion to *flavor* and **taste.** 116931
Gas chromatographic methods for *flavor* **testing** in cooked pork (muscles semimembranosus). 117022
Problems related to *flavoring* **vegetable** protein analogs. 116696
The involvement of *flavour* **volatiles** in the resistance to downy mildew [Peronospora parasitica] of wild and cultivated forms of Brassica oleracea. 122685
Wine *flavor* and phenolic substances. 117209

FLAX

Occurrence of *flax* **diseases** and their control. 122944
Flax in its **economic** aspect [Marketing, trade, prices, Argentina]. 115685
Absorption of nutrients by **fiber** *flax* and the effectiveness of inorganic fertilizers on Sod-Podzolic loamy soils in the Udmurt Autonomic Soviet Socialist Republic. 121395
Effect of dichlorophenoxyacetic acid on **fiber** *flax* plants [Yields]. 123057
Comparison of nitrogen fertilizers applied to **fiber** *flax* crops. 125066
Flax and **linseed:** Linum usitatissimum (Linaceae). 121945
Biology of Melampsora lini (Pers.) Desm., a causal agent of *flax* **rust.** 122650
Flax and **sunflowers** [Cultivars]. 121848

FLEAHOPPERS

Simulated rainfall and wind as factors dislodging nymphs of the **cotton** *fleahopper,* Pseudatomoscelis seriatus (Reuter), from cotton plants. 123349

FLEAS

Biology of the *flea* **beetle,** Altica carduorum (Coleoptera: Chrysomelidae) on Canada thistle (Cirsium arvense) in South Daota [used for biological control of weeds]. 123080
Herpesvirus sylvilagus in cottontail rabbits: antibody prevalence and *flea* **burden** relationships [Cediopsylla simplex]. 118812
Controlling *fleas* [Siphonaptera]. 123629
Fleas **(Siphonaptera,** Insecta) caught on small mammals [rats, mice] at seven locations in eastern Denmark. 123627
Fleas **[Siphonaptera]** as objects of biological research. 124100
Laboratory culture of **water** *fleas* [Daphina pulex]. 124075

FLESHFLIES

The isolation of cholinergic nerve terminals from *fleshfly* **heads** [Sarcophaga barbata]. 123990

FLEXURE

Observations on the *flex* **wearing** variations of teat-cup liners in farm usage [Milking machine components]. 124701

FLIES

Lake treatment with *fly* **ash,** lime, and gypsum [Solid waste disposal]. 125509
Adaptation and photoregeneration in the eye of the **blow** *fly* [Calliphora]. 124027
A new species of **brine** *fly* from California rice fields (Diptera: Ephydridae [Ephydra usingeri]. 124395
A flotation method for the analysis of *chalcid-fly,* **Bruchophagus** kolobovae Fedoseeva, infested birdsfoot trefoil, Lotus corniculatus L. seed. 123172
Estimates of population size and longevity of adult narcissus **bulb** *fly* Merodon equestris Fab. (Diptera: Syrphidae). 123410
Caddis *flies* and stone flies of the Varanger Peninsula (North Norway) (Trichoptera, Plecoptera). 124286
Caddis *flies* (Trichoptera) from Vestfold, south-eastern Norway. 124364
Experimental determination of the dispositon the **cherry** *fly* of Rhagoletis cerasi L. (Diptera, Trypetidae) to fly. 123371
Density and composition of **crane** *fly* larvae (Diptera, Tipulidae) from an alpine wet meadow at Stigstuv, Hardangervidda, south Norway. 124112
Birefringence and ulrastructure of isolated, stabilized spindles [of the **crane** *fly,* Nephrotoma suturalis]. 124124
Additions to the **crane** *flies* of California (Diptera: Tipulidae) [New taxa]. 124396
Flies **[Diptera]** and their hygienic importance in leisure-time and recreational areas. 123648
A study of fungal infection in the **dung** *fly,* Scathophaga stercoraria L. (Diptera, Scathophagidae) [Predators of pasture pests]. 123312
Fannia thelaziae, a new species of **eye-frequenting** *fly* of the benjamini group from California and description of Fannia conspicua female (Diptera: Muscidae). 124398
Feeding, mating, and oviposition activities of Rhagoletis **fausta** *flies* in nature [Cherry fruit pests]. 123369
The **feather** *fly* Carnus hemapterus Nitzsch (Milichidae, Diptera) in Switzerland. 124350
The Irish species of **flat-footed** *flies* (Diptera: Platypezidae). 124314
Autogeny and endocrine involvement in the reproduction of tropical **flesh** *flies* (Diptera: Sarcophagidae). 123885
Frit *fly* [Oscinella frit] damage to oat grain—an often overlooked phenomenon. 123356
Comparison of flight ability of wild-type and laboratory-reared Caribbean **fruit** *flies* [Anastrepha suspensa] on a flight mill. 123413
Gout *fly* [Chlorops pumilionis, pest of cereals]. 123269
They fend off insects [Wheat varieties resistant to the **Hessian** *fly,* Mayetiola destructor and the leaf beetle, Chrysomelidae]. 123272
Death knell for the **house** *fly?* [Musca domestica]. 123594
Genetic analysis of resistance factors in a wild strain of the **house** *fly* (Musca domestica) resistant to DDT and some organophosphorous insecticides. 123675
House *fly* [Musca domestica] larvae as protein source [for feed] from pig manure. 124150
The walnut **husk** *fly* [Rhagoletis completa, Juglans]. 123400
Chalcid-flies **(Hymenoptera,** Chalcidoidea) reared from Ips typographus L. and Pityogenes chalcographus L. at some Norwegian localities [Picea abies]. 123485
Meran without *flies* **[Italy].** 123622
An in vitro study of the non-specific esterases of the **melon** *fly,* Dacus cucurbitae Coq. and their reactions with organophosphate and carbamate compounds. 123388
Organization of visual axes in the compound eye of the *fly* **Musca** domestica L. and behavioural consequences. 124029
"Short-term learning" in *flies* **[Musca** domestica]. 124105
Incorporation of tritiated thymidine in germinal and somatic cells of the **onion** *fly,* Hylemya antiqua (Diptera: Anthomyidae), as determined by autoradiography. 123889
Relative response to coloured substrates by **ovipositing** *black-flies* (Diptera, Simuliidae). II. Oviposition by Simulium (Odagmia) ornatum Meigen. 123651
New light on the *fly* **problem** [Cattle]. 123620
Laboratory studies of non-preference resistance to cabbage **root** *fly* [Erioischia brassicae] in radish. 123365
The effect of dietary cholesterol on the development of [cabbage **root** *fly]* Hylemya brassicae. 124053
Spectral sensitivity and variation in visual sensitivity of the colonized **screwworm** *fly* Cochliomyia hominivorax (Coquerel) as measured with electroretinogram. 123640
Factors affecting the establishment of ryegrass [Lolium] seedlings in **soldier** *fly* [Inopus rubriceps]-infested land. 123336
Caddis flies and **stone** *flies* of the Varanger Peninsula (North Norway) (Trichoptera, Plecoptera). 124286
Flies will **strike** at low temperatures [in meat processing areas]. 123516
First notions on **Tachinid** *flies* from the Vysne Ruzbachy spa surroundings (Diptera, Tachinidae). 124241
A revision of the **therevine** *stiletto-flies* (Diptera: Therevidae) of the Ethiopian region [New taxa]. 124246
Oligomycin sensitivity of the mitochondrial ATPase [adenosine triphosphatase] as a marker for *fly* **transmissability** and the presence of functional kinetoplast DNA in African trypanosomes. 123619
Experimental determination of the dispositon the cherry fly of Rhagoletis cerasi L. (Diptera, **Trypetidae)** to *fly.* 123371
Present methods of controlling **warble** *flies* [Oestridae] and blood-sucking Diptera in northern reindeer husbandry. 123631
Prospects of controlling **warble** *flies* [Oestridae] and blood-sucking Diptera in the north-eastern zone [Pests of reindeer]. 123632
Warble *fly* eradication in Ireland [Hypoderma bovis, Hypoderma lineatum, cattle pests]. 123637

FLIGHTS

Comparison of *flight* **ability** of wild-type and laboratory-reared Caribbean fruit flies [Anastrepha suspensa] on a flight mill. 123413
Study of foraging activity of a colony of Paravespula germanica: relationship between *flight* **activity,** rate of foraging success and climatic conditions. 124003
A vibrating pallet for controlling **bee** *flight* from colonies [Apis mellifera]. 124486
Orientational behavior in the individual ecosystem as examplified by the *flight* **behavior** of the honeybee (Apis mellifera L.). 124174
Flight and **mating** behavior of the gypsy moth [Lymantria dispar]. 123470
Influence of color and placement of mating nuclei on the drifting of [honeybee] queens returning from **mating** *flights.* 124561
Comparison of flight ability of wild-type and laboratory-reared Caribbean fruit flies [Anastrepha suspensa] on a *flight* **mill.** 123413
Fourier analysis of the *flight-sound* of the **pentatomid** bug tessaratoma javanica Thunberg & the pressure pattern of its wings. 123970
Body temperature and *flight* **performance** of honey bees [Apis mellifera ligustica] in a servo-mechanically controlled wind tunnel. 124538
Flight and **survival** of alate red imported fire ants [Solenopsis invicta] after mirex treatment. 123247

FLOCCULATION

The time course of *flocculation* of **diluted** dispersions of microcrystalline cellulose [Sedimentation]. 119791
Genetic analysis of *flocculation* in **Saccharomyces** cerevisiae and tetrad analysis of commercial brewing and baking yeasts. 120724
Synergistic *flocculation* of fibre-containing suspensions of the pulp and paper industry. 119788
Modes of *flocculation* of **yeast** cells with flocculant produced by Aspergillus sojae AJ7002. 120858

FLOCKS

Anticoccidial immunity [to Eimeria] in large **chicken** *flocks.* 118925
Specific pathogen free **fowl** *flock* based on animals from poultry breeding centre. 118843
Use of the agar-gel precipitin test to evaluate broiler breeder and commercial **layer** *flocks* [chickens] for Mycoplasma gallisepticum infection. 118642
The epizootiologic and parasitologic status of the *flocks* at a **poultry** dressing combine. 119000
Control of disease in **small** *flocks* of sheep. 118774

FLOODS

Forecasts of water expenditure [during *floods]* on the **basis** of recording runnoff distribution and its lag in the river network (1971-1972). 125227
Flood **control** in India—a review. 125185
The "Florentino Ameghino" plan: results of an integral plan for **controlling** *floods,* droughts and soil erosion [Argentina]. 125112
Flood **hazard** studies in central Texas using orbital and suborbital remote sensing imagery. 125259
Environmental impact of stream channelization *[Floods,* **hurricanes,** water quality]. 125575
Flood **insurance** as a component of land use management. 115556
Floods of **March-April** 1973 in southeastern United States. 125339
Floods, **mud-rock** flows, slidings, and rockfalls in Austria 1971-1973. 125312
A mathematical model for the analysis of **multi-reservoir** *flood* control systems. 125239
Dam the **park** *[Floods].* 125351
Study of *flood* **plains** of Ob' and Irtysh rivers in relation to a planned redistribution of runoff in the middle area (1972-1973) [Soil survey and mapping]. 124810
Study of the process of **rain** *flood* formation in the basin of Rioni River. 125237
Change of the chemical composition of soils and water during a time period as a **result** of *flooding.* 125217
Application of the National Weather **Service** *Flash-Flood* Program in the Western Region [Weather forecasting, precipitation]. 125329

Effect of phosphorus fertility of soils and phosphate application on rice culture in cool regions. 2. Response of rice plant growth to the amounts of extractable phosphorus in *flooded* **soils** under field conditions. 125063
Elements of **spring** *floods* of small rivers in the Lithuanian SSR. 125223
CBers band together on *flood* **warning** network [Citizens Band radio]. 125350
Methodical principles for calculating boundaries of *flooded* **zones** for economic development of bottomlands of [Soviet] far East rivers. 125230

FLOORS

Cattle *kill-floor* efficiency. 117019
Physiological principles and technologic methods of battery and *floor* **exploitation,** in confinement and in the open air, of poultry as a function of its production and health [Economic aspects]. 118434
Part slat **feeding** *floor*—200 pigs. 124628
Swine building—**finishing** *floor.* 124629
Sealing processes in **water** *floors.* 125209

FLORA

Aspects of the *flora* of **Adak** Island, Alaska: vascular plants. 120081
The **algal** *flora* in the thermal baths of Montegrotto Terme (Padua). Its distribution over one-year period. 120080
Studies on the **algal** *flora* of Egyptian soils. I. Different sites along a lake in the salines of Wadi el-Natrun. 120245
The *flora* and **aquatic** vegetation of the southern and Pallanza waters of lake Maggiore. I. Preliminary observations. 120182
The vegetational importance and conservational value of Breiniger Mountain near Stolberg (MTB 5203), with consideration of geological and historical **aspects** *[Flora].* 120034
Microecological studies on lactic acid **bacterial** *flora* of molasses distilleries. III. Cultivation of the brewers' yeast Saccharomyces cerevisiae race M with some isolated lactic acid bacteria from molasses distilleries in continuous mixed cultures. 116664
Microecological studies on lactic acid **bacterial** *flora* of molasses distilleries. I. Isolation and identification of lactic acid bacteria. 116665
Additions to the **bryophyte** *flora* of Colorado. 119979
Corroborations and new findings of remarkable vasculiferous plants (Contributions to the *flora* of the **city** of Brunswick. I). 120027
Losses of the **city** *flora* of Brunswick between 1900 and 1975 (Contributions to the flora of the city of Brunswick. II). 120033
Endangered Upper Hessian halophytes *[Flora,* **conservation].** 120226
Contribution of the *flora* of **Cuba:** Osmundaceae, Schizaeaceae and Gleicheniaceae (Pteridophyta) [New taxa]. 120011
Subaerial **diatom** *flora* from Hong Kong, eastern Asia [Algae, new taxa]. 120248
The Brittany honeybee: the *flora* and the **environment** [Honey plants]. 122544
A new combination in Acalypha *[multiflora]* **(Euphorbiaceae).** 120155
Contribution to the knowledge of the Upper Austrian **fungal** *flora* [including plant pathogens]. 120266
Contributions to the **fungal** *flora* of the border area of Horner Mulde in Lower Austria. 120267
A study of **fungus** *flora* developing on steamed and unsteamed dung. 121229
The *flora* of the **Holocene** peat bogs of Kanevshchina. 120241
Contribution to the Uredinales [rust fungi] *flora* of **Iran** and Afghanistan [Puccinia buffoniae, Aecidium iranicum, new taxa]. 120265
Viability of the epizoic **lichen** *flora* carried and dispersed by green lacewing (Nodita pavida) larvae. 120984
Ways and methods of preserving the gene pool of rare and disappearing species of **local** *flora.* 119883
Effects of sowing rate and row width on the seed yield of three grasses **[Lolium** *multiflorum,* Dactylis glomerata, Festuca arundinacea]. 122119
Excursions during the meeting of the Regional Station Directors of *Flora* **Mapping** in Wurzburg on July 5-6, 1975. 120030
75 years of *flora* **mapping** in Bavaria. 120035
New and interesting plants of the *flora* of the **Marches** found in the mountainous basin of the Esino. 120020
Melliferous *flora* preceding and accompanying the black locust [Robinia] flowering in the Torino Hill. 119938
Effect of initial internal temperature and storage temperature on the **microbial** *flora* of vacuum packaged beef [Quality]. 116197
Effect of deworming medication on the **microbial** *flora* of the upper gastrointestinal tract of dogs. 118816
The **miocene** *flora* of Turow. 120171
The danger of disappearance of Cortusa matthioli L. From the *flora* of the **Moscow** Region. 119967
Contributions toward a **moss** *flora* of Nebraska. 119982
Goals of botanical gardens of the Uzbek SSR Academy of Sciences in the conservation of plants of the **natural** *flora* from the [Soviet] Central Asia. 119859
Introduction of plants as a way of preserving and reproducing useful species of **natural** *flora.* 119865
Nectariferous *flora* [Honey plants]. 122513
The *Flora* **North** America Information System [Abstract only]. 120049
New taxa and new combinations in *Flora* **Palestina.** III. 120090
New taxa and new localities for **Portugese** *flora.* XII. 119924
Experience of ecological and biomorphological analysis of the *flora* from **Prangos** pabularia Lindl. associations in Gissaro-Darvaze. 120363
Influence of herbicides on **roadside** *flora* composition. 123085
Effects of marine pollution (petroleum, DDT, detergents) on the *flora* of the **seas** [and oceans]. 125521
Some problems of conservation of rare and disappearing plants from the *flora* of **[Soviet]** Georgia. 119876
Floristic and cytotaxonomic publications on the *flora* of **Switzerland** between 1960 and 1972 [New taxa]. 120184
Identification and conservation of rare and disappearing plants from the *flora* of the **USSR.** 119862
Species of Rhododendron from the **USSR** *flora* and prospects of their cultivation. 122198
Report on floristic and taxonomic studies on the Swedish **vascular** *flora* during the period 1961-1972 [New taxa]. 120192
Flora and **vegetation** of the Verkhne-Bikinskoe Plateau. 119958
Electronic data processing of herbarium specimens data for the *Flora* of **Veracruz** program. 120041
The origin of generic names of the **Victorian** *flora.* 2. Latin, Greek and miscellaneous. 120298

FLORICULTURE

Problems of plant diseases in **greenhouse** *floriculture* [Dianthus, Rosa, bulbs]. 122957

FLOTATION

Anatomical observations on *floating* **leaves.** 120410
A *flotation* **method** for the analysis of chalcid-fly, Bruchophagus kolobovae Fedoseeva, infested birdsfoot trefoil, Lotus corniculatus L. seed. 123172
Male sterility caused by cooling treatment at the young microspore stage in rice plants. XIV. *Floating* **tapetal** materials in the locular cavity. 120533

FLOUR

Flour and **baking** test of a new winter wheat variety. 117100
Flour and **baking** tests with a new winter wheat variety. 117141
Multifactor ecological aspects of population performance of *flour* **beetles,** Tribolium confusum and Tribolium castaneum. 123545
Brazilnut *flour;* value of its protein. 117316
Current problems in the study and processing of bread **cereals** and *flour.* 117137
Aspects and inquiries on livestock feeding **[Colza** *flour* used]. 118163
Handling of *flour* made from **durum** wheat for the manufacture of crackers. 117102
Microstructure of grain and *flour* from **durum** and soft wheat varieties. 117181
Modern methods and instruments for rapid determination of quality features in **grain** *flour.* 117143
Fundamentals of *flour* **handling.** 117142
On the usefulness of the **home** *flour* mill. 117159
Emulsifiers for **improving** *flour* and baking materials, a critical opinion. 117099
Emulsifiers. A product for **improving** *flour* used for baking; a critical view. 117140
Effect of photoperiod on development and fecundity in the *flour* **moth,** Ephestia kuehniella. 124043
Functional organization of the tympanal organ of the *flour* **moth,** Ephestia kuehniella. 124045
The cooperation of milling and the bakery industry in the manufacture of **optimum** *flour* qualities. 117147
The economics of milling your **own** *flour.* 117160
Modern silo construction for the storage of *flour* **products.** 124616
Early determination of quality characteristics as a basis for an effective selection in wheat breeding. II. The mixogram as a guage of physical dough criteria *[Flour* **properties].** 117139
Effect of the degree of winter wheat grain damage by Scutelleridae bugs on the biochemical and technological **properties** of *flour.* 123353
Protein estimation in sesame seed and **rapeseed** *flours* and meals by a modified Udy dye binding method. 116406
Trace mineral deficiencies in rats caused by feeding **rapeseed** *flours* during growth, gestation and lactation. 116441
Recent progress in the analysis of gums and natural water soluble plant colloids. II. Carob [Ceratonia **siliqua]** *flour.* 116649
Effect on the reproductive functions of female rhesus monkeys of feedng irradiated **wheat** *flour* and potato diet [Metabolic studies]. 116396
Role of damaged starch in milling **[Wheat** *flour].* 117084
The influence of the frozen storage on the food quality of **wheat** *flour* products. 4. Frozen dough of the bread. 117133
Interaction of Tenebrio molitor L. Alpha-amylase with a **wheat** *flour* protein inhibitor. 123912

FLOWERING

Growing three **attractive** *flowering* Dendrobiums in the Indian Botanic Garden, Calcutta. 122422
Influence of a substituted oxathiin, a localized growth inhibitor, on the stem elongation, branching, and *flowering* of **Chrysanthemum** morifolium Ramat. 121709
Regulation of the *flowering* **date** in remontant carnation [Dianthus]. 121617
A casa of *flowering* and **fructification** of the Springtime peach tree out of season in Sicily. 121657
Biological specificity of *flowering* and **fruit** formation in peanuts under the conditions of Guinea. 121576
Flowering and **fruiting** [in Moscow area] of introduced woody plants from the temperate zone of North America. 119858
Specific interactions in the physiology of *flowering* and **gibbosity** of Lemna gibba G3. 121324
Effect of inhibition of *flowering* on **improvement** of [sugar] cane yield and juice quality under Coimbatore conditions. 122021
Preferential pollination of *yellow-flowered* **morphs** of Raphanus raphanistrum by Pieris and Eristalis spp. 121297
The *flowering* of **nemoral** perennial [herbaceous plants] in an introduction experiment [in Moscow]. 120970
Flower bud atrophy in Baccara roses [Rosa]. IV. The activity of various growth substances in leaves of *flowering* and **non-flowering** shoots. 121747
Flower bud atrophy in Baccara roses [Rosa]. VI. The effect of environmental factors on gibberellin activity and ethylene production in *flowering* and **non-flowering** shoots. 121749
Neoteny and the origin of *flowering* **plants.** 120717
Flowering **plants** as a therapeutic/environmental agent in a psychiatric hospital [Horticultural therapy, chrysanthemum]. 122336
Flowering and **pollination** of some emtomophils [Primula moorkroftiana, Lonicera semenovii] from the alpine belt in East Pamir. 121107
Studies on the physiology of bolting and *flowering* in **Raphanus** sativus L. II. Annual rhythm in readiness to flower in Japanese radish, cultivar Wase-shijunichi. 121759
Reducing *flowering* time in Aphelandra squarrosa Nees with high pressure sodium lighting. 121678
Inheritance of time to *flowering* and its **relationship** to crop maturity in cucumber. 120767
Flower bud atrophy in Baccara roses [Rosa]. IV. The activity of various growth substances in leaves of flowering and *non-flowering* **shoots.** 121747
Flower bud atrophy in Baccara roses [Rosa]. VI. The effect of environmental factors on gibberellin activity and ethylene production in flowering and *non-flowering* **shoots.** 121749
Variation of Young's modulus caused by fertilizer ratios & chemical composition of rice varieties at *flowering* **stage.** 121510
Forecasting the *flowering* **stages** of apple varieties in Kent, England, by the use of meteorological data. 122173
Flower bud atrophy in Baccara roses [Rosa]. V. The effect of different growth **substances** on *flowering.* 121748
Melliferous flora preceding and accompanying the black locust [Robinia] *flowering* in the **Torino** Hill. 119938
Preliminary investigations into the effect of planting dates and types of setts on the *flowering* of **white** yam (Dioscorea rotundata, Poir) varieties. 122414
Rhythm of growth and *flowering* of **woody** [chiefly ornamental] plants from the Mediterranean floristic area on the Black Sea coast. 121618
Effect of lateral shoot orientation on growth and *flowering* of **young** apple trees. 121667

FLOWERS

Effect of *flower* **age** on sucrose content in nectar of citrus. 121666
Floral **anatomy** of Idiospermum australiense (Idiospermaceae). 120404
Floral **anatomy** of Boraginaceae. I. Sericostoma pauciflorum stocks. 120452
Insect fauna of male Typha **angustofolia** *flowers* [Coleoptera, Diptera]. 124179
Sudden alterations in water balance associated with *flower* **bud** opening in coffee plants [Coffee arabica]. 121190
Flower **bud** atrophy in Baccara roses [Rosa]. IV. The activity of various growth substances in leaves of flowering and non-flowering shoots. 121747
Flower **bud** atrophy in Baccara roses [Rosa]. V. The effect of different growth substances on flowering. 121748
Flower **bud** atrophy in Baccara roses [Rosa]. VI. The effect of environmental factors on gibberellin activity and ethylene production in flowering and non-flowering shoots. 121749
Studies on cool injury in bean plants. VII. Sensitive stages to sterile type low temperature injury during *floral* **bud** development in relation to nitrogen status of soybean plants. 123024
Reversal of abscisic acid promoted abscission of *flower* **buds** & bolls of coton (Gossypium hirsutum L.) with other regulators. 121507
Altering the sensitivity of **carnation** *flowers* (Dianthus caryophyllus L.) to ethylene. 121696
The Sahara stage in Egypt, its divisions and ecological and *floristic* **characters.** 120393
Studies on *flower* **color** in Chrysanthemum morifolium Ramat. III. Quantitative effect of major pigments on flower color variation, and measurement of color qualities of petals with a color difference meter. 121731

Genecological investigations on zinc plants. I. Genetics of *flower* **colour** in crosses between Viola calaminaria Lej. and its subspecies westfalica (Lej.) Ernst. 120574
Forms of blackthorn (Prunus spinosa L.) with **coloured** *flowers* growing in Poland. 119941
Dependence of the *floristic* **composition** in the basin of Pauzhetki River from geothermal springs. 119955
Panorpatae (Rhingia) as effective pollinators of highly develop nectar **containing** *flowers* (Diptera, Syrphidae). 123899
Middle **Cretaceous** *floral* provinces and early migrations of angiosperms. 120057
Allelopathic soil fatigue under *flower* **crops.** 121652
Harmful fauna of *flower* **crops** in greenhouses [chiefly insect pests]. 123379
Senses involved in the visiting of *flowers* by **Cucullia** umbratica (Noctuidae, Lepidoptera). 123891
Some technological questions of **cut** *flower* producion [Labor productive capacity, East Germany]. 115470
Postharvest physiology of **cut** *flowers.* 117287
Floristic and **cytotaxonomic** publications on the flora of Switzerland between 1960 and 1972 [New taxa]. 120184
Floristic **development** in the Netherlands in 1976 [Mapping]. 120024
Floristic **discoveries** in the southwestern part of Dzhugdzhura. 119959
Ascochyta chrysanthemi Stev., the fungus causing leaf and *flower* **disease** in Chrysanthemun plants. 122689
Effects of ovule positions in **fabaceous** *flowers* on seed set and outcrossing rates [Lupinus nanus, alfalfa]. 121435
Biological activity of volatile secretions of *flowers* [of **forest** trees and shrubs]. 121810
Potpourri is easier than you think [Processing of **fragrant** *flowers,* herbs, mint mixture]. 116805
Morphological, anatomical and development studies of the *flowers* and **fruits** of succulent Mesembryanthemaceae genera: a contribution to their taxonomy. 120008
Qualitative analysis by isoelectric focusing of the protein content of Pharbitis nil apices and cotyledons during *floral* **induction.** 121322
RNA metabolism in apices of Pharbitis nil during *floral* **induction.** 121323
Studies on the physiology of bolting and flowering in Raphanus sativus L. II. Annual rhythm in readiness to *flower* in **Japanese** radish, cultivar Wase-shijunichi. 121759
High-temperature treatment (blindstoken) of bulbs of tulip cv [cultivar] Rose Copland for *flower* **killing** and yield improvement. 122402
Floristic **literature** published in the Netherlands mainly between 1962 and 1972 [New taxa]. 120185
Rhythm of growth and flowering of woody [chiefly ornamental] plants from the **Mediterranean** *floristic* area on the Black Sea coast. 121618
Contributions to the morphology and systematics of Klugieae and Loxonieae (Gesneriaceae). II. Morphology, anatomy and ontogenesis of the *flowers* of **Monophyllaea** R. Br. 120432
Post-pollination phenomena in **orchid** *flowers* [Cymbidium]. VII. Phosphate movement among floral segments. 121590
Relation between **peach** *flower* bud drop and carbohydrate and nitrogen concentration. 121592
Opening of the *flower,* **pollination** and fruiting of lettuce. 121772
Effect of conditioning treatments before shipping and *floral* **preservatives** on vase life of cut roses. 117283
Floristic **relics** from the southern part of the territory east of the Tisza River [Hungary]. 119995
Floristic **report** on West Germany, 1961-1971. A. Federal Republic of Germany [New taxa]. 120186
Floristic **report** on East Germany, 1961-1971. B. Democratic Republic of Germany [New taxa]. 120187
Floristic **report** for Ireland [New taxa]. 120188
Report on the progress of *floristic* **research** in Italy since 1961 [New taxa]. 120193
Taxonomic and *floristic* **research** in Greece during the last decade, 1961-1971 [New taxa]. 120194
Blossom end **rot** of bottlegourd (Lagenaria siceraria) (Molina) Standl. incited by Pythium butleri Subr. 122600
Post-pollination phenomena in orchid flowers [Cymbidium]. VII. Phosphate movement among *floral* **segments.** 121590
The beautiful **summer** *flowers* of the Kiskunsag National Park [Hungary]. 119996
Main results of *floristic-geobotanic* and **taxonomic** research in Hungary, 1962-1971 [New taxa]. 120190
Report on *floristic* and **taxonomic** studies on the Swedish vascular flora during the period 1961-1972 [New taxa]. 120192
The *flower* **visiting** activity of some Lepidopterous [Lepidoptera] insects to the Buddleja davidii Franch (Buddlejaceae). I. Polygonia c-aureum Linnaeus and Argynnis paphia geisha Hemming. 124110

FLUES

Pyrolytic formation of polynuclear aromatic hydrocarbons from petroleum ether extractable constituents of *flue-crued* **tobacco** leaf. 117123
Production of *flue-cured* **tobacco** plants. 122031

FLUIDS

Occurrence of enzymes in **amniotic** *fluid* of farm animals. 117855
The aeromatic instantizing method: agglomeration in the *fluidized* **bed** [Food processing]. 116646
Prospects in the utilization of *fluid* **bed** in the drying and cooling of refined sugar. 117111
Cerebrospinal *fluid* creatine phosphokinase in the normal dog. 117543
Concentration of pigeon pox virus in different tissues and *fluids* of **chick** embryos. 118749
Gas chromatographic-mass spectrometric study of *fluid* **contents** of molasses. 116661
Collapsible metal tubes as containers for *semi-fluid* **dairy** products. 124685
Changes of biochemical constituents in bovine **fetal** *fluids* with gestational age. 117544
Effect of bovine **follicular** *fluid* on the relative mobility of bovine acrosomal proteins in electrophoretic field. 118326
Protein composition in the *fluid* of **individual** bovine follicles. 117836
Interstitial *fluid* oncotic pressures in rabbit subcutaneous tissue. 117539
Administered pricing by cooperatives: effect on producer and consumer prices and sales of *fluid* **milk.** 115750
Kraft furnance effluent gas particulate capture in a **multi-plate** *fluidized* bed. 125564
Italy's deposit plan eases trade deficit, *fluidity* **problems.** 115652
Determination of volatile fatty acids [in **ruminal** *fluid]* by gas chromatography. 117573
Studies with dairy cows investigating the dietary effect of compressed straw + concentrates prepared from crude and NaoH [sodium hydroxide] treated cereal straw. 2. Composition of **ruminal** *fluid* and protozoa population. 118007
Description of an apparatus for *fluid* **therapy** in large animals. 118439
Calf diarrhoea. II. *Fluid* **therapy.** 119071
Fluid **therapy** in a calf with diarrhea. 119072
Macromolecular components of genital **tract** *fluids* from the sheep. 117834
Production, chemical composition and prostaglandin F-2 alpha content of **uterine** *fluid* in pregnant sheep. 118359
Electrophoretic fractionation of seminal **vesicle** *fluid* and seminal plasma of ram. 118321
Generation of electric potentials during flow of *fluids* in the **xylem** vessels (Preliminary report) [Cucurbita sechium]. 121659

FLUKES

Liver *flukes* [Fasciola hepatica] in Florida cattle cause economic losses to cattlemen. 118689

FLUORESCENCE

Fluorescence of **allophycocyanin** in connection with establishing the role of phycobiliproteids in photosynthesis [of blue-green alga Aphanizomenon flos-aquae]. 121032
Examination of poultry litter for Salmonellae by direct culture and *fluorescent* **antibody** technique. 118630
Fluorescent **antibody** test in diagnosis of ulcerative enteritis [Chickens, Clostridium colinum]. 118631
Fluorescence **behavior** of sterigmatocystin [Mycotoxin from the fungus Aspergillus versicolor]. 119248
Cation effects on light-induced chlorophyll a *fluorescence* in **chloroplasts** lacking both chlorophyll b and chlorophyll-protein complex II [Barley]. 121538
Polarized light spectroscopy on oriented spinach **chloroplasts** *fluorescence* emission at low temperature. 121605
Indirect *fluorescent* antibody test for the diagnosis of coronaviral enteritis of turkeys (Bluecomb). 118603
Action of nitrite on *fluorescence* **induction** in algae [Bumilleriopsis filiformis, Scenedesmus acutus]. 121329
Fluorescence **microscopy** and related enzyme activity of sunflower plants infected by Plasmopara halstedii. 122703
Antibiotic-resistant bacteria [Pseudomonas aeruginosa, Pseudomonas putida, or **Pseudomonas** *fluorescens]* in raw meat from retail markets. 116196
A method for bromine determination in wool fabric by **X-ray** *fluorescence* spectrometry. 117030
Determination of copper, iron, nickel, and sulphur by **X-ray** *fluorescence* in lichens from the Mackenzie Valley, Northwest Territories, and the Sudbury District, Ontario. 120979

FLUORIDES

Fluoride **content** in beer: fluoride determination with the ion—selective electrode [Contamination]. 116060
Evidence for a lack of an effect of **dietary** *fluoride* level on reproduction in mice. 116431
Energetic metabolism of pupae in Scotia segetum Den. Et Schiff. under normal conditions and under conditions of intoxication by **sodium** *fluoride.* 123833
Toxicity of **sodium** *fluoride* for the spider mite Tetranychus urticae Koch. 123835

FLUORINE

Fluorine **content** in some Polish soils. 124895

FLUOROCARBON

Measurement of the reaction rate of CFCl3 [chlorofluoromethanes, *fluorocarbon-ozone* **problem**] with atmospheric-like ions. 125389

FLUOROMETRY

An **automated** *fluorometric* method for the measurement of tryptophan in plasma. 117751
Fluorometric **determination** of DNA in Chlamydomonas [Algae]. 120884

FLUX

Calculated **actinic** *fluxes* (290-700 nm) for air pollution photochemistry applications. 125420
Possible interrelationship between **metabolite** *flux* and appetite. 116371
The relationship between **proton** *fluxes* and the regulation of electron transport in [spinach] chloroplasts. 121646
Incoming [solar] **radiation** *fluxes* on sloping terrain: a general model for use in Southern Africa. 115114

FOALS *see* HORSES

FOAM

Circulating lipophages and **aortic** *foam* cells in experimental atherosclerosis of [cholesterol-fed] rabbits under altered reticuloendothelial activity. 116493
Chemical characteristics and acute toxicity of *foam* on **two** aerated lagoons [kraft pulp effluents]. 125499

FODDER

The specific effect of *fodder* **beets** on the feed intake by dairy cows. II. 118156
Quality deterioration of *fodders* **caused** by fungi. IV. Possibilities for the detection of quality deterioration. 117346
Plant population in polyploid varieties of *fodder-beet* **cultivated** in the summer-autumn cycle. 122128
Striving for full utilization of *[fodder]* **drying** and pelleting capacity [productive capacity, East Germany]. 117357
Studies into incidence, pathogenesis, and prophylaxis of bovine grass tetany. 5. **Mineral** *fodder* ad libitum mixes or mineral feeding in the milking parlour for prophylaxis **against** grass tetany. 119176
Studies on incidence, pathogenesis, and prophylaxis of bovine grass tetany. 6. Prophylactic adlibitum feeding of magnesium-enriched **mineral** *fodder.* 119177
High, **stable** *fodder* yields of maize by assuring its water and nutrient requirements. 121923
Rational storage of *fodder* **straw** for pelleting. 117342
Leucaena leucocephala—an evergreen protein-rich **tree** *fodder* and the possibility of using it in the dietary of animals. 1. Sheep. 118081

FOILS

SEM [scanning electron microscopy] of vesicular stomatitis virus infection in cell cultures grown on **aluminum** *foil* [Venezuelan equine encephalomyelitis virus]. 118726
How to spend more sense than dollars on *foil* **art** [Home decorations]. 116579
The finishing of surfaces with paper and *foils* by using a **covering** process with heated rollers [Wood pulp]. 119675
Meat dishes heat-preserved in film or *foil* **packages.** III. Controls on filling, evacuating and closing containers. 116733
Foils for **packaging** fresh meat-requirements and performance. 116946

FOLDING

A note on variation of *skin-fold* **thickness** of Brown Swiss X Sahiwal/Red Sindhi (Karan Swiss) calves. 117744

FOLIAGE

Conjugation of *foliar* **absorbed** NAA [napthaleneacetic acid] by selected fruit crops. 121663
Total nitrogen concentration in leaves of potatoes (Solanum tuberosum L.) as an index of nutritonal status *[Foliar* **analysis].** 125020
Foliar **anatomy** of the Argentine species of the genus Gouinia Fournier (Gramineae, subfamily Eragrostoideae, tribe Eragrosteae). 120503
Fate of chlorothalonil [fungicide] in **apple** *foliage* and fruit. 122639
Development and growth of the plant tip on Acnistus arborescens. II. Development of the procambium and the vascular tissues of the leaf, and growth of the *foliar* **blade.** 121343
Electron microscopy of silicon deposits in *foliar* **idioblasts** of Magnolia grandiflora. 120543
"Punctuations" in the *foliar* **lamina** of the genus Dendropanax Decne. and Planch. (Araliaceae). 120436
Effect of photoperiod and nitrogen on the composition of *foliar* **monoterpenes** of Juniperus horizontalis Moench. cv. Plumosa. 121700
Foliar **ontogenesis** and leaf lobing of Tropaeolum peregrinum L. II. The development of the lobe after the formation of the lobulets. 120895
Interactions of **permanent** *foliar* pests with their host tree [Betula, Populus tremula]. 123457
Contribution to the ontogenic study of *foliar* **secretory** pockets. New investigations on Myrtaceae. 120564
Insecticidal control of greenbugs [Schizaphis graminum] in wheat **with** *foliar* and **soil** treatments. 123345
The effects of a granular nitrogen fertilizer and a *foliar* **spray** of urea on the yield and breadmaking quality of ten winter wheats. 125019

FOLLICLES

Protein composition in the fluid of individual **bovine** *follicles.* 117836

Effect of **bovine** *follicular* fluid on the relative mobility of bovine acrosomal proteins in electrophoretic field. 118326
Follicle **cell** protein synthesis and its contribution to the yolk of the Cecropia moth oocyte. 123876
Chronic *follicular* laryngitis and main deficiency "laryngeal whistling". 119078
Pathogenesis [demodicosis] associated with **hair** *follicle* mites (Acari: Demodicidae). 123591
Demodex folliculorum, the *follicle* **mite** of man. 123644
Demonstration of *follicle* **stimulating** hormone (FSH) activity in hypophyseal extracts of various vertebrates by the response of the Sertoli cells of the chick. 117696
Effects of *follicle* **stimulating** hormone and luteinizing hormone on the incorporation of 32P [phosphorus isotope] into the testis of the immature Japanese quail. 117697

FOMES

Effect of spruce root constituents on extracellular enzymes of *Fomes* **annosus** [Picea abies]. 122697
Decomposition of lignin and cellulose components of wood of Swietenia mahogani, Casuarina equisetifolia and Mimusops elengi by *Fomes* **durissimus** lloyd [Wood-destroying fungi]. 119678

FOOD

Politics vs science in *food* **additives** regulation. 116152
Red dye No. 2 *[Food* **additives**]. 116155
Food **additives,** cancer and the prevention system. 116244
Sweetening and diabetic substances *[Food* **additives**]. 116692
Food safety—then and now [History, *food* **adulteration**]. 116181
Sales promotion from the viewpoint of the trade *[Food,* **advertising**]. 115705
Drug and *food* **advertising** on TV. 116236
Centennary of Andre Mayer (1875-1956) [a founder of the *Food* and **Agriculture** Organization]. 115122
FAO's *[Food* and **Agriculture** Organization] involvement in the international acceptance of pesticides for stored food products [Residues, hazards]. 123712
Spirulina, a *food* **alga** rich in proteins. 116822
Morphological study of *edible* **amaranth** varieties and the natural cross-pollination test. 120485
Flow of information in the network of institutions concerned with the inspection and chemical **analysis** of *food.* 116086
Methods of radioactive contamination of *foods* of **animal** origin: meats, milk, and seafood. 116032
Observations on enterotoxic Escherichia coli in *foods* of **animal** origin [Poultry meat contamination]. 116041
Changes in *foods* of **animal** or plant origin during preservation. 116728
Properties of Torutein for *foods* **applications** [Candida utilis]. 116697
Edible **aroids:** Alocasia, Colocasia, Cyrtosperma, Xanthosoma (Araceae). 122360
[Food] **aroma** values—a useful concept? 116803
Formation of **aromas** in *foods.* 116707
Marketable *[food]* **assortment:** reflections of procurement and sale. 115702
The effect on growth of feeding supplemental milk or **baby** *food* to the suckling rat. 116477
Use of the microslide techinique to measure staphylococcal enterotoxin B [in *food* and in **bacterial** cultures]. 116208
Kraft seeks improved uses for whey and finds new applications [for **baked** *food].* 116848
A method of the calculation of food cost and its application. 2. The index of the **basic** *food* cost in relation with the family income. 116594
Food **behavior** and appetite explosion: General remarks on the question. 116398
Fumigant residues in *food:* **behaviour** and regulation. 116162
Determination of mercury in *food* and **biological** products. 116029
On the function of silica held in water and *foods:* the **brown** rice. 117190
The French **canned** *food* industry in 1975 [Statistics]. 115973
Regulation, reason, responsibility, and respect [**Canned** *food* industry]. 116204
Sporicidal properties of chlorine compounds: applicability to cooling water for **canned** *foods.* 116205
Steriflamme: a general review [**Canned** *food* sterilization]. 116658
Photometric determination of dithiocarbamate [fungicides] residues [in *foods]* by **carbon** disulphide evaluation method. 116232
Liquid chromatography of N-nitrosoamino acids and their syn and anti conformers [Possible **carcinogen** found in *food].* 116193
A comparison of some chromatographic detectors for the analysis of volatile N-nitrosamines [Potent **carcinogens** in *food].* 116174
Colouring of *foods* with **carotenoids.** 116644
Role of flavones and related compounds in retarding lipid—oxidative flavor **changes** in *foods.* 116637
Microwave heating of *foods*—**changes** in nutrient and chemical composition. 116699
Phenolic, sulfur, and nitrogen compounds in food flavors; a symposium sponsored by the Division of Agricultural and *Food* **Chemistry** at the 170th meeting of the American Chemical Society, Chicago, Ill., August 25-26, 1975. 116635
China's *food* policy: shifting gears. 115865
Some problems concerned with the organization of catering to the builders of the Baikalamur railroad trunk line [**Choice** of *foods].* 116569
Helping kids make better *food* **choices** [Nutrition education]. 116333
Quantitative analysis of flavanones and 3-hydroxyflavanones [occurring in plant material] by thin-layer **chromatography** *[Foods].* 116776
Electrocoagulation **clarifies** *food* wastewater. 125409
A sensitive procedure to determine uranium in *[food]* **colouring** materials [Food]. 116703
Toxicity of commonly used *food* **colours:** a review. 116211
Screening methods to identify in *foods* some **common** pesticides used in India. 123732
Non-enzymic transamination of unsaturated carbonyls: a general source of nitrogenous flavor **compounds** in *foods.* 116634
Mercury and selenium distribution in a defined area and in its population [Tuscany, Italy, **concentration** in *foods].* 116037
Occurrence of natural radionuclides in *food* and **condiments** [Contamination]. 116159
Thirty years of research on *food* **conservation** process at the Horticultural University [Hungary]. 116755
Aplication of the the reliability theory to refrigerating equipments. I. *[Food* **conservation**]. 124683
Polarographic determination of emulsifiers on silicon coated articles for **consumption** *[Food].* 116078
Polarographic determination of emulsifiers on silicon coated articles for **consumption** *[Food].* 116710
Hazards and criteria: use of plastics for *food* [**Contamination,** spoilage]. 116089
Determination of mercury in fish: contribution to the state of pollution in the Adriatic Sea *[Food* **contamination**]. 116171
Sulfite compounds as neutralizers of spice toxicity for Salmonella *[Food* **contamination**]. 116207
Recent results concerning the migration behaviour of benzophenone-based ultraviolet absorbents from polyolefines in *foods* [**Contamination**]. 116233
A rapid test for the [acetyl methyl carbinoe] acetoin in microbiological diagnosis of Enterobacteria *[Food* **contamination**]. 116257
Environmental pollution by tritium *[Food* **contamination**]. 125531
Staphylococcal growth and enterotoxin production-factors for **control** [in *foods].* 116206
Easy eggs for breakfast [**Convenience** *foods].* 116269
Convenience *foods* for the hotel, restaurant, and institutional market: the processor's view. 116642
Farm production experiments comparing formalin-treated silage with **conventional** *foods* for wintering yearling beef cattle. 118125
A method of the calculation of *food* **cost** and its application. 1. An outline of the method and an example of the calculation. 116593
A method of the calculation of *food* **cost** and its application. 2. The index of the basic food cost in relation with the family income. 116594
Food **crops** marketing. 115616
Grain amaranths Amaranthus spp. (Amaranthaceae) *[Food* **crops,** cultivation]. 121946
Quinoa and relatives Chenopodium spp. (Chenopodiaceae) *[Food* **crops**]. 121955
Effect of nisin [antibiotic produced by Streptococcus lactis] in the presence of L-alanine on the germination and outgrowth of Bacillus sublitis spores [used in the *food* and **dairy** industry]. 116845
Installation of purification for the edible molluscs Lamellibranchia *[Food* **decontamination**]. 116172
Effects of *food* **deprivation** on protein synthesis and degradation in rat skeletal muscles. 116290
Food **development,** innovation or stagnation [Policies, laws, regulations]. 116747
Dewpoint temperature, production of water of condensation and determination of **dewpoint** *[Foods].* 116729
Automation of germ counting in microbiology. I. Comparison of conventional and semi-automatic **dilution** *[Food].* 116019
The occurrence of Bacillus cereus in Finnish **dog** *food* sausages; a microbiological and physicochemical survey. 119274
Unusual entomological separation technique in use at the *Food* and **Drug** Administration [Detecting and isolating insect and rodent filth from food]. 116165
Protocols for the dominant lethal test, host-mediated assay, and in vivo cytogenetic test used in the *Food* and **Drug** administration's review of substances in the GRAS (generally recognized as safe) list. 116213
How to build a portable **electric** *food* dehydrator. 116526
Whey makes it richer [Protein **enriched** *food* products]. 116273
Evaluation of API, PathoTec and the improved Enterotube System for identifying **Enterobacteriaceae** [in *food].* 116021
Foods for **entertaining** [Recipes]. 116309
Bacterologic quality control of microbial **enzymes** *[Foods].* 116215
Two years after the price fixing prohibition: experiences with nonobligatory price recommendations [for *foods* in the **European** Economic Community]. 115611
Role of EFNEP [**Expanded** *Food* and Nutrition Education Program] aides in improving diets of pregnant women. 116451
Integrated rural development programes and projects in a world **facing** *food* and poverty crises. 115871
Drinking water and industrial water supplies in *food* **factories.** 116730
Food for the **family**—a cost-saving plan. 116341
The battle begins meal quality, plate waste, **fast** *food,* the bloc grant. 116607
Holding down costs for expanded **fast** *food* menus. 116625
Changes of sensory value by interaction of alkanals with amino acids and proteins [Rancid flavour of **fat-containing** *foods].* 116231
Polyunsaturated meat and dairy products in **fat-modified** *food* patterns for hyperlipidemia. 116405
Analysis of *food* **fats.** 116751
U.S. *Edible* **fats** and oils refining capacities, 1975. 117106
Thin-layer chromatographic demonstration of the Zenkor herbicide [Residues in *food* and **feed**]. 116266
Utilization of animal manures and sewage sludges in *food* and **fiber** production. 124973
Unusual entomological separation technique in use at the Food and Drug Administration [Detecting and isolating insect and rodent **filth** from *food].* 116165
Comprehensive evaluation of fatty acids in *foods.* VIII. **Finfish.** 116401
Surveillance and control of phenolic tastes and odors in water to prevent their effects on taste and **flavor** of *foods.* 116639
Phenolic, sulfur, and nitrogen compounds in *food* **flavors;** a symposium sponsored by the Division of Agricultural and Food Chemistry at the 170th meeting of the American Chemical Society, Chicago, Ill., August 25-26, 1975. 116635
Improvement of *food* **flavour.** I. Addition of taste active matter. 116645
Heat treatment of *food.* 1. 116723
Heat treatment of *food.* 2. 116724
Heat treatment of *food.* 3. 116725
Functional properties of succinylated and acetylated [alfalfa] leaf protein [for *food* use]. 117122
Agricultural and *food* **foreign** trade of France in 1975. 115735
The application of vitamins in *food* **fortification.** 116335
Studies on the rate of lysine production [to **fortify** *foods]* by Brevibacterium lactofermentum from glucose. 116780
Food **freezing** methods. 116656
Washing of trimethylamine by the water of the melting ice used for preserving sea bob shrinp (Xiphopeneus kroyeri) *[Food* **freshness** test]. 116052
Meat products in self-service packs. Ready meat dishes and delicatessen products, deep **frozen** *foods* with a meat base. 116985
50th state [Hawaii]: *food* **fun** for students. 116555
Comparative sugar determination [in *food]* using **gas** chromatographic, enzymatic and reductometrical methods. 116705
Importance and chances of exports by the **German** *Food* Industry. 115610
Ratio of citric acid: isocitric acid in orange juice. On the work of B. Bergner-Lang, **German** *food* review, 71, 348 (1975). 117241
Sensitivity of panel members in sensory tests *[Food* **grading**]. 116158
Green *food* [vegetables] for carnivorous fur-bearing animals. 118058
A survey of *food* **habits** and beliefs of pregnant and lactating mothers in Mysore city. 116392
Erecting hygiene chains through interruption of infection chains and motivation of co-workers *[Food* **handling**]. 116088
Health *food* as a sales argument. 115609
How to find **health** *foods* in your supermarket. 115730
If you believe in **health** *foods,* now's the time to sell out! 116529
Toast your good health with brewer's yeast [**Health** *foods].* 116537
Touring London's **health** *food* restaurants [Cookery]. 116538
The **healthful** *foods* of Brittany [Cookery]. 116536
Cholecystokinin both stimulates and inhibits **human** *food* intake. 116488
Food **hygiene** in the sphere of the meat industry. 116100
Are *food* **hygiene** regulations rules for the consumer protection? 116107
Research and development for standards and testing in *food* **hygiene.** 116224
Legal and **hygienic** *food* evaluation of fresh sea mussels in consumption. 116076
Experimental toxoplasmosis of swine. Epidemiological and *food* **implications** [Toxoplasma gondii, Contamination]. 118895
Attitudes toward *food* as **indicators** of subcultural value systems. 116336
Attitudes toward *food* as **indicators** of subcultural value systems. 116337
Biological methods of toxicological evaluation of medical, *food,* **industrial** and pesticide products. 116254
The birth of the International Show of **Industrial** *Food* Engineering. 116817
Preparation of optically active proline. Optical resolution of N-acyl-DL-proline by preferential crystallization procedure [Pharmaceutical and *food* **industries**]. 116768
Cleaning and disinfection in the *food* **industry** [Sanitation]. 116053
Importance of the new drinking water ordinance for the surveillance of commercial water supply in the *food* **industry.** 116056

Veterinary personnel involved in *"food* **industry** hygiene" sector, results of socialist competition honoring the the IXth Congress of the Socialist Unity Party. 116226
The role of the quality control chemist in the *food* **industry** [Legislation]. 116246
The *food* **industry** in developing countries and nutritional problems. 116304
Effective disinfection, what is wanted and how far it can be achieved *[Food* **industry].** 116731
Application of statistical tests for the interpretation of reslts of sensory analysis *[Food* **industry].** 116785
Optimal temperature of continuous processes in the *food* **industry.** 116788
Optimization of reaction kinetic processes in the *food* **industry,** shown by example of the precipitation of milk protein. 116898
Mycotoxins in *foods.* VIII. **Inhibition** of the formation of mycotoxins (aflatoxins) B1 and G1, patulin and sterigmatocystin) in whole wheat bread by sorbic acid and sorboylpalmitate. 116077
A conceptual equation of *[food]* **intake** control. 116350
Cholecystokinin and satiety: theoretic and therapeutic implications *[Food* **intake].** 116355
Food **intake** and taste peferences for glucose and sucrose decrease after intestinal bypass surgery. 116359
Hypothalamic glucoreceptor response—biphasic nature of unit potential changes *[Food* **intake].** 116360
Neural and hormonal determinants of sex differences in *food* **intake** and body weight [Rats]. 116365
Protein and amino acids in the regulation of *food* **intake.** 116372
The relation between alimentary and emotiona amygdalar regulation *[Food* **intake,** dogs]. 116381
The role of activation in the regulation of *food* **intake.** 116383
Visceral mechanisms in the control of *food* **intake.** 116385
Food **intake,** dietary supplements and survival time of scorbutic guinea pigs. 116496
Energy exchanges of veal calves in relation to body weight, *food* **intake** and air temperature. 117560
Keeping *food* safe to eat: a guide for homemakers [Contamination]. 116068
Host plants and other *foods* of the **larvae** of Lepidoptera of Urguay. 123260
Total reform of the *food* **law** and food research. 115833
Food **law** today and tomorrow—regulatory function or end in itself? 115835
Food **law** today and tomorrow—regulatory function or end in itself. 116000
Tenth regulation for the execution of the law on changing **legal** *food* provisions, March 2, 1976. 115958
Annual report of the scientific director *[Food* **legislation,** consumer protection]. 115999
Law on complete reform of *food* **legislation** from the viewpoint of a provincial administration. 116001
Foods from the past, **lessons** for the future [Nutritional requirements]. 116544
22 (3): 267-270. Reactivity of alpha-tocopherol with hydroperoxide of methyl **linoleate** *[Foods].* 116464
French consumption of **liquid** *foods* will pass 169 million hectoliters in 1980 [Statistics]. 115736
Heating times of axially rotated cans [of **liquid** *food]* in a steam pasteurizer. 116657
America, the great *food* **machine** [Population and food supply]. 115845
[Food] **marketing** situation: back from the green pasture; are things going down? Fertsch, F W. 115612
Food **markets** today: Have purchasing and eating habits of housewives changed because of the crisis? 115608
A sensitive procedure to determine uranium in [food] colouring **materials** *[Food].* 116703
Effect of protein substitution on nonenzymatic browning in an intermediate **moisture** *food* system. 116766
Installation of purification for the *edible* **molluscs** Lamellibranchia [Food decontamination]. 116172
A **native** *food* plant for the butterfly Deudorix epijarbas (Lepidoptera: Lycaenidae). 123374
Why bran is unbeatable for healthy bowels **[Natural** *foods].* 116540
Characteristics of food stamp households: a report on the survey conducted by FNS *[Food* and **Nutrition** Service]. 116332
The secret, my friends, is the fiber [in **nutrition** and *foods].* 116348
Thought snacks *[Food,* **nutrition].** 116349
Women are participating in research at the Institute for *Edible* **Oil** and Margarine. 116792
Removal of sanguinarine from *edible* **oils** contaminated with argemone oil [Argemone mexicana]. 116169
Composition of the sterolic fraction of some *food* **oils.** 116648
Record world production of *edible* **olive** oil forecast for 1975/76 [Statistics]. 115631
Investigations on dichlorvos storage space treatment for protection of **packaged** *food* against insects in the warehouse in the Aegean region [Raisins]. 123509
New regulation of section 5, paragraph 2, of the ready-made package degree on the labeling of *food* **packages.** 115836
The effect of surface treatments on the migration of organotin stabilizer from polyvinyl chloride films to contacting liquid media *[Food* **packaging].** 116711
Polycarbonate: for the tough jobs *[Food* **packaging].** 116745
Food **packaging** and environmental protection. 116826
Detection and determination of soft wheats in *food* **pastes.** 117066
Soy serves **pet** *food* market. 117381
McDowell county 15 years later [First **pilot** *food* stamp project, West Virginia]. 116334
Specific structure and pollen gathering of Hymenoptera visitors of blooming seed onion fields and their *food* **plant** relationships. 124152
Vermin control in *food* **plants** and inns on the basis of Swiss legislation. 123022
Food **poisoning** from meat and how to avoid it. 116219
Ciguatoxin and *edible* [and **poisonous**] reef fish. 116065
Toward a *food* **policy** for Latin America's urban areas: Lima as a case study. 115826
Cooperation between socialist farms and fruit, vegetable and potato state farms in the cooperative associations for *food* **potatoes** of the Schwerin district. 115340
Renewal of treatment, storage and marketing units for *food* **potatoes,** and integration of automatic E 691 mix separators. 124672
Lupinus mutabilis sweet—a **potent** *food* source from the Andean region. 116286
Food from **poultry** for future. 117407
Log linear representation for paired and multiple comparisons models [Statistics applied to *food* **preference].** 115571
Improved storage structures for the **preservation** of *food.* 124618
A new approach to sulphur dioxide analysis *[Food* **preservative].** 116807
Infrared examination of lacquers for containers of **preserved** *foods.* 116761
Lower rates of *food* **price** increases reported. 115653
Processed *food* exports: growth area for U.S. Firms. 115657
Decomposition of organic acids during processing and storage[of a **processed** *food* product]. 116781
Processed *food* carbohydrates and their physiological properties in relation to structure. 116810
Disinfection and hygiene in *food* **processing** and their supervision as well as an arrangement of hygiene plans. 116020
The aeromatic instantizing method: agglomeration in the fluidized bed *[Food* **processing].** 116646
Optimization of processing: problems of determining the most favorable conditions for *[food]* **processing.** 116719
Enzymes and agriculture [Utilization of cellulosic wastes, Trichoderma viride, *food* **processing].** 116795
Cooling short cylinders in air using as a water spray [in the *food* **processing** industry]. 116839
Performance of a rotating perforated sleeve sprayer [in *food* **processing].** 116841
Effect of nisin [an antibiotic, produced by certain strains of Streptococcus lactis] on the germination and proliferation of spores of some aerobic spore-formers in nutrient medium *[Food* **processing].** 116844
Laser light scattering bioassay for veterinary drug residues in *food* **producing** animals. 1. Dose-response results for milk, serum, urine, and bile. 118460
Complete changeover in *[food]* **product** distribution. 115607
Effects of industry of trends in *food* **production** & consumption. 115691
Prospects for agriculture to adapt itself to new patterns of *food* **production**—primarily as regards protein supply [Outlook]. 115932
Food **production** and agriculture: recent world trends. 115995
The utilization of animals for *food* **production.** 117404
The survival of staphylococci in acid medium [and in *food* **products].** 116166
Mercury contamination of fish and other *food* **products:** investigation in the province of Rome. 116247
Determination of stannum in *food* **products** with the use of pyrocatecholviolet. 116260
Methods and instant *[food]* **products.** 116715
Grinding, very fine grinding, homogenization and emulsification of *[food]* **products.** 116718
The JCO [Joint Consultative Organisation for Research and Development in Agriculture and *Food]*—**progress** in the first three years [Great Britain]. 115864
The final program of the National Research Council for non conventional **protein** *foods.* 116553
Bioengineering: tasks, bases and technique [**Protein** *food* from plants]. 116716
Biotechnology: tasks, bases and technique *[Food* **protein** from algae and plants]. 116717
Using *edible* **protein** casings for sausages in vacuum-packed, air-tight containers. 117002
The changing climate for plant **protein** *foods:* 1965-1976. 117091
Better texture for vegetable **protein** *foods.* 117250
Optimum plant hygiene, a basic prerequisite for **quality** *food.* 116091
Residues of plant protection agents in *food* [**Quality** control]. 116157
The influence of the frozen storage on the *food* **quality** of wheat flour products. 4. Frozen dough of the bread. 117133
Adsorption of strontium 90 [isotope] by krill [Zooplankton as possible source of *food,* **radioactive** contamination]. 116072
Overfill or sort out? The problem of observing the regulations on correct amounts of fillings **[Ready** made *foods].* 116092
Broderstorf crop farming cooperative competes for title of "nationally **recognized** *food* potato farm" [East Germany]. 115339
Energy, *food* and **refrigeration.** 116754
Reform of the *food* **regulations:** new aspects. 115842
Evaluating dry sausage by its aw-value from the point of view of the *food* **regulations.** 116112
Evaluation of Gelbwurst and Bratwurst made with curing salt in relation to the *food* **regulations** [Sausages]. 116113
Konigsberger klops [meat products]: their composition and the *food* **regulations.** 116122
Marrow dumplings: their composition as related to the *food* **regulations.** 116123
Cost impact of *food* **regulations.** 116151
Total reform of the food law and *food* **research.** 115833
Trends in *food* **research.** 116713
Growth of CSIRO's [Commonwealth Scientific and Industrial Research Organisation] interests in *food* **research.** 116804
The quest for zero [Analytical methods in *food* **research].** 116815
Food-crop **research** in Jamaica. 122292
A gas-liquid chromatographic method for the determination of dodine [fungicide] **residues** on *foods.* 116175
Food: **resource** [Information on nutrition, bibliographies]. 116344
Management of *food* **resources** by fungal colonists of cultivated soils [Plant pathogens]. 122572
Adipose tissue cell size and lipolysis in the rat: response to exercise intensity and *food* **restriction.** 116418
Enrichment and plating methodology for Salmonella detection in *food.* A **review.** 116198
Crispness in *food,* a **review.** 116414
Tapioca has **rich** *food* and export potential. 115726
Food **safety**—then and now [History, food adulteration]. 116181
Hot spray jet, cleansing devices and detergents [in *food* **sanitation].** 116090
Production-line for fish products with *edible* **sauces.** 116789
Properties of artificial casings [for *foods* and **sausages].** 1. 116726
Utilization of **[school** *food* services] waste products [as compost]. 125035
An Italian industry for the processing of **sea** *food* at the mouth of Guadiana. 116659
Influence of the amount of fat in *food* on the **secretion** and composition of bile in rats. 116562
Applications of cold to the agricultural and *food* **sector** [Refrigeration]. 116647
Optimum application of fertilizers to *food* and **seed** potatoes. 124984
Analysis of a simple pendulum impacting device for determining dynamic strength of **selected** *food* materials. 116838
Differentiation of bacilli isolated from **semi-canned** *food* [Contamination]. 116262
Proposal for definition of canned and **semi-preserved** *[foods].* 116762
Occurrence and thermoresistance of spores of psychrophilic and psychrotrophic aerobic sporeformers in **soil** and *foods.* 124835
Selected seed production of *food* **species** in Senegal [Field crops]. 121871
Penetration of Rhizopus oligosporus [Fungi] into soybeans in tempeh *[Food* **spoilage].** 116209
Characteristics of *food* **stamp** households: a report on the survey conducted by FNS [Food and Nutrition Service]. 116332
Review of investigation of the effects of *food* **standards** on pesticide use. 116069
A critique on requirements for determination and interpretation of fumigant residues [in **stored** *foods].* 116160
The role of low temperature to control **stored** *food* pests [Fungi, mites, insects]. 116759
FAO's [Food and Agriculture Organization] involvement in the international acceptance of pesticides for **stored** *food* products [Residues, hazards]. 123712
Flavor precursors in *food* **stuffs.** 116633
Some considerations on the legislature dispositions regarding the discipline of materials destined to come in contact with *food* **substances.** 116248
Food **supplement** in winter [Apis mellifera]. 124568
Efficiency and effectiveness in the W.I.C. Program delivery system. The Special **Supplemental** *Food* Program for Women, Infants, and Children [intended to serve individuals at "nutritional risk"]. 116484
Alternative approaches to stabilizing international markets [in *food* **supplies** and prices]. 115751
America, the great food machine [Population and *food* **supply].** 115845
Britain must feed itself **[Supply** of *food].* 115943
Is pornofood X-rating your health? [Consumption of **sweet** *foods].* 116531
Energy allocation in the *food* **system:** a microscale view. 116840
State of the Institute [of *Food* **Technologists],** 1976. 116749
1975 annual report of the Institute of *Food* **Technology** at the University of Soil Cultivation [Brewing, Austria]. 116798
Straw—the *food* of **tomorrow** [Feed for cattle]. 117335
Straw—the *food* of **tomorrow** [Feed for cattle]. 117336
Food of **tropical** ants. I. Activity cycle and diet of Camponotus solon (Forel) (Hymenoptera, Formicidae). 123997
Food of **tropical** ants. II. Feeding bahaviour and diet of Camponotus vividus (Smith) (Hymenoptera, Formicidae). Intrageneric comparisons. 123998
Food **utilization** by Attagenus megatoma and Anthrenus flavipes. 123532
Economic and social importance of the fruit-juice industry [Nutritive **value** of *foods].* 115928
The importance of **vegetable** *food* in covering the requirements for vitamins and minerals. 116321

New sources of *edible* **vegetable** oils. 116814
Effects in the rat of environmental temperature, diet dilution and treadmill running on **voluntary** *food* intake, body compositon and endocrine organ mass: a multiple regression analysis. 116427
Description of an infrared irradiation of quartz glass for the determination of mercury in **water** and *food.* 116074
Neuroanatomy of *food* and **water** intake. 116367
Chemical and biological investigations on Fusarium mycotoxins [Fungal molds of *food,* **wheat** contamination]. 116034
Arkansas Wildlife Unlimited [Establishing **wildlife** *food* plots]. 125553
Nutrition: *food* at **work** for you. 116311
The role of the North Central Region in meeting **world** *food* needs [Weed control]. 115967
The role of weeds in **world** *food* production. 115968
World *food* imbalance: the gap keeps growing. 116605
Animal disease constraints to **world** *food* production. 118557
Studies of the utilization of coconut water waste for the production of the *food* **yeast** Sacharomyces fragilis. 116774

FOODPLANTS

Larval *foodplants,* spatial and temporal distribution for five skippers (Hesperiidae) from texas. 124319

FOODSTUFFS

Carotenoids and *foodstuffs.* 116643
Analysis of nonionic nonvolatile N-nitroso **compounds** in *foodstuffs.* 116764
Plastics in **contact** with *foodstuffs.* 116709
Effect of prenatal exposure to mycotoxins [Molds growing on *foodstuffs,* **laboratory** animals]. 116245
Contribution to the investigation into the migration into **liquid** *foodstuffs* of auxiliary substances used in plastics manufacturing and processing. II. Migration of auxiliary substances of polyvinyl chloride into drinking water. 116073
Current problems concerning modernization in manipulation and **transportation** of *foodstuffs.* 116812

FOOT

Assessment of losses by Rhizoctonia bataticola (Taub. Butler, **causing** *foot* rot of Piper betle L. 122779
Training of officially certified claw attendants [for the care of *foot* **condition** of cattle]. 118527
FMD *[foot-and-mouth* **disease]** vaccine—a new concept [Livestock]. 118590
Effect of Tentex Forte on sexual weakness resulting from *foot-and-mouth* **disease** in exotic [Jersey] bull. 118730
Cell-free translation of *foot-and-mouth* **disease** virus RNA into identifiable non-capsid and capsid proteins. 118787
Foot-and-mouth **disease** in Ethiopia: serological and immunological study of FMDV type A [virus, guinea pigs]. 118900
Veterinary institutes at district level—their scope regarding extremities and *foot* **health** service. 118529
Studies on simultaneous vaccination of cattle against rinderpest and *foot* and **mouth** disease. 118756
Organic amendments and control of *foot* **rot** of Piper betle caused by Phytophthora parasitica var. piperina. 122570

FOOTHILLS

Effect of irrigation on the content of humic substances and carbohydrates in southern Chernozems and those from the *foothills* of the **Caucasus** Mountains. 125179

FORAGE

Study of *foraging* **activity** of a colony of Paravespula germanica: relationship between flight activity, rate of foraging success and climatic conditions. 124003
A comparison of four **annual** *forage* plants for roughage production [Varieties]. 121882
Annual *forage* crops for the southern interior of British Columbia. 122098
Forages and **beef**—still a winning combination. 118042
Effect of silicon on the growth, area size of leaves and adsorbing surface of plant roots [of cereals, soybeans and *forage* **broadbeans].** 121402
Sulfur supplementation and in vitro digestion of *forage* **cellulose** by rumen microorganisms [Cattle]. 117771
Machinery groups [Owning, sharing or **contracting** *forage* maize harvesters]. 115429
Relationship between plant population and lay to yield of *forage* **corn** and Vigna sinensis [cowpeas] intercropping. 122131
Brachiaria brizantha. Best fallow time *[Forage* **crop** cultivation]. 122106
1975 report; North Missouri Center, Spickard, Missouri [Cultivation of *forage* **crops,** beef cattle breeding]. 122158
Weed control in *forage* **crops.** 123069
Soil fertility research with *forage* **crops.** 125084
Straw, a possible solution for the lack of *forage* **[Dairy** cattle]. 118107
New performances obtained in the domain of *forage* **double** crops, cultivated after autumn cereals. 122069
Yield response of **eight** *forage* species subjected to inter-and intraspecific competition. 122141
Some biochemical studies on Listeria monocytogenes strains [isolated from adult sheep, lambs, fetuses, and **ensilaged** *forage].* 118995
Digesta compostion in the gastrointestnal tract of bovines **fed** *forage* and high-test molasses diets. Forage utilization [Pennisetum purpureum]. 117640
Consumer acceptance of *forage* **finished** beef. 115752
Competition of Sorghum varietis for **fresh** *forage* production. 121883
Grass *forage* as a concentrate for dairy cattle. 118126
Technological advances in the renovation of *[forage]* **grass** stands [and their mixtures with legumes]. 122037
Investigation on competition among Brachypodium pinnatum Beauv. and some *forage* **grasses** and legumes [Yields]. 122125
Economics of hot air drying of **green** *forage.* 117386
Forage **growing** and animal husbandry in Venezuela. Impressions of a study trip. 122170
Influence of breed and level of winter supplement on *forage* **intake** of range cows [Hereford, Hereford X Holstein, Holstein]. 118093
Phytometric features of the crops of **Kuuziku** *forage* rutabagas. 121565
Yields of *forages,* **leaching** of nitrate and nitrogen balances in an irrigated field treated with dry and liquid manures. 124881
Vertical distribution of dry matter in some *forage* **legumes.** 117387
New findings on the planting of *forage* **legumes.** 122159
Presence of biologically active substances in soils covered by tall herbaceous vegetation and **meadow** *forbs.* 124820
Stimulating **native** *forage* production for livestock and wildlife on fallow riceland [Herbicides]. 123181
"Banks" for equipment, fertilizers, *forages* at our **neighbors** [Cooperatives]. 115342
Nitrogen metabolism and productivity of cows fed granules made of whole *forage* **plants.** 118172
Forage **plants,** variety tests 1974-1975 [Austria]. 122166
Forage **plants** of Acherontia atropos (Lepidoptera, Sphingidae). 123231
Feed grain and *forage* **production** in Hawaii [Yields, varieties]. 122038
Thoughts on *forage* **quality** now! 117362
French survey **reveals** *forage* deficit [Economic effects of drought, situation study]. 115850
Optical vs. Electronic enhancement of remote sensing imagery [for information as to the amount and condition of such earth resources as timber, *forage,* **soils,** water, minerals and agricultural crops. 125487
Direct sowing of *forage* **sorghum** in guinea pasture [Panicum maximum] during the dry season. 1. Effects of pasture availability and milk production. 121900
The effect of seed quantity and row spacing on yield of two varieties of *forage* **sorghum.** 122137
Forage **sorghum** variety and fertilizer trials in the Upper Gulf Coast Prairie of Texas, 1974. 125060
Study of foraging activity of a colony of Paravespula germanica: relationship between flight activity, rate of *foraging* **success** and climatic conditions. 124003
Sorghum, a **summer** *forage* plant of interest for dry regions [Varieties]. 122169
Speed of establishment and hay production of **ten** *forage* legumes and molassesgrass [Varieties, Melinis minutiflora]. 121887
Tropical cattle nutrition under grazing range conditions in the Sahel: measurement of the dry matter intake and estimation of digestibility and feeding value of *forages.* I. **Theoretical** basis, purposes and methods. 118158
The use of micronutrients as Fritted Trace Elements on **tropical** *forage* legumes. 124958
Introduction of wheat-Agropyron hybrids of a *forage-grain* **type** in Donbass [Yield, protein and vitamins content]. 121434
Digesta compostion in the gastrointestnal tract of bovines fed forage and high-test molasses diets. *Forage* **utilization** [Pennisetum purpureum]. 117640
Herbicides for the control of weeds in **warm-season** *forage* grasses. 123132
Effect of plant density, irrigation and fertilization on grain and *forage* **yield** of different corn hybrids. 122117
A comparison of five tropical legumes *[Forage* **yields].** 121881
Seed and *forage* **yields** in the alfalfa for dryland culture as affected by seed rate, variety and period of use. 122134

FORBS *see* FORAGE

FORCIPOMYIA

Life cycles of cacao pollinating midges, *Forcipomyia* **species** (Diptera, Ceratopogonidae), and some notes on larval behavior in the laboratory. 124144

FORECAST

Animal nutrition to human nutrition: **achievements** and *prospects.* 117865
Problems and *prospects* of the **agrarian** law in the U.S.S.R. 115898
Prospects for **agriculture** to adapt itself to new patterns of food production—primarily as regards protein supply [Outlook]. 115932
The International Society of Biometeorology: retrospect, **analysis** and *prospect.* 115175
Contemporary state and *prospects* of **applied** forest entomology in Slovakia. 123832
Problems and *prospects* of **apricot** tree culture. 122314
Diagnosis of agriculture in Putumayo [Economic **aspects** and *prospects].* 115989
Prospects of **breeding** sunflower for early ripening. 120811
Situation and *prospects* of the **cereal** market in the [West German] Federal Republic under the influence of the European Economic Community cereal market ordinance. 115602
Agricultural production in 1975 and *prospects* for 1976 **[Colombia].** 115984
A quarter century of agricultural economics in retrospect and in *prospect:* **a comment.** 115300
Strawberry: *prospects* of **commercial** cultivation in the Nilgiris. II. 122445
Forecast **confirmed** by poultry farming in Sao Paulo [Economic aspects, production, prices, statistics]. 115809
Prospects for **control** of phytopathogenic bacteria by bacteriophages and bacteriocins. 122797
Prospects of **controlling** vegetation in new forest plantations [Weeds]. 123144
Prospects of **controlling** warble flies [Oestridae] and blood-sucking Diptera in the northeastern zone [Pests of reindeer]. 123632
Species of Rhododendron from the USSR flora and *prospects* of their **cultivation.** 122198
National economic agrarian-industrial complex of the country and *prospects* of its **development** [Moldavia]. 115919
Present condition and *prospects* of **development** of reindeer husbandry in the Yakut Autonomous Soviet Socialist Republic. 117433
Present conditon and *prospects* of the **development** of reindeer husbandry in the Magadan Region. 117434
The Mexican cotton industry: **developments** and *prospects.* 115840
Lussow Agricultural Producers' Cooperative of Crop Production: joint responsibility for successful socialist intensification [Programs, *prospects,* **East** Germany]. 115935
Planned transition to industrial seed and fruit production via the authenticated method of cooperation [Five-Year Plan, *forecast,* **East** Germany]. 115936
Hallertau hops culture—retrospect and *prospects* **[Economic** aspects, marketing]. 115676
Productive structure of the viticultural sector *[Prospects* and **economic** aspects, Europe, Italy]. 115930
Crop, **export** *prospects* dim for Australian wheat farmers. 115645
Some rules in *forecasting* **fir** [honeydew] flow [Apiculture]. 124582
Forecasting the **flowering** stages of apple varieties in Kent, England, by the use of meteorological data. 122173
Snows and avalanches in the South Carnic and West Julian Alps: Contribution to the improvement of knowledge and *forecasts* **[Forest** influences]. 119298
Present position and **future** *prospects* for the British Nursery industry [Ornamental trees and shrubs]. 115825
Neural mechanisms of hungar: current status and **future** *prospects.* 116366
Present day state and **future** *prospects* for the study of the nutritional pattern among residents of Kazakhstan. 116566
The status and **future** *prospects* of forest work science at the Finnish Forest Research Institute. 119413
Biophysical prerequisites of *forecasting* **heterosis** in agricultural plants. 120695
Study of physiological and biochemical features of tomato [varieties] in relation to the *forecasting* of **heterosis.** 121686
Forecasting the **heterotic** effect in seeds of agricultural plants by the method of thermal testing. 120704
Juvenile hormone in retrospect and in *prospect* **[Insects].** 123944
Evaluating the *prospects* of **introducing** to Belorussia exotic conifer species **[as** ornamental and forest trees]. 121616
Radiofrequency, infrared, and ultraviolet radiation for control of stored-product insects: *prospects* and **limitations.** 123551
Drought clouds Australian wheat, **livestock** *prospects* [Outlook]. 115847
Long-term *prospects* for demands of wood production. 119513
Problems and *prospects* of **mountains,** forests and environment in the programs of the European Economic Community [Conservation of natural resources and forests]. 125377
Record world production of edible olive **oil** *forecast* for 1975/76 [Statistics]. 115631
Literature on veterinary medicine in the German Democratic Republic: postulates, **positions,** *prospects.* 118508
Forecast: **poultry** farming in Sao Paulo maintains its place [Economic aspects, production statistics]. 115810
Genetic control of insecticide-resistance in stored products insects: *prospects* and **preliminary** investigation. 123534
Jute industry, **problems** and *prospects.* 115902
Prospects and **problems** of pregnancy and fertility diagnosis in the pig by aid of progesterone determination. 118236
Frankfurt on the Oder district: measures for intensifying vegetable **production** *[Prospects].* 115407
World milk **production** *forecast* to rise fractionally in 1976 [Statistics]. 115629
On a quarter century of agricultural economics in retrospect and in *prospect:* a **reply.** 115307

World oil and meal output **rise** *forecast* for 1976. 115831
Forecast of the **salt** regime of irrigated lands on the experimental area "Shalfingi" in the Crimean Region (1973). 125226
Determination of initial parameters for calculating the *forecast* of **[soil]** salinization in the Ingulets and Spask irrigation systems. 125218
Development of a method of *forecasting* **spring** runoff on the basis of recording uneven wter absorption [on forested and unforested land]. 119349
Weather control, present **state** and *prospects.* 115186
Mechanical harvesting of strawberries: present **state** and *prospects.* 124679
Cycles in U.S. Pecan production 1919—1974 identified by power spectral analysis **[Statistics,** *forecasting].* 115931
Present state and *prospects* of **studies** in breeding short stem varieties of winter wheat for irriation conditions. 120748
The maple sweetener situation—trends and *prospects* **[U.S.** And Canada]. 115768
Crops and climatic change: **USDA's** *forecasts* criticized [Agricultural meteorology]. 115199
Prospects in the **utilization** of fluid bed in the drying and cooling of refined sugar. 117111
Resources of underground water of increased mineralization on the territory of the USSR, their location, formation and *prospects* of **utilization** (1970-1974). 125234
Forecasts of **water** expenditure [during floods] on the basis of recording runnoff distribution and its lag in the river network (1971-1972). 125227
How severe the drought? **[Weather** *forecasts].* 115202
Application of the National Weather Service Flash-Flood Program in the Western Region **[Weather** *forecasting,* precipitation]. 125329

FOREST

Laboratory testing for gaseous and particulate pollutants from *forest* and **agricultural** fuels. 125445
A brief history of **Alabama's** *forest* products industry. 119645
Contemporary state and prospects of **applied** *forest* entomology in Slovakia. 123832
Factors influencing smoke management decision in *forest* **areas.** 119338
Experiences on the effect of using plant protection products in *forest* **areas.** 123704
Hygienic-toxicological evaluation of single used plant protection materials in *forest* **areas.** 123705
Fertilization of *forest* **areas** and its effect on water quality of surface runoff waters and water sources. 124977
Pulping of New Zealand beeches (Nothofagus spp.) and **associated** *forest* species. 119759
One hundred years of *forest* **associations** in Slovenia. 119452
Insects **attacking** *forest* trees in the South. 123440
Measuring scenic beauty: a selected annotated **bibliography** *[Forest].* 119416
Softwood pulp from Canada's **boreal** *forest* rated as prime market pulp. 119803
Dynamics of litter fall in *forests* on **Brown** and Pseudopodzolic soils [and its decomposition]. 125552
Smoke composition [in **burning** *forest* fuels]. 125448
The California air resources board program to regulate agricultural [range and *forest]* **burning** [Air pollution control]. 125449
Calculation of wire ropes in *forest* and other **cable-railways.** 119664
Photosynthesis in Sitka spruce (Picea sitchensis (Bong.) Carr.). VII. Measurements of stomatal conductance and 14cO2 [carbon dioxide isotope] uptake in a *forest* **canopy.** 121818
The effect of the gale of August 1975 on *forests* in **Canterbury.** 119359
Labor expenditure for lumbering, timber plantations and *forest* **care** in Plenter Forest [Switzerland]. 119508
Influence of forest soils on the water requirements (amount and quality) from *forested* **catchment** areas of dams. 119305
Study of the selected timber forest: the **communal** *forest* of Saint Laurent in Grandvaux (Jura). 119509
Forest **communities** of the central part of Eastern Slovakia and some questions about their syntaxonomy. 120313
Forest **communities** of Eastern Orava [Czechoslovakia]. 120314
Fire and dwarf mistletoes [Arceuthobium] in North American **coniferous** *forests* [Prescribed fire for control]. 119603
The **Connecticut** *forest.* 119494
The ecological function of natural resources parks and protective zones in the protection of the environment *[Forest* **conservation,** pollution control]. 119299
Agriculture and the supply of raw materials from the forestry viewpoint *[Forest* **conservation** and economic aspects]. 119512
Design of a programming system for CFI **[Continuous** *Forest* Inventory projects]. 119465
Tests of microbial insecticides [to **control** *forest* pests]. 123493
The economic situation of the basic organization of the united work and of the *forest* **cooperative** productive organizations from the standpoint of self-management [Slovenia]. 119456
Service systems for consultants and CFM **[cooperative** *forest* management] foresters. 119480
Studies on North American Quaternary bryophyte subfossils. I. A new moss [Musci] assemblage from the two **creeks** *forest* bed of Wisconsin. 120235
Allelopathic properties of herbaceous plants of the **Crimean** *forests.* 121056
Relationships between *forest* **cutting** and understory vegetation: an overview of Eastern hardwood stands. 119641
Does the deer destroy its environment? *[Forest* **damage].** 119307

SCS [Soil Conservation Service] technical assistance in **windbreak** *forestry.* 119392
Twenty-five years of university training in *forestry* and **wood** industry of Slovenia. 119336
Aspects of additonal earnings by farmers through *forestry* **work:** forestry educaton as a prerequisite [Austria]. 119292
World *forestry* situation aspects [Surveys, statistics]. 119436

FORFICULA

Parental behavior in the Dermaptera with special reference to *Forficula* **auricularia** (Dermaptera: Forficulidae). 123859
Chromosomal analysis in two species of earwings belonging to the **genus** *Forficula* [beelzebub, Forficula schlagintweiti] (Dermaptera). 123872

FORFICULIDAE

Parental behavior in the Dermaptera with special reference to Forficula auricularia **(Dermaptera:** *Forficulidae).* 123859

FORMALDEHYDE

Use of *formaldehyde* and its **effects** on lactic bacteria used as starters in Grana cheese making. 116897
Observation on the **free** *formaldehyde* dissolved into the liquid layer of the skin surface from resin finished fabrics. 2. [Cotton]. 116214

FORMALIN

Farm production experiments **comparing** *formalin-treated* silage with conventional foods for wintering yearling beef cattle. 118125
The effect of *formalin* on **potato** cyst-nematode, Heterodera rostochiensis. 122890
Effect of addition of *formalin* and **storage** on chemical composition of ice cream. 116883

FORMICA

Dicrocoelium dendriticum analogous changes in behavior of ants of the **genus** *Formica* [pratensis] after infections with a fungus of the genus Entomophthora. 124175
A climate room for precise regulation of temperature and humidity in connection with a temperature-regulated nest site for wood ants *[Formica* **polyctena].** 124119
Females of *Formica* **rufa** L. (Hymenoptera, Formicidae) with enlarged labial glands. 123996
Histochemical characterization of the hemolymph proteins from the cocoons of *Formica* **species** by polyacrylamide electrophoresis. 123979

FORMICIDAE

The stinging apparatus of Camponotus rufipes (Fabricius) (Hymenoptera, *Formicidae)* and its **attached** structures [Morphology]. 124143
Females of Formica rufa L. (Hymenoptera, *Formicidae)* with **enlarged** labial glands. 123996
A ten-year colony of Sericomyrmex urichi **(Hymenoptera:** *Formicidae).* 123793
Food of tropical ants. I. Activity cycle and diet of Camponotus solon (Forel) **(Hymenoptera,** *Formicidae).* 123997
Contribution to the study of the genera Belonopelta Mayr and Leiopelta new genus **(Hymenoptera,** *Formicidae).* 124337
Food of tropical ants. II. Feeding bahaviour and diet of Camponotus vividus (Smith) (Hymenoptera, *Formicidae).* **Intrageneric** comparisons. 123998
Ants *[Formicidae]* of **Mobile** County, Alabama, as monitored by bait transects. 123245
The influence of body size and temperature on worker ant **respiration** *[Formicidae].* 124093

FORMULA

Voluntary effort as a tax substitute in the revenue-sharing **allocation** *formula.* 115455
Leucocyte *formula* of the blood from Broad Breasted White turkeys in relation to their age and productivity. 117924
Computer-assisted optimization of **sausage** *formulas.* 116942

FORMYL

Abnormal rearrangement of isoprenoid epoxide: synthesis of *7-methoxy-8(2'-formyl-2'methylpropyl)-coumarin,* the **lactonic** constituent of grapefruit peel oil of Citrus decumana Linn. (Rutaceae). 117230
Formyl-methenyl-methylenetetrahydrofolate **synthetase-(combined),** an ovine protein with multiple catalytic activities. 117785

FORSYTHIAS

Studies on the resistance of *Forsythias* to **low** temperatures [Varieties, testing, Poland]. 122187

FOSSILS

Observations on Aeolisaccus kotori Radoicic, 1959 (Cyanoschizophyta) **[Algae,** *fossils].* 119971
Character correlations among angiosperms and the importance of *fossil* **evidence** in assessing their significance. 120054
The evolution of adaptive features in *fossil* **exines.** 120178
Twin shoots borne on a Botryopteris frond *[fossil* **fern]** from the British Upper Carboniferous [morphological variation]. 120256
How were the deposits of *fossil* **fuels** formed? [Paleobotany]. 120299
Fossil **fungal** spores. 120070
Fossil **fungi.** 119937
Dinoflagellates: *fossil* **motile-stage** tests from the Upper Cretaceous of the northern New Jersey coastal plain. 120258
The higher classification of the insect order Coleoptera including *fossil* **records** and a classified directory of the Coleopterists and coleoptera collections of the world. 120302
Microfossils of the **Wissant** Albo-Cenomanian (Pas-de-Calais) [Paleobotany]. 119997

FOULBROOD

Construction and use of an experimental ethylene oxide chamber to fumigate bee equipment in Virginia [for disease, pest and **American** *foulbrood* control]. 124487
Caution during sterilization [of beekeeping equipment **infected** with *foulbrood].* 124497

FOWL

Development of 3 beta-hydroxysteroid dehydrogenase in the ovary of the **domestic** *fowl* during sexual maturation. 118348
Isolation of adenoviruses and reoviruses from avian species other **than domestic** *fowl.* 118634
Passive cutaneous anaphylaxis in the **domestic** *fowl.* 118769
Congenital anomalies of **domestic** *fowl* [chickens]: seven cases. 119076
Specific pathogen **free** *fowl* flock based on animals from poultry breeding centre. 118843
The measurement of 3 beta-hydroxysteroid dehydrogenase in ovaries of *fowls* **(Gallus** domesticus). 117699
Ubiquinones and their role in intact and **ill** *fowl.* 118528
Further studies in genetic resistance of *fowl* to **RSV** (RaV 0): evidence for interaction between independently segregating tumour virus b and tumour virus e genes. 118344
Spent *fowl* revisited [Poultry products]. 117044
Fowlpox with the **symptoms** of infectious bronchitis. 118646
The fine structure of the leucocytes of the domestic birds. Electron microscopical studies of the blood leucocytes of the *fowl,* **turkey,** goose and duck. 117960
A smear technique for staining elementary bodies of *fowlpox* **virus** [Chickens]. 118620

FOXES

Pseudomonas aeruginosa. III. Identification of strains isolated from **blue** *foxes* (Alopex lagopus) in a Danish fur farm. 118863
Contribution to the study of parasitism of **foxes** *(Vulpes* vulpes L.) by Ixodidae (Acarina) in northeastern France. Interpretation of the seasonal dynamics of the parasites in relation to the biology of the host. 123590

FOXTAILS

Effect of inorganic fertilizers on the yield, chemical composition of **meadow** *foxtail* [Alopecurus pratensis] and the regime of nutrients in Peat-Bog soils of the Kola Peninsula. 124927
Induced mutations in *foxtail* **millet** (Setaria italica Beauv.). II. Viable mutations in ear characters induced by gamma rays, EMS and dES [ethyl methanesulphonate, diethylsulphate]. 120840
Functional characteristics of starches from proso and *foxtail* **millets.** 117121

FRACTIONATION

Fractionation and **amino** acid composition of acid-soluble trypsin peptides of inclusion bodies protein of moth (Galleria mellonella) nuclear polyhedrosis virus. 123827
The yields of leaf protein and fibre that can be obtained from *fractionation* of **berseem** (Trifolium alexandrinum L.) [egyptian clover]. 117351
Contribution of the **cell** *fractionation* to the study of protein bodies, spherosomes, microbodies and microsomes of seeds. 121084
Chromatographic **column** *fractionation* and fatty acid composition of different lipid classes of linseed oil. 117152
Electrophoretic *fractionation* of seminal vesicle fluid and seminal plasma of ram. 118321
Solubilization of the chromatin-bound estrogen receptor from chicken liver and *fractionation* on **hydroxylapatite.** 117667
Colour measurements in **milkfat** *fractionation.* 116907
Fractionation of **stable** isotopes of carbon monoxide by [soil[bacteria. 124796

FRACTURES

Stereo electron microscopy of *freeze-fractured* **cells** reveals the three-dimensional continuity of tobacco mosaic virus crystals. 122864
Intra-articular **chip** *fracture* or osteochondrosis dissecans of the fetlock joint of horse. 119265
Use of sucrose-glycerol density gradients in the preparation of living cells for high-resolution **complementary** *freeze-fractured* specimens [Tobacco]. 120560
Sagittal *fracture* of the third carpal bone in a horse. 119253
A method for reduction and fixation of **symphyseal** *fractures* of the mandible [Dogs, cats]. 119250
Classification, management, and repair of central **tarsal** *fractures* in the racing Greyhound. 119251

FRAGARIA

Strawberry: *Fragaria* **ananassa** (Rosaceae). 122378
Influence of soil mulching on **strawberries** *(Fragaria* species). 125042
Shoot tip culture of **strawberry** *Fragaria* chiloensis Duch. Var. mananassa Bailey. 122395
Adaptation and yield of strawberry **verieties** *(Fragaria* hibrida). 122457

FRAGRANCE

Potpourri is easier than you think [Processing of *fragrant* **flowers,** herbs, mint mixture]. 116805

FRAMES

The San **Benito** *frame* [Beehive equipment, Guatemala]. 120356
Catching *frame* development for a citrus harvest system. 124735

FRANKFURTERS

Differentiation and species distribution of microorganisms of the genus Bacillus found in *frankfurter* and **liver** sausages. 116111
Evaluation of the lipolytic and proteolytic effects of strains of the genus Bacillus [obtained from *frankfurter* and **liver** sausages] under laboratory conditions. 116114
"By products for the frankfurter-type sausage"? Reply to the article "By-products for the frankfurter-type sausage" published in the **magazine** *Frankfurter* Allgemeine Zeitung of March 13th, 1976. 116974
Manufacturing *frankfurter-type* sausages in peelable casings. 116983
"By products for the *frankfurter-type* **sausage"?** Reply to the article "By-products for the frankfurter-type sausage" published in the magazine Frankfurter Allgemeine Zeitung of March 13th, 1976. 116974
Rational manufacture liver sausage and *frankfurter* **sausage** types in lacquer-sealed fibre casings. 116994

FRAXINUS

Germination temperatures and prechill treatments for white **ash** *(Fraxinus* americana L.). 121829
Indicator properties of tree barks in the emmission area of Frankfurt a. M. *[Fraxinus* **excelsior,** Acer platanoides, Tilia]. 120338

FREEMARTINS

Hormone-like role of H-Y antigen in **bovine** *freemartin* gonad. 118852

FREEZING

Freeze-drying as an **alternative** method for lowering seed moisture [Onions, peppers, parsley]. 121764
Super-cold can provide permanent identification *[Freeze* **branding].** 117425
The storage stability of *freeze-dried* **carrots.** III. The content of carotene as affected by the addition of L-cysteine hydrochloride at various temperatures. 117295
Stereo electron microscopy of *freeze-fractured* **cells** reveals the three-dimensional continuity of tobacco mosaic virus crystals. 122864
Use of sucrose-glycerol density gradients in the preparation of living cells for high-resolution **complementary** *freeze-fractured* specimens [Tobacco]. 120560

Comparative experiments on temperature responses of bryophytes: assimilation, respiration and *freezing* **damage.** 121169
Food *freezing* methods. 116656
Production and testing of a **live** *freeze-dried* bivaccine against Aujeszky's disease and erysipelas in swine. 118993
Better operation of refrigeration plant [to cool and *freeze* **meat**] gives more refrigeration and saves power. 118493
Application of *freeze-dried,* **one-day-old** chick erythrocytes to viral hemagglutination and hemagglutination-inhibition tests. 118786
Deep-freezing of **rabbit** spermatozoa. 118217
Freezing points of **raw** and pasteurized milks. 116893
A sterilizing tail stump sperm defect in a Holstein-Friesian bull [Defective recessive genes, *deep-freezing* **semen**]. 119184
Effect of *sub-freezing* **temperatures** on bud break of pecan [Carya illinoensis]. 121670
Energy requirements: *freezing* **vs.** Canning [Corn]. 117252
Energy requirements: *freezing* **vs.** Canning [Peas]. 117253

FREIGHT

Gas interchange in *freight* **containers** [for the handling of both bulk and bagged stored products]. 116758

FRESHNESS

Washing of trimethylamine by the water of the melting ice used for preserving sea bob shrinp (Xiphopeneus kroyeri) [**Food** *freshness* test]. 116052
New possibilities of fresh meat storage with a special paper **preserving** *freshness.* 116949

FRESHWATERS

Phosphate exchange and organic phosphorus excretion by *freshwater* **algae.** 121184
Yeasts in *freshwater* **fishes** [Contamination]. 116045
Economics of *freshwater* **wetland** preservation in Massachusetts. 125331
Models for evaluation of *freshwater* **wetlands.** 125332

FRITILLARIA

Structure of imperialine [isolated from *Fritillaria* **imperialis**]. 121375

FRONDS

Twin shoots borne on a **Botryopteris** *frond* [fossil fern] from the British Upper Carboniferous [morphological variation]. 120256
Effects of bracken (Pteridium aquilinum) *frond* **extract** on mitosis in Allium cepa [Onions]. 120473

FROST

Effects of frost on sugarcane and the behaviour of *frost-affected* **cane** in the factory. 122961
Observed radiant loss from a heated orchard under *frost* **conditions** [Cold protection]. 122968
Studies on *frost* **hardiness** in Chlorella ellipsoidea [Algae]. II. Effects of inhibitors of RNA and protein synthesis and surfactants on the process of hardening. 121325
Testing of conifers on *frost* **hardiness** and biochemical changes in tissues accompanying increasing frost hardiness. 121828
Helicopters as *frost* **protection** devices [Citrus, vegetables]. 123041
Karyometric studies of winter wheat varieties in relation to *frost* **resistance.** 120566
Breeding of winter wheat for *frost* **resistance** in the conditions of the Tambov Region. 120806
Study of the structure and functions of chromatin in winter wheat in relation to *frost* **resistance.** 120815
Effect of proline on metabolic processes related to *frost* **resistance** of winter wheat. 121559
The role of sugars in the formation of *frost* **resistance** [Winter wheat]. 121561
Studies on the *frost* **resistance** of selected ornamental trees and shrubs in Poland and on the selection of maternal individuals (Acer, Campsis, Deutzia, Forsythis). 122186
Effects of *frost* on **sugarcane** and the behaviour of frost-affected cane in the factory. 122961
Frost **tolerance** in strawberry cultivars. 121672

FROZEN

Specific pathogen free (SPF) *frozen* **bovine** semen: a goal? 118288
Techniques for evaluation of *frozen* **bovine** semen at Curtiss Breeding Service. 118291
Quality checking of *frozen* **codfish** of the Baltic Sea. 116217
The economics of Florida's FCOJ *[frozen* **concentrated** orange juice] imports and exports: an econometric study. 115605
Meat products in self-service packs. Ready meat dishes and delicatessen products, **deep** *frozen* foods with a meat base. 116985
Processing line for **deep** *frozen* asparagus. 117256
Regeneration of plants from cell suspensions [of carrot, Datura, tobacco and soybean] *frozen* at -20, -70 and -196 **degrees** C [Celsius]. 121528
The influence of the frozen storage on the food quality of wheat flour products. 4. *Frozen* **dough** of the bread. 117133
A two-pricing system for **exporting** *frozen* concentrated orange juice. 115749
The effect of storing and **heating** *frozen* ready-to-eat meals on vitamins B1 and B2 in the meat. 116330
Scalded sausage manufacture in the meat trade. 6. Scalded sausage with coarse fillers, crackling processing with and without extraneous protein, and *frozen* **meat** processing. 116954
Determination of the moisture content in *quick-frozen* **mushed** chestnuts. 117266
Hygiene studies on *frozen* **ocean** fish [Deterioration of the quality]. 116264
A new technology for *quick-frozen* **pancake** production and its possible practical application. 116753
A new method: **preparing** *frozen* meat for further processing. 116941
Water permeability of *frozen* **soils** after different methods of main tillage. 124900
The influence of the *frozen* **storage** on the food quality of wheat flour products. 4. Frozen dough of the bread. 117133

FRUCTIFICATION *see* **FRUIT**

FRUCTOSE

The vapour pressure of **aqueous** *fructose* solutions. 119767
European sugar beet growers express concern over possibility of increased HFCS **[high** *fructose* corn syrup] production]. 117105
The partial purification of **L-glutamine** *D-fructose* 6-phosphate amidotransferase from baker's yeast. 116641

FRUIT

Defective ovules in avocado cultivars **[Abnormalities,** *fruit-set].* 122965
Fruit **anatomy** of some Heracleum species. 120198
Relations of phenolic inhibitors to resistance of immature **apple** *fruits* to rot [Botrytis cinerea, Penicillium expansum, Alternaria]. 122646
Ripening, chilling injury, and respiratory response of 'Hass' and 'Fuerte' **avocado** *fruits* at 20 degrees C [centigrade] following chilling. 117282
Development of earliness to *fruiting* and **boll** maturity in cotton under low maturation temperatures. 121552
India **boosting** *fruit* and vegetable output for export. 115651
Overwintering of brinjal [eggplant] shoot and *fruit* **borer,** Leucinodes orbonalis Guen. (Lepidoptera, Pyralidae) in Kulu Valley, western Himalaya, India. 123372
Fruit **breeding** Symposium, July 22-24, 1975, Agricultural Research Center, Beltsville, Maryland [Summaries of papers]. 120636
'Liberty' raspberry *[Fruit* **breeding**]. 120691
Fruit **bud** formation of the Kyoho grape variety (Vitis vinifera X Vitis labrusca) in Taiwan. 120484
Canning **Canadian** *fruits* and vegetables. 117314
Further rise of consumption of **canned** *fruits* and vegetables [Trade]. 115701
Studies on the pungent principle of **Capsicum** *fruits* [bush redpeppers]. IV. The relations between the qualities of Capsicum fruit and its production. 121723
Comparison of flight ability of wild-type and laboratory-reared **Caribbean** *fruit* flies [Anastrepha suspensa] on a flight mill. 123413
Effect of sodium upon yields and *fruiting* **characteristics** of Acala and Pima cotton [Toxicity]. 123026
Investigations on chosen problems on biology of blooming and fruit-bearing of sour cherries . I. Observations on sour **cherry** *fruit* drop [Varieties]. 121774
Maturation of black **cherry** *fruits* in central Mississippi. 121783
Feeding, mating, and oviposition activities of Rhagoletis fausta flies in nature **[Cherry** *fruit* pests]. 123369
Change in the sale of Outspan **citrus** *fruits.* 115671
Industrial and market structure for *fruit* and **citrus** juices. 115674
Complementary note on the determination of thiabendazole residues in **citrus** *fruits* and bananas. 116028
Degreening of waxed **citrus** *fruit* with ethephon and temperature. 117280
Investigations on the causes of postharvest decay in imported **citrus** *fruits* [Fungus diseases]. 122674
Tannin in persimmon (Diospyros kaki L.) fruits. II. Volatile compounds and soluble tannin of the *fruits* in the **course** of removal of astringency. 117294
Identification of unsaturated lactones from the *fruit* of **cowparsnip,** Heracleum sosnowkyi. 121061
Loquat *[fruit* **crop**] varieties for Northern India. 122291
Scales [Coccoidea]—pests of *fruit* **crops** in West Pamir. 123405
Development of disease resistance in *fruit* **cultivation.** 122932
The black walnut [Juglans nigra] as a *fruit* **culture.** 122318
Investigations on the "short grass mulching" method of soil cultivation in *fruit* **culture.** 122510
Our recommendations for spraying in 1976 [Plant protection in *fruit* **culture].** 122992
An inquiry on the Cypriot cooperatives for the commercialization of citrus and other **dessert** *fruits.* 115435
Endogenous plant growth substances in **developing** *fruit* of Prunus cerasus L. [Sour cherry]. V. Changes in inhibitor (ABA) [abscisic acid] levels in the seed and pericarp. 121705
The interrelation of *fruit* **development** and leaf senescence in 'Anoka' soybeans. 121438
Dried *fruit* flakes have fresh flavor. 117251
Mechanism of the thinning action of NAA [naphthaleneacetic acid] in Japanese persimmon (kaki) fruits. II. Effects of NAA applied at various stages of fruit growth on the induction of *fruit* **drop** and the activity of endogenous growth substances and some enzymes in fruit tissues. 122404
Hail injuries to pome and **drupe** *fruits.* 122931
Mechanism of the thinning action of NAA [naphthaleneacetic acid] in Japanese persimmon (kaki) *fruits.* II. **Effects** of NAA applied at various stages of fruit growth on the induction of fruit drop and the activity of endogenous growth substances and some enzymes in fruit tissues. 122404
Dependence of the *fruit* **fall** of black current from the number of seeds and location in the cluster. 121611
Fate of chlorothalonil [fungicide] in apple **foliage** and *fruit.* 122639
The unripe akee—**forbidden** *fruit* [Blighia sapida, hypoglycin]. 116238
Biological specificity of flowering and *fruit* **formation** in peanuts under the conditions of Guinea. 121576
Transportation [in the **fresh** *fruit* and vegetable industries of Florida]: the big step from the field to the mouth. 115583
Hospital supplies [of **fresh** *fruit* and vegetables]—a complex question [Great Britain]. 115681
Cold storage of **fresh** *fruit* and vegetables [Temperature injuries]. 117322
Presence of a buried mammalian carcass indicated by **fungal** *fruiting* bodies [Hebeloma vinosophyllum]. 120383
Revised structure of xanthochymol [from *fruits* of **Garcinia** xanthochymus]. 121374
Observations on the gynecium, *fruit* and **germination** in Caldesia parnassifolia (Bassi) Parl. 120439
Ethrel [ethephon] in *fruit* **growing.** 121775
Effect of male bud removal on *fruit* **growing** of the Cavendish bananas. 122393
Fruit **growing** in Washington State. 122490
Guided [insect] control in *fruit* **growing.** 123406
Mechanism of the thinning action of NAA [naphthaleneacetic acid] in Japanese persimmon (kaki) fruits. II. Effects of NAA applied at various stages of *fruit* **growth** on the induction of fruit drop and the activity of endogenous growth substances and some enzymes in fruit tissues. 122404
Behavior of apple varieties on different beds in the **Havelland** *fruit* growing area [East Germany]. 122509
Fundamentals of irrigation of industrial orchards in the **Havelland** *fruit* culture area [East Germany]. 125368
Home *fruit* [insect] spray guide for small fruits. 123380
Postharvest characteristics and natural preservation of *fruits* from **hybrids** between Alcobaca and some tomato cultivars. 117243
Identification of gibberellin A29 and evidence for abscisic acid in extracts from *fruits* of **immature** French prune (Prunus domestica L.). 121708
General fundamentals for the control of processes in **industrial** *fruit* production. 115462
Harvesting costs for some **industrial** *fruits.* 115498
Economic and social importance of the *fruit-juice* **industry** [Nutritive value of foods]. 115928
Determination of *fruit* **juice** constituents in fruit syrups. 117300
Fruit **juices** in 1975, the year of decisions [Legislation]. 115843
Current reflections on the filtration of *[fruit]* **juices** and the processing of the precipitates. 117248
Apple slice impregnation with *fruit* **juices** [Storage, processing]. 117264
Opening of the flower, pollination and *fruiting* of **lettuce.** 121772
The post-harvest handling of subtropical fruit [Bananas, mangos, avocados, **litchi** *fruit].* 117232
An intensive system for **mechanised** *fruit* production. 122327
Fruit **morphology** of some Heracleum L. Species. 120199
Flowering and *fruiting* [in **Moscow** area] of introduced woody plants from the temperate zone of North America. 119858
Seeds and *fruits* of **North** American Papaveraceae. 120573
Refrigeration of *fruit* with **particular** regard to strawberries. 117257
The cultivation of **passion** *fruit* in Sri Lanka (Ceylon). 122302
Observations on setting and growth patterns of *fruit* in **persimmon** (Diospyros kaki, L.). 121584
Latest development in fumigation of papayas and other *fruits* **[Pesticide** residues, Tephritidae]. 116221
Application of high doses of phosphorus and potassium fertilizers before the establishment of a **pome** *fruit* orchard. 124919
Investigation on the quality of **ponkan** *fruit* [Citrus reticulata] in Taiwan. I. Analysis of ponkan fruit quality from the central part of Taiwan. 117286
Degradation of the texture of *fruits* **processed** in syrup. Study on the hydrolysis of protopectin of apricots. 117267
Still not enough *fruit* **[produced** in Poland]. 115998
Planned transition to industrial seed and *fruit* **production** via the authenticated method of cooperation [Five-Year Plan, forecast, East Germany]. 115936
Thermal load in cold storage places destined for the preservation of vegetable and *fruit* **products** [Equipment]. 117259
Inheritance of the powdery mildew [Sphaerotheca pannosa] resistance in peach. II. Resistance of some vegetative organs in F1 [generation] from crosses between freestone and clingstone varieties with **pubescent** *fruit* skin. 120642

The structure of a compound isolated from the *fruit* **pulp** of Melia azadirachta Linn. 119847
Effect of ethephon latex stimulant on papaya (Carica papaya L.) [Papain yields and **quality** of *fruits].* 122400
Performance of Marsh seedless grapefruit on six rootstocks in Cyprus [Yields, *fruit* **quality,** growth]. 122403
Quick-yielding *fruits* for the new property [Berries]. 122432
Fruit **ripening.** 121740
Fruit **ripening** investigations on strawberry. 122409
The **rough** *fruit* condition [peel disorder] of the Shamouti orange—connections with the endogenous hormonal balance. 122977
The formation of cis-3-nonenal, trans-2-nonenal and Hexanal from linoleic acid hydroperoxide isomers by a hydroperoxide cleavage enzyme system in cucumber (Cucumis **sativus**) *fruits.* 121607
Application of the added value tax to the vegetable and *fruit* **sector.** 115497
Morphology and anatomy of *fruits* and **seeds** of the middle European Erysimum L. species. 120200
Fruits and **seeds** of the Brandon Lignite. I. Vitaceae [Vermont]. 120252
Conjugation of foliar absorbed NAA [napthaleneacetic acid] by **selected** *fruit* crops. 121663
Influence of night temperature and daylength on *fruit* **shape** of grapefruit [Sheepnosing]. 122967
The minor crops in Trento Province [**Small** *fruit* culture]. 122319
Small *fruits* in Iowa [Strawberries, raspberries, introductions]. 122338
Small *fruits* for the small gardens [Strawberries, raspberries, blueberries]. 122342
Home fruit [insect] spray guide for **small** *fruits.* 123380
Investigations on chosen problems on biology of blooming and *fruit-bearing* of **sour** cherries . I. Observations on sour cherry fruit drop [Varieties]. 121774
Cider, fruit wines and **sparkling** *fruit* wines in 1975. 117247
A casa of flowering and *fructification* of the **Springtime** peach tree out of season in Sicily. 121657
Cyanide content in **stone** *fruit* products [Alcoholic beverages]. 116055
Hydrocyanic acid content of **stone** *fruit* juices. 117249
Dwarfing rootstocks for **stone** *fruits.* 122219
Training and pruning **stone** *fruit.* 122491
Heat therapy: method and application to control plant viruses [of pippin and **stone** *fruit* trees]. 122829
The post-harvest handling of **subtropical** *fruit* [Bananas, mangos, avocados, litchi fruit]. 117232
Morphological, anatomical and development studies of the flowers and *fruits* of **succulent** Mesembryanthemaceae genera: a contribution to their taxonomy. 120008
Stabilized dormancy in **sugarbeet** *fruits.* I. Seed coats as a physicochemical barrier to oxygen. 121437
Determination of fruit juice constituents in *fruit* **syrups.** 117300
Mechanism of the thinning action of NAA [naphthaleneacetic acid] in Japanese persimmon (kaki) fruits. II. Effects of NAA applied at various stages of fruit growth on the induction of fruit drop and the activity of endogenous growth substances and some enzymes in *fruit* **tissues.** 122404
An experimental hydraulic power module for use with harvestaids [Machines for *fruit* **tree** crops]. 124734
Current development of various methods of maintaining soil in *fruit* **tree** culture. 125102
Allelopathic activity of *fruits* of **trees** and shrubs. 121651
Why *fruit* **trees** fail to bear. 121733
Fruit **trees** in Colombia [Varieties]. 122178
Distribution of *fruit* **trees** planted on terraces. 122493
Studies on fireblight [caused by Erwinia amylovora] in the German Federal Republic. 1. Disease development on *fruit* **trees** and ornamental plant after natural attack and artificial inoculation. 122808
Effect of air pollution on *fruit* **trees:** photochemical smog injury to Japanese pear tree. 122978
Present fertility of irrigated soils with *fruit* **trees** in the bro Valley. 124765
Use of natural infectious backgrounds in the breeding and pomological studies of *fruit* **varieties** [Immunological evaluatin, fungus diseases]. 122785
Cooperation between socialist farms and *fruit,* **vegetable** and potato state farms in the cooperative associations for food potatoes of the Schwerin district. 115340
Household equivalents of *fruit* & **vegetable** retail packs. 116324
Facing the cost of EEC [European Economic Community] road haulage legislation *[Fruit* and **vegetables].** 115680
Home canning of *fruits* and **vegetables.** 116342
Research protects fresh quality [of *fruits* and **vegetables].** 117233
Studies on the flesh quality of *fruit* and **vegetables.** II. Relation between the pulp quality and properties of pectic substances during post-harvest ripening of peaches. 117293
Economies of raw materials by planned reduction of the consumption of raw materials *[Fruits* and **vegetables,** processing]. 117301
The storage and transport of *fruits* and **vegetables.** 117310
Tannin in persimmon (Diospyros kaki L.) *fruits.* II. **Volatile** compounds and soluble tannin of the fruits in the course of removal of astringency. 117294
Toxicity of secretions of some species of **wild** *fruit* plants in the conditions of water and soil culture. 121656
Cider, *fruit* **wines** and sparkling fruit wines in 1975. 117247

FRUITWORMS

The **tomato** *fruitworm* [Heliothis zea]: how to control it. 123417

FRULLANIA

Notes on the Asiatic species of the **genus** *Frullania,* Hepaticae. X. [New taxa]. 120123
A remarkable New Caledonian species of *Frullania* **[tixieri]** (Hepaticae) [New taxa]. 120130

FRYING

A contribution to the evaluation of *frying* **fats.** 116701

FUCHSIN

Aldehyde-fuchsin **staining** of antral endocrine cells [Cats]. 117707

FUCUS

Effects of nitrate and ammonium enrichment on growth and nitrogen physiology in *Fucus* **spiralis** [Algae]. 121234

FUELS

Laboratory testing for gaseous and particulate pollutants from forest and **agricultural** *fuels.* 125445
Technology of natural drying and methods of artificial drying bread grains, with a scarce **consumption** of *fuel.* 117170
Energy requirement investigation for production of durum wheat in Sicily *[Fuel* **consumption** by farm equipment]. 124726
Meteorological problems in smoke management [Burning of **forest** *fuels* by both wild and prescribed fires]. 119340
Smoke composition [in burning **forest** *fuels].* 125448
How were the deposits of **fossil** *fuels* formed? [Paleobotany]. 120299
Water-soluble components of four *fuel* **oils:** chemical characterization and effects on growth of microalgae. 121269
Heat radiation phenomena from a glasshouse crop canopy at night. IV. Determination of the curtain factor by a simple method *[Fuel* **reduction].** 124596
Fuels—the **source** of the matter [Urban fires and forest fires, air quality]. 125442
Fertilizer and *fuel* from **tiny** plants? [Algae-Pteridophyta symbiosis, Anabena azolla]. 124917
Mapping of the **wildland** *fuel* characteristics of the Santa Monica Mountains of Southern California [Forest fire management, remote sensing]. 119350

FULGORIDAE

Records of insects taken at light traps in Tanzania. III. Seasonal changes in catches and effect of the lunar cycle on insects of the families Cercopidae, Cicadidae and *Fulgoridae* **(Hemiptera,** Homoptera) and Corixidae (Hemiptera, Heteroptera). 123251

FUMES

Evaluation of some diagnostic methods which may be used for determination of injuries on Norway spruce [Picea excelsa] by *fumes* **[Air** pollution from industrial exhaust smoke]. 123017
Brooder stove dust problems [Poultry **houses,** *fumes].* 124607

FUMIGANTS

Response of two species of Callosobruchus [maculatus, Callosobruchus **chinensis]** to different *fumigants.* 123229
The toxicity of phosphine [a stored **product** *fumigant]* to insects. 123572
A critique on requirements for determination and interpretation of *fumigant* **residues** [in stored foods]. 116160
Fumigant **residues** in food: behaviour and regulation. 116162
Some aspects of the control of damping off of [forest tree] seedlings [by disinfection of **soil** with *fumigants].* 119374
Control of field bindweed [Convolvulus arvensis] in cropland with 1,3-dichloropropene **soil** *fumigants.* 123077

FUMIGATION

Depletion of complement in vivo and in vitro by extracts of **Aspergillus** *fumigatus* [Fungi, aspergillosis, man, animals]. 118767
Treatment of fungal sinusitis with autogenous vaccine (a case report) **[Aspergillus** *fumigatus,* dogs]. 119060
Construction and use of an experimental ethylene oxide chamber to *fumigate* **bee** equipment in Virginia [for disease, pest and American foulbrood control]. 124487
Control of Opogona subcervinella in Dracaena through *fumigation* with **methyl** bromide. 123401
Latest development in *fumigation* of **papayas** and other fruits [Pesticide residues, Tephritidae]. 116221
Studies on the residues in wheat and wheat **products** *fumigated* with ethylene dibromide. 116064
Mycorrhiza effects following **soil** *fumigation* [Citrus inoculation with mycorrhizal fungi]. 122235
Soil *fumigation* effects on early blight [caused by Alternaria solani] of tomato transplants. 122737
The legislative aspects of chloropicrin **soil** *fumigation* [Australia]. 123718
Factor influencing dosage and choice of toxicant in [insect] **stored-product** *fumigation.* 123531

FUNDS *see* **FINANCE**

FUNGICIDES

Antifungal **action** of cyanamide added, in vitro, with atrazine [herbicide, Alternaria brassiciola, Dreschslera maydis]. 122552
The effect of fetal bovine serum on polyene macrolide antibiotic cytotoxicity and *antifungal* **activity** [for control of tissue culture contamination]. 117740
Fungicide **activity** of benzimidazole against citrus "mal secco" [Deuterophoma tracheiphila]. 122634
Antifungal **activity** of pollen [Parthenium hysterophorus, Pennisetum typhoides, Sclerospora graminicola]. 122681
Fate of chlorothalonil *[fungicide]* in **apple** foliage and fruit. 122639
Resistance of Septoria leucanthemi to **benzimidazole** *fungicides* [Chrysanthemum maximum, leafspot]. 122759
Field trials of *fungicides* to **control** red core [Phytophthora fragariae] of strawberries. 122563
Glasshouse evaluaton of systemic compounds, derivatives of dithiocarbamic acid and other *fungicides* for the **control** of clubroot [disease caused by Plasmodiophora brassicae]. 122564
Euparen and benlate, *fungicides* for the **control** of gray mold (Botrytis cinerea Pers.) in strawberries. 122623
Fungicides for **control** of poplar leaf rust [Melampsora larici-populina] and effects of control on growth of Populus nigra cv. 'Sempervirens' and Populus X euramericana cv. 'I-214'. 122667
Fungicide **control** of sugarbeet powdery mildew [Erysiphe betae]. 122769
Investigations into the *fungicidal* **effect** of cuprous oxide against Phaeocryptopus gaeumannii on Douglas fir [Pseudotsuga menziesii] seedlings. 122668
Seed-borne cereal diseases in Denmark: their distribution, significance, and control with *fungicides,* **especially** during the period 1906-1975. 122792
Captan **hydrolysis** *[Fungicides].* 122637
Use of herbicides, *fungicides* and **insecticides** in forestry with special regard to the special importance of water catchment areas of dams. 123706
Control of South American leaf blight (Microcyclus ulei) of the rubber plant [Hevea brasiliensis] in Bahia. II. Cost/benefit ratio of aerial spraying of *fungicides* in the **Itubera** region, 1972/73. 115546
Control of South American leaf blight (Microcyclus ulei) of the rubber plant [Hevea brasiliensis] in Bahia. I. Aerial spraying of *fungicides* in the **Itubera** region. 122775
Isolation of ethyl p-methoxycinnamate, the **major** *antifungal* principle of Curcuma zedoaria. 121256
Determination of zineb *[fungicide]* by **oxidation** with chloramine-T. 122638
Report of the Cottonseed Treatment Committee for 1974 **[Performances** of *fungicides].* 122596
Antifungal **properties** of alpha, omega-alkanedicarboxylic acids and their dimethyl esters [Plant pathogens]. 122591
A gas-liquid chromatographic method for the determination of dodine *[fungicide]* **residues** on foods. 116175
Photometric determination of dithiocarbamate *[fungicides]* **residues** [in foods] by carbon disulphide evaluation method. 116232
Acquired **resistance** to *fungicides.* 122571
Federal insecticide, *fungicide* and **rodenticide** act (FIFRA). 115960
Evaluation of **selected** *fungicides* for control of early blight [Alternaria solani] of tomato. 122771
The application and uses of Terrazole **soil** *fungicide* [Pythium, Phytophthora, water moulds, control, New Zealand]. 122594
Fungicides and their **spectra.** 122593
Cottonseed Treatment Committee report—1973 *[Fungicides,* **statistics].** 122595
Effect of the **systemic** *fungicide* PP 149 on rate of powdery mildew infection, yield amount, morphology and tissue structure of leaves in summer barley varieties. 122610
Root uptake of soil-injected **[systemic** *fungicide]* benomyl and its detection with Ulmus americana. 122640
Effect of **systemic** *fungicides* on different entomopathogenic Fungi imperfecti in vitro. 122672
Tricyclazole: a new **systemic** *fungicide* for control of Piricularia oryzae [blast disease] on rice. 122739
Fungitoxicity of some urea derivatives of 1, 3, **4-thiadiazole** *[Fungicides].* 122602
A comparison of the control of Pithomyces chartarum with **three** *fungicides* applied at both the pre- and postdanger levels of spores in pasture [for the control of facial eczema]. 118848
Effect of cottonseed *[fungicide]* **treatment** on stand. 122662
Influence of *fungicidal* **treatments** on the quality and cold storage peservation of Imperatore apples. 117255

FUNGITOXICITIES

Fungitoxicity of some **urea** derivatives of 1, 3, 4-thiadiazole [Fungicides]. 122602

FUNGUS

The structure and function of acid proteases. IV. Inactivation of the acid protease from Mucor pusillus *[Fungi]* by **acid** protease-specific inhibitiors. 121165

An application of interspecific crossing for determining phylogenetic relationships within a genus, with a special reference to genus **Agaricus** *[Fungi].* 120195

Transformations of steroid compounds with Rhizopus sp. *[Fungi].* II. 11 **alpha-hydroxylation** of delta 4-3-ketosteroides of the pregane and androstane groups. 120854

Estrogenic effect [studied on laboratory animals] of the lipid fraction of the *fungus* **Alternaria** brassicicola strain 13 mycelium. 118276

Production of estrogenic preparations by the method of imfecting legume plants [alfalfa] with the *fungus* **Alternaria** brassicicola [Effect on sheep]. 121094

Dynamics of fat changes in hepatocyte after application of phallotoxins [of the *fungus* **Amanita** phalloides]. 120958

Degradation products from aflatoxin B1 by Cornyebacterium rubrum, Aspergillus niger, Trichoderma viride and Mucor **ambiguus** *[Fungi].* 121042

Contribution to the study of the Polyporaceae *[Fungi]* of **angola.** 119969

Induction of specific proteins in hyphae of Achlya ambisexualis by the steroid hormone **antheridiol** *[Fungi].* 121296

Additions to the hypogeous mycoflora of Colorado. I. **Ascomycetes.** *[Fungi].* 120209

Depletion of complement in vivo and in vitro by extracts of Aspergillus fumigatus *[Fungi,* **aspergillosis,** man, animals]. 118767

Fluorescence behavior of sterigmatocystin [Mycotoxin from the *fungus* **Aspergillus** versicolor]. 119248

Utilization of heptachlor by *fungi* **[Aspergillus,** Penicillium, Curvularia lunata, Trichoderma lignorum]. 121143

Preharvest development of aflatoxin B1 [a toxic, secondary metabolite produced by the *fungus* **Aspergillus** flavus] in corn in the United States. 122734

Fungi **associated** with moribund branches of Rosa species [New taxa]. 120268

In vitro growth and nutrition of Buergenerula spartinae, a *fungus* **associated** with Spartina alterniflora. 122664

The activities of various Diptera at the stinkhorn Phallus impudicus Pers *[Fungal* **associations].** 124313

The role of the genome in secondary biosynthesis in Streptomyces **aureofaciens** *[Fungi].* 120734

Contribution to the knowledge of the Upper **Austrian** *fungal* flora [including plant pathogens]. 120266

Competition between Phytophthora cinnamomi and Trichoderma spp. *[Fungi]* in **autoclaved** soil. 120336

Single cell proteins from cellulose and hydrocarbons *[Fungi,* **bacteria].** 116750

Leaf diseases of winter wheat [caused by *fungi* and **bacteria]in** Montana and losses from them in 1975. 122753

Dynamics and character of infection rate of tulips by *[fungus* and **bacterial]** diseases in the Main Botanical Garden of the USSR Academy of Sciences. 122585

Ultrastructure of melanin formation in Thielaviopsis **basicola** *[Fungi].* 120558

Pseudoxenasma [verrucisporum], a new genus of Corticiaceae **(Basidiomycetes)** *[Fungi].* 120217

Sexuality and breeding in the **Basidiomycetes** *[Fungi].* 120769

An annotated index for Jacob Christian Schaeffer's **"Bavarian** *fungi"* [New taxa]. 120210

Relations between growth stresses and tension wood in **beech** *(Fungus* sylvatica L.) [Wood properties]. 119681

Injury to Phacella tanacetiflia **Benth.** From *fungi.* 122673

Some properties of a *fungal* **beta-D-glucanase** preparation [basidiomycetes, Sclerotinia libertiana]. 120994

Nomenclature of Melampsoridium **betulinum** *[Fungi].* 120214

The effects of linoleate and acetate on the growth and lipid composition of mycelium of Agaricus **bisporus** *[Fungi].* 121290

Steroid derivatives. LXXIX. Microbial 15 beta-hydroxylation of 17 alpha-acetoxy-16-methylene derivatives of the pregnane series by the action of Cunninghamella **blakesleeana** *[Fungi].* 121067

Research on the taxonomy, bioecology, damage of the rice **blast** *fungus* (Piricularia oryzae Bri. et Cav.) and the resistance of several rice varieties [in southeast Anatolia). 122583

Chestnut research and biological control of the chestnut **blight** *fungus* [Endothia parasitica]. 122622

Characterization of L-asparagine transport systems in Stemphylium **botryosum** *[Fungi].* 121159

A combined radio gas chromatograph/mass spectrometer detects intermediates in mycophenolic acid biosynthesis [Penicillium **brevicompactum,** *Fungi].* 120879

Sporogens, sterols, and sporulation of Leptosphaerulina **briosiana** *[Fungi].* 120983

Influence of carbon sources on the production of the termite [Reticulitermes virginicus] trail-following substance by [the **brown-rot** *fungus]* Gloeophyllum trabeum. 121175

Metabolism of Delta7- and Delta5,7- sterols by Phytophthora **cactorum** *[Fungi].* 120934

New taxa of boletes of northwestern **California** *[Fungi].* 120205

Xylobotryum andinum, a tropical pyrenomycete from northern **California** *[Fungi].* 120223

The genus Marasmius in the northeastern United States and adjacent **Canada** *[Fungi].* 120221

Air sac and renal mucormycosis in an African gray parrot (Psittacus erithacus) **[Causal** *fungus,* Absidia corymbifera]. 118621

Occurrence of strains of Colletotrichum coffeanum [the **causal** *fungus* of coffee berry disease] resistant to methyl benzimidazol-2-ylcarbamate (carbendazim) and chemically-similar compounds. 122565

Mode of parasitism of Alternaria brassicae [the **causal** *fungus* of blackspot of rapeseed] by Nectria inventa [Mycoparasitism]. 122732

Changes in lipids during growth in Gloeosporium ampelophagum [the *fungus* that **causes** anthracnose disease in grapevine]. 122629

Fungi **causing** plant diseases at Jabalpur (Madhya Pradesh). XV. Some Sphaeropsidales [New taxa]. 120269

Ascochyta chrysanthemi Stev., the *fungus* **causing** leaf and flower disease in Chrysanthemun plants. 122689

Ultrastructure and morphology of the Neurospora crassa *[Fungi]* **cell** wall mutants, slime and slime X using TEM and SEM. 120559

In vitro binding of sterols by extracts from Mucor rouxii *[Fungi]* **cells** grown under different environmental conditions. 120985

Vitamin-formation ability of **cellulose-decomposing** *fungi* [isolated from soil]. 124824

Rice blast [Pyricularia oryzae]: studies of the *fungus* and its **changing** adaptation. 122767

Quantitative microanalysis of cell walls of Saprolegnia diclina Humphrey and Tremella mesenterica Fries *[Fungi,* **chemistry].** 120935

The mycelial cell wall of Penicillium charlesii G. Smith NRRL 1887 *[Fungi,* **chemistry].** 120937

Identification of D-valyl-L-tryptophan anhydride from Aspergillus **chevalieri** *[Fungi].* 121253

Toxicosis due to Aspergillus terreus *[Fungi]* in **chick.** 119241

A cellulase complex in culture filtrates of Penicillium **citrinum** *[Fungi].* 120445

Substrate specificity of intracellular acid RNAse from Aspergillus **clavatus** *[Fungi].* 120947

The correct name for the type species of **Clavulinopsis** *[Fungi].* 120291

Interactions of the plasmid SCP1 with the chromosome of Streptomyces **coelicolor** A3(2) *[Fungi].* 120726

Progressive fertilization in Streptomyces **coelicolor** *[Fungi].* 120729

Strains of Neurospora *[Fungi]* **collected** from nature. 120010

Management of food resources by *fungal* **colonists** of cultivated soils [Plant pathogens]. 122572

Affinity chromatography of Aspergillus [saitoi] acid proteinase on an N,O-dibenzyloxycarbonyl-tyrosine-AH-sepharose 4B **column** *[Fungi].* 120882

Current aspects of the aflatoxin problem [caused by toxic metabolites of a **common** *fungus,* Aspergillus flavus, livestock]. 119282

Lichens and *fungi.* XIII. **Comparison** of the nuclear magnetic resonance and mass spectra of 17,21-secohopane and 17,21-secoflavicane derivatives. 121177

Some aspects of taxonomy of the genus Pestalotia. II. Observations on structure of **conidia** *[Fungi].* 120145

Stuies on the mechanisms of barley seed deterioration *[Fungal* **contamination,** Aspergillus repens, Penicillium cyclopium, Fusarium culmorum]. 122567

Proprionic acid for *fungus* **control** [and feed preservation, mycotoxins, decontamination]. 117327

Spores in Ascomyctes *[Fungi],* their **controlled** differentiation. 121127

A new genus of Plectascales [Pseudodelitschia, Pseudodelitschia **corianderi,** *Fungi,].* 120138

Regulation of genetic recombination in Neurospora **crassa** *[Fungi].* 120755

A reduced pyridine nucleotides-diaphorase activity associated to the assimilatory nitrite reductase complex from Neurospora **crassa** *[Fungi].* 120905

Isolation of specific protease inhibitors from Neurospora **crassa** *[Fungi].* 120977

Fine cytochemical detection of acid mucopolysaccharides in growing hyphae of Neurospora **crassa** *[Fungi].* 121077

Depression of uracil uptake by ammonium in Neurospora **crassa** *[Fungi].* 121160

Permeability measurements on mitochondria from wild-type and poky strains of Neurospora **crassa** *[Fungi].* 121162

Aryl hydrocarbon hydroxylase activity in the *fungus* **Cunninghamella** bainieri: evidence for the presence of cytochrome P-450. 120900

Effect of chloramphenicol on the electron systems in Ustilago **cynodontis** *[Fungi].* 122644

The Meliolaceae of Hawaii *[Fungi,* **dark** mildews]. 120281

The oxidation of terminal D-galactofuranose residues of a galactan and a glycoprotein by a D-galactose oxidase preparation from Dactylium **dendroidces** *[Fungi].* 120996

Heat resistance of ascospores of the genus Byssochlamys *[Fungi].* **Dependence** of saccharose and malic acid in apple juice. 116023

Effect of pH [hydrogen-ion concentration] and temperature on three mutants of Aspergillus clavatus **Desm.** *[Fungi].* 121358

Cell wall formation in zoospores of Allomyces arbuscula *[Fungus].* II. **Development** of surface structure of encysted haploid zoospores, rhizoids, and hyphae. 120411

Glycoproteins of the plasma membrane of Dictyostelium discoideum *[Fungi]* during **development.** 120998

Form and function of conidia as related to their **development** *[Fungi].* 121118

Pigments of Gnomonia erythrostoma. IV. The synthesis of **5,8-dibenzyloxy-3-hydroxy-6-methoxy-1,4-napthoquinone** *[Fungi].* 121367

Localization of glycogen phosphorylase in specific cell types during differentiation of Dictyostelium **discoideum** *[Fungi].* 120902

Properties and developmental regulation of an alpha-D-galactosidase from Dictyostelium **discoideum** *[Fungi].* 120925

Characterization and developmental regulation of beta-galactosidase isozymes in Dictyostelium **discoideum** *[Fungi].* 121023

The absence of a growth inhibitor during the log phase of growth of Dictyostelium **discoideum** *[Fungi].* 121025

Cell differentiation without morphogenesis in Dictyostelium **discoideum** *[Fungi].* 121294

Cultural studies on the Monilia **disease** *fungus* of apples. VI. The effect of light on conidial germination, mycelial growth, and sporulation [Monilinia mali]. 122587

Susceptibility of some conifer species [Pinus, Cedrus, Cupressus] to damping off [a *fungal* **disease** caused by Fusarium species]. 122592

Study of *[fungus]* **disease** resistance of stock and breeding material of winter wheat, barley, oats and red clover. 122626

Chemical preservatives for maintaining moist rice in storage *[Fungus* **diseases].** 117172

Epidemiological aspects of disease resistance in cultivated plants [Potatoes, cereals, breeding, *fungus* **diseases].** 120635

Use of benlate for the protection of black currants [against *fungus* **diseases** and insect pests]. 122628

Investigations on the causes of postharvest decay in imported citrus fruits *[Fungus* **diseases].** 122674

Sunflower, an expanding crop, and its *fungus* **diseases** [and Orobanche]. 2. 122721

Use of natural infectious backgrounds in the breeding and pomological studies of fruit varieties [Immunological evaluatin, *fungus* **diseases].** 122785

Integrated plant protection also against *fungus* **diseases.** 122795

Physiological and biochemical basis for the resistance of poplar hybrids to the *fungus* **Dothichiza** populea Sacc. et Br. 122574

Damage caused by the **dry-rot** *fungus* [Merulius lacrimans] in [the forests of] Slovenia. 122613

A new Tremella [dumontii] from **Ecuador** *[Fungi].* 120208

Some **eighteenth-century** *fungi* from Scotland [Identification]. 120167

Transient cyclic AMP [adenosine 3',5'-monophosphate] accumulation in germinating zoospores of Blastocladiella **emersonii** *[Fungi].* 121054

Gigaspora margarita, a new species in the **Endogonaceae** *[Fungi].* 120212

Effect of systemic fungicides on different **entomopathogenic** *Fungi* imperfecti in vitro. 122672

An appartus for the mass collection of spores of **entomopathogenic** *fungi* [Nomuraea rileyi]. 123244

Artificial infection of scale-insect with **entomophagous** *fungi* Verticillium lecanii and Aspergillus candidus [Biological control of the citrus pest Coccus Hesperidum]. 123395

Behaviour of Dictyostelium discoideum amoebae *[Fungi]* and **Escherichia** coli grown together in chemostat culture. 120907

The fine structure of ascospore formation in Ceratocystis **fimbriata** *[Fungi].* 120444

Fleshy *fungi* of north and central Israel. II. [New taxa]. 120089

Contributions to the *fungal* **flora** of the border area of Horner Mulde in Lower Austria. 120267

A study of *fungus* **flora** developing on steamed and unsteamed dung. 121229

Optimal carbon source concentration for the pectolytic enzyme formation of aspergilli [Aspergillus awamori, Aspergillus **foetidus,** *Fungi].* 121341

Fossil *fungi.* 119937

Fossil *fungal* spores. 120070

Presence of a buried mammalian carcass indicated by *fungal* **fruiting** bodies [Hebeloma vinosophyllum]. 120383

Use of the insecticide naled to control zearalenone production [by the *fungus* **Fusarium** graminearum]. 123724

Notes on Hyphomycetes. X. Codinaeopsis **gen.** Nov. *[Fungi].* 120215

Quantitative **genetics** *[Fungi].* 120730

Structure and function of the Actinomyces olivaceus **genome** *[Fungi].* 120731

Dicrocoelium dendriticum analogous changes in behavior of ants of the genus Formica [pratensis] after infections with a *fungus* of the **genus** Entomophthora. 124175

Carbohydrate metabolism and spore **germination** *[Fungi].* 121116

Fine structure of the spore wall and germ tube change during **germination** *[Fungi].* 121117

Regulation of protein metabolism during spore **germination** *[Fungi].* 121124

Eradication of seed-borne organisms from imported vegetable seeds by hot-water treatment *[Fungi,* **germination** test]. 122645

Dimorphism in Ustilago cynodontis *[Fungi].* II. **Glucidic** metabolism. 120888

Neurospora crassa *[Fungi]* **glutamine** synthetase. Purification by affinity chromatography and characterization of subunit structure. 121166

Synthesis of the pulvinic acid pigments of lichen and *fungi* **[Gomphidius** glutinosus, Lepraria flava]. 121012

The fine structure of Phialophora mutabilis *[Fungi]* **grown** on various media. 120553

Kuehniella, a new genus of the **Gymnoascaceae** *[Fungi].* 120213

Methods for examining the microflora of mouldy **hay** *[Fungi].* 117355
Comparative zone electrophoresis and mating experiments in the taxonomy on Mucor **hiemalis** *[Fungi].* 120211
Differences and similarities in chromatin structure of Neurospora crassa *[Fungi]* and **higher** eucaryotes. 120448
The experiment: dikaryophase and formation of meiosporangia in **higher** *fungi* [Sordaria macrospora, Polyporus ciliatus]. 120956
Mycelium products in **higher** *fungi.* I. Phenoxazine derivatives in Calocybe gambosa. 121074
Specific and infraspecific names for *fungi* used in 1821. IV. **H-M.** 120218
Cephalosporium coccorum Petch, a mycoparasite on Ravenelia species **[Hyperparasitism,** *fungi].* 122788
Raperia, a new genus of the **Hyphomycetes** *[Fungi].* 120144
Conidium ontogeny in some monophialidic **Hyphomycetes** *[Fungi].* 120499
Additions to the **hypogeous** *mycoflora* of Colorado. I. Ascomycetes. [Fungi]. 120209
Type specimens of **hypogeous** *fungi* in the herbarium of the New York Botanical Garden. 120222
Purification and characterization of peroxidase from Phellinus **igniarius** *[Fungi].* 120914
Results of a revision of the basic types of various genera of Ascomycetes and *Fungi* **imperfecti** [New taxa]. 120274
Gangliostilbe indica, a new synnematous hyphomycete from **India** *[Fungi].* 120141
A new species of Pyrenochaeta [darjeelingensis, *Fungi]* from **India.** 120263
A new species of the genus Trematosphaeria [indica] Fuck. *[Fungi]* from **India.** 120264
Some additions to *fungi* of **India** [Colletotrichum memecylonis, Diatrype syzygii, new taxa]. 120276
A new species of Pseudographiella [**indica,** *Fungi].* 120262
Viruses of **industrial** *fungi.* 122837
A study of *fungal* **infection** in the dung fly, Scathophaga stercoraria L. (Diptera, Scathophagidae) [Predators of pasture pests]. 123312
Chemical analysis for chitin as a measure of *fungal* **infiltration** of cellulosic materials [Cotton, jute, and paper]. 117195
Improvement of cereal seed treatment [for *fungus* and **insect** pest control]. 122624
Physiological studies on [the ecological importance of *fungi* in] an **isolate** of Saprolegnia ferax from the larval gut of the blackfly Simulium vittatum. 120381
Evidence for a factor that stimulates tissue maceration by pectolytic enzymes [Aspergillus **japonicus,** *Fungi].* 121316
Occurrence of **keratinophilic** *fungi* on lifeless organic substance in the environment of calfs infected by Trichophyton verrucosum. 118847
Comparisons of some properties of crystalline acid proteinases produced by the parent and mutant strains of Irpex **lacteus** Fr. *[Fungi].* 120856
Bibliography [Algae, *Fungi,* **lichens,** Bryophyta, Pteridophyta, Spermatophyta]. 119891
Lignicolous *fungi* in Krakovo forest [Slovenia]. 122614
High production of kojic acid crystals by Aspergillus parasiticus UNBF A12 *[Fungi]* in **liquid** medium. 121222
The cytology of the gametes and fertilization of Allomyces **macrogynus** *[Fungi].* 120414
The effect of actinomycin D on the formation of gametangia and mitosporangia in Allomyces [arbuscula, Allomyces **macrogynus,** *Fungi].* 120918
Cellulolytic activities of **macromycetes** *[Fungi].* 120892
Proteolytic activity of **Macromycetes** *[Fungi].* 120894
The role of low temperature to control stored food pests *[Fungi,* **mites,** insects]. 116759
Chemical and biological investigations on Fusarium mycotoxins *[Fungal* **molds** of food, wheat contamination]. 116034
Localization and partial characterization of a sex-specif enzyme in homothallic and heterothallic Mucorales [Mucor **mucedo,** *Fungi].* 120911
Trials in the manufacture of Asiago cheese and pressed Asiago by using the microbial coagulant "Rennilase" derived from the *[fungus]* **Mucor** miehei. 116896
Ultrastructure of infection of Cokeromyces recurvatus by Piptocephalis unispora **(Mucorales)** *[Fungi].* 120415
Some cytological studies on **Mucorales** *[Fungi].* 120571
Cascade expression of the mating-type locus in **Mucorales** *[Fungi].* 120721
Variability of natural strains of **muscardine** *fungi* [Beauveria, Paecilomyces, pathogens of a pyralidid moth, pest of honey bees, biological control]. 124543
A neotype specimen for Amanita **muscaria** *[Fungi].* 120201
Approaches to the study of differentiation in Streptomyces coelicolor A3(2) *[Fungi,* **mutants].** 120720
Study of bound phospholipase activities of *fungal* **mycelia** using an organic solvent system [Rhizopus arrhizus, Mucor javanicus]. 121237
Preliminary studies with Pisolithus tinctorius as a **mycorrhizal** *fungus* of pines [Pinus longifolio] in Nigeria. 121832
Mycorrhiza effects following soil fumigation [Citrus inoculation with **mycorrhizal** *fungi].* 122235
Reticularia Baumgarten (lichens) versus Reticularia Bulliard **(Myxomycetes)** *[Fungi].* 120289
Resistant structures in the **Myxomycetes** *[Fungi].* 121125
Notes on a collection of slime moulds [Myxomycetes, *Fungi]* from **Nainital** [India]. 120271
A contribution to the knowledge of Laboulbeniales (Ascomycetes) parasitic on Italian carabids (Insecta, Coleoptera) [Laboulbenia agelaeae, Rhachomyces pacei, *Fungi,* **new** taxa]. 120018
Pezizales of Israel. IV. Humariaceae *[Fungi,* **new** taxa]. 120091
Pezizales of Israel. V. Ascobolaceae and Sarcoscyphaceae *[Fungi,* **new** taxa]. 120092
On Thielavia angulata and some recently described Thielavia species *[Fungi,* **new** taxa]. 120143
Some slime-moulds from southern India. XI. *[Fungi,* **new** taxa]. 120146
South Indian Agaricales. I. Termitomyces *[Fungi,* **new** taxa]. 120147
Taxonomic studies on Indian Myxomycetes. VII. The genus Licea *[Fungi,* **new** taxa]. 120149
The ascigerous state of Phomopsis manihotis Swarup, Chauhan & Tripathi *[Fungi,* **new** taxa]. 120150
The classification of the genus Lentinus Fr. (Basidiomycota) *[Fungi,* **new** taxa]. 120151
Two undescribed species of Leptosphaeria [Leptosphaeria abuensis and Leptosphaeria hyalina, *Fungi,* **new** taxa]. 120154
The genus Coprinus in western North America, I. Section Coprinus *[Fungi,* **new** taxa]. 120220
Genus Massarina from India *[Fungi,* **new** taxa]. 120270
The genus Calyculosphaeria in India *[Fungi,* **new** taxa]. 120278
The genus Quaternaria in India *[Fungi,* **new** taxa]. 120279
The identity of the potato smut [Angiosorus solani, *Fungi,* **new** taxa, South America]. 120280
Studies on Elsinoe and Sphaceloma diseases of plants in Maharashtra State (India). VII. [Sphaceloma madhucae, Sphaceloma sideroxylonica, *Fungi,* **new** taxa]. 122791
Nucleosome structure in Aspergillus **nidulans** *[Fungi].* 120450
Genetics and biochemistry of pyridoxine requiring mutants of Aspergillus **nidulans** *[Fungi].* 120618
The [genetic] control of catabolism in Aspergillus **nidulans** *[Fungi].* 120735
Polyamine and ornithine metabolism during the germination of conidia of Aspergillus **nidulans** *[Fungi].* 120924
Mycological production of citric acid in India. V. Effect of some low molecular weight alcohols [Aspergillus **niger,** *Fungi].* 116832
Formation of nicotinamide ribose diphosphate ribose, a new metabolite of the NAD [nicotinamide adensine denuclotide] pathway, by growing mycelium of Aspergillus **niger** *[Fungi].* 120857
Regulation by zinc and adenosine 3',5'-cyclic monophosphate of growth and citric acid accumulation in Aspergillus **niger** *[Fungi].* 120987
Tryptophanyl and carboxylic acid residues in the active centre of glucoamylase I from Aspergillus **niger** *[Fungi].* 120997
Mycological production of citric acid in India. I. Utilization of some cheaper and readily available sources of carbohydrate [Aspergillus **niger,** *Fungi].* 121359
Mycological production of citric acid. III. Effect of the different nitrogen compounds [Aspergillus **niger,** *Fungi].* 121360
Studies on the mycological production of citric acid in India. II. Effect of factors other than nutritional [Aspergillus **niger,** *Fungi].* 121362
The influence of some vitamins on citric acid fermentation [Aspergillus **niger,** *Fungi].* 121363
Respiration in Epicoccum **nigrum** *[Fungi].* 121351
8-azidoadenine analogs of NAD+ [nicotinamide 8-azidoadenine dinucleotide] and FAD [flavin 8-azidoadenine dinucleotide]. Synthesis and coenzyme properties with NAD+-dependent and FAD-dependent enzymes [Livestock extracts, Penicillium **nitatum,** *Fungi].* 117669
Fermentative production of limit dextrinase by Aspergillus **oryzae** *[Fungi].* 121136
Cytological and biochemical studies on malate dehydrogenase in growing hyphae of Aspergillus **oryzae** *[Fungi].* 121185
Genetic instability in **parasexual** *fungi.* 120725
Epidemiology of the main wheat *[fungal]* **parasites:** survey carried out in Italy during 1973-1975. 122633
Two new genera of leaf **parasitic** *fungi* (Basidiomycetidae: Brachybasidiaceae) [Leaf-spot diseases of vascular plants]. 120206
Improvement of apple trees for resistance to **parasitic** *fungi* and harmful arthropods [Breeding]. 120610
Changes of hexosamine and acetyl contents during cultivation of extracellular galactosamine-containing polymer from Aspergillus **parasiticus** *[Fungi].* 120855
Comparison of antigens of Dermatophilus congolensis isolates and their use in serological tests in experimental and natural infections *[Fungal* **pathogen** of livestock]. 118700
Immunological studies of antigenic components of Dermatophilus congolensis *[Fungal* **pathogen** of animals]. 118712
The skin surface: an environment of Dermatophilus congolensis *[Fungal* **pathogen** of mammals]. 118716
Trichoconiella gen. Nov. *[Fungal* **pathogen** of rice]. 120153
Large-scale production of the *fungal* **pathogen** Hirsutella thompsonii in submerged culture and its formulation for application in the field [to control the citrus rust mite, Phyllocoptruta oleivora]. 123399
Paramural bodies of Albugo candida [Plant **pathogenic** *fungi].* 120413
Some new leaf spot diseases [caused by **pathogenic** *fungi].* 122607
An Entomophthora sp. (Entomophthorales: Entomophthoraceae) *[Fungi]* **pathogenic** to Thrips spp. (Thysanoptera: Thripidae) and its potential as a biological control agent in glasshouses. 123394
Microflora in an experimental crop rotation system and its antagonistic effects on soil plant **pathogens** *[Fungi].* 122655
Notes on hyphomycetes. XI. Additions to the genera Cercosporidium, Passalora and **Phaeoisariopsis** *[Fungi].* 120216
Suppressor-sensitive mutations of Streptomyces coelicolor A3(2) and actinophage **phiC31** *[Fungi].* 120732
Buergenerula and the **Physosporellaceae** *[Fungi].* 120203
The evolution of parasitism of *fungal* **plant** pathogens. 122658
Poisonous *fungi* and their toxins. 123066
Differential expression of RNAse activities in the life cycle of Physarum **polycephalum** *[Fungi].* 121301
A shortened procedure of the diphenylamine reaction for the measurement of deoxyribonucleic acid by using light activation [Schizosaccharomyces **pombe,** *Fungi].* 120880
Quality deterioration of fodders caused by *fungi.* IV. **Possibilities** for the detection of quality deterioration. 117346
The decade of *fungi* **[Poultry** poisoning, mycotoxicosis]. 119230
Catalasic activity of Macromycetes *[Fungi].* **Preparation** of a purified catalase. 120891
Strain 13 of Alternaria brassicicola *[Fungi]*—**a producer** of estrogenic substances of a lipidic nature [Effect of hens and mice]. 118277
Uptake and continued metabolic activity of Azotobacter within *fungal* **protoplasts** [of Rhizopogon]. 121354
Detection of psilocybin in species of Psilocybe, Panaeolus and **Psathyrella** *[Fungi].* 121251
Sporulation of *fungus* **Puccinia** graminis f. Sp. Tritici in axenic culture [Wheat, stem rust]. 122608
L-rhamnose dehydrogenase of Pullularia **pullulans** *[Fungi].* 120931
Chaetomium cellulolyticum, a new thermotolerant and cellulolytic Chaetomium. I. Isolation, description and growth **rate** *[Fungi].* 121287
The section Sphaerosporus of Mucor *[Fungi]:* a **reassessment.** 120282
Partial purification of intra- and extra-cellular cellulases from Pyricularia oryzae *[Fungi]:* with **reference** to optimum pH [hydrogen-ion concentration] at alkaline side. 120860
The citric acid fermentation by Aspergillus niger *[Fungi]:* **regulation** by zinc of growth and acidogenesis. 120989
Cyclosporin A, a peptide metabolite from trichoderma polysporum (Link ex Pers.) Rifai *[Fungi],* with a **remarkable** immunosuppressive activity. 121073
Calf rennet substitutes [Higher plant, bacterial and *fungal* **rennets,** cheese]. 116916
Genetic recombination in Coprinus [lagopus, *Fungi].* V. **Repair** synthesis of deoxyribonucleic acid and its relation to meiotic recombination. 120780
A developmental study of the termite **[Reticulitermes]-associated** *fungus* Coreomycetopsis oedipus. 123481
The developmental patterns of lysosomal enzyme activities during Ca2+ [calcium ion]-induced sporangium formation in Achyla bisexualis *[Fungi].* III. **Ribonucleases.** 120917
In vitro toxicity of constituents of Rumex maritimus Linn. [Trichophyton mentagrophytes, Microsporum canis] to **ringworm** *fungi.* 122603
Spectrophotometric research of Penicillium brevicompactum *[Fungi]* **RNAse** complexformation with adenyl nucleotides. 120945
The pH [hydrogen-ion concentration] dependence of kinetic parameters of Penicillium brevicompactum **RNAse** *[Fungi].* 120948
Fungi in the **root** region of Parthenium hysterophorus Linn. [an allergic weed]. 122601
Observations on Ceratocystis adiposa **[rot** *fungus* on tomatoes] and the conidial ontogeny of its imperfect state. 122789
Contribution to the Uredinales **[rust** *fungi]* flora of Iran and Afghanistan [Puccinia buffoniae, Aecidium iranicum, new taxa]. 120265
Notes on Uredinales **[rust** *fungi]* of Chile. 120272
Notes on Uredinales **[rust** *fungi]* of Chile. II. Uredinales from the transversal valley zones. 120273
Studies in some **rust** *fungi* [Uredinales] from India. 120277
Ultrastructure of mitosis in the cowpea **rust** *fungus* Uromyces phaseoli var. vignae. 120483
An ultrastructural study of spermatium formation in the **rust** *fungus* Gymnosporangium juniperi-virginianae. 122557
Production and purification of two hemicellulases from Cephalosporium **sacchari** *[Fungi].* 120993
The occurrence of ethanolamine and galactofuranosyl residues attached to Penicillium charlesii cell wall **saccharides** *[fungi].* 120923
Apothecial development and sexuality in Ascobolus **saccharíferus** *[Fungi].* 120442
Further studies on the specificity of the minor ribonuclease from Aspergillus **saitoi** *[Fungi].* 121164
Comparative study of hyphal wall components of oomycetes *[Fungi]:* **Saprolegniaceae** and Pythiaceae. 120868
Study of some problems of the biology of the *fungus* **Sclerotinia** libertiana F. [Stem rot, sunflowers]. 122778
Distribution of oil or other diethyl ether extractable material in various fractions of peanuts infected with **selected** *fungi.* 122643

Production of sterigmatocystin by Aspergillus versicolor and Bipolaris sorokiniana *[Fungi]* on **semisynthetic** liquid and solid media. 121223
Studies on the take-all fungus Gaeumannomyces graminis. IV. Entry and growth of the *fungus* and **significance** of lignituber formation in the roots of the hosts [Cereals]. 122579
The identity of Acrocylindrium oryzae Sawada and a **similar** *fungus* causing sheath-rot of rice. 120152
Treatment of *fungal* **sinusitis** with autogenous vaccine (a case report) [Aspergillus fumigatus, dogs]. 119060
Identification of seed-like structures [formed by **six** *fungus* genera, Anguina nematode galls and solanaceous sclerotic granules]. 122762
The plasmodium of a **slime** *fungus:* culture and biology of the noncellular plasmodium of Physarum polycephalum [Myxomycetes]. 121278
An estuarine species of Phlyctochytrium (Chytridiales) having a transient requirement for **sodium** *[Fungi].* 121285
A partially computerized documentation system for microscopic **soil** *fungi.* 119886
The effect of plant age on severity of pea wilt caused by Fusarium oxysporum f. sp. pisi race 5 [**Soil** *fungi].* 122738
New additions to **soil** *mycoflora.* 124793
Auxins and auxin-like substances synthesized by cellulose-decomposing [**soil**] *fungi.* 124813
Gibberellins and gibberellin-like substances synthesized by cellulose-decomposing [**soil**] *fungi.* 124817
Oxidizing enzymes of cellulose-decomposing [**soil**] *fungi.* 124819
Growth and fermentative activity of spongy saprot, Fomitopsis annosa (Fr.) Karst., in different **soils** *[Fungi].* 121273
Periodic movements of Dictyostelium discoideum **sorocarps** *[fungi].* 121024
Effects of light and substrate on the sproulation of Cercospora sojina Hara [**Soybean** *fungus* diseases]. 121344
Penetration of Rhizopus oligosporus *[Fungi]* into **soybeans** in tempeh [Food spoilage]. 116209
Stachybotrys renispora **sp.** Nov. *[Fungi].* 120219
Toxicity and plant growth regulator effects of cytochalasin H isolated from Phomopsis **sp.** *[Fungi].* 120990
Sporulation in Pichia **spartinae** *[Fungi].* 120526
Examinations of external conidial membranes of some Penicillium **species.** I. *[Fungi].* 120519
Cultural and other morphological studies of Sparassis radicata and related **species** *[Fungi].* 120525
Gas-liquid chromatography of trimethylsilyl ethers of naturally occurring anthraquinones [found as products of a number of *fungal* **species**]. 121181
The dormant **spore** *[Fungi].* 120470
Mitochondrial biogenesis during *fungal* **spore** germination: products of mitochondrial protein synthesis in vivo [Botryodiplodia theobromae]. 120903
Activators of *fungal* **spore** germination. 121115
Milestones and predictions of future trends in *fungal* **spore** research [Physiological and biochemistry aspects]. 121120
Myxomycetes *[Fungi,* **spore** formation, germination]. 121121
Nucleic acids and *fungal* **spore** germination. 121122
Organelle changes during *fungal* **spore** germination. 121123
Self-inhibitors of *fungal* **spore** germination. 121126
Form and function in Chytridiomycete *[Fungi]* **spores.** 120466
Form and function in Zygomycete *[Fungi]* **spores.** 120467
Form and function in Basidiomycete *[Fungi]* **spores.** 120468
Some aspects of the form and function of Oomycete **spores** *[Fungi].* 120469
Ultrastructure and elemental composition of dormant and germinating Diplodia maydis **spores** *[Fungi].* 120478
Lipid metabolism of *fungal* **spores** during sporogenesis and germination. 121119
Periodicity and breakage pattern of air-borne ascospores of **Sporormia** *[Fungi].* 121230
Hemisartorya [maritima], a new genus of cleistothecial Ascomycetes with Aspergillus **state** *[Fungi].* 120142
Distribution, plant associates and variation in basidiocarps of Pisolithus tinctorius in the United **States** *[Fungi].* 120204
Three new *[fungus]* **storage** diseases of ginger (Zingiber officinale (L) Rosc) [Nectria inventa, Trichurus spiralis, Memnoniella echinata]. 122782
Co-mutation in **Streptomyces** *[Fungi].* 120722
Heat resistance of Trichoderma lignorum Harz *[Fungi]* in **submerged** culture. 121274
Organic growth factor requirements of Pseudocercospora vitis (Lev.) Speg. and Cercospora mitteriana **Syd.** *[Fungi].* 121340
Synnematous *fungi.* I. [New taxa]. 120148
Antioxidative properties of different liquid fractions **synthesized** by *fungi.* 121092
Studies on the **take-all** *fungus* Gaeumannomyces graminis. IV. Entry and growth of the fungus and significance of lignituber formation in the roots of the hosts [Cereals]. 122579
Studies on the **take-all** *fungus* Gaeumannomyces graminis. V. Development and regeneration of roots in cereal species during the attack. 122580
Dasyscyphus in India *[Fungi,* **taxonomy**]. 120140
Ultrastructure of the **termite-associated** *fungus* Laboulbeniopsis termitarius. 120528
Specificities of enzymatic prenylation and chromanation in the biosynthesis of aspulvinone pigments in Aspergillus **terreus** *[Fungi].* 121010
Protein changes in response to temperature stress in papulaspora **thermophila** *[Fungi].* 121288
Cytochemical localization of polysaccharides in Diplodia maydis *[Fungi]* with **thiosemicarbazide:** evaluation of three fixatives for PA: TSC:OS reaction. 120539
Isolation and characterization of luteoskyrin and rugulosin, two hepatotoxic anthraquinonoids from Penicillium islandicum Sopp. and Penicillium rugulosum **Thom** *[Fungi].* 121153
Effect of **toxic** *fungi* in poultry. 119276
Effects of some specific inhibitors on the germination of spores of the *fungus* **Trametes** badia (Berk) Cooke. 121021
Study of the predatory ability of some nematode **trapping** *fungi* against the nematode Caenorhabditis elegans (Maupas 1900) Dougherty 1953 [Biological control of crop pests]. 123035
Asexual sporulation and mycelial growth in axenic cultures of Smittium spp. **(Trichomycetes)** *[Fungi].* 121286
Spore germination in axenic cultures of Smittium sp. **(Trichomycetes)** *[Fungi].* 121289
Studies on nuclear division and behavior within basidia. I. Hydnum **umbilicatum** *[Fungi].* 120527
William Grady Fields (1933-1975) [Geneticists, *Fungi,* **United** States, Sordaria]. 120784
A simple and sensitive staining method for the detection of cellulase isozymes in polyacrylamide gels [Citrus sinensis, Trichodermata **viride,** *Fungi].* 120881
Degerneration and qualification of material for propagating strawberries [Resistance to *fungus,* **virus** and nematode diseases]. 122929
Concanavalin A and wheat germ agglutinin receptors on Dictyostelium discoideum *[Fungi]:* their **visualization** by scanning electron microscopy with microspheres. 120480
The ultrastructure of the Spilocaea state of Venturia inaequalis in **vivo** *[Fungi].* 120447
The importance of phenol oxidase activity in lignin degradation by the **white-rot** *fungus* Sporotrichum pulverulentum. 119650
Decomposition of lignin and cellulose components of wood of Swietenia mahogani, Casuarina equisetifolia and Mimusops elengi by Fomes durissimus lloyd **[Wood-destroying** *fungi].* 119678
Inhibition of Neurospora crassa *[Fungi]* and **yeast** [Saccharomyces cerevisiae] mitochondrial protein synthesis by ricin [from castorbeans], a toxic protein inactive on Escherichia coli protein synthesis. 121052
Disseminated cryptococcosis [an infection caused by the **yeast-like** *fungus* Cryptococcus neoformans] with ocular involvement in a dog. 118776
Lysine and arginine requirement of Ustilago cynodontis *[Fungi]* 4001 **yeast-like** cells. I. Growth in the presence and in the absence of lysine. 120889
Antibiotic activity of phospholipids from some microorganisms [including **yeasts** and other *fungi].* 121091
A new species of Cercospora [Cercospora zinniicola, *Fungi]* on **Zinnia** elegans [Leaf spot disease]. 120139
Presence of polyphosphate of low molecular weight in **Zygomycetes** *[Fungi].* 121163

FURAZOLIDONE
Effect of *furazolidone* in **feed** on immune response of turkeys vaccinated with live Pasteurella multocida in drinking water. 118626

FURROWS
In-furrow **applications** of insecticides for white grub [Phyllophaga crinita] control in grain sorghum. 123343
No-till management of *furrow* **irrigated** continuous grain sorghum. 125343

FURS
Organisation and performance of *fur* **animal** section at the Veterinary Institute of Leipzig region. 118511
Bookkeeping and taxes *[Fur* **animals].** 115558
Green food [vegetables] for **carnivorous** *fur-bearing* animals. 118058
Pseudomonas aeruginosa. III. Identification of strains isolated from blue foxes (Alopex lagopus) in a **Danish** *fur* farm. 118863
Fur **farming** education now within the scope of vocational education for the livestock farmer. 117419
Phycitinea studies XIV (Lepidoptera: Pyralidae). Zophodia graciella (Hulst 1887), **neu** *fur* Deutschland. 124297
Coat colour, *fur* **patterns,** and other peculiarities of the fur in poodle-jackal hybrids. 117961
Investigations with pen raised and **wild** *fur* bearing animals. 117510

FUSARIUM
Development of barley root rots in fields surrounded by forest shelterbelts [Helminthosporium, *Fusarium,* **Alternaria**]. 122777
Zearalenone-producing species of *Fusarium* on **barley** seed. 122569
Best decision: resistant varieties for control of maize stem rot **[caused** by *Fusarium].* 122690
Tunisia and Montana—a wheat alliance [for Septoria tritici, *Fusarium,* **Cercosporella** control]. 122686
A comparative study of the infection of perennial reygrass [Lolium perenne] by Fusarum nivale and *Fusarium* **culmorum** in sterilized soil. 122560
Stuies on the mechanisms of barley seed deterioration [Fungal contamination, Aspergillus repens, Penicillium cyclopium, *Fusarium* **culmorum**]. 122567
The relationship between plant parasitic nematodes and cotton wilt disease and their control methods [Verticillium **dahliae,** *Fusarium].* 122914
Use of the insecticide naled to control zearalenone production [by the **fungus** *Fusarium* graminearum]. 123724
Some methods of rye breeding for resistance to snow **mould** *(fusarium* nivale (Fr.) Ces.). 120680
Studies of the resistance of rye to snow **mould** *(Fusarium* nivale Fr.) [Varieties, testing]. 122619
A new wilt disease *[Fusarium]* of **muskmelon** in India. 122599
Chemical and biological investigations on *Fusarium* **mycotoxins** [Fungal molds of food, wheat contamination]. 116034
Malate dehydrogenase in the fusarial wilt disease of peas *[fusarium* **oxysporum**]. 122709
Production of tomatine and rishitin in tomato plants inoculated with *Fusarium* **oxysporum** f. sp. lycopersici. 122713
A proposed nomenclature of *Fusarium* **oxysporum** f. Sp. Melonis races and resistance genes in Cucumis melo [Muskmelon]. 122722
Distribution and pathogenicity of *Fusarium* **oxysporum** in a [Pseudotsuga menziesii] forest nursery soil. 122727
The effect of plant age on severity of pea wilt caused by *Fusarium* **oxysporum** f. sp. pisi race 5 [Soil fungi]. 122738
Effects of weather conditions on dynamics of *Helminthosporium-Fusarium* **root** rot on spring wheats in Krasnoyarsk territory. 122653
Pathogenicity of *Fusarium* **solani** on sainfoin (Onobrychis viciifolia) [Root and crown rot]. 122754
Susceptibility of some conifer species [Pinus, Cedrus, Cupressus] to damping off [a fungal disease caused by *Fusarium* **species**]. 122592
Malate dehydrogenase in the *fusarial* **wilt** disease of peas [fusarium oxysporum]. 122709

FUSIFORM
Selective scar revision & elective incision techniques applicable to the legs of horses. 3. Application of **combined** *fusiform* excision and W-plasty surgical techniques in scar revision on the upper hind legs. 118579
Distribution of *fusiform* **rust** [Cronartium fusiforme] on slash and loblolly pines [Pinus elliottii elliottii, Pinus taeda] in Texas. 122748

FUSIFORMIS
Comparative electron microscopic study of the cysts of **Sarcocystis** *fusiformis* (Railliet 1897) in the muscle fibers of naturally infected cattle and after experimental infections of calves by sporocysts of Isospora hominis and the large forms of Isospora bigemina from cat and dog. 118894
Development of Sarcocystis hirsuta **(=Sarcocystis** *fusiformis)* in tissue culture [of chick fibroblasts] after inoculation with sporozoites [obtained from dog intestine]. 118927

FUSION
Lipid vesicle-cell interactions. II. Induction of **cell** *fusion* [Chicken blood]. 117801
Somatic hybridisation of Penicillium roquefortii with Penicillium chrysogenum after **protoplast** *fusion.* 120787
Plants with new properties through **protoplast** *fusion* [Genetics]. 120846

GADFLIES
Prophylaxis of *gadfly* [**Oestrus** ovis] infestation of sheep. 123679
Hypodermin-chlorophos to control **subcutaneous** *gadflies* in yaks. 123678

GAEUMANNOMYCES
Studies on the take-all **fungus** *Gaeumannomyces* graminis. IV. Entry and growth of the fungus and significance of lignituber formation in the roots of the hosts [Cereals]. 122579
Studies on the take-all **fungus** *Gaeumannomyces* graminis. V. Development and regeneration of roots in cereal species during the attack. 122580
Yield performance and reliability of cereals after various preceding crops [Susceptibility to *Gaeumannomyces* **graminis** and Cercosporella herpotrichoides]. 122680

GALACTAN
The oxidation of terminal D-galactofuranose residues of a *galactan* and a **glycoprotein** by a D-galactose oxidase preparation from Dactylium dendroidces [Fungi]. 120996

GALACTOSAMINE
Changes of hexosamine and acetyl contents during cultivation of **extracellular** *galactosamine-containing* polymer from Aspergillus parasiticus [Fungi]. 120855

GALACTOSE
Galactose-induced **ethylene** evolution in mung bean hypocotyls: a possible mechanism for galactose retardation of plant growth. 121750
Loss of **inducible** *D-galactose* transport by baker's yeast [Saccharomyces cerevisiae] after osmotic treatment. 121065
The oxidation of terminal D-galactofuranose residues of a galactan and a glycoprotein by a *D-galactose* **oxidase** preparation from Dactylium dendroidces [Fungi]. 120996

Galactose-induced ethylene evolution in mung bean hypocotyls: a possible mechanism for *galactose* **retardation** of plant growth. 121750

GALACTOSIDASES
Correlation between *beta-galactosidase* and **auxin-induced** elongation growth in etiolated pea stems. 121753
Properties and developmental regulation of an *alpha-D-galactosidase* from **Dictyostelium** discoideum [Fungi]. 120925
Characterization and developmental regulation of *beta-galactosidase* **isozymes** in Dictyostelium discoideum [Fungi]. 121023

GALACTOSYLTRANSFERASES
Galactosyltransferase **activities** during embryonic development of chick neural tissue. 117593

GALERUCINAE
Intraspecific variability, host plant preference and injuriousness of leaf beetles of the **subfamily** *Galerucinae* (Coleoptera, Chrysomelidae) on field crops of the Cauca River. 123358

GALL
Galls—**biology** and morphology. V. Galls produced by mites and nematodes. 123249
Galls—**biology** and morphology. I. Introduction [Forest pests]. 123418
Studies on the resistance of chestnut trees (Castanea spp.) to **chestnut** *gall* wasps (Dryocosmus kuriphilus Yasumatsu). iX. Polyphenolic contents in susceptible and resistant varieties. 123416
Latent infections and seasonal variability of **crown** *gall* [caused by Agrobacterium tumefaciens] development in seedlings of three Prunus [cerasifera, Prunus mahaleb, Prunus avium] species. 122810
Pecan phylloxera (a *gall* **forming** insect) [Carya illinoensis]. 123389
Hypoxylon [mammatum] canker of aspen [Populus tremuloides] associated with Saperda **inornata** *galls*. 122793
Microtubules and control of insect egg shape [of the *gall* **midge** Heteropeza and the cockroach Periplaneta]. 124021
Gall **mites** [of trees]. 123460
Identification of seed-like structures [formed by six fungus genera, Anguina **nematode** *galls* and solanaceous sclerotic granules]. 122762
Descriptions of a new genus and two new species of Pteromalidae (Hymenoptera, Chalcidoidea) reared from Cynipid (Hymenoptera) *galls*, with **notes** on some other species. 124255
Galls—biology and morphology. V. *Galls* **produced** by mites and nematodes. 123249
Further observatons on mass propagation and damage due to the **purse-shaped** *gall* mite Eriophyes similis Nal. on plums. 123424
Investigations on the ductility of phloem tissues of pines (Pinus sylvestris) in relation to **resin** *gall* formation. 121837
Patterns of life in woodland communities. 15. Some **strange** *galls* of the oak [Andricus quercuscalicis, Andricus lignicolus]. 123499

GALLERIA
Relationship between DNA synthesis, juvenile hormone and metamorphosis in *Galleria* **larvae.** 123950
Influence of a cutaneous wound on the development of the densonucleosis in larvae of *Galleria* **mellonella** L., Lepidoptera, infected by ingestion. 123904
The allatotropic activity of the larval brain of *Galleria* **mellonella** cultured in vitro. 123922
Structure activity relationships in some juvenile hormone analogs *[Galleria* **mellonella,** Tenebrio molitor]. 123951
Biosynthesis of the waxmoth *[Galleria* **mellonella]** sex attractants. 123976
The membrane potential of the prothoracic gland cells in *Galleria* **mellonella.** 124191
Fractionation and amino acid composition of acid-soluble trypsin peptides of inclusion bodies protein of **moth** *(Galleria* mellonella) nuclear polyhedrosis virus. 123827

GALLSTONES
Effect of type of dietary fat, cholesterol and chenodeoxycholic acid on *gallstone* **formation,** bile acid kinetics and plasma lipids in squirrel monkeys. 116426

GALLUS
Comparative study of X-ray action (LD 50/30) on the thymus and bursa Fabricii of young Wyandotte breed **chicks** *(Gallus* domesticus). 117916
Physiological studies on the effects of nutritional imbalance on the central nervous system: effects of thiamine deficiency on the regional protein metabolism in the brain of chicken, *Gallus* **domesticus.** 117642
The measurement of 3 beta-hydroxysteroid dehydrogenase in ovaries of **fowls** *(Gallus* domesticus). 117699

GAME
Planning of killing **cloven-hoofed** *game* in the view of forest hygiene. 119551
Flexibility is the name of the *game* **[Dairy** cattle, rearing]. 117414
The forest as an ecosystem and the problem of its pollution [Damage from *game* **grazing].** 120317
The rules of the **mineral** *game* [in cattle feeding]. 118113
The effect of new pescticides (Birland EC 24, Chlorophacinon, Nexion Saatgutpuder) on **small** *game* [Pheasants, partridges, hares]. 123745
Statement referring to Speidel's paper "Principles and methods for the determination of economically **tolerable** *game* ensities" [Damage caused by vildelife]. 119321

GAMETES
The influence of *gamete* **aging** on fertilization and embryonic development [Cattle]. 118293
The cytology of the *gametes* and **fertilization** of Allomyces macrogynus [Fungi]. 120414

GAMETOPHYTES
Tracheids, apogamous leaves, and sporophytes in *gametophytes* of **Botrychium** dissectum. 120429
Comparative anatomy of the *gametophytes* in **Dawsonia** (Polytrichales, Musci). 120488
Variation in the capsule-wall structure in three common species of Metzgeria (Hepaticae), with special reference to the *gametophytic* **features.** 120491
Neutral sugar, uronic acid, cellulose, and protein content of cell walls isolated from *gametophytes* of the **liverworts** Lophocolea heterophylla and Conocephalum conicum. 121187
Effects of gamma radiation on the growth & differentiation of the *gametophyte* of **Onychium** siliculosum (Desv.) C. Chr. [Pteridophyta]. 121133
Nucellangium: *gametophytic* **structure** and relationship to cordaites [Cordaitaceae]. 120427
Gametophytes and **subgeneric** concepts in Lycopodium [Clubmosses]. 119926

GAMMA
Structure of tentinic acid: *2-(gamma-glutamylamino)-4,6,8,10,10-pentaoxo-4,6,8,10-tetrathiaundecane* **acid** [Lentinus edodes, mushrooms]. 121780
Bovine **colostral** *gamma-glutamyltransferase;* its localization in skim milk membrane and irrelevance to secretory immunoglobulin A. 118685
Gamma-glutamyl **cysteine** and pyroglutamate in normal and glutathione-deficient erythrocytes of Corriedale sheep. 119197
Elimination of p,p-DDT, p,p-dichlorodipenyldichloroethylene, p,p-tetrachlorodiphenylethane and *gamma-bezene* **hexachloride** from water with aluminum sulfate coagulation. 125370
Kinetic studies of sheep **kidney** *gamma-glutamyl* transpeptidase. 117786
The action of ionizing radiation on [calf thymus] DNA in the presence of quinacrine. III. E.s.r. [Electron spin resonance] study: spin transfer in *gamma-irradiated* **lyophilized** DNA-quinacrine complexes. 117895
A complex preparation of ferrodextran, *gamma-globulin,* **microelements** and vitamins [for veterinary use]. 118566
Purification and characterization of *L-gulono-gamma-lactone* **oxidase** from rat and goat liver. 117571
Formation of alpha- and *gamma-ketols* from 18O **[oxygen** isotope]-labelled linoleic acid hydroperoxides by corn germ hydroperoxide isomerase. 121455
Complement-fixation in the interaction of normal **rabbit** *gamma* G' globulin and its Fab' fragment. 118792
The effect of *gamma* **radiation** on the cysticerci of Taenia solium [Tapeworm infested swine, meat contamination]. 118871
Effects of *gamma* **radiation** on the growth & differentiation of the gametophyte of Onychium siliculosum (Desv.) C. Chr. [Pteridophyta]. 121133
Stimulation of germination by *gamma* **radiations** of the dormant seeds of Avena fatua L. 121022
Gamma **ray** induced early bulbil formation & growth abnormalities in Kalanchoe daigremontiana H. & P. 121137
The effect of *gamma* **rays** on the total acidity and the watersoluble fatty acids in bovine and porcine fats. 117034
Induced mutations in foxtail millet (Setaria italica Beauv.). II. Viable mutations in ear characters induced by *gamma* **rays,** EMS and dES [ethyl methanesulphonate, diethylsulphate]. 120840
Study on the microsporogenesis of Capsicum annuum L. **[Redpeppers]** after *gamma-irradiation.* 120651
Effect of *gamma-radiation* on the **seeds** of [ornamental] Clematis [Species]. 121612
Organoleptic changes in bovine and porcine fats following **treatment** with *gamma-rays.* 117033
Comparative study of the [mutagenic] effect of ethylenimine and *gamma-rays* on **wheat** and barley varieties in the first generation. 120718
Effects of *gamma-* and **X-ray** irradiation on different developmental stages of the bean weevil (Acanthoscelides obtectus Say. (Coleoptera: Bruchidae). 123438

GANGLIA
Study of commissural tracts of the **cerebroid** *ganglia* of Calliphora vomitoria L. (Diptera, Brachycera, Thecostomata). 123853

GANGRENE
The effects of varous chemical and physical haulm treatments on the incidence of **potato** *gangrene* [caused by Phoma exigua foveata]. 122568

GARCINIA
Two new taxa of Guttiferae from East Africa [Mammea usambarensis, *Garcinia* **semseli].** 120170
Revised structure of xanthochymol [from fruits of *Garcinia* **xanthochymus].** 121374

GARDENERS
Some aspects of propagation influenceing the **landscape** *gardener* [New Zealand]. 122254

GARDENING
Development of standard wages and related incidental **costs** [for *gardening].* 115488
Ground cover sods—an economic and production possibility? [in **landscape** *gardening* and erosion control]. 122226
Small woody plants, transplantable with shrubs, for open, sunny areas in the garden **[Landscape** *gardening].* 122278
The woodland border and its shrubs **[Landscape** *gardening].* 122280
Gardening: **seedlings** in the open air. 122508
Gardening in the **shade.** 122271

GARDENS
Creation of a rainforest in the Canberra **Botanic** *Gardens.* 119887
On the preliminary check-list of phanerogamic climbers of the India **Botanic** *Garden,* Calcutta. 119929
The living plant record system at the Royal **Botanic** *Garden,* Edinburgh. 120050
Growing three attractive flowering Dendrobiums in the Indian **Botanic** *Garden,* Calcutta. 122422
Accounting and conservation of centers of [plant] introduction not included into the system of **botanical** *gardens.* 119853
Coenotic studies in **botanical** *gardens* and their significance in solving targets of conservation of plant world. 119854
Experience of arranging expositions of rare plant species in the **botanical** *garden* of the Leningrad State University. 119856
Experience of establishing an artificial steppe phytocoenosis in the Donetsk **Botanical** *Garden.* 119857
Goals of **botanical** *gardens* of the Uzbek SSR Academy of Sciences in the conservation of plants of the natural flora from the [Soviet] Central Asia. 119859
Problems of conservation of plants in the activities of **botanical** *gardens* in Kazakhstan. 119868
Scientific research activities of the Main **Botanical** *Garden* of the USSR Academy of Sciences in 1976-1980. 119875
Studies of the problem of conservation of plant world in **botanical** *gardens* of the Baltic republics. 119877
The **botanical** *garden* Rea in Italy. 119878
The goals of **botanical** *gardens* in the sphere of plant protection. 119879
The role of the USSR Academy of Sciences in the development of **botanical** *gardens.* 119880
Thirty years of the Main **Botanical** *Garden* [of the USSR Academy of Sciences]. 119881
Visiting the **botanical** *gardens* in the Federal Republic of Germany and Finland. 119882
Hyacinthus litivinowii [from Turkmenia] in Moscow **[botanical** *garden].* 119960
Species of the genus Filia L. In the **Botanical** *Garden* of the Uzbek SSR Academy of Sciences. 120007
Type specimens of hypogeous fungi in the herbarium of the New York **Botanical** *Garden.* 120222
Thriving of species and forms of the genus Picea A. Dietr. (Spruce) in the Tharandt Forest **Botanical** *Garden.* 120300
Species of the genus Syringa L. Introduced by the **Botanical** *Garden* of the Uzbek SSR Academy of Sciences. 122274
Dynamics and character of infection rate of tulips by [fungus and bacterial] diseases in the Main **Botanical** *Garden* of the USSR Academy of Sciences. 122585
Control of a leafroller moth, Tortrix viridana, in an oak-dominated forest in the Main **Botanical** *Garden* [of the USSR Academy of Sciences. 123448
Bromeliads in **California** *gardens.* 122436
The California poppy [Eschscholzia **californica]**—*garden* hybrids [Varieties, England]. 122443
Studies on intercropping **coconut** *garden* with annual crops. 121895
The **concrete** *garden.* 122444
The **dendrological** *garden* next to the building of the Forestry Division of the biotechnical faculty in Ljubljana. 119328
Introduction activities of the **dendrylogic** *garden* in Arkhangel'sk. 119864
Design *gardens* inside-out in Delaware Valley [Landscapes]. 122339
A success story: from [Arizona] desert to *gardens* in **fifteen** years [Ornamental plants, varieties]. 122434
A visit to the Arboretum **Herb** *Garden.* 119905
Potatoes for the **home** *garden.* 122288
Using pesticides in the **home** *garden.* 123696
Cultural measures against excessive copper contents in the soil of a **hops** *garden* left open [Toxicity of economic poisons]. 122935
Roses in Miss **Jekyll's** *garden* plans [Varieties, England]. 122476
A new look into organic classroom [at schools, colleges, workshops, farms, *gardens,* and **kitchens].** 115188

Small woody plants, transplantable with shrubs, for open, sunny areas in the *garden* **[Landscape** gardening]. 122278
California's native plants [in *garden* and **landscape**]. 122437
Alternatives to private ownership, the problems of **large** *gardens.* II. 122268
The problems of **large** *gardens.* Difficulties of private ownership. I. 122272
Miniatures in **modern** *gardens* [Rose varieties]. 122472
Old *garden* roses, a personal anthology [Varieties]. 122441
The *garden* of **old** roses at Mottisfont: a property of the National Trust in Hampshire. 122485
Exotics in a repton landscape, the *gardens* at **Plas** Newydd, Anglesey. 122269
Misleading advertising of *garden* **products.** 115597
Seville has a new park and a new **rose** *garden.* 122478
St Anne's Park **Rose** *Garden,* Dublin. 122481
Banking on *garden* **skills** [Equipment and service market in USA]. 122428
Williamsianum hybrids for **small** *gardens.* 122281
Small fruits for the **small** *gardens* [Strawberries, raspberries, blueberries]. 122342

GARLIC

Effects of planting systems on yield, bulb quality nitrogen fertilizer utilization of *garlic* **(Allium** sativum L.). 122297
Length of rest period in *garlic* **bulb** and method of breaking dormancy. 121720
Tissue culture and **differentiation** of *garlic.* 121683
The influence of a protein synthesis inhibitor on the acceptance and eventual dependance of the meristematic cells of Allium sativum L. *[Garlic]* on **dimethylsulfoxide.** 121596
Ditylenchus [dipsaci] infestation and the nematode fauna of *garlic* in **Moldavia.** 123002
Effect of lecanoric acid on mitotic division in Allium **sativum** *[Garlic].* 120617
Garlic, a **spice** and also a drug plant. 117245

GASEOUS

Laboratory testing for *gaseous* and **particulate** pollutants from forest and agricultural fuels. 125445

GASES

The effect of **ammonia** *gas* on some indexes of the protein metabolism of broilers. 117949
Gas-blood CO2 **[carbon** dioxide] equilibration in parabronchial lungs of birds [Chickens]. 117776
Gas-chromatographic **characterization** of whiskey. I. Method of investigation. 116662
A *gas-liquid* **chromatographic** method for the determination of dodine [fungicide] residues on foods. 116175
A method for the *gas* **chromatographic** determination of vitamin D and related structures. 116412
Gas-liquid **chromatographic** determination of vitamin D in multivitamin preparations containing excess amount of vitamin E. 116457
Gas-liquid **chromatographic** determination of vitamin D3 in tuna liver and vitamin D3 resin oils. 116458
Comparative sugar determination [in food] using *gas* **chromatographic,** enzymatic and reductometrical methods. 116705
Gas **chromatographic** methods for flavor testing in cooked pork (muscles semimembranosus). 117022
Aroma qualification of wines by gas chromatography. II. Determination of an index number defining aroma quality; its relationship with *gas* **chromatographic** peak areas and conditions of application. 117307
Gas-liquid **chromatographic** determination of iodofenphos [pesticide] and several related compounds in tissues and urine of cattle. 123720
Gas **chromatographic** analysis of heptafluorobutyryl derivatives of some carbamate insecticides [in vegetables]. 123726
Gas **chromatographic** determination of polychlorinated biphenyls (PCBs) in the presence of chlorinated hydrocarbon pesticides in eggs of wild birds. 123738
Gas **chromatographic-mass** spectrometric study of fluid contents of molasses. 116661
Aroma qualification of wines by *gas* **chromatography.** I. Experimental method for head space analysis. 116230
The quantitative determination of ortho- toluene sulfonamide (o-TS) in saccharin by U. V. [Ultraviolet] spectrophotometry and by *gas* **chromatography.** 116712
Aroma qualification of wines by *gas* **chromatography.** II. Determination of an index number defining aroma quality; its relationship with gas chromatographic peak areas and conditions of application. 117307
Determination of volatile fatty acids [in ruminal fluid] by *gas* **chromatography.** 117573
Gas-liquid **chromatography** of trimethylsilyl ethers of naturally occurring anthraquinones [found as products of a number of fungal species]. 121181
The estimation of plant organic acids by *gas-liquid* **chromatography.** 121307
Use of the technique of *gas* **chromatography** to determine the amount of aldrin retained in meat chickens poisoned with this pesticide [Residues]. 123683
Metabolism of 2,4-dichlorophenoxyacetic acid. IX. *Gas-liquid* **chromatography** of methyl esters of amino acid conjugates. 123728
Gas **chromatography** of pesticides; tubular literature abstracts. V. 123737
Analytical studies of pyrethrin [insecticide] formulations by *gas* **chromatography.** II. Isolation of the pyrethrins from water-based formulations. 123755
Structure determination of polyunsaturated fatty acids by *gas* **chromatography-mass** spectrometry—a comparison of fragmentation patterns of various derivatives. 116779
Storage tests on pre-packed beef in **controlled** *gas* atmospheres of high carbon dioxide content with oxygen largely excluded. 116996
Kraft furnance **effluent** *gas* particulate capture in a multi-plate fluidized bed. 125564
Gas **interchange** in freight containers [for the handling of both bulk and bagged stored products]. 116758
Gas-chromatography in sterol anlaysis. GLC-MS *[gas* **liquid** chromatography-mass spectrometry] of methoxy derivatives of sterols [Olive and sunflower oils were employed]. 117318
The thermal degradation of tobacco. VI. Influence of extraction on the formation of some **major** *gas* phase constituents. 117071
Pathway of nitrogen metabolism after fixation of 13N-[nitrogen isotope]-labeled **nitrogen** *gas* by the cyanobacterium, Anabaena cylindrica [Algae]. 121167
The role of the *gas* **phase** in the greening and growth of illuminated cell suspension cultures of spinach (Spinacia oleracea, L.). 121688
Effect of diuron on the relation between the exchange of energy and *gas* in the **photosynthesis** of Chlorella [Algae] in blue light. 121027
Effect of nisin [an antibiotic produced by certain strains of the common dairy organisms Streptococcus lactis] on heat resistance and *gas* **production** of some spore-formers. 116927
Quantitative *gas* chromatographic analysis of dimethoate and several metabolites in rape, quail, and grasshopper tissues by derivatization. 123723
A combined **radio** *gas* chromatograph/mass spectrometer detects intermediates in mycophenolic acid biosynthesis [Penicillium brevicompactum, Fungi]. 120879
Determination of polychlorinated biphenyls with DDT metabolites by **reaction** *gas* chromatography. 123740
Gas-chromatography in **sterol** anlaysis. GLC-MS [gas liquid chromatography-mass spectrometry] of methoxy derivatives of sterols [Olive and sunflower oils were employed]. 117318
Waste *gas* cleaning in smoking plants [Air pollution]. 125428

GASOLINE

Analytical model for rigid body vibration of a hand-held chain saw. I. The *gasoline* **engine.** 119828

GASTRIC

Inhibition of *gastric* **acid** secretion in dogs by neurotensin. 117848
Acute *gastric* dilatation-volvulus: a breeder's point of view [Dogs]. 119104
Experimentally induced **acute** *gastric* dilatation in the dog: cardiopulmonary effects. 119107
Experimentally induced **acute** *gastric* dilatation in the dog: clinicopathologic findings. 119108
Management of **acute** *gastric* dilatation with torsion and rupture: a case report [Dogs]. 119113
Medical and surgical treatment of canine **acute** *gastric* dilation. 119114
Anaerobic *gastric* enterotoxemia of lambs. 119018
Purification and properties of a porcine duodenal glycoprotein with *gastric* **antisecretory** activity. 117750
Osmolyte and tryptophan receptors **controlling** *gastric* emptying in the dog. 117541
Treatment of gastric dilatation-volvulus by *gastric* **decompression** and patient stabilization before major surgery [Dogs]. 119122
Pathophysiology associated with *gastric* **dilatation-volvulus** in the dog. 119116
Radiographic interpretation of the *gastric* **dilatation-volvulus** complex in the dog. 119118
Shock therapy and anesthetic management in *gastric* **dilatation-volvulus** [Dogs]. 119120
Treatment of *gastric* **dilatation-volvulus** by gastric decompression and patient stabilization before major surgery [Dogs]. 119122
Adenylate cyclase of the **dog** *gastric* mucosa: stimulation by histamine and inhibition by metiamide. 117866
Effects of secretagogues on oxygen consumption, aminopyrine accumulation and morphology in **isolated** *gastric* glands [Rabbits]. 117526
Partial *gastric* torsion in two dogs. 119115
Gastrocolopexy for prevention of **recurrent** *gastric* volvulus [Dogs]. 119109
"Permanent" gastropexy, as a prophylactic measure against *gastric* **volvulus** [in the dog]. 119117
Tube gastrostomy for the treatment of *gastric* **volvulus.** 119123

GASTRIN

Serum *gastrin* concentration after sham feeding and feeding under the influence of propranolol in man. 116315

GASTROENTERITIS

Morphological and antigenic relationships between viruses (rotaviruses) from **acute** *gastroenteritis* of children, calves, piglets, mice, and foals. 118763
Evaluation of the [new anti-diarrheal] non antibiotic peroral preparation Igurdin in field practice in **calves** *[Gastroenteritis].* 119014
Neutralization of a **transmissible** *gastroenteritis* virus of swine by colostral antibodies elicited by intestine and cell culture-propagated virus. 118604
On a syndrome similar to **transmissible** *gastroenteritis* in swine farms in the Padana plain [Virus diseases]. 118680

GASTROINTESTINAL

Control values for **evaluating** *gastrointestinal* function in the dog. 117761
Cellular composition during recovery from chronic protein deprivaton in *gastrocnemius* **muscle** in rats. 116500
Thyroidal influence on *gastrocnemius* and **sartorius** muscle growth in young White Leghorn cockerels. 117700
Studies on the digesta distribution in the GIT *[gastrointestinal* **tract]** of pigs fed high-test molasses or maize. 1. Stomach phase. 117641
Studies on the amino acid absorption and the secretion of endogenic amino acids into the *gastrointestinal* **tract** of pigs [Diets]. 118000
A study of helminth parasites in the *gastrointestinal* **tract** of the swamp buffalo, Bubalis bubalis Lydekker, in the Northern Territory. 118619
Effect of deworming medication on the microbial flora of the upper *gastrointestinal* **tract** of dogs. 118816

GASTROPODA *see* MOLLUSKS

GAULTHERIA

Propagation of *Gaultheria* **shallon** (Salal). 122248

GEARS

China's food policy: **shifting** *gears.* 115865

GEESE

Economic aspects of **domestic** *geese* hybrids. 118216
An outbreak of trematodiasis [Echinostoma revolutum, Notocotylus attenuatus] in **domestic** *geese.* 118622
The fine structure of the leucocytes of the domestic birds. Electron microscopical studies of the blood leucocytes of the fowl, turkey, *goose* and **duck.** 117960
Ontogenetic changes in the haemoglobins of *geese,* **ducks,** chickens and turkeys. 117636
The waterfowl business [Ducks and *geese,* **economic** aspects]. 115218
Goose **husbandry** in the light of scientific-technical revolution. 117402
Experiences concerning the energy, protein and mineral requirements of **laying** *geese.* 118017

GELATIN

Diffusion precipitation in **agar** *gel* and immunoelectrophoresis in studying Aujeszky's disease virus. 118979
The relationship between molecular size and electrophoretic mobility in **agarose** *gels* as determined from a single population of growing RNA molecules [Chironomus tentans]. 124086
Gel **chromatographic** separation of retinol, retinyl esters and other fat-soluble vitamins. 116411
Complex *gels* of proteins and acid polysaccharides. 116799
The structure and properties of **complex** *gels* of gelatin and pectin. 116802
Gel **electrophoretic** studies of proteins in photo-induced and vegetative plants of Impatiens balsamina. 121755
The structure and properties of complex gels of *gelatin* and **pectin.** 116802
A simple and sensitive staining method for the detection of cellulase isozymes in **polyacrylamide** *gels* [Citrus sinensis, Trichodermata viride, Fungi]. 120881
Use of the *agar-gel* **precipitin** test to evaluate broiler breeder and commercial layer flocks [chickens] for Mycoplasma gallisepticum infection. 118642
Routine methods of examining meat and meat products. 11. Determination of drained weight of canned cooked meats containing jelly and of meat brawns. Determination of free fat, **pure** *gelatine* and jelly contents. 116133
Application of chromatography on **silica** *gel* to vitamin D assays in "Vitastol". 116268

GELATION

Speculations on a possible essential function of the *gelatinous* **sheath** of blue-green algae. 120988

GELECHIIDAE

Dominant lethal mutations in insects with holokinetic chromosomes: irradiation of pink bollworm sperm [Pectinophora gossypiella, **Lepidoptera:** *Gelechiidae].* 123279

GELIDIUM

Simultaneous assimilation of ammonium and nitrate by *Gelidium* **nudifrons** [Algae] (Gelidiales: Rhodophyta). 121216

GENERATION

Inheritance of the powdery mildew [Sphaerotheca pannosa] resistance in peach. II. Resistance of some vegetative organs in F1 *[generation]* from **crosses** between freestone and clingstone varieties with pubescent fruit skin. 120642
Comparative anatomical-chemical studies of six selected species of the genus Ruta. I. *Generation,* **development** and numbers of oil receptacles. 120851
Behavior and *generation* **dynamics** of the white pine cone beetle Conophthorus coniperda (Schwarz) in central Wisconsin. 123443

The ultrastructure of **early** *generation* development and later schizonts of Eimeria tenella in the chicken [Coccidiosis]. 118896
Generation of **electric** potentials during flow of fluids in the xylem vessels (Preliminary report) [Cucurbita sechium]. 121659
Comparative study of the [mutagenic] effect of ethylenimine and gamma-rays on wheat and barley varieties in the **first** *generation*. 120718
Content of pigments in the winter soft wheat hybrids of the **first** *generation*. 120824
Studies on thermal balance of turkey hens. 1. *Generation* of **heat**. 117862
Hydrogen **peroxide** *generation* by the alternate oxidase of higher plants [Mung beans]. 121604
Genetic modification of the waxy character in barley aftrer an injection of wild-type exogenous DNA. Analysis of the second **seed** *generation*. 120783
Potato selection for high dry-matter in **seedling** *generation* [Breeding]. 120579

GENERATORS

Attempts to influence the feeding behaviour of brown rats using ultrasonic **noise** *generators* [for rodent control]. 122958

GENERIC

Food of tropical ants. II. Feeding bahaviour and diet of Camponotus vividus (Smith) (Hymenoptera, Formicidae). *Intrageneric* **comparisons**. 123998
Studies in Bignoniaceae. 19. *Generic* **mergers** and new species of South American Bignoniaceae [New taxa]. 119935
The origin of *generic* **names** of the Victorian flora. 2. Latin, Greek and miscellaneous. 120298
Asteromella: a **new** *generic* record from India. 120003

GENES

Allo-aggression in chickens. II. Cellular expression of the **AA** *gene* products [Immunogenetics]. 118586
Genes and **chromomeres** of Drosophila. 123963
Chromosomal *genes* essential for replication of a double-stranded RNA plasmid of Saccharomyces cerevisiae: the killer character of yeast. 120773
Improvement of pickling cucumber with the determinate (de) *gene* **[Dwarf]**. 120690
Mechanism of steroid hormone action: in vitro control of *gene* **expression** in chick oviduct chromatin by purified steroid receptor complexes. 117712
Effects of estrogen on *gene* **expression** in chick oviduct. The role of chromatin proteins in regulating transcription of the ovalbumin gene. 118340
The transfer and expression (transgenosis) of **foreign** *genes* in plant cells, reality and potential. 120757
Gene-dependent **growth** of plant meristems, investigated on the development of isolated roots of different genotypes of Antirrhinum majus L. 121432
Interaction of *genes* and **metals** in development [in nutritional deficiency]. 116326
In vivo purification of **mitochondrial** *genes* in petite mutants of yeast: the genetic and biochemical characterization of mutants enriched in mitochondrial ribosomal RNA cistrons. 120754
Realized and potential neutralization of **mutant** *genes* in man by nutritional selection. 116327
Effects of estrogen on gene expression in chick oviduct. The role of chromatin proteins in regulating transcription of the **ovalbumin** *gene*. 118340
Ways and methods of preserving the *gene* **pool** of rare and disappearing species of local flora. 119883
Alteration of poly (ADP [adenosine diphosphate]-Rib) synthesis during **progesterone-caused** *gene* expression in oviducts of quails. 118222
A sterilizing tail stump sperm defect in a Holstein-Friesian bull [Defective **recessive** *genes*, deep-freezing semen]. 119184
Properties of the mRNA for [embryonic chick] feather keratin: mRNA transcribed from a family of **repeated** *genes*. 118318
A proposed nomenclature of Fusarium oxysporum f. Sp. Melonis races and **resistance** *genes* in Cucumis melo [Muskmelon]. 122722
The presence of 5 S **RNA** *genes* in two consecutive chromosome bands in Chironomus tentans. 124085
Similarities and differences in the structure of X and Y chromosome **rRNA** *genes* of Drosophila [melanogaster]. 124099
Inheritance of virulence in Puccinia recondita on six backcross lines of wheat with **single** *genes* for resistance to leaf rust. 120611
Genic **sterility** of pollen in sugarbeets. 120828
Progesterone-binding components of chick oviduct: in vitro effect of receptor subunits on *gene* **transcription**. 117790
Further studies in genetic resistance of fowl to RSV (RaV 0): evidence for interaction between independently segregating tumour virus b and tumour **virus** e *genes*. 118344
Gene **White** lobbies for nutrition. 116609

GENESIS

A contribution to the *genesis* and **classification** of Polish loess soils (Lublin hill country). 124861
Genesis and **maintenance** of a persistent infection by canine distemper virus. 118788
Genesis of **mitochondria** in growing cells of the maize root: Reorganization of the electrotransporting chain. 121485

GENETICISTS

William Grady Fields (1933-1975) *[Geneticists,* **Fungi,** United States, Sordaria]. 120784
In commemoration of Boris L. Astaurov (1904-1974) *[Geneticists,* **Soviet** Union]. 120612
Leslie Clarence Dunn (November 2, 1893—March 19, 1974) *[Geneticists,* **United** States]. 120613

GENETICS

Approaches to the *genetics* of **Acetabularia** [Algae]. 120595
Publications by A. Pascher on the *genetics* of **algae** [Translations and commentaries]. 120608
Publications by Franz Moewus on the *genetics* of **algae**. 120609
A *genetic* **analysis** of maturing patterns in straightbred and crossbred Hereford, Angus and Shorthorn cattle. 118337
Genetic **analysis** of some quantitative characters determining the yield capacity of maize. 120641
Genetic **analysis** of flocculation in Saccharomyces cerevisiae and tetrad analysis of commercial brewing and baking yeasts. 120724
Genetic **analysis** of resistance factors in a wild strain of the house fly (Musca domestica) resistant to DDT and some organophosphorous insecticides. 123675
Genetic **analysis** of the increased heterotic ability of parthenogenetic males of silkworm [Bombyx mori], homozygous at all loci. 124507
Genetics as **applied** in poultry industry. 118385
A *genetic* **approach** to the study of juvenile hormone control of vitellogenesis in Drosophila melanogaster. 123930
Genetic **approaches** to the stimulation of bacterial protein synthesis. 116757
Genetic **aspects** of sexuality in Volvocales [Algae]. 120597
Genetic **aspects** of breeding winter wheat in irrigation conditions. 120744
Genetic **aspects** of antibiosis to Aphis gossypii in Cucumis melo [muskmelon] from India. 123408
Wheat germ agglutinin. Evidence for a *genetic* **basis** of multiple forms. 120588
Exploiting **between-herd** *genetics* [Beef cattle]. 118189
In vivo purification of mitochondrial genes in petite mutants of yeast: the *genetic* and **biochemical** characterization of mutants enriched in mitochondrial ribosomal RNA cistrons. 120754
Genetics and **biochemistry** of pyridoxine requiring mutants of Aspergillus nidulans [Fungi]. 120618
Genetics of **blue-green** algae. 120599
The *genetics* and **breeding** of southern pines. 119553
Field experiments on the competitiveness of males **carrying** *genetic* control systems for Aedes aegypti. 123887
Genetics of **cell** wall synthesis in Chlamydomonas reinhardtii [Algae]. 120600
Cultured **cell** *genetics*. 120723
Genetic **change** in [plant] host-parasite populations. 122901
Possibility of extensive blood relationship in livestock populations, and comparison of fertility and resistance to environmental **changes** *[Genetics]*. 118206
Influence of *genetic* **changes** and other variables on the encapsulation of parasites by Hyphantria cunea [Tree pests, natural control]. 123453
Genetics of **Charophyta** [Algae]. 120601
Genetics of **Chlamydomonas** moewusii and Chlamydomonas eugametos [Algae]. 120603
Genetics of **chloroplast** ribosome biogenesis in Chlamydomonas reinhardtii [Algae]. 120602
The breeding of **cleistogamous** *genetic* stocks of Secale cereale [in West Germany]. 120682
The *genetic* **control** of red cell glutathione deficiencies in Finnish Landrace and Tasmanian Merino sheep and in crosses between these breeds. 118333
Genetic **control** of the response of chicken leukocytes to a t-cell mitogen [Immunoglobulins]. 118378
Genetic **control** of chick helper factor in cells which lack natural group-specific antigen of avian leukosis. 118422
The *[genetic]* **control** of catabolism in Aspergillus nidulans [Fungi]. 120735
Genetic **control** of insecticide-resistance in stored products insects: prospects and preliminary investigation. 123534
Potential for *genetic* **control** of stored-product insect populations. 123550
Genetic **determinants** of thyroiditis in the OS chicken. 119199
Genetic **determinants** of flagellum phenotype in Chlamydomonas reinhardtii [Algae]. 120598
Ernest Boesiger, 1914-1975 *[Genetics,* **Drosophila** melanogaster]. 123848
Environmental and *genetic* **effects** on pseudocompatibility in Brassica oleracea in relation to the production of hybrid seed. 120772
Genetics and **environment** in the pathogenesis of nutritional [vitamin D-responsive] rickets. 116516
Further results on *genetic* and **environmental** components of heart weight variations in swine. 118218
5-alkyl-resorcinol content influenced through [rye] grain size, *genetical* and **environmental** conditions [Varieties, testing, West Germany]. 121471
Estimated *genetic* improvement in weaning weight of beef cattle. 118338
Cell clones and pattern formation: *genetic* **eye** mosaics in Drosophila melanogaster. 124169
Instability of yeast cell sensitivity to the [lethal] action of nitrous acid *[Genetic* **factors]**. 120622
Genecological investigations on zinc plants. I. *Genetics* of **flower** colour in crosses between Viola calaminaria Lej. and its subspecies westfalica (Lej.) Ernst. 120574
Forest *genetics* and tree improvement. 119625
Formal *genetics* of Chlamydomonas reinhardtii [Algae]. 120596
Evolutional and *genetic* **foundations** of heterosis in remote hybridization and polyploidy [Wheat, rye, Triticale]. 120703
Plants with new properties through protoplast **fusion** *[Genetics]*. 120846
Efficiency of some populations of maize (**Zea** mays L.) in grain production *[Genetics,* **hybrids]**. 120632
Genetic **improvement** possibilities for Muscovy duck. 118212
Genetic **improvement** of the grapevine in a course at the National Agronomic Station [Brazil]. 120844
Induced *genetic* sterility in safflower. 120760
Genetic **influence** on nutritional aspects of metabolic regulation. I. [Mice]. 118262
Genetic **influence** of chemical constituents of tobacco leaf and smoke. 120586
Genetic **instability** in parasexual fungi. 120725
Studies of dotted, a regulatory element in maize. III. Transpositions of dotted and its stability at various **locations** *[Genetics]*. 120843
A *genetic* **map** for the cowpea strain of TMV [tobacco mosaic virus]. 122871
Polymorphism of blood serum proteins from chickens of the 444th cross *[Genetical* **markers]**. 118306
Circular DNA in the yeast Saccharomyces cerevisiae in relation to informosomal DNA and **mitochondrial** *genetics*. 120753
Genetic **modification** of the waxy character in barley aftrer an injection of wild-type exogenous DNA. Analysis of the second seed generation. 120783
Larval morph variation in Chlosyne lacinia (Nymphalidae) [Influence of *genetic* **modifiers** and/or environmental factors]. 124061
Change of *genetical* and **morphological** features and some chemical properties of soils under the effect of field shelterbelts in the Kamennaia Steppe. 119410
Genetics of **multicellular** marine algae. 120604
Ecological and *genetic* **nature** of functional organization (structure) of the adaptive response of animals. 118314
Some data on *genetical* **nature** of ecological differences in the structure of hair coat in cattle. 118316
Organelle *genetics* in Saccharomyces cerevisiae [Yeast]. 120728
Are you improving your *genetic* **position?** [Bulls]. 118267
Genetic **potential** for better trees. 119626
"Mutant" neuron: Electrophysiological analysis *[Genetic* **prerequisites** of a systemic organization of the brain, experiments on Drosophila melanogaster]. 123880
Quantitative *genetics* [Fungi]. 120730
Regulation of *genetic* **recombination** in Neurospora crassa [Fungi]. 120755
Genetic **recombination** in Coprinus [Iagopus, Fungi]. V. Repair synthesis of deoxyribonucleic acid and its relation to meiotic recombination. 120780
Genetics to the **rescue** [to increase wheat protein]. 120575
Further studies in *genetic* **resistance** of fowl to RSV (RaV 0): evidence for interaction between independently segregating tumour virus b and tumour virus e genes. 118344
Genetic **resources** of worlds rye collection for solving of more important breeding problems. 120667
Rye *genetic* resources conservation. 120678
Sowing *genetic* monogerm sugarbeet seeds with SPC-6 machines. 124718
Genetic **studies** on certain body measurements in crossbred females at first calving age. 118322
Cytophotometry in physiological and *breeding-genetic* **studies** [Description of apparatus]. 120808
Why a bull's predicted difference goes up and down *[Genetic* **transmitting** ability for milk]. 118274
Esterases *[genetic]* **variability** within some Polish rye cultivars. 120663
Estimate of *genetic* **variance** in open-pollinated varieties of rye (Secale cereale L.). 120664
Genetic **variation** influences [forest] tree improvement strategies. 119632
Genetic **variation** amongst swede varieties and their hybrids and their response to soil fertility. 120761
The regulation of enzyme synthesis in arginine metabolism of Saccharomyces cerevisiae **[yeast,** *genetics]*. 120733
Killer of Saccharomyces cerevisiae: a double-stranded ribonucleic acid plasmid **[Yeasts,** *genetics]*. 120585
The New **Zealand** *genetic* soil classification—its inception, development and future or "The soil is not a static body". 124841
Genetics of **Zygnematales** [Algae]. 120605

GENITALS

Structure and evolution of the *genitalia* of **Acrididae** and related families. 123780
A note on the developmental abnormalities of the **female** *genital* tract of bovines. 119098
Study of the **male** *genitalia* of Euchloe insularis Staudinger species bona. 124302

A comparative study on the effect of various estrogens on the immature female **mouse** *genitalia* and endocrine glands. 118335
Studies on mating results following detection of Corynebacterium pyogenes in *genital* **secretion** of cattle with puerperal disorder. 118844
Geographical variation in the *genitalia* of **three** species of Cicadellidae (Hemiptera) [Agallia laevis, Eupteryx stachydearum, Eupteryx urticae]. 124162
Macromolecular components of *genital* **tract** fluids from the sheep. 117834

GENOMES
Electrophoretic separation of **dsRNA** *genome* segments from maize wallaby ear virus and its relationship to other phytoreoviruses. 122876
Structure and function of the Actinomyces **olivaceus** *genome* [Fungi]. 120731
The role of the *genome* in **secondary** biosynthesis in Streptomyces aureofaciens [Fungi]. 120734
Nonpermissive infection of L cells by an avian reovirus: restricted transcription of the **viral** *genome* [Chicken embryo fibroblasts]. 118806

GENOTYPES
Gene-dependent growth of plant meristems, investigated on the development of isolated roots of different *genotypes* of **Antirrhinum** majus L. 121432
Genotypic **composition** of a high altitude population of Eremopoa altaica located in the upper boundary of distribution of this species. 120719
Genotypic **environment** and its role in increasing the efficiency of selection in sunflower. 120829
The development of *genotypical* **formations** as a result of the hybridization of winter wheats with spring wheats. 120838
Genotype-environment **interaction** for milk yield in dairy cattle. 117455
Interaction *genotype*—environment in chickens from the 288th cross. 118304
The main problems are discussed concerning the importance of association effect (group effects according to Griffing) on the evaluation of **lucerne** *genotypes.* 120801
Effects of temperature and *genotype* on **pollen** tube growth in some self-incompatible and self-compatible almond cultivars [Prunus amygdalus]. 121704

GENTIANA
Phytochemistry of genus Gentiana. XIV. Identification of new derivatives of isoorientin in the laves of *Gentiana* **burseri** Lapeyr. 2. 121075
Biology of germination of the seed of yellow gentian *[Gentiana* **lutea].** 120961

GENTIANS
Biology of germination of the seed of **yellow** *gentian* [Gentiana lutea]. 120961

GEOBOTANY
Main results of *floristic-geobotanic* and **taxonomic** research in Hungary, 1962-1971 [New taxa]. 120190

GEOCHEMISTRY
Geochemical **survey** of Missouri—methods of sampling, laboratory analysis, and statistical reduction of data. 124888

GEOCORIS
Predatory activity, reproductive potential and longevity of *Geocoris* spp. **treated** with [soybean] insecticides. 123320

GEOGRAPHERS
Emiel van Rompaey, deceased **[Plant** *geographers,* Netherlands]. 121930

GEOGRAPHY
Agricultural as an area of *geographical* **analysis.** 115279
Geographical **distribution** of Pterocarya fraxinifolia Spach. 119942
Some important **economic** *geographical* problems of the agricultural development in the Soviet Union between 1928 and 1973. 115844
The **economic** *geography* of the agricultural aircraft. II. 124745
The **economic** *geography* of the agricultural aircraft. 124746
The *geography* of **effectiveness** of nitrogenous fertilizers in West Siberia. 124948
Geography and **environmental** protection. 125532
Plate tectonics and its bearing on the *geographical* **origin** and dispersal of angiosperms. 120059
The place of forestry and agriculture within the **planned** *geographical* apportionment of existing and future assets [National Physical Plan]. I. 119510
The place of forestry and agriculture within the **planned** *geographical* apportionment of existing and future assets [National Physical Plan]. III. 119511
The question of varied attractiveness of pheromones of European corn borers [Pyrausta nubilalis] on the males of *geographically* different **populations.** 123331
The Loire Valley wines: their *geographical* **situation,** their [grape] vineyards, and their characteristics. 122461
Environmental demands, morphological variation and *eco-geographical* **strain** formation of spruce [Picea]. 119590
Geographical **variation** of Asarum caulescens Maxim [Cytotaxonomy]. 120133
Geographical **variation** in the genitalia of three species of Cicadellidae (Hemiptera) [Agallia laevis, Eupteryx stachydearum, Eupteryx urticae]. 124162
Multivariate analysis of *geographic* **variation** in Libellula luctuosa Burmeister (Odonata: Libellulidae). 124400

GEOLOGY
Occurrence of Lepidoptera in the schists of Tremembe, and some reflections on the *geological* **basin** of Paraiba, Sao Paulo State [Paleoentomology]. 124212
Regional inventories and mapping of land resources and **enviromental** *geology* using remotely sensed data. 115261
Application of Skylab imagery to some *geological* and **environmental** problems in Italy [Remote sensing]. 125459
The vegetational importance and conservational value of Breiniger Mountain near Stolberg (MTB 5203), with consideration of *geological* and **historical** aspects [Flora]. 120034
A *geological* **perspective** of the upland biota of Laysan atoll (Hawaiian Islands) [Animals and plants]. 117611
Historical review of the International Water-Resources Program of the U.s. *Geological* **Survey** 1940-70. 125340

GEOMETRIDAE
Taxonomic study on the larvae of **Japanese** *Geometridae* (Lepidoptera). II. Larvae of Apocheima. 124359
Perizoma lugdunaria, new in southwestern Germany **[Lepidoptera,** *Geometridae).* 124296
A new Hyalochlora [nadia] **(Lepidoptera,** *Geometridae).* 124330
On biological control of Boarmia bistortata Goeze (Lepidoptera, *Geometridae)* by help of a **virus.** 123224

GEOMORPHOLOGY
Geomorphological **expression** of soil variations in the sedimentary terrain of Muttal & Salal areas of Udhampur district in Jammu Province of Jammu and Kashmir State. 124907

GEOTRICHUM
R23979, a new imidazole derivative effective against postharvest decay of citrus by molds [Penicillium italicum, Penicillium digitatum, *Geotrichum* **candidum]** resistant to thiabendazole, benomyl and 2-aminobutane. 122760

GEOTROPISM
The *geotropic* **curvature** in roots of Norway spruce (Picea abies) containing anthocyanins. 121825
The influence of irradiation with red light on *geotropic* **curving** and growth of decapitated Avena coleoptiles. 121392

GERBERA
Root and stem base rot of *Gerbera* **caused** by Pythium species and Rhizoctonia solani. 122677

GERBILS
Effect of dietary fat on hepatic metabolism of 14C [carbon isotope]-oleic acid and very low density lipoprotein triglyceride in the *gerbil* **[Coconut** or safflower oil]. 116425
Investigations on the acute toxic effect of pyrethrum [insecticide] on various haematological aspects of Meriones hurrianae Jerdon, the Indian **desert** *gerbil.* 123756
Susceptibility of the **Mongolian** *gerbil* (Meriones unguiculatus) to Mycobacterium paratuberculosis. 118606

GERIATRICS
In-service educational program for dietetic technicians involved in *geriatric* **nutrition.** 116619

GERMINATION
Gibberellic **acid-induced** *germination* of spores of Anemia phyllitidis: nucleic acid and protein synthesis during germination [Pteridophyta]. 120865
Pumpkin (Cucurbita sp.) seed globulin. II. **Alterations** during *germination.* 121758
Investigation on the infection pathway of Drechslera graminea in *germinating* **barley.** 122578
Mechanization in preparing the *germinative* **bed** for spring crops. 124716
Observations on the gynecium, fruit and *germination* in **Caldesia** parnassifolia (Bassi) Parl. 120439
Partial purification and some regulatory properties of pyruvate kinase from *germinating* **castorbean** [Ricinus communis] endosperm. 121320
Studies on the seed germination of Bupleurum falcatum L. I. Influence of the time elapse after seed harvest and light **conditions** on the *germination.* 121333
Polyamine and ornithine metabolism during the *germination* of **conidia** of Aspergillus nidulans [Fungi]. 120924
Reduction of transpiration from wheat caused by *germinating* **conidia** of Erysiphe graminis f. sp. tritici. 122715
Cultural studies on the Monilia disease fungus of apples. VI. The effect of light on **conidial** *germination,* mycelial growth, and sporulation [Monilinia mali]. 122587
Distribution of polyphenols & development of peroxidase activity during *germination* in **Crotalaria** [juncea]. 121130
Effect of photoperiod on *germination* of **Cyperus** inflexus seeds. 120972
Effect of stubble residues of fallow grown crops on the *germination* and **development** of winter rye. 121460
Ultrastructural changes in *germinating* **Dicranum** scoparium: a moss containing protein storage material [Musci]. 120435
Ultrastructure and elemental composition of dormant and *germinating* **Diplodia** maydis spores [Fungi]. 120478
Dormant and *germinating* **Diplodia** maydis spores: ultrastructure and elemental composition. 120541
Germination **ecology** of Althenia filiformis Petit in relation to habitat temperature and salinity fluctuations during summer and autumn. 121072
Germination **effects** on pasture composition in a dry monsoonal climate. 121519
Myxomycetes [Fungi, spore **formation,** *germination].* 121121
Fine structure of the spore wall and germ tube change during *germination* **[Fungi].** 121117
Stimulation of *germination* by **gamma** radiations of the dormant seeds of Avena fatua L. 121022
Interrelations of seed color, weight, *germination* and **origin** in alsike, red and white clovers. 121546
Effect of nisin [antibiotic produced by Streptococcus lactis] in the presence of L-alanine on the *germination* and **outgrowth** of Bacillus sublitis spores [used in the food and dairy industry]. 116845
Studies of Navua Sedge (Cyperus aromaticus). 1. Review of the problem and study of morphology, seed **output** and *germination.* 123083
Germinating **palm** seeds. 121628
Effect of nisin [an antibiotic, produced by certain strains of Streptococcus lactis] on the *germination* and **proliferation** of spores of some aerobic spore-formers in nutrient medium [Food processing]. 116844
Gibberellic acid-induced germination of spores of Anemia phyllitidis: nucleic acid and protein synthesis during *germination* **[Pteridophyta].** 120865
Plant growth retarding activity of the 4-substituted-7-(beta-D-ribofuranosyl)pyrrolo[2,3-d]pyrimidine anticytokinins [on the *germination* of **rice].** 121393
Estimation of isopentenyl adenosine during the *germination* of **rice** embryos. 121503
Toxic effects of lead on growth & metabolism of *germinating* **rice** (Oryza sativa L.) seeds & on mitosis of onion (Allium cepa L.) root tip cells. 122952
Biology of *germination* of the **seed** of yellow gentian [Gentiana lutea]. 120961
Correlations in the **seed** in *germination.* 121085
Studies on the **seed** *germination* of Bupleurum falcatum L. I. Influence of the time elapse after seed harvest and light conditions on the germination. 121333
Studies on the **seed** *germination* of Bupleurum falcatum L. II. Methods of hastening of germination and storage of the seeds [with low temperature treatment]. 121334
Effect of pre-sowing treatments and temperatures on **seed** *germination* of Acacia cyanophylla Lindl. 121669
Gibberellin effects on rabbiteye blueberry **seed** *germination.* 121673
The low temperature limit for [cucumber and mung bean] **seed** *germination.* 121742
Seed *germination* of Hieracium pratense, a successional perennial. 123067
Influence of peroxide and polyelectrolyte treatments on *germination,* **seedling** emergence and yield [Navy beans, soybeans, sugarbeets]. 121545
Effects of soil microorganisms and their products on the *germination* of **seeds.** 120898
Germination of the **seeds** of [the drug plant] Thermopsis alterniflora. 120965
On the *germination* of **seeds** of Comptonia peregrina, the sweet fern [Myricaceae]. 120973
Effect of succinic acid on the activity of adenosinetriphosphatase in *germinating* **seeds** of spring wheat. 121433
Stimulatory action of Azotobacter chroococcum from water hyacinth (Eichhornia crassipes Mort Solms) on *germination* of **seeds** of rye (Secale cereale). 121568
Effect of organic substrates on slow *germinating* **seeds** of some forest trees and shrubs. 121811
Incorporation of tritiated thymidine in *germinal* and **somatic** cells of the onion fly, Hylemya antiqua (Diptera: Anthomyidae), as determined by autoradiography. 123889
The seed: definition, origin and development, structural types, slowed life, *germination* **[Spermatophyta].** 121090
Mitochondrial biogenesis during fungal **spore** *germination:* products of mitochondrial protein synthesis in vivo [Botryodiplodia theobromae]. 120903
Activators of fungal **spore** *germination.* 121115
Carbohydrate metabolism and **spore** *germination* [Fungi]. 121116
Nucleic acids and fungal **spore** *germination.* 121122
Organelle changes during fungal **spore** *germination.* 121123
Regulation of protein metabolism during **spore** *germination* [Fungi]. 121124
Self-inhibitors of fungal **spore** *germination.* 121126
Spore *germination* in axenic cultures of Smittium sp. (Trichomycetes) [Fungi]. 121289
Effects of some specific inhibitors on the *germination* of **spores** of the fungus Trametes badia (Berk) Cooke. 121021
Lipid metabolism of fungal spores during **sporogenesis** and *germination.* 121119
The effect of *germination* **stimulators** on wild oat (Avena fatua L.) emergence in the field [Weed control]. 123153
Studies on the seed germination of Bupleurum falcatum L. II. Methods of hastening of *germination* and **storage** of the seeds [with low temperature treatment]. 121334

Studies on Podostemaceae. II. *Germination* **studies.** 120975
Influence of substrate moisture level on the *germination* of **sweetgum** and sand pine seed [Liquidambar styraciflua, Pinus clausa]. 121830
Effect of water-soluble excretions from litter fall of woody plants on **te** *germination* of seeds. 120964
Germination **temperatures** and prechill treatments for white ash (Fraxinus americana L.). 121829
Eradication of seed-borne organisms from imported vegetable seeds by hot-water treatment [Fungi, *germination* **test**]. 122645
Weak magnetic fields and *germination* in **Triticum** [Durum wheat]. 121463
Environmental and hormonal control of **turion** *germination* in Myriophyllum verticillatum. 120864
Factors associated with resistance to mechanical [seed] damage in snap beans (Phaseolus vulgaris L.) *[Germination,* **vigor**]. 122966
Transient cyclic AMP [adenosine 3',5'-monophosphate] accumulation in *germinating* **zoospores** of Blastocladiella emersonii [Fungi]. 121054
The release, settlement and *germination* of **zoospores** in Chorda tomentosa [Algae] (Phaeophyceae, Laminariales). 121221

GERMS

Alien *germ* plasm as a source of resistance to disease [Breeding of crop plants]. 120581
Cholesterol synthesis in *germfree* and **conventional** rats. 116421
Formation of alpha- and gamma-ketols from 18O [oxygen isotope]-labelled linoleic acid hydroperoxides by **corn** *germ* hydroperoxide isomerase. 121455
Remarks on packaging, *germ* **count** and milk quality. 116868
Automation of *germ* **counting** in microbiology. I. Comparison of conventional and semi-automatic dilution [Food]. 116019
Environmental condition dependencies of fermentation products of **kaseolytic** *germs* [Milk]. 116862
Resistance testing of **pathogenic** *germs* and their results in the German Democratic Republic Veterinary Institutes. 118841
Fine structure of the spore wall and *germ* **tube** change during germination [Fungi]. 121117
Concanavalin A and **wheat** *germ* agglutinin receptors on Dictyostelium discoideum [Fungi]: their visualization by scanning electron microscopy with microspheres. 120480
Wheat *germ* agglutinin. Evidence for a genetic basis of multiple forms. 120588

GESNERIACEAE

Hybridization studies in Columnea L. *(Gesneriaceae).* 2. The **Columnea** querceti complex. 120594
Hybridization studies in Columnea L. *(Gesneriaceae).* 1. **Jamaican** species. 120593
Contributions to the morphology and systematics of Klugieae and **Loxonieae** *(Gesneriaceae).* II. Morphology, anatomy and ontogenesis of the flowers of Monophyllaea R. Br. 120432

GESTATION

Changes of biochemical constituents in bovine fetal fluids with *gestational* **age.** 117544
Abortion and cannibalism in squirrel monkeys (Saimiri sciureus) associated with experimental protein **deficiency** during *gestation.* 119143
Trace mineral deficiencies in rats caused by feeding rapeseed flours during growth, *gestation* and **lactation.** 116441
Influence of *gestation* and **puerperium** on the blood proteinogram of Dutch Black Pied cattle. 117905

GIBBERELLIC

The effect of kinetin and *gibberellic* **acid** on some morphological characteristics of Vigna sinensis [Cowpeas]. 120440
A synergistic effect of 2-ethyl-1-isopropoxycarbonyl-3-(4-tolylcarbamoyl) isourea with *gibberellic* **acid** on growth of rice seedlings. 121531
Studies on early seedling growth of rice with IAA, GA, CCC [indoleacetic acid, *gibberellic* **acid,** chlorocholine chloride]. 121569
Effect of auxin cofactors on rooting and the effect of *gibberellic* **acid** on shoot growth of lilac [Syringa] softwood cuttings. 121627
On the bud dormancy of grape varieties. 1. Effect of endogenous free abscisic acid and *gibberellic* **acid** on the bud dormancy and the induction of their regrowth during the growing season. 121721
Use of *gibberellic* **acid** permits early budding of pecan [Carya illinoensis] seedlings [Growth regulators]. 121770
Gibberellic **acid-induced** germination of spores of Anemia phyllitidis: nucleic acid and protein synthesis during germination [Pteridophyta]. 120865
Flower bud atrophy in Baccara roses [Rosa]. VI. The effect of environmental factors on *gibberellin* **activity** and ethylene production in flowering and non-flowering shoots. 121749
Photochemical reactions. XXVI. Molecular and crystal structure of a cyclobutane **annelated** *gibberellin* derivative [plants, growth substances]. 121366
The influence of cytokinin and *gibberellin* on **auxin** mobilization: its role in regeneration and apical dominance in Marchantia polymorpha. 120974
Gibberellin **effects** on rabbiteye blueberry seed germination. 121673
Enhancement by low pH [hydrogen-ion concentration] of *gibberellin* **effects** on dormant celery seeds and embryoless half-seeds of barley. 121746
Identification of *gibberellin* A29 and **evidence** for abscisic acid in extracts from fruits of immature French prune (Prunus domestica L.). 121708
Discovery of *gibberellin* and **gibberellin-like** substances in the metabolites of symbiotic bacteria of Calamagrostis. 121098
Synthesis of *gibberellin* and **gibberellin-like** substances by symbiotic bacteria [of Carex enervis] as related to cultural conditions. 121104
Cellulose-decomposing [soil] microorganisms—producers of *gibberellin* and **gibberellin-like** substances. 124815
Gibberellins and **gibberellin-like** substances synthesized by cellulose-decomposing [soil] fungi. 124817
Production of *gibberellin* and **gibberellin-like** substances by oligonitrophyllic [soil] microorganisms. 124823
Induction of juvenile leaf form in a palm (Caryota **mitis**) by *gibberellin.* 120441
Content of gibberellin-like substances in the leaves of Heracleum olgae Rgl. et Schmalh. in relation to the effect of *gibberellin* and **natural** ultra-violet radiation. 121106
Discovery of gibberellin and *gibberellin-like* **substances** in the metabolites of symbiotic bacteria of Calamagrostis. 121098
Synthesis of gibberellin and *gibberellin-like* **substances** by symbiotic bacteria [of Carex enervis] as related to cultural conditions. 121104
Content of *gibberellin-like* **substances** in the leaves of Heracleum olgae Rgl. et Schmalh. in relation to the effect of gibberellin and natural ultra-violet radiation. 121106
Gibberellin-like **substances** in the endosperm-nucellus tissues of the developing almond, Prunus amygdalus Batsch cultivar Jordanolo. 121706
Cellulose-decomposing [soil] microorganisms—producers of gibberellin and *gibberellin-like* **substances.** 124815
Gibberellins and *gibberellin-like* **substances** synthesized by cellulose-decomposing [soil] fungi. 124817
Production of gibberellin and *gibberellin-like* **substances** by oligonitrophyllic [soil] microorganisms. 124823

GIGARTINACEAE

Ecology and natural history of Iridaea cordata (Rhodophyta: *Gigartinaceae)* **[Algae]:** population structure. 121204

GILTS *see* SWINE

GIN

Status report: OSHA [Occupational Safety and Health act] in **cotton** *ginning* operations. 115829
Micronaire fineness as affected by **cotton** *ginning.* 117093
[Cotton] *gin* **trash** holds huge energy potential [Waste disposal]. 117088
Physical characteristics of **typical** *gin* bales for 1973-74 and 1974-75 seasons. 117095
Unifilter collecting system for *cotton-gin* **waste** materials [Air pollution]. 125385

GINGER

Three new [fungus] storage diseases of *ginger* **(Zingiber** officinale (L) Rosc) [Nectria inventa, Trichurus spiralis, Memnoniella echinata]. 122782

GITOGENIN

Synthesis of 3-beta-glycosides of diosgenin [from Dioscorea deltoidea], yamogenin and *gitogenin* [from the **seed** of Trigonella foenum-graecum]. 121261

GLACIAL

Delineation of the boundaries of a **buried** *pre-glacial* valley with LANDSAT-1 data [Udoll soils, remote sensing]. 124827
The seed banks of **parairie** *glacial* marshes [Vegetation zones, seed viability]. 120335

GLADIOLUS

Effect of short-wave ultraviolet radiation on growth and **development** of *Gladiolus.* 121614
Competition at the plot border among maize, tomato, pepper and *Gladiolus* L. 122115

GLANDS

Aldosterone production by sheep **adrenal** *glands* in vitro. 117838
Testing of insemination boars following glandectomy of the **bulbo-urethral** *glands.* 118375
The **cerebral** *gland* of Gonoplectus malayus (Carl.) (Myriapoda, Diplopoda). 123870
Histochemistry of the **duodenal** *glands* of the cat and horse. 117518
A comparative study on the effect of various estrogens on the immature **female mouse genitalia** and **endocrine** *glands.* 118335
Ultrastructure of *glandular* **epithelial** cells in the endometrium of the **ewe** during the estrous cycle and early pregnancy. 117892
Aqueous solvents for **extracting** *glanded* cottonseed protein without gland rupture. 117127
Nasute termite soldier **fromtal** *gland* secretions. 1. Structure of trinervi-2beta,3alpha,9alpha-triol-9-O-acetate, a novel diterpene from Trinervitermes soldiers. 124012
Nasute termite soldier **frontal** *gland* secretions. 2. Structures of trinervitene congeners from Trinervitermes soldiers. 124013
Effects of secretagogues on oxygen consumption, aminopyrine accumulation and morphology in isolated **gastric** *glands* [Rabbits]. 117526
Females of Formica rufa L. (Hymenoptera, Formicidae) with enlarged **labial** *glands.* 123996
A calcium ionophore-induced secretion in rabbit **lacrimal** *gland* in vivo. 117846
Ultrastructural and ultrahistochemical examinations of the canine **mammary** *gland.* I. Ultrastructural examinations. 117557
Innervation of bovine **mammary** *gland* with particular reference to afferent (sensitive) teat innervation. 117854
Neutrophil leukocytes and inflammation of the bovine **mammary** *gland.* 118963
L-alanine aminotransferase in the **paragonial** *gland* of Drosophila [nigromelanica, Drosophila melanogaster]. 123981
Accumulation of glutamic acid in the **paragonial** *gland* of Drosophila nigromelanica. 124039
Ultrastructural evaluation of **parathyroid** *glands* and thyroid C-cells from cattle fed solanum malacoxylon. 117890
Morphology and topography of **parathyroid** *glands* of cattle. 117925
Effects of L-azetidine and collagenase on the morphogenesis of embryonic duck **preen** *gland* in organ culture. 117620
The membrane potential of the **prothoracic** *gland* cells in Galleria mellonella. 124191
Effects of Weismann **ring** *gland* on RNA synthesis in imaginal wing disks of Calliphora erythrocephala. 124044
Aqueous solvents for extracting glanded cottonseed protein without *gland* **rupture.** 117127
Acid phosphatase and peroxidase in 'resting' acinar cells of the major **salivary** *glands* of cats and their possible movement into secretory granules. 117703
Intracellular calcium reservoirs in Calliphora **salivary** *glands.* 123924
Possible role in uptake of water vapour by ixodid tick [Amblyomma americanum] **salivary** *glands.* 124049
The in vitro induction of puffing in **salivary** *glands* of the mutant l (2)gl of Drosophila melanogaster by ecdysone. 124173
Sebaceous *gland* adenomas in dogs. 119135
Comparative aspects of the accessory **sex** *glands* and seminal biochemistry of mammals [Primates]. 118249
Studies on the posterior **silk** *gland* of the silkworm Bombyx mori. V. Electron microscope localization of fibroin in the posterior silk gland at the later stage of the fifth instar. 124537
Sensillum-like setae in the lumen of the **spermathecal** *gland* of Plodia interpunctella [Stored-product insects]. 123579
On the immunological detection of thyroglobulin peptides synthesized in cell-free system [Sheep **thyroid** *glands].* 117600
Effect extracts of the **venom** *gland* of the recluse spider, Loxosceles laeta, on human cells in culture. 123670
Ultrastructural modifications in the **vesicular** *glands* of the Machilidae (Insecta, Thysanura) during the moulting cycles. 124193

GLASS

Glassiness of **apples** [on the tree and in storage]. 122930
Description of an infrared irradiation of **quartz** *glass* for the determination of mercury in water and food. 116074

GLASSHOUSES *see* GREENHOUSES

GLEDITSIA

Morphogenesis in *Gleditsia* **triacanthos** L. X. Reconstitution of the meristem of the outline of 6th leaf after root incision. 121347

GLEYING

The relationship between soil aeration, stability and growth of Sitka spruce (Picea sitchensis (Bong.) Carr.) on upland **peaty** *gleys.* 121820

GLIAL

The protein composition of *glial* and **nerve** fibers [Bovine brains]. 117681

GLOBINS

Free **cytoplasmic** *alpha-globin* messenger RNA appears during the maturation of rabbit reticulocytes. 117679
Globin **messenger** sequences in nuclear ribonucleoprotein particles of avian [chick] erythroblasts. 117849
Globin **mRNA** sequences in polyadenylated and nonpolyadenylated nuclear precursor-messenger RNA from avian [duck] erythroblasts. 117626

GLOBULES

Status of **fat** *globule* membrane proteins in sterilized and chilled buffalo milk. 116886

GLOBULINS

Complement-fixation in the interaction of normal rabbit gamma G' *globulin* and its **Fab'** fragment. 118792
A complex preparation of ferrodextran, *gamma-globulin,* **microelements** and vitamins [for veterinary use]. 118566
Rheology and spinning of alkaline solutions of sunflower **seed** *globulin* and **casein.** 117154

Pumpkin (Cucurbita sp.) **seed** *globulin.* I. Purification characterization, and subunit structure. 121757
Pumpkin (Cucurbita sp.) **seed** *globulin.* II. Alterations during germination. 121758

GLOEOCERCOSPORA
Hydrogen cyanide detoxification by *Gloeocercospora* **sorghi** [Sorghum]. 122704

GLOEOSPORIUM
The role of varietal differences and qualitative condition of apples in their infection with bitter rot [Gloeosporium perennans, *Gloeosporium* **album**]. 122627
Changes in lipids during growth in *Gloeosporium* **ampelophagum** [the fungus that causes anthracnose disease in grapevine]. 122629
Some pests of plane tree [Platanus, scorch, *Gloeosporium* **nervisequum,** Corythuca ciliata]. 122635
The role of varietal differences and qualitative condition of apples in their infection with bitter rot *[Gloeosporium* **perennans,** Gloeosporium album]. 122627

GLOMERULAR
Current aspects of diet therapy applied to patients with chronic **difuse** *glomerulonephritis.* 116560

GLOSSINA
The work of Veterinary and Tsetse *[Glossina]* **Control** services [in Zambia]. 123625
Tsetse *[Glossina]* **control,** present and future. 123671
Ecology of *Glossina* **palpalis** gambiensis Vanderplank, 1949 [a principal vector of the sleeping sickness in West Africa]. 123661

GLOSSOSOMA
Seasonal and diel changes in the positioning of *Glossosoma* **nigrior** Banks (Trichoptera: Glossosomatidae) on artificial substrates. 123862

GLOSSOSOMATIDAE
Seasonal and diel changes in the positioning of Glossosoma nigrior Banks (Trichoptera: *Glossosomatidae)* on **artificial** substrates. 123862

GLUCAGON
Rat strain differences in cyclic-AMP [adenosine monophosphate] levels in liver and epididymal fat pad tissue as **influenced** by *glucagon.* 116438
Decreased plasma insulin but **normal** *glucagon* in rats fed low protein diets. 116423

GLUCANS
Some properties of a **fungal** *beta-D-glucanase* preparation [basidiomycetes, Sclerotinia libertiana]. 120994
Phytotoxicity of **mycolaminarans**—*beta-1,3-glucans* from Phytophthora spp. 122711
Non-cellulosic *beta-D-glucans* from bamboo, and interpretative problems in the study of all hemicelluloses [Arundinaria japonica, Arundinaria anceps]. 120992

GLUCIDIC
Dimorphism in Ustilago cynodontis [Fungi]. II. *Glucidic* **metabolism.** 120888

GLUCOAMYLASE
Tryptophanyl and carboxylic acid residues in the active centre of *glucoamylase* I from **Aspergillus** niger [Fungi]. 120997

GLUCOCORTICOIDS
Glucocorticoid **binding** in the chicken liver cytosol. Characterization of five macromolecular binding components. 117594

GLUCOMANNANS
Dissolution of *glucomannan* in **two** staged sulphite cooking of spruce wood. 119731

GLUCONEOGENESIS
Development of *gluconeogenic* **enzymes** in fetal sheep liver and kidney. 117645
Studies on the alpha-adrenergic activation of hepatic glucose output. I. Studies on the alpha-adrenergic activation of phosphorylase and *gluconeogenesis* and **inactivation** of glycogen synthase in isolated rat liver parenchymal cells. 117796
Factors affecting the rate of *gluconeogenesis* from **L-cysteine** in the perfused rat liver [Effects of diets]. 116432

GLUCOSAMINE
A comparison of the development of Puccinia graminis tritici in resistant and susceptible wheat based on *glucosamine* **content.** 122700

GLUCOSES
Effects in the rat of environmental temperature, diet dilution, and treadmill running on liver and adipose enzymes and metabolism of 14C [**carbon** *isotope]-glucose:* a multiple regression analysis. 116428
Malate dehydrogenase and *glucose-6-phosphate* **dehydrogenase** activitiy in livers of Ni[nickel]-deficient rats. 118019
Assessment of effect of starvation, *glucose,* **fatty** acids and hormones on alpha-decarboxylation of leucine in skeletal muscle of rat. 116420
End products of *glucose* **fermentation** of Pasteurella multocida and Pasteurella haemolytica [Bacterial pathogens of animals]. 119064
Studies on the alpha-adrenergic activation of **hepatic** *glucose* output. I. Studies on the alpha-adrenergic activation of phosphorylase and gluconeogenesis and inactivation of glycogen synthase in isolated rat liver parenchymal cells. 117796
Significance of *glucose,* **insulin,** and free fatty acid on the hypothalamic feeding and satiety neurons. 116375
Insulin and *glucose* **intolerance** in malnourished rats [Malnutrition, potassium deficiency]. 116517
Studies on the rate of lysine production [to fortify foods] by Brevibacterium **lactofermentum** from *glucose.* 116780
Glucose **metabolism** of mammalian erythrocytes [Dogs, cats, horses]. 117803
Glucose **metabolism** of orange-colored Streptococcus bovis [isolated from bovine rumen]. 117811
Blood metabolities and *glucose* **metabolism** in the fed and fasted chicken. 118099
Formation of dolichol **monophosphate** *2-deoxy-D-glucose* and its interference with the glycosylation of mannoproteins in yeast [Saccharomyces cerevisiae]. 121046
Inactivation by *glucose* of **phosphoenolpyruvate** carboxykinase from Saccharomyces cerevisiae [Yeasts]. 120910
The effect of two synthetic steroids on **plasma** *glucose* concentration and total entry rae of glucose in sheep. 117759
Postprandial *glucose,* insulin, free fatty acid and growth hormone responses in [Peruvian mestizo] children consuming all the day's protein in one meal. 116289
Postprandial *glucose,* insulin, free fatty acid and growth hormone responses in children consuming all the day's protein in one meal. 116293
Study of the properties and composition of *glucose* **revesion** products. 119747
The effect of two synthetic steroids on plasma glucose concentration and total entry rae of *glucose* in **sheep.** 117759
Food intake and taste peferences for *glucose* and **sucrose** decrease after intestinal bypass surgery. 116359
Transport of sugars in chick embryo fibroblasts. Evidence for a low-affinity system and a high-affinity system for *glucose* **transport.** 117587
A description of *glucose* **uptake** in Navicula pelliculosa (Breb) Hilse [Algae] including a brief comparison with an associated Flavobacterium sp. 120904

GLUCOSIDASES
Secretion of *beta-glucosidase* by **Ochromonas** danica [Algae]. 120915

GLUCOSIDES
Metabolism of N,N'-diphenylurea by cytokinin-dependent tobacco callus: **identification** of the *glucoside.* 121423

GLUE
Modern *gluing* and binding technique [Wood]. 119670

GLUMES
Investigation on [pesticide] residues in wheat straw, *glumes* and **grain** after chemical control of Eurygaster integriceps. 116051

GLUTAMATE
Effect of lower temperature on malate and *glutamate* **dehydrogenase** of chloroplasts in winter wheat. 121445
Injection of iron dextran in addition to **iron** *glutamate* for baby pigs suffering from iron deficiency. 119270
Multiple molecular forms of **nicotinamide-adenine-dinucleotide-specific** *glutamate-dehyrogenase* in lines and hybrids of maize [Zea mays L.). 121448
Importance of the *glutamate-oxalacetate* **transaminase** activity in spermatological diagnosis [Bull semen]. 118426

GLUTAMIC
The biological degradation of arginine and *glutamic* **acid** in seawater in relation to the growth of phytoplankton. 121268
Accumulation of *glutamic* **acid** in the paragonial gland of Drosophila nigromelanica. 124039
Gamma-glutamyl **cysteine** and pyroglutamate in normal and glutathione-deficient erythrocytes of Corriedale sheep. 119197
Kinetic studies of sheep **kidney** *gamma-glutamyl* transpeptidase. 117786
Improved and effective assays of the *glutamic* **oxaloacetic** transaminase by the coenzyme-apoenzyme system (CAS) principle [Deficiencies of vitamin B6]. 116459

GLUTAMINE
The partial purification of *L-glutamine* **D-fructose** 6-phosphate amidotransferase from baker's yeast. 116641
Neurospora crassa [Fungi] *glutamine* **synthetase.** Purification by affinity chromatography and characterization of subunit structure. 121166

GLUTARALDEHYDE
Indirect hemagglutination with the use of *glutaraldehyde-treated* **[sheep]** erythrocytes to determine anthrax antibodies. 118985

GLUTATHIONE
The genetic control of red **cell** *glutathione* deficiencies in Finnish Landrace and Tasmanian Merino sheep and in crosses between these breeds. 118333
Gamma-glutamyl cysteine and pyroglutamate in normal and *glutathione-deficient* **erythrocytes** of Corriedale sheep. 119197
Vitamin E supplementation and *glutathione* **peroxidase** activity [Rats]. 116543
A simple test for *glutathione* **peroxidase** and selenium deficiency [Animals]. 119201
Seasonal variations in sheep erythrocyte **reduced** *glutathione.* 117757

GLUTEN
Protein utilization of mixed feed rations by lactating pigs, with special reference to the content of essential amino acids in the dietary protein. 2. Studies on the utilization of dietary protein in rations containing extracted soyabean meal, horse bean meal, fish meal, **maize** *gluten* and waste liq. 117990

GLYCERIDES
Investigation on the lipids of Virola surinamensis. I. Acid and *glyceride* **composition** and chemical nature of some components of the unsaponifiable part. 121346
Influence of mastitis on the physico-chemical status of milk lipids. I. *Glycerides,* **free** fatty acids and phospholipid. 116167

GLYCERIN
Note on the use of *glycerine* in the **preservation** of the C.v.S. rabies virus strain. 118909
Effect of acetone fixation on rabies immunofluorescence in *glycerine-preserved* **tissues** [Mice]. 118694

GLYCEROL
Use of *sucrose-glycerol* **density** gradients in the preparation of living cells for high-resolution complementary freeze-fractured specimens [Tobacco]. 120560
Analysis of cotton fiber maturity. II. *Glycerol* **retention** value of cotton. 117128

GLYCERYL
Glyceryl **guaiacolate** paralysis time in rats pretreated with some microsomal drug metabolizing enzyme inducers. 118458

GLYCINES
Scanning electron microscopy of syncytial transfer cells induced in [soybean, tobacco] roots by cyst-nematodes [**Heterodera** *glycines,* Heterodera tabacum]. 122716
Browning reaction of **linoleic** *acid-glycine* system [in processing of fishery products]. 116784
Soybeans: *Glycine* **max** (Leguminosae-Papilionatae). 121962
Effect of oral contraceptives and vitamin B6 supplements on alanine and *glycine* **metabolism.** 116277
Soybean, *Glycine* **soja** (L.) Sieb. Et Zucc. [Culture]. 121910
Effect of photo-induction on micronutrient content of leaves in Biloxi **soybean** *glycine* max Merrill. 121501
Insects found on **soybeans** *(Glycine* max (L.) Merrill) in the Yraizoz area (Buenos Aires Province, Argentina). 123307

GLYCOGEN
Comparative histochemical studies on avian liver. 4. Relationship of dietary preference of various representative birds with the fat and *glycogen* **contents** and distribution pattern of histochemically demonstrable lipids in their livers. 117872
Quantitative analysis of lipids, nirogen substances and *glycogen* in the **larva** of an ovo-larval parasitic insect, Phanerotoma flavitestacea (Hymenoptera, Braconidae). 123890
Changes in protein, fat & *glycogen* in the **larvae** of rice moth Corcyra cephalonica St. during nuclear polyhedrosis virus infection. 123968
Developmental changes of protein, RNA, DNA, lipid, and *glycogen* in the **liver,** skeletal muscle, and brain of the piglet. A methodological and experimental study with special reference to protein synthesis. 117528
Localization of *glycogen* **phosphorylase** in specific cell types during differentiation of Dictyostelium discoideum [Fungi]. 120902
Cellular patterns of **postmortem** *glycogenolysis* in longissimus dorsi muscles of pigs at different live weights. 117006
Studies on the alpha-adrenergic activation of hepatic glucose output. I. Studies on the alpha-adrenergic activation of phosphorylase and gluconeogenesis and inactivation of *glycogen* **synthase** in isolated rat liver parenchymal cells. 117796

GLYCOL
Polyethylene/glycol for **concentration** and purification of duck hepatitis virus. 118836
The use of *polyethylene-glycol* in the **isolation** of the IBR [infectous bovine rhinotracheitis]. 119003

GLYCOLIPIDS
Cell surface mannosyl transferase activity in the liver of embryonic chick: a mannose **containing** *glycolipid* as intermediate in glycoprotein synthesis. 117850

GLYCOPROTEINS
The oxidation of terminal D-galactofuranose residues of a galactan and a *glycoprotein* by a **D-galactose** oxidase preparation from Dactylium dendroidces [Fungi]. 120996
Purification and properties of a porcine **duodenal** *glycoprotein* with gastric antisecretory activity. 117750
Study of *glycoprotein* **extracted** from synovial membranes of oxen. 117871
Suppression of *glycoprotein* **formation** of Semliki forest, influenza, and avian sarcoma virus by tunicamycin. 118809
Glycoproteins of the **plasma** membrane of Dictyostelium discoideum [Fungi] during development. 120998
Cell surface mannosyl transferase activity in the liver of embryonic chick: a mannose containing glycolipid as intermediate in *glycoprotein* **synthesis.** 117850
Concentration of *glycoproteins* in the **tissue** of the scorpion Heterometrus scaber (Thor.). 123969
Glycosylation sites of vesicular stomatitis **virus** *glycoprotein.* 118803

GLYCOSAMINOGLYCAN
Glycosaminoglycan **staining** in diseased dog skin. 118456

GLYCOSIDES
Synthesis of *3-beta-glycosides* of **diosgenin** [from Dioscorea deltoidea], yamogenin and gitogenin [from the seed of Trigonella foenum-graecum]. 121261
Conbribution to the chemical study of Holocalyx glaziovii [Leguminosae]. II. [**Flavone** *glycoside,* hydrolysis, poisonous plants]. 121345
The effects of the *glycoside* **"morindine"** on mitotic chromosomes [Onions]. 120454

GLYCOSYL
Production of *glycosyl* **urea** on the basis of hydrolysates of deciduous wood hemicelluloses. 119741

GLYCYPHAGIDAE
Restatement of the question of mites on dried plums. Development conditions and spreading of Carpoglyphus lactis L. **(Acarida,** *Glycyphagidae).* 123586

GLYPHIPTERYGIDAE
A new Choreutis [apocynoglossa] from the San Francisco Bay area, California **(Lepidoptera:** *Glyphipterygidae).* 124391

GMELINA
An important project of planting the Malay **bushbeech** *(Gmelina* arborea Roxb.) in Liberia. 119602

GNIDIA
Gnidimacrin and gnidimacrin 20-palmitate, novel macrocyclic antileukemic diterpenoid esters from *Gnidia* **subcordata.** 121155

GNOMONIA
Pigments of *Gnomonia* **erythrostoma.** IV. The synthesis of 5,8-dibenzyloxy-3-hydroxy-6-methoxy-1,4-napthoquinone [Fungi]. 121367

GOATS
A fatal case of aortic **aneurysm** in a *goat.* 119097
Staphylococcal mastitis in cows, buffaloes and *goats* and their **antibiotic** sensitivity [Staphylococcus aureus]. 118738
Studies on some hematological values for **Bangladesh** *goat.* 117765
Treatment of mange in pashmina **bearingk** *goats:* a note [Sarcoptes]. 123635
Studies on osteodystrophia fibrosa in Black **Bengal** *goats.* 119095
Radiographic aspects of bezoar concretions in ruminants; presentation of a clinical case in the *goat* **(Capra** hircus). 117906
Rift Valley Fever [Sheep, *goats* and **cattle].** 118684
The radiosensitivities of lymphocytes from pig, sheep, *goat* and **cow.** 117864
Manganese metabolism in **cows** and *goats.* 117596
Serodiagnostic studies on larval and strobilar phase of Taenia hydatigena with in vitro precipitation test [Cysticercus tenuicollis, sheep, *goats,* **dogs].** 118919
Helping *kids* make better food choices [Nutrition education]. 116333
Contagious ecthyma (orf) in a *goat* **herd.** 119049
Depressed myocardial function in the *goat* at **high** altitude. 117774
Detection of beta 2-microglobulin in sera from diverse vertebrate species by the use of a heterologous radioimmunoassay *[Goats,* **immunology].** 118938
Double infection of sheep and *goats* in **Kenya** with orf virus and Dermatophilus [congolensis]. 118708
Purification and characterization of L-gulono-gamma-lactone oxidase from rat and *goat* **liver.** 117571
Transformation of Meckel's cartilage and ossification of the mandible in ovis and capra **[Sheep** and *goats].* 117695
Dermatophilus [congolensis] infection in cattle, *goats* and **sheep** in East Africa. 118704
Radial paralysis in a *goat:* **treatment** by tendon transplantation [Trauma]. 119290
Histocompatibility in ruminants. The production and evaluation of allo-antibodies for GL-A **typing** in *goats.* 118794

GOLD
Effect of placement of phosphorus fertilizer and lime upon growth of Delicious and *Golden* **Delicious** apple trees. 121701
Investigations on the apple tree. 8. Behavior of a *Golden* **Delicious** spur clone on different rootstocks. 122309
Productivity of the standard and spur Red Delicious, the *golden* **Delicious** and the Yellowspur apple trees in relation to the rootstock. 122315
Possible causes of early leaf loss by *Golden* **Delicious** apples. 123037
Nutritional idiosyncrasies of the *golden* **hamster** (Mesocricetus auratus). 118110
Mahonia *'Golden* Abundance'. 122440

GOLGI
Golgi **apparatus** secretion of vacuolar substances in maize root cells. 120544
Effects of cytochalasin B on the *Golgi* **apparatus** of maize root cells. 121550

GONADS
Ineffectiveness of human **chorionic** *gonadotropin* in weight reduction: a double-blind study [Obesity]. 116284
The pregnancy protecting effect of progesterone against human **chorionic** *gonadotrophin* challenge in mares. 118330
Human **chorionic** *gonadotropin* for controlling ovulation in mares. 118380
Hormone-like role of H-Y antigen in bovine **freemartin** *gonad.* 118852
Superovulation in the cow using pregnant mare's **serum** *gonadotropin* prostaglandin F2alpha. 118423
Testis metabolism in protein deficiency: effect of PMS [pregnant mare serum] *gonadotrophin* and **testosterone** propionate [Rats]. 117766
Histological observations on the **thyroid** *gonad* relationship in male crossbred (New Hampshire x White Cornish) chicken. 117742
Toxoplasma antibody in sera from Dublin dogs **[Toxoplasma** *gondii].* 118773
Experimental toxoplasmosis of swine. Epidemiological and food implications **[Toxoplasma** *gondii,* Contamination]. 118895
Sabin-Feldman and indirect flourescent antibody tests for detecting antibodies of **Toxoplasma** *gondii* in horse sera. 118910
Cell proliferation in the *gonads* of **triploid** intersexes of drosophila melanogaster (Diptera). 123847

GONYAULAX
Structures of gonyautoxin II and III from the east coast toxic **dinoflagellate** *Gonyaulax* tamarensis [Paralytic shellfish poisoning]. 116180

GOOSEBERRIES
Effect of honey bee saturation on the pollination of **Chinese** *gooseberries* variety 'Hayward'. 121738

GOSSYPIUM
Germpool utilization: *Gossypium,* a **case** history [Cotton, breeding for disease resistance]. 120583
Reversal of abscisic acid promoted abscission of flower buds & bolls of **coton** *(Gossypium* hirsutum L.) with other regulators. 121507
Effectiveness of modal and directional selection according to the totality of characters in **cotton** *Gossypium* hirsutum l. 120621
Effect of localized application of ascorbic acid & other plant regulators singly & in combination with abscisic acid on boll shedding in **cotton** *Gossypium* hirsutum L. 121500
Cotton: *Gossypium* **(Malvaceae).** 121943

GOUDA *see* CHEESES

GOUT
Gout **fly** [Chlorops pumilionis, pest of cereals]. 123269

GOVERNMENT
Government **accused** of leaving the sugar industry in the lurch [Prices]. 115743
Governmental **administration** and regional administration of the Italian agriculture [Laws]. 115894
Change in *government* **agricultural** regulations concerning [the veterinarians's] duty to report diseases (K21). 118553
Some **aspects** *governing* the use of pesticides on stored products in Australia [Residues, legislation]. 123716
Internal and external **factors** *governing* the fluctuation of tribolium castaneum populations. 123539
Fight against freedom from punishment asked by *government* and **farmers** [Social conditions, Colombia]. 115194
Soil map of *government* **horticultural** research areas, Pukekohe, New Zealand. 124844
Discussion of financing state and **local** *government* services in a cyclical economy [Effect on rural economic conditions]. 115303
Sugar industry cannot run with changing rules and a hit or **miss** *government* policy. 115997
Land reclamation and *government* **policy.** 125125
Rural *self-government* in Pakistan: an experiment in political development through bureaucracy [Rural development]. 115913
The state forest region in terms of **Slovenian** *government* policy. 119460

GRADING
Studies assess customer reaction to *graded* **balsam** fir [Abies balsamea] Christmas trees. 119647
The USDA [United States Department of Agriculture] **beef** *grading* situation. 116046
Effect of pelleting on the availability of phosphate in **calcined** *C-grade* rock phosphate from Christmas Island [Subterranean clover]. 124994
Grading **changes** oversupply markets with Choice fed cattle. 115620
Effect of row spacing on yield and *grade* **distribution** of Norgold Russet and other potato varieties grown on the Texas High Plains. 122419
Methods and criteria for *grading* the **economic** vitality of the agricultural farm. 115444
Grading of **farm** efficiency: an application of Farrell's method. 115443
Sensitivity of panel members in sensory tests **[Food** *grading].* 116158
Grading **hardwood** timber reliably. 119690
Hyperglycemic and hyperosmolar responses to *graded* **hemorrhage** [Cats]. 119223
Substitution of lysine supplemented high protein wheat in protein feeds fed in the rearing and during the laying period of hens. 5. Influence of *graded* **lysine** supplements fed in the laying period on the production characteristics of hens. 118008
Substitution of lysine supplemented high protein wheat in protein feeds fed in rearing and during the laying period of hens. 6. *Graded* **lysine** supplements as affecting the content of crude nutrients in the carcasses of laying hens. 118009
Studies on the methods of judging the *grade* of **market** roughage. 3. Standardization and classification of market hay. 117377
Calculating slat for **objective** *grading* of swines. 116156
Effect of seed size and spacing on the yield and *grading* of **"pentland"** potatoes [Varieties]. 122462
Growth rate of Corsican pine [Pinus nigra poiretiana] after *grading* of 1 + 1 **planting** stock. 119557
The reliability of *grading* of **pork** halves and beef. 116106
Meat quality in different *grades* of **pork** sides. 116124
Grading **procedure** found to reflect retail yields [Beef yield grades]. 116096
Possible ways of improving canned **products** *[Grading].* 116130
Best opening face [Hardwood log or a **softwood** *grade* log]. 119685
Knottiness of European fir stem wood and its influence on [Yugoslav] *grading* **standards** for logs. 119451
Evaluation of **structural** *grades* of lumber: the northern aspen species group. 119709
Grading procedure found to reflect retail yields [Beef **yield** *grades].* 116096

GRAFTING
An experiment on the feeding habit of the large 28-spotted ladybird (Henosepilachna vigintioctomaculata) by an **alternative** *grafting* between potato plant (Solanum tuberosum) and Chinese lantern plant (Physalis alkekengi). 123254
Experimental techniques used in **Banksia** *grafting.* 122222
Behavior of **cellulose** *grafted* with poly (methyl methacrylate) and polyacrylonitrile toward some direct and reactive dyes. 119718
Four-step *grafting* for frustrated blue-spruce [Picea pungens] admirers. 122340
A successful technique for *grafting* **Hibiscus.** 122210
Improvement of fiber bonding of paper fibers with high lignin content through *grafting* of **hydrophilic** polymers. 119779
Budding and *grafting* **techniques** in the production of street trees. 122217
Grafting of **vinyl** monomers onto wool fibers. 117017

GRAFTS
An examination of *graft* **alteration** and recipient response to processed mare cortical bone xenografting [Surgery]. 118485
The interrelationship between translocation of 14C [carbon isotope]-photosynthate and 14CO [carbon dioxide isotope] exposed leaf position on the *grafts* of **Ipomoea** [Sweetpotatoes]. 121766
Effect of dose rate on the **radiation** *graft* copolymerization of styrene to cellulose in the presence of acid. 119651

GRAINS
Pesticide residues of potential protectants of *grain* **[Acetellic,** Reldan, malathion]. 123715
Grain **amaranths** Amaranthus spp. (Amaranthaceae) [Food crops, cultivation]. 121946
Unwanted dinner guests **[Angoumois** *grain* moth, Sitotroga cerealla, rice]. 123216
Drought cuts **Australia's** *grain* supplies [Situation study]. 115848
A dynamic grain sorghum growth model [for calculating the daily growth and development of an **average** *grain* sorghum plant in a field stand]. 122164
A comparison of rail and **barge** *grain* rates [Transportation]. 115624

Effect of different simazine doses on the content of nitrogen fractions and the amino acid composition of proteins in summer **barley** *grains.* 123191
Effects of fertilizer N [nitrogen] and number of years in tillage on the protein and non-protein content of feeding **barley** *grain* (cv. [Cultivar] Nessa) and on N uptake and recovery. 125015
Grain **beetles** under the scanning electron microscope. 123515
The detection of insects by traps in *grain-filled* **boxcars** during transit. 123564
Measures to intensify the reception rate of **bread** *grains,* put into practice by I.V.C.P.T. Dolj. 117167
Physical features of the **bread** *grains* at harvesting, a determining factor of the quality and subsequent preservation. 117168
Technology of natural drying and methods of artificial drying **bread** *grains,* with a scarce consumption of fuel. 117170
Dried **brewers** *grains* for mature and growing dogs. 118089
1975 **brewing** *grains.* 117079
Aeration of grain as a non-chemical method for the control of insects in the *grain* **bulk.** 123520
Cereal *grains:* their protein components and nutritional quality. 116556
Sterilization of **cereal** *grain* samples by gama-irriadiation [Wheat]. 117067
Effect of nitrogen nutrition of barley on the yield formation and brewing **characteristics** of *grain.* 125080
Investigation on [pesticide] residues in wheat straw, glumes and *grain* after **chemical** control of Eurygaster integriceps. 116051
No-till management of furrow irrigated **continuous** *grain* sorghum. 125343
Elemental composition of **corn** *grains,* soybean seeds, pasture grasses, and associated soils from selected areas in Missouri. 120392
Improving **crossflow** *grain* dryer design using simulation. 124738
Improtance of Soviet varieties of winter wheat in increasing the production of *grain* in the **Czechoslovak** Socialist Republic. 122001
Methods of **determining** *grain* losses on the cutting unit of the combine harvester. 124749
No-till **dryland** *grain* sorghum after irrigated wheat with intervening fallow. 125147
Physical and biological characteristics of *grain* **dust** [Microbiological contamination, health hazards to workers]. 116259
The *grain* **dust** problem [Maize, air pollution]. 125373
A **dynamic** *grain* sorghum growth model [for calculating the daily growth and development of an average grain sorghum plant in a field stand]. 122164
Sieve cleaning in the plane sorter *[Grain* **equipment].** 117150
Better use of **existing** *grain* storage facilities and funds appropriated for building new granaries [Investments, East Germany]. 115510
Influence of artificial conditions of prestockage and drying of *maize-grain* on the **extraction** and some physical-chemical and biochemical characteristics of its starch. 117384
Insects and mites in **farm-stored** *grain.* 123504
U.S. *Grain* and **feed** export value reaches $11.9 billion in fiscal Year 76 [Statistics]. 115640
Feed *grain* and forage production in Hawaii [Yields, varieties]. 122038
Modern methods and instruments for rapid determination of quality features in *grain* **flour.** 117143
Microstructure of *grain* and **flour** from durum and soft wheat varieties. 117181
Effect of plant density, irrigation and fertilization on *grain* and **forage** yield of different corn hybrids. 122117
Drought hits **French** *grain* output, trade. 115646
[Mechanical] indication of *grain* **[harvesing]** losses on combines. 124695
Buying a **home** *grain* mill. 117158
Quality evaluation of *grain* **industry** products, based on official inspection. 116154
The use of controlled atmospheres for the storage of *grain* **[Insect** control]. 123574
The dynamics of **insect/lethal** *grain* interactions in an insecticidally treated grain bulk. 123566
Effect of plant water deficits of various growth stages on growth, grain yield and leaf water potential of **irrigated** *grain* sorghum [Drought tolerance]. 122059
Effectiveness of winter rye selection for **large** *grain.* 120826
Cereal and *grain* **legume** seed production 1975-76. 122160
Cleavage of DNA from higher plants *[grain* **legumes]** by restriction nuclease EcoRI. 121635
Utilizing a high level of **maize** *grains* [Composition, amino acids, proteins]. 117171
Dynamics of the development of hybrid and inbred **maize** *grains.* 120837
Grain **maize** variety tests in 1975 [Austria]. 122167
Quality of *grain* and **malt** from the main and lateral stems as well as from different parts of the barley spike. 121566
The microsporidian pathogens of Lepidoptera living in *grain* and **meal** in Yugoslavia [Natural control]. 123286
Uncertain outlook for *grain* and **meat** market. 115724
Aeration of *grain* as a **non-chemical** method for the control of insects in the grain bulk. 123520
Frit fly [Oscinella frit] damage to **oat** *grain*—an often overlooked phenomenon. 123356
Portugal to buy U.S. *Grain,* **oilseeds,** cotton. 115656
Protein alternates on hand if *grain* **outlook** dictates need [Livestock feeding]. 117338
Kinetics of absorption of liquid water by **paddy** *grains* durin g parboiling [Rice]. 117112
Problems of developing early forms of **peas** for *grain.* 120810
Screening of some relatively safe insecticides for impregnation of gunny bags against *stored-grain* **pests.** 123512
Ploidy and the size of **pollen** *grains* in species of the subtribe Centaureinae Less. 120065
Evolutionary trends in the **pollen** *grains* of Dichapetalaceae. 120176
The evolutionary significance of the ultrastructure of the exine in umbelliferous **pollen** *grains.* 120179
Chemical dimorphism' of **pollen** *grains* of Rubiaceae. 120451
The phylogenetic significance of the development of **pollen** *grain* walls in Liliaceae, Juncaceae and Cyperaceae. 120516
Fine structure and variability in shape of **pollen** *grains.* II. Pollen of plants pollinated by animals. 120520
Lipopolysaccharide embedded within the exine of **pollen** *grains* [of Lycopodium]. 121335
Investigation into the use of Resmethrin and Bioresmethrin [pyrethroid insecticides] as **potential** *grain* protectants. 123541
Refrigerated **preservation** of *grain.* 117145
Irrigation and economics of *potato-grain* **production** [Costs]. 115526
Efficiency of some populations of maize (Zea mays L.) in *grain* **production** [Genetics, hybrids]. 120632
Some factors influencing the effectiveness of *grain* **protectants** [Protection against insect attack]. 123556
Grain **protection** and pesticide-residues tolerances in India. 116163
Some results of breeding spring barley for *grain* **quality** in the conditions of the Kamennaia Steppe. 120814
Breeding proso for *grain* **quality.** 120822
Effect of organic and inorganic fertilizers on the transformation of sulfuric compounds in winter wheat plants, yield and **quality** of *grain.* 121401
Effect of potassium fertilizers on the *grain* **quality** of winter wheat Mironovskaia 808. 124936
East European feed shortage will mean **record** *grain* imports. 115647
Intervarietal differences in some metabolic functions associated with protein acumulation in **rice** *grains* [in breeding programmes]. 121578
Proteins and alkyloresorcinols in **rye** *grain* [and other species of Secale; nutritive value as feed]. 121465
The indexes of alkyl resorcinols content in **rye** *grain* [Nutritive value as feed]. 121470
Amino acids limiting the nutritional value of **rye** *grain* protein [Varieties, testing, Poland]. 121932
State inspection in Trondelag for wild oats [Avena fatua] in **seed** *grain.* 117134
Grain **silo** system in Syria. 124630
5-alkyl-resorcinol content influenced through [rye] *grain* **size,** genetical and environmental conditions [Varieties, testing, West Germany]. 121471
Performance of **small** *grain* varieties in Georgia, 1975-1976 [Yields]. 122104
Small *grains* research [Varieties, yields]. 122157
Control of 2,4-D [(2,4-dichlorophenoxy) acetic acid] resistant weeds in **small** *grains* with Dowco 290 herbicide. 123078
Bifenox—results of the 1975 experimental permit on **small** *grains* and sorghum [Control of broadleaf weeds]. 123116
HOE-23408 for grassy weed control in **small** *grains.* 123134
Latitudinal variability in earliness of *grain-bearing* **Sorghum** hybrids. 120633
Producing hybrid seeds in sorghum for *grains* and **sorghum** X herb sudangrass. 120792
Grain **sorghum** performance trials at the Imperial Valley Field Station in 1975 [Varieties, yields]. 121858
Grain **sorghum** performance trials at the Imperial Valley Field Station in 1974 [Varieties, yields]. 121859
Grain **sorghum** hybrid performance in the Northern High Plains, 1967-1972 [Varieties, yields]. 122080
Grain **sorghum** yield response to cutting treatments at different stages of growth. 122081
Herbicides for *grain* **sorghum** in Nebraska. 123133
Experimental aphid [Rhopalosiphum maidis] control in *grain* **sorghum.** 123342
In-furrow applications of insecticides for white grub [Phyllophaga crinita] control in *grain* **sorghum.** 123343
Evaluation of tillage and herbicides for *grain* **sorghum** surface residue management in an irrigated wheat-sorghum-fallow cropping sequence. 123754
Energy production per acre and efficiency of energy production by *grain* **sorghum** and cotton as related to nitrogen fertilizer. 125059
Irrigation timing for *grain* **sorghum** based on soil moisture tension, Texas High Plains. 125342
Mineral composition of liver and kidney of rats fed corn, sorghum, and **soybean** *grain* grown with sewage sludges and NPk [nitrogen, phosphorus, potassium] fertilizers. 118083
Spring *grain,* variety tests 1975. 122168
Use of penoxalin herbicide for weed control in **spring** *grains* and potatoes. 123160
Syria pushes improvements in *grain* **storage,** transport. 117109
A.I.D. [Agency for International Development] *grain* **storage** programs. 117110
Grain **storage** and handling in the Morogoro and Iringa regions of Tanzania. 117206
Inspection and sampling of **stored** *grains* [Insect and rodent contamination]. 116054
Quest for a microbial alternative [Bacillus thuringiensis for controlling the Indian meal moth in **stored** *grain,* biological control]. 123505
The dynamics of insect/lethal grain interactions in an insecticidally **treated** *grain* bulk. 123566
Introduction of wheat-Agropyron hybrids of a *forage-grain* **type** in Donbass [Yield, protein and vitamins content]. 121434
Grain **weevils** [Sitophilus granarius]. 123503
Effect of the degree of winter **wheat** *grain* damage by Scutelleridae bugs on the biochemical and technological properties of flour. 123353
Effect of fertilizers on the yield and quality of winter **wheat** *grain* on eroded mountainous Chestnut soils. 124923
Increase of yield and quality of winter **wheat** *grain* as affected by fertilizers in dryland farming in the zone of unstable moistening in Azerbaijan. 124941
Effect of the levels and time of the application of nitrogenous fertilizers on the yield and quality of winter **wheat** *grain.* 125076
Effect of plant water deficits of various growth stages on growth, *grain* **yield** and leaf water potential of irrigated grain sorghum [Drought tolerance]. 122059
The epidemiology of common root rot [Cochliobolus sativus] in Manitou **wheat. IV.** Appraisal of biomass and *grain* **yield** in naturally infected crops. 122590

GRAMINEAE

Millets: Eleusine coracana, Pennisetum **americanum** *(Gramineae).* 121952
Oats: **Avena** spp. *(Gramineae-Aveneae).* 121953
Sorghum: Sorghum **bicolor** *(Gramineae-Andropogoneae).* 121961
Temperate grasses: Lolium, Festuca, Dactylis, Phleum, **Bromus** *(Gramineae).* 121966
Rye: Secale **cereale** *(Gramineae-Triticinae).* 121957
Contribution to the study of the Argentine species of the genus Gouinia **Fournier** *(Gramineae-Eragrostoideae-Eragrosteae).* 120172
Foliar anatomy of the Argentine species of the genus Gouinia **Fournier** *(Gramineae,* subfamily Eragrostoideae, tribe Eragrosteae). 120503
Tropical and sub-tropical grasses: various **genera** *(Gramineae).* 121969
Rice: Oryza sativa and Oryza **glaberrima** *(Gramineae-Oryzeae).* 121956
The chorology of African mountain **grasses** *[Gramineae].* 120168
Maize: Zea **mays** *(Gramineae-Maydeae).* 121951
Sugarcanes: **Saccharum** *(Gramineae-Andropogoneae).* 121964
The Hyparrhenia involucrata-Hyparrhenia **subplumosa** *(Gramineae)* complex in Nigeria: morphological and cytological characterization. 120430
Triticale: **Triticosecale** spp. *(Gramineae-Triticinae).* 121968
Wheats: **Triticum** spp. *(Gramineae-Triticinae).* 121970
Barley: Hordeum **vulgare** *(Gramineae-Triticinae).* 121940
Survey of the determination of the occurrence of ergot (Claviceps purpurea (Fr.) Tul) on the domestic and foreign wheat varieties and **wild** *Gramineae* grown in the Black Sea region of Turkey. 122584

GRAMOXONE

Effects of pure paraquat dichloride, *"Gramoxone* **W" [herbicides],** and formulation additives on soil microbiological activities. 3. Estimations of soil microflora and enzyme activity in field-treated soil. 123215

GRANARIA

Physiology and systems analysis of gravity orientation in two insect species (Carausius morosus, **Calandra** *granaria).* 123915

GRANARIES

Comparative effects of dietary methoprene on symbiotic and aposymbiotic rice weevils and **asymbiotic** *granary* weevils [Sitophilus oryzae, Sitophilus granarius]. 124036
Harvesting [of rice] in **bags** and in *granaries.* 122029
Better use of existing grain storage facilities and funds appropriated for building **new** *granaries* [Investments, East Germany]. 115510
An energy budget for the *granary* **weevil,** Sitophilus granarius (L.). 123521

GRANITE

Effects of fertilizing moribund pines on a *granitic* **soil** in Northern Ireland. 125014

GRANULARITY

The effects of a *granular* **nitrogen** fertilizer and a foliar spray of urea on the yield and bread-making quality of ten winter wheats. 125019
Permanent control of the quality of *granular* and **powdery** products by automatic sampling [Milling products]. 116063

GRANULATION

Changes of cell structure of wheat and barley after *granulation;* **investigations** made with electron scanning microscopy. 117136

GRANULES

Lipid ordering and enzymic activities in **chromaffin** *granule* membranes [Cattle]. 117663
Nitrogen metabolism and productivity of cows **fed** *granules* made of whole forage plants. 118172
Developments in maize stem-borer [Busseola fusca] control in **East** Africa, including the use of **insecticide** *granules.* 123275

Identification of seed-like structures [formed by six fungus genera, Anguina nematode galls and solanaceous **sclerotic** *granules].* 122762
Acid phosphatase and peroxidase in 'resting' acinar cells of the major salivary glands of cats and their possible movement into **secretory** *granules.* 117703

GRANULOMAS

Granulomatous **enteritis** in nine horses. 119132

GRANULOSIS

Granulosa **cell** tumor in a broodmare. 119133
Role of insulin, thyroxin and cortisol in luteinization of **porcine** *granulosa* cells grown in chemically defined media. 117612

GRAPEFRUIT

Citrus with a schnoz [Sheepnosing in *grapefruit,* **diseases** of unknown etiology]. 122882
Changes in shape, firmness and internal quality of **export** *grapefruit* between packhouse and salepoint. 117231
Control of corky (silvery) spots [a peel disorder] of *grapefruit* by **growth** regulators. 122939
Abnormal rearrangement of isoprenoid epoxide: synthesis of 7-methoxy-8(2'-formyl-2'methyl-propyl)-coumarin, the lactonic constituent of *grapefruit* **peel** oil of Citrus decumana Linn. (Rutaceae). 117230
Performance of Marsh **seedless** *grapefruit* on six rootstocks in Cyprus [Yields, fruit quality, growth]. 122403
Influence of night temperature and daylength on fruit shape of *grapefruit* **[Sheepnosing].** 122967

GRAPES

Disease control in with culture-roter brenner of *grape* **[caused** by Pseudopeziza tracheiphila]. 122691
Grape **culture** in Languedoc before its future. 115969
Grape **culture** in Languedoc before its future. 115970
Towards a new [European Economic] Community regulation *[Grape* **culture** and industry, policies]. 115972
Choice of variety of vat. Origin of material, selection, hybridization. Intervention of authority: objectives, fundamental basis, ways and means, results *[Grape* **culture].** 122204
Influence of modernization and intensification of *[grape]* **culture** on the economic results of production and characteristics of wine. Influence on consumption [Romania, Luxembourg]. 122205
Mechanization of the grape harvest. Relations with *grape* **culture.** 122206
Plains, picking, plans of renovation, cutting, etc. *[Grape* **culture,** France]. 122447
Disease control in *grape* **cultures**—real mildew (Oïdium). 122692
Across the world vineyards. Observations on **Egyptian** *grape* culture. 122446
Tests of controlling gray rot [Botrytis of *grapes]* in 1975. 122794
Mechanization of the *grape* **harvest.** Relations with grape culture. 122206
Two-step [method] for **harvesting** *grapes.* 122411
The vineyard of tomorrow. Influence of mechanization of *grape* **harvests.** IV. Some elements of comparison between mechanized and manual grape harvests. 124722
The vineyard to tomorrow. Influence of mechanization of *grape* **harvests.** 124723
Physiology of growth and maturation of berries. Causes of variations of main constituents. Influence of greening operations and chemical **interventions** *[Grapes].* 121623
Comparative morphological and anatomical study of the petiole and epidermis of the leaf of the representatives of the family Vitaceae **Juss** [including *grapes].* 120073
Fruit bud formation of the **Kyoho** *grape* variety (Vitis vinifera X Vitis labrusca) in Taiwan. 120484
The vineyard of tomorrow. Influence of mechanization of grape harvests. IV. Some elements of comparison between mechanized and **manual** *grape* harvests. 124722
A note on the value of dried citrus pulp and *grape* **marc** as barley replacements in calf fattening diets. 117972
Mechanical *grape* harvesting in France. 124727
Influence of plastic **mulching** on *grapes.* 125156
Effect of yeild increase [of *grapes]* on the **quality** of must and wine. 122201
Virus-indexed production of **raspberries** and *grapes.* 122266
Degree of optimal maturity of the *grape* in **relation** with the type of wine to process. 121768
Degree of optimal maturity of the *grape* in **relation** with the type of wine to process. 121769
Seasonal population fluctuations of parasitic nematodes in the **rhizosphere** of *grape-vines.* 123048
Spray program for *grapes*—**South** Carolina. 122954
Study of the optimal load on White **Ugni** *grapes* on groies [Red Rendzina] soils [Pest and disease control, application of pesticides]. 122459
On the bud dormancy of *grape* **varieties.** 1. Effect of endogenous free abscisic acid and gibberellic acid on the bud dormancy and the induction of their regrowth during the growing season. 121721
Thermotherapy of Cardinal Rouge *[Grape* **variety,** virus diseases]. 122865
Technical aspects of the mechanical harvesting of *grapes* by **vertical** shaking. 124729
Ice damage in a mixed hardwood forest in Connecticut in relation to Vitis *[Grape* **vines]** infestation. 122918
The Chablis [production] area limits *[Grape* **vineyards].** 122460
The Loire Valley wines: their geographical situation, their *[grape]* **vineyards,** and their characteristics. 122461
Lipids of *grape* **(Vitis** vinifera) leaves & their chloroplasts. 121692
Grapes: **Vitis,** Muscadinia (Vitaceae). 122363
Means of controlling pollution caused by the use of installations for treating products derived from *grapes* and **wine.** 125399
Means of controlling pollution caused by the use of installations for treating products derived from *grapes* and **wine.** 125400
Some very **young** *grapes* died in Bas-Longuedoc and Provence [caused by mildew]. 122766

GRAPEVINES

Genetic improvement of the *grapevine* in a **course** at the National Agronomic Station [Brazil]. 120844
Changes in lipids during growth in Gloeosporium ampelophagum [the fungus that causes anthracnose **disease** in *grapevine].* 122629
Properties of *grapevine* **fanleaf** virus. 122846
No peace among the *grapevines* **[Marketing,** policies, France, Italy]. 115687
Isolation of Eutypa armeniacae from *grapevines* in **New** York and inoculation to apricot [Dieback, Cytosporina]. 122752
Grapevine **propagation**—field budding, a modified cut, and the use of plastic tape. 122225
Some aspects of the phytoclimate of a vineyard in relation to the way of planting [and of **training** the *grapevines].* 122500

GRASSES

Stocking rate estimates of *grasses* **associated** with legumes [Varieties, cattle grazing]. 121888
Insect [Diatraea grandiosella, Southwestern corn borer] and mite [Oligonychus pratensis, **Banks** *grass* mite] control in corn. 123344
Some effects of **barley** *grass* seed on young sheep [Contamination of wool and the damage to lambs' pelts]. 119279
Stretch your beef dollars. Buy: veal, baby beef, *grass-fed* **beef,** less tender cuts [Recipes]. 116312
Insect sprays **boost** *grass* yield. 123304
Prophylaxis of **bovine** *grass* tetany on the basis of final liquor of MgCl2 [magnesium chloride]. 4. The magnesium-substituting effect of MgCl2 final liquor in fertilization of single crops. 119171
Studies into incidence, pathogenesis, and prophylaxis of **bovine** *grass* tetany. 5. Mineral fodder ad libitum mixes or mineral feeding in the milking parlour for prophylaxis against grass tetany. 119176
Studies on incidence, pathogenesis, and prophylaxis of **bovine** *grass* tetany. 6. Prophylactic adlibitum feeding of magnesium-enriched mineral fodder. 119177
Studies on incidence, pathogenesis, and prophylaxis of **bovine** *grass* tetany. 7. Use of different magnesium sources in mineral mixes for cattle on pasture. 119178
Grass and **clover** as organic matter on the spot [Orchard soil management]. 121936
Vegetation and livestock response at three grazing intensities on sandhill rangeland in eastern **Colorado** *[Grasses].* 122162
Amino acid **composition** in some *grasses.* 121563
20 years experiments of **cultivated** *grass.* 121842
Grass **cuticles:** a new paleoecological tool for East African lake sediments [For reconstructing the past vegetation and climate of regions]. 120330
Chemical composition and in vitro nutrient digestibility of **dinanath** *grass* (Pennisetum pedicellatum). 117348
The role of **dried** *grass* in farmhouse [Cheddar] cheese production. 116874
Competition of *grasses* for **dry** matter production [Varieties]. 121884
Energy for *grass.* 121875
Get maximum production from *grass* **fed** beef with irrigated pastures. 122055
Feeding *grass* straws to cattle and horses. 118060
Grass **forage** as a concentrate for dairy cattle. 118126
Investigation on competition among Brachypodium pinnatum Beauv. and some **forage** *grasses* and legumes [Yields]. 122125
Herbicides for the control of weeds in warm-season **forage** *grasses.* 123132
A chemical basis for plant [lucerne, Lotus pedunculatus] resistance to *grass* **grub** [Costelytra zealandica] and black beetle [Heteronychus arator] larvae (Coleoptera: Scarabaeidae). 123335
The development of resistant pasture and methods of pasture management for *grass* **grub** [Costelytra zealandica] control. 123339
Effect of oat companion crop on the growth and yield of *grasses* and **legumes** [in Hokkaido]. 122101
Plant materials *[grasses* and **legumes]** for erosion control. 125137
Timing of the pre-winter cut and relations between the species forming a polyphytic **meadow** *[Grasses].* 122140
Fertilization of *grass-legume* **mixture.** 125030
Some hints on choosing clover and *grass* **mixtures** [Varieties]. 122111
The chorology of African **mountain** *grasses* [Gramineae]. 120168
A note on the growth of dairy calves grazing **pangola** *grass* [Digitaria decumbens] from 90 to 180 days of age during the dry season. 118043
Digestibility and nutritive value of **pangola** *grass* (Digitaria decumbens Stent) in relation to nitrogen fertilization and harvesting time [Lambs fattening]. 118044
Some agrochemical methods for controlling N [nitrogen] fertilization in **pangola** *grass* (Digitaria decumbens Stent). 1. preliminary study. 124975
Survival of infectious larvae of horse strongylid nematodes in **pasture** *grass:* a preliminary field study. 118956
Elemental composition of corn grains, soybean seeds, **pasture** *grasses,* and associated soils from selected areas in Missouri. 120392
Nitrogen fiexaton in *grasses* **[Pennisetum** americanum, Panicum maximum] inoculated with Spirillum lipoferum. 121570
An analysis of competitive ability in three **perennial** *grasses* [Arrhenatherum elatius, Agrostis tenuis, Festuca ovina]. 120386
Peculiarities of male sterility in **perennial** *grasses* during its induction by chemical mutagens. 120709
Perennial *grass* [Agropyron elongatum] barriers for wind erosion control, snow management and crop production. 125149
Aggressiveness of *grasses* in **polyphytic** associations in mountain [Yields]. 122112
The value of *grass* in **reducing** farm wintering costs in Hawke's Bay [Sheep, cattle]. 118154
Investigations on the **"short** *grass* mulching" method of soil cultivation in fruit culture. 122510
Development ofplants in filtered sunlight. II. Effects off spectral composition, light intensity, daylength and red and far-red irradiations on long and **short-day** *grasses.* 123313
Studies on assessment of quality of roughage. 4. The assessment of nutritive value of *grass* **silage** by the cellulase method. 117376
Studies of applying wastewater discharged from the potato starch factories to arable land. 1. The influence of spray irrigation of wastewater in grassland on *grasses* and **soil** properties. 125546
Subsurface and surface drainage of *grass* **sport** fields. 125153
Principles of intensification of *grass* **stands** with regard to ecological conditions. 122036
Technological advances in the renovation of [forage] *grass* **stands** [and their mixtures with legumes]. 122037
Tropical and **sub-tropical** *grasses:* various genera (Gramineae). 121969
Scorching of *grass* [from **sun** burning through a thin ice cover]—What can we possibly do to reduce winter damage? 122986
A note on the effect of sheep grazing on the yield of *grass* **swards.** 122020
Relationship of chemical analysis to in vitro digestibility for selected tropical and **temperate** *grasses.* 117353
Temperate *grasses:* Lolium, Festuca, Dactylis, Phleum, Bromus (Gramineae). 121966
Studies into incidence, pathogenesis, and prophylaxis of bovine grass tetany. 5. Mineral fodder ad libitum mixes or mineral feeding in the milking parlour for prophylaxis against *grass* **tetany.** 119176
Studies on the incidence, pathogenesis, and prophylaxis of *grass* **tetany** of cattle. 8. Magnesium-enriched pelletized coarse feed for prophylaxis against grass tetany. 119179
Studies on the incidence, pathogenesis, and prophylaxis of *grass* **tetany** of cattle. 9. Further experiments on the use of magnesium-enriched pelleted coarse feed for. 119180
Effects of sowing rate and row width on the seed yield of **three** *grasses* [Lolium multiflorum, Dactylis glomerata, Festuca arundinacea]. 122119
Factors affecting growth and nitrogen fixation of Spirillum lipoferum [from several **tropical** *grasses].* 121161
Haymaking speed, blade-stem ratio and protein percentage in the blades and stems of some perennial tropical legumes and *molasses-grass* **[Varieties,** Melinis minutiflora]. 121886
Grass **varieties** for Mauka pastures. 122039
Reproductive performance of cattle as affected by fertilizer treatment and *grass* **variety** [Effects of feeding]. 118119
Biology of the *grass* **webworm,** Herpetogramma licarsisalis (lepidoptera: Pyraustidae) in Hawaii. 123799
The effect of nitrogen on young, newly-planted, apple rootstocks in the presence and absence of *grass* [and **weed]** competition. 123093
HOE-23408 for *grassy* **weed** control in small grains. 123134
Tall **wheat** *grass:* its establishment in moderately salty soils. 122161
The *grass* **Zingeria** [biebersteiniana] with a low chromosome number—a new model object for the culture of plant cells and tissues [Effect of mutagenic agents on ploidic composition of populations]. 120624

GRASSHOPPERS

Gut carbohydrases in **locusts** and *grasshoppers.* 123777
Structure, innervation, and distribution of sensilla on the wings of a *grasshopper* **[Melanoplus** sanguinipes]. 123864
Heterochromatin and timing of DNA replication in **morabine** *grasshoppers* [Moraba virgo]. 123964

Shock avoidance learning in intact and headless preparations of *grasshopper* **Poecilocerus** pictus. 123869
Spermatocyte chromosome aberrations induced by antibiotics in *grasshoppers* [**Poecilocerus** pictus. 2. Mitomycin-C. 124157
Quantitative gas chromatographic analysis of dimethoate and several metabolites in rape, quail, and *grasshopper* **tissues** by derivatization. 123723
Embryonic growth and hatchability of eggs of the **two-striped** *grasshopper*, Melanoplus bivittatus (Orthoptera: Acrididae), in relation to date of oviposition and weather. 123857

GRASSLANDS

Usefulness of LANDSAT data for monitoring plant development and range conditions in California's **annual** *grassland* [Remote sensing]. 121999
A comparison of two techniques for determining abundance of subterranean termites in an Arizona **desert** *grassland*. 123991
An assembly for measuring components of the radiation balance [Exchange of radiant **energy** in *grassland*]. 121456
Residual effects of various magnesium **fertilisers** on *grassland*. 125038
Studies of applying wastewater discharged from the potato starch factories to arable land. 1. The influence of spray irrigation of wastewater in *grassland* on **grasses** and soil properties. 125546
A small-plot evaluation of three ryegrasses [Lolium] and two clovers at five sites in New Zealand. I. Comparison of *'Grasslands* **Huia'** and 'Grasslands Pitau' white clovers. 122046
Evaluation of *'Grasslands* **Huia'** and 'Grasslands Pitau' white clover (Trifolium repens L.) varieties on hill country. 122049
Studies on the land use assessment of grasslands. 1. Landscape comparison of windbreak forests in the Tokachi farm area and the **Konsen** *grassland* farm area. 115291
Studies on the promotion of snow melting in a *grassland*. 2. **Meteorological** and climatological consideration on desirable time for scattering black powders and the period of the promotion of snow melting. 125345
A lysimeter study of the fate of fertilizer **nitrogen** on *grassland*. 124953
A small-plot evaluation of three ryegrasses [Lolium] and two clovers at five sites in New Zealand. I. Comparison of 'Grasslands Huia' and *'Grasslands* **Pitau'** white clovers. 122046
Evaluation of 'Grasslands Huia' and *'Grasslands* **Pitau'** white clover (Trifolium repens L.) varieties on hill country. 122049
Grassland vegetation analysis using remote sensing techniques. 5. Remote sensing data processing for the *grassland* **planning** [Soil survey]. 120394
How waste lime is helping to transform colliery tips into **productive** *grassland*. 124962
Effect of fire and grazing in the maintenance of **tropical** *grasslands*. 120337
Grassland **vegetation** analysis using remote sensing techniques. 5. Remote sensing data processing for the grassland planning [Soil survey]. 120394
Plant resistance to insect pests: a general review with reference to New **Zealand** *grassland* farming. 123338

GRAVITY

Gravity-sensing **guidance** systems in plants. 121352
Sugar maple [Acer saccharum]: tree and bole weights, volumes, centers of *gravity*, and **logging** residue. 119835
Suitability of the *preparative-gravimetric* **method** for the quality evaluation of canned blood pudding. 116105
Physiology and systems analysis of *gravity* **orientation** in two insect species (Carausius morosus, Calandra granaria). 123915
The contribution of different receptors to *gravity* **orientation** in insects. 123917

GRAY

Air sac and renal mucormycosis in an **African** *gray* parrot (Psittacus erithacus) [Causal fungus, Absidia corymbifera]. 118621
Naturally occurring terpene derivatives. 60. On a new diterpene from Melampodium perfoliatum **(Carv.)** A. *Gray*. 121001
Tests of **controlling** *gray* rot [Botrytis of grapes] in 1975. 122794
Polyacetylenic compounds. 239. On a new sulvoxide from Baileya multiradiata **Harv.** et *Gray*. 121004
Herbertus gray 1821, Herbertia Sweet 1827 and **Herberta** *Gray* mut. Lindb. 1875 [Hepaticae]. 120105
Euparen and benlate, fungicides for the control of *gray* **mold** (Botrytis cinerea Pers.) in strawberries. 122623
Comparison of cytogenetic effects of IAA [indoleacetic acid], NAA [naphthaleneacetic acid] & 2,4-D [2,4-dichlorophenoxyacetic acid] in callus cultures of Haplopappus gracilis **(Nutt.)** *Gray*. 120759
Poisoning *grey* squirrels: a threat to wildlife? [Forest tree injuries]. 119361
Some remarks on the potentialites and problems related to the *Gray* **soils** of Casamance (south Senegal). 124764
Heavy metal concentrations in kidneys of **urban** *gray* squirrels [Environmental health]. 125520

GRAZING

Alternative *grazing* systems in Wales [Cattle]. 118052
Relationships between the method of manuring and animal behavior on pastures [Dactylis glomerata]. 3. Effects of lime manuring on pastures and the *grazing* **behavior** of young bullocks. 122102
A note on the growth of dairy **calves** *grazing* pangola grass [Digitaria decumbens] from 90 to 180 days of age during the dry season. 118043
Stocking rate estimates of grasses associated with legumes [Varieties, **cattle** *grazing*]. 121888
Plan now and you'll get *grazing* [**Cattle,** pasture management]. 122034
Effect of stocking rate on pasture production under irrigation and growth of young **cattle** *[Grazing]*. 122062
Effects of **cattle** *grazing* methods on ponderosa pine-bunchgrass range in the Pacific Northwest. 122163
Progressive retrogression in pasture management? *[Grazing,* **cattle].** 122165
Feedlot confinement and continuous and **controlled** *grazing* for growing and finishing swine. 118020
Results of **four-years** *grazing* experiments with Dactylis glomerata in mixture with five leguminous species. II. Differences in soil-covering ability. 122133
The forest as an ecosystem and the problem of its pollution [Damage from **game** *grazing*]. 120317
Metabolism, productivity and reproductive ability of **heifers** *grazed* on pasture with different proportion of estrogenically active white clover. 118406
Ecology of the African savanna [Forest fires and *grazing* **injuries**]. 119301
An economic comparison of forestry and farming alternatives [Complementary production from **livestock** *grazing*]. 119537
Effect of fire and *grazing* in the **maintenance** of tropical grasslands. 120337
Grazing **management** systems for fertilized pasture [Cattle]. 122040
The utilization of marginal lands for raising beef cattle [open range **management,** *grazing*]. 122144
Design and analysis of **mixed** *grazing* experiments [with cattle and sheep]. 117393
Tropical cattle nutrition under *grazing* **range** conditions in the Sahel: measurement of the dry matter intake and estimation of digestibility and feeding value of forages. I. Theoretical basis, purposes and methods. 118158
Studies on the extention of the *grazing* **season.** 6. Winter grazing on the south side of a snow covered hillland [Beef cattle]. 122103
A note on the effect of **sheep** *grazing* on the yield of grass swards. 122020
Sheep *grazing* in a young Sitka spruce [Picea sitchensis] plantation. 122024
Vegetation and livestock response at **three** *grazing* intensities on sandhill rangeland in eastern Colorado [Grasses]. 122162
The influence of herbage *[grazing]* **utilization** on pasture production and animal performance. 122065
Studies on the extention of the grazing season. 6. **Winter** *grazing* on the south side of a snow covered hillland [Beef cattle]. 122103

GREEN

Effect of different methods of processing on the protein efficiency ratio of the *green* **alga** Scenedesmus acutus [for human consumption]. 117157
Fluorescence of allophycocyanin in connection with establishing the role of phycobiliproteids in photosynthesis [of *blue-green* **alga** Aphanizomenon flos-aquae]. 121032
Photosynthetic activities of membrane preparations of the *blue-green* **alga** Phormidium luridum. 121047
Effects of temperature on growth constants of [the *green* **alga**] Selenastrum capricornutum. 121227
Genetics of *blue-green* **algae.** 120599
Functional 70S hybrid ribosomes from *blue-green* **algae** and bacteria [Anacystis nidulans, Escherichia coli]. 120909
Speculations on a possible essential function of the gelatinous sheath of *blue-green* **algae.** 120988
A study on the fertilization of *green* **asparagus.** 125022
Occurence of heavy metals in soils of the Warsaw **city** *green* s [Pollution]. 125549
Variation of nitrogenous fractions and of proteolytic enzymes in *green,* **dried,** cured and stored malts. 116687
Endolithic *blue-green* algae in the dry valleys: primary producers in the Antarctic desert ecosystem. 120397
Flavonoid complex of *green* and **etiolated** peas (Pisum sativum L.). 121637
Effect of salinity on photosynthesis and mannitol synthesis in the *green* **flagellate** Platymonas suecica [Algae]. 120980
Green **food** [vegetables] for carnivorous fur-bearing animals. 118058
Economics of hot air drying of *green* **forage.** 117386
The role of the gas phase in the *greening* and **growth** of illuminated cell suspension cultures of spinach (Spinacia oleracea, L.). 121688
Comparative effects of several inhibitors of chloroplast thylakoid membrane synthesis in *greening* **jack** bean. 121621
Viability of the epizoic lichen flora carried and dispersed by *green* **lacewing** (Nodita pavida) larvae. 120984
Biological activity of microorganisms decomposing the [plowed under] *green-manure* **lupine.** 124996
Peculiarities of protein metabolism in **maize** *green* leaf in relation to heterosis. 120809
Effect of soil tillage on a slope on the yield of the **maize** *green* mass. 122147
Influence of different thickness of *green* **malt** layers in kiln drying on the process method, malt quality, and efficiency of the kiln drier. II. 116787
Saccharifying agents for distilleries: *green* **malt,** cured malt and commercial enzymes. 116797
Periodicity of **multicellular** *green* algae. 120307
Cyanophage SM-2: a **new** *blue-green* algal virus [Synechococcus elongatus, Microcystis aeruginosa]. 122874
Physiology of growth and maturation of berries. Causes of variations of main constituents. Influence of *greening* **operations** and chemical interventions [Grapes]. 121623
[Food] marketing situation: back from the *green* **pasture;** are things going down? Fertsch, F W. 115612
Development of Anthocoris sibiricus Reuter (Heteroptera, Anthocoridae) at constant and fluctuating temperatures with the *green* **peach** aphid Myzus persicae (Sulzer) as prey. 123427
New data on the photosynthesis and respiration of *green* **plants** under the conditions of flash illumination [Maize, kidney beans]. 121449
Effects of salt solution treatment and low temperature storage on the elongation, weight, fiber and lignin contents of **post-harvested** *green* asparagus spears. 117285
A novel pathway for the synthesis of solanidine in the isolated chloroplast from *greening* **potatoes.** 121641
Introduction and use of improved rice varieties: who benefits? [Effect of the *green* **revolution** on farmers, farming practices]. 115378
Relationships between technology, prices, and income distribution in Pakistan's agriculture: some observations on the *green* **revolution.** 115911
The *green* **revolution** and future developments of Pakistan's agriculture. 115915
New wheat varieties and the *Green* **Revolution.** 122023
Cage trial against *green* **shield** bug (Palomena prasina L.), which causes damage to the hazelnut [Corylus] in the east Black Sea region, using chemicals effective in the controlof the hazelnut weevil [Balanius nucum]. 123376
Chlorophyll A:B ratios in some **siphonous** *green* algae in relation to species and environment. 121202
Automatic categorization of land-water cover types of the *Green* **Swamp,** Florida, using Skylab multispectral scanner (S-192) data [Remote sensing]. 125255
Effect of 2,3,5-triiodobenzoic acid on **te** *greening* process in etiolated Euglena gracilis [Algae, growth inhibitors]. 121071
Comparative ultrastructure of *green* and **xantha** redwood (Sequoia sempervirens) chlorplasts. 120538

GREENBUGS

Insecticidal control of *greenbugs* [**Schizaphis** graminum] in wheat with foliar and soil treatments. 123345
Insecticide resistance in the *greenbug* [**Schizaphis** graminum] in wheat. 123346

GREENHOUSES

An Entomophthora sp. (Entomophthorales: Entomophthoraceae) [Fungi] pathogenic to Thrips spp. (Thysanoptera: Thripidae) and its potential as a biological control **agent** in *glasshouses*. 123394
Some features of mineral nutrition of *greenhouse* **carnation** [Dianthus]. 121588
Organogenesis in tissue culture of the *greenhouse* **carnation** (Dianthus caryophyllus L.). 121660
Harmful fauna of flower crops in *greenhouses* [**chiefly** insect pests]. 123379
Compatible [orchid] genera in a **cold** *glasshouse*. 122192
Development of plants in filtered sunlight. I. Spectral composition, light intensity and other experimental *[greenhouse]* **conditions.** 121693
Response of 'Sunturf' bermudagrass [Cynodon magenisii] to slow-release nitrogen sources under *greenhouse* **conditions.** 125001
Greenhouse **container** nurseries for better trees. 119627
Reducing heat losses in polyethylene **covered** *greenhouses*. 124652
Greenhouse **coverings:** the choice is yours. 124635
Heat radiation phenomena from a *glasshouse* **crop** canopy at night. IV. Determination of the curtain factor by a simple method [Fuel reduction]. 124596
Senility problem in the *greenhouse* **cucumber** (Cucumis sativus) crop: effect of daylength on yield and content of abscisic acid-like growth inhibitors. 121603
Cucumbers in the *greenhouse*. 122299
Glasshouse **evaluaton** of systemic compounds, derivatives of dithiocarbamic acid and other fungicides for the control of clubroot [disease caused by Plasmodiophora brassicae]. 122564
Problems of plant diseases in *greenhouse* **floriculture** [Dianthus, Rosa, bulbs]. 122957
A survey study on root-knot nematodes (Meloidogyne spp.) in vegetable **growing** *greenhouses* in South Anatolia region. 122913
Building **hobby** *greenhouses*. 124606
Can we stem this life blood flow? *[Greenhouse* **horticulture,** labor outlook, Great Britain]. 115862

Relationship of fire blight [Erwinia amylovora] resistance of young pear seedlings inoculated in the *greenhouse* to **mature** seedling trees naturally infected in the field. 122811
Seedling transplant and its effects on **mechanized** *greenhouse* lettuce production. 122505
A **nice** *greenhouse* for nasty winters: all solar. 124634
Implementation of the scientific organization of work on industrially **organized** *greenhouse* farms with special consideration of living and working conditions. 115463
A sprinkler for a **plastic** *greenhouse*. 124678
The problems of methyl bromide [Sterilisation of *glasshouse* **soils**]. 124808
Measures for the long term use of *greenhouse* **soils** for growing tomatoes. 125176
Transpiration of snapdragon [Antirrhinum majus] under southern **summer** *greenhouse* conditions. 121684
Investigations on rationalizing soil management in the production of vegetables in *greenhouse* **systems**. 125175
Effect of carbon dioxide enrichment on growth, development and yield of *glasshouse* **tomatoes**. II. The duration of daily periods of enrichment. 122399
Biological control [with the parasite Encarsia formosa] of *glasshouse* **whitefly** (Trialeurodes vaporariorum) on cucumbers. 123396
Photosynthetic rate—yield component relationships in **winter** *greenhouse* tomatoes. 121677

GREYHOUNDS

The anatomy of the superficial inguinal ring and its contained and adjacent structures in the **live** *Greyhound:* a study by palpation. 117837
Classification, management, and repair of central tarsal fractures in the **racing** *Greyhound*. 119251

GRIDS

Investigation of land distributions by means of *grid* **analysis** of an area. 115225
Electrocutor *grid* traps vs. Sticky traps for capturing [the lesser peachtree borer] Synanthedon pictipes and Sanninoidea exitiosa. 123414
Recording of vascular plants on the **Irish** *grid*. 120085

GRINDING

Higher yield: **cold** *grinding* of spices. 117242
Grinding, very **fine** grinding, homogenization and emulsification of [food] products. 116718

GROIN

The anatomy of the **superficial** *inguinal* ring and its contained and adjacent structures in the live Greyhound: a study by palpation. 117837

GROSSULARIACEAE

Currants: **Ribes** spp. *(Grossulariaceae)*. 122358

GROUND

The application of **bare** *ground* chemicals [Vegetation control]. 123152
The influence of the level of feeding on fermentation in the rumen of sheep receiving a diet of *ground* **barley**, ground hay and flaked maize. 118086
Vital forms of *ground* **beetles** (Coleoptera, Carabidae) and their evolutionary interrelationship. 124310
Ground **cover** sods—an economic and production possibility? [in landscape gardening and erosion control]. 122226
Fallow *ground* as environment; observations on the conditions for its effectiveness. 120379
Nutritive value of broken rice and *ground* **flint** corn for young pigs and rats. 118033
The influence of the level of feeding on fermentation in the rumen of sheep receiving a diet of ground barley, *ground* **hay** and flaked maize. 118086
Species composition of Oribatei (Acari) on oceanic **mountain** *ground* in western Norway. 124379
The annual periodicity of the **polyvoltine** *ground* beetle Pogonus chalceus Marsh. (Coleoptera, Carabidae) and its control by environmental factors. 124180
Ground **spiders** on a cultivated field near Grossenzersdorf (Lower Austria) in the winter months. 123285
The integration of manual and automatic image analysis techniques with **supporting** *ground* data in a multistage sampling framework for timber resource inventories: three examples [Remote sensing]. 119499
Dried orange pulp **versus** *ground* corn ears in concentrated mixed rations for lactating dairy cows. 118159
Ground **zero** and up—Nebraska's resources and land use [Remote sensing]. 115249

GROUNDHOGS

A *groundhog's* **approach** to estimating insolation [Air pollution]. 115178

GROUNDNUTS

Groundnut: **Arachis** hypogaea (Leguminosae-Papilionatae). 121947
Investigations into the origin, development and control of caryedon serratus (Coleoptera, Bruchidae) attacking **stored** *groundnuts* in the Gambia. 123542
Atrophy of nodular system in the **virus-affected** *groundnut*, Arachis hypogaea L. 122832

GROUNDWATER

Emergency underdrainage in the Goulburn Valley *[Groundwater* **balance**]. 125302
Problems in special cases [**concerning** *groundwater* flow]. 125207
Nonstationary flow **drops** [of *groundwater]*. 125205
Development of numerical relations for model calculation [of *groundwater* **flow**]. 125201
Fundamentals of *groundwater* **flow**. 125204
Practical application of the fundamentals [to *groundwater* **flow**]. 125206
Use of analytical models to analyze physical processes [relating to *groundwater* **flow**]. 125212
Use of numerical models to analyze physical processes [relating to *groundwater* **flow**]. 125213
Accelerated salt transport method for **managing** *groundwater* quality. 125362
Project study on the development and operation of a *groundwater* **model** during practical planning. 125208
Detection of hydrological conditioning factors in the building of *groundwater* **models**. 125200
Simplified long-term concept for evaluating leaching of nitrogen from agricultural land [Fertilizer efficiency, *groundwater* **pollution**]. 124878
The calibration of **practical** *groundwater* models. 125210
The systematic way to a **practical** *groundwater* model. 125211
The use of environmental isotope techniques together with conventional methods in **regional** *groundwater* studies. 125324
Vegetation and *groundwater* **regulation** in Chaco Boreal [Bolivia, Paraguay, Argentina]. 120382
A model for the evaluation of *groundwater* **resources** associated with wetlands. 125328

GROUSE

Importance of forest structure for the conservation of the **hazel** *grouse* (Tetrastes bonasia L.) [Switzerland, wildlife management]. 119507

GROVES

Restructuration of the **olive** *grove*. 122175

GROWERS

European sugar **beet** *growers* express concern over possibility of increased HFCS [high fructose corn syrup] production]. 117105
Critical situation of the **cacao** *growers* of Uraba. 115988
Motivation and method in ensuring protection of tropical produce from *grower* to his **market** [Storage and disinfestation]. 115684
PGRO [Processors' and *Growers'* **Research** Organisation] scheme aims to improve pea varieties and husbandry. 117211
U.S. **Soybean** *growers* may benefit from French push on soy oil. 115589
Growers **urged** to ask for better weather service. 115128

GROWTHS

Gamma ray induced early bulbil formation & *growth* **abnormalities** in Kalanchoe daigremontiana H. & P. 121137
Growth, **abundance** and distribution of larval tabanids in experimentally fertilized plots on a Massachusetts salt marsh [Tabanus nigrovittatus]. 124016
Senility problem in the greenhouse cucumber (Cucumis sativus) crop: effect of daylength on yield and content of abscisic **acid-like** *growth* inhibitors. 121603
The citric acid fermentation by Aspergillus niger [Fungi]: regulation by zinc of *growth* and **acidogenesis**. 120989
Alterations of the heterogeneity of mitochondria in the **aerobic** *growth* of the yeast Saccharomyces cerevisiae. 121095
The challenge of *growth* [**Agricultural** policy, cottonseed products]. 115830
The *growth* of **agricultural** production in course of the IVth Five Years Plan period [Hungary]. 115861
Agricultural *growth* and planning in the 1960s [in Pakistan]. 115908
Minnesota **agricultural** *growth*, 1880-1970. 116007
Minnesota **agricultural** *growth*, 1880-1970: appendix. 116008
Auxin, an endogenous regulator of *growth* in **algae**. 121199
Growth **analysis** & photosynthetic systems in relation to hybrid vigour in maize Zea mays L. 121504
Field competition between tall morningglory [Ipomoea purpurea, weeds] and soybean. I. *Growth* **analysis**. 123209
Comparison of soil **applied** *growth* regulators on height control of poinsettia [Euphorbia pulcherrima]. 121662
Processed food exports: *growth* **area** for U.S. Firms. 115657
Effect of silicon on the *growth*, **area** size of leaves and adsorbing surface of plant roots [of cereals, soybeans and forage broadbeans]. 121402
The effect of iron on *growth* and **bacterial** canker [Pseudomonas syringae] susceptibility of peach seedlings. 122803
Irrigation management of young pecan [Carya illinoensis] orchards for **best** *growth* under saline conditions [Injuries]. 123027
Effect of starvation on pituitary growth hormone cells and **blood** *growth* hormone and prolactin levels in the rat. 116495
Growth and **branching** of young cottonwoods [Populus deltoides] after pruning. 121835
Quality of protein in milk replacers for young calves. II. Effects of heat treatment of skim milk powder and fat levels on **calf** *growth*, feed intake and nitrogen balance. 118036
Growth and **carcass** traits of cattalo, Hereford, and 1/4-Brahman bull calves. 117623
Growth and **carcass** measurements of pigs fed common or high lysine maize grown on the same farm. 118130
Results of a [swine] crossing experiment with Belgian Landrace, Pietrain and Large White. II. *Growth* and **carcass** characters. 118389
Growth and **cardiopathology** in boars fed rapeseed oil. 119086
Growth and **cell** pattern formation on an axis: critique of concepts, terminology, and modes of study. 120425
Growth **centres** and rural development in Africa. 115905
Effects of straw residues [toxicity] on the *growth* of **cereals**. 122891
Energy and protein composition of broiler rations. 1. [Effects on **chicken** *growth* and carcass quality]. 118165
Relation between *growth* of **Chrysanthemum** [morifolium] and aeration of various container media [Soil mixtures]. 121713
Regulation by zinc and adenosine 3',5'-cyclic monophosphate of *growth* and **citric** acid accumulation in Aspergillus niger [Fungi]. 120987
Structures and **comparative** *growth* of some populations of Aleppo pine [Pinus halepensis] on Port-Cros island (national park). 121795
Dietary carbohydrate, diet pills and **compensatory** *growth* in rats. 116502
The effect of **compensatory** *growth* in sheep on empty body weight, carcass weight and the weights of some offals. 117758
Effect of fast-growing [tree] species on the *growth* and **condition** of common oak [Quercus robur] in [shelterbelt] plantings created by a strip type of mixing on the soils of the Kamennaia Step'. 119411
Influence of different initial and final protein levels on productive and reproductive activities of turkeys. I. Weight, *growth*, **conformation**, feed and water consumption. 117976
Effects of temperature on *growth* **constants** of [the green alga] Selenastrum capricornutum. 121227
Variability and seasonality of the *growth* of some **corticolous** pleurocarpous mosses [Musci]. 121173
Cranberry *growth* and production in relation to water table depth. 121699
Lysimeter studies on the effects of short-term waterlogging on **crop** *growth* [Drainage]. 125181
Effect of feeding hay and silage made from maize hybrid napier [Pennisetum purpureum] and sorghum on the *growth* of **crossbred** calves. 118075
Growth of **CSIRO's** [Commonwealth Scientific and Industrial Research Organisation] interests in food research. 116804
Effect of 1-silatranylmethylic ester of 3-indoleacetic acid on the *growth* of **cultures** of isolated plant tissues. 121030
Design of an air **curtain** *growth* chamber [with high humidity control system for tropical plant study]. 124651
A dynamic grain sorghum growth model [for calculating the **daily** *growth* and development of an average grain sorghum plant in a field stand]. 122164
A note on the *growth* of **dairy** calves grazing pangola grass [Digitaria decumbens] from 90 to 180 days of age during the dry season. 118043
The influence of irradiation with red light on geotropic curving and *growth* of **decapitated** Avena coleoptiles. 121392
Effect of placement of phosphorus fertilizer and lime upon *growth* of **Delicious** and Golden Delicious apple trees. 121701
Growth and **development** of three [rural] Yugoslav populations in different ecological settings [Anthropometric and nutritional studies]. 116282
Amputation of wings in young turkeys and the effect of this operation on their *growth* and **development**. 117500
Growth, **development** and productive qualities of pedigree chickens kept in cages. 118303
Effects of N:P:K [nitrogen: phosphorus: potassium] fertilizers on *growth*, **development** & essential oil content of Mentha spp. 121134
Barley and its environment. VI. *Growth* and **development** in relation to yield. 121157
Criteria to determine the *growth* and **development** state in maize. 121551
Effect of short-wave ultraviolet radiation on *growth* and **development** of Gladiolus. 121614
Effect of carbon dioxide enrichment on *growth*, **development** and yield of glasshouse tomatoes. II. The duration of daily periods of enrichment. 122399
Growth, **development**, and physiology of yellow nutsedge [Cyperus esculentus, weed control]. 123130
Ribosomal DNA and its expression in Drosophila melanogaster during *growth* and **development**. 124087
The absence of a growth inhibitor during the log phase of *growth* of **Dictyostelium** discoideum [Fungi]. 121025
Growth **differences** in a spruce [Picea] plantation with chemical and mechanical weed control (preliminary report). 123102
Effects of gamma radiation on the *growth* & **differentiation** of the gametophyte of Onychium siliculosum (Desv.) C. Chr. [Pteridophyta]. 121133
Yield, rate of *growth* an **dmorphological** characteristics of the roots of the carrot (Daucus carota L.) in autumn-winter-spring cycle, in relation with plant population and fertilization. 122467

Effect of maintenance density on the *growth* of **ducks.** 117449
Effect of monuron and monolinuron on *growth* **dynamics,** yields and qualitative changes of winter rye against the background of various nitrogen, phosphorus and potassium fertilization rates. 123192
Importance of photosynthetic cotyledons for **early** *growth* of woody angiosperms. 121823
Themes in **economic** *growth* and social change in rural Pakistan: an introduction. 115917
Limiting factors [soil and climate] for Pinus elliotti var. **elliottii** *[Growth].* 121802
Correlation between beta-galactosidase and auxin-induced **elongation** *growth* in etiolated pea stems. 121753
Embryonic *growth* and hatchability of eggs of the two-striped grasshopper, Melanoplus bivittatus (Orthoptera: Acrididae), in relation to date of oviposition and weather. 123857
Mechanism of the thinning action of NAA [naphthaleneacetic acid] in Japanese persimmon (kaki) fruits. II. Effects of NAA applied at various stages of fruit growth on the induction of fruit drop and the activity of **endogenous** *growth* substances and some enzymes in fruit tissues. 122404
Photosynthetic electron transport in plants of Sitka spruce [Picea stitchensis] subjected to differing light **environments** during *growth.* 121824
Estimating *growth* and mortality [Forest management]. 119467
Hungary's milk-output drop checks cheese **export** *growth.* 115649
Farm modernisation for **farm** *growth.* 115326
The mechanisms of anabolic action of the PEFAG preparation *[growth* and **fattening** stimulant in livestock based on the mycelium of Actinomyces grseus]. 118068
The effect on *growth* of **feeding** supplemental milk or baby food to the suckling rat. 116477
Growth and **fermentative** activity of spongy saprot, Fomitopsis annosa (Fr.) Karst., in different soils [Fungi]. 121273
Rhythm of *growth* and **flowering** of woody [chiefly ornamental] plants from the Mediterranean floristic area on the Black Sea coast. 121618
Effect of lateral shoot orientation on *growth* and **flowering** of young apple trees. 121667
Development and growth of the plant tip on Acnistus arborescens. II. Development of the procambium and the vascular tissues of the leaf, and *growth* of the **foliar** blade. 121343
Growth **following** initial thinning of loblolly pine [Pinus taeda] planted on a cutover site at five spacings. 119639
The role of moss cover in some types of pine forests in the part of Ukrainian Poles'ye located to the east from Dnieper River [Effect of secretions on the *growth* of **forest** plants. 121814
Staking [of ornamental plants in a nursery] in relation to *growth* and **form.** 122257
Mechanism of the thinning action of NAA [naphthaleneacetic acid] in Japanese persimmon (kaki) fruits. II. Effects of NAA applied at various stages of **fruit** *growth* on the induction of fruit drop and the activity of endogenous growth substances and some enzymes in fruit tissues. 122404
Studies on the take-all fungus Gaeumannomyces graminis. IV. Entry and *growth* of the **fungus** and significance of lignituber formation in the roots of the hosts [Cereals]. 122579
Gene-dependent *growth* of plant meristems, investigated on the development of isolated roots of different genotypes of Antirrhinum majus L. 121432
Trace mineral deficiencies in rats caused by feeding rapeseed flours during *growth,* **gestation** and lactation. 116441
Changes in lipids during *growth* in **Gloeosporium** ampelophagum [the fungus that causes anthracnose disease in grapevine]. 122629
Effect of plant water deficits of various growth stages on *growth,* **grain** yield and leaf water potential of irrigated grain sorghum [Drought tolerance]. 122059
Postprandial glucose, insulin, free fatty acid and *growth* **hormone** responses in [Peruvian mestizo] children consuming all the day's protein in one meal. 116289
Postprandial glucose, insulin, free fatty acid and *growth* **hormone** responses in children consuming all the day's protein in one meal. 116293
Improvement of *growth* **hormone** response to stmulation in primary aldosteronism with correction of potassium deficiency. 116482
Evaluation of the *growth* of **hybrid** aspen [Populus tremula x Populus tremuloides] on the experimental plots in the Czech Socialist Republic]. 119534
The role of the gas phase in the greening and *growth* of **illuminated** cell suspension cultures of spinach (Spinacia oleracea, L.). 121688
New feed for young swine—**increased** *growth* and better economic results. 117360
A study of loblloly pine [Pinus taeda] *growth* **increments.** III. Refining characteristics of tracheids from kraft pulps. 119840
The absence of a *growth* **inhibitor** during the log phase of growth of Dictyostelium discoideum [Fungi]. 121025
Effect of 2,3,5-triiodobenzoic acid on te greening process in etiolated Euglena gracilis [Algae, *growth* **inhibitors].** 121071
Phenotypic variations in Fossombronia himalayensis Kash [hepaticae] in vitro-effect of sugars, auxins, growth substances and *growth* **inhibitors.** 121188
Change in the content of auxins and *growth* **inhibitors** in the leaves of barley as a result of ultra-violet radiation in the conditions of West Pamir. 121486
Effect of natural ultra-violet radiation on the content of auxins and *growth* **inhibitors** in barley [varieties] in Pamir in their natural condition and with artificial treatment with beta-indole acetic acid. 121487
Experiments with **insect** *growth* regulators (IGRs) on lepidopterous pests and some of their parasitoids [Natural control]. 121280
Insect *growth* regulators: some effects of Altosid on Tribolium castaneum (Herbst). 123536
Effect of an **insect** *growth* regulator on lipid and carbohydrate reserves of mosquito [Aedes aegyti] pupae (Diptera: Culicidae). 123612
Phenylethers as **insect** *growth* regulators: laboratory and field experiments. 123949
Insect *growth* regulators. Analogues of TH-6038 and TH-6040 [Aedes aegypti, Tribolium confusum, Musca domestica, Manduca sexta]. 124011
Intensification and the *growth* of **labor** productivity in agriculture. 115361
Effects of nutritional characteristics of Streptococcus agalactiae on inhibition of *growth* by **lactoperoxidase-thiocyanate-hydrogen** peroxide in chemically defined culture medium. 118798
Phenology and **leaf** *growth* of defoliated hardwood trees [Quercus rubra, Acer rubrum]. 121816
The effects of linoleate and acetate on the *growth* and **lipid** composition of mycelium of Agaricus bisporus [Fungi]. 121290
Growth of the parts of the alimentary tract of the rat, and the small intestine of the sheep, relative to *growth* in **live** weight. 117579
Role of protein degradation in the *growth* of **livers** after a nutritional shift [Mice]. 116299
Influence of spacing on *growth* of **loblolly** pines [Pinus taeda] planted on eroded sites [Mensuration]. 119548
Influence of a substituted oxathiin, a **localized** *growth* inhibitor, on the stem elongation, branching, and flowering of Chrysanthemum morifolium Ramat. 121709
Peculiarities of *growth* of **maize** and some legume plants [soybeans, chickpeas, kidney beans] in combined cultivation. 121462
Physiology of *growth* and **maturation** of berries. Causes of variations of main constituents. Influence of greening operations and chemical interventions [Grapes]. 121623
Toxic effects of lead on *growth* & **metabolism** of germinating rice (Oryza sativa L.) seeds & on mitosis of onion (Allium cepa L.) root tip cells. 122952
Water-soluble components of four fuel oils: chemical characterization and effects on *growth* of **microalgae.** 121269
Relation between heat tolerance, *growth* and **milk** productivity of cattle. 117723
Some effects of copper, cobalt, cadmium, zinc, nickel, and chromium on *growth* and **mineral** element concentration in Chrysanthemum [morifolium]. 121716
Prediction of the phytoplankton development in designed reservoirs by combining a *growth-kinetic* **model** and the analogy to existing reservoirs. 121149
Thyroidal influence on gastrocnemius and sartorius **muscle** *growth* in young White Leghorn cockerels. 117700
Asexual sporulation and **mycelial** *growth* in axenic cultures of Smittium spp. (Trichomycetes) [Fungi]. 121286
Cultural studies on the Monilia disease fungus of apples. VI. The effect of light on conidial germination, **mycelial** *growth,* and sporulation [Monilinia mali]. 122587
Effect of synergized allethrin on Heteropeza pygmaea larva and **mycelial** *growth* of Agaricus bisporus [mushroom] in vitro. 123411
Controlling factors in the development of ceruloplasmin in pigs during the **neontral** *growth* period. 117818
Factors affecting *growth* and **nitrogen** fixation of Spirillum lipoferum [from several tropical grasses]. 121161
Effects of nitrate and ammonium enrichment on *growth* and **nitrogen** physiology in Fucus spiralis [Algae]. 121234
The effect of cone crops on *growth* in **Norway** spruce (Picea abies (L.) Karst.). 121794
Continuous culture of marine diatoms under silicate limitation. II. Effect of light intensity on *growth* and **nutrient** uptake of Skeletonema costatum [Algae]. 121203
The effect of soil temperature and of infestation by Pratylenchus loosi on the *growth* and **nutrient** status of a susceptible and tolerant variety of young tea (Camellia sinensis L.). 123040
Effect of the nematode Pratylenchus brachyurus on the *growth,* **nutrition** and yields of "Smooth Cayenne" pineapple. Influence of fertilizer placement. 122928
Growth of **oilseed** rape under anaerobic conditions [Waterlogged soil]. 121418
Organic *growth* factor requirements of Pseudocercospora vitis (Lev.) Speg. and Cercospora mitteriana Syd. [Fungi]. 121340
Ecological studies on the photosynthesis of winter cereals. III. Changes of the photosynthetic ability of various **organs** with *growth.* 121547
Relationship of shoot-root ratio to survival and *growth* of **outplanted** Douglas-fir [Pseudotsuga menziesii] and ponderosa pine seedlings. 121836
Content of some trace elements and nitrogen at **particular** *growth* stages of winter wheat against the background of nitrogen fertilization. 125067
Growth of the **parts** of the alimentary tract of the rat, and the small intestine of the sheep, relative to growth in live weight. 117579
Growth **pattern** and seasonal behavior of buds of Colliguaya odorifera, a shrub from Chilean mediterranean vegetation. 120331
Observations on setting and *growth* **patterns** of fruit in persimmon (Diospyros kaki, L.). 121584
Anotated bibliography on the effect of N, P, K, Mg and Ca [nitrogen, phosphorus, potassium, magnesium, calcium] on the *growth* of **pear** trees and levels in the leaves, 1958-1975. 121771
Effects of waterlogging on the *growth* of **peas** [Chlorosis, reduction of yield]. 122892
Introduction of fat into rabbit diets. I. Effect on *growth* **performances,** feed intake and dressing percentage. 117562
Comparative effects of (2-chloroethyl) phosphonic acid and the mono-2-chlorethyl ester of the acid on *growth,* **peroxidase** activity, and sex expression of a monoecious cucumber. 121698
Dependence of radiation response of diploid yeast [Saccharomyces cerevisiae] upon *growth* **phase** and LET [Lineal energy transfer]. 121148
DCMU [3(3,4-dichlorophenyl)-1,1-dimethylurea] induced inhibition of *growth,* **photosynthesis** and motility in Eudorina elegans cultures [Algae, herbicides]. 123061
The biological degradation of arginine and glutamic acid in seawater in relation to the *growth* of **phytoplankton.** 121268
Study of the *growth* of **pigs** for their selection in large piggeries. 117504
Effect of fertilizers on the *growth* of **pine** seedlings in relation to agrochemical properties of the soil. 121787
Effect of starvation on **pituitary** *growth* hormone cells and blood growth hormone and prolactin levels in the rat. 116495
Toxicity and **plant** *growth* regulator effects of cytochalasin H isolated from Phomopsis sp. [Fungi]. 120990
Regulation of **plant** *growth* by rain and mist. 121017
Effect of **plant** *growth* substances & vernalization on sex expression in Momordica charantia L. 121132
Camptothecin [isolated from captotheca] a selective **plant** *growth* regulator. 121152
Recent developments in the mechanism of action of **plant** *growth* substances. 121225
Use of **plant** *growth* regulators in Hawaii in industry. 121279
Studies on data variability and the use of polynomials to describe **plant** *growth* [Blackstonia perfoliata, Impatiens parviflora, carrots]. 121306
Development and *growth* of the **plant** tip on Acnistus arborescens. II. Development of the procambium and the vascular tissues of the leaf, and growth of the foliar blade. 121343
Plant *growth* retarding activity of the 4-substituted-7-(beta-D-ribofuranosyl)pyrrolo[2,3-d]pyrimidine anticytokinins [on the germination of rice]. 121393
Use of **plant** *growth* regulators in Hawaii for sucrose enhancement in sugarcane. 121523
Endogenous **plant** *growth* substances in developing fruit of Prunus cerasus L. [Sour cherry]. V. Changes in inhibitor (ABA) [abscisic acid] levels in the seed and pericarp. 121705
Studies on calcium absorption in vegetable crops. I. The absorption and physiological significance of calcium in vegetative and reproductive phases of **plant** *growth.* 121730
Use of **plant** *growth* regulators in Hawaii on pineapple. 121735
Use of **plant** *growth* regulators in Hawaii on ornamentals. 121736
Galactose-induced ethylene evolution in mung bean hypocotyls: a possible mechanism for galactose retardation of **plant** *growth.* 121750
Effect of the **plant** *growth* retardant Pydanon on Verticillium [dahliae] wilt of cotton and tomato. 122729
Water quality and **plant** *growth* [Injuries due to contamination with pesticides and excess salts]. 122922
Relationship between chemical structure and **plant** *growth-regulating* activity of amino acid related compounds [Herbicidal activity against Echinochloa crusgalli]. 123054
Effects of cultivation on soil physical characteristics which affect **plant** *growth.* 124772
Ethylene **[plant** *growth* regulator] in soil biology [control of soil-borne plant diseases]. 124774
Effect of phosphorus fertility of soils and phosphate application on rice culture in cool regions. 2. Response of rice **plant** *growth* to the amounts of extractable phosphorus in flooded soils under field conditions. 125063
Growth of **plants** in salty media. 120885
Artificial nutrient media for the *growth* of **plants** on the basis of ion exchangeable materials. 6. Substrates of continuous structure. 121586
Effect of fertilizer nitrogen applied to the paddy field and its absorption by rice plant. VII. Relationships between the absorption of nitogen by the rice **plants** and its *growth.* 125050
A fine structural study of mineralization foci in antler and *growth* **plate** cartilage [Rats]. 117881
Growth **plate** injuries, diagnosis, prognosis and treatment. 119252
The effect of pH [hydrogen-ion concentration] on the **population** *growth* of three species of duckweed: Spirodela oligorrhiza, Lemna minor and Wolffia arrhiza. 121070
Fungicides for control of poplar leaf rust [Melampsora larici-populina] and effects of control on *growth* of **Populus** nigra cv. 'Sempervirens' and Populus X euramericana cv. 'I-214'. 122667
The effects of milk feeding on the pre- and **post-weaning** *growth* of calves, and on stomach development at weaning. 118085
Utilization of energy for maintenance and for fat and lean gains by mice selected for rapid **postweaning** *growth* rate. 118104
Stomatal distribution as an index for predicting the *growth* **potential** of apple stocks. 121729
Lysine and arginine requirement of Ustilago cynodontis [Fungi] 4001 yeast-like cells. I. *Growth* in the **presence** and in the absence of lysine. 120889

Problem of individual advencement of farms with chances of *growth* by the **program** for advancement of individual farms [Costs and returns, investments]. 115518
The effect of implanting weaner calves with *growth* **promotants** under feedlot conditions [Finishing]. 118120
Performance of Marsh seedless grapefruit on six rootstocks in Cyprus [Yields, fruit **quality,** *growth].* 122403
Measures for healthy and **rapid** *growth* of Indian dairy and livestock industry. 115929
Changes in the activity of transaminases and alkaline phosphatases from blood serum as related to the age, sex and *growth* **rate** of pigs. 117922
Feeding experiments with bacon pigs. 5. *Growth* **rate** and feed conversion efficiency. 118010
Growth **rate** of Corsican pine [Pinus nigra poiretiana] after grading of 1 + 1 planting stock. 119557
Chaetomium cellulolyticum, a new thermotolerant and cellulolytic Chaetomium. I. Isolation, description and *growth* **rate** [Fungi]. 121287
The effect of *growth* **rate** on tipburn [injury] occurrence in lettuce [Calcium utilization]. 122976
The influence of Ascaris suum infection upon *growth* **rates** in pigs [Parasitic worms]. 118864
Growth of the **red** alga Iridaea cordata (Turner) Bory in semi-closed culture. 121182
Effects of DPX-1840 [3,3a-dihydro-2-(p-methoxypnenyl)-8H-pyrazolo (5,1-a) isoindol-8-one] and chlorflurenol on *growth* and **redifferentiation** of tobacco callus in vitro. 121521
Survey of Canadian capacity shows **reduced** *growth* rates for 1975-78 [Pulp, paper, fiberboard]. 119804
Preliminary results of dinoseb as a *growth* **regulator** on corn in Iowa. 121542
Responses of vigorous 'Delicious' apple trees to pruning and *growth* **regulator** treatments. 121715
The *growth* **regulator** "Atrinal", an aid to management [Chemical pinching of azaleas]. 122259
Growth **regulators** and rooting of cuttings of woody ornamental plants. 121629
Reduction of peel roughness of 'Shamouti' orange with *growth* **regulators.** 121712
Use of gibberellic acid permits early budding of pecan [Carya illinoensis] seedlings *[Growth* **regulators].** 121770
Control of corky (silvery) spots [a peel disorder] of grapefruit by *growth* **regulators.** 122939
The effect of various *growth* **regulators** on stoloniferous and rhizomatous plants [Trifolium fragiferum]. 123154
Lupin alkaloids from teratogenic and nonteratogenic lupins. IV. Concentration of total alkaloids, individual major alkaloids, and the teratogen anagyrine as a function of plant part and stage of *growth* and their **relationship** to crooked calf disease [Pregnant cows]. 119258
Growth and **resource** allocation responses of Spartina alterniflora Loisel. to three levels of NH4-N, Fe, and NaCl [ammonia, iron, sodium chloride] in solution culture. 121436
Rates of *growth,* **respiration** and photosynthesis of unicellular algae as related to cell size: a review. 121213
Biological evaluation of soy residue protein: studies on PeR [protein efficiency ratio], plasma and tissue protein level and *growth* **response** in albino rat. 118076
Growth **responses** to salinity variation in four arctic ice diatoms [Algae]. 121206
Seasonal development and *growth* of **Rhodiola** rosea L. In relation to introduction [as drug plant]. 120969
A synergistic effect of 2-ethyl-1-isopropoxycarbonyl-3-(4-tolylcarbamoyl) isourea with gibberellic acid on *growth* of **rice** seedlings. 121531
Rice *growth* and available phosphorus relationships on selected Gulf Coast soils. 125062
Practical aspects of rooting and *growth* of **Rimu** [Dacrydium cupressinum] cuttings [New Zealand]. 119565
Further studies on the modification of **root** *growth* and ion uptake brought about by enrichment of phosphate over narrow zones of the [barley] root system. 121417
Observation of **root** *growth* of strawberry plants grown on black film-covered and uncovered soil. 121732
Root *growth* in Acer saccharum Marsh. Seedlings: effects of light intensity and photoperiod on root elongation rates. 121801
Resistance of sugarbeets to clamp rot in the early stage of the **root** *growth.* 122783
Effect of Panacide (5,5'-dichloro-2,2'-dihydroxy-diphenylmethane), on the total chlorophyll & *growth* of **Scenedesmus** obliquus [Algae]. 121131
Stimulation of *growth* in **Scenedesmus** obliquus [Algae] (Chlorophyceae) by humic acids under iron limited conditions. 121217
Seasonal *growth* of pine, Pinus eldarica, in Turkmenia. 121799
Studies on early **seedling** *growth* of rice with IAA, GA, CCC [indoleacetic acid, gibberellic acid, chlorocholine chloride]. 121569
Effect of metabolites of symbiotic bacteria on the seeds and *growth* of **seedlings** of Carex enervis C.a.m. 121100
Effect of composted hardwood bark and peat container media on *growth* of **selected** ericaceous plants [Pieris japonica, Rhododendron]. 122220
Quantitative of unsaturated fatty acids in microbial mutants. VI. **Selective** *growth* responses of yeast and bacteria to cis-octadecenoate isomers [Saccharomyces cerevisiae, Escherichia coli]. 120978
Concentrations of fat and plasma 5 alpha-androstenone and plasma testosterone in boars selected for rate of body weight gain and thickness of back fat during *growth,* **sexual** maturation and after mating. 118347
The effect of the supply of mineral nutrients on root morphology, nutrient uptake, and **shoot** *growth* in cereals. 121421
Effect of auxin cofactors on rooting and the effect of gibberellic acid on **shoot** *growth* of lilac [Syringa] softwood cuttings. 121627
Studies on the stolon development in the potato plant. I. The orientation of the axillary **shoot** *growth* in the potato seedlings. 121765
Evaluation of the *growth* of **shrub** willows [Salix] from the point of view of the suitability for the biological stabilization of stream banks. 119372
The relationship between soil aeration, stability and *growth* of **Sitka** spruce (Picea sitchensis (Bong.) Carr.) on upland peaty gleys. 121820
A dynamic grain **sorghum** *growth* model [for calculating the daily growth and development of an average grain sorghum plant in a field stand]. 122164
Some environmental and nutritional factors affecting *growth* and **sporulation** of Aspergillus tamarii associated with mouldy cocoa beans in Nigeria. 122699
Effect of plant water deficits of various *growth* **stages** on growth, grain yield and leaf water potential of irrigated grain sorghum [Drought tolerance]. 122059
Grain sorghum yield response to cutting treatments at different **stages** of *growth.* 122081
Staphylococcal *growth* and enterotoxin production-factors for control [in foods]. 116206
Ecological studies on the aquatic insect in the upper region of the Chikuma-river, Nagano Prefecture, Japan. I. Life cycle and *growth* **state** of the Ephemerella trispina group (Ephemeroptera: Ephemerellidae), and aquatic insect fauna in summer. 124357
Growth of **stellaria** media, capsella bursa-pastoris and Senecio vulgaris plantlets from cultured meristem tips. 121330
Relations between *growth* **stresses** and tension wood in beech (Fungus sylvatica L.) [Wood properties]. 119681
West Bengal's agricultural economy—a **study** in *non-growth.* 115904
Mechanical design of *growth-chamber* for **studying** cool weather damage of [rice] crops. 122915
The incorporation of 3H-thymidine during induction of callus of excised barley embryos [by 2,4-D as a *growth* **substance].** 121431
Effect of different combinations on *growth* **substances** on the abscission on debladed petioles of Catharanthus roseus in different seasons. 121151
Phenotypic variations in Fossombronia himalayensis Kash [hepaticae] in vitro-effect of sugars, auxins, *growth* **substances** and growth inhibitors. 121188
Photochemical reactions. XXVI. Molecular and crystal structure of a cyclobutane annelated gibberellin derivative [plants, *growth* **substances].** 121366
Varied effect of chlorcholinchloride *[growth* **substances]** on wheat and rye stability. 121525
Chlorfurenol *[growth* **substances]** increases branching of evergreen azaleas (Rhododendron cv). 121741
Flower bud atrophy in Baccara roses [Rosa]. IV. The activity of various *growth* **substances** in leaves of flowering and non-flowering shoots. 121747
Flower bud atrophy in Baccara roses [Rosa]. V. The effect of different *growth* **substances** on flowering. 121748
Possibilities of using morphactins *[growth* **substances]** in the production of carnations [Dianthus caryophyllus]. 122511
Effect of the preparation "Kampozan" [a **synthetic** *growth* regulator] (based on ethylene phosphonous acid) on winter rye. 121464
The influence of breed of rat on protein efficiency ratio (PER), skeletal muscle and adipose **tissue** *growth.* 116510
Soilless potting media for controlled-environment facilities *[Growth* of **tomato** and maize]. 121291
Soil water extraction by, and *growth* of **[trees** planted as] multi-row windbreaks. 119395
Promoting effect of DPX-1840 [3,3a-dihydro-2-(p-methoxyphenyl)-8H- pyrazolo (5,1-a) isoindol-3-one] and other auxin transport inhibitors on pollen **tube** *growth* in vitro. 121178
Effects of temperature and genotype on pollen **tube** *growth* in some self-incompatible and self-compatible almond cultivars [Prunus amygdalus]. 121704
In **vitro** *growth* and nutrition of Buergenerula spartinae, a fungus associated with Spartina alterniflora. 122664
Occluded and nonoccluded nuclear polyhedrosis virus grown in Trichoplusia ni: comparative neutralization, comparative infectiviry, and in **vitro** *growth* studies. 124071
In **vivo** *growth* and development of equine adenovirus in the lung of Arabian horse. 118889
Causes of stagnation and paths of *growth* in **West** Bengal's agriculture: a discursive review. 115900
Growth of **white** pine [Pinus strobus] in New Hampshire. 119503
Barrier-induced microclimate and its influence on *growth* and **yield** of winter wheat [Windbreaks]. 119377
Effect of inoculation with Rhizobium [japonicum] and Azotobacter [chroococcum] on nodulation, *growth* and **yield** of soybean. 121442
Influence of peach seedling rootstocks on *growth,* **yield** and survival of peach scion cultivars. 121710
Effect of oat companion crop on the *growth* and **yield** of grasses and legumes [in Hokkaido]. 122101
Growth and **yield** of Lord Lambourne and Red Delicious trees [varieties] on eight apple rootstocks in Cyprus. 122401
Metabolism and *growth* **yields** in Bacteroides ruminicola strain B14 [found in the rumen]. 117828
The use of whole plot data from progeny trials with cocoa (Theobroma cacao L.) in Ghana **[Yields** and *growth].* 122539
Effect of stocking rate on pasture production under irrigation and *growth* of **young** cattle [Grazing]. 122062

GRUBS
A chemical basis for plant [lucerne, Lotus pedunculatus] resistance to **grass** *grub* [Costelytra zealandica] and black beetle [Heteronychus arator] larvae (Coleoptera: Scarabaeidae). 123335
The development of resistant pasture and methods of pasture management for **grass** *grub* [Costelytra zealandica] control. 123339
Is carbofuran [pesticide] our answer to Fat John [a *grub* **stage** of a tiny beetle Diaecoderus] and other pests of maize? 123306
In-furrow applications of insecticides for **white** *grub* [Phyllophaga crinita] control in grain sorghum. 123343

GRYLLOTALPA
Histone synthesis & transition during spermatogenesis in the mole **cricket** *Gryllotalpa* fossor Scudder. 123972

GUANOSINE
CAMP [cyclic adenosine monophosphate] and cGMP **[cyclic** *guanosine* monophosphate] changes associated with the differentiation of cultured chick embryo muscle cells. 117672
An improved protein binding assay for *guanosine-3',* **5'-monophosphate** using a binding protein from the pupa of the silkmoth, Bombyx mori L. 124481
A simple and specific locust [Schistocerca gregaria] protein binding assay for cyclic 3'5' GMP *[guanosine-3'5'-cyclic* **phosphate].** 123826

GUAR
Kinman and Esser: **new** *guar* varieties [Yields]. 122033

GUAVAS
A possible relationship between chemotype and yield of **cultivated** *guavas.* 121647

GUERNSEY *see* **CATTLE**

GUINEAFOWL
Effects of clomiphene citrate on the processes of *guineafowl* **reproduction.** 118203

GULLIES
Utilization of terraces with a wide base for *gully* **forest** shelterbelts. 119412

GUM
Structural properties of polysaccharides from *gums* of some different **cultural** varieties of the peach Prunus persica (L.)Bartsch. 121610
Analytical and structural features of the *gum* **exudate** from combretum hartmannianum Schweinf. 116694
New potential product from sucrose **micobial** *gum* [Xanthomonas manihotis]. 117187
Recent progress in the analysis of *gums* and **natural** water soluble plant colloids. II. Carob [Ceratonia siliqua] flour. 116649
Mixture of *gums* **replaces** soybean oil—savings are significant [Gum tragacanth]. 116744
The use of **Sterculia** *Gum* for controlling intestinal tone in the dog and cat. 119139
Mixture of gums replaces soybean oil—savings are significant *[Gum* **tragacanth].** 116744

GUMBORO
Detection of pathogen of *Gumboro* **disease** in Egypt [Chickens]. 118827
Immunizing activity of a vaccine against *Gumboro* **disease** [chickens]. 118922

GUSTATORY *see* **TASTE**

GUTTIFERAE
Two new taxa of *Guttiferae* from **East** Africa [Mammea usambarensis, Garcinia semseii]. 120170

GYMNOASCACEAE
Kuehniella, a new genus of the *Gymnoascaceae* **[Fungi].** 120213

GYMNOSPERMS
Evolutionary significance of chromosomal differentiation patterns in *gymnosperms* and **primitive** angiosperms. 120716
Primary vasculature and *gymnosperm* **systematics.** 120255

GYMNOSPORANGIUM
An ultrastructural study of spermatium formation in the rust **fungus** *Gymnosporangium* juniperi-virginianae. 122557

GYNANDROMORPHISM
Developmental studies on *gynandromorphs* of **Drosophila** melanogaster. IV. Comparison of morphogenetic fate maps of larval and imaginal structures. 124170

GYNECOLOGY
Recent data in **animal** *gynecology.* 118214

GYPSUM
Soil improvement and yield of sugarcane in the Sudan [Tillage, *gypsum* **application**]. 125135
Lake treatment with fly ash, lime, and *gypsum* [**Solid** waste disposal]. 125509

HABITATS
Control of Culex pipiens fatigans (W) by the larvivorous fish Poecilia reticulata and by removal of debris from the **breeding** *habitat.* 123667
Habitats and **check-list** of plants on the Kenya side of Mount Elgon. 120163
Studies on upper timberline: morphology and anatomy of Norway spruce (Picea abies) and stone pine (Pinus cembra) needles from various *habitat* **conditions.** 120443
Changes in the status of insect pests in storage and **domestic** *habitats.* 123524
Germination ecology of Althenia filiformis Petit in relation to *habitat* **temperature** and salinity fluctuations during summer and autumn. 121072
Methods of sampling aquatic beetles in the **transitional** *habitats* at water margins. 123918
Wildlife management by *habitat* **units**—a preliminary plan of action [Vegetation maps, remote sensing]. 120370
Relation of tolerant [hardwood] species to *habitat* in the **White** Mountains of New Hampshire. 120400
Impact of chemical and mechanical site preparation on **wildlife** *habitat.* 125414

HABITS
Food markets today: Have purchasing and **eating** *habits* of housewives changed because of the crisis? 115608
Industrial Revolution changes America's **eating** *habits.* 116554
A cone weevil, Conotrachelus neomexicanus, on ponderosa pine [Pinus ponderosa] in Colorado: life history, *habits,* and **ecological** relationships (Coleoptera: Curculionidae). 123451
An experiment on the **feeding** *habit* of the large 28-spotted ladybird (Henosepilachna vigintioctomaculata) by an alternative grafting between potato plant (Solanum tuberosum) and Chinese lantern plant (Physalis alkekengi). 123254
The evolution of the sponge **feeding** *habit* in the caddisfly genus Ceraclea (Trichoptera: Leptoceridae). 123807
A survey of **food** *habits* and beliefs of pregnant and lactating mothers in Mysore city. 116392
National *habits* of the Venezuelan. 116552

HAEMAPHYSALIS
Cell cultures derived from the developing adults of three species of ticks, by a simplified technique [Haemaphysalis spinigera, *Haemaphysalis* **obesa,** Rhipicephatus sanguineus]. 123636

HAIL
On the role of strong winds in damage to crops by *hail* and its **estimation** with a simple instrument. 122971
Hail **injuries** to pome and drupe fruits. 122931

HAIR
Adaptive role of the *hair* **coat** structure of lambs in extreme conditions of the mountainous Altai. 117715
Relation between adaptive response to high and low temperature and the *hair* **coat** structure [in Black Pied cattle]. 117725
Seasonal changes in *hair* **coat** (shedding) in cattle breeds of different ecogenesis. 117728
Seasonal changes and topographic features of the *hair* **coat** in nothern indigenous (Yakut) cattle. 117729
Study of the role of the skin and *hair* **coat** in the adaptation of domestic animals to extreme environmental temperatures (Review). 117733
Some data on genetical nature of ecological differences in the structure of *hair* **coat** in cattle. 118316
Pathogenesis [demodicosis] associated with *hair* **follicle** mites (Acari: Demodicidae). 123591
Hair as an **indicator** of the availability of calcium and phosphorus for animals. 117934
Inheritance of the characters of *hairiness* of **leaf** blade and root colour in radish. 120643
A contribution to the study of cotton, polyester and blend **yarn** *hairiness.* 117118

HALOGENS
Industrial mutagens and potential mutagens. I. *Halogenated* **aliphatic** derivates [Hydrocarbons, public health hazards]. 116227
C15 [**carbon** *isotope]-halogenated* compounds from the Hawaiian marine alga Laurencia nidifica. V. The maneonenes. 121372
Evidence for the biogenesis of *halogenated* **chamigrenes** from the red alga laurencia obtusa. 121373

HALOGETON
Sheep adapt to [**toxic**] *halogeton.* 119224

HALOPHYTES
Endangered Upper **Hessian** *halophytes* [Flora, conservation]. 120226
Salt resistance in **plants** *[Halophytes].* 120955
Localization of chloride in leaf cells of the *halophyte* **Suaeda** maritima by silver precipitation. 121304

HAM
Technological problems of the industry of meat products: **Boiled** *ham.* 117013
Production standard for raw pickled products according to the inoculum method *[Ham* **curing**]. 116950
The rational manufacture of **raw** *hams.* 2. 116963

HAMAMELIDACEAE
Comparative morphological study of representatives of the **family** *Hamamelidaceae* R. Br. and their phylogenetic relations. 120072
Pollen morphology of the genera Embolanthera, Ostrearia, Neostrearia, **Matudea** *(Hamamelidaceae)* in relation to their taxonomy. 120067

HAMSTERS
Characteristics of Sindbis virus temperature-sensitive mutants in cultured BHK-21 [**baby** *hamster* kidney] and Aedes albopictus (mosquito) cells. 123641
Accumulation of cesium-134 [istope] in heart and skeletal muscle of **dystrophic** *hamster.* 117957
Hexamita muris infection in a mouse and **European** *hamster* breeding unit. 119065
Nutritional idiosyncrasies of the **golden** *hamster* (Mesocricetus auratus). 118110
Kinetics study on intervention of few purified antibacterial antibodies [**Mice,** *hamsters].* 118917
Weight regulation in *hamsters* and **rats:** differences in the effects of exercise and neonatal nutrition. 116386
Cellulolytic activity in cecum content of mice, rats, **Syrian** *hamsters,* guinea pigs and rabbits. 117959
Transmission of enteritis in the **Syrian** *hamster.* 118819

HAND
Analytical model for rigid body vibration of a *hand-held* **chain** saw. I. The gasoline engine. 119828
Protein alternates on *hand* if **grain** outlook dictates need [Livestock feeding]. 117338
Hand **pollinating** some Philodendron cultivars. 122227
Know your wool—a guide for *hand* **spinners** and rug-makers. 117029
The *hand* of the **stacked-disk** aggregate of tobacco mosaic virus protein. 122848
"Hands on" **training** produces skilled technologists [in the pulp and paper industry, Canada]. 119799

HANDBOOKS
Handbook of **New** Hampshire's aerial photographic coverage [Remote sensing]. 115193

HANGING
Materials for suspending hops: investigations on the possibility of using plastic materials for *hanging* **hops.** 124681

HAPLOIDS
Cell wall formation in zoospores of Allomyces arbuscula [Fungus]. II. Development of surface structure of **encysted** *haploid* zoospores, rhizoids, and hyphae. 120411

HAPLOPAPPUS
Comparison of cytogenetic effects of IAA [indoleacetic acid], NAA [naphthaleneacetic acid] & 2,4-D [2,4-dichlorophenoxyacetic acid] in callus cultures of *Haplopappus* **gracilis** (Nutt.) Gray. 120759

HAPTOGLOBIN
Quantitative determination of normal horse, cat, and **dog** *haptoglobins.* 117942

HARDENING
Studies on frost hardiness in Chlorella ellipsoidea [Algae]. II. Effects of inhibitors of RNA and protein synthesis and surfactants on the **process** of *hardening.* 121325

HARDINESS
Studies on **frost** *hardiness* in Chlorella ellipsoidea [Algae]. II. Effects of inhibitors of RNA and protein synthesis and surfactants on the process of hardening. 121325
Testing of conifers on **frost** *hardiness* and biochemical changes in tissues accompanying increasing frost hardiness. 121828
Magnoliaceae *Hardy* in temperate North America. 120098
Materials handling and mechanization of *hardy* [**plant**] nursery stock. 124662
Root *hardiness* of woody ornamentals [Cold injuries]. 122940
Results on the longevity and **winter** *hardiness* of Cotoneaster in Weihenstephan. 121640
Winter *hardiness* in trees and bushes. 121815

HARDNESS
Rationalization of the transport of *hard* **candies** up to palletization of shipping contaners. 116790
Concerning *hard* wheat [Situation]. 115806
Are beef [cattle] shows in for some *hard* times? 117469
Removal of oily soils. 2. The relation of yellowing and residue with *hard* **ions** on [laundered] fabrics. 116598
Portable sawmills for heavy, *hard-to-reach* **logs.** I. 119695
Portable sawmills for heavy, *hard-to-reach* **logs.** II. 119696
An objective look at manual bone trimming and at soft and *hard* **separated** meat from poultry and large animals. 117046
The disappearance [forest trees] of four leaf leachates in a *hard* and **soft** water stream in southwestern Ontario, Canada. 121817

HARDWOODS
Reproduction 12 years after seed-tree harvest cutting in **Appalachian** *hardwoods.* 119642
Use of *hardwood* **bark** as a rooting medium [Ornamental plants, propagation]. 124970
Effect of **composted** *hardwood* bark and peat container media on growth of selected ericaceous plants [Pieris japonica, Rhododendron]. 122220
Propagation of dogwood [Cornus, varieties] by *hardwood* **cuttings.** 122243
Propagation of Acer palmatum cultivars from *hardwood* **cuttings.** 122244
Phenology and leaf growth of **defoliated** *hardwood* trees [Quercus rubra, Acer rubrum]. 121816
Relationships between forest cutting and understory vegetation: an overview of **Eastern** *hardwood* stands. 119641
Grading *hardwood* timber reliably. 119690
Nursery practice in relation to the carbohydrate resources of **leafless** *hardwood* cuttings. 122236
Best opening face *[Hardwood* **log** or a softwood grade log]. 119685
Ice damage in a **mixed** *hardwood* forest in Connecticut in relation to Vitis [Grape vines] infestation. 122918
Role of Erythronium americanum Ker. In energy flow and nutrient dynamics of a **northern** *hardwood* forest ecosystem. 120398
Hardwood **sawmills:** considerations in their planning and design. 119646
Relation of tolerant *[hardwood]* **species** to habitat in the White Mountains of New Hampshire. 120400
Production methods for **tropical** *hardwoods.* 119697
The market for **tropical** *hardwoods:* the North American market. 119700
The market for **tropical** *hardwoods:* the European market. 119701
The market for **tropical** *hardwoods:* the Japanese market. 119702
Veneering and layup of **tropical** *hardwoods.* 119706
Enzymatic hydrolysis of *hardwood* **xylans.** III. Characterization of five isolated beta-I over to 4 xylanases. 119679

HARES *see* **RABBITS**

HARNESS
A **chest** *harness* and pole-leash for routine transfer of rhesus monkeys from home cage to behavioral test apparatus and back. 117463

HARROWING
A playing card for **disc** *harrows.* 124674
Study of the effect of the time of farrowing and the type of *harrows* on the **weediness** and yield of barley. 122150

HARVEST
On what date should **apples** be *harvested?* 122303
Effect of storage temperature on cell structure in *post-harvested* **asparagus** spears—light and electron microscopic study. 117284
Review on the toughness of *post-harvested* **asparagus** spears. 117289
Experiences and successes in using the **central** *harvesting* technique in the 1975 cereal crop [East Germany]. 115341
Swather edge guide steering control system [in the *harvesting* of many **cereal** crops]. 124742
Main trends for the further development of the mechanization of **cereal** *harvesting* in the German Democratic Republic. 124748
Harvesting **cereals** at an optimum rate. 122067
Preliminary investigations for jojoba [Simmondsia **chinensis**] *harvesting.* 122551
The market for **citrus** *harvesting* labor. 115453
Harvesting **citrus.** 122425
Catching frame development for a **citrus** *harvest* system. 124735
Harvesting **costs** for some industrial fruits. 115498
Oil contamination of **cotton** in *harvesting.* 117094
Physical features of the bread grains at *harvesting,* a **determining** factor of the quality and subsequent preservation. 117168
A contribution to the solution of the technology of the *harvesting* and **distribution** of [forest tree] seedlings. 119621
French *harvest* small first crop of soybeans; potential remains. 115585
Mechanization of the **grape** *harvest.* Relations with grape culture. 122206

The vineyard of tomorrow. Influence of mechanization of **grape** *harvests.* IV. Some elements of comparison between mechanized and manual grape harvests. 124722
The vineyard to tomorrow. Influence of mechanization of **grape** *harvests.* 124723
Mechanical **grape** *harvesting* in France. 124727
Two-step [method] for *harvesting* **grapes.** 122411
Effects of salt solution treatment and low temperature storage on the elongation, weight, fiber and lignin contents of *post-harvested* **green** asparagus spears. 117285
The *post-harvest* **handling** of subtropical fruit [Bananas, mangos, avocados, litchi fruit]. 117232
Harvesting **hay** in Iceland. 122054
Harvesting a **hobby** [Timber stand improvement, Pinus]. 119637
The susceptibility of different types of maize to *post-harvest* **infestation** by Sitophilus zeamais and Sitotroga cerealella, and the importance of this factor at the small-scale farm level. 123571
Effects of low temperature and maturity at *harvest* on **keeping** quality of white flesh peaches during their distribution. 117292
Investigation of the way generally used in the **manual** *harvesting* of strawberries [Labor productive capacity]. 115464
Hops marketing regulation of the European Economic Community; report of the Commission to the Council on the state of hops production and **marketing** of the 1974 *harvest.* 115677
Prerequisites for developing methods of **mechanical** *harvesting* of strawberries. 115467
Pruning pears with shakers [Costs, **mechanical** *harvesting* equipment]. 115475
Comparison of new tomato varieties for **mechanical** *harvesting:* effects of mulching. 122386
Currant varieties and training methods suitable for **mechanical** *harvest.* 122407
Mechanical *harvesting* of strawberries: present state and prospects. 124679
Technical aspects of the **mechanical** *harvesting* of grapes by vertical shaking. 124729
Samples for measuring sugar content of sugarcane varieties in **mechinically** *harvested* trials. 122016
Running skylines reduce access road needs, **minimize** *harvest* site impact. I. 119846
Ripeness and *harvesting* of **pears** and apples. 122199
Cost reduction in aquatic **plant** *harvesting* [controlled by herbicides: biological means]. 123122
Harvesting **plots** of seed production in cereals, leguminous plants and of hybrid plots of maize. 122068
Potato *harvesting* costs. An analysis of six systems. 115538
Harvesting, **preparation** and feeding of whole cereal and maize plants [Ruminants]. 121928
Harvesting [of **rice**] in bags and in granaries. 122029
Harvest a **rich** crop of summer moong [Legumes]. 121918
Recent findings on determining the *harvesting* **ripeness,** leaf development and yield of potato stands. 122296
Studies on the flesh quality of fruit and vegetables. II. Relation between the pulp quality and properties of pectic substances during *post-harvest* **ripening** of peaches. 117293
Studies on the seed germination of Bupleurum falcatum L. I. Influence of the time elapse after **seed** *harvest* and light conditions on the germination. 121333
Influence of *harvesting,* **seed** density and row spacing on alfalfa seed yield. 122121
Reproduction 12 years after **seed-tree** *harvest* cutting in Appalachian hardwoods. 119642
Canada likely to *harvest* **smaller** crop of oilseeds [Trade]. 115643
Evaluation of ergonomic factors in comparisons of technological variants in **timber** *harvesting.* 119837
Digestibility and nutritive value of pangola grass (Digitaria decumbens Stent) in relation to nitrogen fertilization and *harvesting* **time** [Lambs fattening]. 118044

HARVESTERS

Comparative ecology of the *harvester* **ants** Pogonomyrmex barbatus (F. Smith) and Pogonomyrmex rugosus (Emery). 123995
Methods of determining grain losses on the cutting unit of the **combine** *harvester.* 124749
Machinery groups [Owning, sharing or contracting forage **maize** *harvesters].* 115429
Getting the best from the Grimme Commander **potato** *harvester.* 124713

HARVESTMEN

Harvestmen, **Opiliones** (Arachnoidea). 124305

HATCHERIES

Hygienic conditions in some [chick] *hatcheries* in the **Estonian** SSR. 118546
Incubation of eggs and *hatchery* **management.** 117486
The role of [chick] *hatcheries* in **spreading** infectious diseases. 118935

HATCHING

Douglas fir tussock moth [Orgyia pseudotsugata] **egg** *hatch* and larval development in relation to phenology of grand fir and Douglas-fir [Abies grandis, Pseudotsuga menziesii] in northeastern Oregon. 123502
Embryonic growth and *hatchability* of **eggs** of the two-striped grasshopper, Melanoplus bivittatus (Orthoptera: Acrididae), in relation to date of oviposition and weather. 123857
Histochemical studies on pigeon definitive feathers during *post-hatching,* **induced** and regenerative modes of development. IV. Succinate and malate dehydrogenases. 117874
Levels of some metabolites in liver of chick embryos and **recently** *hatched* chicks. 117749

HAULING

Facing the cost of EEC [European Economic Community] **road** *haulage* legislation [Fruit and vegetables]. 115680

HAULM

The effects of varous chemical and **physical** *haulm* treatments on the incidence of potato gangrene [caused by Phoma exigua foveata]. 122568

HAWORTHIA

An ultrastructure study of tumor cells of *Haworthia* **[variegata]** plants induced by 2,4-D [(2,4-dichlorophenoxy) acetic acid]. 120537

HAWTHORNS

The use of numerical methods in the systematics of *hawthorns* **[Crataegus]** occurring in Poland. 119945
A little **known** *hawthorn* [species] from Turkmenia [Crataegus pseudoazarolus]. 119948

HAY

Fate of the silica in prairie hay and **alfalfa** *hay* consumed by cattle. 118028
Barn *hay* drying. 117333
New idea for effective indoor method of **drying** *hay.* 117361
Effect of **feeding** *hay* and silage made from maize hybrid napier [Pennisetum purpureum] and sorghum on the growth of crossbred calves. 118075
Canadian havens from *hay* **fever** [caused by Ambrosia pollen]. 123183
The influence of the level of feeding on fermentation in the rumen of sheep receiving a diet of ground barley, **ground** *hay* and flaked maize. 118086
Harvesting *hay* in Iceland. 122054
Volatile fatty acid metabolism in sheep. 1. Average daily volatile fatty acid production in the rumen of sheep fed **lucerne** *hay.* 117869
Studies on the methods of judging the grade of market roughage. 3. Standardization and classification of **market** *hay.* 117377
Methods for examining the microflora of **mouldy** *hay* [Fungi]. 117355
Fate of the silica in **prairie** *hay* and alfalfa hay consumed by cattle. 118028
Speed of establishment and *hay* **production** of ten forage legumes and molassesgrass [Varieties, Melinis minutiflora]. 121887

HAYING

Haymaking **speed,** blade-stem ratio and protein percentage in the blades and stems of some perennial tropical legumes and molasses-grass [Varieties, Melinis minutiflora]. 121886

HAZELNUTS

Cage trial against green shield bug (Palomena prasina L.), which causes damage to the *hazelnut* **[Corylus]** in the east Black Sea region, using chemicals effective in the controlof the hazelnut weevil [Balanius nucum]. 123376
Studies on the resistnace of *hazelnut* **[Corylus]** weevil (Balanicus nucum L.) to carbaryl and methiocarb. 123378
Cage trial against green shield bug (Palomena prasina L.), which causes damage to the hazelnut [Corylus] in the east Black Sea region, using chemicals effective in the controlof the *hazelnut* **weevil** [Balanius nucum]. 123376

HEAD

Study of the morphological and qualitative changes of the globe **artichoke** *head* as influenced by the stage of maturity. 121689
Organization of metabolic control in a dairy unit with 2,000 *head* of **cattle** [Detection of disorders]. 119166
Cattle-fax *head* reviews happenings that killed early 1976 optimism [Prices]. 115707
Functional, anatomical and radiographic studies of the **dorsal** *head-neck* set in the dog and their effects on the problems associated with the erect position of the head in hominids. 117553
The isolation of cholinergic nerve terminals from **fleshfly** *heads* [Sarcophaga barbata]. 123990
Functional, anatomical and radiographic studies of the dorsal head-neck set in the dog and their effects on the problems associated with the erect position of the *head* in **hominids.** 117553
Variation in amounts of filling: testing of *multiple-headed* **measuring** devices for systematic differences between the separate measuring heads. 116094
Further observations on the functional morphology of the *head* and **mouthparts** of dragonfly larvae (Odonata) [Aeshna interrupta lineata, Libellula quadrimaculata]. 124135
An ultrastructural study of the *head* **region** of bovine spermatozoa. 118246
Aroma qualification of wines by gas chromatography. I. Experimental method for *head* **space** analysis. 116230
Aldehyde oxidase activity in the *tumorous-head* **strain** of Drosophila melanogaster. 123874
Translocation of 14C [carbon isotope]-metabolites to the *head* in **sunflower.** 121509
The *head.* I. **Traumatic** lesions of the skull. 119255
Isolation of Mycobacterium avium serotype 3 from a *white-headed* **tree** duck (Dendrocygna viduata) [Pathogenicity in chickens]. 118636

HEALING

Experimental studies in **intestinal** *healing* of the dog. IV. Observations on the various types of enterotomy. 118486
Experimental studies in **intestinal** *healing* of the dog. I. Observations of side-to-side small intestinal anastomosis. 119140
Experimental studies in **intestinal** *healing* of the dog. II. Observation on end-to-end small intestinal anastomosis. 119141
Experimental studies in **intestinal** *healing* of the dog. III. An end-to-end intestinal anastomosis using a decalcified bone tube. 119142

HEALTH

OSHA [Occupational Safety and *Health* **Act**] and the cotton industry. 115828
Status report: OSHA [Occupational Safety and *Health* **act**] in cotton ginning operations. 115829
A *healthy* **agricultural** structure also needs the sideline farmer [Policies, Austria]. 115787
Animal *health* laboratories in Australia. 2. 118437
Animal *Health* Field Service information (proposal for a change). 118585
Isolation of rabies virus from **apparently** *healthy* dogs experimently infected. 118908
Why bran is unbeatable for *healthy* **bowels** [Natural foods]. 116540
Toast your good *health* with **brewer's** yeast [Health foods]. 116537
Effect of various amounts of urea on the *health* of **broilers.** I. 118181
Butter and *health.* 116388
Nutrition: an integral component in the *health* **care** of children the interdisciplinary team in action. 116402
Hematological values of *healthy* **cats** (Felis cati L., 1758). 117903
Assessment of pevalence of antitoxoplasma antibodies in **clinically** *healthy* horses [Toxoplasma]. 118907
A profile of U.S. **Comprehensive** *health* planning areas. 115111
The effect of fluor compounds on the *health* **condition** of trees and shrubs near the aluminum smelting works "Konin" [Air pollution injuries]. 122909
Is pornofood X-rating your *health?* **[Consumption** of sweet foods]. 116531
Electrophoretic comparison, by cellulose acetate and nitrate, of protidic fractions on *healthy* **dairy** cattle and buffalo serums. 117913
Lawn areas should be beautiful and *healthy* **(disease** control often difficult). 123009
Cuticular hydrocarbons of *healthy* and **diseased** Japanese beetle larvae [Popillia japonica]. 123978
Physiological principles and technologic methods of battery and floor exploitation, in confinement and in the open air, of poultry as a function of its production and *health* **[Economic** aspects]. 118434
How do dietitians exercise their role as *health* **educators** in different foreign countries? 116307
Heavy metal concentrations in kidneys of urban gray squirrels **[Environmental** *health].* 125520
Antibiotics affect **everybody's** *health* and your pocket [Residues in dairy products]. 116070
Parasites promote problems in maintaining **feedlot** *health* [Cattle]. 118687
Health **food** as a sales argument. 115609
How to find *health* **foods** in your supermarket. 115730
If you believe in *health* **foods,** now's the time to sell out! 116529
Toast your good health with brewer's yeast *[Health* **foods].** 116537
Veterinary institutes at district level—their scope regarding extremities and **foot** *health* service. 118529
Free amino acid contents in the *healthy* & **galled** shoots of rice caused by Pachydiplosis oryzae (Woodson). 123310
Concepts for continuous monitoring [ruling out defects] of metabolism of swine, an element of **general** *health* and performance control. 119158
Dominant lethal mutations in rats fed on irradiated wheat *[health* **hazard].** 119244
Physical and biological characteristics of grain dust [Microbiological contamination, *health* **hazards** to workers]. 116259
Characterization of cotton dust by elemental analysis *[Health* **hazards** to industrial workers]. 117163
Healthy **herds** for the [cattle husbandry] complexes [Calf hygiene]. 118570
More care devoted to **honeybee** *health.* 124573
Reference values of blood coagulation of *healthy* **horses.** 117915
Ethics and ethology in animal **husbandry.** II *[Health].* 118487
Body weight as a *health* **index:** a minicourse in nutrition. 116446
Subcellular localization of 3-hydroxy-3-methylglutaryl coenzyme A reductase and other membrane-bound enzymes in sweetpotato roots *[healthy* and **infected** with Ceratocystis fimbriata]. 121760
Lamb *health* linked to feedlot stress elimination. 118451
Agricultural changes in a part of the imola plain from 1500 up today **[Landscape,** *health].* 115215
Institute to control veterinary products [Rabies vaccine and control, **livestock** *health,* Brazil]. 118492
Touring **London's** *health* food restaurants [Cookery]. 116538
Studies on the effects of the spices as an appetizer on the *healthy* and **potassium** deficient rats. 116472
Problems of rodent control in rural tropical areas **[Public** *health].* 116066

Industrial mutagens and potential mutagens. I. Halogenated aliphatic derivates [Hydrocarbons, **public** *health* hazards]. 116227
Public *health* aspects of animal tumor viruses. 118964
Naturally occurring mutagens [discovered as a result of outbreaks of disease in agricultural livestock, **public** *health* hazards, toxic agents]. 119269
Measures for *healthy* and **rapid** growth of Indian dairy and livestock industry. 115929
Nutritional pattern and *health* **status** of the population in the Ukrainian SSR. 116565
Reflections on **swine** *health*. 118541
Consumer management program aims for **total** *health* education. 116629
Control and safeguarding of **udder** *health* of conventionally reared heifers and young cows in preparation of the opening of a dairy cattle unit for 2,000 animals. 118504
Milking, **udder** *health* and milk quality. 118559
The officially recognized **udder** *health* service. 118560
An experiment in preventive medicine in a rural setting *(Health,* **Venezuela).** 115197
Medical and social aspects of rural community of Santa Ines *[Health,* **Venezuela].** 115198
Aeration used for keping stagnant **waters** *healthy:* a survey of literature. 125178

HEARING

Noise **induced** *hearing* loss [Noise hazards on the farm]. 125490
Hearing **recognition** of the lamb by its mother. 117558

HEART

Eggs: triglyceride, and not cholesterol, the villain of *heart* **attacks.** 116296
Evidence for a function of core protein in complex III from **beef** *heart* mitochondria. 117661
Relationship between configuration, function, and permeability in calcium-treated **[beef** *heart]* mitochondria. 117793
Comparison of calcium-binding proteins. **Bovine** *heart* and brain protein activators of cyclic nucleotide phosphodiesterase and rabbit skeletal muscle troponin C. 117782
Cat *heart* acetylcholine: structural proof and distribution. 117532
Calcium regulation in *heart* **cells.** The interaction of mitochondrial and sarcoplasmic reticulum with troponin-bound calcium [Dogs]. 117659
A new hypothesis of contact guidance in tissue cells **[Chick** *heart* fibroblasts]. 117671
Power farming in the **dead** *heart* [Center of Australia, farm equipment]. 124714
Low sodium diet in *heart* **disease:** How low is low? [Dogs]. 119216
Histochemical studies of the cardiac lipofuscin in the *heart* of **men** and dogs related to age. 117904
A method of **monitoring** *heart* rate response in the exercising horse. 117937
The "innocent" murmur—a dilemma **[Nonpathogical** *heart* conditions in dogs]. 119284
Influence of substrates and coenzymes on the role of manganous ion in reactions catalyzed by **pig** *heart* triphosphopyridine nucleotide-dependent isocitrate dehydrogenase. 117589
Proteolytic enzyme, bound to aspartate transaminase from **pig** *heart* cytosol. 117609
The effects of amiodarone on the sinus node activity of the **rabbit** *heart.* 117670
The effect of ketamine on *heart* **rate,** respiration rate and eEG [electroencephalogram] of White Leghorn hens. 117639
Heart **rate** at rest of trained galloping racehorses. 117853
Effects of early severe malnutrition on *heart* and **skeletal** muscle lactate dehydrogenase [Rats]. 116429
Accumulation of cesium-134 [istope] in *heart* and **skeletal** muscle of dystrophic hamster. 117957
Further results on genetic and environmental components of *heart* **weight** variations in swine. 118218

HEARTWOODS

Control of coal-tar impregnation of beech wood with **red** *heartwood;* success of impregnation according to thylosis frequency. 119725

HEAT

Economics of *hot* **air** drying of green forage. 117386
Heating times of **axially** rotated cans [of liquid food] in a steam pasteurizer. 116657
Studies into the *heat* **balance** of turkey hens. 3. Insulation of skin. 117859
Method of increasing wet stiffness of corrugated boards by means of **batchwise** *hot* air treatment—design and costs of process [Fiberboard]. 119821
Relation between some reproductive characters and heat tolerance in cattle reared under *hot* **climate** conditions. 117722
[Poultry] management: **controlling** *heat* problems. 117400
Measurement of electric resistance of the vaginal mucus as an aid for *heat* **detection** [Livestock, dogs]. 118414
Dielectric *heating* of meat products. 116943
Meat **dishes** *heat-preserved* in film or foil packages. III. Controls on filling, evacuating and closing containers. 116733
Proposal of organization of feed production for *hot-air* **drying** in the maize and sugarbeet production areas. 117364
Studies into thermal balance of turkey hens. 2. **Emission** of *heat.* 117860
Heat **exchanger** in ventilation installations of stables. 124731
The effect of storing and *heating* **frozen** ready-to-eat meals on vitamins B1 and B2 in the meat. 116330
Studies on thermal balance of turkey hens. 1. **Generation** of *heat.* 117862
A super **honey** *heater* [Beekeeping equipment]. 124531
Artificial insemination in swine. Relationship of conception to first and second insemination in *heat* with an **interval** of approximately 24 hours. 118381
Effect of temperature and **length** *heating* time in rice cooking. 1. Cooking of rice by pressure cooker. 1. 116469
Winter shearing does have a major disadvantage *[Heat* **loss** from sheep]. 117938
Cooking of beef by oven roasting: a study of *heat* and **mass** transfer. 116623
Investigations into the action of skim milk powder and hydrolysed milk protein with a view to lowering the level of nitrite added to *heat-sterilised* **meat** products. 116980
Microwave *heating* of foods—changes in nutrient and chemical composition. 116699
Consumption of *heated* **milk** in Europe observed to rise also during 1975. 115600
Heat and **moisture** in piggeries [Ventilation systems]. 124638
Flow properties of *heated* **oils.** 2. Flow properties and polymerization of fatty acids of soybean oils. 117132
Observed radiant loss from a *heated* **orchard** under frost conditions [Cold protection]. 122968
